Re: 1059 W 6th St. underground of utility waiver.

Dear Madam/Sir

My name is Hitesh Patel and I am the owner of the referenced property above. In this letter, I am requesting the waiver of the underground utilities, poles, and fronting property.

The reason is because it will cause practical difficulties and unnecessary hardship to me and the public in general. This is due to certain topographical conditions, street configurations, underground obstacles, soil, water, and natural conditions which would make the underground installation of utility facilities unreasonable.

Thank you,

Hitesh Patel
