City of Corona
Investment Portfolio Report
Month Ending March 31, 2023

In accordance with the City Investment Policy, a monthly investment report shall be filed with the City Council which provides a clear picture of the status of the current investments. The report for the month ending March 31, 2023 has been prepared by Chandler Asset Management. We hereby certify that this report accurately reflects all pooled investments and is in compliance with the City's Investment Policy. Combined with anticipated revenues, the portfolio contains sufficient investment liquidity to meet budgeted expenditures for the next six months.

Important Disclosures

Chandler Asset Management, Inc. (“Chandler”) is an SEC registered investment adviser. For additional information about our firm, please see our current disclosures (Form ADV). To obtain a copy of our current disclosures, you may contact your client service representative by calling the number on the front of this statement or you may visit our website at www.chandlerasset.com.

Information contained in this monthly statement is confidential and is provided for informational purposes only and should not be construed as specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of this statement, but may become outdated or superseded at any time without notice.

Custody: Your qualified custodian bank maintains control of all assets reflected in this statement and we urge you to compare this statement to the one you receive from your qualified custodian. Chandler does not have any authority to withdraw or deposit funds from/to the custodian account.

Valuation: Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance: Performance results are presented gross-of-advisory fees and represent the client’s Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Source ice Data Indices, LLC ("ICE"), used with permission. ICE PERMITS USE OF THE ICE INDICES AND RELATED DATA ON AN "AS IS" BASIS; ICE, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY SUPPLIERS DISCLAIM ANY AND ALL WARRANTIES AND REPRESENTATIONS, EXPRESS AND/OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE, INCLUDING THE INDICES, INDEX DATA AND ANY DATA INCLUDED IN, RELATED TO, OR DERIVED THEREFROM. NEITHER ICE DATA, ITS AFFILIATES OR THEIR RESPECTIVE THIRD PARTY PROVIDERS GUARANTEE THE QUALITY, ADEQUACY, ACCURACY, TIMELINESS OR COMPLETENESS OF THE INDICES OR THE INDEX DATA OR ANY COMPONENT THEREOF, AND THE INDICES AND INDEX DATA AND ALL COMPONENTS THEREOF ARE PROVIDED ON AN "AS IS" BASIS AND LICENSEE'S USE IS AT LICENSEE'S OWN RISK. ICE DATA, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY DO NOT SPONSOR, ENDORSE, OR RECOMMEND CHANDLER, OR ANY OF ITS PRODUCTS OR SERVICES.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Ratings: Ratings information have been provided by Moody’s, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities (“MBS”) reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody’s and Fitch respectively.

Benchmark Index & Disclosures

Benchmark Index	Disclosure
ICE BofA 1-5 Yr US Treasury & Agency Index	The ICE BofA 1-5 Year US Treasury & Agency Index tracks the performance of US dollar denominated US Treasury and nonsubordinated US agency debt issued in the US domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch). Qualifying securities must have at least one year remaining term to final maturity and less than five years remaining term to final maturity, at least 18 months to maturity at time of issuance, a fixed coupon schedule, and a minimum amount outstanding of $1 billion for sovereigns and $250 million for agencies.

Important Disclosures

Chandler Asset Management, Inc. (“Chandler”) is an SEC registered investment adviser. For additional information about our firm, please see our current disclosures (Form ADV). To obtain a copy of our current disclosures, you may contact your client service representative by calling the number on the front of this statement or you may visit our website at www.chandlerasset.com.

Information contained in this monthly statement is confidential and is provided for informational purposes only and should not be construed as specific investment or legal advice. The information contained herein was obtained from sources believed to be reliable as of the date of this statement, but may become outdated or superseded at any time without notice.

Custody: Your qualified custodian bank maintains control of all assets reflected in this statement and we urge you to compare this statement to the one you receive from your qualified custodian. Chandler does not have any authority to withdraw or deposit funds from/to the custodian account.

Valuation: Prices are provided by IDC, an independent pricing source. In the event IDC does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance: Performance results are presented gross-of-advisory fees and represent the client’s Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Source ice Data Indices, LLC ("ICE"), used with permission. ICE PERMITS USE OF THE ICE INDICES AND RELATED DATA ON AN "AS IS" BASIS; ICE, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY SUPPLIERS DISCLAIM ANY AND ALL WARRANTIES AND REPRESENTATIONS, EXPRESS AND/OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE, INCLUDING THE INDICES, INDEX DATA AND ANY DATA INCLUDED IN, RELATED TO, OR DERIVED THEREFROM. NEITHER ICE DATA, ITS AFFILIATES OR THEIR RESPECTIVE THIRD PARTY PROVIDERS GUARANTEE THE QUALITY, ADEQUACY, ACCURACY, TIMELINESS OR COMPLETENESS OF THE INDICES OR THE INDEX DATA OR ANY COMPONENT THEREOF, AND THE INDICES AND INDEX DATA AND ALL COMPONENTS THEREOF ARE PROVIDED ON AN "AS IS" BASIS AND LICENSEE'S USE IS AT LICENSEE'S OWN RISK. ICE DATA, ITS AFFILIATES AND THEIR RESPECTIVE THIRD PARTY DO NOT SPONSOR, ENDORSE, OR RECOMMEND CHANDLER, OR ANY OF ITS PRODUCTS OR SERVICES.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Ratings: Ratings information have been provided by Moody’s, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities (“MBS”) reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody’s and Fitch respectively.

Benchmark Index & Disclosures

Benchmark Index	Disclosure
Multi Asset Class Index*	The S&P 500 is a market value weighted index of 500 large-capitalization stocks. The 500 companies included in the index capture approximately 80% of available US market capitalization. The MSCI EAFE International Equity Index is a market capitalization weighted index that captures international equity performance of large- and mid-cap stocks in the developed stock markets of Europe, Australasia, and the Far East. The ICE BofA US Corporate, Government & Mortgage Index tracks the performance of US dollar denominated investment grade debt publicly issued in the US domestic market, including US Treasuries, quasi-governments, corporates, covered bonds and residential mortgage pass-throughs. Non-residential mortgage collateralized debt such as commercial mortgage backed securities and asset backed securities are excluded from this index, as are all collateralized mortgage obligations. Most qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch). They must also have at least one year remaining term to final maturity, at least 18 months to final maturity at point of issuance and a fixed coupon schedule. Amounts outstanding for qualifying US Treasuries must be at least $1 billion; US agencies, foreign governments, supranationals, corporates and covered bonds must have at least $250 million outstanding. Qualifying residential mortgage pass-through securities include fixed rate securities publicly issued by US agencies. 30-year, 20-year and 15-year fixed rate mortgage pools must have at least one year remaining term to final maturity and a minimum amount outstanding of at least $5 billion per generic coupon and $250 million per production year within each generic coupon.

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/03/2023

TO: Honorable Mayor and City Council Members

FROM: Planning & Development Department

SUBJECT:
ORDINANCE AMENDING SECTIONS 15.12.020 AND 15.20.020 OF THE CORONA MUNICIPAL CODE TO DELETE CERTAIN APPENDICES ADOPTED BY REFERENCE AS PART OF THE 2022 CALIFORNIA FIRE CODE AND THE 2022 CALIFORNIA PLUMBING CODE

EXECUTIVE SUMMARY:
This staff report asks Council to consider the approval of Ordinance No. 3370, which amends Sections 15.12.020 and 15.20.020 of the Corona Municipal Code to delete references to certain Appendices in the 2022 California Fire Code and the 2022 California Plumbing Code. The appendices to be deleted were not adopted by any state agency and, thus, are not part of the California Building Standards Code unless adopted by a local agency based upon specific local climatic, geological or topographical conditions. Since there are no climatic, geological or topographical conditions in the City that would support the adoption of the appendices, the reference to these appendices in Sections 15.12.020 and 15.20.020 should be deleted.

RECOMMENDED ACTION:
That the City Council introduce, by title only, and waive full reading of Ordinance No. 3370, first reading of an ordinance amending Sections 15.12.020 and 15.20.020 to delete certain appendices adopted by reference as part of the 2022 California Fire Code and the 2022 California Plumbing Code.

BACKGROUND & HISTORY:
The California Building Standards Code is published in its entirety every three years by order of the California Legislature. The California Building Standards Commission recently adopted new model codes with amendments, and the 2022 California Building Standards Code became effective throughout the State on January 1, 2023.

State law mandates that local governments enforce the regulations of the California Building Standards Code and amend local ordinances for conformity. On December 7, 2022, the City of Corona adopted the 2022 California Building Standards Code by reference pursuant to Ordinance No. 3357, which amended Title 15 of the Corona Municipal Code (CMC) to incorporate the Building Code, Residential Code, Fire Code, Plumbing Code, Mechanical Code, Electrical Code, Historical Building Code, Existing Building Code, Energy Code, and Green Building Standards Code. Ordinance No. 3357 also contained certain local amendments that are considered reasonably necessary because of local climatic, geological, or topographical conditions.

Revisions or additions to the California Building Standards Code may be made by a City or County provided that such revisions or additions are more restrictive than the standards contained in the code and must include findings that the changes are reasonably necessary due to local climatic, geological, or topographical conditions.

ANALYSIS:
Title 15 of the CMC includes the adoption by reference of certain appendices of the California Building Standards Code (CBSC). Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code were not adopted by any state agency and are not considered part of the California Building Standards. Appendices not adopted by any state agency may be adopted by a local agency provided that express findings are made that the standards are reasonably necessary due to local climatic, geological, or topographical conditions and that the standards are more restrictive than those adopted by state agencies.

Pursuant to Health & Safety Code Section 17958.7, the Building Standards Commission (BSC) is authorized to review the code filings of jurisdictions throughout the state. The BSC did not accept the City's filing of the 2022 CBSC on the basis that adequate findings were not made with respect to the adoption of Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code. The above appendices, which were adopted by reference within Title 15 of the CMC, were intended either as informational guidelines, administrative in nature, or optional design standards, which generally do not require findings. For this reason, staff did not believe that findings were necessary since the appendices were more administrative, as opposed to substantive, in nature.

Staff has confirmed that the subject matter of the above appendices are addressed in other chapters of the California Building Standards Code and, as such, do not need to be adopted by reference within Title 15 of the CMC. The attached ordinance amending Sections 15.12.020 and 15.20.020 to delete references to Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code has been reviewed and accepted by the BSC.

FINANCIAL IMPACT:
The adoption of this ordinance will have no fiscal impact on the budget.

ENVIRONMENTAL ANALYSIS:
This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is

covered by the commonsense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The recommended action involves a minor amendment to the CMC to delete references to appendices that were not adopted by any state agency and are not part of the California Building Standards Code. Therefore, there is no possibility that this action will have a significant effect on the environment and no environmental analysis is required.

PREPARED BY: CHRIS MILOSEVIC, BUILDING OFFICIAL

REVIEWED BY: JOANNE COLETTA, PLANNING & DEVELOPMENT DIRECTOR

2. Exhibit 2 - Ordinance No. 3370 Redline version

ORDINANCE NO. 3370

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CORONA AMENDING SECTIONS 15.12.020 AND 15.20.020 OF THE CORONA MUNICIPAL CODE TO DELETE CERTAIN APPENDICES ADOPTED BY REFERENCE AS PART OF THE 2022 CALIFORNIA FIRE CODE AND THE 2022 CALIFORNIA PLUMBING CODE.

WHEREAS, Government Code Section 50022, et seq. and California Health & Safety Code Section 17922 empower the City of Corona ("City") to adopt by reference the California Building Standards Code as provided in Title 24 of the California Code of Regulations; and

WHEREAS, on December 7, 2022, pursuant to Ordinance No. 3357, the City Council of the City of Corona amended various chapters of Title 15 of the Corona Municipal Code ("CMC") to adopt, by reference, the 2022 California Building Standards Code, which includes the Building Code, Residential Code, Fire Code, Plumbing Code, Mechanical Code, Electrical Code, Historical Building Code, Existing Building Code, Energy Code, and Green Building Standards Code, along with certain local amendments that are reasonably necessary because of local climatic, geological or topographical conditions; and

WHEREAS, as part of the adoption of the 2022 California Building Standards Code, the City Council adopted Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code; and

WHEREAS, Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code were not adopted by any state agency and, thus, are not part of the 2022 California Building Standards Code; and

WHEREAS, California Health & Safety Code, Sections 17958.5 and 18941.5 authorize cities and counties to modify the California Building Standards Code by adopting more restrictive standards and modifications if such standards and modifications are accompanied by express findings that they are reasonably necessary because of local climatic, geological or topographical conditions; and

WHEREAS, Ordinance No. 3357 did not include express findings that the adoption of Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code were necessary due to local climatic, geological, or topographical conditions because said appendices were intended either as informational guidelines, administrative in nature, or optional design standards, which generally do not require such findings; and

WHEREAS, the California Building Standards Commission, which reviews the California Building Standards Code filings of jurisdictions throughout the state, determined that the adoption of Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code requires express findings that they are reasonably necessary because of local climatic, geological or topographical conditions; and

WHEREAS, the subject matter of Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code are adequately addressed in other chapters of the California Building Standards Code, which were adopted and incorporated within Title 15 of the CMC; and

WHEREAS, it is unnecessary to include Appendix M of the 2022 California Plumbing Code and Appendices E, F, G, and O of the 2022 California Fire Code within Title 15 of the CMC; and

WHEREAS, any and all other legal prerequisites relating to the adoption of this Ordinance have occurred.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CORONA DOES ORDAIN AS FOLLOWS:

SECTION 1. Section 15.12.020 (Code Adoption) of Chapter 15.12 (Fire Code) of Title 15 (Buildings and Construction) is hereby amended, in its entirety, to read as follows:

"**15.12.020 Code adoption.**

(A) Subject to the particular additions, amendments and deletions set forth in this chapter, all the rules, regulations, provisions and conditions set forth in that certain document being marked and designated as the 2022 California Fire Code, and that certain document being marked and designated as the 2021 International Fire Code, with errata, and including the following appendices, are hereby adopted as the Fire Code for the City of Corona:

(1) Appendix Chapter 4.

(2) Appendices B and C.

(3) Appendices A, BB, CC, D, E, F, G, H, I, J, K, L, M, N, O, and P are not adopted.

(4) In addition, Chapter 3 and Sections 403.11, 503, 510, 1103.2 and 5707, which were excluded in the 2022 California Fire Code, are hereby adopted and included in the Fire Code for the City of Corona.

(B) One certified copy of each of the 2022 California Fire Code and 2021 International Fire Code are on file in the office of the Building Official, and any and all references thereto, are adopted as the Fire Code and each and all

of the regulations, provisions, penalties, conditions and terms thereof are referred to, adopted and made a part of this chapter, as though fully set forth at length."

SECTION 2. Section 15.20.020 (Code Adoption) of Chapter 15.12 (Plumbing Code) of Title 15 (Buildings and Construction) is hereby amended, in its entirety, to read as follows:

"**15.20.020 Code adoption.**

(A) Subject to the particular additions, amendments and deletions set forth in this chapter, all the rules, regulations, provisions and conditions set forth in that certain document being marked and designated as the 2022 California Plumbing Code, California Code of Regulations Title 24, Part 5, including any supplements, errata, and revisions made thereto, and including the following specifically identified appendices and portions thereof, are hereby adopted as the Plumbing Code of the City of Corona:

(1) Chapter 1 Division II is not adopted as part of this code.

(2) Appendices A, B, D, H, and I are adopted as part of this code.

(3) Appendices C, E, F, G, J, K, L, M and N are not adopted as part of this code.

(B) One certified copy of the 2022 California Plumbing Code shall be kept on file in the office of the Building Official, and any and all references thereto, are adopted as the Plumbing Code of the City of Corona and each and all of the regulations, provisions, penalties, conditions and terms thereof are referred to, adopted and made a part of this chapter, as though fully set forth at length."

SECTION 3. CEQA. The City Council finds that the adoption of the California Building Standards Code and the amendments proposed herein are exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This Ordinance involves a minor amendment to the CMC to delete references to appendices that were not adopted by any state agency and are not part of the California Building Standards Code. Therefore, there is no possibility that adopting this Ordinance will have a significant effect on the environment and no further environmental analysis is required.

SECTION 4. Severability. If any section, subsection, subdivision, paragraph, sentence, clause or phrase added by this Ordinance, or any part thereof, is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision

shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part thereof. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more subsections, subdivisions, paragraphs, sentences, clauses or phrases are declared unconstitutional, invalid or ineffective.

SECTION 5. Certification/Publication. The Mayor shall sign this Ordinance and the City Clerk shall attest thereto and shall within fifteen (15) days of its adoption cause it, or a summary of it, to be published in a general circulation newspaper in the City of Corona. This Ordinance shall take effect and be in force 30 days after its adoption.

PASSED, APPROVED AND ADOPTED this 17th day of May, 2023.

_____
Mayor of the City of Corona, California

ATTEST:

_____
City Clerk of the City of Corona, California

CERTIFICATION

I, Sylvia Edwards, City Clerk of the City of Corona, California, do hereby certify that the foregoing Ordinance was regularly introduced at a regular meeting of the City Council of the City of Corona, California duly held the 3rd day of May, 2023 and thereafter at a regular meeting held on the 17th day of May, 2023, it was duly passed and adopted by the following vote:

AYES:

NOES:

ABSENT:

ABSTAINED:

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of Corona, California, this 17th day of May, 2023.

[SEAL]

File #: 23-0445

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/17/2023

TO: Honorable Mayor and City Council Members

FROM: Fire Department

SUBJECT:
SERVICE AGREEMENT BETWEEN THE CITY OF CORONA AND TABLET COMMAND, INC. FOR THE CORONA FIRE DEPARTMENT

EXECUTIVE SUMMARY:
This staff report asks the City Council to approve the agreement with Tablet Command, Inc., a mobile incident command and response software solution for the Corona Fire Department. This agreement is $46,300 for year one and $34,800 annually each subsequent year.

RECOMMENDED ACTION:
That the City Council:

a. Approve the Service Agreement between the City of Corona and Tablet Command, Inc.

b. Authorize the City Manager, or his designee, to execute the Service Agreement between the City of Corona and Tablet Command, Inc.

c. Make a determination under Corona Municipal Code Section 3.08.140(B) that there is no competitive market based upon the reasons provided in the "Basis for Determination of Competitive Bidding" section of this report.

d. Authorize an appropriation of $34,800 from the Measure X Fund 120 to the Fire Department's operating budget in Fiscal Year 2024.

BACKGROUND & HISTORY:
The Corona Fire Department released the results of a Standards of Coverage study conducted by Citygate Associates on November 22, 2019. The study revealed that 9-1-1 call processing in the City

of Corona took longer than the recommended nationwide best practices. Since then, the Fire Department has addressed the finding by contracting with the Ontario Fire Department for 9-1-1 call processing and dispatch services. The City Council approved the contract with the Ontario Fire Department for 9-1-1 call processing and dispatch services in February of 2022. The final dispatch cutover to Ontario is anticipated in July 2023. Tablet Command is an essential software solution that will make migrating to Ontario Fire dispatch possible.

Tablet Command is a cloud-based incident and emergency management software platform designed for public safety agencies, such as fire departments, police departments, and EMS organizations. It allows first responders to receive and respond to real-time dispatch information, track and manage resources, and communicate with team members and other agencies. With Tablet Command, emergency personnel can access critical information such as maps, building layouts, and hazardous materials data from their mobile devices, enabling them to make more informed decisions in the field. Overall, Tablet Command aims to streamline emergency response, improve communication and coordination, and ultimately enhance public safety.

ANALYSIS:

The transition to Ontario Fire Department dispatch began with Emergency Medical Dispatch (EMD) services in March 2022. In the first year of EMD services, Ontario Fire Dispatch spent 429 hours providing emergency medical directions to Corona's residents (7,579 calls in total). Full transition of dispatch services is anticipated for July 2023.

While working towards the transition of dispatch services, staff discovered the Tablet Command software and its associated technology would improve the fire department's efficiency and capabilities of the Computer Aided Dispatch (CAD) programs. Table Command is a widely used software solution throughout the industry as a mechanism to enhance interoperability. All of the functionality offered by Tablet Command and its enhancements will transition seamlessly from the legacy CAD to the future CAD, allowing access by fire department personnel. By adding this software solution, the fire department can more quickly transition to a more cost-effective iOS and Android tablet based system rather than the traditional ruggedized laptop computers.

Tablet Command also supports situational awareness by displaying a list of active incidents and providing push notifications to fire department users. Users can receive navigation instructions for routing to the incident and critical notes about the incident from the CAD incident view, further enhancing public safety services and emergency response. These capabilities will improve public safety service and reduce emergency response for our residents.

BASIS FOR DETERMINATION OF COMPETITIVE BIDDING

Staff believes that no competitive market exists and that an exception to competitive bidding is warranted pursuant to Corona Municipal Code (CMC) Section 3.08.140 (B), which states as follows:

"No competitive market. When the purchasing agent and the authorized contracting party, with the approval of the City Manager, determines in accordance with applicable law, that a competitive market does not exist and that no competitive advantage will be gained by the public bidding

process."

Tablet Command, Inc. is the sole provider in the market space providing an iOS application used as a mobile incident command, resource management, and accountability solution that integrates through a direct interface with CAD systems. Tablet Command is the only solution provider that supports automatic vehicle location sharing across jurisdictional boundaries. They are also the only provider that supports shared incident management view and transfer of command between authenticated users. There are no other comparable products to Tablet Command in the marketplace.

FINANCIAL IMPACT:
Funding for the initial start-up costs of $46,300 is available in the Fire Department's Fiscal Year 2023 operating budget. This one-time start-up fee covers onboarding, licensing, administrative access, updates, and support for the first year of service. Approval of the recommended actions will result in an appropriation of $34,800 from the Measure X Fund 120 to the Fire Department's Fiscal Year 2024 operating budget for annual service fees. Future recurring annual costs will be requested during the City's budget process.

ENVIRONMENTAL ANALYSIS:
This action is exempt pursuant to Section 15061 (b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the commonsense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the action is not subject to CEQA. This action is to approve a software service agreement, and there is no possibility that approving this project will have a significant effect on the environment. Therefore, no environmental analysis is required.

Tablet Command
Service Agreement

This Agreement ("**Agreement**") is entered into as of _____ ("Effective Date") by and between **Tablet Command, Inc.,** (the "**Company**"), and City of Corona (the "**Customer**"). Company and Customer shall be individually referred to as a "Party" and collectively referred to as the "Parties".

Whereas, an important value of the Customer is to operate a strong, sustainable, reliable, shared notification, response, and incident management system.

Whereas, the Customer believes that a common or shared notification, response, and incident management system will produce a more reliable and standardized operational picture and benefit response personnel as a whole; and

Whereas, the Customer recognizes that the following will improve safety on the emergency scene:

- Timely and accurate incident notification
- Comprehensive and accurate mapping and routing
- Access to agency map data through Esri ARC GIS Online
- Integrated resources status into CAD (simple and complex status change)
- Unit status view
    - Map
    - Table
- Shared incident view by all users
- Transfer of command
- Standardized command and control
- Agency-specified incident templates and checklists
- Time-stamped record of all actions on the emergency scene
- Improved after-action analysis with time-stamped documentation
- Improved accountability; and

Whereas, both Parties recognize that a relationship described herein may be mutually beneficial,

Now therefore, in consideration of the mutual promises contained herein, the Parties agree as follows:

1. *Grant of License*. Subject to the terms and conditions of this Agreement, Company grants to Customer a non-exclusive, non-transferable license to use the Tablet Command suite of Mobile CAD, incident response and resource management solutions (Tablet Command, TC Mobile, Tablet Command Portal) (Software") for its internal non-commercial operations. Any rights not expressly granted in this Agreement are expressly reserved by Company.

2. *Services*. During the Term: (a) Customer shall direct incident data to an application programming interface (API) to be provided by Company. This data will be directed to:

DocuSign Envelope ID: DA904820-FCDA-40F6-9A8B-269B0E5EC60C

https://api.tabletcommand.com and (b) Company shall provide Software activation, including CAD integration, initial user training and orientation, and ongoing customer support pursuant to the Service Level Agreement attached to this Agreement as Exhibit “A” and incorporated herein by reference ("Services").

3. *Fees*. Company shall provide the Services in consideration for the fees set forth in the Quote dated March 14, 2023 attached hereto as Exhibit “B” and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed $46,300 for year one ($34,800 annually thereafter) without written approval of City’s City Manager or designee. Company shall submit to Customer annual invoices that indicates the Services to be rendered by Company in the upcoming Term and Customer shall, within 30 days of receiving such invoice, review the invoice and pay all approved charges thereon.

