**AGENDA REPORT  
REQUEST FOR CITY COUNCIL ACTION**

DATE: 10/17/2018

TO: Honorable Mayor and City Council Members

FROM: Public Works Department

**SUBJECT:**

City Council consideration of a Grading Agreement and Security Substitution for Lots 13 and 21 through 35, Tract Map 37030 - Woodside 05S, LP, a California Limited Partnership.

**RECOMMENDED ACTION:**

That the City Council:

1. Authorize the Mayor to execute a Grading Agreement for Lots 21 through 35 and portion of Lot 13 between the City and Woodside 05S, LP, a California Limited Partnership.
2. Authorize the Mayor to accept the replacement securities for grading and public improvements from the new developer of Lots 13 and 30 through 32 of Tract Map 37030, Woodside 05S, LP.
3. Release the existing securities to the developer of Tract Map 37030, Arantine Hills Holdings, LP.

**ANALYSIS:**

Tract Map 37030 is a subdivision of approximately 54 acres into 45 lots for condominium purposes and is the first phase of development in the Arantine Hills Specific Plan, approved by the City Council on October 4, 2017. The project is located south of Eagle Glen Parkway and west of Interstate 15, as shown on Exhibit "A." The map facilitates the construction of 393 residential units comprised of 100 single-family detached condominiums, 96 detached units in clusters of six, 96 paired units in clusters of eight, 101 townhomes, open space areas, trail areas and an active park and recreational facility.

On October 18, 2017, Arantine Hills Holdings, LP entered into Public Improvement Agreements with the City and posted bonds for the development of Tract Map 37030. On February 21, 2018, Arantine Hills Holdings, LP also entered into a Grading Agreement with the City and posted bonds and a cash deposit for the erosion control and precise grading operations associated with the model home

complex. The new developer, Woodside 05S, LP., has purchased Lots 13 and 21 through 35 for the construction of 96 detached single-family units, including 3 model home units. Woodside 05S, LP has requested to replace the grading securities associated with a portion of Lot 13 and the improvement securities associated with Lots 13 and 30-32. The improvement securities for Lots 21-29 and 33-35 will not be replaced at this time. Woodside 05S, LP will enter into new Grading and Improvement Agreements to replace the agreements entered into by the previous owner and has posted replacement securities, as listed below, to guarantee the precise grading and construction of the required public improvements.

In compliance with Grading Ordinance No. 2568, the developer will also enter into a Grading Agreement with the City and post sufficient securities to guarantee the erosion control and precise grading operations associated with the development of the 93-production single-family homes in clusters of six. The precise grading design conforms to the Grading Ordinance and is consistent with sound engineering standards and practices. The elevation design minimizes significant height and slope differentials from surrounding properties, while maintaining the City's obligation to protect the health and safety of citizens and property.

The following is a summary of the existing and replacement securities:

| Existing Securities – PLE170022    | Security  | Security No.                  | Faithful<br>Performance | Security No.  | Labor &<br>Materials |

**COMMITTEE ACTION:**

Not applicable.

**STRATEGIC PLAN:**

Not applicable.

**FISCAL IMPACT:**

All applicable fees have been paid by the developer.

**ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California

Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action merely approves and substitutes agreements that provide security to guarantee completion of improvements that are required in connection with a ministerial permit, and there is no possibility that approving this agreement will have a significant effect on the environment. Therefore, no environmental analysis is required.
