Consultant shall, at its expense, procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Consultant, its agents, representatives, employees or subconsultants. 3.2.12 Payment Bond. The California Department of Industrial Relations ("DIR") has communicated to the City that there is a possibility that a payment bond may be required for

certain services provided in connection with a public works project. Since such a requirement is currently contrary to the industry standard for the services provided by Consultant under this Agreement and since there is no direct legal authority for this position, the City is not requiring Consultant to provide a payment bond at this time. However, the City hereby reserves the right to require the Consultant to obtain and provide a payment bond for some or all of the project provided by the Consultant under this Agreement.

If the City determines that a payment bond is required for the project pursuant to Civil Code Section 9550 or any other applicable law, rule or regulation, Consultant shall execute and provide to City a payment bond in an amount required by the City and in a form provided or approved by the City. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the

Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the Total Compensation is \$1,000 or more, Consultant and its subconsultants shall fully comply with the Prevailing Wage Laws for their employees and any others to whom such laws are applicable. Consultant and its subconsultants shall also be responsible for any and all violations and fines imposed on them pursuant to the Prevailing Wage Laws. Pursuant to SB 854, which amended the Prevailing Wage Laws, this Agreement would also be subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"). Beginning April 1, 2015, no consultant or subconsultant may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the Project site. It is most efficient for the Consultant to obtain a copy of the prevailing wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, Consultant may obtain a copy of the prevailing wages from the City's Representative. Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.3.6 Apprenticeable Crafts. If the Project is being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, Consultant shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Consultant employs workmen in an apprenticeable craft or trade. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Consultant.

### **3.4 Termination of Agreement.**

3.4.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, as well as any authorized reimbursable expenses, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause.

3.4.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.4.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

### **3.5 Ownership of Materials and Confidentiality.**

Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of five (5) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. In addition, before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.5.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.5.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project,

provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

## **EXHIBIT "A"**

### **SCOPE OF SERVICES**

#### **SCOPE OF SERVICES**

In general, Consultant shall be responsible for the activities listed below:

1. Project Management and Coordination
  - a. Project coordination, scheduling, monitoring and administration.
  - b. Performing quality assurance/quality control (QA/QC) activities.
  - c. Preparing monthly progress and cost summary reports.
2. Site Investigation and Data Collection
  - a. Physically inspect all citywide sidewalk panels, curb ramps, and curb and gutters on Corona's public streets.
  - b. Identify all missing sidewalks, curb ramps, and curb and gutters.
  - c. Identify all citywide signs and supports.
  - d. Create the City GIS database to inventory all citywide curbs and gutters.
  - e. Create the City GIS database to inventory all citywide Right-of-Way (ROW) Assets (signs and supports).
  - f. Assess all concrete conditions and record pertinent information regarding each issue, level of severity, and repairs needed (including but not limit to ramp slope, cross slope, flare slopes, sidewalk or ramp width, tripping hazard, landing area, and truncated dome).
3. Data Processing and QA/QC
  - a. Review, update and confirm the linkage of the sidewalks, curb ramps, curb and gutters, and signs and supports to the City GIS database.
  - b. Performing quality assurance/quality control (QA/QC) activities. As part of any QA/QC process, it is essential to re-inspect portions of all sidewalks, curb ramps, curb and gutters, and signs and supports with different personnel than those performing the condition surveys. Re-inspections should be performed within one month of the original date of collection as conditions will change with time. Both original inspection and reinspection data shall be submitted for City review. The City will perform random inspection approximately 3-5% of all sidewalks, curb ramps, curb and gutters, and signs and supports networks and the Consultant shall be responsible to re-inspect all records at no additional cost to the City if more than 10% of the City inspection data is different from the Consultant record.
4. Project Deliverables
  - a. Executive summary of findings.
  - b. Written assessment report analyzing the information collected, documenting equipment used and methodology, etc.
  - c. Various maps and exhibits that illustrate locations and priority levels.
  - d. Preparation of a proposed 5-year capital improvement plan to address all items identified and specify a schedule for achieving ADA compliance in coordination with the 10-year street resurfacing plan.
  - e. Power Point presentation of the assessment and methodology used.

The selected Consultant shall physically visit all public sidewalks, curb ramps, curb and gutters, and signs and supports within the City of Corona. The Consultant shall inspect and measure any conditions noted below and create a geodatabase of the information to be integrated into the City's Geographic Information System (GIS) for future use and analysis. The location shall be determined using Global Positioning System (GPS) coordinates and street address or intersection where practical. Condition information shall be recorded and classified in the record. The number of sidewalk panels, curb ramps, and curb and gutters to be replaced for all deficiencies shall be identified for the purpose of preparing basic engineering cost estimates.