4. *Term.* The term of this Agreement will begin on the Effective Date and will continue for an initial term of one year (“Initial Term”), unless earlier terminated as provided herein. Unless otherwise terminated, this Agreement shall renew automatically upon each anniversary of the Effective Date (each a “Renewal Term”). The terms “Initial Term” and “Renewal Term” may sometimes be generally and collectively referred to as “Term” in this Agreement.

5. *Termination*. Customer or Company may, by written notice, terminate this Agreement at any time and without cause by giving written notice of such termination, and specifying the effective date thereof, at least thirty (30) days before the effective date of such termination. Upon termination, Company shall be compensated only for those Services which have been adequately rendered to Customer and Company shall be entitled to no further compensation. In the event this Agreement is terminated prior to the expiration of the then current Term, Company shall refund any fees paid by Customer in advance for the Services to be rendered during the Term, prorated based upon the effective date of termination.

6. *Confidentiality and Data Security*.

B. *Definition*. “**Confidential Information**” means any non-public information that relates to Company or Customer, as applicable, that is appropriately labeled as confidential, including without limitation, technical data, know-how, trade secrets, product plans, markets, services offerings, customer lists and customers, software, research and developments, inventions, processes, formulas, designs, drawings, hardware configurations or finances. Confidential Information does not include information that (i) is known to either Party at the time of disclosure as evidenced by written records, (ii) has become publicly known and made generally available through no wrongful act of the receiving Party or (iii) has been rightfully received by a Party from a third party who is authorized to make such disclosure.

B. *Nonuse and Nondisclosure*. Neither Party will during or subsequent to the term of this Agreement, (i) use the Confidential Information for any purpose other than the performance of this Agreement or (ii) disclose Confidential Information to any third party except as otherwise required by state or federal law. Confidential Information will remain the sole property of the

DocuSign Envelope ID: DA904820-FCDA-40F6-9A8B-269B0E5EC60C

disclosing Party. Each Party agrees to take all reasonable precautions to prevent any unauthorized disclosure of such Confidential Information.

C. Company commits to the following standards of data security. (i) Data will only be utilized by Company, Inc (dba Tablet Command) for the sole purpose of providing the Services to Customer (ii) Data will not be shared with any third party with the exception of Automatic Vehicle Location (AVL) data as outlined in D. below; (iii) Any data will be encrypted while in transit via SSL 256 bit AES encryption or equivalent; (iv) Data will be stored on a secure server in a SSAE 16 certified data center located in the United States. (v) Customer can stop sending data at anytime for any reason without any liability to Company.

D. Company is hereby authorized to share Automatic Vehicle Location (AVL) data for Customer's emergency response vehicles with other Company customers. Customer acknowledges and agrees that Company will have no liability to Customer related to AVL data shared with other Company customers. Company acknowledges and agrees that Customer retains the ability to rescind its authorization for Company to share Customer's AVL data at any time by providing written notice to Tablet Command at the address for notice listed below, or via an email message sent to admin@tabletcommand.com .

7. *Ownership*. The Parties agrees that the Software, all copyrights, moral rights, notes, records, drawings, designs, inventions, improvements, developments, discoveries, computer programs (e.g. source code, object code, listings), work-in-progress, deliverables, drawings, designs, logos, images, trademarks, and trade secrets conceived, discovered, developed or reduced to practice by Company (collectively, "**Inventions**"), solely or in collaboration with others, that relate in any manner to the business of Company are the sole property of Company, except the extent of any Customer Confidential Information.

8. *Infringement Warranty*. Company represents and warrants that (a) it is the developer and owner of the Software and Inventions, and that it has the authority to grant the licenses granted hereunder; (b) there is no claim, litigation or proceeding pending or threatened with respect to the Software or any component thereof; and (c) the Software and its components, and the use thereof in accordance with the terms of this Agreement, do not infringe or violate any patents, copyrights, mask work rights, trademarks, trade secrets or other proprietary rights of any third party.

9. *Liability. EXCEPT AS PROVIDED IN SECTIONS 8 AND 10,* EACH PARTY DISCLAIMS ANY AND ALL WARRANTIES AND INDEMNITIES, EXPRESS OR IMPLIED, IN THE PROVISION OF SERVICES HEREUNDER, INCLUDING THE IMPLIED WARRANTIES OF NON-INFRINGEMENT, MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE. NEITHER PARTY SHALL BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER.

10. *Indemnification*.

DocuSign Envelope ID: DA904820-FCDA-40F6-9A8B-269B0E5EC60C

A. *Infringement*. Company shall defend and indemnify Customer against any loss or damage, including attorneys' fees and costs of litigation, arising from a claim that the Software or the Inventions infringes a patent, copyright, trademark or other intellectual property right of any other person. Company shall indemnify, defend and hold harmless Customer, it directors, officials, officers, employees, volunteers and agents from and against any and all suits, actions, damages, costs, losses, expenses (including attorneys' fees) and other liabilities arising from or in connection with a breach of the warranty set forth in Section 8.

B. *Negligence*. To the fullest extent permitted by law, Company shall defend (with counsel of Customer's choosing), indemnify and hold the Customer, its directors, officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, to the extent arising out of, pertaining to, or incident to any alleged willful misconduct or negligent acts, errors or omissions of Company, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Services or this Agreement, including without limitation the payment of all settlement amounts, expert witness fees and attorneys fees and other related costs and expenses. The Company shall not be liable for claims arising from any willful misconduct or negligent acts, errors, or omissions of Customer, its officials, officers, employees, subcontractors, consultants, or agents. Customer's selection of legal counsel shall be subject to the consent of Company, which consent shall not be unreasonably withheld; provided, however, that Company's refusal to accept a tender of defense by Customer shall be deemed to be an unreasonable withholding of consent by Company as to Customer's selection of legal counsel. To the extent that Customer selects Customer's in-house legal counsel, Company hereby consents to such selection.

11. *Insurance*.

A. *Time for Compliance*. Promptly following the Effective Date of this Agreement, but in no event before Company commences any Services under this Agreement, Company shall provide evidence satisfactory to Customer that it has secured all insurance required under this Section 11. Failure to provide and maintain all required insurance shall be grounds for Customer to terminate this Agreement for cause.

B. *Minimum Requirements*. Company shall, at its expense, procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by Company, its agents, representatives, employees or subconsultants. Company shall also require all of its subconsultants to procure and maintain the same insurance for the duration of the Agreement. Such insurance shall meet at least the following minimum levels of coverage:

(1) Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) *General Liability*: Insurance Services Office Commercial General Liability coverage (occurrence form CG 0001); (2) *Automobile Liability*: Insurance Services Office Business Auto Coverage form number CA 0001, code 1 (any auto), or if Company has no owned autos, Code 8 (hired) and 9 (non-owned); and (3) *Workers' Compensation and*

DocuSign Envelope ID: DA904820-FCDA-40F6-9A8B-269B0E5EC60C

Employer's Liability: Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance..

(2) Minimum Limits of Insurance. Company shall maintain limits no less than: (1) *General Liability:* $1,000,000 minimum; per occurrence for bodily injury, personal injury, advertising injury and property damage. If Commercial General Liability Insurance or other form with general aggregate limit is used including, but not limited to, form CG 2503, either the general aggregate limit shall apply separately to this Agreement/location or the general aggregate limit shall be twice the required occurrence limit; (2) Automobile Liability: $1,000,000 minimum; per accident for bodily injury and property damage; and (3) Workers' Compensation and Employer's Liability: Workers' Compensation limits as required by the Labor Code of the State of California. Employer's Liability limits of $1,000,000 minimum; per accident for bodily injury or disease.

(3) Cyber Liability. Cyber Liability Insurance, with limits not less than $2,000,000 per occurrence or claim, $2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Company in this Agreement and shall include, but not be limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, alteration of electronic information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to these obligations.

C. *Insurance Endorsements*. The insurance policies shall contain or be endorsed (amended) to include the following provisions:

(1) General Liability. The general liability policy shall state that: (1) Customer, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to liability arising out of work or operations performed by or on behalf of Company, including materials, parts or equipment furnished in connection therewith (the endorsement form shall be at least as broad as ISO Form CG 20 10 11 85 or both CG 20 37 and one of the following: CG 20 10, CG 20 26, CG 20 33 or CG 20 38); and (2) the insurance coverage shall be primary insurance coverage as respects Customer, its directors, officials, officers, employees, agents, and volunteers (the endorsement form shall be at least as broad as ISO CG 20 01 04 13). Any insurance or self-insurance maintained by Customer, its directors, officials, officers, employees, agents, and volunteers shall be excess of Company's insurance and shall not be called upon to contribute with it in any way.

(2) Waiver of Subrogation – Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against Customer, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work or Services performed by Company.

(3) All Coverages. If Company maintains broader coverage and/or higher limits than the minimums shown above, Customer is entitled to the broader coverage and/or higher limits maintained by Company. Thus, any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to Customer.

D. *Other Provisions: Endorsements Preferred.* Company shall endeavor to provide endorsements regarding the following provisions, but nonetheless understands, acknowledges

DocuSign Envelope ID: DA904820-FCDA-40F6-9A8B-269B0E5EC60C

and agrees that the following provisions shall apply and that failure to comply shall be considered to be a breach of this Agreement by Agency.

(1) Waiver of Subrogation – All Other Policies: Company hereby waives all rights of subrogation any insurer of Company's may acquire against Customer, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of any insurance policy which arise from work or Services performed by Company. Company understands, acknowledges and agrees that this provision is in full force and effect even if Customer does not receive a waiver of subrogation endorsement from the insurer.

(2) Notice. Company shall either: (1) require its insurer to provide thirty (30) days prior written notice to Customer before coverage is suspended, voided, or canceled; or (2) notify Agency in writing that such notice is not available and forward any notice of such actions to Customer within two (2) business days from date of receipt by Company. Company understands, acknowledges and agrees that this provision is in full force and effect even if Customer does not receive a waiver of subrogation endorsement from the insurer.

E. *Claims Made Policies*. The following provisions shall apply to all policies that provide coverage on a claims-made basis: (A) the retroactive date must be shown and must be before the date on which any Services under this Agreement commence; (B) the insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Project; and (C) if coverage is canceled or not renewed and is not replaced with another claims-made policy with a retroactive date prior to the date on which any Services under this Agreement commence, Company must purchase "extended reporting" coverage for a minimum of five (5) years after completion of Project.

F. *Deductibles and Self-Insurance Retentions*. Any deductibles or self-insured retentions must be declared to and approved by Customer. The Agency may require Company to provide proof of ability to pay losses and related investigation, claims administration and defense expenses within the deductible or self-insured retention. The deductible or self-insured retention may be satisfied by either the named insured or Customer.

G. *Acceptability of Insurers*. Unless under the circumstances a different rating is otherwise acceptable to Customer in its sole and absolute discretion, insurance is to be placed with insurers which are satisfactory to Customer and which meet either of the following criteria : (1) an insurer with a current A.M. Best's rating no less than A-:VII and licensed as an admitted insurance carrier in California; or (2) an insurer with a current A.M. Best's rating no less than A-:X and authorized to issue the required policies in California. -.

H. *Verification of Coverage*. Company shall furnish Agency with original certificates of insurance, as well as amendatory endorsements or copies of the applicable policy language effecting coverage required by this Agreement. All documents must be received and approved by Customer before any Services commence; provided, however, that failure to obtain the required documents prior to the commencement of Services shall not waive Company's obligation to provide them. The Agency reserves the right to require complete, certified copies of all required insurance policies, at any time.

I. *Reporting of Claims*. Company shall report to Customer, in addition to Company's insurer, any and all insurance claims submitted by Company in connection with the Services under this Agreement.

DocuSign Envelope ID: DA904820-FCDA-40F6-9A8B-269B0E5EC60C

J. *Sub-Consultants*. All sub-consultants shall comply with each and every insurance provision of this Section 11. Company shall therefore not allow any sub-consultant to commence work on any subcontract to perform any part of the Services until it has provided evidence satisfactory to Customer that the sub-consultant has secured all insurance required under this Agreement.

K. *Special Risk or Circumstances*. Customer reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 11, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

12. *Miscellaneous*.

A. *Governing Law; Venue*. This Agreement shall be governed by the laws of the State of California without regard to California's conflicts of law rules. The Parties agree that the exclusive venue for any dispute arising hereunder shall be the federal or state located in the City and County of Riverside and the parties waive any objection to personal jurisdiction or venue in any forum located in that county.

B. *Assignability*. The rights and liabilities of the parties hereto shall bind and inure to the benefit of their respective successors, executors and administrators.

C. *Entire Agreement*. This Agreement constitutes the entire agreement between the Parties and supersedes all prior and contemporaneous written and oral agreements between the Parties regarding the subject matter of this Agreement. Any waiver, modification, or amendment of any provision of this Agreement shall be effective only if in writing and signed by the Parties hereto.

D. Publicity. Each party may issue press releases or otherwise publicly reference the other in advertising and marketing (such as Internet, TV, radio and print) including the use of quotations from key staff, pictures, and videos.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first written above. The authorized representatives of the parties have signed this Agreement as of the Effective Date. This Agreement may be executed simultaneously in two or more counterparts, or by facsimile, each one of which shall be deemed an original, and all of which shall constitute one and the same instrument.

TABLET COMMAND QUOTE

DocuSign Envelope ID: DA904820-FCDA-40F6-9A8B-269B0E5EC60C

Exhibit "A" Tablet Command
Service Level Agreement

Uptime

Tablet Command provides a guarantee of 99.9% uptime for the Software (8.76 Hours downtime per year) However, Tablet Command strives for 100% uptime for all services. Since inception, we have achieved better than 99.99% uptime. Our system is distributed across multiple data centers in multiple availability zones in order to achieve high availability. Fundamentally, even without connectivity or updates from CAD, the application will continue to function and be able to manage incident(s).

Response Time

Tablet Command support will respond to "Critical" customer requests within two (2) hours between the hours of 0700 hours and 1900 hours Pacific Standard Time (PST) Monday through Sunday. Tablet Command will respond to requests received between the hours of 1900 hours and 0700 hours by 1000 hours PST the following day. Tablet Command will acknowledge "Routine" support requests within 2 business days.

> "Critical" definition: Any issue or problem that has an impact to service delivery and impacts multiple users associated with the account. e.g., CAD interface interruptions, Status interruptions, Tablet Command system level interruptions, etc.
>
> "Routine" definition: Any issue or problem that impacts an individual user such as password reset requests, account creation requests, etc.

Support Requests

Tablet Command support can be accessed in the following ways:

- Through the Tablet Command support website: support.tabletcommand.com
- Support Request from within the Tablet Command Application(s)
- Directly through our support web service: support@tabletcommand.com
- Telephone support: 877-998-2639

Notifications

Tablet Command requires that the customer provide two notification methods or contacts including email and SMS numbers, that can be utilized to report issues related to Tablet Command. These two methods will be used to notify the customer's agency(ies) appropriately. A minimum of one operational contact and one technical contact will be provided by the customer.

Tablet Command will communicate any loss of connection related to the CAD interface provided that the interface provides a heartbeat. Tablet Command will provide notification of loss of connection within 1 hour.

Services Included in Service Level Agreement:

DocuSign Envelope ID: DA904820-FCDA-40F6-9A8B-269B0E5EC60C

- Guarantee 99.9% uptime for CAD Interface API
- Tablet Command Apple Push Notification Service
- Tablet Command CAD API
- Tablet Command Synchronization API (Not including Real Time Sync)
- Web Portal - api.tabletcommand.com
- SMTP CAD interface

Interface Software

We strive to build the most reliable interface software possible. Due to the fact that our interface is dependent on a number of variables within the customer infrastructure we are unable to assume responsibility for service interruptions at the customer interface level. We operate robust monitoring and notification services to ensure that changes in the customer interfaces are detected and resolved in the most timely and efficient manner possible.

Monitoring

Tablet Command is monitored by third party monitoring service Pingdom. Customer can view the status of Tablet Command API at any time at: http://status.tabletcommand.com/

Not covered by Service Level Agreement:

- System wide internet outages including issues such as DNS provider failure, etc.
- Internet connectivity of customer interface, or devices.
- Network changes affecting Tablet Command interface.
- Scheduled downtime that the customer is notified for
- Real Time Sync is excluded
- Tablet Command.com website is excluded
- Incident notifications as these are dependent upon connectivity of the device and also Apple or Google Push Notification service.
- APN of incidents delivered to Apple. Tablet Command is not responsible for notifications not being delivered by Apple or due to no or poor data connectivity of the customer's device.
- Connectivity of the device to the Internet is not included
- Mapping is not included as it is dependent on ESRI ArcGIS Online service.

RE: Tablet Command Sole Source Status

March 20, 2023

To Whom it May Concern:

Tablet Command, Inc. is the sole source provider for all Tablet Command software and services.

We are the sole provider in the market space providing an iOS application used as a mobile incident command, resource management and accountability solution that integrates through a direct interface with customer computer aided dispatch (CAD) systems.

Our product is unique in the following additional ways:

- No other solution provider provides an incident and resource management platform utilizing a simple intuitive graphical user interface.
- No other solution provider maintains resource management and accountability functionality in a non-connected state.
- No other solution provider supports automatic vehicle location (AVL) sharing across jurisdictional boundaries.
- No other solution provider supports shared incident management view (Real Time Sync) and transfer of command between authenticated users.

Tablet Command is sold only as a direct transaction between Tablet Command, Inc. and its customers.

Sincerely,

Van Riviere
President, CEO
Tablet Command, Inc.

van@tabletcommand.com

File #: 23-0452

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/17/2023

TO: Honorable Mayor and City Council Members

FROM: Planning and Development Department

SUBJECT:
CONSOLIDATED AND RESTATED BILLBOARD RELOCATION AGREEMENT BETWEEN THE CITY OF CORONA AND LAMAR CENTRAL OUTDOOR

EXECUTIVE SUMMARY:
This staff report asks the City Council to enter into a Consolidated and Restated Billboard Relocation Agreement with Lamar Central Outdoor. The City originally entered into a Billboard Relocation Agreement with Lamar Central Outdoor ("Lamar") in November 2006. The City also entered into an Assignment and Assumption Agreement with Lamar in 2014, whereby Lamar acquired the rights to a Billboard Relocation Agreement the City had entered into with Empire Outdoor Advertising in 2012. Over the years, the Agreements have been amended to document certain changes. Lamar is proposing to change-out three static billboard panels to electronic changeable message boards on two of their billboard structures within the City, and are willing to do so in exchange for better compensation terms for the City. The Agreements are now being consolidated and restated in their entirety so that the City only has one Agreement with Lamar and to address these changes.

RECOMMENDED ACTION:
That the City Council:

a. Authorize the Mayor to execute the Consolidated and Restated Billboard Relocation Agreement with Lamar Central Outdoor.

b. Authorize an estimated revenue increase in the amount of $50,000 in the General Fund 110 for Fiscal Year 2024.

BACKGROUND & HISTORY:
Corona Municipal Code Chapter 17.74, the City's Sign Ordinance, prohibits off-premises and outdoor advertising signs (billboards) per Section 17.74.160, but does allow for relocation agreements entered into between the City and billboard owners.

Lamar Central Outdoor entered into a Billboard Relocation Agreement with the City in November 2006. The Agreement allowed Lamar to relocate existing billboards from one location to another location and to change some of the static billboard panels to electronic changeable message boards. Additionally, the Agreement established an annual monetary payment that Lamar would pay the City on each billboard panel that was an electronic changeable message board. The annual monetary payment established in 2006 was $40,000 per electronic changeable message board.

Over the years, the Agreement was amended to document the relocation of certain billboards to new locations and to change-out static panels to electronic changeable message boards. A total of three amendments to the Agreement occurred in 2008, 2010 and 2014.

Lamar also acquired a billboard from Empire Outdoor Advertising, which had a Billboard Relocation Agreement with the City for that billboard, dated July 18, 2012. That Agreement was thus amended and assigned to Lamar in 2014 at the time Lamar acquired the billboard. The monetary payment to the City on this billboard is $50,000 per electronic changeable message board annually.

Lamar currently has billboard structures at seven locations, with a total of 11 billboard panels in the City. Four of the billboard structures are double-sided (8 billboard panels), and three billboard structures are single-sided (3 billboard panels). Of the 11 billboard panels, eight are electronic changeable message boards and three are static panels.

The following table identifies the location of the billboard structures, the number of billboard panels on each structure and the annual monetary payment to the City on the changeable message boards.

Existing Lamar Billboards & Annual Monetary Payment on Changeable Message Boards

#	Location	# of Panels	# of Changeable Message Boards (CMB)	# of Static Panels	Annual Monetary Payment to City on CMB
1	State Route 91 (south side) at 1773 Delilah Street	1	1	0	$40,000 or 12% Adjusted Gross Revenue (AGR), whichever is higher
2	State Route 91 (north side) at 1790 Pomona Road	2	2	0	$40,000 x 2 or 12% AGR, whichever is higher
3	State Route 91 (south side) at 2503 Anselmo Drive	2	1	1	$40,000 of 12% AGR, whichever is higher
4	Interstate 15 (west side) at Ontario Avenue	1	1	0	$40,000 or 12% AGR, whichever is higher

5	Interstate 15 (west side) at Ontario Avenue (500' north of Ontario Avenue)	1	1	0	$40,000 or 12% AGR, whichever is higher
6	Interstate 15 (west side) at Taber Road	2	0	2	0
7	State Route 91 (south side) at 2785 Palisades Drive	2	2	0	$50,000 x 2 w/CPI of 2.5% to 4%
--	Total	11	8	3	$340,000 (base payment)

ANALYSIS:
Lamar is proposing to change-out the three remaining static billboard panels to electronic changeable message boards on the billboard structures located on the south side of State Route 91 at 2503 Anselmo Drive (location #3) and the west side of Interstate 15 at Taber Road (location #6). This change allowed the City to renegotiate some of the terms of the existing agreements relating to the annual monetary payment to the City. Further, the City Attorney decided to consolidate all previous amendments to the Agreement and the Billboard Relocation Agreement assigned to Lamar from Empire Outdoor Advertising into one Consolidated and Restated Billboard Relocation Agreement with Lamar Central Outdoor.

The Consolidated and Restated Billboard Relocation Agreement will apply the same terms as the previous agreement except for the following:

- Section 2.3.1 Public Service Announcements; Annual Monetary Value. The monetary value to be paid to the City for not using its assigned public service announcements on any changeable message board operated by Lamar is the higher of $50,000 per year, or 12% of the Gross Revenue per year, per changeable message board. This monetary value is being applied to the three new changeable message boards after construction, and starting July 1, 2023 the existing changeable message boards that have a monetary value higher of $40,000 or 12% of Adjusted Gross Revenue per year will be increased to the higher of $50,000 or 12% of the Gross Revenue per year.

Like the previous Agreement, Lamar will pay in advance to the City the first three years of the monetary value of the three new changeable message boards. The advanced payment equals $150,000 per panel for the first three years, which results in an advanced payment of $450,000 ($150,000 x 3). The advanced payment will be due at the time of completion of construction of each electronic changeable message board.

The following table summarizes the changes to the existing billboards operated by Lamar and the new annual monetary payment to the City on the electronic changeable message boards.

Proposed Lamar Billboards & Annual Monetary Payment on Changeable Message Board

#	Location	# of Panels	# of Changeable Message Boards (CMB)	# of Static Panels	Annual Monetary Payment to City on CMB
1	State Route 91 (south side) at 1773 Delilah Street	1	1	0	$50,000 or 12% Gross Revenue (GR), whichever is higher
2	State Route 91 (north side) at 1790 Pomona Road	2	2	0	$50,000 x 2 or 12% GR, whichever is higher
3	State Route 91 (south side) at 2503 Anselmo Drive	2	2	0	$50,000 x 2 or 12% GR, whichever is higher
4	Interstate 15 (west side) at Ontario Avenue	1	1	0	$50,000 or 12% GR, whichever is higher
5	Interstate 15 (west side) at Ontario Avenue (500' north of Ontario Avenue)	1	1	0	$50,000 or 12% AGR, whichever is higher
6	Interstate 15 (west side) at Taber Road	2	2	0	$50,000 x 2 or 12% GR, whichever is higher
7	State Route 91 (south side) at 2785 Palisades Drive	2	2	0	$50,000 x 2 or 12% GR, whichever is higher
--	Total	11	11	0	$550,000 (base payment)

FINANCIAL IMPACT:

The Consolidated and Restated Billboard Relocation Agreement with Lamar Central Outdoor will result in an advanced payment of $150,000 for each new changeable message board for the first three years with the payment due to the City after the completion of construction of each panel ($150,000 x 3). Starting July 1, 2023, the General Fund revenue will increase by $50,000 per year on the monetary value paid by Lamar to the City on the existing changeable message boards. After the three-year passage of the advanced payment on the three new changeable message boards, the increased revenue to the General Fund will be an amount no less than $210,000 per year from the current Agreement. Approval of the recommended actions will result in an estimated revenue increase in the amount of $50,000 in the General Fund 110 for Fiscal Year 2024. Future fiscal year revenue estimates will be evaluated and submitted through the annual budget process.

