### **AGENDA REPORT REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 6/19/2019

**TO:** Honorable Mayor and City Council Members

**FROM:** Administrative Services Department

**SUBJECT:**

Public Hearing for City Council consideration of Resolution No. 2019-036, confirming the diagram and assessment within Zones 1, 2, 4, 7, 10, 14, 15, 17, 18 and 20 of the Landscape Maintenance District No. 84-2 for Fiscal Year 2019-20.

**RECOMMENDED ACTION:**

That the City Council adopt Resolution No. 2019-036, confirming the diagram and assessment within Zones 1, 2, 4, 7, 10, 14, 15, 17, 18 and 20 of the Landscape Maintenance District No. 84-2 for Fiscal Year 2019-20.

**ANALYSIS:**

Zones 1, 2, 4, 7, 10, 14, 15, 17, 18 and 20 of the Landscape Maintenance District No. 84-2 (the "District") was established in accordance with the provisions of the Landscaping and Lighting Act of 1972 (the "1972 Act") in 1986. The purpose of the District is to provide landscape maintenance and operating services for the public landscaping and appurtenant facilities within the District's boundaries.

Each zone imposes a different assessment levy based on the benefit areas associated with that zone. The annual assessments proposed to be levied within the District will pay for the maintenance of parks, slopes, parkways, and open spaces during Fiscal Year 2019-20. Services provided include all necessary operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy and satisfactory working condition.

The State of California Street and Highways Code Section 22500 requires an annual review of the assessments levied by the assessment districts formed under the 1972 Act. In order to levy and collect special assessments within the District, an Engineer's Report must be prepared, which provides details on the improvements that are maintained and the estimated budgets for the District.

On May 1, 2019, the City Council adopted Resolution No. 2019-017, to initiate the proceedings to

levy and collect assessments for the District for Fiscal Year 2019-20, appointed Spicer Consulting Group, LLC as the engineer of record, and ordered the preparation of an Engineer's Report for the District.

On May 15, 2019, the City Council adopted Resolution No. 2019-028, to declare the City's intention to levy and collect assessments within the District, approve the preliminary Engineer's Report (the "Preliminary Report") as it pertains to the District, and provide notice of public hearing on the proposed assessments. Notice of public hearing was published in the local newspaper on June 7, 2019.

Attached is the final Engineer's Report (the "Report") as it pertains to the District, which is consistent with the Preliminary Report. The Report includes a detailed description of the existing improvements within the District, the estimated maintenance costs, the method of assessment apportionment for each lot or parcel within the District boundaries, and a diagram showing the boundaries of the District (and zone). The Report also provides an analysis of the District's financial status.

Adoption of the recommended resolution is the last step of the annual proceedings for the levy and collection of special assessment within the District. The City Council will conduct a public hearing to afford all interested parties an opportunity to make verbal or written comments on the proposed annual assessment. At the conclusion of the hearing, it is recommended that the City Council adopt the said resolution confirming the diagram and assessments for the District for Fiscal Year 2019-20, which will constitute the levy of the assessment for the maintenance and servicing of public lighting facilities within the District, in accordance with the Streets and Highways Code.

**COMMITTEE ACTION:**

Not applicable.

**STRATEGIC PLAN:**

This item supports the City's Strategic Plan Goal 6: Improve Communications with Our Community; Objective a: Commit to transparency in all City actions. The recommended action will help achieve these goals by providing concise, forthright information regarding the annual levy proceedings for the District.

**FISCAL IMPACT:**

The cost of construction, installation, operation, servicing and maintenance of the District will be funded by the assessments levied and collected within the District. For Fiscal Year 2019-20, it is projected that the current year assessment revenue will be sufficient to cover the operating costs for Zones 1, 4, 7, 10, 14, 15, and 20 within the District during the same fiscal period. It is also projected that the current year assessment revenue will be insufficient to cover the operating costs for Zone 2, 17, and 18 during the same fiscal period, which will be covered by a one-time contribution from each respective zone's capital reserves.

The overview of each zone within the District's estimated assessment revenues and proposed expenditures for Fiscal Year 2019-20 is presented below. Detailed information per zone can be found in the attached Report.

(1) Benefit received by non-residents of the District for the major/arterial streetlights, traffic signals, traffic control devices and landscape improvements. This amount is contributed by the City's General Fund.

(2) The Operating Reserve fund may equal up to 50% of the estimated annual cost of providing services.

(3) The Capital Replacement Reserve fund will be used for capital improvement projects. All existing improvement in the District have finite life expectancies and will require replacement at some point in the future. On an annual basis, any non-expended assessment monies, in excess of Operating Reserve contribution, will be transferred to the Capital Replacement Reserve fund until such time as there are sufficient funds to pay for the needed replacement, or respond to unforeseen capital improvement needs.

## ENVIRONMENTAL ANALYSIS:

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the action is not subject to CEQA. This action merely declares the City's intent to levy and collect assessments within the District for Fiscal Year 2019-20, and there is no possibility that adopting the resolution will have a significant effect on the environment.

#### REPORT PURSUANT TO "LANDSCAPING AND LIGHTING ACT OF 1972"

Pursuant to direction from the City Council (the "City Council") of the City of Corona (the "City"), State of California, submitted herewith is the Engineer's Report (the "Report") for the Landscape Maintenance District No. 84-2, consisting of the following parts, pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California, being the "Landscaping and Lighting Act of 1972" (the "Act"), as amended, commencing with Section 22500, and which is in accordance with Resolution No. 2019-017 adopted by the City of Corona City Council, Riverside County, California ordering preparation of the Report for Landscape Maintenance District No. 84-2 ("LMD No. 84-2" or the "District"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2019 to June 30, 2020.

