

## DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

# HOUSING ELEMENT ANNUAL PROGRESS REPORT (APR) INSTRUCTIONS

### INTRODUCTION

**Note: Some instructions and definitions can be found in the column headers of the tables. (Cells with red marks)** Government Code section 65400 requires that each city, county, or city and county, including charter cities, prepare an annual progress report (APR) on the status of the housing element of its general plan and progress in its implementation, using forms and definitions adopted by the Department of Housing and Community Development (HCD). The following form is to be used for satisfying the reporting requirements of Government Code section 65400, subdivision (a)(2).

These forms and instructions, originally adopted March 27, 2010, have been updated to incorporate new Housing Element APR requirements pursuant to Chapter 374, Statutes of 2017 (Assembly Bill 879); Chapter 366, Statutes of 2017 (Senate Bill 35), Chapter 664, Statutes of 2019 (Assembly Bill 1486), Chapter 159, Statutes of 2019 (Assembly Bill 101), Chapter 661, Statutes of 2020 (Assembly Bill 1255), Chapter 15, and Statutes of 2020

#### **How to submit the Housing Element Annual Progress Report (APR)**

The APR must be submitted to the Department of Housing and Community Development (HCD) and the Governor's Office of Planning and Research (OPR) on or before April 1 of each year using the forms and tables specified by HCD. The APR provides information for the previous calendar year and must be submitted separately to both HCD and OPR (Gov. Code, § 65400.). There are two methods available for submitting APRs:

1. Online Annual Progress Reporting System - This allows jurisdictions to upload directly into HCD's database, limiting the risk of errors. To use the online system, email [APR@hcd.ca.gov](mailto:APR@hcd.ca.gov), and request login information for your jurisdiction. *Please note: Using the online system only provides the information to HCD. The APR must still be submitted to OPR. Their email address is [opr.apr@opr.ca.gov](mailto:opr.apr@opr.ca.gov).*

2. Email - Jurisdictions complete the Excel APR forms and submit to HCD at [APR@hcd.ca.gov](mailto:APR@hcd.ca.gov) and to OPR at [opr.apr@opr.ca.gov](mailto:opr.apr@opr.ca.gov). When using the email method, send the electronic version as an Excel workbook attachment. Do not send a scanned copy of the tables. In addition to submitting Housing Element APRs, jurisdictions must also submit General Plan Annual Progress Reports to both HCD and OPR. Please email these documents to [APR@hcd.ca.gov](mailto:APR@hcd.ca.gov) and [opr.apr@opr.ca.gov](mailto:opr.apr@opr.ca.gov).

NOTE: When submitting successor entity reporting data as required pursuant to California Health and Safety Code 34176.1, the data must be identified as an addendum to the APR and emailed to [APR@hcd.ca.gov](mailto:APR@hcd.ca.gov) concurrently with the APR submittal. When using the online system, this report should be sent separately to the APR email box to satisfy the Government Code section 65400 reporting requirement.

## FORM INSTRUCTIONS GENERAL INFORMATION

Fields in gray auto-populate. No data entry is needed.

Some of the cells are locked to ensure data can be automatically uploaded to the online system.

Tables A and A2 of the worksheet are currently configured to accept up to 1,000 lines of data. Insert rows if Projects are now tracked at all stages of development, from initial application to final certificate of occupancy. All dates must be entered as month/date/year (e.g., 6/1/2018).

The form works best with macros enabled in Excel.

Begin with the “Start Here” tab, as previous years’ information will pre-populate in Table B after the jurisdiction’s name is entered.

## START HERE

Enter general contact and report information in the “Start Here” tab.

It is important to start with this worksheet because the answers entered will affect how information is displayed (e.g. permit numbers from prior years are pre-populated when jurisdiction’s name is entered).