### CONCRETE CONDITIONS

All sidewalks shall be checked for physical displacement and other distresses as defined below. Sidewalk faulting occurs when there is a change in the elevation across adjacent concrete slabs. Sidewalk vaulting occurs when there is a difference in elevation between the curb and adjacent sidewalk.

#### Sidewalk Displacement Classifications:

Consultant shall measure both the vertical and horizontal displacement of the sidewalk panels and adjacent curb and classify them as one of the following:

- **Major:** Sidewalk displacement measuring 1" or greater.
- **Moderate:** Sidewalk displacement measuring at least 3/4" inch but less than 1".
- **Minor:** Sidewalk displacement measuring less than 3/4".

In addition to displacement, Consultant shall also identify any of the following conditions present:

- **Sidewalk Cracking:** Cracks that cut through the concrete slab, dividing the slab into multiple pieces.
- **Patching:** A patch area where the original sidewalk has been removed and replaced with new material, or where the sidewalk has been overlaid with a new material such as concrete or asphalt concrete.
- **Spalling:** The breakdown of concrete in the sidewalk or curb and gutter within 2 feet of its edge. It usually does not cut all the way through the concrete slab.
- **Holes:** Gaps in the sidewalk that extend vertically through the concrete slab.

### **Scale for Prioritization Rating**

All observations will ultimately be rated on a scale between 1 (Highest) to 4 (Lowest):

Category 1 is determined to have more than one of the following conditions present:

- Major displacement
- Crack width greater than 1"
- Cracked sidewalk with 3 or more pieces
- Badly deteriorated or multiple patches
- Spalling greater than 25 square inches

Category 2 is determined by any one of the following conditions present:

- Major displacement

- Crack width Between  $\frac{3}{4}$ " - 1"
- Cracked sidewalk with 3 or more pieces
- Badly deteriorated or multiple patches
- Spalling greater than 25 square inches

Category 3 is determined by having more than one of the following conditions present:

- Moderate displacement
- Crack width between  $\frac{1}{2}$ " –  $\frac{3}{4}$ "
- Cracked sidewalk with 2 pieces
- Moderately deteriorated or multiple patches
- Spalling less than 25 square inches

Category 4 is determined by having one of the following conditions present:

- Moderate displacement
- Crack width  $\frac{1}{2}$ " or less
- Cracked sidewalk with 2 pieces
- Moderately deteriorated or multiple patches
- Spalling less than 25 square inches

### CURB RAMP ASSESSMENT

The City has a multitude of different types of curb ramps in its inventory based on site specific conditions. All curb ramps, both at intersections and mid-block, shall be assessed for ADA compliance.

Curb ramps shall be identified by type:

Case / Type	Description
Type I Case A	Flares have a maximum slope of 10%, a maximum ramp slopes of 8.33%, and a landing zone 4' deep over the entire width of the ramp. Cross slope does not exceed 2%.
Type II Case C	Flare has a maximum slope of 10% and cross-slope of 2%. A landing zone with a maximum cross-slope of 2% in both directions.
Case B	A combination of Case A and C. Landing zone has a sloped area on either side with a maximum flare slope of 7.5%
Case D	Maximum ramp slopes of 8.33%, flare side slopes of 10%. Sidewalk does not have minimum 4' landing zone.
Case F	Ramp slope of 8.33%. Ramp slope not less than 4'2". Ramp has detectable warning surface that extends the entire width of the ramp.
Case G	Combination of Type I Case A and Case F ramp. Maximum ramp slope of 8.33% and flare side slope of 10%. Width of the landing must not be less than 4'2" and detectable warning surface may be 4' in width.
Custom	Blended transitions with detectable warning surfaces running along the edge of the entire curb face.

Deficiencies identified shall include:

- Detectable warning surfaces that do not run along the entire edge of the curb face as required or are not present
- Cross-slope in excess of 2%
- Deficient/absent of a landing area

**PROVIDED BY THE CITY**

The City shall provide base GIS files for the Consultant to use, including street centerlines, public and private streets, parcels and zoning data.

**DELIVERABLES**

The Consultant shall provide all of the following as project deliverables:

- Executive summary of findings.
- Written assessment report analyzing the information collected, documenting equipment used and methodology, etc.
- Various maps and exhibits that illustrate locations and priority levels.
- Preparation of a proposed 5-year capital improvement plan to address all items identified.
- Power Point presentation of the assessment and methodology used.
- Digital copies of all geodatabases, Excel, PDFs, etc. generated from the assessment.
