

Agenda Report

File #: 19-0561

**AGENDA REPORT
REQUEST FOR CITY COUNCIL ACTION**

DATE: 6/19/2019

TO: Honorable Mayor and City Council Members

FROM: Administrative Services Department

SUBJECT:

Public Hearing for City Council consideration of Resolution No. 2019-034, confirming the diagram and assessment for Lighting Maintenance District No. 84-1 for Fiscal Year 2019-20.

RECOMMENDED ACTION:

That the City Council adopt Resolution No. 2019-034, confirming the diagram and assessment for Lighting Maintenance District No. 84-1 for Fiscal Year 2019-20.

ANALYSIS:

Lighting Maintenance District No. 84-1 (the "District") was established in accordance with the provisions of the Landscaping and Lighting Act of 1972 (the "1972 Act") in 1984. The purpose of the District is to provide lighting maintenance and operating services for the streetlights, traffic signals, and related appurtenances within the District's boundaries.

The District encompasses 3 benefit zones covering approximately 10,915 streetlights, 612 safety lights, and 185 traffic signals and traffic control devices in the City. The City owns and maintains 157 traffic signals; four are jointly owned and maintained with Riverside County; six are jointly-owned with the City of Norco; 16 are California Department of Transportation (CalTrans) owned and jointly-maintained, and two are owned by Riverside County but maintained by the City through the District. Riverside County provides a maintenance reimbursement to the District to cover the cost of County owned signals. Within the District, there are also 23 traffic control devices, including 5 Edison powered Dynamic Message Signs (DMS), 5 Edison powered school beacons, 1 solar/battery powered school beacon and 12 solar/battery powered enhanced crosswalks. The annual assessments proposed to be levied within the District will pay for the energy and maintenance costs of these signals and devices during Fiscal Year 2019-20.

The State of California Street and Highways Code Section 22500 requires an annual review of the assessments levied by the assessment districts formed under the 1972 Act. In order to levy and collect special assessments within the districts, Engineer's Reports must be prepared, which provide

details on the improvements that are maintained and the estimated budgets for the District.

On May 1, 2019, the City Council adopted Resolution No. 2019-015, to initiate the proceedings to levy and collect assessments for the District for Fiscal Year 2019-20, appointed Spicer Consulting Group, LLC as the engineer of record, and ordered the preparation of an Engineer's Report for the District.

On May 15, 2019, the City Council adopted Resolution No. 2019-026, to declare the City's intention to levy and collect assessments within the District, approve the preliminary Engineer's Report (the "Preliminary Report"), and provide notice of public hearing on the proposed assessments. Notice of public hearing was published in the local newspaper on June 7, 2019.

Attached is the final Engineer's (the "Report") for the District, which includes an adjustment in the anticipated energy cost from the Preliminary Report. There is a proposed net reduction in Zone 1 energy costs of \$119,544 due to retrofitting existing High-Pressure Sodium (HPS) street light fixtures with energy efficient Induction Lighting (IL) technology. This reduction will increase the contribution to the operating reserve for Zone 1. The Report includes a detailed description of the existing improvements within the District, the estimated maintenance costs, the method of assessment apportionment for each lot or parcel within the District boundaries, and a diagram showing the boundaries of the District (and zone). The Report also provides an analysis of the District's financial status.

Adoption of the recommended resolution is the last step of the annual proceedings for the levy and collection of special assessment within the District. The City Council will conduct a public hearing to afford all interested parties an opportunity to make verbal or written comments on the proposed annual assessment. At the conclusion of the hearing, it is recommended that the City Council adopt the said resolution confirming the diagram and assessments for the District for Fiscal Year 2019-20, which will constitute the levy of the assessment for the maintenance and servicing of public lighting facilities within the District, in accordance with the Streets and Highways Code.

COMMITTEE ACTION:

Not applicable.

STRATEGIC PLAN:

This item supports the City's Strategic Plan Goal 6: Improve Communications with Our Community; Objective a: Commit to transparency in all City actions. The recommended action will help achieve these goals by providing concise, forthright information regarding the annual levy proceedings for the District.

