

Project Conditions

City of Corona

Project Number: PM2019-0007

Description: SUBDIVIDE 2.48 ACRES INTO 2 PARCELS FOR SFR PURPOSES.

Applied: 11/15/2019

Approved:

Site Address: Foothill and Trudy Way CORONA, CA 0

Closed:

Expired:

Status: COMPLETE

Applicant: RICHLAND VENTURES, INC.

Parent Project: DPR2018-0013

3161 MICHELSON DRIVE SUITE 600 IRVINE CA, 92612

Details: PARCEL MAP 37588 TO SUBDIVIDE 2.48 ACRES INTO TWO LOTS FOR SINGLE FAMILY RESIDENTIAL PURPOSES AND ONE LOT FOR OPEN SPACE PURPOSES.

LIST OF CONDITIONS

DEPARTMENT	CONTACT
FIRE	Cindi Schmitz
<ol style="list-style-type: none">1. Place Fire Department DPR comments on plans as general notes.2. Any revised site plan shall be submitted to the Fire Department for screen check approval prior to building plan submittal.3. Plans shall show a minimum drive width of 25 feet, if only to access these two homes4. All projects shall comply with the City of Corona Fire Department Site Construction Standard. A copy of which is available at the Fire Department counter. Projects shall have approved all weather access from two (2) directions and fire hydrants providing the required fire flow tested and accepted prior to combustible construction.5. Dead end access drives shall not exceed one hundred fifty (150) feet in length.6. Provide turn-around for access drive(s) meeting Fire Department standards/approval.7. Street and drive grades shall not exceed 10% unless approved by the Fire Chief and City Engineer.8. Modify the site plan to provide an all weather access within 150 feet of portions of exterior walls of the first story of the building as measured by an unobstructed route around the exterior of the building.9. A Knox Padlock shall be provided for gate(s) in this project. Applications for Knox Padlock(s) are available at the City Hall Fire Department counter.10. A minimum fire flow of 1500 gpm shall be provided.11. Fire hydrants are to be spaced a maximum 300 feet apart.12. Provide one-hour constructed eaves for all homes located within two hundred (200) feet of wildland areas. Entire house perimeter shall comply.13. Fuel modification is required for this project. Consult with Fire Department to plan and implement the most effective method for the site.14. Provide Class A roofing material.15. A fire facilities fee of \$231.00 per acre is required per Corona Municipal Code Section 3.36.030 and must be paid prior to building permit issuance.16. Groves and weed abatement shall be maintained so as not to pose a fire hazard until time of development.17. A specific address, assigned by the City of Corona, shall be provided for each building as specified by the fire department address standard which can be obtained at the fire department counter at City Hall. Address must be illuminated during all hours of darkness.18. This project is located within the City's very-high fire hazard severity zone, show 2016 California Building Code Chapter 7A. Reference can be made to Wildland Urban Interface products at the office of the State Fire Marshal at www.osfm.fire.ca.gov	