- Section 1** PLANS AND SPECIFICATIONS of the improvements to be maintained and/or improved for the Fiscal Year. The plans and specifications show and describe the existing and proposed improvements and are sufficient in showing and describing the general nature, location and extent of the improvements.
- Section 2** A COST ESTIMATE of the improvements to be maintained and/or improved for the mentioned Fiscal Year.
- Section 3** A METHOD OF APPORTIONMENT OF ASSESSMENT calculates the receipt of special benefit and the general benefit derived from the installation and maintenance and servicing of the respective improvements located throughout the District, and the methodology used to apportion the total assessment to the properties within the District.
- Section 4** An ASSESSMENT ROLL showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the boundaries as shown on the below-referenced Diagram. The Assessment Roll can be found in Appendix A.
- Section 5** The ASSESSMENT DIAGRAMS of the District. Said Diagrams shall show the exterior boundaries of the District and the boundaries of any zones within the District. Reference is made to the County Assessor's Maps for a detailed description of the lines and dimensions of any lots or parcels. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies. The Assessment Diagrams can be found in Appendix B.

LMD No. 84-2 consists of 12 Benefit Zones that were all formed in 1986. The types of services provided for Zones 1, 2, 4, 6, 7, 10, 14, 15, and 17 through 20 are the maintenance of parks, slopes, parkways, and open space, including but not limited to: ground cover, shrubs, plants and trees, irrigation systems, graffiti removal, sidewalks and masonry walls, entry monuments, tot lot equipment, and associated appurtenant facilities. Services provided include all necessary service, operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy, vigorous, and satisfactory working condition. The above maintenance and services may be referred to herein as the "Landscape Improvements". Below is a description of each Zone within the boundaries of the District.

#### Description of the Boundaries and Improvement Services of LMD No. 84-2

- ◆ The structure and exterior face of the project theme walls located along the major arterial and collector streets in the planned community.
- ◆ Entry monuments and special landscape areas located at the major project entries, secondary project entries, individual subdivision entries, and special landscape areas identified on the Mountain Gate landscape master plan.
- ◆ The landscaping, bicycle paths, recreational improvements, and open space areas which may be developed and dedicated to the public within the designated estate residential cluster development areas, exclusive of public park areas.
- ◆ The designated fuel modification areas in the hillside overlay zone of Planning Area 26.
- ◆ Other improvements which may be accepted by the City Council for maintenance by the landscape maintenance district.
- ◆ Incidental drainage facilities in conjunction with the above landscape improvements.

### Changes in Benefit Zone Boundaries

During the lifetime of the District, several changes have occurred that affect the boundaries of the benefit zones. The plans and specifications for the changes are on file with the City of Corona.

1. Due to the nature, location, and extent of the improvements it has been determined that some benefit zones received the same degree of benefit. Accordingly, these benefit zones have been eliminated by consolidating them with other zones, as follows:
  - ◆ Benefit Zone 8 was consolidated into Benefit Zone 7.
  - ◆ Benefit Zone 9 and 13 were consolidated into Benefit Zone 4.
  - ◆ Benefit Zone 11 was consolidated into Benefit Zone 10.
2. Four benefit zones were eliminated for the following reasons:
  - ◆ Benefit Zones 3 and 5 have been eliminated because the interim detention basins are no longer necessary due to the installation of storm drains.
  - ◆ Benefit Zone 12 has been eliminated because improvements formerly maintained by the City are now maintained by the Cresta Verde Golf Course.
  - ◆ Benefit Zone 16 has been eliminated because the interim detention basin is no longer necessary due to the Oak Street channel improvement. The property maintenance has been turned over to the underlying property owner and all affected property owners were notified of the levy being discontinued.
3. Due to the nature, location, and extent of the improvements, the Mountain Gate Specific Plan Area was detached from Benefit Zone 19 to establish Benefit Zone 20.

The cost of servicing, maintaining, repairing, and replacing the actual improvements as described in the Plans and Specifications are summarized as follows:

| <b>Est. Ending Capital Replacement Reserve<sup>(3)</sup></b> |                           | <b>\$19,146</b> |

<sup>(1)</sup> The increase of the Maintenance Inspection and Administration line item is due to the reallocation of costs categories.

<sup>(2)</sup> The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.

<sup>(3)</sup> The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For Fiscal Year 2019-20, \$937 is allocated for Capital Replacement Reserves. Please refer to Appendix C for a list of the capital improvement projects by Zone. There are no anticipated major Capital Improvement Projects planned for Zone 1.

<sup>(1)</sup> The increase of the Maintenance Inspection and Administration line item is due to the reallocation of costs categories.

<sup>(2)</sup> The General Benefit Contribution will be applied to Annexation No. 76.

<sup>(3)</sup> The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.

<sup>(4)</sup> The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For Fiscal Year 2019-20, \$3,146 is being contributed to subsidize the levy. Please refer to Appendix C for a list of the capital improvement projects by Zone.

<sup>(1)</sup> The increase of the Maintenance Inspection and Administration line item is due to the reallocation of costs categories.

<sup>(2)</sup> The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.

<sup>(3)</sup> The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For Fiscal Year 2019-20, \$12,705 is allocated for Capital Replacement Reserves. Please refer to Appendix C for a list of the Capital Improvement projects by Zone.

<sup>(1)</sup> The increase of the Maintenance Inspection and Administration line item is due to the reallocation of costs categories.

<sup>(2)</sup> The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.

<sup>(3)</sup> The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For Fiscal Year 2019-20, \$1,681 is being contributed to subsidize the levy. Please refer to Appendix C for a list of the Capital Improvement projects by Zone.

<sup>(1)</sup> The increase of the Maintenance Inspection and Administration line item is due to the reallocation of costs categories.

<sup>(2)</sup> The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy. For FY 2019-20, \$76,506 is being contributed to subsidize the levy.

<sup>(3)</sup> The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs.

### Proposition 218 Compliance

On November 5, 1996 California voters approved Proposition 218, entitled the "Right to Vote on Taxes Act," which added Article XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new substantive and procedural requirements for the formation and administration of assessment districts. Proposition 218 provides that all existing, new, or increased assessments must comply with Proposition 218's new substantive and procedural requirements unless the assessment is "grandfathered" as one of the four categories of assessments that existed on or before November 6, 1996 and is therefore exempted from the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit.

