Final plans for improvements are prepared to COUNTY standards, and signed by a Civil Engineer registered in the State of California. Deviations from standards shall be coordinated with and approved by CITY. 8. Construct the CITY PROJECT in accordance with approved PS&E documents.
9. Submit any contract change order that causes the construction contract to exceed 10% of the contract bid amount for CITY PROJECT improvements to CITY for review and approval prior to final authorization by COUNTY. If any contract change order causes the construction contract to change by less than 10% of the bid amount for CITY PROJECT, COUNTY is authorized by CITY approval of this Agreement to move forward with such change.
10. Furnish CITY a final reconciliation of CITY PROJECT expenses within ninety (90) days following the completion and acceptance of the COUNTY PROJECT and CITY PROJECT construction contract. In the event that adequate funds are not available to move forward or to complete CITY PROJECT, PARTIES agree to meet and confer and collectively work to identify adequate funding for CITY PROJECT.

9. CITY shall be responsible for the maintenance of the improvements provided by CITY PROJECT within CITY right of way except as specified in this Agreement or future agreements.

10. No alteration or variation of the terms of this Agreement shall be valid unless made in writing and signed by all PARTIES and no oral understanding or agreement not incorporated herein shall be binding on each PARTY hereto.