## TABLE A2

### Annual Building Activity Report Summary – New Construction, Entitled, Permits and Completed Units

#### **Fields 1 through 15 Housing Development Information**

This table requires information for very low, low, moderate and above moderate income housing affordability categories and for mixed-income projects. Include data on net new housing units and developments that have received any one of the following:

- An entitlement
- A building permit
- A certificate of occupancy or other form of readiness that was issued during the reporting year.

*Please note: Only building permits are used for the purposes of determining progress towards RHNA (fields 7, 8 and 9 of this table, described below).*

*New housing units* : For the APR, “new housing unit” means housing units as defined by the Department of Finance for inclusion in the Department of Finance’s annual “E-5 City/County Population and Housing Estimates” report, which is the same as the census definition of a housing unit.

*Development activity spanning multiple years* : It is highly likely that the same project will be reported in multiple years of APRs. For example, a project should be listed in three separate APRs if it is entitled in one year, receives the building permit next year, and the certificate of occupancy in the year following.

In scenarios where development activity spans multiple years, the jurisdiction should only report activity that occurred within the reporting year. For example, if a project received building permits in 2018, but received entitlements in 2017, the 2018 APR should only report the building permit information (fields 7, 8 and 9), and not include entitlement information (fields 4, 5 and 6).

*Separate living quarters* : A house, an apartment, a mobile home, a group of rooms, or a single room occupied as separate living quarters, or if vacant, intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants live separately from any other individuals in the building and which have direct access from outside the building or through a common hall. For vacant units, the criteria of separateness and direct access are applied to the intended occupants whenever possible.

*Please note: Group quarters facilities, such dormitories, student housing, bunkhouses, and barracks cannot be counted as housing units.*

*Net new units*: If a building is being demolished to build the new units, the APR should report net new units. For example, if 10 units are being demolished on a site to build a 100-unit building, the APR should report 100 new units and 10 units in the demolished/destroyed column. In the case of new construction where fewer units are being built than were there previously, do not report negative permits.

To assist in reporting demolished/destroyed units, refer to section number 20 below (Table A2, column 20).

**All new unit information is to be listed in the following fields:**

#### **Fields 1 through 3 – Project Identifier and Unit Types**

**1. Project Identifier:** Include the Current Assessor Parcel Number (APN) and street address. The prior APN, project name or local jurisdiction tracking ID are optional.

Refer to the Definitions section for additional descriptions:

- Very low-income households: 0-50% AMI
- Low-income households: 50-80% AMI

**11. Certificates of Occupancy (or other forms of Readiness) Date Issued:** Enter the date the certificate of occupancy or other form of readiness (e.g., final inspection, notice of completion) was issued for the project. Enter date as month/day/year (e.g., 6/1/2018).

**12. # of Units Issued Certificates of Occupancy or other forms of Readiness:** This is an auto-populated field. This field will sum units that were issued a certificate of occupancy for very-low, low, moderate, and above moderate income, as entered in field 10 on this table.

**13. How many of the Units were Extremely-Low Income Units (Optional):** To gain a greater understanding of the level of building activity to meet the needs of extremely low-income households in the state, HCD asks that you estimate, to the extent possible, the number of units affordable to extremely-low income households. This number will be a subset of the number of units affordable to very low-income households, as indicated in fields 4, 7 and 10 above. *Please note: The number entered in the very low section will not be reduced by the number entered here. Although completion of this field is optional, your input would be greatly appreciated.*

- “N” for all other situations.