Two of the four categories of assessments that are "grandfathered" under Proposition 218 and are relevant to the District are:

1. Any assessment imposed exclusively to finance the capital cost or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.
2. Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed.

For purposes of applying the first exception, Proposition 218 does not define the term "streets," however, based upon the opinions of public agency officials, attorneys and assessment engineers, as well as language in the Proposition 218 Omnibus Implementation Act (Government Code §§ 53750 et seq.) and the court's reasoning in *Howard Jarvis Taxpayers Association v. City of Riverside* (1999) 73 Cal.App.4<sup>th</sup> 679, it has been determined that the term "streets" includes median and parkway landscaping, traffic signals, safety lighting, and street lighting, and all other public improvements located within the street right-of-way, since assessments for these types of improvements are traditionally appropriate, non-abusive special assessments. The improvements and services financed by LMD No. 84-2 constitute physical parts of the right-of-way in which the street is located, contribute to road and sidewalk safety, and provide for drainage and treatment of runoff. Therefore, the assessments levied by LMD No. 84-2 (other than the assessments for the Post Proposition 218 Annexations, defined below) are grandfathered under the first exception, and thus the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit, do not apply.

The second exception to the application of Proposition 218 also applies to LMD No. 84-2, because the District was initiated by a petition signed by the property owners within the District boundaries at the time it was formed and, therefore, the assessments are exempt from the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit.

Even if assessments are initially "grandfathered" under Proposition 218 and thus exempt from the substantive and procedural requirements of Proposition 218, if the assessments are increased in the future the City will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase). Additionally, although the assessments levied within LMD No. 84-2 are considered "grandfathered", the City has determined that it is appropriate to ensure that the assessments levied against properties that were annexed to LMD No. 84-2 after the passage of Proposition 218 comply with the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit. The City has identified the following annexations to LMD No. 84-2 as annexations that were approved after the passage of Proposition 218 (collectively "Post 218 Annexations"):

Proposition 218 defines "assessment" as "any levy or charge upon real property by an agency for a special benefit conferred upon the real property," California Constitution, Article XIII D, §2(b). A special assessment, sometimes called a "benefit assessment," is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

### Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that "only special benefits are assessable" and requires a local government to "separate the general benefits from the special benefits conferred on a parcel."

There is no statutory definition or judicially approved formula for calculating general benefit. For purposes of this Report, general benefits are benefits from improvements or services that are not special in nature, are not particular and distinct, and are not over and above the benefits received by other properties. Proposition 218 defines "special benefit" as "a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large. General enhancement of property value does not constitute "special benefit."

By its nature, most every public improvement financed through an assessment district contains an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that the portion of the cost of the improvements which benefits the public generally (i.e., general benefits) be separated from the portion of the cost of the improvements which specially benefits assessed properties (i.e., special benefits).

The actual assessment and the amount of the assessment for the Fiscal Year 2019-20 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Appendix A. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report.

## General Benefit

### *Post 218 Annexations*

As explained above, the assessments levied within LMD No. 84-2 (other than the Post 218 Annexations) are considered "grandfathered" and thus the substantive and procedural requirements of Proposition 218, including the requirement to separate general benefit from special benefit, do not apply. However, with respect to assessments levied against properties included within the Post 218 Annexations, the City has determined that the Landscape Improvements maintained within the Post 218 Annexations by each benefit zone (other than the Nominal General Benefit Annexations, defined and discussed below) provide negligible general public benefit in that each benefit zone is comprised of separate and discrete neighborhoods for which the Landscape Improvements were installed. The Landscape Improvements do not extend beyond the perimeter of the boundary of each of those discrete neighborhoods. Additionally, other than the Nominal General Benefit Annexations discussed below, the improvements financed by LMD No. 84-2 for the Post 218 Annexations do not include any Landscape Improvements in the parkway areas fronting each discrete neighborhood. In other words, all of the Landscape Improvements financed by LMD No. 84-2 for the Post 218 Annexations are located entirely within the interior areas of the developments that comprise and are included in the Post 218 Annexations.

As further explained in the Direct and Special Benefit section, the Landscape Improvements within the Post 218 Annexations provide a direct advantage only to the properties that are within the boundaries of each discrete neighborhood/benefit zone. Although the discrete neighborhoods that comprise each benefit zone could be accessed by the public at large, the Landscape Improvements within the Post 218 Annexations that are financed by LMD No. 84-2 were specifically designed, located and created to provide additional and improved public resources exclusively for real property within the Post 218 Annexations and not the public at large. Other properties that are located outside each benefit zone do not enjoy the unique proximity, access, views and other special benefit factors discussed below under Direct and Special Benefit. Moreover, since all properties within each benefit zone have equal access and opportunity to enjoy the Landscape Improvements within the Post 218 Annexations that are financed by District assessments, all properties within each benefit zone benefit equally from the Landscape Improvements and the costs and expenses for the landscaping maintenance and services are appropriately apportioned on a per parcel or a per acre basis. Based upon the foregoing, the City has concluded that there is no measurable general benefit associated with the Landscape Improvements financed with the assessments levied against properties within the Post 218 Annexations (other than the Nominal General Benefit Annexations discussed below).

### *Nominal General Benefit Annexations*

In reviewing the location and extent of the specific landscaped areas and improvements within the Post 218 Annexations that are funded by the District assessments and the proximity and relationship to properties to be assessed, it has been determined that the following annexation areas include landscape improvements within the parkway areas fronting the developments that comprise and are included in the Post 218 Annexations: Annexation 76 to Zone 2 (TR 27305-8 & 9), Annexation 78 to Zone 14 (PM 30197), Annexation 80 to Zone 18 (APN Nos. 119-060-18, -20, -22), and Annexation 81 to Zone 18 (TR 32195) (collectively, "Nominal General Benefit Annexations"). At the time of annexation of these developments, the improvements to be financed by the District assessments were considered local improvements that were required to be installed in connection with the development of properties within these annexation areas. Similar to the Post 218 Annexations, the Landscape Improvements within the Nominal General Benefit Annexations that are financed by District assessments were specifically designed, located, and created to provide additional and improved public resources for real property within the Nominal General Benefit Annexations and not the public at large.