ENVIRONMENTAL ANALYSIS:
This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The Agreement between the City and Lamar Central Outdoor revises certain terms of an existing Agreement and there is no possibility that approving this agreement will have a significant effect on the environment. Therefore, no environmental analysis is required.

CONSOLIDATED AND RESTATED BILLBOARD RELOCATION AGREEMENT (2023)

between

THE CITY OF CORONA
a California municipal corporation

and

LAMAR CENTRAL OUTDOOR, LLC
a Delaware limited liability company

[Dated as of May 17, 2023, for reference purposes only]

EXHIBIT 1

1. PARTIES.

This Consolidated and Restated Billboard Relocation Agreement (2023) ("Agreement") is made this 17th day of May, 2023, Lamar Central Outdoor, LLC a Delaware limited liability company, a.k.a. The Lamar Companies, a.k.a. Lamar Advertising Company ("Company"), and the City of Corona, a California municipal corporation organized and existing under the laws of the State of California ("City"). Company and City are sometimes referred to individually as "Party" and collectively as "Parties" in this Agreement.

2. RECITALS.

2.1. Agreement. City and Company entered into a Billboard Relocation Agreement on or about November 1, 2006 ("Lamar Agreement"), whereby City authorized Company to relocate specific billboards to specific new locations, as well as construct certain sign faces on relocated billboards as Changeable Message Boards and apply to modify other sign faces on existing billboards as Changeable Message Boards.

2.2 First Amendment to Lamar Agreement. City and Company entered into a First Amendment to the Lamar Agreement on or about September 17, 2008 ("First Amendment"), whereby City and Company agreed to amend the Lamar Agreement to allow the Relocated Boards to be placed at locations not originally contemplated by the Lamar Agreement, as some sites were unavailable for legal or practical reasons.

2.3 Second Amendment to Lamar Agreement. City and Company entered into a Second Amendment to the Lamar Agreement on or about November 3, 2010 ("Second Amendment"), whereby City and Company agreed to relocate one (1) additional existing billboard to a new location, with no Changeable Message Board rights.

2.4 Third Amendment to Lamar Agreement. City and Company entered into a Third Amendment to the Lamar Agreement to allow Company to change the location of the second Relocated Billboard in the Lamar Agreement from the 91 Freeway at Greenriver Road (APN 101-140-013), which was relocated from the same location, to the 91 Freeway at Pomona Road (APN 102-280-031), which was relocated from the I-15 at Magnolia Ave (APN 107-080-051), and to allow Company to convert the billboard at the 91 Freeway at Greenriver Road (APN 101- 140-013) back to a static billboard.

2.5 Collective Lamar Agreement. The Lamar Agreement, the First Amendment to the Lamar Agreement, the Second Amendment to the Lamar Agreement and the Third Amendment to the Lamar Agreement shall be collectively referred to as the "Lamar Agreement" throughout this Agreement.

2.6 Assignment and Assumption of Empire Agreement by Lamar. City and Empire Outdoor Advertising, LLC ("Empire") entered into a Billboard Relocation Agreement on or about July 18, 2012 ("Empire Agreement"), whereby City authorized Empire to relocate specific billboards to specific new locations, as well as construct certain sign faces on relocated billboards as Changeable Message Boards. Company then acquired from Empire the rights to the billboards under the Empire Agreement, and Company, Empire and City entered into an Assignment and

Assumption of Billboard Relocation Agreement on or about November 5, 2014 ("Assignment and Assumption Agreement").

2.7 First Amendment to Empire Agreement. City and Company entered into a First Amendment to the Empire Agreement on or about November 5, 2014 ("First Amendment to Empire Agreement"), whereby City and Company agreed to amend the Empire Agreement to change the location of the relocated billboard and to make other clarifying revisions. The Empire Agreement and the First Amendment to Empire Agreement shall be collectively referred to as the "Lamar/Empire Agreement" throughout this Agreement.

2.8 Consolidated and Restated Agreement. The Parties now desire to: (1) consolidate the Lamar Agreement and Lamar/Empire Agreement; (2) modify and make consistent the annual monetary value for the Changeable Message Boards; and (3) make other clarifying revisions.

2.9 CMC & Billboard Relocation Agreements. Section 17.74.070(H) of the Corona Municipal Code provides that new billboards, including electronic message centers, electronic message boards, or Changeable Message Boards may be considered and constructed as part of a relocation agreement between the City and a billboard owner that complies with the conditions specified in that section;

NOW, THEREFORE, In consideration of the mutual covenants and promises in this Agreement, the Parties agree as follows:

1. EFFECTIVE DATE AND TERM.

1.1 Effective Date. This Agreement shall be effective upon execution by both Parties ("Effective Date").

1.2 Caltrans Approval Condition Precedent. The validity and effectiveness of this Agreement shall be conditioned upon approval by Caltrans of the reconstruction of the Relocated Billboards (as hereafter defined). In the event that this condition precedent does not occur, this Agreement shall be null and void and of no further force and effect.

2. TERMS.

2.1 Incorporation of Recitals and Exhibits. All recitals and the exhibits attached hereto and referred to in this Agreement are incorporated as though fully set forth in this Agreement.

2.2 Allowed Relocations. Company is permitted to relocate and/or reconstruct the following seven (7) billboards with new billboards, each containing the number of sign faces, dimensions and number of Changeable Message Boards (CMB) indicated below (collectively, the "Relocated Boards"). Company may also apply to modify any other panel on a billboard into a Changeable Message Board pursuant to the terms further provided for in this Agreement and the Corona Municipal Code.

2.2.1 Operating Standards. The Relocated Billboards and the Changeable Message Boards shall comply with all provisions of the Act (California Outdoor Advertising Act, Business & Professions Code Section 5200 et seq.; and Regulations adopted by the California Department of Transportation applicable to billboards), as such may be duly amended from time to time, including but not limited to the provisions of Sections 5400-5443.5. In addition, Company agrees to abide by the City's Conditions of Relocation, attached hereto as Exhibit "A" and incorporated herein by this reference. In the event of any inconsistencies between the Act, including the California Department of Transportation regulations, and the City's Conditions of Relocation, the more stringent shall apply.

2.2.2 Enforcement of Operating Standards. For purposes of enforcing the requirements for the Relocated Billboards and the Changeable Message Boards, as provided for in this Agreement, Company and City shall apply the provisions provided for in Exhibit "B" attached hereto and incorporated herein by reference. Company understands, acknowledges and

agrees that its right to maintain the Relocated Billboards and the Changeable Message Boards is expressly contingent upon its compliance with the provisions of this Agreement, and that any such right may be revoked by the City as provided for in Exhibit "B" attached hereto. In the event that the right to maintain the Relocated Billboards and the Changeable Message Boards is revoked or modified in any manner or to any extent due to a material breach by Company of this Agreement, Company shall not be entitled to compensation, consideration, damages or reimbursement of any kind or amount from the City on account of such revocation or modification.

2.3 Changeable Message Boards. City hereby agrees that Company shall have the right to construct and maintain those Changeable Message Boards indicated in Section 2.2 above. In connection with the approved construction of a Changeable Message Board, Company shall have the right to rebuild or reconstruct the existing billboard structure, if necessary, in order to support the added weight of the new Changeable Message Board.

2.3.1 Public Service Announcements; Annual Monetary Value. So long as Company is operating any Changeable Message Board within the city limits of City, City shall have the right to place public service announcements on any such Changeable Message Board; provided, however, that such public service announcements shall be limited to one (1) showing every minute (not to exceed 43,200 showings in any given year) on each panel ("City Announcements"). Company and City hereby agree that the monetary value ("Monetary Value") of the City's right to use each such Changeable Message Board for City Announcements shall be equal to the greater of: (i) Fifty Thousand and No/100 Dollars ($50,000.00) per year, per Changeable Message Board, or (ii) twelve percent (12%) of the Gross Revenue ("GR") (as hereinafter defined) per year, per Changeable Message Board. The "GR" shall be an amount equal to the gross advertising revenue received by Company for each such Changeable Message Board. For each year that City does not exercise its right to use a Changeable Message Board as permitted hereby, City shall be entitled to the Monetary Value for each such Changeable Message Board that has not been used by City (the total of the Monetary Value for which City shall be entitled each year is the "Annual Monetary Value"), which Annual Monetary Value shall be payable pursuant to Section 2.3.4 below.

2.3.2 Payment for First Three Years. City hereby elects not to exercise its right to place City Announcements on any of Company's Changeable Message Boards during the first three (3) years (thirty-sixth months) of their operation. Accordingly, Company shall pay City, within thirty (30) days of the completion of construction of the Relocated Billboards and Changeable Message Boards, the first three (3) years of the Annual Monetary Value for the Changeable Message Boards to be placed on the Relocated Billboards described in Section 2.2 above, which amount is equal to One Hundred and Fifty Thousand and No/100 Dollars ($150,000) for each Changeable Message Board. For purposes of this Agreement, "completion of construction" shall mean the first day of the month following the point in time when the Relocated Billboards and Changeable Message Boards are in place and the City is ready and willing to final the building permit and release the electrical service for use by Company. City shall provide to Company a written indication of such willingness (either via letter or email), and the Parties agree that the first day of the month following such written indication shall mark the commencement of the first year following Company's construction of such Changeable Message Board.

2.3.3 Pro-Rata Exercise of Public Service Announcements; City Election. From and after the fourth (4th) year following construction of the Changeable Message Board(s), the City shall have the right to a pro-rata share of the City Announcements on any such Changeable Message Board (e.g all or some of the maximum 43,200 showings in any given year on each Changeable Message Board), and the Annual Monetary Value shall be reduced for that Changeable Message Board the following fiscal year (July 1st to June 30th) by the percentage amount used by the City. For example, if the City elected to use 4,320 of its maximum 43,200 minutes for a particular Changeable Message Board during a given fiscal year, the Annual Monetary Value for that Changeable Message Board for the next fiscal year would be reduced by ten percent (10%). Beginning in fourth (4th) year as described in section 4.3.4 below, City shall, on or before June 15th of each year, inform Company in writing whether City intends to exercise at least some of its rights to place City Announcements on any of Company's Changeable Message Boards during the upcoming fiscal year (July 1st to June 30th). In the event the City elects to exercise at least some of its rights to place City Announcements that year, City shall be permitted to do so in accordance with Section 2.3.1 above.

2.3.4 Payment After First Three Years. On June 30th following the end of the third (3rd) year following construction of the Changeable Message Boards, Company shall pay City a pro-rata share of the Annual Monetary Value, which pro-rata share shall equal one-twelth (1/12th) the Annual Monetary Value multiplied by the number of months from the end of the third (3rd) year to June 30th. Beginning on July 1st and each fiscal year thereafter, Company shall pay City, on the first (1st) day of each month, one-twelfth (1/12th) of the Annual Monetary Value, minus the percentage amount of City Announcements used by the City during the prior fiscal year, as discussed in section 4.3.3 above.

2.3.5 Records; Audit.

(A) Maintenance. Company shall accurately maintain, for a period not less than five (5) years following the close of a fiscal year, all records relating to the City Announcements placed by City, including, but not limited to, minutes used for each Changeable Message Board and the GR applicable to each Changeable Message Board.

(B) Annual Disclosure – Gross Revenue. On or before July 31st of each year, Company shall provide written documentation, to the satisfaction of City, of the GR applicable to each Changeable Message Board during the prior fiscal year.

(C) Audit. The City shall have the right, upon ten (10) days advance notice, to inspect, audit and copy all such records and other like materials of Company that reasonably relate to the City Announcements and GR applicable to each Changeable Message Board. Such records shall be made available to City for inspection, audit and copying at Company's regular place of business, but in no event outside the Counties of Riverside or San Bernardino, California. All such records shall be subject to audit and inspection, for the primary purpose of assuring compliance with the terms of this Agreement, by the City, its auditors or other agents.

2.4 Permits and Inspections for Relocated Billboards and Changeable Message Board. Prior to construction of the Relocated Billboards or a Changeable Message Board, Company shall submit proposed plans and obtain all building and safety-related permits that are typically required by City for similar construction, except that City shall not have any discretionary review and approval of any such Relocated Billboards or Changeable Message Board. During and following construction of any such Relocated Billboards or Changeable Message Board, City shall perform all inspections typically required by City for similar construction. City shall waive all plan check, permit, inspection, and other building fees that would otherwise be required in connection with construction of the Relocated Billboards or Changeable Message Board.

2.5 Indemnification of City. Company shall defend, indemnify and hold City, its officials, officers, and agents free and harmless from any and all claims, liabilities, losses, costs, expenses, damages, injuries to property or persons, including wrongful death, in any manner arising out of or incident to any negligent acts, omissions or willful misconduct of Company, its officers and employees, agents, consultants and contractor(s) arising out of or in connection with this Agreement or the removal, construction, installation or maintenance of any of the billboards or Changeable Message Boards which are the subject of this Agreement. This indemnity provision and any such warranties or guarantees shall not limit any liability under law of such contractor(s).

2.6 Assignment Without Consent Prohibited. This Agreement may not be assigned by any party without the express written consent of the other parties, which consent shall not be unreasonably withheld. Any attempted assignment of this Agreement not in compliance with the terms of this Agreement shall be null and void and shall confer no rights or benefits upon the assignee. Notwithstanding the foregoing, City shall not withhold its consent to any assignment by Company to a related or affiliated entity or any entity which is controlled, controlled by, or under common control with Company.

2.7 Construction of Relocated Billboards and Changeable Message Board. Sixty (60) days prior to Company commencing construction of the Relocated Billboards or a Changeable Message Board, Company shall submit plans for such Relocated Billboards or Changeable Message Board to City. City will endeavor to review and process the plans and all necessary permits as quickly as possible, pursuant to the terms and conditions of this Agreement. Any such Relocated Billboards or Changeable Message Board shall be complete and ready for City's final inspection no later than the date that is one hundred eighty (180) days following both of the following events occurring: (1) issuance by City of all permits and approvals necessary for construction of such Relocated Billboards or a Changeable Message Board; and (2) completion by Caltrans and the Riverside County Transportation Commission (RCTC) of the phase of the SR-91 Corridor Improvement Project in which the Relocated Billboards and Changeable Message Boards will be located.

2.8 Attorney's Fees. In the event of any action or proceeding, including arbitration, by any of the Parties to this Agreement against another Party for recovery of any sum due under this Agreement, or to enforce any of the terms, covenants or conditions contained herein, the prevailing Party in any such action or proceeding shall be entitled to reasonable attorney's fees and costs of litigation, including, without limitation, filing fees, service fees, deposition costs and arbitration costs, in addition to all other legal and equitable remedies available to it. Each Party shall give

prompt notice to the other of any claim or suit instituted against it that may affect the other Party.

2.9 Waiver. The waiver by any Party of any breach of any term, covenant, or condition herein contained shall not be deemed to be a waiver of any other term, covenant, or condition, or of any subsequent breach of the same term, covenant, or condition. However, nothing contained in this Agreement shall be deemed to be an acknowledgment or acceptance by the City that compensation is owed as to any billboards, either in whole or in part, or to any Party having an interest in any of the billboards mentioned herein.

2.10 Notices. All notices shall be in writing and addressed as follows:

(A) Company. Notices to Company shall, until City's receipt of written notice otherwise, be addressed to The Lamar Companies, Attn: C. Todd Porter, 449 East Parkcenter Circle, San Bernardino, CA 92408, with a copy to Stream Kim Hicks Wrage & Alfaro, PC, Attn: Theodore K. Stream, Esq., 3403 Tenth Street, Suite 700, Riverside, California 92501. All such notices may be either delivered personally, or may be deposited in the United States mail, properly addressed as aforesaid with postage fully prepaid for delivery by certified or registered mail, and shall be effective upon receipt.

(B) City. Notices to City shall be addressed to City of Corona, Attn: Jacob Ellis, City Manager, 400 South Vicentia Avenue, Corona, California 92882, with a copy to Dean Derleth, City Attorney, 400 South Vicentia Avenue, Corona, California 92882.

(C) Delivered. All notices shall be deemed made when personally delivered or when mailed forty-eight (48) hours after each deposit in the U.S. Mail, first class postage prepaid and addressed to Party at its applicable address.

2.11 Authority to Enter Agreement. All parties have all requisite power and authority to execute, deliver, and perform the Agreement. All Parties warrant that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

2.12 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days or calendar weeks, and not work days. All references to City or Company shall include their respective directors, elected officials, officers, employees, agents and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content, or intent of this Agreement.

2.13 Amendment/Modification. No supplement, modification, or amendment of this Agreement shall be binding unless executed in writing and signed by all Parties.

2.14 No Third-Party Beneficiaries. There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

2.15 Invalidity/Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

2.16 Governing Law and Venue. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County.

2.17 Time is of the Essence. Time is of the essence of each and every provision of this Agreement.

2.18 Entire Agreement. This Agreement contains the entire Agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both Parties.

2.19 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

2.20 Binding Agreement. Subject to any limitation on assignment elsewhere set forth herein, all terms of this Agreement shall be binding upon, inure to the benefit of, and be enforceable by the Parties hereto and their respective legal representatives, successors and assigns.

EXHIBIT "A"
CITY OF CORONA'S CONDITIONS OF RELOCATION

1. Sign Face Overhang. The Relocated Billboards or any Changeable Message Boards shall not overhang onto State Route 91, State Route 15, other public rights-of-way or property lines.

2. Light and Glare. The static display side of Relocated Billboards shall be shielded to prevent light or glare intrusion onto the adjoining properties that are located within five hundred feet (500') of such Relocated Billboards.

3. Timing of Message Changes. The message changes on any Changeable Message Board shall be limited to the greater of the following time limitations: (a) that allowed by the California Department of Transportation; or (b) one message every six (6) seconds.

4. No Animation or Motion. No Changeable Message Board shall simulate motion or be considered as "animated" in any way. No Changeable Message Board shall contain any flashing, intermittent or moving lights. There shall be no flashing or scrolling of messages.

5. Automatic Dimmers. Each Changeable Message Board shall contain automatic dimmers that maintain a maximum luminance of 4,000 nits during the daylight hours, and 2,000 nits from dusk (official sunset) to sunrise and during times of fog. (One nit equals one candle per square meter). Each Changeable Message Board shall be equipped with a mechanism to monitor its brightness.

6. Residential Property. The Relocated Billboards shall not be illuminated between the hours of 11 pm to 5 am when located within five hundred feet (500') of residentially zoned or used property, as determined by the City in its sole but reasonable discretion, regardless of whether the residentially zoned or used property came to be later in time than the placement of the Relocated Billboards.

7. Emergency Service Announcements. So long as Company is operating a Changeable Message Board, City shall have the right to place emergency service announcements on the Changeable Message Board (as opposed to City Announcements); provided, however that such emergency service announcements shall be limited to the lesser of: (a) one (1) showing per Changeable Message Board every minute; or (b) forty-three thousand two hundred (43,200) showings per Changeable Message Board per calendar year.

8. Voluntary Advertising Restrictions. Company hereby voluntarily agrees and covenants for itself, and its successors and assigns, that any advertising or display on the Relocated Billboards and Changeable Message Boards shall comply with the following:

8.1 The advertising or display shall not contain any of the following: advertising for adult entertainment, including, but not limited to, topless bars, nightclubs, or establishments that feature nude dancing, or mud wrestling; advertisement for any adult business featuring sales of adult novelty items, books, magazines, videos or tapes; advertising with any material, image, or content that could reasonably be considered sexually explicit or pornographic (collectively, the

"Objectionable Advertising").

8.2 The advertising or display shall not contain any advertising for alcohol (except beer and wine) or tobacco products of any type.

8.3 Company shall include in its advertising lease agreements and any other agreements related to the Relocated Billboards or Changeable Message Boards, provisions that require compliance with this section and prohibiting Objectionable Advertising. Such provisions will allow Company to cancel such agreements and allow Company to immediately remove illegal or Objectionable Advertising upon receipt of notice from the City. Without waiving or limiting any right Company may have to enforce the terms of this Agreement, and in consideration of the rights and privileges afforded to Company under this Agreement, Company on behalf of itself, and its successors, heirs and assigns, desires to release, waive and discharge any claim, demand, cause of action, objection, or protest related to the City's enforcement of this Section of the Agreement.

9. Graffiti. Any graffiti found on the Relocated Billboards, Changeable Message Boards or any sign structures shall be removed within seventy-two (72) hours of notification by the City. Appropriate equipment shall be installed to prevent access for graffiti and vandalism.

10. Applicable Laws and Rules. The Relocated Billboards and Changeable Message Boards shall comply with all applicable requirements of state and local law, including, but not limited to, the Act, the City's Municipal Code, and any relevant Specific Plans, if any. As referenced in the Agreement, in the event of any inconsistencies, the most stringent requirement shall apply.

11. Other Sign Modifications. This Agreement applies only to the Relocated Billboards and Changeable Message Boards contemplated by this Agreement. Any additional changes, alterations, or modifications of any kind to any billboard shall adhere to state law and the City's municipal code, and may warrant a modification to an existing conditional use permit.

EXHIBIT "B"
ENFORCEMENT OF CONDITIONS

1. Failure to Cure; Hearing. In the event that Company fails to cure (or commence and diligently prosecute a cure to completion) within five (5) calendar days of receipt of notice from City of a violation under this Agreement, the City's Planning Commission, on its own motion may, and upon the direction of the Council, shall hold a public hearing upon the question of the revocation of the right to maintain one or more of the Relocated Billboards and/or Changeable Message Boards pursuant to this Agreement.

2. Hearing Notice. Written notice of the public hearing shall be served on the Owner and the underlying owner of the real property on which the affected Relocated Billboards or Changeable Message Boards sits, at least thirty (30) days before such public hearing. The notice may be served either personally or by registered mail, postage prepaid, return receipt requested.

3. Planning Commission Findings. The Company's right to maintain each Relocated Billboards or Changeable Message Board may be revoked if the Commission and Council find:

A. That the use to which the Relocated Billboards or Changeable Message Board is put is detrimental to the public health or safety, or is a "nuisance" (as defined in the California Civil Code);

B. That this Agreement was obtained by fraud;

C. That the use for which this Agreement was approved is not being exercised;

D. That the use for which this Agreement was approved has ceased or been suspended for one year or more; or

E. That a status of noncompliance exists with regard to any of the conditions provided for in this Agreement or applicable law, including, but not limited to, the Act (including the regulations of the California Department of Transportation applicable to billboards), or the City's Municipal Code.

4. City Council Action. After a hearing upon the revocation of the right to maintain one or more of the Relocated Billboards and/or Changeable Message Boards pursuant to this Agreement, the Planning Commission shall report its findings of fact and recommendations to the City Council. The City Council shall determine the facts and may revoke, modify or allow to remain unchanged the right to maintain one or more of the Relocated Billboards and/or Changeable Message Boards in accordance with the Council's final determination in such matters.

File #: 23-0446

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/17/2023

TO: Honorable Mayor and City Council Members

FROM: Public Works Department

SUBJECT:
PROFESSIONAL SERVICES AGREEMENT WITH JMDIAZ INC. FOR DESIGN AND ENGINEERING SERVICES FOR THE RADIO ROAD AT-GRADE RAILWAY CROSSING SAFETY IMPROVEMENTS, PROJECT NO. 2022-09, FOR A TERM OF TWO YEARS, MAY 17, 2023, THROUGH MAY 21, 2025, IN THE AMOUNT OF $235,861

EXECUTIVE SUMMARY:
This staff report asks the City Council to approve the Professional Services Agreement with JMDiaz Inc. in the amount of $235,861 for the design and engineering services for the Radio Road At-Grade Railway Crossing Safety Improvement, Project No. 2022-09. The project will install raised median islands on both approaches, install pedestrian sidewalk treatments, curb and gutter, accessible curb ramps, signing and striping, street lighting, and relocate existing utilities. The cost of design and construction is fully reimbursable as the project is funded by the United States Code Section 130 Grade Crossing Improvement Program.

