Ms. Lara,

Diamond Aero hereby requests approval for Bill White Insurance ("BWI") to be located on the field. They will be occupying an approximately 900 square foot office mid field (1961-203). BWI writes aviation Insurance policies for many Tenants on the field and has been a longstanding advocate for Corona Airport. Having an office on the premises will complement existing businesses by adding on-site insurance services which will be available to all our tenants.

I understand that BWI has submitted supporting documentation regarding their operations. Please let me know if you need further information from Diamond Aero.

Sincerely,

James W Young
President