Similar to the Post 218 Annexations, the majority of the Landscape Improvements (see discussion below regarding the Landscape Improvements within frontage parkway areas) provided and maintained within the Nominal General Benefit Annexations do not extend beyond the perimeter of the boundary of each discrete neighborhood that comprises the annexation area and are located entirely within the interior areas of the developments that comprise and are included in the Nominal General Benefit Annexations. As such, the interior Landscape Improvements within the Nominal General Benefit Annexations provide a direct advantage only to the properties that are within the boundaries of each annexation area. Although the developments that comprise and are included in the Nominal General Benefit Annexations could be accessed by the public at large, the Landscape Improvements within these annexation areas that are financed by District assessments were specifically designed, located, and created to provide additional and improved public resources for real property within the Nominal General Benefit Annexations and not the public at large. Other properties that are located outside each benefit zone do not enjoy the unique proximity, access, views, and other special benefit factors discussed in the Direct and Special Benefit section.

However, as indicated above, the assessments levied within the Nominal General Benefit Annexations also provide and maintain Landscape Improvements within the parkway areas fronting the developments that comprise and are included in the Nominal General Benefit Annexations. Since these parkway areas are readily accessible and viewable by the public at large, there may be some general benefit enjoyed by the general public as a result of the Landscape Improvements located and maintained in these parkway areas. In the absence of the assessments, the Landscape Improvements would not be provided or maintained within the Nominal General Benefit Annexations at the enhanced level or standard that the Landscape Improvements are currently provided and maintained. The maintenance, upkeep, and repair of such parkway Landscape Improvements would be reduced to the minimal standard necessary for public health and safety. As such, the maintenance of the Landscape Improvements within the parkway areas fronting each annexation area to the current enhanced level and standard of maintenance has a direct and particular impact or special benefit only on those properties within the Nominal General Benefit Annexations and any maintenance or services beyond that which is required to ensure the safety and protection of the general public and property, has no identifiable benefit to the public at large or properties outside these annexations. The general benefit derived from the maintenance of the Landscape Improvements within the parkway areas fronting the Nominal General Benefit Annexations can be quantified as the cost that the City would incur to provide the minimal level of maintenance and services necessary for public health and safety. The costs incurred to maintain the Landscape Improvements within the parkway areas fronting the Nominal General Benefit Annexations over and above this minimum level of service would provide a direct advantage only to the properties within the Nominal General Benefit Annexations and is considered to be a special benefit.

In the absence of the assessments levied by LMD No. 84-2, the City would typically provide only weed abatement and erosion control services for parkway areas. These services would typically be provided twice annually. This level of service provides for public safety and avoids negative impacts on adjacent roadways and vehicles traveling on those roadways, but results in a far less visually pleasing environment than is created with the enhanced level of service currently provided to the parkway areas within the Nominal General Benefit Annexations. The cost to provide the baseline weed abatement and erosion control level of service is approximately \$0.02 per square foot, twice a year, for parkway areas. The general benefit is determined by multiplying the weed abatement and erosion control service costs by the square footage of these parkway areas. Since the baseline services, unlike the enhanced level of service that is provided as a result of the District assessments, provide some benefits to the general public and to the neighborhoods outside of the benefit zones, the cost of providing this baseline service is treated as the cost of general benefits from landscape maintenance services. Utilizing these per square foot costs and the square footages of the parkway areas in the Nominal General Benefit Annexations, the current estimated general benefit costs calculated for the frontage parkway areas within Annexation 76 to Zone 2 is \$209.09, within Annexation 78 to Zone 14 is \$766.66, and within Annexation Zones 80 and 81 to Zone 18 is \$382.80. These general benefit costs are identified as the "General Benefit Contribution" in the applicable Zone budgets in Section 2 (Cost Estimate) of this Report and will be credited to those properties included within the Nominal General Benefit Annexations. Funding for these general benefit costs will be provided by the City's General Fund.

### Direct and Special Benefit

The types of services provided within LMD No. 84-2 is the maintenance of parks, slopes, parkways, and open space, including but not limited to: ground cover, shrubs, plants and trees, irrigation systems, graffiti removal, sidewalks and masonry walls, entry monuments, tot lot equipment, and associated appurtenant facilities. Services provided include all necessary service, operations, administration, capital replacement and maintenance required to keep the above-mentioned improvements in a healthy, vigorous and satisfactory working condition.

As explained above, the assessments levied within LMD No. 84-2 (other than the Post 218 Annexations) are considered "grandfathered" and thus the substantive and procedural requirements of Proposition 218, including the requirement to separate general benefit from special benefit, do not apply. However, with respect to assessments levied against properties included within the Post 218 Annexations, particular direct and special benefit is provided by the Landscape Improvements which include, but are not limited to, enhanced aesthetics of areas within the benefit zones providing additional desirability for potential buyers, a more pleasant environment to walk, drive, live, and work for property owners in addition to controlling dust and potential erosion. The primary function of these Landscape Improvements and related amenities is to serve as an aesthetically pleasing enhancement and green space for the benefit of the immediately surrounding development within the individual benefit zones for which the improvements were constructed and installed. These improvements are an integral part of the physical environment of parcels within the benefit zones, and if the improvements were not properly maintained, it is these parcels that would be negatively affected. In addition, the landscape improvements serve as a

physical buffer as well as a sound reduction or buffer between the roadways and the properties in the benefit zones, as well as a physical buffer and openness between properties within the benefit zones. The improvements installed in connection with the development of the parcels constituting the benefit zones would not be necessary or required without the development of those parcels within the District.