RECOMMENDED ACTION:
That the City Council:

a. Award Request for Proposal 23-023AS for design and engineering services for the Radio Road At-Grade Railway Crossing Safety Improvement Project, No. 2022-09, to JMDiaz Inc. of Industry, CA.

b. Approve the Professional Services Agreement with JMDiaz Inc. for the design and engineering services, for a term of two years beginning May 17, 2023, through May 21, 2025, in the amount of $235,861.

c. Authorize the City Manager, or his designee, to execute a Professional Services Agreement

with JMDiaz Inc. in the amount of $235,861, including any non-substantive extensions, change orders, purchase orders, and amendments up to $23,586 or 10% of the total contract amount as authorized in Corona Municipal Code Section 3.08.070(I).

BACKGROUND & HISTORY:
The City of Corona has been awarded funding for a Section 130 Highway Rail at-grade crossing safety improvement project at the Radio Road grade crossing. The Section 130 program is a federally funded program administered by the States for the elimination of hazards at highway-rail at-grade crossings. This location was identified as a candidate location via a data-driven methodology which includes but is not limited to train and vehicle volumes, geometric factors, pedestrians, buses, hazmat vehicles, and incident history.
The purpose of the project is to improve the safety at the Radio Road crossing by mitigating existing potential hazards to reduce the chance of future incidents. At Radio Road, potential hazards identified include:
• The possibility of vehicles driving around lowered gate arms.
• The lack of separated pedestrian pathways.
• Clear delineation of vehicle, bicycle, and pedestrian pathways on approach and through the crossing.

The use of federal funding also requires addressing pedestrian and bicycle pathways. Currently, pedestrians and bicyclists share the roadway to cross the tracks. At this location, it has been identified that safety would benefit by providing a separate sidewalk on one or both sides of the crossing and installing curb and gutter where applicable to separate the types of movements. The sidewalk will link to existing sidewalk facilities located on both sides of the crossing. Pedestrian pathway treatments may differ across the bridge structure (such as raised curb or striping) to delineate a pedestrian pathway and the vehicular lanes. Providing these pathways will provide a safer crossing pathway for pedestrians. As part of installing sidewalk, several utility poles will need to be relocated to provide required Americans with Disabilities Act access.

ANALYSIS:
The Purchasing Division issued RFP 23-023AS for design and engineering services for this project on February 7, 2023, pursuant to CMC 3.08.110. The City notified 382 vendors about the RFP. The closing date was March 15, 2023, and the City received a total of three proposals. The following is a summary of the proposal evaluation results:

Firm		Location	Evaluation Ranking
1	JMDiaz Inc.	Industry, CA	1
2	TKDA	San Bernardino, CA	2
3	Wilson & Co.	San Bernardino, CA	3

Based on the proposal evaluation analysis, JMDiaz's team possesses the skills, experience, and staffing necessary to successfully execute the scope of work for this project. The project manager proposed for this project has successfully completed projects of similar nature, size, and complexity and will be supported by internal staff and by specialty firms with a similar record of success and experience. Staff recommends awarding the contract to JMDiaz Inc.

FINANCIAL IMPACT:
There is no financial impact for these actions as the Radio Road At-Grade Railway Crossing Safety Improvements Project is fully reimbursable through Federal Section 130 Grade Crossing Safety Improvement Program. On June 1, 2022, City Council accepted the Grant and approved an appropriation and estimated revenue increase within the Public Works Grants/Agreements Fund 243.

ENVIRONMENTAL ANALYSIS:
These actions are exempt from the California Environmental Quality Action (CEQA), as the actions are not a "project" as defined by CEQA (PRC Section 21065 and CEQA Guidelines Section 15378), guidelines which define a "project" as the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or reasonable foreseeable indirect physical change in the environment, and that is an activity directly undertaken by any public agency including public works construction and related activities. These actions involve the approval of a professional services agreement for design and engineering services. Therefore, no environmental analysis is required at this time. After approval of the recommended actions herein, staff will proceed with the design and environmental document phase of this project. Any applicable documentation will be prepared and filed at that time.

CITY OF CORONA
PROFESSIONAL SERVICES AGREEMENT
WITH JMDIAZ, INC.
(PROFESSIONAL ENGINEERING DESIGN SERVICES – RADIO ROAD AT-GRADE RAILWAY CROSSING SAFETY IMPROVEMENTS - PRELIMINARY DESIGN, RFP 23-023AS)

1. PARTIES AND DATE.

This Agreement is made and entered into this 17th day of May, 2023 ("Effective Date") by and between the City of Corona, a municipal corporation organized under the laws of the State of California with its principal place of business at 400 South Vicentia Avenue, Corona, California 92882 ("City") and JMDiaz, Inc., a California Corporation with its principal place of business at 18645 East Gale Ave., Suite 212 City of Industry, CA 91748-1363 ("Consultant"). City and Consultant are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement.

2. RECITALS.

2.1 Consultant.

Consultant desires to perform and assume responsibility for the provision of certain professional services required by the City on the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing professional engineering design services to public clients, is licensed in the State of California, and is familiar with the plans of City.

2.2 Project.

City desires to engage Consultant to render such services for the Radio Road At-Grade Railway Crossing Safety Improvements - Preliminary Design project, RFP 23-023AS ("Project") as set forth in this Agreement.

3. TERMS.

3.1 Scope of Services and Term.

3.1.1 General Scope of Services. Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional design consulting services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules, and regulations.

3.1.2 Term. The term of this Agreement shall be from May 17, 2023 to May 21, 2025 ("Term"), unless earlier terminated as provided herein. Consultant shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the Term of this Agreement one or more times by executing a written amendment pursuant to Section 3.6.8 below (each a "Renewal Term"). The terms "Term" and "Renewal Term" may sometimes be generally and collectively referred to as "Term" in this Agreement.

3.2 Responsibilities of Consultant.

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Consultant retains the right to perform similar or different services for others during the Term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

of Consultant shall also not be employees of City and shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Consultant shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.2.2 Schedule of Services. Consultant shall perform the Services within the Term of this Agreement, in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference, and in accordance with any other completion schedule or milestones which may be separately agreed upon in writing by the Parties. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, City shall respond to Consultant's submittals in a timely manner. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.2.3 Conformance to Applicable Requirements. All Services performed by Consultant shall be subject to the approval of City.

3.2.4 Substitution of Key Personnel. Consultant has represented to City that certain key personnel will perform and coordinate the Services under this Agreement. Should one or more of such personnel become unavailable, Consultant may substitute other personnel of at least equal competence upon written approval of City. In the event that City and Consultant cannot agree as to the substitution of key personnel, City shall be entitled to terminate this Agreement for cause. As discussed below, any personnel who fail or refuse to perform the Services in a manner acceptable to the City, or who are determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project or a threat to the safety of persons or property, shall be promptly removed from the Project by the Consultant at the request of the City. The key personnel for performance of this Agreement are as follows: Juan M. Diaz.

3.2.5 City's Representative. The City hereby designates Savat Khamphou, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Contract. Consultant shall not accept direction or orders from any person other than the City's Representative or his or her designee.

3.2.6 Consultant's Representative. Consultant hereby designates Juan M. Diaz, or his or her designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement. The Consultant's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.2.7 Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.2.8 Standard of Care; Performance of Employees. Consultant shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Consultant represents and maintains that it is skilled in the professional calling necessary to perform the Services. Consultant agrees that all employees and subconsultants shall have sufficient skill and experience to perform the Services assigned to them. Finally, Consultant represents that it, its employees and subconsultants shall have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the Term of this Agreement. As provided for in the indemnification provisions of this Agreement, Consultant shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Consultant's failure to comply with the standard of care provided for herein. Any employee of the Consultant or its

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

sub-consultants who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Consultant and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.9 Laws and Regulations; Employee/Labor Certifications. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Consultant shall be liable for all violations of such laws and regulations in connection with Services. If the Consultant performs any work or Services knowing them to be contrary to such laws, rules and regulations and without giving written notice to the City, Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold City, its officials, directors, officers, employees, and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.2.9.1 Employment Eligibility; Consultant. By executing this Agreement, Consultant verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Consultant. Consultant also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the Term of the Agreement. Consultant shall avoid any violation of any such law during the Term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Consultant shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Consultant's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

3.2.9.2 Employment Eligibility; Subcontractors, Consultants, Sub-subcontractors and Subconsultants. To the same extent and under the same conditions as Consultant, Consultant shall require all of its subcontractors, consultants, sub-subcontractors and subconsultants performing any work or Services relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.9.1.

3.2.9.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Consultant verifies that they are a duly authorized officer of Consultant, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Consultant or its subcontractors, consultants, sub-subcontractors or subconsultants to meet any of the requirements provided for in Sections 3.2.9.1 or 3.2.9.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Consultant under Section 3.2.9.2); or (3) failure to immediately remove from the Project any person found not to be in compliance with such requirements.

3.2.9.4 Labor Certification. By its signature hereunder, Consultant certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.2.9.5 Equal Opportunity Employment. Consultant represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include,

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Consultant shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.2.9.6 Air Quality. To the extent applicable, Consultant must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Although the SCAQMD and CARB limits and requirements are more broad, Consultant shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Consultant shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Consultant, its subconsultants, or others for whom Consultant is responsible under its indemnity obligations provided for in this Agreement.

3.2.10 Insurance.

3.2.10.1 Time for Compliance. Promptly following the Effective Date of this Agreement, but in no event before Consultant commences any Services under this Agreement, Consultant shall provide evidence satisfactory to the City that it has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.2.10.2 Minimum Requirements. Consultant shall, at its expense, procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Consultant, its agents, representatives, employees or subconsultants. Consultant shall also require all of its subconsultants to procure and maintain the same insurance for the duration of the Agreement. Such insurance shall meet at least the following minimum levels of coverage:

(A) Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) *General Liability*: Insurance Services Office Commercial General Liability coverage (occurrence form CG 0001); (2) *Automobile Liability*: Insurance Services Office Business Auto Coverage form number CA 0001, code 1 (any auto), or if Consultant has no owned autos, Code 8 (hired) and 9 (non-owned); and (3) *Workers' Compensation and Employer's Liability*: Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.

(B) Minimum Limits of Insurance. Consultant shall maintain limits no less than: (1) *General Liability:* $1,000,000 per occurrence for bodily injury, personal injury, advertising injury and property damage. If Commercial General Liability Insurance or other form with general aggregate limit is used including, but not limited to, form CG 2503, either the general aggregate limit shall apply separately to this Agreement/location or the general aggregate limit shall be twice the required occurrence limit; (2) *Automobile Liability:* $1,000,000 per accident for bodily injury and property damage; and (3) *Workers' Compensation and Employer's Liability:* Workers' Compensation limits as required by the Labor Code of the State of California. Employer's Liability limits of $1,000,000 per accident for bodily injury or disease.

3.2.10.3 Professional Liability. Consultant shall procure and maintain, and require its sub-consultants to procure and maintain, for a period of five (5) years following completion of the Project, errors and omissions liability insurance appropriate to their profession. Such insurance shall be in an amount not less than $1,000,000 per occurrence or claim, $2,000,000 aggregate per claim.

a.

3.2.10.4 Insurance Endorsements. The insurance policies shall contain or be endorsed (amended) to include the following provisions:

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

(A) General Liability. The general liability policy shall state that: (1) the City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to liability arising out of work or operations performed by or on behalf of the Consultant, including materials, parts or equipment furnished in connection therewith (the endorsement form shall be at least as broad as ISO Form CG 20 10 11 85 or both CG 20 37 and one of the following: CG 20 10, CG 20 26, CG 20 33 or CG 20 38); and (2) the insurance coverage shall be primary insurance coverage as respects the City, its directors, officials, officers, employees, agents, and volunteers (the endorsement form shall be at least as broad as ISO CG 20 01 04 13). Any insurance or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Consultant's insurance and shall not be called upon to contribute with it in any way.

(B) Waiver of Subrogation – Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work or Services performed by the Consultant.

(C) All Coverages. If Consultant maintains broader coverage and/or higher limits than the minimums shown above, the City is entitled to the broader coverage and/or higher limits maintained by Consultant. Thus, any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

3.2.10.5 Other Provisions; Endorsements Preferred. Consultant shall endeavor to provide endorsements regarding the following provisions, but nonetheless understands, acknowledges and agrees that the following provisions shall apply and that failure to comply shall be considered to be a breach of this Agreement by Consultant:

(A) Waiver of Subrogation – All Other Policies. Consultant hereby waives all rights of subrogation any insurer of Consultant's may acquire against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of any insurance policy which arise from work or Services performed by the Consultant. Consultant understands, acknowledges and agrees that this provision is in full force and effect even if the City does not receive a waiver of subrogation endorsement from the insurer.

(B) Notice. Consultant shall either: (1) require its insurer to provide thirty (30) days prior written notice to the City before coverage is suspended, voided, or canceled; or (2) notify City in writing that such notice is not available and forward any notice of such actions to the City within two (2) business days from date of receipt by Consultant. Consultant understands, acknowledges and agrees that this provision is in full force and effect even if the City does not receive a waiver of subrogation endorsement from the insurer.

3.2.10.6 Claims Made Policies. The following provisions shall apply to all policies that provide coverage on a claims-made basis: (A) the retroactive date must be shown and must be before the date on which any Services under this Agreement commence; (B) the insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Project; and (C) if coverage is canceled or not renewed and is not replaced with another claims-made policy with a retroactive date prior to the date on which any Services under this Agreement commence, Consultant must purchase "extended reporting" coverage for a minimum of five (5) years after completion of Project.

3.2.10.7 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. The City may require the Consultant to provide proof of ability to pay losses and related investigation, claims administration and defense expenses within the deductible or self-insured retention. The deductible or self-insured retention may be satisfied by either the named insured or the City.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

3.2.10.8 Acceptability of Insurers. Unless under the circumstances a different rating is otherwise acceptable to the City in its sole and absolute discretion, insurance is to be placed with insurers which are satisfactory to the City and which meet either of the following criteria : (1) an insurer with a current A.M. Best's rating no less than A-:VII and licensed as an admitted insurance carrier in California; or (2) an insurer with a current A.M. Best's rating no less than A-:X and authorized to issue the required policies in California.

3.2.10.9 Verification of Coverage. Consultant shall furnish City with original certificates of insurance, as well as amendatory endorsements or copies of the applicable policy language effecting coverage required by this Agreement. All documents must be received and approved by the City before any Services commence; provided, however, that failure to obtain the required documents prior to the commencement of Services shall not waive Consultant's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.2.10.10 Reporting of Claims. Consultant shall report to the City, in addition to Consultant's insurer, any and all insurance claims submitted by Consultant in connection with the Services under this Agreement.

3.2.10.11 Sub-Consultants. All sub-consultants shall comply with each and every insurance provision of this Section 3.2.10. Consultant shall therefore not allow any sub-consultant to commence work on any subcontract to perform any part of the Services until it has provided evidence satisfactory to the City that the sub-consultant has secured all insurance required under this Agreement.

3.2.10.12 Special Risk or Circumstances. The City reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 3.2.10, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

3.2.11 Safety. Consultant shall execute and maintain its work and Services so as to avoid injury or damage to any person or property. In carrying out its Services, the Consultant shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Services and the conditions under which the Services are to be performed.

3.2.12 Payment Bond. The California Department of Industrial Relations ("DIR") has communicated to the City that there is a possibility that a payment bond may be required for certain services provided in connection with a public works project. Since such a requirement is currently contrary to the industry standard for the services provided by Consultant under this Agreement and since there is no direct legal authority for this position, the City is not requiring Consultant to provide a payment bond at this time. However, the City hereby reserves the right to require the Consultant to obtain and provide a payment bond for some or all of the Services provided by the Consultant under this Agreement.

If the City determines that a payment bond is required for the Services pursuant to Civil Code Section 9550 or any other applicable law, rule or regulation, Consultant shall execute and provide to City a payment bond in an amount required by the City and in a form provided or approved by the City. In the event a payment bond is required, the City agrees to compensate Consultant for all documented direct costs incurred by Consultant for such payment bond. The Parties shall memorialize the terms of such additional compensation and any other terms and conditions associated with the payment bond in an amendment to this Agreement.

3.2.13 Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

3.3 Fees and Payments.

3.3.1 Rates & Total Compensation. Consultant shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed Two Hundred and Thirty-Five Thousand Eight Hundred and Sixty-one Dollars ($235,861.00) ("Total Compensation"), without written approval of City's Representative. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Consultant shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Consultant. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Consultant perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Consultant shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.3.5 Prevailing Wages. Consultant is aware of the requirements of Chapter 1 (beginning at Section 1720 et seq.) of Part 7 of Division 2 of the California Labor Code, as well as Title 8, Section 16000 et seq. of the California Code of Regulations ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services involve federal funds or otherwise require compliance with the Davis-Bacon Fair Labor Standards Act, the Consultant and its subconsultants shall comply with the higher of the state or federal prevailing wage rates, and the "Prevailing Wage Laws" shall be deemed to include such federal wages laws. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the Total Compensation is $1,000 or more, Consultant and its subconsultants shall fully comply with the Prevailing Wage Laws for their employees and any others to whom such laws are applicable. Consultant and its subconsultants shall also be responsible for any and all violations and fines imposed on them pursuant to the Prevailing Wage Laws. Pursuant to SB 854, which amended the Prevailing Wage Laws, this Agreement would also be subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"). Beginning April 1, 2015, no consultant or subconsultant may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Consultant shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Consultant's principal place of business and at the Project site. It is most efficient for the Consultant to obtain a copy of the prevailing wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at www.dir.ca.gov/dlsr/. In the alternative, Consultant may obtain a copy of the prevailing wages from the City's Representative. Consultant shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.3.6 Apprenticeable Crafts. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, Consultant shall comply with the

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Consultant employs workmen in an apprenticeable craft or trade. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Consultant.

3.4 Termination of Agreement.

3.4.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, as well as any authorized reimbursable expenses, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause.

3.4.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services under this Agreement. Consultant shall be required to provide such document and other information within fifteen (15) days of the request.

3.4.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

3.5 Ownership of Materials and Confidentiality.

3.5.1 Documents & Data; Licensing of Intellectual Property. This Agreement creates a non-exclusive and perpetual license for City to copy, use, modify, reuse, or sublicense any and all copyrights, designs, and other intellectual property embodied in plans, specifications, studies, drawings, estimates, and other documents or works of authorship fixed in any tangible medium of expression, including but not limited to, physical drawings or data magnetically, electronically or otherwise recorded or stored, which are prepared or caused to be prepared by Consultant under this Agreement ("Documents & Data"). All Documents & Data shall be and remain the property of City, and shall not be used in whole or in substantial part by Consultant on other projects without the City's express written permission. Within thirty (30) days following the completion, suspension, abandonment or termination of this Agreement, Consultant shall provide to City reproducible copies of all Documents & Data, in a form and amount required by City. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. In the event of a dispute regarding the amount of compensation to which the Consultant is entitled under the termination provisions of this Agreement, Consultant shall provide all Documents & Data to City upon payment of the undisputed amount. Consultant shall have no right to retain or fail to provide to City any such documents pending resolution of the dispute. In addition, Consultant shall retain copies of all Documents & Data on file for a minimum of five (5) years following completion of the Project, and shall make copies available to City upon the payment of actual reasonable duplication costs. In addition, before destroying the Documents & Data following this retention period, Consultant shall make a reasonable effort to notify City and provide City with the opportunity to obtain the documents.

3.5.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.5.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.5.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.5.5 Confidentiality. All Documents & Data, either created by or provided to Consultant in connection with the performance of this Agreement, shall be held confidential by Consultant. All Documents & Data shall not, without the prior written consent of City, be used or reproduced by Consultant for any purposes other than the performance of the Services. Consultant shall not disclose, cause or facilitate the disclosure of the Documents & Data to any person or entity not connected with the performance of the Services or the Project. Nothing furnished to Consultant that is otherwise known to Consultant or is generally known, or has become known, to the related industry shall be deemed confidential. Consultant shall not use City's name or insignia, photographs of the Project, or any publicity pertaining to the Services or the Project in any magazine, trade paper, newspaper, television or radio production or other similar medium without the prior written consent of City.

3.6 General Provisions.

3.6.1 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective Parties at the following address, or at such other address as the respective Parties may provide in writing for this purpose:

Consultant:
JMDIAZ, Inc.
18645 East Gale Ave., Suite 212
City of Industry, CA 91748-1363
Attn: Juan M. Diaz

City:
City of Corona
400 South Vicentia Avenue
Corona, CA 92882
Attn: Savat Khamphou, Public Works Department

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the Party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.6.2 Indemnification. To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, to the extent arising out of, pertaining to, or incident to any alleged willful misconduct or negligent acts, errors or omissions of Consultant, its

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all settlement amounts, expert witness fees and attorneys fees and other related costs and expenses. Notwithstanding the foregoing, to the extent Consultant's Services are subject to Civil Code Section 2782.8, the above indemnity shall be limited, to the extent required by Civil Code Section 2782.8, to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant. Consultant's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its directors, officials officers, employees, agents, or volunteers.

3.6.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code Sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

3.6.4 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.6.5 City's Right to Employ Other Consultants. City reserves right to employ other consultants in connection with this Project.

3.6.6 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the Parties.

3.6.6.1 Subconsultants; Assignment or Transfer. Consultant shall not subcontract any portion of the Services required under this Agreement, except as expressly authorized herein, without the prior written approval of the City. Subcontracts, if any, shall include a provision making them subject to all provisions of this Agreement. Consultant shall also not assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to subcontract or take any other action not authorized herein shall be null and void, and any subconsultants, assignees, hypothecates or transferees shall acquire no right or interest by reason of such action.

3.6.7 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

3.6.8 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.6.9 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

3.6.10 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 3.6.6, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

3.6.11 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.6.12 Prohibited Interests. Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Further, Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the Term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.6.13 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.6.14 Attorney's Fees. If either Party commences an action against the other Party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing Party in such litigation shall be entitled to have and recover from the losing Party reasonable attorney's fees and all other costs of such action.

3.6.15 Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.6.16 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.6.17 Entire Agreement. This Agreement contains the entire Agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both Parties.

3.6.18 Federal Provisions. When funding for the Services is provided, in whole or in part, by an agency of the federal government, Consultant shall also fully and adequately comply with the provisions included in Exhibit "D" (Federal Requirements) attached hereto and incorporated herein by reference ("Federal Requirements"). With respect to any conflict between such Federal Requirements and the terms of this Agreement and/or the provisions of state law, the more stringent requirement shall control.

EXHIBIT "A"
SCOPE OF SERVICES

Consultant promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional design consulting services necessary for the Project. The Services are more particularly described herein.

A. PROJECT DESCRIPTION I. Location and Summary of Existing Conditions

The City of Corona has been awarded funding for a Section 130 Highway Rail at-grade crossing safety improvement project at the Radio Road grade crossing. The Section 130 program is a federally funded program, administered by the States, for the elimination of hazards at highway-rail at-grade crossings. This location was identified as a candidate location via a data driven methodology which includes but is not limited to: train and vehicle volumes, geometric factors, pedestrians, buses and hazmat vehicles, and incident history.

The Radio Road at-grade railroad crossing is in the City of Corona, Riverside County. It is an asphalt paved road with two through lanes, no sidewalks and is approximately 26 feet wide. The crossing is located approximately 100 feet south of the Sampson Avenue and Radio Road intersection. This intersection has a STOP sign control for Sampson Avenue traffic only. The crossing is located approximately 140 feet north of the Quarry Street and Radio Road intersection. This intersection has a STOP sign control for Quarry Street traffic only. There is a bridge approximately forty feet to the north of the crossing. The width of the bridge is a limiting factor for this project as widening the bridge exceeds the program parameters.

The crossing is equipped with two CPUC Standard No. 9, automatic gate type warning devices. There are three tracks at this location, two main tracks and one other track. The track surfacing consists of concrete panels with a width of 48 feet and meets the road at 90 degrees.

The purpose of the project is to improve the safety at the Radio Road crossing by mitigating existing potential hazards to reduce the chance of future incidents. At Radio Road potential hazards identified include:

- The possibility of vehicles driving around lowered gate arms
- The lack of separated pedestrian pathways.
- Clear delineation of vehicle, bicycle, and pedestrian pathways on approach and through the crossing.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

The use of federal funding also requires addressing pedestrian and bicycles pathways. Currently pedestrians and bicyclists share the roadway to cross the tracks. At this location it has been identified that safety would benefit by providing a separate sidewalk on one or both sides of the crossing and installing curb and gutter where applicable to separate the types of movements. The sidewalk will link to existing sidewalk facilities located on both sides of the crossing. Pedestrian pathway treatments may differ across the bridge structure (such as raised curb or striping) to delineate a pedestrian pathway and the vehicular lanes. Providing these pathways will provide a safer crossing pathway for pedestrians. As part of installing sidewalk several utility poles will need to be relocated to provide required ADA access.

