

State Route 91 Workforce to Workplace Vitality Network

The Riverside County Transportation Commission (RCTC) is requesting **\$75 million** in Infrastructure for Rebuilding America (INFRA) funds to complete a network of three independent projects that bring the Inland Empire's leading workforce to southern California's global marketplace. Project improvements will:

Reduce congestion

Improve rural connectivity

Improve travel time reliability

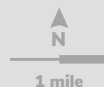

Improve safety

Improve trade

Support economy

SR-91 Corridor Operations Project

New auxiliary lane from Green River Road on-ramp on westbound SR-91 to the SR-241 direct connector.

Construction starts

Summer 2020

Open to traffic

Fall 2021