The assessment revenue derived from real property in each benefit zone is expended only on the Landscape Improvements in that benefit zone. The Landscape Improvements are located in close proximity to the real property within each benefit zone that is subject to the assessments and provide a direct advantage to the property in the benefit zone in that the improvements funded by the assessments are directly provided only to the real property in each benefit zone. Other than the Nominal General Benefit Annexations, the Landscape Improvements do not extend beyond the perimeter of the boundary of each discrete neighborhood that comprises a benefit zone and are located entirely within the interior areas of each neighborhood. In the absence of the assessments, the Landscape Improvements would not be provided or maintained within LMD No. 84-2 and the maintenance, upkeep, and repair of such Landscape Improvements would be reduced to the minimal standard necessary for public health and safety. Therefore, the assessments provide and fund Landscape Improvements that are over and above what otherwise would be provided. The fact that the Landscape Improvements are over and above what otherwise would be provided, combined with the unique proximity and access to the Landscape Improvements enjoyed by real property within LMD No. 84-2, demonstrates that the assessments provide a direct advantage and special benefit to real property within LMD No. 84-2.

### Method of Apportionment

Pursuant to the Landscaping and Lighting Act of 1972 and Article XIII D of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements shall be identified and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

To proportionally allocate special benefit to each parcel, it is necessary to correlate each property's proportional benefit to other properties that benefit from the improvements and services being funded: In order to do this, the assessment methodology assigns each parcel a number of benefit units based on its land use. One benefit unit is defined as the special benefit allocable to a single family home.

**Single Family Residential Property** - The method of apportionment assigns each fully subdivided single family residential dwelling one benefit unit.

**Multi-Family Residential Property** - This land use classification identifies residential developments that typically have 60% fewer people per dwelling unit than single family residential property and therefore have been assigned to 0.60 benefit unit, per dwelling.

**Commercial Property** - The method of apportionment assigns benefit units by multiplying the overall acreage by five benefit units per acre, (based on the typical number of residential property in an acre of typical development).

**Benefit Zones 1, 2, 4, 7, 15, 17, and 18** - Prior to total development and the recordation of tract maps, the benefit will be assessed according to the number of lots, units, or acreage within the tentative tract map.

**Benefit Zone 6** - As development occurs and prior to total development, each undeveloped parcel will be assessed the number of projected benefit units in accordance with SP 81-2.

**Benefit Zone 10** - Currently, there are approximately 0.97 acres of undeveloped property and one parcel classified as reserved development within this zone. The Assessor's Parcel Number is 102-370-009.

A reserved development designation was assigned to Assessor's Parcel Number 102-370-009 under SP 85-2. Other than for mining purposes, development of Assessor's Parcel Number 102-370-009, approximately 80 acres, is not anticipated at this time.

**Benefit Zone 14** - SP 85-3 (Tract No. 20796) and Tract No. 22579 created approximately 2,553 residential units of varying densities and 12.3 acres of commercial support. The updated total projected build-out is approximately 2,350 units. This benefit zone is at near build-out status and nearly all benefit units have been assessed.

**Benefit Zone 19** - Benefit Zone 19 consists of various developments within South Corona. The method of assessment is based on approximately 3,700 benefit units with a residential dwelling equal to one benefit unit.

**Benefit Zone 20** - SPA90-09 proposes 3,248 residential units of varying densities, 15.1 acres of commercial developments, and 15.8 acres of quasi-public land use. Currently, there are 2,754 residential units, 10.1 acres of commercial development, and 6.91 acres of quasi-public land use. At the present time the benefit zone maintains 62.47 acres of landscaping.

### **Prior Proposition 218 Proceedings for Rate Increase**

**Benefit Zone 1** – In 2001, due to increased maintenance costs and low reserves, a special election was held to increase Benefit Zone 1 from \$22.54 per assessment unit to \$33.54 per assessment unit (an \$11.00 increase per assessment unit). The proposed increase failed to receive a majority ballot approval. Consequently, the trees and turf have suffered considerably due to the lack of irrigation. Maintenance and operating service costs have been reduced to eliminate tree trimming, replacement, and any landscape enhancement. In 2012, the turfgrass was removed and decomposed granite ("DG") was installed to help further reduce maintenance costs.

**Benefit Zone 4** - After a failed election in 2002, the City received many complaints from property owners within Benefit Zone 4 due to the condition of the landscape. Therefore, the City again conducted a special election pursuant to the provisions of Proposition 218 for Benefit Zone 4 in July of 2003. The proposed increase for Benefit Zone 4 was from \$75.00 to \$138.00 (\$63.00 per assessment unit). In order to provide sufficient funds from the levy and collection of assessments within the benefit zone in future Fiscal Years to pay increasing costs due to inflation, it was proposed that the assessments levied on assessable parcels of property in Benefit Zone 4 should be subject to annual increases in future years, commencing in Fiscal Year 2006-07, by the percentage increase, if any, in the Consumer Price Index, All Items, Los Angeles-Riverside-Orange County (1982-84=100) ("CPI") or three percent (3%), whichever is less. Benefit Zone 4 received a favorable majority vote and the charge per assessment unit was increased from \$75.00 to \$138.00 commencing in Fiscal Year 2006- 07. The maximum assessment per benefit unit for Benefit Zone 4 will escalate two and seven tenths percent (2.70%), which represents the percentage increase in the CPI for Fiscal Year 2019-20, making the maximum assessment per benefit unit \$183.38.

**Benefit Zone 10** - After a failed election in 2007, the City received many complaints from property owners within Benefit Zone 10 due to the condition of the landscape. On April 2, 2008, the City Council, in response to input from residents, approved a petition and re-ballot process to allow for property owners to re-vote. The procedure required signed petitions from at least 25% of the properties within the benefit zone to trigger a re-vote. This requisite equated to approximately 725 signed petitions from the record property owners indicating their intended support of the proposed annual levy increase from \$335.61 to \$540.00 per assessment unit. Benefit Zone 10 met the required minimum number of petitions favoring the re-ballot process, and a public hearing on the proposed levy increase was scheduled for June 18, 2008. Benefit Zone 10 received a favorable majority vote and the charge per assessment unit was increased for Fiscal Year 2008-09. The rate per assessment unit for Benefit Zone 10, is subject to an annual increase in future Fiscal Years, commencing Fiscal Year 2011-12, by the percentage increase, if any, in the Consumer Price Index, All Items, Los Angeles-Riverside-Orange County (1982-84=100) or two percent (2%), whichever is less. The maximum assessment per benefit unit, for Benefit Zone 10 will escalate two percent (2.00%) for Fiscal Year 2019-20, making the maximum charge assessment per benefit unit \$623.72.

