BACKGROUND & HISTORY:

Pursuant to the Mello-Roos Community Facilities Act of 1982, the Community Facilities Districts (the "Districts") listed under the Recommended Action section were formed to finance the construction and acquisition of public improvements and facilities within the Districts.

ANALYSIS:

The City has covenanted for the benefit of the owners of the bonds to fix and levy the amount of special taxes within the Districts required for the payment of the principal and interest on the bonds becoming due and payable during the ensuing year. Any necessary replenishment or expenditure of the Reserve Funds and any amount estimated to be sufficient to pay administrative expenses during the year are also included in the levy. The special taxes levied will not exceed the authorized amounts as provided in the Rate and Method of Apportionments (the "RMA") for the Districts. A summary of Fiscal Year 2024 estimated special tax levies for the Districts is presented in Exhibit 1.

The Assigned Tax rates in the RMA, which were set at the District's formation, are the maximum allowable assessment rates for each property category in the Districts. Each District's number represents the year and order it was established. Through the years, the City was able to find refinancing opportunities for almost all of the Districts, which allowed for the tax rates to be reduced and the savings passed on to the property owners. Therefore, most of these Districts are being levied at much less than 100% of the Assigned Tax Rates. The newer Districts will continue to be levied at the full Assigned Tax rate until they are fully developed and there are sufficient reserves available to cover any potential delinquencies.

FINANCIAL IMPACT:

The special tax revenues and related debt service and administration expenditures are included in the Districts' Fiscal Year 2024 budgets. Expenditures in Fiscal Year 2024 are being recovered in full.

ENVIRONMENTAL ANALYSIS:

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action merely sets the special taxes to be levied and collected within the Districts for Fiscal Year 2024, and there is no possibility that adopting the resolution will

have a significant effect on the environment. Therefore, no environmental analysis is required.