FISCAL IMPACT:

The cost of construction, installation, operation, servicing and maintenance of the District will be funded by the assessments levied and collected within the District. For Fiscal Year 2019-20, it is projected that the current year assessment revenue will be insufficient to cover the operating costs during the same fiscal period, resulting in an operating deficit of \$125,459, which will be covered by a one-time contribution from the Districts operating reserves. The District completed replacing the high-pressure sodium lights with the more energy efficient LED in April 2018, which will result in reduction of operating costs in future years.

Below is an overview of the District's estimated assessment revenues and proposed expenditures for

Fiscal Year 2019-20. Detailed information per zone can be found in the attached Report.

District	Estimated Costs	Estimated Assessment Revenue	General Benefit Contribution ⁽¹⁾	Estimated Excess/(Deficit)	Contribution (To)/From Operating Reserve	Contribution (To)/From Capital Reserve	Operating Reserve ⁽²⁾	Capital Reserve ⁽³⁾
LMD 84-1	\$ 2,268,966	\$ 2,029,714	\$ 113,793	\$ (125,459)	\$ 125,459	\$ -	\$ 413,669	\$ -

(1) Benefit received by non-residents of the District for the major/arterial streetlights, traffic signals, traffic control devices and landscape improvements. This amount is contributed by the City's General Fund.

(2) The Operating Reserve fund may equal up to 50% of the estimated annual cost of providing services.

(3) The Capital Replacement Reserve fund will be used for capital improvement projects. All existing improvement in the District have finite life expectancies and will require replacement at some point in the future. On an annual basis, any non-expended assessment monies, in excess of Operating Reserve contribution, will be transferred to the Capital Replacement Reserve fund until such time as there are sufficient funds to pay for the needed replacement, or respond to unforeseen capital improvement needs.

ENVIRONMENTAL ANALYSIS:

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the action is not subject to CEQA. This action merely declares the City's intent to levy and collect assessments within the District for Fiscal Year 2019-20, and there is no possibility that adopting the resolution will have a significant effect on the environment.

PROJECT: LIGHTING MAINTENANCE DISTRICT NO. 84-1
TO: CITY COUNCIL
CITY OF CORONA
STATE OF CALIFORNIA

REPORT PURSUANT TO "LANDSCAPING AND LIGHTING ACT OF 1972"

Pursuant to direction from the City Council (the "City Council") of the City of Corona (the "City"), State of California, submitted herewith is the Engineer's Report for Lighting Maintenance District No. 84-1, consisting of the following parts, pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California, being the "Landscaping and Lighting Act of 1972", as amended, commencing with Section 22500, and which is in accordance with Resolution No. 2019-015 adopted by the City of Corona City Council, Riverside County, California ordering preparation of the Report for Lighting Maintenance District No. 84-1 ("LMD No. 84-1" or the "District"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2019 to June 30, 2020.

- Section 1** **PLANS AND SPECIFICATIONS** of the improvements to be maintained and/or improved for the Fiscal Year. The plans and specifications show and describe the existing improvements, and are sufficient in showing and describing the general nature, location and extent of the improvements.
- Section 2** The **COST ESTIMATE** of the improvements to be maintained and/or improved for the mentioned Fiscal Year.
- Section 3** A **METHOD OF APPORTIONMENT OF ASSESSMENT** calculates the receipt of special benefit and the general benefit derived from the installation and maintenance and servicing of the respective improvements located throughout the District, and the methodology used to apportion the total assessment to the properties within the District.
- Section 4** An **ASSESSMENT ROLL** showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the boundaries as shown on the below-referenced Diagram.
- Section 5** An **ASSESSMENT DIAGRAM** of the District. Said Diagrams shall show the exterior boundaries of the District and the boundaries of any zones within the District. Reference is made to the County Assessor's Maps for a detailed description of the lines and dimensions of any lots or parcels. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies.