**15. Are these infill units?** To gain a greater understanding of the level of infill housing activity in the state, HCD asks that you clarify if the housing units reported are infill by selecting “Yes” or “No.” Although completion of this field is optional, your input would be greatly appreciated. See Definitions section for “infill housing units”

**Fields 16 through 18: Please note, if any units are reported as very-low, low, or moderate income in fields 4, 7 or 10 then information in fields 16, 17 and/or 18 must be completed to demonstrate affordability. In the absence of justification that the unit is affordable to a very- low, low, and moderate income household, the unit must be counted as above-moderate income.**

**Fields 16 and 17 Housing with Financial Assistance and/or Deed Restrictions**

**17. Deed Restriction Type:** Enter information here if units in the project are considered affordable to very-low, low, and/or moderate income households due to a local program or policy, such as an inclusionary housing ordinance, regulatory agreement, or a density bonus. This field should not be used to enter the number of deed restricted units. Identify the mechanism used to restrict occupancy based on affordability to produce “deed restricted” units. Use the drop-down menu to select one of the following options

- “INC” if the units were approved pursuant to a local inclusionary housing ordinance.
- “DB” if the units were approved using a density bonus.
- “Other” for any other mechanism. Describe the source in notes section number 21.

**18. Housing without Financial Assistance or Deed Restrictions:** Enter information here if the units are affordable to very-low, low and moderate income households without financial assistance and/or deed restrictions. In these cases, affordability must be demonstrated by proposed sales price or rents.

- Sales prices and rents must meet the definition of affordable as defined in Health and Safety Code Section 50052.5 for owner-occupied units or Health and Safety Code section 50053 for renter-occupied units.

- Describe how the newly constructed rental or ownership housing units were determined to be affordable to very- low, low, and moderate income households without either public subsidies or restrictive covenants. This may be based on various methods considering sales prices or rents relative to the income levels of households such as through a survey of comparable units in the area that show the unit would be affordable to very-low, low, or moderate income households.

- The jurisdiction can consider comparable rental prices or new sales prices (actual or anticipated). The jurisdiction should consider costs for renters (i.e., 30% of household income for rent and utilities) or owners (e.g., 30% of household income for principal, interest, taxes, insurance and utilities, pursuant to Title 25 CCR

- In the absence of justification that the unit is affordable to a very- low, low, and moderate income household, the unit must be counted as above-moderate income.

**19. Term of Affordability or Deed Restriction:** If units have committed financial assistance and/or are deed restricted, enter the duration of the affordability or deed restriction. If units are affordable in perpetuity, enter 1,000. If multiple funding sources or deed restrictions on the development have different terms of affordability, please enter the longest term of affordability. Although completion of this field is optional, your input would be

**20. Demolished/Destroyed Units:** This section is to report if the project and associated APN, has a permit, entitlement or certificate of occupancy in the reporting year, and the APN previously had demolished or

- Enter the “Number of Demolished or Destroyed Units” in the reporting calendar year.
- From the drop down menu select “demolished” if the units were torn down. Select “Destroyed” if the units were lost due to fire or other natural disaster.

- From the drop down menu “Demolished/Destroyed Units Owner or Renter” select “R” for renter or “O” for

**Fields 21 through 24 Density Bonus Detail:** The following fields must be completed for at least a sample of density bonus projects reported by the jurisdiction and should only be completed if “DB” is one of the selections

**21. Density bonus:** This section and the sections to follow are for reporting if the project received a density bonus, including concessions, incentives, waivers, or other modifications. The first field asks for the percentage of density bonus that was applied to the project.

- If the planning area's maximum allowable density is calculated based on the allowable number of units, express your response as a percentage (New total number of units - Old total number of units)/(Old total number of units); NOTE THAT WE ARE NOT PROPOSING TO EXPRESS THE DENSITY AS UNITS PER ACRE.

- Alternatively, if the planning area's maximum allowable density is form- or volume-based, express your response as a percentage (New maximum allowable residential gross floor area - Old maximum allowable residential gross floor area)/(Old maximum allowable residential gross floor area)

**22. Percentage of deed-restricted units:** Enter the percentage of deed-restricted units in the project expressed as (percentage of deed-restricted units) / (total number of units) NOTE THAT THIS CALCULATION MIGHT ALSO BE PROBLEMATIC IF THERE ARE DEED-RESTRICTED UNITS MANDATED BY ANOTHER SUBSIDY PROGRAM