**Benefit Zone 14** - After two failed elections, the irrigation and maintenance in Benefit Zone 14 was reduced due to lack of funding, causing the landscape areas to deteriorate. In order to revitalize declined areas and keep up with inflation and rising costs, this benefit zone underwent a third Proposition 218 ballot proceeding on August 28, 2007. Benefit Zone 14 received a favorable majority vote and the charge per benefit unit was increased from \$100 to \$230 in Fiscal Year 2008-09. The rate per benefit unit for Benefit Zone 14 is subject to an annual increase in future Fiscal Years, commencing Fiscal Year 2012-13, by the percent increase, if any, in the Consumer Price Index, All Items, Los Angeles-Riverside-Orange County (1982-84=100) or two percent (2%), whichever is less. The maximum assessment per unit for Benefit Zone 14, will escalate two percent (2.00%) for Fiscal Year 2019-20, making the maximum assessment per benefit unit \$260.44.

The landscaped and irrigated areas increased to approximately 31.44 acres in Fiscal Year 2008-09 and due to the increase in the assessment, a phased capital improvement program was implemented to revitalize areas that had been subjected to previous years' cutbacks. This phased program started in Fiscal Year 2008-2009 with the first year's allocation of approximately \$636,000. Of this amount, \$450,000 was borrowed from Fund 289, to be paid back over 10 years at 4.2% interest. The loan was paid in full in Fiscal Year 2018-19.

**Benefit Zone 19** - The 1996-97 Notice of Public Meeting and Hearing noticed (and subsequently confirmed by the City Council) a \$7.00 per benefit unit per Fiscal Year increase from \$107.00 to a maximum of \$126.00 per year. Therefore, Fiscal Year (2014-15) and future years' annual levy for maintenance expenses will be the same as the prior Fiscal Year (2013-14) levy of \$126.00 per benefit unit (at the maximum). Since this benefit zone is lacking an inflation factor in its assessment methodology the maintenance costs will continue to increase while the revenues remain the same, causing this benefit zone's deficit to increase annually. A Proposition 218 Ballot proceeding will be necessary for this benefit zone in order to eliminate the deficit and replenish the reserves.

**Benefit Zone 20** - After a failed election, Benefit Zone 20 property owners met the City's requisite of 621 signed petitions that triggered a re-vote on August 6, 2008 to increase the annual rate per benefit unit from \$180.00 to \$360.00 and to be subject to an inflationary factor in future Fiscal Years, commencing Fiscal Year 2010-11, by the percentage increase, if any, in the Consumer Price Index, All Items, Los Angeles-Riverside-Orange County (1982-84=100) or two percent (2%), whichever is less. Due to the approved measure, the added revenue from the increase allows Zone 20 to keep up with the rising costs in labor, utilities, plant materials, and irrigation parts and implement a much needed Capital Improvement and/or Plant Rehabilitation Program which began in Fiscal Year 2008-09. The maximum charge assessment per benefit unit for Benefit Zone 20, will escalate two percent (2.00%) for Fiscal Year 2019-20, making the maximum assessment per benefit unit \$423.53.

### Reserves Outlook

After reviewing all of the benefit zones within the District, it is apparent that a majority of the benefit zones have the ability to generate reserves. However, Benefit Zones 2, 6, 17, 18, and 19 continue to draw on reserve funds at an increasing rate primarily as result of the increase in utility costs and the absence of an annual inflator for the assessment rates. Measures have been taken to reduce operating costs through turf removal projects for Zones 2 and 17, see Appendix C. It will be necessary to conduct Proposition 218 Assessment Ballot proceedings for Benefit Zones 17 and 19 in the next few years for the benefit zones to be self-sustaining. Currently, Benefit Zones 1, 4, 7, 10, 14, and 20 are building their reserve funds.

**Whereas**, on May 1st, 2019 the City Council, under the Act, adopted its Resolution Initiating Proceedings for the Annual Levy of Assessments and Ordering the Preparation of an Engineer's Report for Landscape Maintenance District No. 84-2.

**Whereas**, the Resolution of Initiation directed Spicer Consulting Group, LLC to prepare and file a report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained; an estimate of the costs of the maintenance, operations, and servicing of the improvements for LMD No. 84-2 for the referenced Fiscal Year; a diagram for LMD No. 84-2 showing the area and properties to be assessed; and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels within the District in proportion to the special benefit received;

**Now Therefore**, the following assessment is made to cover the portion of the estimated costs of maintenance, operation, and servicing of said improvements to be paid by the assessable real property within LMD No. 84-2 in proportion to the special benefit received.

### Estimated Benefit Assessments

Each of the parcels within the benefit zones listed below has been deemed to receive proportional special benefit from the maintenance and operation of the improvements within that benefit zone. The percentage change in allowable Fiscal Year 2019-20 assessment from the allowable Fiscal Year 2018-19 assessment is as follows:

The actual assessment and the amount of the assessment for the Fiscal Year 2019-20 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are referenced in Appendix A of this Report. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report. If any APN identified therein is submitted for collection and identified by the County Auditor/Controller of the County of Riverside to be an invalid parcel number for any fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment, as described in this Report and approved by the City Council.

The District boundary coincides with the boundary of the parcels included within the District as of the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

Reference is made to the County Assessor's Roll and Maps for a detailed description of the lines and dimensions of any lot or parcel. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies.