Project Conditions

City of Corona

PLANNING	Sandra Yang
<ol style="list-style-type: none"> 1. The project shall comply with all applicable requirements of the Corona Municipal Code (CMC) and ordinances and the relevant Specific Plan, if any, including the payment of all required fees. 2. The applicant or his successor in interest shall comply with the following mitigation measures established in the Skyline Heights Environmental Impact Report. 3. To the fullest extent permitted by law, the applicant shall defend, indemnify and hold the City of Corona and its directors, officials, officers, employees, volunteers and agents free and harmless from any and all claims, demands, causes of action, proceedings, costs, expenses, liabilities, losses, damages or injuries of any kind, in law or equity, in any manner arising out of, pertaining to, or incident to any attack against or attempt to challenge, set aside, void or annul any approval, decision or other action of the City of Corona, whether such approval, decision or other action was by its City Council, Planning and Housing Commission or other board, director, official, officer, employee, volunteer or agent. To the extent that Government Code Section 66474.9 applies, the City will promptly notify the applicant of any claim, action or proceeding made known to the City to which Government Code Section 66474.9 applies and the City will fully cooperate in the defense. The Applicant's obligations hereunder shall include, without limitation, the payment of any and all damages, consultant and expert fees, and attorney's fees and other related costs and expenses. The City shall have the right to retain such legal counsel as the City deems necessary and appropriate. 4. Nothing herein shall be construed to require City to defend any attack against or attempt to challenge, set aside, void or annul any such City approval, decision or other action. If at any time Applicant chooses not to defend (or continue to defend) any attack against or attempt to challenge, set aside, void or annul any such City approval, decision or other action, the City may choose, in its sole discretion, to defend or not defend any such action. In the event that the City decides not to defend or continue the defense, Applicant shall be obligated to reimburse City for any and all costs, fees, penalties or damages associated with dismissing the action or proceeding. If at any time both the Applicant and the City choose not to defend (or continue to defend) any action noted herein, all subject City approvals, decisions or other actions shall be null and void. The Applicant shall be required to enter into any reimbursement agreement deemed necessary by the City to effectuate the terms of this condition. 5. The project is subject to Riverside County's MSHCP fee at the applicable rate. This fee is payable at time of building permit issuance. 6. PM 37588 shall comply with the conditions of approval for TTM 36544 (Skyline Heights) as applicable. 	
PUBLIC WORKS	Chris Horn
<ol style="list-style-type: none"> 1. The Public Works and the Departments of Water and Power, Maintenance and Parks and Landscaping Conditions of Approval for the subject application shall be completed at no cost to any government agency. All questions regarding the intent of the conditions shall be referred to the Public Works Department Land Development Section. Should a conflict arise between City of Corona standards and design criteria and any other standards and design criteria, City of Corona standards and design criteria shall prevail. 2. The developer shall comply with the State of California Subdivision Map Act and all applicable City ordinances and resolutions. 3. Prior to recordation or issuance of grading permit, the applicant shall demonstrate to the satisfaction of the Public Works Director that the proposed subdivision will not unreasonably interfere with the use of any easement holder of the property. 4. All improvement and grading plans shall be drawn on twenty-four (24) inch by thirty-six (36) inch Mylar and signed by a registered civil engineer or other registered/licensed professional as required. 5. The submitted parcel map shall correctly show all existing easements, traveled ways, and drainage courses. Any omission or misrepresentation of these documents may require said parcel map to be resubmitted for further consideration. 6. Prior to map recordation, Phase II of Tract Map 36544 as shown on the 2019 substantial conformance map shall be recorded. 7. Prior to map recordation, the improvements required with Tract Map 36544 to support this development shall be constructed to the satisfaction of the Public Works Director, including but not limited to the street, water, sewer, drainage and water quality treatment facilities. Otherwise, the developer shall construct or guarantee construction of all required improvements prior to recordation of the Parcel Map because the construction of the improvements is a necessary prerequisite to the orderly development of the surrounding area. 	