Description of Improvements

Generally, the work to be performed consists of the energy and maintenance costs of the 10,915 streetlights, 612 safety lights, and 185 traffic signals and traffic control devices. The City owns and maintains 157 traffic signals; six are jointly-owned with the City of Norco, four are jointly-owned with Riverside County, 16 are California Department of Transportation (Caltrans) owned and jointly maintained, and two are owned by Riverside County, but maintained by the City/District. Riverside County provides a maintenance reimbursement to the District to cover the costs for the county owned signals. The District pays the City's share of expenses for signals that are co-owned or maintained with these other agencies. The City owns and maintains 23 traffic control devices.

The existing streetlight improvements within the District, as shown in the City's Streetlight Atlas, are owned by the Southern California Edison Company and the City. The Streetlight Atlas is on file in the office of the City Engineer and is made part of this Report to the same extent as if attached hereto.

The existing traffic signals and traffic control devices within the District are owned by the City of Corona, Riverside County, City of Norco, and Caltrans. The locations of the traffic signals are shown on the Atlas Map on file in the Traffic Division of the office of the City Engineer and are made a part of this Report to the same extent as if attached hereto.

Annual costs this year provide for:

- ◆ Energy costs for street lighting, traffic signals and traffic control devices.
- ◆ Maintenance costs for street lighting, traffic signals and traffic control devices, including staff, inventory, maintenance, servicing, and repair of all equipment, tools, vehicles, and personnel training.
- ◆ Reconstruction and repair contract expenses, including defective service pedestals, vandalism, and circuitry repair.
- ◆ Engineering and administration, including engineering, noticing, legal expenses, finance department expenses for the processing of revenues and electrical payments, and expenses for the maintenance of atlas maps, monitoring of facilities, and the investigation/implementation of cost savings programs.

The class, type, and number of streetlights and traffic lights by Benefit Zone are as follows:

Benefit Zone 1	7,886 Local Lighting
Benefit Zone 2	3,029 Major or Arterial Streetlights
Benefit Zone 3	185 Traffic Signals and Traffic Control Devices, and 612 Safety Lights

Cost History

As shown on the Cost Estimate in Section 2, the total costs exceed the total amount proposed to be assessed, thus requiring the use of funds from the Operating Reserve account.

Over the last fifteen years, the following conservation measures have been implemented:

1. *Traffic Signals*

The signal lights were replaced with LED lights designed to improve energy usage efficiency and therefore reduce energy costs. In addition, a change in energy provider from SCE to the City's Direct Access program resulted in a decrease in electricity costs. These measures have offset the increased cost in electrical charges for the traffic signals.

2. *Streetlights*

Installation of photocells for streetlights has resulted in a reduction of electricity costs. In addition, a change in energy provider resulted in additional reduction in electric charges.

Citywide Street Light Replacement

In Fiscal Year 2010-11, the City received an Energy Efficiency and Conservation Block Grant (EECBG) from the Department of Energy (DOE) in the amount of \$727,100 to retrofit existing High-Pressure Sodium (HPS) street light fixtures with energy efficient Induction Lighting (IL) technology. The City started construction in May 2011 and completed the installation of 2,518 IL street lights in August 2011.

The new IL technology is saving the City approximately 572,000 kilowatts of power per year, which equates to a 50% reduction in electrical usage at the installation sites while still providing the same illumination of the public streets. The first phase of the project replaced the highest wattage consuming lights which provide the maximum electrical reduction to the system.

In 2016, the City began studying a project to replace older HPS street lights with LED lights, as well as installing a lighting control system for further energy savings and the ability to proactively respond to service issues. The City subsequently received notification from SCE that the rebate for installing LEDs was expected to end by December 2017. In order to take advantage of existing rebates, the City issued Notice Inviting Bid 17-068CA to replace HPS lights with LEDs and install lighting control nodes on both new LEDs and existing induction and LED lights within LMD 84-1. The project was completed in April 2018, and is estimated to have a return on investment of less than 9 years and provide for \$280,000 in savings each year in both energy and staffing. The total project cost was \$4,473,906.84 for LMD No. 84-1. The City utilized Gas Tax Funds in the amount of \$1.3M to help offset some of the project costs. Additionally, the City received rebates from SCE in the amount of \$868,574.99, bringing the net project cost to LMD No. 84-1 down to \$2,305,331.85. The City utilized a low-interest loan from the City's Electricity Fund to pay for the project, since the District's reserves have been depleted over the years. The District will pay the loan back with savings from the project. As of June 30, 2019, the principal amount of the inter-fund loan is \$2,223,708.68.