An Assessment Diagram for each Zone is attached hereto in Appendix B, showing the boundaries of LMD No. 84-2 and the boundaries of each Benefit Zone established within the District as the same existed at the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

## Capital Improvement Projects

SPIKER CONSULTING  
G R O U P

The Maintenance Services Department is developing a ten-year master plan for each zone that would include capital projects, operational activities, and revenue requirements to meet the objectives and service levels desired. Revenue requirements are set to cover annual operating costs and build reserves over time to perform focused capital replacements year over year, or large capital replacements in one anticipated year. Projects will be brought before City Council for approval as they are developed through the master plan. Zone specific projects are listed below:

#### *Zone 1 Capital Project*

In 2012, all turf was removed and replaced with decomposed granite and trees on drip irrigation. Constituents have expressed a desire to add more color to the area, and so funds will be used to add in some additional vegetation. Future projects will be developed through the master plan process referenced above.

#### *Zone 2 Capital Project*

In Fiscal Year 2017-2018, Zone 2 retrofitted approximately 28,000 square feet of landscaping, consisting of parkway turf removal and replanting and irrigation retrofit of the medians along Corydon Street. The project received \$2,695 in rebates in Fiscal Year 2017-2018 from the Metropolitan Water District of Southern California (MWD). Benefit Zone 2 will also receive \$20,000 in rebates from Western Municipal Water District (WMWD) through Proposition 84 funding from the Santa Ana Watershed Project Authority. Future projects will be developed through the master plan process referenced above.

#### *Zone 4 Capital Project*

Zone 4 had 7,000 square feet of parkway turf along Ontario Avenue removed and replaced with low-water use plants and high-efficiency irrigation in Fiscal Year 2017-2018. Benefit Zone 4 received \$675 in rebates from MWD in Fiscal Year 2017-2018, and will receive an estimated additional \$1,000 in Fiscal Year 2018-2019 for this project. In future years, upon build-up of reserves, the City will re-bid the previously designed areas along Fullerton Avenues and Old Temescal Road. Future projects will be developed through the master plan process referenced above.

#### *Zone 6 Capital Project*

In Fiscal Year 2017-2018, the medians along Promenade Avenue in Zone 6 received in-fill planting. Future projects will be developed through the master plan process referenced above pending availability of funds.

#### *Zone 7 Capital Project*

The 62,780 square feet of landscaping renovation for Zone 7 was completed in Fiscal Year 2017-2018. A partial rebate of \$6,057 was received in Fiscal Year 2017-2018 for this project from MWD, with the balance of \$5,000 anticipated to be received in Fiscal Year 2018-2019. An additional \$18,898 was received from WMWD in Fiscal Year 2018-2019. Another project for landscape renovation in Zone 7 parkways along Ontario Avenue from Oak to Mangular Avenues will begin construction in Fiscal Year 2018-2019. The total cost of the project is \$210,000, which includes design, construction and inspection costs. Future projects will be developed through the master plan process referenced above pending availability of funds.

#### *Zone 10 Capital Projects*

The landscape renovation project in Zone 10 was completed by the end of the Fiscal Year 2017-2018. This project renovated approximately 125,000 square feet of landscaping for Year 1 of Zone 10's ten-year capital improvement plan. A rebate in the amount of \$12,046 was received in Fiscal Year 2017-2018 from MWD, with an estimated future payment of \$22,000 anticipated in Fiscal Year 2018-2019. Additionally, a rebate totaling \$18,898 was received from WMWD in Fiscal Year 2018-2019.

Year 2 has been designed, and will go out to bid in FY 2019-2020. The parkways along the south side of Oakridge Drive will be constructed in FY 2018-19. The Oakridge portion of the project will renovate 12,400 square feet of parkways, totaling \$105,000. The slope areas total 896,946 square feet, and is estimated to cost \$670,000. The total project cost is estimated at \$775,000.

Additionally, the City of Corona contracted with Ninyo & Moore, a geotechnical and environmental sciences consulting firm, to further examine several slope areas in Zone 10, Areas 55, 89, and 272. These areas were previously observed to have some surficial slope erosion and damage to concrete drainage ditches which required more investigation. After receiving the report from Ninyo & Moore, the City focused in on an area behind two homes located along Dominguez Rancho Road based on Ninyo & Moore's findings. The City subsequently requested a more detailed report, including soils sampling and testing, focused on this area from a company named GeoTek, Inc. GeoTek's findings indicate that future remediation actions will be necessary on the slope in this area, however, the slope

itself at its base is stable. The City is currently working on a request for proposal for design services based upon GeoTek's recommendations. Cost estimates are unavailable at this time, since the final design solution is unknown.

#### *Zone 14 Capital Projects*

Just over 23,000 square feet of turf was removed from the parkways along Hidden Valley Parkway in Zone 14 and replaced with drip irrigation and low-water use plants in Fiscal Year 2017-18. A rebate in the amount of \$2,283 was received from MWD in Fiscal Year 2017-2018, and an estimated rebate balance of \$5,000 will be received in Fiscal Year 2018-2019. In Fiscal Year 2018-2019, the turf removal from parkways on Hidden Valley Parkway will continue from the current project limits all the way to the Zone 14 boundary near Ranch Vista Road. This area totals almost 47,000 square feet, and will cost \$370,000. Additional areas for turf removal projects will continue to be identified for future projects.

A landscape audit is planned to be completed for each meter, along with additional contract work to include: identifying and fixing any irrigation issues, completing in-fill planting, identifying and completing additional weeding and area clean-up projects, fertilizing, and mulching.

Future projects will be developed through the master plan process referenced above.

#### *Zone 15 Capital Projects*

The project to remove and re-landscape the turf along both sides of Railroad was completed in Fiscal Year 2017-2018. Future projects will be developed through the master plan process referenced above pending availability of funds.

#### *Zone 17 Capital Projects*

13,629 square feet of landscaping for Zone 17 was renovated in Fiscal Year 2017-2018. The turf was removed and replaced with an efficient drip system and low water use plant materials. A partial rebate of \$1,315 was received from MWD in Fiscal Year 2017-2018, with an estimated balance of \$500 anticipated to be received in Fiscal Year 2018-2019. A second rebate from WMWD in the amount of \$13,629 was received in Fiscal Year 2018-2019. Future projects will be developed through the master plan process referenced above pending availability of funds.

