### Agenda Report

File #: 19-0578

# AGENDA REPORT REQUEST FOR CITY COUNCIL ACTION

DATE: 06/19/2019

TO: Honorable Mayor and City Council Members

FROM: Public Works Department

### SUBJECT:

City Council consideration of approving Contract Change Order No. 1 for construction of the Traffic Signal on Green River at Montana Ranch Project, No. 2016-03.

### RECOMMENDED ACTION:

That the City Council:

- 1. Approve Contract Change Order No. 1 in the amount of \$43,033.72 to California Professional Engineering, Inc., the contractor constructing the Traffic Signal on Green River at Montana Ranch Project, No. 2016-03.
- 2. Authorize the City Manager, or his designee, to execute Contract Change Order No. 1 to the existing Contract between the City and California Professional Engineering, Inc.
- 3. Authorize the Purchasing Manager to issue Change Order No. 1 to Purchase Order P21015 to California Professional Engineering, Inc., in the amount of \$43,033.72, for a total amount of \$314,729.92, which represents a cumulative total construction cost increase of 15.84 percent.

### **ANALYSIS:**

The new traffic signal installed on Green River at Montana Ranch was awarded to California Professional Engineering, Inc., by the City Council on June 20, 2018. The project is funded through Development Impact Fees and Measure A funding. The project was initiated as part of the public improvement measures required by the Sierra Bella residential development. The project was designed and managed by in-house Traffic Engineering staff. The project not only includes the construction of a new traffic signal, but took the opportunity to rehabilitate damaged sidewalk, curb and gutter, and apply slurry seal to the pavement in the area.

Change Order No. 1 in the amount of \$43,033.72, includes an additional 42-day work extension to

### **File #:** 19-0578

the contract, and has been prepared to address four specific items. The first item was related to several delays in work days due to inclement weather conditions during the construct phase of the project. The second involved delays and extra work initiated by a change in scope in the design of the Southern California Edison (SCE) service connection in the field required by the SCE Inspector. An additional ethernet switch was requested by City staff to complete a communication link to the adjacent traffic signal on Green River at Serfas Club. The final item was a field decision to add additional sidewalk and curb and gutter repair to the original scope of the project. Although the design called for several sections of sidewalk, curb and gutter to be replaced, the inspector in the field identified additional areas within the project area requiring repairs and bid quantities will be increased to cover the additional work resulting in a better final product.

Change Order No. 1 is also a balancing change order in that a few bid items were reduced. Removal of trees in conflict with the traffic signal installation was reduced by one unit as a tree was removed by another City project. The quantity of slurry seal was reduced by 800 square-feet to reflect the actual work performed. The amount of traffic signals on signal poles and mast arms was reduced by one after a field condition change. The amount of sign and post removal was reduced by 3 units due to work that occurred outside of the project. These reductions resulted in a \$1,300.00 reduction in the construction contract amount and was already accounted for in the final \$43,033.72 change order amount.

On March 25, 2019, the traffic signal was activated, and all subsequent work was completed on March 26, 2019. California Professional Engineering, Inc., has submitted a request for change order in the amount of \$43,033.72 for a total construction amount of \$314,729.92, which is 15.84 percent higher than the originally approved amount and exceeds the 10 percent change order authority originally granted to the City Manager at the time of award.

Funding for the construction contract change order amount is within the existing budget established in the Capital Improvement Project No. 2016-03 and therefore requires no additional funding.

### **COMMITTEE ACTION:**

Not applicable.

### STRATEGIC PLAN:

Not applicable.

### **FISCAL IMPACT:**

The construction costs incurred to date for this project and estimated costs to complete the project are outlined as follows:

Construction	\$263,397.46
Change Order No. 1	\$43,033.72
Inspection	\$28,620.00
Construction Materials	
Total Estimated Construction Costs	\$351.879.94

### Traffic Signal on Green River at Montana Ranch CIP (72110) Funding:

### File #: 19-0578

Fund	Current Project Funding	Recommended Budget Adjustments	Revised Project Funding
Development Impact Fee Fund 211	\$475,000	\$0	\$0
Measure A Fund 227	\$10,000	\$0	\$0
Totals	\$485,000	\$0	\$0

### **ENVIRONMENTAL ANALYSIS:**

This action has no impact on the environment and is considered a categorical exemption pursuant to Section 15301(c) of the Guidelines for the California Environmental Quality Act (CEQA). Section 15301(c) states that a project which consists of the operation, repair, maintenance, permitting or minor alteration of existing public structures, including existing highways, streets, sidewalks, gutters, bicycle and pedestrian trails, and similar features, involving negligible or no expansion of use beyond the existing use does not have a significant impact on the environment, and is therefore exempt from CEQA. This action approves a change order to an existing contract for additional construction work and repair of existing facilities. Therefore, no environmental analysis is required.