## TABLE B

### Regional Housing Needs Allocation Progress – Permitted Units Issued By Affordability

Table B is a summary of prior permitting activity in the current planning cycle, including permitting activity for the calendar year being reported. Please note, the last year of the 5th cycle will only contain units with permit dates that occurred before the end of the cycle. The first year of the 6th cycle will only contain units with permits that occurred on or after the beginning of the cycle. To assist jurisdictions in completing this form, HCD has pre-filled permit data as reported to HCD on prior APRs. Past unit information will auto-populate when the jurisdiction's name in the general information section of the "Start Here" tab is entered. Current year permitted units will auto-populate from data reported in table A2. If permit activity for current year is inaccurate, jurisdictions should make adjustments on field number 7, Affordability by Household Income – Building Permits [Please contact HCD at APR@hcd.ca.gov if data from previous years does not populate or if different than the information supplied in Table B. Any changes made by localities to previous years' data in Table B will not update prior APR records maintained by HCD.](mailto:APR@hcd.ca.gov)

Table B reports the number of units for which permits were issued to demonstrate progress in meeting the jurisdiction's share of regional housing need for the planning period.

- 1. Regional Housing Needs Allocation by Income Level:** Lists the jurisdiction's assigned RHNA for the planning cycle by income group. This field will be auto-populated once the jurisdiction's name is entered in the "Start
- 2. Year:** Lists the building permit data for each year of the RHNA planning cycle beginning in the first year and ending with the data from the current reporting year which can be found in Table A2.
- 3. Total Units to Date (all years):** Totals the number of units permitted in each income category.
- 4. Total Remaining RHNA by Income Level:** This field uses the information from the "Total Units to Date" category and deducts the units by income category from the jurisdiction's assigned RHNA number. Note: The total units remaining to meet the RHNA allocation is in the bottom right hand corner.

### Sites Identified or Rezoned to Accommodate Shortfall Housing Need

*Please note: This table should only be filled out when a city or county identified an Unaccommodated Need of sites from the previous planning period Government Code section 65584.09, has Shortfall of Sites as identified in the housing element Government Code section 65583, subdivision (c)(1); or is identifying additional sites required by No Net Loss law pursuant to Government Code section 65863. The data in this inventory serves as an addendum to the housing element sites inventory. This table should not include rezoning for a specific project.*

- 1. Project Identifier:** Include the Assessor Parcel Number (APN) and street address. The project name and local jurisdiction tracking ID are optional.

- **Unaccommodated Need** (Government Code section 65584.09): When a jurisdiction failed to identify or make adequate sites available in the prior planning period to accommodate its RHNA by income category. Note: When this condition occurred, the housing element in the current planning period in most cases will have a program to make available adequate sites to address the unmet RHNA by income category in the first year of the
  - **Shortfall of Sites** (Government Code section 65583, subdivision (c)(1)): When a jurisdiction does not identify adequate sites to accommodate its RHNA by income category in the current planning period. **Units that Do Not Count Toward RHNA:** The jurisdiction may list for informational purposes only, units that do not count toward RHNA but were substantially rehabilitated, acquired or preserved.

[Units that Count Toward RHNA: To enter units in this table as progress toward RHNA, please contact HCD at APR@hcd.ca.gov. HCD will provide a password to unlock the grey fields.](mailto:APR@hcd.ca.gov)

