## REIMBURSEMENT AGREEMENT

This Reimbursement Agreement ("**AGREEMENT**") is made this 14 day of August, 2018 ("**EFFECTIVE DATE**"), by and between the City of Corona ("**CITY**"), a municipal corporation, and the Orange County Flood Control District ("**DISTRICT**"), a body corporate and politic in the State of California. CITY and DISTRICT are at times referred to herein individually as a "**PARTY**" and collectively as the "**PARTIES.**"

### RECITALS

A. Pursuant to that certain Water Resources Development Act of 1985, PL 99-662, enacted on November 17, 1986, the Secretary of the Army through the U.S. Army Corps of Engineers ("**CORPS**") and non-federal interested parties authorized the construction of certain flood control improvements on the Santa Ana River, California, which includes as a component, improvements to the Prado Dam and Basin and construction of the Prado Dam Separable Element of the Santa Ana River Mainstem Project ("**PROJECT**"); and

B. DISTRICT and the CORPS entered into a Project Cooperation Agreement ("**PCA**") dated February 11, 2003 and a Second Modification to the Local Cooperation Agreement dated February 24, 2003 for the construction of the PROJECT. In accordance with the PCA, DISTRICT serves as the Local Sponsor, responsible for performing necessary relocations and acquisitions of property rights for the PROJECT; the CORPS is the Federal Sponsor responsible for the preparation of plans, specifications, and estimates and construction administration for the PROJECT; and

C. The CORPS has raised the height of Prado Dam and made other improvements and modifications to related facilities that allow more water to be captured behind the dam, subsequently increasing the flooding elevation in areas behind the dam; and

D. The CORPS has determined, as part of the PROJECT, to construct an earthen dike roughly 7,500 feet in length with a height of over 34 feet referred to as the Alcoa Dike Feature ("**DIKE**") upon certain lands as shown on Exhibit A, (Location Map) which are predominantly owned by the CORPS ("**FEDERAL PROPERTY**") or DISTRICT ("**DISTRICT PROPERTY**") FEDERAL PROPERTY and DISTRICT PROPERTY are sometimes hereafter collectively referred to "**CORPS/DISTRICT PROPERTY**"; and

E. The DIKE is designed to protect private properties along the southeast corner of Rincon Street and Smith Avenue from potential effects of inundation and flooding due to the increased volume and elevation of the water behind the Prado Dam as a result of the PROJECT; and

F. CITY has various facilities including utilities and roadways (jointly "**FACILITIES**"), within the planned limits of the DIKE feature construction which require protection, relocation, or abandonment ("**UTILITY WORK**"); and

G. The PARTIES agree for those FACILITIES located on, over, upon or within CORPS/DISTRICT PROPERTY where CITY has vested, prior property right, title or interest CITY has a "*compensable*" interest as determined by the CORPS, and the performance of such UTILITY WORK ("**COMPENSABLE UTILITY WORK**"), and costs associated therewith shall be ultimately borne by DISTRICT as the Local Sponsor in accordance with the PCA; and

H. The PARTIES further acknowledge for those FACILITIES within CORPS/DISTRICT PROPERTY without the CITY having prior property right, title or interest the CITY's interests therein are "non-compensable" as determined by the CORPS, and the performance of such UTILITY WORK ("**NON-COMPENSABLE UTILITY WORK**"), and the costs associated therewith shall not be borne by DISTRICT as they are the responsibility of CITY; and

I. The PARTIES desire to enter into this AGREEMENT to set forth the terms to collaborate and complete all required UTILITY WORK timely to meet the CORPS' PROJECT schedule and to make payments and otherwise reimburse each other based upon whether such work and efforts concern a compensable or non-compensable interest (i.e. COMPENSABLE UTILITY WORK or NON-COMPENSABLE UTILITY WORK) and that PARTY's responsibility therefor as reflected on Exhibit B, (City of Corona Impacted Facilities) attached hereto; and

AGREEMENT

NOW, THEREFORE, in consideration of the following mutual promises and agreements, CITY and DISTRICT agree as follows:

This AGREEMENT may be extended upon mutual written agreement by the DIRECTOR and CITY Manager. If PARTIES execute this AGREEMENT on different dates, the later date shall control for purposes of establishing the commencement date of this AGREEMENT.

6. Remedies Upon Default. An event of default shall be deemed to exist upon the occurrence of all three of the following:

a) Either CITY or DISTRICT has, without legal justification, breached any one or more of its obligations under this AGREEMENT; and

b) The non-defaulting PARTY has sent written notice to the defaulting PARTY specifying the default and what actions the non-defaulting PARTY asserts should be taken to immediately remedy the alleged default; and

c) The defaulting PARTY has not, within ten (10) days following receipt of the written notice described above, either corrected the default or taken actions, reasonably satisfactory to the non-defaulting PARTY, to remedy the default within a reasonable period of time, but in no event longer than thirty (30) days after receipt of the written notice described above.

Following an event of default, the non-defaulting PARTY may exercise any and all remedies available to it pursuant to this AGREEMENT, or at law or in equity, including, without limitation, instituting an action for damages, injunctive relief, or specific performance.

7. Hazardous Material. Each PARTY shall promptly report to the other PARTY and the PARTY REPRESENTATIVES in writing reporting any spills, fires, revocation of permits, receipts of notices of violation, reports, or other incidents involving any hazardous or toxic substance, material, or waste as defined by statute, ordinance, case law, governmental regulation or other provision of the law or which is or shall become regulated by any governmental entity or agency ("**HAZARDOUS MATERIALS**") which is, or becomes, located upon, within or under the PROJECT limits (including in the soil and/or in the groundwater within the area) due to operations, including, but not limited to: (i) all required reports of spills, storage, use or existence of HAZARDOUS MATERIALS, including notices of any release of HAZARDOUS MATERIALS required by Superfund, EPCRA, California Health & Safety Code Section 25359.7, or any other applicable law or regulation; (ii) all spills and other releases of HAZARDOUS MATERIALS; (iii) all fires; (iv) all notices of suspension or revocation of any permits, (v) all notices of violation from Federal, state or local authorities; (vi) all orders under the Hazardous Waste Control Act and the Hazardous Substance and Account Act, and the corresponding Federal statutes concerning investigations, compliance schedules, cleanup or other remedial action; (vii) all orders under the Porter-Cologne Act, including corrective action orders, cease and desist orders, or cleanup and abatement orders; (viii) all notices of violation from OSHA or Cal-OSHA concerning employees' exposure to HAZARDOUS MATERIALS; and (ix) all complaints and other pleadings filed related to the use, storage, disposal or release of HAZARDOUS MATERIALS on or from any of the FACILITIES.