# TRAFFIC SIGNAL ON GREEN RIVER AT MONTANA RANCH CONTRACT BALANCING CHANGE ORDER NO. 1 EXHIBIT B

**PROJECT DESCRIPTION:** Installation of a new traffic signal on Green River at Montana Ranch and pavement rehabilitation and sidewalk repair.

**PROJECT NO:** 2016-03 **PURCHASE ORDER NO: P21015** 

JL NO: 72110211

**CONTRACTOR:** California Professional Engineering, Inc.

### **DESCRIPTION OF CHANGES AND/OR EXTRA WORK:**

The Contractor is hereby directed to make the herein described changes from the plans and specifications and/or perform the following described work not included in the Plans and Specifications for this project.

ITEM	DESCRIPTION	U/M	QUANTITY	<b>UNIT PRICE</b>	TOTAL
12	Remove existing PCC Curb & Gutter	LF	114.00	\$21.25	\$2,422.50
13	Remove existing PCC Sidewalk	SF	170.00	\$4.15	\$705.50
14	Remove AC and AB (1 foot wide by 1 foot deep)	SF	114.00	\$21.25	\$2,422.50
15	AC and AB Repair (1 foot wide and 1 foot deep)	SF	114.00	\$159.30	\$18,160.20
16	Remove and Dispose Tree	EA	-1.00	\$500.00	(\$500.00)
18	PCC Curb & Gutter	LF	114.00	\$54.30	\$6,190.20
20	PCC Sidewalk	SF	30.00	\$10.38	\$311.40
21	Slurry per Table 900-1.7 (A)	SF	-800.00	\$0.40	(\$320.00)
25	Sign Installation on Signal Pole and Mast-Arm	EA	-1.00	\$300.00	(\$300.00)
27	Sign and Post Removal	EA	-3.00	\$60.00	(\$180.00)
S-1	Additional ITS Ethernet Switch	EA	1.00	\$339.25	\$339.25
S-2	SCE initiated work beyond original scope	LS	1.00	\$13,343.22	\$13,343.22
S-3	Bond at 1%	LS	1.00	\$438.95	\$438.95
TOTAL ES	TIMATED PRICE FOR THIS CHANGE ORDER:		•		\$43,033.72

This document shall become an amendment to the Contract and all provisions of the Contract will apply hereto. This Change Order constitutes a complete and final resolution of all claims of the Contract for additional time or additional compensation related to or affected by work that is the subject of this Change Order. Quantities of items other than Lump Sum are not to exceed the amounts indicated.

### **JUSTIFICATION:** (Be specific on each item. Attach supporting documents as necessary)

- Item 12 Increased amount of Curb & Gutter removal due to conditions found in the field.
- Item 13 Increased amount of Sidewalk removed due to conditions found in the field.
- Item 14 Increased amount of AC & AB removal due to Curb & Gutter increase.
- Item 15 Increased amount of AC & AB repair due to Curb & Gutter increase.
- Item 16 Decreased unit by one as tree was removed through other means.
- Item 18 Increased amount of Curb & Gutter to be replaced due to conditions in the field.
- Item 20 Increased amount of sidewalk replaced due to conditions found in the field.
- Item 21 Decreased amount of Slurry Seal due to conditions found in the field..
- Item 25 Decrease amount of sign installations on signal pole and mast-arm due to minor design change in the field.
- Item 27 Decreased amount of sign and post removal due to removal by other means.
- S-1 City initiated the purchase of an additional Ethernet Switch for connection to signal at Green River and Serfas Club.
- S-2 SCE initiated additional work related to out of scope design change due to conditions found in the field.
- S-3 1% Bond to cover additional work mentioned above.

Additional time added to contract due to inclement weather, SCE related delays and additional work requested by city staff.

Date: 05/30/2019 Page 2 of 2