Table 2-1
Fiscal Year 2019-20 Cost Estimate

	Estimated Through June 30			
	Zone 1 Local-Lighting	Zone 2 Major/Arterial Lighting	Zone 3 Traffic Signals/Traffic Control Devices	Total
Direct Costs				
Streetlight and Energy Maintenance	\$887,527	\$72,643	\$0	\$960,170

California law, including Article XIII D of the Constitution of the State of California and the Proposition 218 Omnibus Implementation Act (Government Code Section 53750 and following) (the "Omnibus Act"), provide that special assessments, as levied pursuant to the "Landscaping and Lighting Act of 1972," must be based solely on the special benefit properties receive from the work of improvement. The Act does not specify the method or formula that should be used to apportion the assessment in any special assessment district proceedings. The Corona City Council has retained the firm of Spicer Consulting Group, LLC for the purpose of assisting them in making an analysis of the facts in the District and recommending to the Corona City Council the correct apportionment of the assessment obligation.

In performing the analysis, it was necessary to identify the benefits that the improvements being financed by the District have or will render to the properties within the boundaries of the District and to determine the extent to which such properties receive a direct and special benefit as distinguished from benefits received by the general public.

Proposition 218 Compliance

On November 5, 1996 California voters approved Proposition 218 entitled "Right to Vote on Taxes Act" which added Article XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new procedural requirements for the formation and administration of assessment districts. Proposition 218 also requires that all assessment districts existing on the effective date of Proposition 218 (i.e., November 5, 1996) must be ratified by the property owners within the District using the new procedures set forth in Proposition 218 unless the assessments are considered exempt pursuant to California Constitution, Article XI IID, Section 5.

California Constitution, Article XI IID, Section 5 provides that the following assessments existing on the effective date of Proposition 218 are exempt from the new procedures:

1. Any assessment imposed exclusively to finance the capital cost or maintenance and operation expenses for streets.
2. Any assessment levied pursuant to a petition signed by the persons owning all the parcels subject to the assessment at the time the assessment was initially imposed.

Proposition 218 does not define the term "streets"; however, based upon the Omnibus Act and California court decisions (*See Howard Jarvis Taxpayers Association v. City of Riverside (1999) 73 Cal.App.4th 679*), it has been determined that assessments levied to finance improvements that are necessary for the operation of streets and sidewalks, including, without limitation, traffic signals, safety lighting and street lighting, are exempt from Proposition 218. LMD No. 84-1, which was formed prior to the effective date of Proposition 218, finances; street lighting, traffic signals and traffic control devices, and thus, is exempt from Proposition 218.

LMD No. 84-1 is an assessment imposed exclusively to finance the capital costs, maintenance and operation expenses for streets as determined by the Omnibus Act and California court decisions (*See Howard Jarvis Taxpayers Association v. City of Riverside (1999) 73 Cal.App.4th 679*). It is therefore exempt from Proposition 218. However, the City is trying to make the District as compliant with Proposition 218 as much as possible without changing the methodology used at the time the district was formed.

Even if assessments are initially exempt from Proposition 218, if the assessments are increased in the future or property is annexed to the District, the District will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase).

Proposition 218 defines "assessment" as "any levy or charge upon real property by an agency for a special benefit conferred upon the real property," California Constitution, Article XIII D, §2(b). A special assessment, sometimes called a "benefit assessment," is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements which a local government must follow to levy an assessment. In addition to notice, hearing and assessment ballot proceedings, Proposition 218 provides that "only special benefits are assessable" and requires a local government to "separate the general benefits from the special benefits conferred on a parcel."

By its nature, most every public improvement financed through an assessment district contains an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that the portion of the cost of the improvement which benefits the public generally to be separated from that portion of the cost of the improvement which specially benefits assessed properties. Proposition 218 provides the following definition of "special benefit":

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

General Benefit

Street lighting, traffic signals, and traffic control devices provide a direct and special benefit to the residents of the City. However, these same facilities also provide benefits to non-residents as well. These non-residents would include visitors, commercial vendors, shoppers, travelers, and other pass-through traffic. Non-residents would benefit from the major/arterial streetlights, traffic signals, and traffic control devices.

