

# Dog Walker Watch

Corona Police Department  
Crime Prevention

# What is This Program?

- Dog Walker Watch encourages neighbors to assist the Police Department as an extra set of eyes and ears by becoming more sensitive to suspicious activity. This program enhances the partnership between police and community while providing resources for neighbors to be more aware and how to effectively observe and report suspicious activity.

# What Does the Program Do?

- The Dog Walker Watch program would give dog walkers the skills and abilities on how to be more aware of their surroundings, how to report suspicious activity and when is the appropriate time to report. Crime Prevention will host free trainings across the city for dog walkers to attend.

# How Does the Program Work?

---

- Trainings will provide all information needed to participate in this program. Trainings will last around 30 minutes and will be a great opportunity to make new friends and interact with more people in their area.

# Spread the Word!

---

- We will be promoting the program starting this month and begin trainings in July with a launch party at National Night Out, which will be held at City Hall. We look forward to meeting and working with the loving Dog Owners of Corona and we hope they will welcome the new program with open arms.