BNSF Railroad San Bernardino Subdivision Crossing Information:

At-Grade Crossing	**Crossing Number**
Radio Road	026521R

II. Required Grade Crossing Improvements

The California Public Utilities Commission (CPUC) Rail Crossing Engineering Section made final recommendations for the safety improvements to be funded under the Section 130 program at the Radio Road at-grade railroad crossing, based on recommendations developed by a preliminary diagnostic team that analyzed the existing conditions with respect to vehicular travel, bicycle travel, pedestrian pathways, and rail traffic.

The City's required improvements include, but are not limited to the following:

a. Raised Median Islands on both approaches to the crossing
b. Pedestrian treatments of sidewalk, detectable warning tiles, curb and gutter, and accessible curb ramps
c. Signing and Striping
d. Street Lighting
e. Utility relocations

III. Project Coordination

The City is currently evaluating the Radio Road grade crossing for inclusion in a future Quiet Zone project. Preliminary Engineering of safety enhancements for this crossing should take this into account and should coordinate efforts. This project will also require coordination with local utilities to successfully relocate utilities affected by the proposed improvements.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

Phase 1: Project Initiation / Management

Task 1.1: Project Administration, Meetings and Coordination

The Consultant will attend one kickoff meeting and begin with biweekly project coordination/status meetings with City staff. The Consultant will also attend strategic City Council and Committee meetings that may be required. This task assumes a total of eight (8) meetings. The Consultant will provide meeting minutes for coordination meetings. The Consultant will prepare a baseline project schedule that will be updated and discussed during bi-weekly meetings. The schedule is designed to be a road map for project activities and interfaces with other parties including agencies, railroad entities and utility companies. The Consultant's Project Manager will work diligently to keep the project on schedule in accordance with Section 130 and CPUC understanding and requirements. Delays will be prevented and, in worst cases, recovered by expediting future tasks.

The Consultant will provide monthly progress reports that will accompany invoicing.

Deliverable(s):
Updated schedule, monthly invoices and progress reports as well as meeting minutes.

Task 1.2: Right of Entry (ROE) Application

If required by the project, The Consultant can prepare a Right of Entry (ROE) permit application required to allow the City and the Consultant's Team to enter railroad corridors to conduct field activities within 25 feet from the nearest track. The construction costs for flagging and obtaining Railroad Protective Liability Insurance (RLPI) are not included in this agreement. This task includes "rush" handling and related fees to obtain the ROE before the typical 45-day period.

Deliverable(s):
Right of Entry permit to cover consultant team activities within railroad right of way. For design consulting purposes, the Consultant's cost will include flagging for up to 3 days.

Task 1.3: Research/Data Collection/Field Review

The Consultant will gather available data consisting of correspondence, studies, plans and CAD files related to the existing conditions at the applicable grade crossings along the BNSF railroad corridor. The Consultant will obtain data from FRA, CPUC, BNSF, SCRRA and the City. The Consultant assumes that current information, such as as-built plans and other data obtained from the City, will be made available by the City at no cost to the Consultant.

Uniquely relying on its former role representing SCRRA/Metrolink in the City of Corona, the Consultant will conduct a pre-diagnostic review to fully assess the likely improvements to be required by Metrolink and CPUC. This step is essential to adequately define the proposed improvements and develop an effective strategy prior to meeting with Metrolink and CPUC.

Deliverable(s):
Digital (pdf) copies of plans, studies and photographs obtained for this task.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

Phase 2: Preliminary Engineering

Task 2.1: Field Survey and Right of Way Engineering

The Consultant's surveying subconsultant, FHA, will conduct detailed topographic survey including cross sections at every 25 feet and covering the roadway width, plus 15 feet outside of roadway width limits. Field survey will cover 250 feet of the at-grade crossing in each direction from the middle track centerline.

Deliverable(s):

Digital topographic map.

Task 2.2: Geotechnical Investigations and Report

The Consultant's geotechnical subconsultant, GEO Advantec, Inc. (GAI), will conduct concise pavement analysis of the existing crossing based on up to 2 corings to be taken at key locations within the crossing.

Deliverable(s):

Draft and Final Geotechnical Report.

Task 2.3: Traffic / Pedestrian Study

The Consultant, with the assistance of vendor NDS, will conduct a concise yet comprehensive traffic and pedestrian study to determine actual crossing users and traffic mix as major trucks have been observed driving through the crossing. The study results will facilitate pavement design to account for trucks as well as pedestrian counts and walking routes to determine the need for pedestrian treatments as previously raised by CPUC at railroad crossings in the City.

The study will include the following but not be limited to:

- Measuring daily pedestrian counts for seven consecutive days. This will rely on videotaping to capture counts day and night.
- Quantify percentage of observed pedestrians for adults versus youth.
- Map distances to nearest schools.
- Classification counts to determine the current truck mix including vehicles transporting hazardous materials, school buses and transit buses through the crossing.

Deliverable(s):

Draft and Final Traffic/Pedestrian Study.

Task 2.4: Utility Coordination and Potholing

The Consultant will conduct utility coordination activities to verify the presence and location of existing utilities and avoid conflicts prior to construction efforts. The Consultant will mail design plans in three separate instances and field verify conditions to validate existing utilities and identify possible conflicts. In cases where locations are uncertain and the possibility for conflicts is high, the Consultant will have C Below conduct potholing at key locations to verify utility locations and depths. This task assumes up to five (5) locations for potholing by C Below.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

Deliverable(s):

Copies of utility requests sent to utility companies as well as utility pothole data sheets for utilities potholed by C Below.

Task 2.5: 30% Conceptual Plans

The Consultant will prepare a conceptual exhibit, in AutoCad or MicroStation, illustrating existing and proposed grade crossing improvements. The conceptual exhibit will confirm whether the proposed crossing improvements will or will not encroach within BNSF right of way or private properties. This includes an assessment of the potential need for installing pedestrian treatments and the right of way to accommodate them.

The design plans will be prepared in accordance with City and BNSF design standards as well as applicable CPUC and California Manual of Uniform Traffic Control Devices (MUTCD) requirements.

Deliverable(s):
Conceptual plans/exhibits.

Task 2.6: Conceptual Cost Estimates

The Consultant will prepare conceptual cost estimates detailing construction, maintenance, permitting and other related grade crossing improvement costs.

Deliverable(s):
Conceptual cost estimates.

Task 2.7: Field Diagnostic Meetings

The Consultant will conduct one virtual pre-diagnostic meeting (following BNSF's current Covid guidelines) in advance of one field diagnostic meeting with the City, CPUC and BNSF to present the conceptual design prepared in Task 2.5 and field verify crossing and equipment conditions as well as obtain diagnostic recommendations (e.g., pedestrian treatments) for proposed safety enhancement measures and crossing improvements. The diagnostic meeting presents the preliminary design plans to all parties for the purpose of obtaining input from all rail entities prior to beginning the final design effort. The diagnostic meeting sets the basis of the proposed improvements and initiates the railroad and agency review process. If needed, the Consultant will schedule a follow up diagnostic meeting to discuss confirming or altering diagnostic improvements.

Deliverable(s):
Diagnostic meeting minutes.

Task 2.8: Environmental Documentation

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

The Consultant's environmental subconsultant, Blodgett Baylosis Environmental Planning (BBEP), will prepare documentation needed to obtain NEPA and CEQA clearance for the project recognizing that Section 130 funding is involved. Environmental documentation will rely on the project's Categorical Exclusion status since the at-grade crossing exists and the proposed improvements will enhance its safety. An Initial Study/Mitigated Negative Declaration (IS/MND) is not anticipated to be required for this project.

Phase 3: Final Design and Permitting

Task 3.1: 60% Plans

After review and approval of the conceptual grade crossing recommendations, the Consultant will prepare preliminary construction plans for the proposed crossing improvements. The Consultant Team will prepare preliminary plans in AutoCAD or MicroStation illustrating existing conditions and the proposed grade crossing improvements. The design plans will be prepared in accordance with City, CPUC and BNSF design standards as well as applicable California Manual of Uniform Traffic Control Devices (MUTCD) requirements.

The preliminary design package includes the following drawings:

Title Sheet

The Consultant will prepare a title sheet containing a vicinity map, general and construction notes, construction legend, list of affected utilities, a drawing list and other details covering the project limits.

Typical Sections and Detail Plans

The Consultant will prepare typical sections and details at appropriate scales to illustrate existing and proposed roadway and structural pavement sections as well as provide miscellaneous construction sections and details.

Roadway Improvement Plan

The Consultant will prepare detailed roadway plan consisting of plan and profile at a scale of 1"=20', on City title block and detailing existing and proposed roadway features and details. The roadway plans will include recommended access ramps, driveways, and sidewalk improvements.

Grade Crossing Plan

The Consultant will prepare a detailed grade crossing plan consisting of plan and profile at a scale of 1"=20', on City title block and detailing existing and proposed grade crossing protection, features and details. The grade crossing plan will include proposed warning devices, crossing panel improvements, roadway and sidewalk improvements as well as pedestrian treatments. The grade crossing plans will be prepared to comply with CPUC and BNSF requirements.

Utility Relocation Plan

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

The Consultant will prepare a utility relocation plan for the existing power pole at the southeast quadrant which limits visibility to the existing crossing gate flasher(s). The plans will consist of plan and cross section and will be prepared at a scale of 1”=20’ (horizontal) and no scale (vertical).

Intersection Plans

The Consultant will prepare detailed intersection plans at a scale of 1”=10’, including intersection grids with elevations. The intersection plans will detail proposed widening and include curb ramps.

Signing and Striping Plan

The Consultant will prepare a detailed signing and striping plan at a scale of 1”=40’ using the City-provided title block. These plans will identify existing and proposed signing and striping features including sidewalk and bikeway features, if any.

Street Lighting Plans

The Consultant will review existing lighting and prepare street lighting plans at a scale of 1”=40’ and detailing the proposed undergrounding of existing roadway lighting with standard pull boxes and light standards. Lighting plan designs will be coordinated with our landscape architect, if needed, to ensure that proposed landscaping does not conflict and impede illumination levels required for proposed lighting.

Landscaping and Irrigation Plans

Our landscape architect subconsultant, Steven A. Ormenyi and Associates, will prepare landscaping and irrigation plans at appropriate scales to detail proposed low height landscaping features and related irrigation within proposed sidewalks and raised median islands, as appropriate.

Traffic Staging Plans

The Consultant will prepare detailed traffic control plans at a scale of 1”=40’ for up to two construction phases for roadway segments.

Optional Drawings

The following drawings are not currently included in this proposal due to the straightforward nature of the project as confirmed with City staff. The Consultant, however, can prepare optional plans described below following negotiation and scope amendment with City staff.

Traffic Signal Modification Plans

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

The Consultant may prepare traffic signal modification plans for each signalized intersection modified. The traffic signal modification plans will be prepared at a scale of 1"=20' and will include equipment schedules, conductor schedules as well as detail signal equipment modifications and traffic signal loop replacement.

Traffic Signal Interconnect Plans

The Consultant may prepare traffic signal interconnect plans covering the signalized intersections nearest the project limits. The traffic signal interconnect plan will be prepared at a scale of 1"=40' and will include interconnected signal details.

Railroad Signal Plans

Railroad signal plans are assumed to be prepared by BNSF who will perform railroad construction with its own forces and paid for directly by CPUC.

Storm Water Pollution Prevention Plans (SWPPP)

Considering the proposed improvements will be less than an acre in area, SWPPP to prevent stormwater pollution during construction are not anticipated nor included for this project.

Deliverable(s):

The following are the estimated plan sheets and related quantities for the project:

Plan Sheets	Qty
Title Sheet	1
Typical Sections and Detail Plans	1
Roadway Improvement Plan	1
Grade Crossing Plan	1
Utility Relocation Plan	1
Intersection Grid Plans	1
Cross Sections	1
Signing and Striping Plans	1
Street Lighting Plans	2
Landscaping and Irrigation Plans	3
Traffic Staging Plans	3
Total	**16**
Total Plan Set*	**15**

** Excludes cross sections.*

Tasks 3.2 – Specifications

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

The Consultant will prepare technical specifications and Bid Package using Greenbook format as provided by the City. The Consultant will provide hard copy and digital (MS Word) formatted specifications to the City. This task assumes that the City will provide boilerplate and ultimate packaging of the specifications. Specifications will be prepared to comply with Federal requirements, as appropriate, and will include current prevailing wage rates and will specify "Buy America" products, as required.

Task 3.3 – Construction Bid Items and Opinion of Probable Construction Cost

The Consultant will prepare a list of construction bid item quantities and opinion of probable construction cost for the project elements, which will include a proposed item list, estimated quantities, and current unit costs resulting in line-item cost estimates. At the first plan check, a preliminary cost estimate will be developed for comparison with previous project budget estimates. Back-up of cost estimate calculations showing quantities and unit costs per sheet will be provided to the City for review with each submittal. During final design, The Consultant will prepare a final estimate to validate construction bids by contractors during the bidding process.

Deliverable(s):
Construction Bid Items and Opinion of Probable Construction Cost.

Task 3.4: 90% PS&E Design

Upon receiving review comments from the City for the 60% level submittal, the Consultant's Team will address the comments and prepare and submit the 90% PS&E design package.

Deliverable(s):
90% level plans, specifications and estimate.

Task 3.5: 100% PS&E Design / Bid Package

Upon receiving review comments from the City for the 90% level submittal, the Consultant's Team will respond to comments and prepare and submit the 100% PS&E design package.

Deliverable(s):
- Pedestrian Study

- 30% Conceptual Design Plans (soft copy in pdf format) • 60% PS&E Design Package - (24"x36" size plans, up to 10 sets, soft copy in pdf format)

- 90% PS&E Design Package - (24"x36" size plans, up to 10 sets, soft copy in pdf format)

- 100% Design Bid Package of Plans, Specifications, Estimates (24"x36" size plans, 5 sets, soft copy in pdf format)

- Technical Project Specifications

Task 3.6: Public Meetings/Presentations

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

The Consultant will assist the City in presenting the proposed designs to local community stakeholders. This task assumes the preparation of graphics and a PowerPoint presentation for presentation to the following City Meetings:

- City Traffic and Transportation Commission
- Planning Commission
- City Council

Up to two public meetings are included in this task.
Deliverable(s):
PowerPoint presentation and visual aids including presentation boards.

Task 3.7: Easement/License Coordination

Recognizing that the proposed crossing improvements may require the acquisition of right of way from BNSF, The Consultant will assist in coordinating needed right of way acquisition with BNSF in support of BNSF's preparation of easements or licenses required for new improvements to be constructed within BNSF property. The easements and/or licenses are assumed to initiate and be prepared by BNSF and be executed by all parties.

Deliverable(s):
Coordinate draft and final easement or license agreements initiated by BNSF.

Task 3.8: Construction and Maintenance (C&M) Agreement

If needed, the Consultant will coordinate the preparation of a Construction and Maintenance (C&M) agreement defining the roles and responsibilities of the City and BNSF, if any. The C&M agreement will define payment responsibilities for grade crossing improvements including an estimate for railroad signal improvements to be prepared by BNSF.

Deliverable(s):
Coordinate draft and final C&M agreement initiated by BNSF and executed by all parties involved.

Task 3.9: CPUC Application

The Consultant can prepare one (1) application to be submitted to the CPUC for the proposed grade crossing modifications. There are two types of applications that can be prepared depending on the extents of the improvements. The preparation of an application would cover ultimate (i.e., permanent) improvements and not interim improvements during construction. This task assumes a short form application, better known as a General Order 88B (GO-88B) application will be required.

The long form application typical includes three exhibits detailing the proposed improvements and may include the redefinition of the existing grade crossing boundaries. A legal description for each modified crossing may be included in the application to the CPUC if the crossing boundaries require redefinition. Legal descriptions would be prepared by our surveying subconsultant, FHA, if necessary. The long form application and related exhibits are not included in this task.
Deliverable(s):
GO-88B application.

Phase 4: Advertising and Bidding Support

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

Task 4.1: Attend Pre-Bid Meeting

The Consultant will attend the pre-bid meeting to discuss the project and respond to questions. The Consultant will prepare meeting minutes.

Deliverable(s): Meeting minutes.

Task 4.2 – Technical Support and Respond to Bidder's Questions

The Consultant will assist in answering questions regarding omissions or conflicts in the design during the pre-bid meeting and bidding process. The Consultant will verify and evaluate bids, including accuracy/quality checks as well as provide input to the recommended lowest bidder for contract award.

Deliverable(s): Questions Log and Bid Evaluation Matrix.

Task 4.3 – Addenda Preparation

The Consultant will prepare addenda regarding omissions or conflicts in the design. This task assumes one addendum will be required.

Deliverable(s): Addenda Contract Documents.

The Consultant will provide design support during construction including responding to requests for information (RFI's), reviewing shop drawings for compliance and preparing as-built plans following construction completion.

Phase 5: Design Support During Construction

Task 5.1 – Attend Pre-Construction Meeting

The Consultant will attend the pre-construction meeting to discuss the project and respond to questions. The Consultant will prepare meeting minutes.

Deliverable(s): Meeting minutes.

Task 5.2 – Site Visits and Observations

The Consultant will conduct field visits and perform site observations to ascertain project progress and provide observation reports. This task assumes up to three (3) visits.

Deliverable(s): Observation reports.

Task 5.3 – Review Shop Drawings and Submittals

The Consultant will review shop drawings and submittals provided by the Contractor.

Deliverable(s): Document log and responses in writing.

Task 5.4 – Review and Respond to RFIs and RFCs

The Consultant will provide responses to Contractor RFIs and RFCs.

Task 5.5 – Review and Respond to Change Orders and Claims

The Consultant will review and respond to Change Orders and proposals and estimates. The Consultant will assist with claims mitigation associated with design issues.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

Deliverable(s): Document log and responses in writing.

Task 5.6 – Prepare Record "As-Built" Plans

Upon construction completion, The Consultant will assist the City by preparing as-built plans and including design modifications recorded during construction. The as-built plans will be submitted to the City for record purposes.

Management Plan

The Consultant's Management Plan, applicable to on-site and off-site tasks, consists of three primary components, namely, People Management, Project Management, and Quality Management. The first focuses on leading the team to achieve the desired project objectives. The latter two consist of using appropriate project controls to effectively manage the project deliverables, schedule and budget. A typical project would be managed in accordance with each component to meet the City's objectives in a timely manner. Each one of these components is briefly discussed below.

People Management

People management consists of team leadership through effective planning, staffing, and communication as discussed below.

Planning

After the kickoff meeting with the City, the Consultant will hold an internal team meeting to discuss the project's objectives, milestones, staffing needs, schedule, and task responsibilities. The goal will be to establish a realistic plan to meet all project requirements.

Staffing

During the Consultant's internal team meeting, the Consultant will prepare a team staffing plan to ensure the right people are available at the right time for each project or task. In addition, the Consultant's Team is committed to delivering quality and timely services within the City's time and budget goals. The Consultant has added multiple professionals to work as squads and manage multiple projects conveniently. In addition, the Consultant have provided sufficient resource capacity to perform the projects or tasks in a timely manner, and confirm that the key personnel proposed for the project will be available for the duration of the project.

Communication

The Project Manager will work closely with each task leader to develop the proposed submittals in accordance with the project requirements. Through the use of telephone conferencing, faxes, and e-mails, the project team will discuss project issues, progress and reviews on a periodic basis to meet each project milestone. The ultimate objective is to lead the team to the desired objectives through effective and timely communication.

The Consultant's Project Manager's experience with the City and staff augmentation programs confirms that the best way to minimize delays and address unforeseen problems is to proactively communicate with the City's Project Manager (PM) to alert him or her of potential issues. In addition, often the City PM is so involved on other projects that he or she may not effectively communicate changes in the City's position or direction regarding a project. These situations can

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

be avoided with proper communication and documentation through meetings, email and telephone conversation minutes.

Project Management

For the project development work, we propose to use a Project Management and Control System that we have used successfully on similar multi-disciplined transportation infrastructure design projects. The monitoring and controlling of schedules and budgets will provide a means to ensure that the proposed work plan is implemented effectively in an efficient and timely manner.

The core of the Consultant's system is a monthly Project Management Report comprised of two sections:

Design Status Report - Arranged by task, this report discusses budget and schedule; design problems which need to be resolved; coordination required between the project team, the client staff and other agencies; and actual versus planned progress.

Project Control Report - This is a computerized report which tracks budget and schedule and is refined and customized to meet the specific project needs. This report is issued monthly, but can easily be produced more often, if required, for more frequent project control. It is critical that the project management system be flexible and able to accommodate scheduling adjustments that may occur. The Consultant's system requires the Project Manager to re-plan the project, as necessary, to reflect an accurate and up-to-date schedule. In the event of a schedule shift, a recovery plan will be developed and implemented to either meet the original milestone dates or other dates mutually agreed to by the City and the Consultant. The schedule will provide a tool with which the Project Manager can closely monitor the scheduled timing of each task and permit overall management control of the project.

Project Scope, Schedule and Cost Control

The monitoring and controlling of project scope, schedule and cost will provide a means to ensure that the proposed work plan is implemented in an efficient and timely manner.

Initially, the scope of work will be carefully negotiated with the City to ensure that we understand your intent and expectations for the project. The negotiated scope will be translated into a written format with identified budgets, milestones and deliverables. Anticipated exclusions and items to be provided by the City, Caltrans and other public agencies will be defined, reviewed and discussed. A detailed project schedule will be developed that outlines the significant project milestones and their estimated completion date based on our experience with similar projects with local agency oversight and approval. Control of scope, schedule and cost will be achieved using the following Project Management Control System that the Consultant's managers are using successfully on similar projects. The core of this system is a monthly Project Management Information System comprised of the following three elements:

Critical Path Method (CPM) Schedule

The Consultant has in-house staff with expertise in Microsoft Project Planner. A comprehensive project schedule will be initiated by our Project Manager and will serve as the controlling document

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

for tracking progress of the work. This schedule will form the framework for measuring our actual performance to planned performance and can be used for periodic updating of the City's work plan and financial planning. The project team will meet prior to beginning work on the project to collectively determine the smaller work tasks required to complete the major work activities as established in the scope of work. A sequencing plan of these smaller work tasks, using precedence format, will be developed which, in turn, will determine the overall schedule. The series of work tasks and resulting schedule will be diagrammatically exhibited as a Critical Path Method (CPM) flow chart. This flow chart, which high- lights the critical path, will be used to determine the intermediate project milestones.

Project Control Report
Prior to beginning the project, the Project Manager will prepare the Project Control Document which defines major tasks, subtasks, milestone submittals and task budgets. This information is entered into our centralized accounting system that will provide the Project Manager with a weekly report of project budget status based on weekly time cards and direct expense information. The Project Manager will estimate project completion weekly and compare his estimate with the actual project expenditures to date. This comparison gives him a "snapshot" project cost evaluation on a weekly basis. The Project Manager, with assistance from the Project Engineers and subconsultants, will prepare a monthly cost-to complete estimate that is a valuable tool in keeping the project on budget and validating the Project Manager's estimate of project progress.