The benefits received by these non-residents are considered general benefits. Proposition 218 requires that the special benefit be separated from the general benefit derived from the improvement and that the costs of the general benefit cannot be imposed as part of the assessment.

Based on the cost estimate shown in Section 2 of this report, the estimated total cost for providing major/arterial street lights, traffic signals, and traffic control devices is \$1,323,173.19 for Fiscal Year 2019-20. The total assessment for the major/arterial street lights, traffic signals, and traffic control devices for the same time period is \$981,314.49, with the City contributing a General Benefit contribution totaling \$113,793.00. This amount represents 8.6% of the total cost of maintaining these improvements. Studies prepared by the City's Traffic Division indicate that pass-through traffic represents approximately 8.6% of the total daily traffic within the City, resulting in a general benefit contribution not to exceed 8.6% of the total cost for providing major/arterial street lights, and 8.6% of the total cost for providing traffic signals.

Direct and Special Benefit

Three benefit zones have been established for LMD No. 84-1. The methods of apportionment, by benefit zone, are as follows:

Benefit Zone 1 consists of all parcels that have street lighting on the street fronting their lots or parcels. These streets include not only local streets, but also include collectors and major arterials. In some cases, the same light provides a dual benefit to the property owner, both as a collector and arterial street light. This local lighting is of benefit to abutting parcels as it provides increased property protection, personal safety, visibility, traffic safety, and generally enhances those areas fronting upon the illuminated street. City standards require street lights to be spaced at intervals, based on lumen intensity, so all properties receive similar coverage. This results in a special benefit received by each parcel in Benefit Zone 1.

Units were assigned to parcels with local lighting upon property frontage along the illuminated streets as follows:

Benefit Zone 1

Parcel Frontage	Benefit Unit
0-75'	1
76-150'	2
151-225'	3
226-300'	4
Over 300'	1 per 75'

Since a vast majority of the residential lots in the District have frontage of less than 75 feet, this dimension was selected as typical of a normal residential lot and was assigned one (1) benefit unit of assessment. Larger parcels and lots were assigned additional benefit units in 75-foot increments. There are condominiums and mobile home lots within the District which are individually owned. The frontage along the perimeter of these developments was divided by the number of units or lots within the respective developments and assessed accordingly to each unit or lot. Isolated parcels within Benefit Zone 1 which do not have streetlights upon their frontage were not assigned Benefit Zone 1 benefit units.

Benefit Zone 2 consists of the entire District, including the area encompassed by Benefit Zone 1. Improvements that benefit the District as a whole are the high intensity lighting of collector and arterial streets. These lights are much brighter than the local streetlights described in Benefit Zone 1 and provide for both traffic and pedestrian safety on those major streets and intersections that carry City-wide traffic engaged in commerce, shopping and recreational trips. The brighter lights create an image of a progressive, well-lit city to outsiders and direct enhancement of property values. An equitable measure of benefit common to the large tracts of South Corona and the residential/commercial areas is parcel size. The relationship between residential parcels and acreage has been established at five residential lots to one acre based on the general density of the District.

Using this measure, a normal residential lot was assigned one (1) benefit unit with larger parcels being assigned five (5) benefit units per acre as follows:

Benefit Zone 2

Parcel Area	Benefit Unit
0-12,000 SF	1
12,001-20,000 SF	2
20,001-28,000 SF	3
28,001-36,000 SF	4
36,001 SF – 1 Acre	5
Over 1 Acre	5 per acre

Benefit Zone 2 facilities include, but are not limited to, streetlights located on all or portions of Ontario Avenue, Sixth Street, Avenida Del Vista, Via Del Rio, Smith Street, River Road, Lincoln Avenue, Railroad Avenue, Main Street, Parkridge, Magnolia Avenue, Serfas Club Drive, Auto Center Drive, Hidden Valley Parkway (formerly Yuma Drive), Foothill Parkway, Promenade Avenue, McKinley Street, Green River Drive, Ridgeline Drive, California Avenue, Rimpau Avenue, Highgrove Street, and Fullerton Avenue.