#### *Zone 18 Capital Projects*

Zone 18 parkways and monument area at the corner of River Road and Lincoln Avenue, totaling 24,569 square feet of landscaping, were renovated to include water-efficient plants, drip irrigation, in addition to some cobblestone hardscape, in Fiscal Year 2017-2018. The project received a partial rebate in the amount of \$2,370 in Fiscal Year 2017-2018, and will receive an estimated rebate balance of \$5,000 in Fiscal Year 2018-2019. Future projects will be developed through the master plan process referenced above pending availability of funds.

#### *Zone 19 Capital Projects*

No projects were planned for Zone 19 in Fiscal Year 2016-2017 due to the availability of funding. In Fiscal Year 2017-2018, the City took advantage of some available rebate funding from WMWD, and removed 6,175 square feet of turf from a parkway along California Avenue. The project cost \$16,143.75, and received a \$6,175 rebate from WMWD in Fiscal Year 2018-2019. The City continues to look for opportunities to help reduce expenses for the zone, such as rebates for landscaping renovations and low-interest loans. Future projects will be developed through the master plan process referenced above pending availability of funds.

#### *Zone 20 Capital Projects*

Approximately 68,700 square feet of landscaping was renovated in Zone 20 in Fiscal Year 2017-2018. The project received an initial rebate payment of \$6,626 from MWD, and anticipates receiving an estimated balance of \$20,000 in Fiscal Year 2018-2019.

A landscape audit is planned to be completed for each meter, along with additional contract work to include: identifying and fixing any irrigation issues, completing in-fill planting, identifying and completing additional weeding and area clean-up projects, fertilizing, and mulching.

Planned projects for the greenbelt area include: installing additional pet waste stations, replacing lighting as needed, developing a schedule for bench and picnic table replacement and completing these replacements, replacing fitness equipment, and replacing trash cans.

Future projects will be developed through the master plan process referenced above.

**RESOLUTION NO. 2019-036**

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF  
CORONA, CALIFORNIA, CONFIRMING THE DIAGRAM  
AND ASSESSMENT WITHIN ZONES 1, 2, 4, 7, 10, 14, 15, 17,  
18, AND 20 OF LANDSCAPE MAINTENANCE DISTRICT  
NO. 84-2 FOR FISCAL YEAR 2019-20**

**WHEREAS**, on May 15, 2019, the City Council of the City of Corona (the “City Council”) adopted Resolution No. 2019-028, a resolution of intention pursuant to Section 22624 of the Streets and Highways Code, which among other things, scheduled a public hearing on the levy and collection of assessments on the lots and parcels of the assessable property within Zones 1, 2, 4, 7, 10, 14, 15, 17, 18, and 20 of Landscape Maintenance District No. 84-2 (the “District”) for Fiscal Year 2019-20 pursuant to the Landscaping and Lighting Act of 1972, Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code (the “Act”) for 6:30 p.m. on June 19, 2019, in the City Council Chambers of the City of Corona, at 400 South Vicentia Avenue, Corona, California; and

**WHEREAS**, notice of said hearing was duly published as required by Sections 22552 and 22553 of said Act; and

**WHEREAS**, at the time and place of said hearing, as set forth in said resolution of intention, the City Council held the hearing and afforded all interested persons an opportunity to be heard, and considered all oral statements and all written protests or communications made or filed by any interested persons, and at the conclusion of said hearing determined that a majority protest, to wit: written protests filed and not withdrawn by property owners owning more than 50 percent of the area of assessable land within the District, had not been received.

**NOW, THEREFORE, BE IT RESOLVED** by the City Council of the City of Corona, California, as follows:

**SECTION 1. Findings and Approval of Final Report.** The City Council find that:

- (a) The foregoing recitals are true and correct;
- (b) Compliance has been maintained with all of the applicable requirements of the Act;
- (c) A majority protest to the levy and collection of the proposed assessment has not been filed;
- (d) The City Council may therefore proceed to confirm the boundary and assessment for the District for Fiscal Year 2019-20, and order levy and collection of the assessment;

(e) The assessment proposed to be levied on the lots and parcels of assessable property within the District for the maintenance and servicing of public landscaping and appurtenant facilities during Fiscal Year 2019-20, as contained in the Final Annual Engineer's Report as it pertains to Zones 1, 2, 4, 7, 10, 14, 15, 17, 18, and 20, prepared by Spicer Consulting Group, LLC on file with the City Clerk (the "Report"), are based on the proportionate special benefit derived by such lots and parcels from the availability of such public landscaping and appurtenant facilities;

(f) The proportionate special benefit derived by each such lot or parcel has been determined in relationship to the entirety of the cost of the maintenance and servicing of such public landscaping and appurtenant facilities;

(g) Such assessments do not exceed the reasonable cost of the proportional special benefit conferred on each such lot and parcel;

(h) Such assessments will not be increased over the amounts previously approved by the electors of the District or as otherwise permitted by the Act and Article XIID of the California Constitution; and

(i) Based on the foregoing and the full record before the City Council, the Report as whole and each part thereof are finally approved and confirmed.

**SECTION 2. Levy of Assessment.** Pursuant to Section 22631 of the Streets and Highways Code, the adoption of this resolution constitutes the levy of the assessment for the maintenance and servicing of public landscaping and appurtenant facilities within the District during Fiscal Year 2019-20, as contained in the Report, and such assessment is hereby levied. The City Clerk is directed to file a certified copy of this resolution together with the diagram and assessment contained in the Report with the County Auditor of the County of Riverside, who, pursuant to Section 22645 of the Streets and Highways Code, shall enter on the County Assessment Roll opposite each lot or parcel of land the amount assessed thereupon, as shown in the said assessment.

**PASSED, APPROVED AND ADOPTED** this 19th day of June 2019.