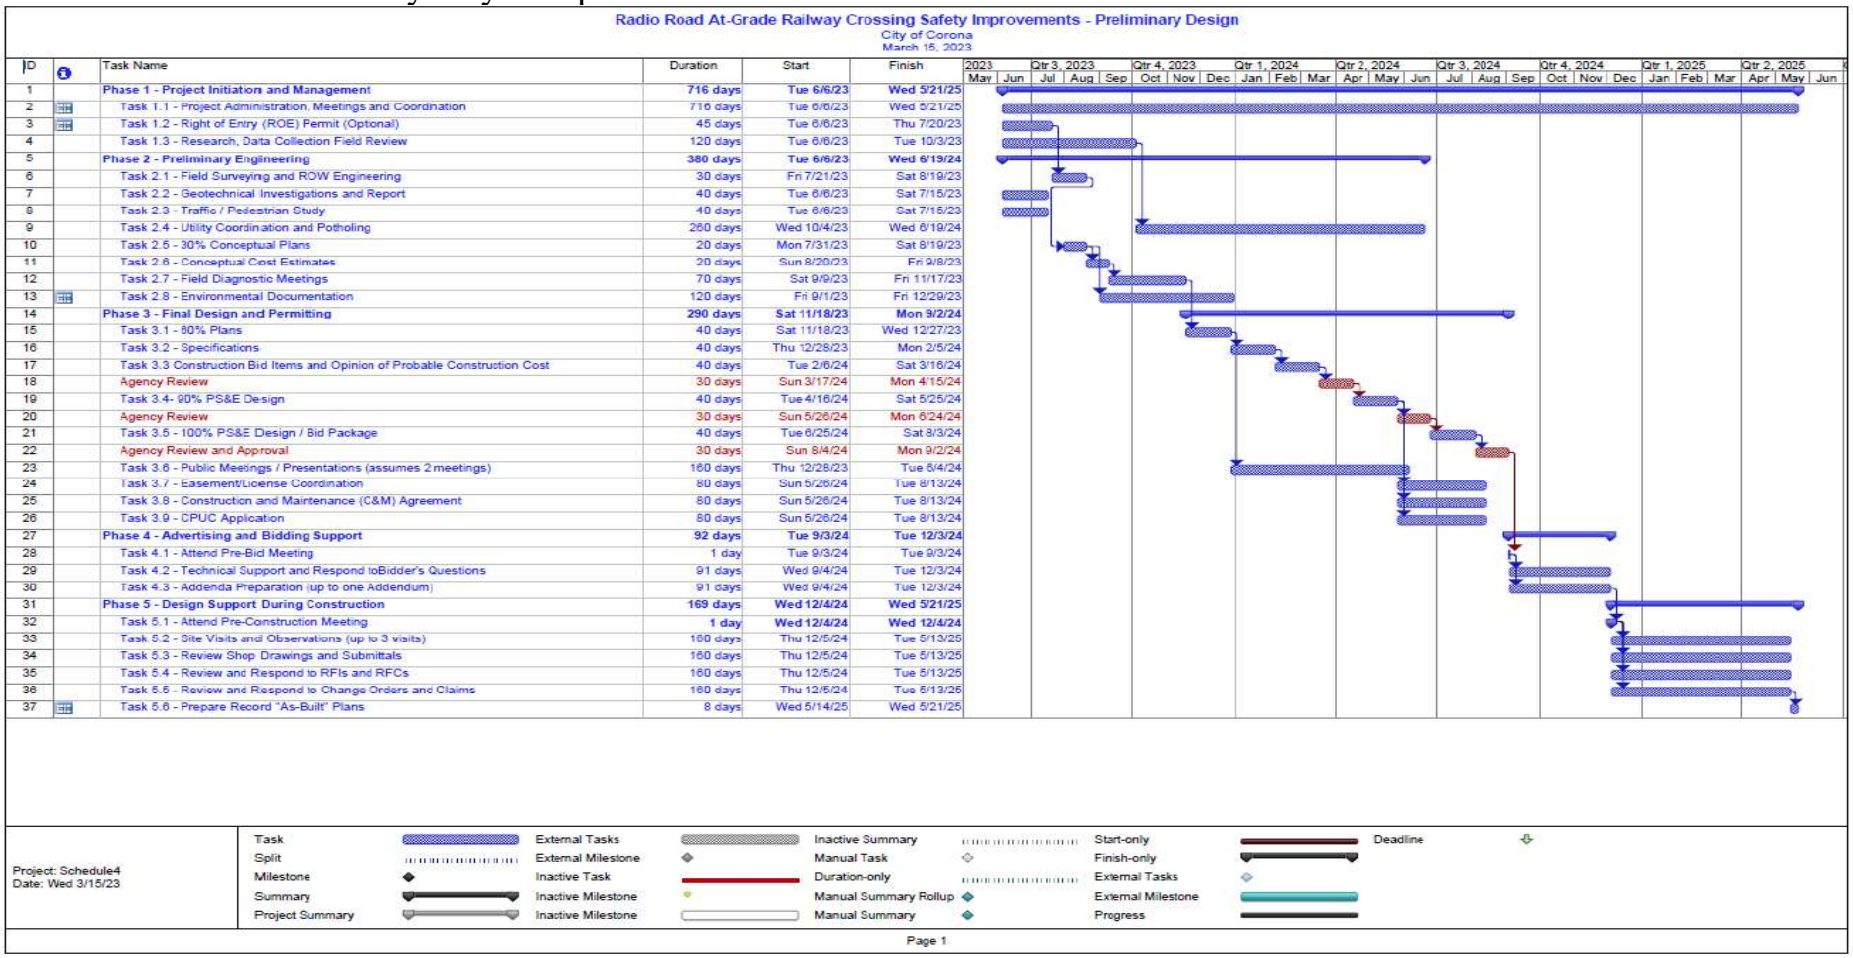
Project Status Report
Arranged by task, this bi-weekly internal report discusses budget and schedule; project issues which need to be resolved; coordination required between the project team, City staff and other agencies; and actual versus planned progress.

Quality Control/Quality Assurance

Quality Control/Quality Assurance (QA/QC) is a process that begins with the preparation of the proposal and signing of the contract. Understanding Metro's requirements and expectations is the first step in providing a quality project. The Consultant has developed an office environment and philosophy which encourage quality. The Consultant’s quality assurance program includes preparation of a Quality Control (QC) Plan for each individual project which specifies the responsibilities, requirements and procedures for quality control. The plan is modeled after the ASCE publication, "Quality in the Constructed Product," is flexible, and can be modified to respond to specific client requirements. The functions of the Consultant’s quality assurance program:

- Establish a quality review team for the project. The quality review team is responsible for monitoring adherence to procedures and practices by:

  a. conduct surveillance of project activities together with reviews of documentary evidence of their performance,
  b. verify calculations and other analytical work,
  c. provide independent auditing to check that the quality control and technical procedures are being properly implemented and followed,



- Define the duties and responsibilities of those personnel in the organization having significant quality assurance responsibilities (i.e., Principals, Project and QA/QC Managers).
- Provide value engineering to avoid unnecessary project costs.

EXHIBIT "D"
FEDERAL REQUIREMENTS

The Work is to be funded with monies obtained by the City pursuant to State of California Railroad-Highway Crossings Program, also known as Section 130 Program Supplement No. 50LP295, Caltrans Project ID 0823000007, entered into between the City and the State of California, Department of Transportation ("Caltrans") on or about October 18, 2022 ("Program Supplement"), subject to federal-aid funding under Local Agency Master Agreement No. 08-5104F15, entered into between the City and Caltrans on or about December 7, 2017 ("Grant Agreement"). Consultant and all subconsultants shall comply with all applicable federal and state laws, rules, regulations and permits, and funding agreement requirements, including but not limited to the Grant Agreement attached hereto as Appendix "A" and incorporated herein by reference and Caltrans Section 130 Program Supplement 50LP295, Project ID 0823000007 attached hereto as Appendix "B" in these RFP Documents and incorporated herein by reference. Consultant's proposal amount shall include all costs associated with compliance with the Grant Agreement and Program Supplement funding requirements. While it shall be Consultant's sole responsibility to research and ensure compliance with all requirements of the Grant Agreement and Program Supplement funding documents, for reference purposes only, such requirements include, but are not limited to:

a. Requirements set forth in Article I, Provision 4, of the Grant Agreement to perform all services in accordance with the Section 130 Program Supplement including, but not limited to, California Streets and Highways Code section 114(b) and California Government Code 14038 and the specific regulations and its provisions including Exhibits A, B and C to the Program Supplement; as well as all applicable federal, state and local laws, regulations and ordinances, all applicable Cal Trans policies and procedures, and all applicable Cal Trans published manuals, including but not limited to, the Grant Program Guidelines.

b. Compliance with Fair Employment Practices Addendum (Exhibit A to the Grant Agreement) and the Nondiscrimination Assurances (Exhibit B to the Grant Agreement) requirements set forth in Article I - Project Administration, Provision 19, of the Grant Agreement, attached hereto and incorporated herein by reference. Any agreement entered into by City and Consultant for the performance of Project related work shall be deemed essential parts of such agreement and will be enforced by Consultant as verified by City. Consultant agrees to include the nondiscrimination and compliance provisions of this clause and those set forth in Exhibits A (Fair Employment Practices Addendum)

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

agreements exceeding $100,000 and require all such sub-recipients to certify and disclose accordingly.

l. Requirement for Consultant to ensure that any agreement entered into between Consultant and all subconsultants and subcontractors pursuant to this solicitation, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this request for proposals and will not be discriminated against on the grounds of race, color, sex, national origin, religion, age, or disability in consideration of an award set forth in Exhibit B, Nondiscrimination Assurances, Provision 2, of the Grant Agreement.

m. Consultant shall insert the clauses of Appendix A set forth in Exhibit B, Nondiscrimination Assurances, Provision 3, of the Grant Agreement into every agreement entered into between Consultant and all subconsultants and subcontractors subject to the Civil Rights Act of 1964 and the regulations set forth in the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as amended from time to time.

n. Consultant shall insert the clauses of Appendix C, Provisions of Assurance 7(a) and Appendix D, Provisions of Assurance 7(b) set forth in Exhibit B, of the Grant Agreement into every agreement entered into between Consultant and all subconsultants and subcontractors subject to the Civil Rights Act of 1964 and the regulations set forth in the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as amended from time to time.

o. Build America Buy America Act (BABA) requirements set forth in Clause 12 of the Program Supplement, including but not limited to the Buy America provisions set forth in 23 CFR 635.410 for steel, iron and manufactured goods produced in the United States, shall apply to the Project.

p. Compliance with the requirements set forth in Clause 16 of the Program Supplement pertaining to Project work to be conducted within twenty-five feet of the centerline of the railroad track.

q. Compliance with the requirements set forth in Clause 17 of the Program Supplement pertaining to the installation of warning devices, median signs, pavement markings, structures, or other improvements requiring stakeholder approvals.

r. Records requirements set forth in Clause 23 of the Program Supplement.

s. Prevailing Wages and Labor Code Compliance requirements set forth in Clause 24 of the Program Supplement.

t. Administrative requirements, cost principles and audit requirements set forth in Clause 26 of the Program Supplement including, but not limited to, requiring the Consultant and its subconsultants, sub-recipients, contractors and subcontractors to establish and maintain an accounting system conforming to Generally Accepted Accounting Principles segregating project costs, etc.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

agreements exceeding $100,000 and require all such sub-recipients to certify and disclose accordingly.

r. Records requirements set forth in Clause 23 of the Program Supplement.

s. Prevailing Wages and Labor Code Compliance requirements set forth in Clause 24 of the Program Supplement.

t. Administrative requirements, cost principles and audit requirements set forth in Clause 26 of the Program Supplement including, but not limited to, requiring the Consultant and its subconsultants, sub-recipients, contractors and subcontractors to establish and maintain an accounting system conforming to Generally Accepted Accounting Principles segregating project costs, etc.

DocuSign Envelope ID: 06DEF9F4-07AA-42AB-9D36-1A19CD48D922

u. Audit requirements set forth in Clause 34 of the Program Supplement.

v. Compliance with the Nondiscrimination and Fair Employment and Housing Act requirements set forth in Clause 39 of the Program Supplement. Consultant shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Program Supplement.

w. Antitrust Claims requirements set forth in Clause 43 of the Program Supplement.

x. The requirements set forth in 2 CFR Part 180 and 2 CFR Part 3000 are incorporated herein by reference. Consultant is required to verify that none of the Consultant's principals (defined at 2 CFR § 189.995) or its affiliates (defined at 2 CFR § 180.905) are excluded (defined at 2 CFR § 180.940) or disqualified (defined at 2 CFR § 180.935). Consultant and its subconsultants must comply with 2 CFR Part 180, subpart C and 2 CFR Part 3000, subpart C and must include a requirement to comply with these regulations in any subcontract or lower tier covered transaction it enters into. Consultant shall sign and return with their proposal the Debarment and Suspension Certification form included in Section V. Proposal Content and Forms.

y. System For Award Management (SAM) and Universal Identifier Requirements. Consultant and its subconsultants shall obtain a unique entity identifier and be registered in SAM (SAM.gov/content/entity-registration) prior to submitting a proposal. Consultant shall sign and return with their proposal the System for Award Management (SAM) Registration and Universal Identifier Numbering System form included in Section V. Proposal Content and Forms.

z. Prohibition on Contracting for Covered Telecommunications Equipment or Services. Contractor and its subcontractors shall comply with all applicable requirements of 2 CFR 200.216 prohibition on certain telecommunications and video surveillance services or equipment from certain entities for national security reasons. Unless an exception applies, Contractor and its subcontractors may not use federal assistance grant, cooperative agreement, loan or loan guarantee funds to procure any equipment, system or service or enter into, extend or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Pursuant to Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

Railway-Highway Crossings Program Section 130 Program Supplement Radio Road, Corona	**PROJECT NUMBER (FED ID); STPLR-130L(295) CALTRANS ACCOUNTING ID: 0823000007 PROGRAM SUPPLEMENT: 50LP295 LOCODE: 5104** (The numbers above shall be included with all invoices submitted to Caltrans)
Caltrans Division of Local Assistance	**Office of Federal Programs – Section 130 P.O. Box 942874, MS 1 Sacramento, CA 94274-0001**
LOCAL AGENCY ADDRESS: PHONE City of Corona Public Works Department 400 S. Vicentia Ave Corona, CA 92882 951-736-2266	Effective Date of Program Supplement : **August 4, 2022** Expiration Date of Program Supplement **December 30, 2024**

The City of Corona (hereinafter referred to as **Local Agency**) hereby agrees to do the work set forth herein for the State of California, Department of Transportation (hereinafter referred to as **Caltrans**) in accordance with the terms set established for Federal-Aid Funding under **Local Agency Master Agreement No. 08-5104F15** and in accordance with the covenants set forth in this **Program Supplement**, including but not limited to, California Streets and Highways Code section 114(b) and California Government Code 14038 and the specific regulations and the provisions of this form including Exhibits A, B and C.

This Program Supplement shall be effective the date defined herein and when executed by all parties and is subject to all the terms and conditions thereof and authorizes reimbursement of eligible costs incurred during the effective dates of this agreement.

The work is located in the City of Corona at the grade crossing of Radio Road and the **BNSF Railways (BNSF)** tracks, identified as; **California Public Utilities Commission (CPUC) ID #002B-22.80 / RIV-1134, DOT ID #026521R**. The work to be completed by **Local Agency** under the terms of this Program Supplement is hereinafter referred to as the **Project**.

Under this agreement, funding is authorized for work in phases, beginning with the Preliminary Engineering (**PE**) phase. Additional funding to complete this Program Supplement will only be provided through the execution of amendments for additional work and with authorization for subsequent phase(s); Right of Way/Utility Relocation (**RW**), Construction (**CON**)/Construction Engineering **(CE).**

AMOUNT OF PROGRAM SUPPLEMENT $500,000.00

(Preliminary Engineering)

*It is expressly agreed that all persons engaged on this work are employees of the **Local Agency** and/or contractors hired by the **Local Agency** pursuant to its own policies and procedures and that none are employees of **Caltrans**.*

*Further, **Caltrans** hereby agrees to the terms as above set forth, and hereby agrees to pay the actual allowable costs incurred up to the limit set forth herein; provided, that by mutual consent of the **Local Agency** and **Caltrans**, this Program Supplement may be modified at any time.*

1. It is mutually understood between the parties that this Program Supplement may have been written before ascertaining the availability of congressional or legislative appropriation of funds, for the mutual benefit of both parties, in order to avoid program and fiscal delays that might occur if the Program Supplement were executed after appropriations are actually made.

2. This Program Supplement is valid and enforceable only if sufficient funds are made available to **Caltrans** by the United States Government or the California State Legislature for the purpose of this program. In addition, this Program Supplement is subject to any additional restrictions, limitations, conditions, or any statute enacted by the Congress or the State Legislature that may affect the provisions, terms or funding of this Program Supplement in any manner. It is mutually agreed that if the Congress or the State Legislature does not appropriate sufficient funds for the program, this Program Supplement shall be amended to reflect any reduction of funds.

3. This Program Supplement is for the elimination of hazards at railway-highway crossings with funds provided to **Caltrans** through the Federal Highway Administration (FHWA) for the Railway-Highway Crossings (Section 130) Program (23 U.S. Code § 130) and in accordance with 23 USC 130(f), Section 130 projects are funded at a **100%** federal share. Said elimination of hazards are a cooperative effort between **Local Agency, Railroads, Caltrans, and the CPUC**. The **CPUC** has evaluated the railroad highway intersection and determined what improvements are most likely necessary, **Caltrans** provides oversight and stewardship for the federal funds provided to the **Local Agency** and the **Railroad** to design and construct the **Project.**

4. The **Local Agency** agrees to lead and coordinate the concurrent efforts being undertaken by the Railroad under separate contact with Caltrans. The Project's safety improvements are to be completed in an expeditious manner without undue delay. Frequent coordination must be extended to the Railroad and the State Agencies associated with the Program Supplement (CPUC & Caltrans). The **Projec**t is for improved public safety, as such, the Local Agency is to **Prosecute the Project Diligently through Completion**. Caltrans under its USDOT/FHWA Stewardship Agreement, as a conduit for disbursement of Federal Surface Transportation Program funds for hazard elimination at railroad intersections on city streets, county roads and State Highways is reliant on the **Local Agency** to implement these safety improvements. Caltrans and Local Agency agree that the Project work as provided herein, is pursuant to federal rules and regulations and shall adhere to the guidance for local federal-aid projects as defined in the Caltrans Local Assistance Procedures Manual (LAPM). Additionally, Local Agency agrees to ensure that all construction work is performed in accordance with the provisions of Form FHWA-1273.

5. The basis of the design for the work to be performed by the **Local Agency** is identified in **Exhibit A** and made a part hereof (hereinafter referred to as **Scope of Work**). The Scope of work is based on; an analysis of existing conditions, accident history, and scoping reviews, to define the initial mutually agreed upon recommendations of improvements best suited for railroad-highways grade crossing hazards eliminations for the specific location and is subject to refinements or revisions; based on field diagnosis meeting(s), the progression of design, traffic engineering, signal pre-emption, or changed conditions, and only if approved by Caltrans and CPUC.

6. The Project's overall completion schedule is identified in **Exhibit B** and made a part hereof (hereinafter referred to as **Schedule**).

DocuSign Envelope ID: 8E226EC4-B982-4738-9EA0-1BC3FFB8AC91

7. The reimbursement of federal funds is limited to the amount shown on the E-76. Only work performed after the date of federal authorization is eligible for federal reimbursement and all eligible reimbursements must be incurred prior to the FHWA Project End Date (PED). The E-76 for the authorized work under this supplement is attached hereto as **Exhibit C, E-76** and made a part hereof.

8. Each phase of work; Preliminary Engineering (PE), Right of Way (R/W), Utility Relocation (R/W), and Construction (CON), will require additional federal funds with authorization through the issuance of an updated E-76 and an amendment to this Program Supplement. Any unexpended prior obligations from the completed phase(s), will be carried forward and used in conjunction with the additional federal funds for the next phase of work. All subsequent phases of work (R/W, CON) and any requests for additional funds, must be initiated by the **Local Agency**, in compliance with the **Caltrans Local Assistance Procedures Manual (LAPM)**, aligned with the Project schedule and will be approved only if the state has sufficient Obligation Authority (OA) and available federal funds to undertake this action.

9. If federal funds are not available for a requested Construction (CON) obligation, the local agency may request in writing authorization to proceed with the project under the Local Assistance advance construction procedures. Under local advance construction procedures, the local agency will use its own funds to perform work eligible for future federal reimbursement. The local agency must have sufficient local funds to pay for all project costs until such time as federal funds become available.

10. Federal funds that have been encumbered for this project are available for disbursement for limited periods of time. For each fund encumbrance the limited period is from the start of the fiscal year that the specific fund was appropriated within the State Budget Act to the applicable fund Reversion Date, per Government Code Section 16304, all project funds not liquidated prior to the end of the last day of the state fiscal reversion year, will revert unless an executed Cooperative Work Agreement extending these dates is requested by the Local Agency, supported by Caltrans and approved by the California Department of Finance.

11. **Local Agency** will not invoice for any work on the **Project**, nor will **Local Agency** purchase any materials, until authorized through the execution of this Program Supplement. Authorization shall not be issued by **Caltrans** until sufficient State or Federal funds have been obligated for the projects. State liability pursuant to this Program Supplement is limited to the amount set forth in this Program Supplement

12. The **Local Agency** shall comply with Build America Buy America Act (BABA), enacted as part of Infrastructure Investment and Jobs Act (IIJA, § 70912(2)), which requires the recipient of all federal-aid funds to ensure all iron, steel, manufactured products, and construction materials used on projects are produced in the United States. The Buy America provisions set forth in 23 CFR 635.410, for steel, iron and manufactured goods produced in the United States, apply to the **Project** and are subject to the conditions therein set forth.

13. Any person, company or corporation who performs construction work authorized under terms of this Program Supplement must have a valid and current California contractor's license. All authorized work performed by employees of **Local Agency** and any **CPUC** regulated public utility, City, County or Public Service District is not subject to the above contractor's license requirement.

14. **Local Agency** must coordinate **Project** work with the **Railroad** that owns and operates the tracks where the Project is located, and **Local Agency** is wholly responsibly to execute and maintain all agreements required by the **Railroad** for the Local Agency's access and encroachment over the crossing.

DocuSign Envelope ID: 8E226EC4-B982-4738-9EA0-1BC3FFB8AC91

15. **Local Agency** will secure all legally required and necessary permits and approvals before commencing **Project** construction.

16. Where **Project** work is in conjunction with work done by **Railroad, Railroad** will construct railroad track and signal work to its own standard specifications, **Local Agency** will not perform any work on the **Railroad** tracks or within railroad right of way without securing permission from the railroad. **Project** work done within twenty-five feet of the centerline of the **Railroad** track may require a **Railroad** employee to protect the workers of **Local Agency** or its contractors. This provision is pursuant to federal law regulation and must be clearly agreed to in writing between **Local Agency** and **Railroad** before commencement of **Project** work at the railroad-highway intersection. A copy of this agreement between **Railroad** and **Local Agency** shall be provided to **Caltrans** by **Local Agency** as soon as it is executed.

17 Any warning devices, medians, signs, pavement markings, structures or other improvements, which may be installed in conjunction with **Project** must be agreed upon between **Railroad**, the **Local Agency, Caltrans** and the **CPUC.** The **Local Agency** shall be the lead applicant and must receive approval of a **CPUC General Order 88-B** authorization of rail crossing modifications, prior to commencing any construction activities and **Local Agency** is responsible from initiation through close-out of the GO-88B permit.

18. Guidance, regulatory, warning, and temporary traffic control signs, curb and pavement, or other markings and traffic signals installed or placed on any project constructed with federal funds shall conform to the Manual of Uniform Traffic Control Devices (MUTCD) and its California Supplement (CAMUTCD). Deviations from the Mandatory Standards for signs, markings, and traffic signals as defined and shown in the MUTCD and CAMUTCD are not permitted.

19. **Caltrans** will reimburse the **Local Agency** on the basis of actual cost, not to exceed the **Project** costs set forth herein. Any cost of the work determined by **Caltrans** to be not reimbursable, shall be borne and paid for solely and exclusively by **Local Agency**.

20. **Local Agency** invoice procedures shall conform to the California Prompt Payment Act (Gov. Code § 927 et seq.,) and submittals comply with LAPM procedures. Correspondence and/or invoices are to be mailed to:

Caltrans Division of Local Assistance
Office of Federal Programs Section 130, MS-1
P.O. Box 942874
Sacramento, CA 94274

Physical Address:
California Department of Transportation
Division of Local Assistance,
1200 N Street, Room 2400
Sacramento, California 95814.

21. Not more frequently than once a month, but at least quarterly, **Local Agency** will prepare and submit to **Caltrans** invoices for actual allowable costs incurred. **Caltrans** will review the invoice for compliance with this Program Supplement. Payment will be made by **Caltrans** to **Local Agency** within forty-five (45) days of the date of receipt of an invoice by **Caltrans,** unless disputed. Invoices which are determined not in compliance, or include unallowable costs, will be returned to **Local Agency** for correction of deficiencies, after which Local Agency will resubmit the invoice to **Caltrans** as prescribed above.

DocuSign Envelope ID: 8E226EC4-B982-4738-9EA0-1BC3FFB8AC91

22. The **Local Agency** shall prepare and submit to Caltrans, at least quarterly (4x per year), a written project status report that includes, at a minimum; a comprehensive summary of the overall project status, accomplishments to date, activities under way, risks, issues, planned activities and schedule updates. Status reports can be submitted in conjunction with invoice submittals. Upon written request by Caltrans, quarterly project status updates may be conducted through either teleconference or as in-person meetings with the Local Agency's project manager and key project staff members that are able to address project delivery topics and the actions being taken to resolve issues.