Vehicular trip generation rates for the Riverside County region identify trip generations for varying land use types which includes agriculture and open space property, which generate significantly less trips per day than that produced by urbanized properties. Therefore, it has been determined that agricultural lands receive one-half of the benefit of Benefit Zone 2 lighting that is received by urbanized lands within the District. Therefore, one-half of the Benefit Zone 2 costs were transferred to Benefit Zone 1 and assessed according to the frontage criteria established for Benefit Zone 1 costs.

Benefit Zone 3 consists of the entire District. Traffic signals and traffic control devices benefit the entire District by allocating time among conflicting movement seeking use of the same physical space. These signals provide for both traffic and pedestrian safety on the major intersections that carry City-wide traffic. They provide an orderly traffic flow that assures safety and movement throughout the District and benefits the District as a whole.

Traffic generation values can be established based on a parcel's land use and area. Benefit Zone 3 benefit units are determined by multiplying a parcel's Benefit Zone 2 benefit units by a traffic generation factor for a certain land use as follows; excepting any developed single family residential parcel regardless of size which will be assessed a traffic generation factor of one.

Benefit Zone 3

Land Use	Traffic Factor
Developed Single-Family Residential Parcel	1
Developed Multi-Family Parcel	2
Developed Commercial Parcel	3

Vacant land, other than agricultural vacant land, was assessed half the traffic factor according to the respective projected land use.

In general, with traffic signals and traffic control devices not being located in agricultural areas, a traffic generation factor was not assigned to agricultural land.

Whereas, on May 1st, 2019, the City Council, under the Act, adopted its Resolution Initiating Proceedings for the Annual Levy of Assessments and Ordering the Preparation of an Engineer's Report for LMD No. 84-1;

Whereas, the Resolution of Initiation directed Spicer Consulting Group, LLC to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of improvements to be maintained; an estimate of the costs of the maintenance, operations, and servicing of the improvements for LMD No. 84-1 for the referenced Fiscal Year; a diagram for LMD No. 84-1 showing the area and properties to be assessed; and an assessment of the estimated costs of the maintenance, operations, and servicing of the improvements, assessing the net amount upon all assessable lots and/or parcels within LMD No.84-1 in proportion to the special benefit received;

Now Therefore, the assessments are made to cover the portion of the estimated costs of maintenance, operation and servicing of said improvements to be paid by the assessable real property within LMD No. 84-1 in proportion to the special benefit received.

*Table 3-1
Assessments by Zone*

Benefit Zone	Actual Assessment ³	Benefit Units	Per Benefit Unit (BU)		
			Max Assessment	Actual Assessment	% of Max
1	\$1,048,399	36,785.94	\$28.50	\$28.50	100%
2	\$75,312	68,465.55	\$1.10	\$1.10	100%
3	\$906,002	97,840.43	\$9.26	\$9.26	100%

For the specific assessment on each parcel, reference is made to the Assessment Roll on file with the City Clerk which is made a part of this report to the same extent as if attached hereto.

³ Actual levy may differ due to rounding.

Executed this 19th day of June 2019.

CITY OF CORONA
STATE OF CALIFORNIA

The actual assessment and the amount of the assessment for the Fiscal Year 2019-20 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are referenced in Appendix A of this Report. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report. If any APN identified therein is submitted for collection and identified by the County Auditor/Controller of the County of Riverside to be an invalid parcel number for any fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment, as described in this Report and approved by the City Council.

The District boundary coincides with the boundary of the parcels included within the District as of the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

Reference is made to the County Assessor's Roll and Maps for a detailed description of the lines and dimensions of any lot or parcel. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies.

An Assessment Diagram is attached hereto in Appendix B, showing the boundaries of LMD No. 84-1 and boundaries of any Benefit Zones established within the District as the same existed at the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

Capital Improvement Projects

SPICER CONSULTING
G R O U P

Capital Project

With the completion of the LED retrofit in Fiscal Year 2017-18, the District does not anticipate any major future capital improvement projects for the next several years. As funds allow and the need arises, induction lights will be changed out to LEDs. Street light cabinets will also be evaluated and replaced over the next several years.