Project Conditions

City of Corona

PUBLIC WORKS	Chris Horn
	<p>8. All conditions of approval shall be satisfied and the final parcel map prepared and accepted by the City for recordation within 24 months of its approval, unless an extension is granted by the City Council.</p> <p>9. In the event that off-site right-of-way or easements are required for the City of Corona master plan facilities to comply with these conditions of approval, the developer is required to secure such right-of-way or easements at no cost to the City.</p> <p>10. Prior to map recordation, an off-site easement for maintenance access purposes shall be dedicated for Lot "A" as shown for reference on the Parcel Map exhibit. If no off-site easement can be obtained, the developer shall provide maintenance access through Parcels 1 and 2 to the satisfaction of the Public Works Director.</p> <p>11. All existing and new utilities adjacent to and on-site shall be placed underground in accordance with City of Corona ordinances.</p> <p>12. Prior to issuance of a Certificate of Occupancy, the developer shall cause the engineer of record to submit project base line work for all layers in AutoCAD DXF format on Compact Disc (CD) to the Public Works Department. If the required files are unavailable, the developer shall pay a scanning fee to cover the cost of scanning the as-built plans.</p> <p>13. The developer shall monitor, supervise and control all construction and construction related activities to prevent them from causing a public nuisance including, but not limited to, insuring strict adherence to the following:</p> <ul style="list-style-type: none"> (a) Removal of dirt, debris or other construction material deposited on any public street no later than the end of each working day. (b) Construction operations, including building related activities and deliveries, shall be restricted to Monday through Saturday from 7:00 a.m. to 8:00 p.m., excluding holidays, and from 10:00 a.m. to 6:00 p.m. on Sundays and holidays, in accordance with City Municipal Code 15.04.060, unless otherwise extended or shortened by the Public Works Director or Building Official. (c) The construction site shall accommodate the parking of all motor vehicles used by persons working at or providing deliveries to the site. <p>Violation of any condition or restriction or prohibition set forth in these conditions shall subject the owner, applicant, developer or contractor(s) to remedies as noted in the City Municipal Code. In addition, the Public Works Director or Building Official may suspend all construction related activities for violation of any condition, restriction or prohibition set forth in these conditions until such time as it has been determined that all operations and activities are in conformance with these conditions.</p> <p>14. Prior to map recordation, the development shall join the Tract Map 36544 homeowner's association (HOA) and amend the Covenants, Conditions and Restrictions (CC&R's) as required. The HOA shall be responsible for maintaining all private streets, common areas including Lot "A", and common private utilities. The association documents, including any necessary Covenants, Conditions and Restrictions (CC&R's), shall be subject to the review and approval of the Public Works Department and shall be recorded concurrently.</p> <p>15. Prior to map recordation, the developer shall finish the construction or post security guaranteeing the construction of all public improvements. Said improvements shall include, but are not limited to, the following:</p> <ul style="list-style-type: none"> a) All required street facilities. b) All required drainage and water treatment facilities. c) All required grading, including erosion control. d) All required sewer, water and reclaimed water facilities. e) All required landscaping. <p>16. All the grading design criteria shall be per City of Corona standards, Corona Municipal Code Title 15 Chapter 15.36 and City Council Ordinance Number 2568, unless otherwise approved by the Public Works Director.</p> <p>17. Prior to approval of grading plans, the applicant shall submit two (2) copies of a soils and geologic report prepared by a Registered Engineer to the Public Works Department Land Development Section. The report shall address the soil's stability and geological conditions of the site. If applicable, the report shall also address: deep seated and surficial stability of existing natural slopes; modified natural slopes which are subject to fuel zones; manufactured slopes and stability along proposed daylight lines; minimum required setbacks from structures; locations and length of proposed bench drains, sub-drains or french drains; and any other applicable data necessary to adequately analyze the proposed development.</p> <p>18. Prior to approval of Grading Plans, the developer shall submit a Geologic Fault Investigation for the site including trenching to investigate any active faults on the site and show the proposed fault setback limits. The grading plans shall incorporate any findings and recommended actions resulting from the investigation.</p>