23. The **Local Agency**, upon completion of the work required of the **Project**, will provide to **Caltrans** a written declaration/notification that the **Project** has been final billed and ready to be closed. This declaration shall be based upon actual allowable **Project** cost, **Project** Scope and **Project** cost limits set forth herein. Upon receipt of this declaration, **Caltrans** will pay all outstanding allowable invoiced **Project** costs. If upon final accounting, it is determined that **Caltrans** previously paid more than its share of said project, **Local Agency** shall refund the difference between **Caltrans'** share and the amount paid by **Caltrans**. All records of the **Local Agency**, its contractors and subcontractors are subject to audit by representatives of the **State of California** and Federal Highway Administration. Such records will be retained and made immediately available for inspection by **Caltrans'** Auditors for a period of three years from **Caltrans'** date of final payment of aforementioned final invoice. Further, **Local Agency** agrees to include a similar right of the State to audit records and interview staff in any subcontract related to performance of this Program Supplement. (Gov. Code §8546.7, Pub. Contract Code §10115 et seq., CCR Title 2, Section 1896).

24 **Local Agency** agrees to pay prevailing wages for the work performed, pursuant to the California Labor Code §1720, or any other applicable law.

25. All work to be done hereunder by **Local Agency** shall be done only by its employees on a force account basis, or by contractors, the cost thereof to be paid to **Local Agency** by **Caltrans** in the manner hereinafter set forth.

26. The **Local Agency** agrees that the 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards shall be used to determine the allowable individual items of indirect cost. **Local Agency** agrees to comply with the applicable Federal procedures in accordance with Office of Management and Budget Circular 2 CFR §200.

27. All applicable portions of 23CFR §140, Subpart I and 23 CFR §646, Subparts A and B are incorporated into this Agreement by reference. are by reference incorporated herein and made a part hereof.

28. **Caltrans** agrees to reimburse **Local Agency** for qualified insurance expenses as authorized by 23 CFR §646 et seq., and as set forth in the cost estimates or approved through amendment.

29. The **Local Agency** has 180 days after the expiration date of this Program Supplement to submit the final invoice to **Caltrans** for verification and payment. No compensation or reimbursement is payable for any cost or expense that is submitted on an invoice following 180 days after the expiration date of the Program Supplement.

30. In accordance with the **California Public Utilities Commission** General Orders, and in cooperation with the **Railroad**, the **Local Agency** shall maintain the **Project** improvements located in its right of way.

DocuSign Envelope ID: 8E226EC4-B982-4738-9EA0-1BC3FFB8AC91

31. Subject to the availability of labor and material and securing the required and necessary permits and approvals of phase authorizations, it is the intent of the parties hereto that all construction work under this Program Supplement shall be completed within the effective date of this Program Supplement, unless a time extension is requested by **Local Agency** and approved in writing by **Caltrans**. The expiration date of this Program Supplement is shown on the face sheet. Costs incurred after the expiration date of Program Supplement are unallowable and shall not be billed by the **Local Agency** to **Caltrans.**

32. **AMENDMENT:** No amendment or variation of the terms of this Program Supplement shall be valid unless made in writing, signed by the parties and approved as required. No oral understanding or Agreement not incorporated in this Program Supplement is binding on any of the parties.

33. **ASSIGNMENT:** This Program Supplement is not assignable, in whole or in part, without the consent of **Caltrans** in the form of a formal written amendment.

34. **AUDIT: Local Agency** agrees that **Caltrans** or its designated representative shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Program Supplement at all reasonable times during the entire period of this **Program Supplement** and **Local Agency** agrees to maintain such records for possible audit for a minimum of three (3) years after final payment, unless a longer period of records retention is stipulated. **Local Agency** agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records.

35. **INDEMNIFICATION: Local Agency** agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all claims and losses accruing or resulting to any and all contractors, subcontractors, suppliers, laborers, and any other person, firm or corporation furnishing or supplying work services, materials, or supplies in connection with the performance of this Program Supplement, and from any and all claims and losses accruing or resulting to any person, firm or corporation who may be killed, injured or damaged except to the extent that such death injury or damage results from the sole or active negligence of **Caltrans**.

36. **DISPUTES: Local Agency** shall continue to perform under this Program Supplement during any dispute.

37. **TERMINATION**: State reserves the right to terminate this contract without cause upon 30 days written notice to the **Local Agency**. In the event of a termination; failure to receive funding, failure to acquire the required and necessary permits or approvals, loss of funding or inadequate funding for completion of the entire Project, or absence of a concurrent but separate Caltrans contract with the Railroad (hereinafter referred to as **Terminating Event**), State shall pay all actual Project costs incurred by **Local Agency** on the Project prior to receiving notice of any of the Terminating Event, and for actual Project costs that cannot be reasonably avoided following termination.

38. **INDEPENDENT CONTRACTOR: Local Agency**, and the agents and employees of **Local Agency**, in the performance of this Program Supplement, shall act in an independent capacity and not as officers or employees or agents of **Caltrans** or State.

39. **NON-DISCRIMINATION CLAUSE:** During the performance of this Program Supplement, **Local Agency** and its subcontractors shall not unlawfully discriminate, harass, or allow harassment against any employee or

DocuSign Envelope ID: 8E226EC4-B982-4738-9EA0-1BC3FFB8AC91

applicant for employment because of sex, race, color, ancestry, religious creed, national origin, physical disability (including HIV and AIDS), mental disability, medical condition (cancer), age (over 40*),* marital status, and denial of family care leave. Contractor and subcontractor*s* shall ensure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Contractor and subcontractors shall comply with the provision*s* of the Fair Employment and Housing Act (Gov. Code §12990 (a-f) et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations, are incorporated into this Program Supplement by reference and made a part hereof as if set forth in full. Contractor and its subcontractor*s* shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement. **Local Agency** shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Program Supplement.

40. **GOVERNING LAW:** This Program Supplement is governed by and shall be interpreted in accordance with the laws of the State of California.

41. **FORUM SELECTION CLAUSE:** Sacramento County shall be used as the primary venue for any action arising from this Program Supplement, or an alternative location of competent jurisdiction within the State of California may be used, only if mutually agreed upon in writing.

42. **ORDER OF PRECEDENCE**; The **Federal-Aid Master Agreement**, this **Program Supplement, Exhibit A**, Scope of Work; **Exhibit B**, Schedule; **Exhibit C**, E-76; are incorporated by reference and constitute the entire agreement between **Caltrans** and **Local Agency**. The documents listed in this paragraph shall be hereinafter referred to as the "**Contract**". In the event of a conflict between the contract documents, the controlling document shall be the **Federal-Aid Master Agreement**, this **Program Supplement**, then **Exhibit A**, **Exhibit B**, **Exhibit C**. In the event and to the extent any provisions contained in multiple documents address the same or substantially the same subject matter but do not actually conflict, the more recent provisions shall be deemed to have superseded provisions over any conflicting provisions defined in the body of the Program Supplement or its exhibits.

43. **ANTITRUST CLAIMS:** The **Local Agency** by signing this Program Supplement hereby certifies that if these services or goods are obtained by means of a competitive bid, the **Local Agency** shall comply with the requirements of the Government Code Sections set out below:

a. The Government Code Chapter on Antitrust claims contains the following definitions:
    1. "Public purchase" means a purchase by means of competitive bids of goods, services, or materials by the State or any of its political subdivisions or public agencies on whose behalf the Attorney General may bring an action pursuant to subdivision (c) of Section 16750 of the Business and Professions Code.
    2. "Public purchasing body" means the State or the subdivision or agency making a public purchase. Government Code Section 4550.
b. In submitting a bid to a public purchasing body, the bidder offers and agrees that if the bid is accepted, it will assign to the purchasing body all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the bidder for sale to the purchasing body

DocuSign Envelope ID: 8E226EC4-B982-4738-9EA0-1BC3FFB8AC91

pursuant to the bid. Such assignment shall be made and become effective at the time the purchasing body tenders final payment to the bidder. Government Code Section 4552.

c. If an awarding body or public purchasing body receives, either through judgment or settlement, a monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public body any portion of the recovery, including treble damages, attributable to overcharges that were paid by the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in obtaining that portion of the recovery. Government Code Section 4553.

d. Upon demand in writing by the assignor, the assignee shall, within one year from such demand, reassign the cause of action assigned under this part if the assignor has been or may have been injured by the violation of law for which the cause of action arose and (a) the assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action. See Government Code Section 4554.

44. **CHILD SUPPORT COMPLIANCE ACT:** "For any Contract in excess of $100,000, the **Local Agency** acknowledges in accordance with Public Contract Code 7110, that:

a. The **Local Agency** recognizes the importance of child and family support obligations and shall fully comply with all applicable state and federal laws relating to child and family support enforcement, including, but not limited to, disclosure of information and compliance with earnings assignment orders, as provided in Chapter 8 (commencing with section 5200) of Part 5 of Division 9 of the Family Code; and

b. The **Local Agency**, to the best of its knowledge is fully complying with the earnings assignment orders of all employees and is providing the names of all new employees to the New Hire Registry maintained by the California Employment Development Department."

45. **UNENFORCEABLE PROVISION:** In the event that any provision of this Program Supplement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Program Supplement have force and effect and shall not be affected thereby.

46. **PRIORITY HIRING CONSIDERATIONS:** If this Program Supplement includes services in excess of $200,000, the Contractor shall give priority consideration in filling vacancies in positions funded by the Contract to qualified recipients of aid under Welfare and Institutions Code Section 11200 in accordance with Public Contract Code Section 10353.

Expiration of this Program Supplement does not release any party hereto from any ongoing performance requirements agreed to herein.

Exhibit A – Scope of Work
Radio Road
Fed Xing ID: 026521R
CPUC ID: 002B-22.80 / RIV-1134

Scope of Work*

Includes the preparation of engineering studies, construction documents with detailed plans, specifications, and cost estimate (PS&E), sufficient for a competitively bid, federal-aid construction project for a Railway-Highway Crossings Safety Project developed through the Diagnostic Study Method**.

The Local Agency **SHALL** provide the Key Stakeholders (Caltrans/CPUC/Railroad) with **30%** Preliminary Design Plans, **60%** Plans and **90%** PS&E, for review, comment, and coordination***, prior to the 100% Final PS&E, which is required for Construction Authorization and GO-88B Approval.

Engineering Inputs and Design Requirements

- Conduct pedestrian study, including but not limited to:
  - Measure daily pedestrian counts for seven consecutive days
  - Quantify percentage of observed pedestrians for adults versus youth
  - Map distance to nearest schools
  - Determine if location is a walk-to-school route.
- Install raised median islands on both approaches.
- Relocate utility poles
  - Light pole in southeast quadrant
  - Support pole in southwest quadrant
- Install striping and signage
- Install pedestrian treatments, including but not limited to:
  - Sidewalk
  - Detectable warning tiles
  - Curb and Gutter
  - Pedestrian curb ramps

**Scope of Work from CPUC Project Initiation Document, March 10, 2022.*

*** Highway-Rail Crossing Handbook, 3rd Edition (July 2019) https://safety.fhwa.dot.gov/hsip/xings/com_roaduser/fhwasa18040/*

**** Level of details to be provided with each design submittal (30/60/90/100%) should follow local agency standards of practices, (additional information on expected level details can be requested from Caltrans).*

The design shall conform and comply, as needed, to ADA Title II regulations, Caltrans Standard Specifications and Standard Plans, and the California Manual on Uniform Traffic Control Devices (CAMUTCD)

DocuSign Envelope ID: 8E226EC4-B982-4738-9EA0-1BC3FFB8AC91

	Project Manager Named / Design Team Established / Consultant Selection Complete	**Mandatory**	Less Than ≤ 180 Days
	Local Agency Project Delivery Schedule & Stakeholder Coordination Plan with RR/CPUC/Caltrans.	**Mandatory**	Less Than ≤ 180 Days
	30% Plans	**Mandatory**	Less Than ≤ 365 Days
	Diagnostic Field Meeting (w/ attendance of key stakeholders & record of issues and next steps)	**Mandatory**	Less Than ≤ 365 Days
	60% Plans	Target	≤ 16 Months
	Environmental Clearance (NEPA)	Target	≤ 18 Months
	90% Plans and Draft Specifications	Target	≤ 20 Months
	100% Plans, Specs and Estimate (PS&E)	Target	≤ 24 Months
	CPUC GO-88B	Target	≤ 24 Month
Right of Way			
	Utilities	Target	Undetermined
	Right of Way Certification	Target	≤ 24 Months
Construction			
	Construction Authorization	Target	≤ 24 Months
End Project			
	End Construction	Target	≤ 48 Months
	Final Invoice	Target	≤180 Days After End Construction

Legend: ≤ [Less Than; Task is be completed on or before the calendar date established by adding the defined duration to the effective date the Program Supplement is executed by all parties]

Milestones Requirements

- **Mandatory** – Due to project selection and scope development being conducted through teleconferencing, **Mandatory Milestones** must be completed by the Local Agency within the duration defined. Failure to complete **Mandatory Milestones** by the Completion Dates, may lead to, delays in future funding, development of a corrective action plan, potential de-obligation of federal funds or contract termination. Changes to Mandatory Milestones will only be approved in writing.

- **Target –** Milestone Dates present the State's expectation for timely completion of this safety project and the timeframes should be incorporated into Project Delivery Schedule.

REQUEST FOR CITY COUNCIL ACTION

DATE: 06/01/2022

TO: Honorable Mayor and City Council Members

FROM: Public Works Department

SUBJECT:
Acceptance of a Section 130 Grant from the California Public Utilities Commission for the redesign and construction of safety enhancements at the Radio Road at-grade railroad crossing.

EXECUTIVE SUMMARY:
City Council consideration of the acceptance of a 100 percent reimbursable project grant and concurrence to move forward with the redesign and construction of safety enhancements at the Radio Road at-grade railroad crossing. The Section 130 program is a federally funded project grant administered by the California Department of Transportation. The Radio Road at-grade railroad crossing location was nominated by the California Public Utilities Commission as a candidate for the elimination of hazards at highway-rail at-grade crossings. The project has a 100 percent reimbursable cost of approximately $3,340,000.

RECOMMENDED ACTION:
That the City Council:

a. Authorize the City Manager, or his designee, to execute the California Public Utilities Commission Project Initiation Document indicating intent to move forward with the Radio Road Railroad Grade Crossing Improvement Project, No. 2022-09.

b. Authorize the City Manager, or his designee, to execute a Funding Agreement between the City and the State of California Department of Transportation that allocates up to $3,340,000 from the Section 130 program for the Radio Road Railroad Grade Crossing Improvement Project and to approve any modifications as to form of the Funding Agreement deemed necessary by the City Attorney, which does not impact the funding to be paid and are consistent with the Council's directions herein.

c. Authorize the creation of a new Capital Improvement Project titled, "Radio Road Railroad

Grade Crossing Improvement Project, No. 2022-09."

d. Authorize an appropriation and estimated revenue increase in the amount of $3,340,000 in the Public Works Grants/Agreement Fund (243) for the Radio Road Railroad Grade Crossing Improvement Project, CIP Project No. 2022-09.

BACKGROUND & HISTORY:
Title 23 of the United States Code, Section 130, is a Railroad-Highway Crossing Program (RHCP) created by Congress in 1987. The RHCP is a collective effort led by the California Public Utilities Commission (CPUC), funded by the Federal Highway Administration (FHWA), and implemented by Caltrans in cooperation with local agencies and railway companies throughout California. The program's overall goal is to eliminate hazards at existing public at-grade highway-rail crossings.

The City of Corona's at-grade rail crossing at Radio Road was identified by the CPUC for possible funding for hazard elimination and safety improvements through the Federal Section 130 funds. This location was identified as a candidate location via a data-driven methodology which includes but is not limited to train and vehicle volumes, geometric factors, pedestrians, buses and hazmat vehicles, and incident history.

ANALYSIS:
The Radio Road at-grade crossing is an asphalt paved road with two through lanes, approximately 26 feet wide, with no sidewalks. The crossing is located approximately 100 feet south of the Sampson Avenue and Radio Road intersection. This intersection has a stop sign control for Sampson Avenue traffic only. The Quarry Street and Radio Road intersection is north of the crossing. This intersection has a stop sign control for Quarry Street traffic only. There is a bridge approximately 40 feet to the north of the crossing. The width of the bridge is a limiting factor for this project, as widening the bridge exceeds the program parameters.

The crossing is equipped with two CPUC Standard No. 9 automatic gate-type warning devices. There are three tracks at this location, two main tracks, and one other track. The track surfacing consists of concrete panels with a width of 48 feet and meets the road at 90 degrees. The proposed improvements at this crossing would incorporate raised center medians and provide a designated safe path for pedestrian travel. Additionally, these improvements would be beneficial if the crossing were to be included in a quiet zone corridor in the future. The grant will fund the Preliminary Engineering, Right-of-Way, and Construction of these identified improvements.

The Radio Road Railroad Grade Crossing Improvement Project, consists of a federally funded, reimbursable project for railroad-highway at-grade crossing improvements. The project is administered by the California Department of Transportation, with whom the City would enter into a project funding agreement. Generally, CPUC section 130 projects are 90 percent federally funded and require a local agency match of 10percent. Due to the California Department of Transportation's surplus of toll credit funding, the State has opted to cover the agency match portion with these funds. Therefore, the Radio Road Railroad Grade Crossing Improvement Project is 100 percent reimbursable to the City.

FINANCIAL IMPACT:
The project is 90 percent federally funded, with the remaining 10 percent contributed by the California Department of Transportation Toll Credits funding source. Because the Project is 100 percent funded, there is no financial contribution from the City to complete this Project.

Approval of the recommended actions will result in an appropriation and estimated revenue increase in the amount of $3,340,000 in the Public Works Grants/Agreement Fund (243) for the newly created Capital Improvement Project titled, "Radio Road Railroad Grade Crossing Improvement Project, No. 2022-09."

Fund	07/01/21 Est. Fund Balance	Budgeted Revenues/ Sources	Budgeted Expenditures/ Uses	Fund Balance Impacts	06/30/22 Est. Fund Balance
Public Works Grants / Agreement Fund 243 [Note 1]	($72,530,892)	$33,684,152	($33,684,152)	Appropriation ($3,340,000) Revenue Increase $3,340,000	($72,530,892)

Note 1: Negative ending balance due to revenue/reimbursement offset expected in outyears. Revenue recognized when expensed.

ENVIRONMENTAL ANALYSIS:
This action is exempt pursuant to Section 15302 of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the commonsense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The requested actions are to construct a replacement facility at an existing location. The new facility is located on the same site and will have substantially the same purpose and capacity of the facility it will replace; therefore, no possibility exists that these actions will have a significant effect on the environment. Therefore, no environmental analysis is required, and a Notice of Exemption will be filed with the County of Riverside.

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/17/2023

TO: Honorable Mayor and City Council Members

FROM: Planning and Development Department

SUBJECT:
RELEASE OF PRECISE GRADING SECURITY POSTED BY OMAR S. TABIKHA, FOR 1714 AND 1718 DUNCAN WAY, LOTS 7 AND 8 IN BLOCK "H" OF THE OVERLOOK ADDITION (APPLICANT: OMAR S. TABIKHA)

EXECUTIVE SUMMARY:
This staff report asks the City Council to release the grading and erosion control securities for 1714 and 1718 Duncan Way, Lots 7 and 8 in block "H" of the overlook addition. Omar S. Tabikha has completed the required grading operations associated with the residential construction on 1714 and 1718 Duncan Way and is requesting the release of the posted grading securities.

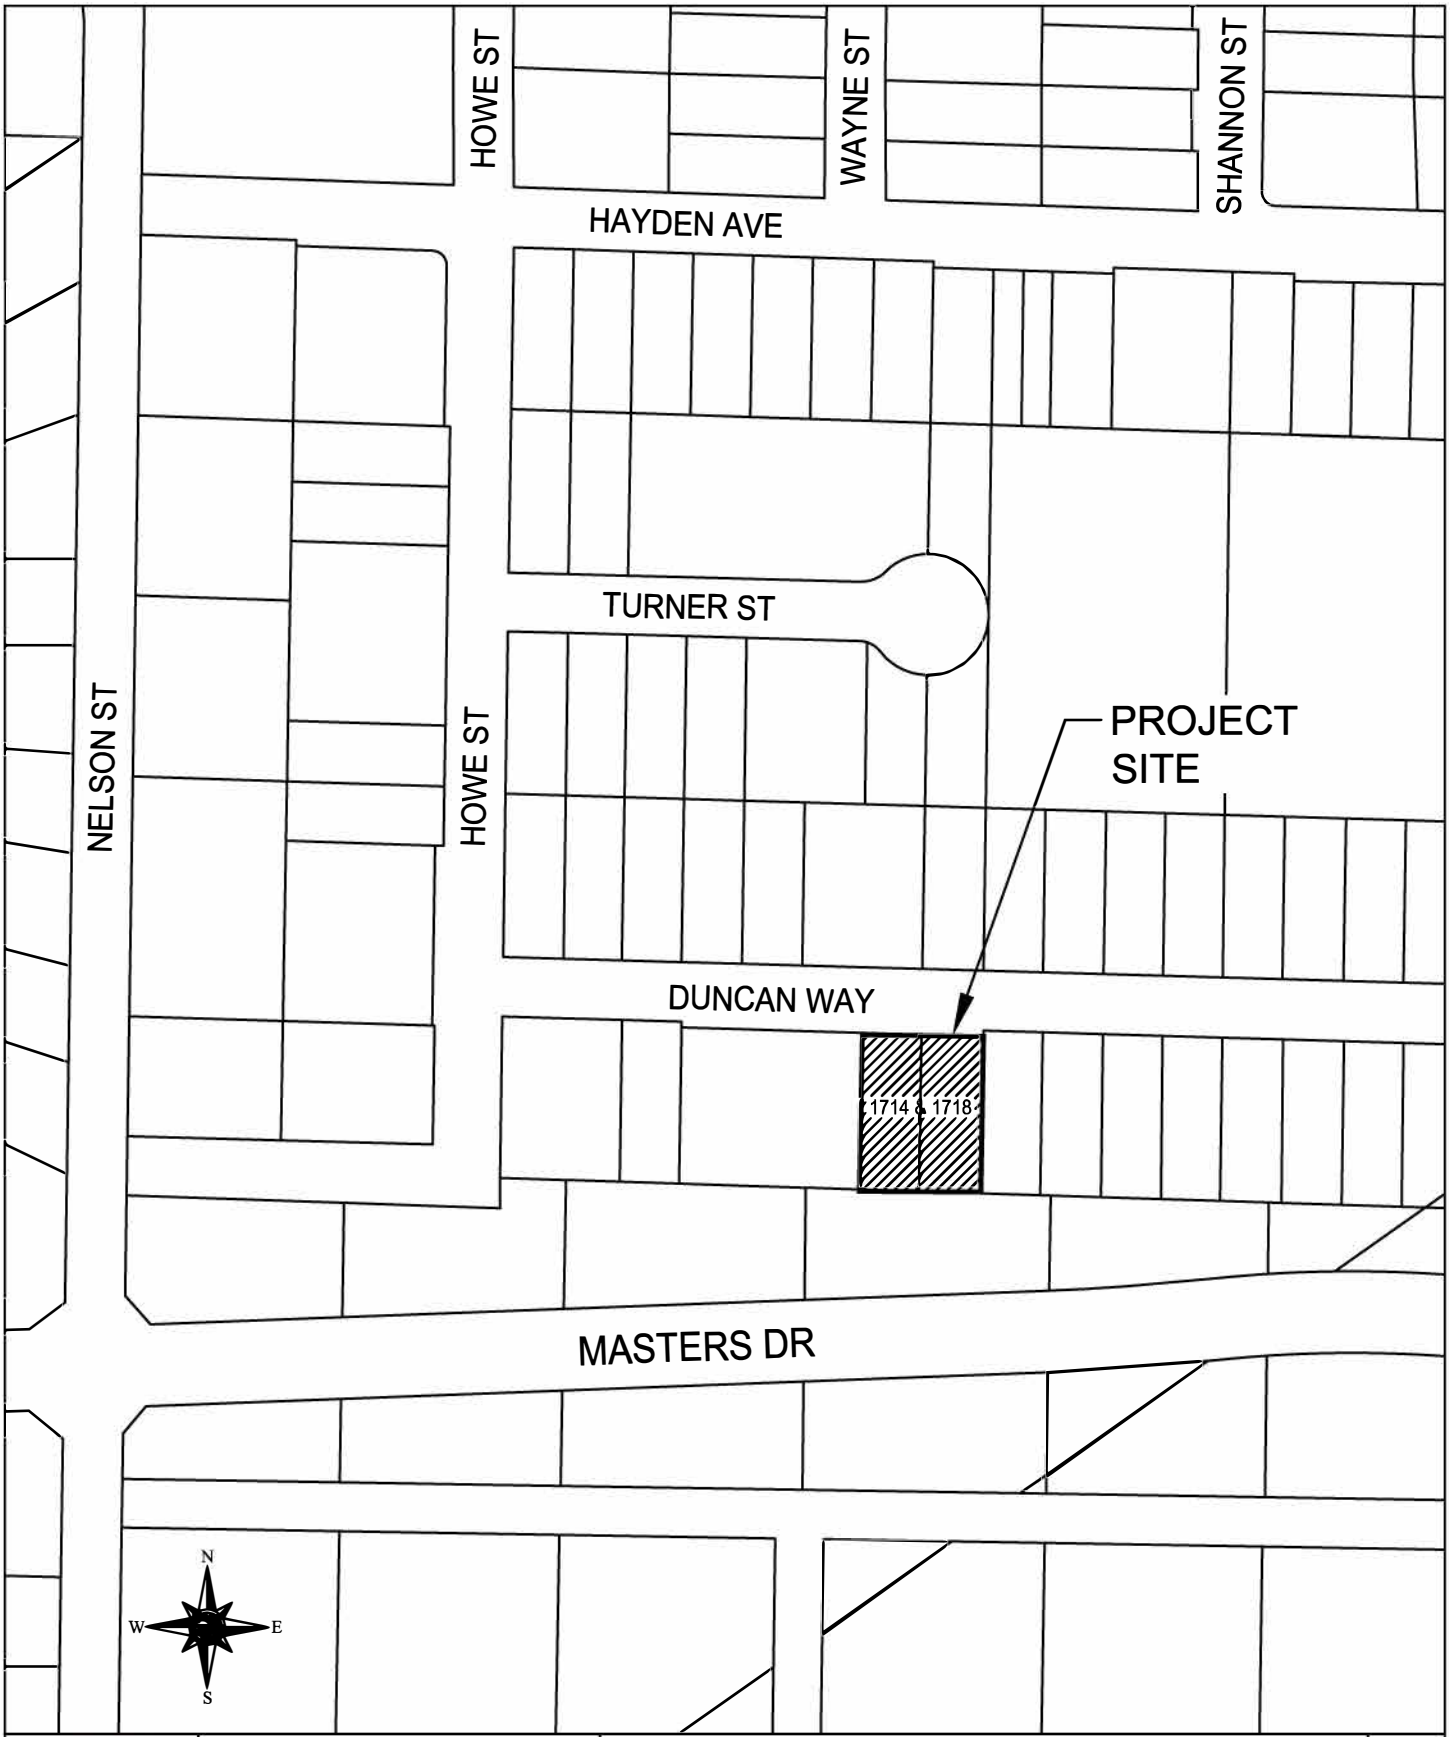
RECOMMENDED ACTION:
That the City Council release the Grading and Erosion Control Securities for 1714 and 1718 Duncan Way. (Bond No. DEP15-0090, Bond No. DEP15-0091 and Bond No. 11-0174)

BACKGROUND & HISTORY:
The City Council at its meeting on December 7, 2011 and June 17, 2015, entered into grading agreements with the applicant for the construction of a single family residential dwelling and for on-site grading improvements within the rear yards of 1714 and 1718 Duncan Way. The properties are located on the south side of Duncan Way, east of Howe Street.

