The Ask

Provide Direction:

- Should staff move forward with the CBO Program as proposed using the previously allocated \$500,000 in ARPA Funding.
- Should staff reallocate \$150,000 in ARPA funding to the Women's Improvement Club of Corona from the Sixth Street Beautification Project.

Proposed CBO Program

- The CBO Program would provide grants funding to Corona Non-Profit Organizations impacted by Covid-19.
- Grant recipients should serve residents in line with the City of Corona Strategic Plan without duplicating City services.
- The Community Based Organization (CBO) Grant Program will have two primary components:
 - annual application process
 - an on-site evaluation for approved grant programs.
- The minimum funding \$2,500 and maximum award of \$25,000 per organization.

Proposed CBO Program

- The proposed CBO would expend the \$500,000 allocation in three years. This proposal satisfies the guidelines of ARPA funding to have the grant expended in five-years.