PUBLIC WORKS	Chris Horn
	<ol style="list-style-type: none"> 19. Prior to approval of grading plans, erosion control plans and notes shall be submitted and approved by the Public Works Department Land Development Section. 20. Prior to approval of grading plans, the applicant shall obtain a General Construction Activity Storm Water Permit from the State Water Resources Control Board in compliance with National Pollutant Discharge Elimination System (NPDES) requirements. Proof of filing a Notice of Intent (NOI) will be required by the City. The WDID # shall be displayed on the title sheet of the grading plans. 21. Prior to approval of grading plans, the applicant shall comply with the Federal Clean Water Act and shall prepare a Storm Water Pollution Prevention Plan (SWPPP) if required. The SWPPP shall be available at the project site for review. 22. Prior to issuance of grading permit or construction of any improvements, a letter will be required from a qualified botanist, plant taxonomist or field biologist specializing in native plants, stating that an investigation and/or eradication of scale broom weed (<i>Lepidospartum Squamatum</i>) has been completed. 23. Prior to the issuance of a grading permit the developer shall submit recorded slope easements or written letters of permission from adjacent landowners in all areas where grading is proposed to take place outside of the project boundaries. 24. Prior to issuance of building permits, the developer shall cause the civil engineer of record and soils engineer of record for the approved grading plans to submit pad certifications and compaction test reports for the subject lots where building permits are requested. 25. Prior to release of grading security, the developer shall cause the civil engineer of record for the approved grading plans to submit a set of as-built grading plans with respect to Water Quality Control facilities. 26. Prior to issuance of any grading permit, any environmental Phase I and Phase II findings and recommended actions to remove contamination resulting from previous use of the subject site shall be implemented. 27. All City of Corona NPDES permit requirements for NPDES and Water Quality Management Plans (WQMP) shall be met per Corona Municipal Code Title 13 Chapter 13.27 and City Council Ordinance Numbers 2291 and 2828 unless otherwise approved by the Public Works Director. 28. Prior to the issuance of a grading permit, the grading plans shall be prepared in substantial conformance with the Final WQMP for Tract Map 36544, or a revision to the WQMP shall be submitted to the Public Works Land Development Section for approval. Upon its final approval, the applicant shall submit one copy on a CD-ROM in PDF format. 29. Prior to the issuance of the first Certificate of Occupancy, the applicant shall record Covenants, Conditions and Restrictions (CC&R's) or enter into an acceptable maintenance agreement with the City to inform future property owners to implement the approved WQMP. 30. Prior to issuance of the first Certificate of Occupancy, the applicant shall provide proof of notification to the future homeowners and/or occupants of all non-structural BMPs and educational and training requirements for said BMPs as directed in the approved WQMP. 31. Prior to issuance of Certificate of Occupancy, the applicant shall ensure all required structural post construction BMPs identified in the approved Final WQMP for Tract Map 36544 are constructed and operational to the satisfaction of the Public Works Director. 32. All the drainage design criteria shall be per City of Corona standards and the Riverside County Flood Control and Water Conservation District standards unless otherwise approved by the Public Works Director. 33. Prior to map recordation or approval of any grading or improvement plans, the applicant shall submit a detailed hydrology study. Said study shall include the existing, interim and the ultimate proposed hydrologic conditions including key elevations, drainage patterns and proposed locations and sizes of all existing and proposed drainage devices. The hydrology study shall present a full breakdown of all the runoff generated on- and off-site.

Project Conditions

City of Corona

PUBLIC WORKS

Chris Horn

34. Prior to map recordation or approval of grading or any improvement plans, the grading and improvement plans submitted by the applicant shall address the following:
 - a) The project drainage design shall be designed to accept and properly convey all on- and off-site drainage flowing on or through the site.
 - b) The project drainage system design shall protect downstream properties from any damage caused by alteration of drainage patterns such as concentration or diversion of flow.
 - c) All residential lots shall drain toward the street. Lot drainage to the street shall be by side yard swales independent of adjacent lots or by an underground piping system.
 - d) All drainage facilities in/on private property or private streets shall be privately maintained, unless otherwise approved by the Public Works Director.
35. Street design criteria and cross sections shall be per City of Corona standards, approved Specific Plan design guidelines and the State of California Department of Transportation Highway Design Manual unless otherwise approved by the Public Works Director.
36. Prior to map recordation or approval of improvement plans, improvement plans submitted for Tract Map 36544 or by the applicant shall include the following:
 - a) All driveways shall conform to the applicable City of Corona standards.
 - b) Under grounding of existing and proposed utility lines.
 - c) Street lights.
 - d) All other public improvements shall conform to City of Corona standards.
37. Prior to approval of improvement plans, the improvement plans shall show all the streets to be improved to half width plus ten (10) additional feet unless otherwise approved by the Public Works Director. At the discretion of the applicant, the existing pavement maybe cored to confirm adequate section and R values during the design process and any findings shall be incorporated into the project design. Therefore improvements may include full pavement reconstruction, grind and overlay, or slurry seal. All striping shall be replaced in kind.
38. Prior to release of public improvement security, the developer shall cause the civil engineer of record for the approved improvement plans to submit a set of as-built plans for review and approval by the Public Works Department.
39. Prior to acceptance of improvements, the Public Works Director may determine that aggregate slurry, as defined in the Standard Specifications for Public Works Construction, may be required one year after acceptance of street(s) by the City if the condition of the street(s) warrant its application. All striping shall be replaced in kind. The applicant is the sole responsible party for the maintenance of all the improvements until said acceptance takes place.
40. All the potable water, reclaimed water, and sewer design criteria shall be per City of Corona Department of Water and Power standards and Riverside County Department of Health Services Standards unless otherwise approved by the Public Works and Department of Water and Power Directors.
41. Prior to improvement plans approval, the applicant shall ensure that all water meters, fire hydrants or other water appurtenances shall not be located within a drive aisle or path of travel.
42. Prior to issuance of any building permits, the developer shall pay all water and sewer fees, including but not limited to connection fees, wastewater treatment fees, sewer capacity fees and all other appropriate water and sewer fees.
43. Prior to map recordation, the water and sewer improvements required with Tract Map 36544 to support this development shall be constructed to the satisfaction of the Public Works Director and-or Department of Water and Power General Manager, otherwise the applicant shall construct or guarantee the construction of all required public improvements including but not limited to, the potable water line, sewer line, reclaimed water line, potable water services, sewer laterals, reclaimed water services, double detector check assemblies and reduced pressure principle assemblies within the public right of way and-or easements.
44. The applicant shall dedicate easements for all public water, reclaimed water, and sewer facilities needed to serve the project in accordance the Department of Water and Power standards. The minimum easement width shall be 20 feet for one utility and 30 feet for more than one public utility facility. All public water and sewer facilities shall be provided a minimum 20 foot wide paved access road unless otherwise approved by the General Manager. Structures and trees shall not be constructed or installed within a public utility easement.