## Frequently Asked Questions

Can I leave a row blank?	Yes, you may leave blank rows in between rows that have information. However, you may not leave more than 10 rows in a row blank in between rows with information.
How do I delete rows?	Click on a cell in the row(s) and type <b>Ctrl-d</b> . Note: Macros must be enabled 
Why are the rows not summing correctly?	The summary tab and sum rows only include activities that occurred during the <b>reporting year</b> , according to the year entered in the "Start Here" tab.
Why are some cells highlighted yellow or green?	<p><b>Yellow Cells:</b> Required cells for each row become highlighted yellow once any cell in the row contains a character. The affordability descriptions become highlighted and required once any lower or moderate income units are entered into the form.</p> <p><b>Green Cells:</b> Cells highlighted green are where you indicate the number of units by affordability. This is required for any project in Table A. This is also required for the <b>applicable</b> sections (completed entitlement, issued building permits, issued certificates of occupancy) of Table A2. For example, if a project in Table A2 was issued a building permit, but not an entitlement or certificate of occupancy during the reporting year, you would enter the unit count in one of the green cells in the building permit section only. You may leave the other sections blank even though they are highlighted green, since they wouldn't apply to this example. Once a value is entered into this range, the range will no longer be highlighted green.</p>
Why are the date cells highlighted red?	<p>Cells can be highlighted red for two reasons:</p> <p><b>Date cells:</b> Sometimes, dates that are copied and pasted into this form are formatted as text. When pasting dates into the form please paste with the "match destination formatting" option. If the date cells are still highlighted red, they contain text. These must be converted to dates. To do so, open a blank workbook and paste in the dates that are formatted as text. In an adjacent column, enter the function =DATEVALUE and refer the function to the cell with date formatted as text. This will result in a 5-digit number. Copy and paste these 5-digit numbers back into the APR form, then change the format of the cells to "Short Date" (i.e., 3/4/2012).</p> <p><b>Text cells:</b> Cells can also be highlighted red if the length of the text entered into the cell exceeds the character limit.</p>
Can the same project be included in both Table A and Table A2?	Yes. Table A tracks all <b>applications</b> for residential development that were received and deemed complete during the reporting year. Table A2 tracks all <b>entitlements, building permits, and certificates of occupancy</b> for residential development that were issued in the reporting year. If a project was applied for and received entitlements, building permits, and/or certificates of occupancy during the reporting year, that project would be listed in both Table A and Table A2.
What if I have nothing to report?	At minimum, the "Start Here" tab and Table D must be completed. If you have nothing to report in any of the other tables, please leave them blank, do <b>NOT</b> put N/A or something similar.
How do I correct or update the values in Table B?	Table B contains data HCD has received from prior APR submittals as of October 6, 2020. If the numbers do not match your records, please contact HCD.
Do I need to take the form to my Council or Board prior to submitting the APR?	Government Code section 65400 requires the planning agency to provide this report to the legislative body (i.e. local Council or Board), HCD, and OPR by April 1 of each year. The statute does not specify in which order they be provided, and HCD does not require the report to be submitted to the legislative body prior to submitting it to HCD.
Can I use this form for a prior year?	You can use this form for 2018 -2020. Make sure to change the reporting year in row 5 of the "Start Here" tab. Table G is not required for 2018. Table H and LEAP are not required for 2018-2019. For the years 2017 and prior, you must use the old version of the APR. Please contact HCD at <a href="mailto:apr@hcd.ca.gov">apr@hcd.ca.gov</a> to obtain.
Does submitting the Housing Element APR fulfill the requirements of submitting a General Plan APR?	No. Government Code section 65400 requires jurisdictions to also submit a General Plan Annual Progress Report to OPR and HCD. These can be emailed to <a href="mailto:opr.apr@hcd.ca.gov">opr.apr@hcd.ca.gov</a> and <a href="mailto:APR@hcd.ca.gov">APR@hcd.ca.gov</a>

**Optional:** This runs a macro which checks to ensure all required fields are filled out. The macro will create two files saved in the same directory this APR file is saved in. One file will be a copy of the APR with highlighted cells which require information. The other file will be list of the problematic cells, along with a description of the nature of the error.

**Optional:** Save before running. This copies data on Table A2, and creates another workbook with the table split across 4 tabs, each of which can fit onto a single page for easier printing. Running this macro will remove the comments on the column headers, which contain the instructions. Do not save the APR file after running in order to preserve comments once it is reopened.