RESOLUTION NO. 2019-034

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF
CORONA, CALIFORNIA, CONFIRMING THE DIAGRAM
AND ASSESSMENT FOR LIGHTING MAINTENANCE
DISTRICT NO. 84-1 FOR FISCAL YEAR 2019-20**

WHEREAS, on May 15, 2019, the City Council of the City of Corona (the “City Council”) adopted Resolution No. 2019-026, a resolution of intention pursuant to Section 22624 of the Streets and Highways Code, which among other things, scheduled a public hearing on the levy and collection of assessments on the lots and parcels of the assessable property within Lighting Maintenance District No. 84-1 (the “District”) for Fiscal Year 2019-20 pursuant to the Landscaping and Lighting Act of 1972, Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code (the “Act”) for 6:30 p.m. on June 19, 2019, in the City Council Chambers of the City of Corona, at 400 South Vicentia Avenue, Corona, California; and

WHEREAS, notice of said hearing was duly published as required by Sections 22552 and 22553 of said Act; and

WHEREAS, at the time and place of said hearing, as set forth in said resolution of intention, the City Council held the hearing and afforded all interested persons an opportunity to be heard, and considered all oral statements and all written protests or communications made or filed by any interested persons, and at the conclusion of said hearing determined that a majority protest, to wit: written protests filed and not withdrawn by property owners owning more than 50 percent of the area of assessable land within the District, had not been received.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Corona, California, as follows:

SECTION 1. Findings and Approval of Final Report. The City Council find that:

- (a) The foregoing recitals are true and correct;
- (b) Compliance has been maintained with all of the applicable requirements of the Act;
- (c) A majority protest to the levy and collection of the proposed assessment has not been filed;
- (d) The City Council may therefore proceed to confirm the boundary and assessment for the District for Fiscal Year 2019-20, and order levy and collection of the assessment;

(e) The assessment proposed to be levied on the lots and parcels of assessable property within the District for the maintenance and servicing of public lighting facilities during Fiscal Year 2019-20, as contained in the Final Annual Engineer's Report prepared by Spicer Consulting Group, LLC on file with the City Clerk (the "Report"), are based on the proportionate special benefit derived by such lots and parcels from the availability of such public lighting facilities;

(f) The proportionate special benefit derived by each such lot or parcel has been determined in relationship to the entirety of the cost of the maintenance and servicing of such public lighting facilities;

(g) Such assessments do not exceed the reasonable cost of the proportional special benefit conferred on each such lot and parcel;

(h) Such assessments will not be increased over the amounts previously approved by the electors of the District or as otherwise permitted by the Act and Article XIIIID of the California Constitution; and

(i) Based on the foregoing and the full record before the City Council, the Report as whole and each part thereof are finally approved and confirmed.

SECTION 2. Levy of Assessment. Pursuant to Section 22631 of the Streets and Highways Code, the adoption of this resolution constitutes the levy of the assessment for the maintenance and servicing of public lighting facilities within the District during Fiscal Year 2019-20, as contained in the Report, and such assessment is hereby levied. The City Clerk is directed to file a certified copy of this resolution together with the diagram and assessment contained in the Report with the County Auditor of the County of Riverside, who, pursuant to Section 22645 of the Streets and Highways Code, shall enter on the County Assessment Roll opposite each lot or parcel of land the amount assessed thereupon, as shown in the said assessment.

PASSED, APPROVED AND ADOPTED this 19th day of June 2019.

Mayor of the City of Corona, California

ATTEST:

City Clerk of the City of Corona, California

CERTIFICATION

I, Sylvia Edwards, City Clerk of the City of Corona, California, do hereby certify that the foregoing Resolution was adopted by the City Council of the City of Corona, California, at its regular meeting held on the 19th day of June 2019, by the following vote:

AYES:

NOES:

ABSENT:

ABSTAINED:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of Corona, California, this 19th day of June 2019.

City Clerk of the City of Corona, California