Project Conditions

City of Corona

PUBLIC WORKS	Chris Horn
<p>45. Prior to map recordation, the applicant shall dedicate private utility easements in favor of parcels where private water and/or sewer services are installed on adjacent properties.</p> <p>46. Fire Hydrants shall be a maximum 250-300 feet apart or as directed by the Fire Department.</p> <p>47. Manhole rim elevations shall be lower than all pad elevations immediately downstream. Otherwise a back flow prevention valve will be required.</p> <p>48. Static pressures exceeding 80 psi require an individual pressure regulator.</p> <p>49. Reclaimed water shall be used for any construction activity unless otherwise approved by the Department of Water and Power General Manager or their designee. Prior to obtaining a reclaimed construction meter from the City, a Reclaimed Water Application shall be submitted for the contractor to receive certification to handle reclaimed water.</p> <p>50. The applicant shall provide a separate irrigation water service for all HOA landscaped lots or easements.</p> <p>51. The developer shall install automatic irrigation to all street trees separated from adjacent residences by a fence or wall prior to the issuance of a Certificate of Occupancy.</p> <p>52. Prior to map recordation the applicant shall annex this project into a City of Corona Community Facilities District (CFD) 2016-1 (Public Services) and 2016-3 (Maintenance Services). All assessable parcels therein shall be subject to annual CFD charges (special taxes or assessments). The developer shall be responsible for all costs incurred during annexation into the CFDs.</p> <p>53. Prior to map recordation the applicant shall prepare a disclosure statement indicating that the property is within a Community Facilities District and/or Landscape Maintenance District, and a Home Owners Association (with CC&Rs), and will be subject to an annual levy. The disclosure statement is subject to the review and approval of the Public Works Department and shall be recorded concurrently with the final map.</p> <p>54. Prior to issuance of a Certificate of Occupancy, all proposed parkway, slope maintenance, and/or median landscaping specified in the Parcel Map application or in these Conditions of Approval shall be constructed.</p> <p>55. Prior to the issuance of a Certificate of Occupancy, any damage to existing landscape easement areas due to project construction shall be repaired or replaced by the developer, or developer's successors in interest, at no cost to the City of Corona.</p> <p>56. Prior to map recordation, issuance of a building permit and/or issuance of a Certificate of Occupancy, the applicant shall pay all development fees, including but not limited to Development Impact Fees (DIF) per City Municipal Code 16.23 and Transportation Uniform Mitigation Fees (TUMF) per City Municipal Code 16.21. Said fees shall be collected at the rate in effect at the time of fee collection as specified by the current City Council fee resolutions and ordinances.</p>