The grading and on-site construction of the properties have been completed by the applicant.

ANALYSIS:
The site was graded in accordance with all City standards and all public improvements have been constructed by the applicant. Therefore, it is appropriate for the City to release the grading and erosion control securities posted for the properties by the applicant. The below table describes the grading securities posted for the properties.

Agreement Title	Security	Faithful Performance	Labor & Materials
1714 and 1718 Duncan Way Grading Improvements	DEP15-0090	$1,000	N/A
1714 and 1718 Duncan Way Erosion Control	DEP15-0091	$2,500	N/A
1718 Duncan Way Grading & Drainage Improvements	DEP11-0174	$2,500	N/A



FINANCIAL IMPACT:
All applicable fees have been paid by the developer.

ENVIRONMENTAL ANALYSIS:
This action is not considered a project per Section 15378(b)(5) of the California Environmental Quality Act (CEQA) Guidelines, because the release of the grading securities previously posted by the applicant is an organizational activity of the City that will not result in a direct or indirect physical changes in the environment. Therefore, this action is not subject the CEQA.

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/17/2023

TO: Honorable Mayor and City Council Members

FROM: Community Services Department

SUBJECT:
CITY COUNCIL APPROVAL OF THE 2024-2026 CITY OF CORONA TRANSIT SERVICE TITLE VI PROGRAM IN COMPLIANCE WITH THE FEDERAL TRANSIT ADMINISTRATION CIVIL RIGHTS ACT OF 1964

EXECUTIVE SUMMARY:

This staff report asks the City Council to approve and adopt the 2024-2026 City of Corona Transit Service Title VI Program. As a recipient of Federal Transit Administration funds, transit agencies must prepare a Title VI Program every three years. The proposed 2024-2026 Title VI Program has been revised and updated in compliance with Federal Transit regulations Circular 4702.1B and must be approved and adopted by the City Council and submitted to the federal regional civil rights office by June 1, 2023.

RECOMMENDED ACTION:

That the City Council approve and adopt the 2024-2026 City of Corona Transit Title VI Program in accordance with Federal Transit Administration Circular 4702.1b.

BACKGROUND & HISTORY:

Title VI of the Civil Rights Act of 1964 is a federal law that prohibits recipients and sub-recipients of federal financial assistance (e.g., states, local governments, transit providers) from discriminating based on race, color, or national origin in their programs or activities and obligates federal funding agencies to enforce compliance. Under Title VI, the United States Department of Transportation has the responsibility to provide oversight of recipients and to enforce their compliance with Title VI.

On February 11, 1994, Executive Order (EO) 12898, "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations," was enacted by President Clinton. The Presidential memorandum accompanying EO 12898 identified Title VI of the Civil Rights Act of 1964 as one of several federal laws that should be applied "to prevent minority communities and low-

income communities from being subject to disproportionately high and adverse environmental effects." This executive order added regulations to provide meaningful access for persons with limited English proficiency.

Per the Federal Transit Administration's (FTA) Title VI Circular 4702.1B dated October 12, 2012, recipients of FTA funds must prepare and submit a Title VI Program to their FTA regional civil rights office once every three years. Title VI additionally requires recipients of federal assistance to monitor and evaluate federally assisted programs for compliance.

The City of Corona receives federal assistance for the provision of public transit services and must comply with the Civil Rights Act of 1964 and the provision of Title VI.

ANALYSIS:
The current 2021-2023 Title VI Program was approved and adopted by the City Council on September 9, 2020, and is valid through September 30, 2023. In compliance with the three-year cycle, staff must prepare and adopt its City of Corona Transit Service (CCTS) Title VI Program. Accordingly, the 2024-2026 CCTA Title VI Program has been prepared in compliance with Title 49 of the Code of Federal Regulations (CFR) Section 21.9(b) and the FTA.

Summary of Required Content
Pursuant to FTA Circular 4702.1B - Title VI Guidelines for FTA Recipients, the program includes the following General and Transit-specific requirements:

General Requirements:

1. Title VI Notice to the Public - A copy of the agency's notice to the public that the agency complies with Title VI, and instructions to the public on how to file a discrimination complaint (Figure 2; pg. 9 of Title VI Program).
2. Title VI Complaint Procedures and Complaint Form - CCTS complaint procedures and guidelines for filing Title VI complaints (Appendix A of the Title VI Program).
3. List of transit-related Title VI investigations, complaints, and lawsuits - A list of any Title VI investigations, complaints, or lawsuits filed with the agency since the time of the last submission.
4. Public Participation Plan - A public participation plan that includes an outreach plan to engage minority and limited English proficient populations as well as a summary of outreach efforts undertaken since the last Title VI submission.
5. Limited English proficiency (LEP) - A copy of the agency's plan for providing language assistance to persons with limited English proficiency, based on the Department of Transportation (DOT) Limited English Proficiency (LEP) Guidance.
6. Racial Breakdown of Non-elected Advisory Council - Information regarding the racial breakdown of transit-related policy boards or committees.
7. Subrecipient Monitoring - Narrative or description of efforts to ensure the subrecipient is complying with Title VI and a schedule of the subrecipient Title VI Program Submissions.
8. Title VI equity analysis - An equity analysis if the recipient has constructed a facility (such as a

garage, maintenance facility, or operation center) using FTA funds since the last Title VI program update.

9. Board of Directors Resolution or Meeting Minutes - A copy of board meeting minutes or other appropriate documentation showing the Board of Directors or appropriate governing entity or official(s) responsible for policy decisions reviewed and approved the Title VI Program.

Transit-specific Requirements:

10. System-wide standards and policies that address:
    a. Vehicle load
    b. Vehicle headway
    c. On-time performance
    d. Service availability
11. Service policies that address:
    a. Provision of transit amenities
    b. Vehicle assignment

These requirements and guidelines apply to all FTA recipients. The FTA ensures that its recipients fully comply with Title VI of the Civil Rights Act of 1964.

Below is a summary list of revisions and updates; revisions included language clean-up throughout. For a complete review of the 2024-2026 Title VI Program, the public may reference the attached full-text copy in redline format and a clean copy for comparison.

Summary of Updates

Section I. Overview:

- Provided additional details about Title VI requirements pursuant to FTA Circular 4702.1B

Section II. City of Corona Transit Service

- Updated the City's demographics and provided additional information about the City's transit routes, the Blue Line and the Red Line.

Section III. General Requirements:

Public Participation

Added information about outreach efforts for the Comprehensive Operations Analysis (COA).

Limited English Proficiency (LEP) Plan

- Updated language proficiency table for the CCTS service area using the data from the most recent American Community Survey (ACS) (2017-2021).
- Updated the Four Factor Analysis for the Limited English Proficiency (LEP) Plan to reflect the data from the ACS and the onboard rider survey.

- Updated contact information to reflect Community Services; changed from Public Works.

Section IV. Program Specific Requirements:

Service Standards

- Provided additional details about on-time performance and service availability based on information available from the COA.

Service Policies

- Updated transit amenities section to reflect details regarding the distribution of amenities at the bus stops.

The City of Corona's transit services are partially funded and dependent on the federal funds provided by the FTA. To remain in good standing and in compliance with the FTA Title VI of the Civil Rights Act of 1964, staff recommends City Council approval of the updated 2024-2026 City of Corona Transit Service Title VI Program.

FINANCIAL IMPACT:
Approval of the CCTS 2024-2026 Title VI Program is needed for continued eligibility for federal assistance to support current and future capital projects and operating costs.

ENVIRONMENTAL ANALYSIS:
This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the commonsense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action merely approves the Title VI Plan. There is no possibility that this action will have a significant effect on the environment. Therefore, no environmental analysis is required.

I. OVERVIEW

Purpose

Title VI of the Civil Rights Act of 1964 is a Federal law that prohibits recipients and subrecipients of Federal financial assistance (e.g., states, local governments, transit providers) from discriminating on the basis of race, color, or national origin in their programs or activities, and obligates Federal funding agencies to enforce compliance. Under Title VI, Department of Transportation (DOT) has the responsibility to provide oversight of recipients and to enforce their compliance with Title VI, to ensure that recipients do not use DOT funds to subsidize discrimination based on race, color, or national origin.

Per the FTA's Title VI Circular 4702.1B, October 1, 2012, as a recipient of Federal Transit Administration (FTA) funds, City of Corona Transit Service (CCTS) is required to prepare and ~~update~~ submit~~its~~ a Title VI Program to their FTA regional civil rights officer once every three years. Title VI requires recipients of federal assistance to monitor and evaluate federally assisted programs for compliance. The FTA is responsible for ensuring compliance of transit agencies receiving federal assistance. The City of Corona receives federal assistance for the provision of public transit services and therefore, complies with the Civil Rights Act of 1964 and the provision of Title VI. -The 2024-2026 (2026) Title VI program reflects the City of Corona Transit Service's commitment to ensuring that no person shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any City of Corona Transit Service program, activity, or service.

~~The 2024-2026 Title VI program supersedes CCTS's Title VI Program of 2021-2023.~~ In this 2026 Title VI Program, CCTS has updated the 2021-2023 (2023) Title VI program to reflect any policy changes and includes the most recently available population and ridership data. The 2026 Title VI program supersedes CCTS's previously submitted Title VI Programs. The 2026 Title VI Program will become effective on the date it is approved by the City Council, prior to submittal to FTA.

Summary of Required Content

This program was revised in conformance with FTA Title VI guidelines as referenced in FTA Circular 4702.1B, and as such, the Title VI Program includes the following General and Transit-specific requirements:

A. General Requirements

- Title VI Notice to the Public – Copy of the Title VI notice to the public that indicates compliance with Title VI and informs members of the public of the protections afforded to them by Title VI and a list of locations where the notice is posted.
- Title VI Complaint Procedures and Complaint Form – Copy of the agency's instructions to the public regarding how to file a Title VI discrimination complaint and a copy of the complaint form.
- List of transit-related Title VI investigations, complaints, and lawsuits – List of any public transportation-related Title VI investigations, complaints, or lawsuits files since the time of last submission.

Formatted: Font: (Default) +Body (Calibri), 14 pt, Bold, Font color: Auto

Formatted: Font: 14 pt, Bold

Formatted: Default

- Public Participation Plan – A public participation plan that includes an outreach plan to engage minority and limited English proficient (LEP) populations as well as a summary of outreach efforts made since the last Title VI Program submission.
- Limited English proficiency (LEP) – Copy of the plan for providing language assistance to persons with limited English proficiency, based on the Department of Transportation (DOT) LEP Guidance.
- Racial Breakdown of Non-elected Advisory Council – Table depicting the racial breakdown of the membership of any transit-related, non-elected planning boards, advisory councils, etc. for which membership is selected by the recipient. (Provide a description of efforts made to encourage the participation of minorities on such committees or councils.)
- Subrecipient Monitoring – Narrative or description of efforts to ensure subrecipients are complying with the Title VI and a schedule of subrecipient Title VI Program Submissions.
- Title VI equity analysis – Copy of the Title VI equity analysis(es) conducted (with regard to facility location) during the planning stage of any new facility constructed since the last submission.
- Board of Directors Resolution or Meeting Minutes

B. Requirements Scaled Based on the size of the of Fixed Route Transit Providers

- System-wide service standards and policies for all transit providers
  - Service standards
    - Vehicle load for each mode
    - Vehicle headway for each mode
    - On time performance for each mode
    - Service availability for each mode
  - Service policies
    - Transit Amenities for each mode
    - Vehicle Assignment for each mode
- Requirements for transit providers who operate 50 or more fixed route vehicles in peak service (not applicable to City of Corona)
  - Collect and report data
  - Evaluate service and fare equity changes
  - Monitor transit service

II. CITY OF CORONA TRANSIT SERVICE

A. Background

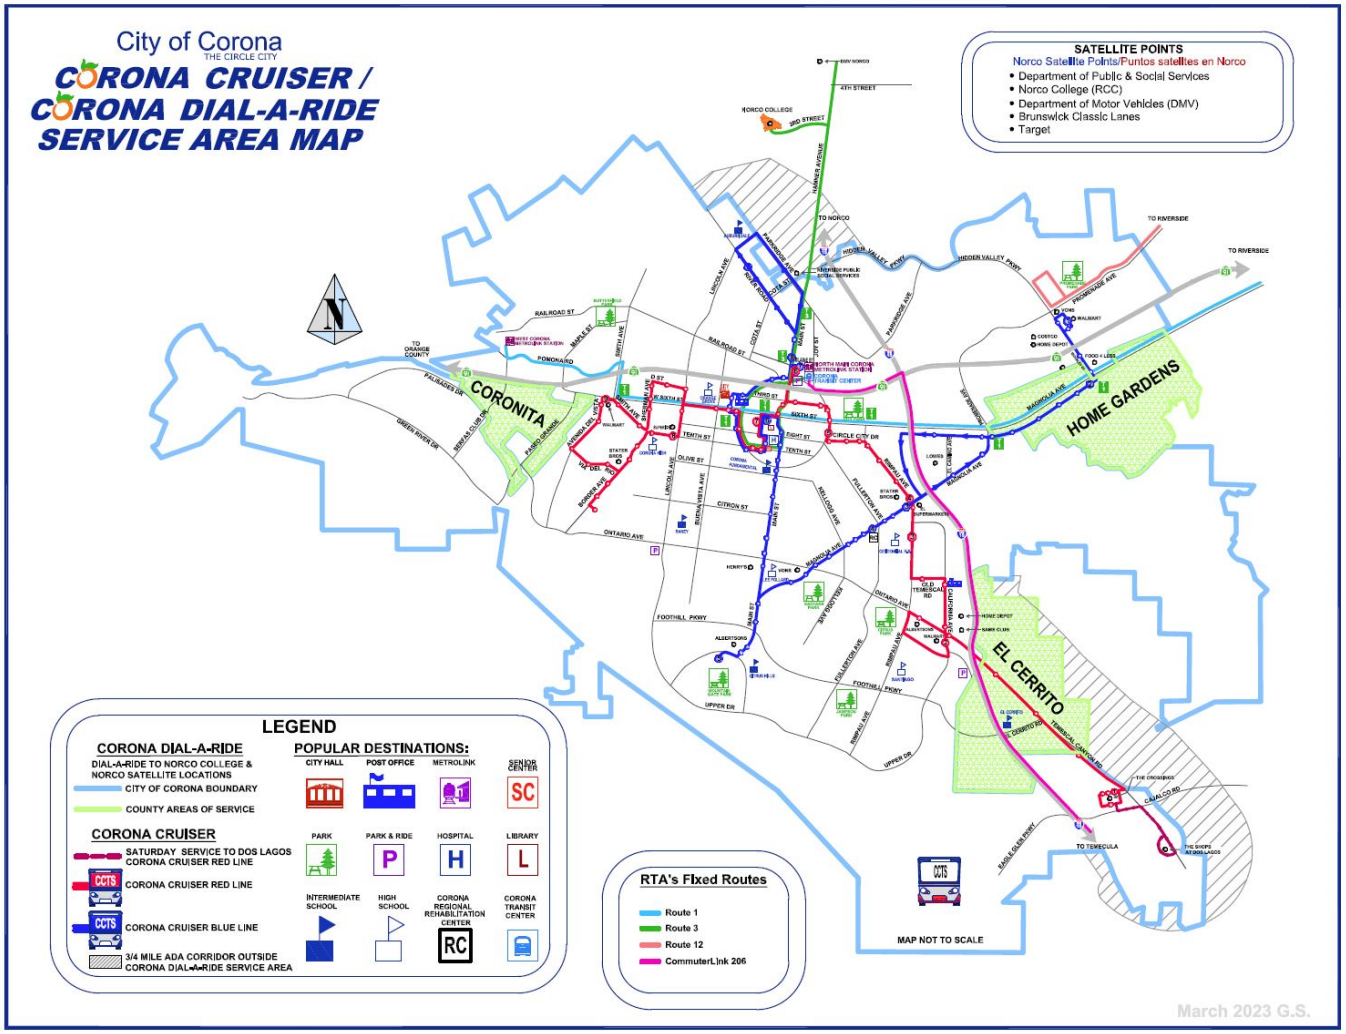
City of Corona is a suburban community located ~45 miles southeast of Los Angeles in western Riverside County, it is situated at the junction of two major freeways, the 91 and 15. The City limits encompass approximately 39.2 square miles with a population of over 164,000.

City of Corona Transit Service operates a demand response/paratransit Dial-A-Ride and fixed route service known as the Corona Cruiser. Dial-A-Ride service commenced in 1977 and provides curb-to-curb service throughout the City of Corona and neighboring county areas of Coronita, El Cerrito, and Home Gardens as well as satellite locations in the city of Norco. The complementary paratransit Dial-A-Ride service area

extends beyond city limits to ensure compliance with the Americans with Disabilities Act ¾ mile corridor around a Corona Cruiser fixed route. Door-to-door service is available upon request for riders certified under the Americans with Disabilities Act (see service area map – Figure 1).

Corona Cruiser fixed route service began in 2001 and serves the city-center as well as commercial, retail, and residential areas on the eastern and southern portion of the city. Fixed route service operates along two routes – the Red Line and Blue Line – using ~~six~~ five buses during peak service.

The Blue Line serves the McKinley Street retail area, then travels on to Magnolia Avenue and Main Street to the River Road area. This route passes by many trip generators such as hospitals, medical facilities, schools, public service agencies, senior center, library, civic center, community center and commercial/retail areas. This route serves the following schools: Centennial High School, Corona Fundamental Intermediate School, and Lee Pollard High School. This route also serves the unincorporated area of Home Gardens. The Blue Line operates with a frequency of 60-67 minutes.



The Red Line connects the residential areas of central Corona with commercial and retail areas along Sixth Street and the Ontario Avenue/California Avenue industrial and retail area. The Red Line also covers South Corona along Ontario Avenue to , Temescal Canyon Road to serve the El Cerrito county area and The Crossings shopping complex at Cajalco Road. This route serves the following schools: Centennial High School, Corona High School and El Cerrito Middle School, as well as the library, community center and Corona Transit Center and North Main Corona Metrolink Station (on selected AM & PM trips). The service is extended to The Shops at Dos Lagos on Saturdays. The Red Line operates with a frequency of 50-66 minutes.

City of Corona Transit Service serves the City of Corona and neighboring incorporating Riverside County ~~, an area with a population of approximately 150,000 residents~~ (see service are map – Figure 1).

The following public transit services are also available to Corona residents:

- Riverside Transit Agency – regional public transit agency providing fixed route via the following routes: 1; 3; 12; ~~Rapidlink Goldline;~~ Commuter Links 205/206; and Dial-A-Ride serving seniors and persons with disabilities.
- Southern California Regional Rail Authority (Metrolink) – provides commuter rail service to Los Angeles and Orange counties via the 91 Line and Inland Empire Orange County Line respectively.
- Orange County Transportation Authority – provides express, peak hour bus service between Orange and Riverside counties.

B. Title VI Policy

The City of Corona Transit Service (CCTS) is committed to ensuring that no person is excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any of its programs, activities, or services on the basis of race, color, or national origin. All persons, regardless of their citizenship, are covered under this regulation. In addition, City of Corona Transit Service prohibits discrimination on the basis of race, color, or national origin in its employment and business opportunities.

City of Corona Transit Service will not condone retaliation against an individual for their involvement in asserting their rights pursuant to the Title VI or because they filed a complaint or participated in an investigation under Title VI, and/or this regulation.

As a Federal Transit Administration (FTA) fund recipient, City of Corona Transit Service will ensure that its program, policies, and activities comply with the U.S. Department of Transportation (DOT) Title VI Regulations of the Civil Rights Act of 1964. City of Corona Transit Service will ensure that the level and quality of its transportation service is provided without regard to race, color, or national origin.

City of Corona Transit Service will make good faith and reasonable efforts to achieve environmental justice as part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of it programs, activities, and services on minority and low-income populations within the City of Corona Transit Service area.

City of Corona Transit Service operates fewer than 50 buses in peak service, and thus is not required to:

- Provide demographic and service profile maps and charts
- Collect and report survey data regarding customer demographics and travel patterns
- Evaluate service and fare equity changes
- Monitor transit service

C. Applicability

The policy is applicable to City of Corona Transit Service employees, contract operator employees, and members of the public. City of Corona Transit Service will carry out its programs, activities, and services in compliance with Title VI of the Civil Rights Act of 1964. City of Corona Transit Service employees and contract operator employees will not, on the grounds of race, color, or national origin exclude any person from participating in, deny the benefits of, or subject anyone to discrimination under any City of Corona Transit Service program, activity, or service.

City of Corona Transit Service or any of its employees or contract operator employees will not, on the grounds of race, color, or national origin:

a) Provide any service, financial aid, or benefit that is different from that provided to others;
b) Subject an individual to segregation or separate treatment;
c) Restrict an individual in the enjoyment of any advantage or privilege enjoyed by others;

d) Deny any individual service, financial aid, or benefits under any City of Corona Transit Service program, service, or activity;
e) Treat individuals differently in terms of whether they satisfy admission or eligibility requirements; and
f) Deny an individual the opportunity to participate as a member of a planning or advisory body.

Failure of a City of Corona Transit Service employee or contract operator employee to follow this policy and procedure may subject such employee(s) to disciplinary action up to and including employment termination.

III. GENERAL REQUIREMENTS

A. Title VI Notices to the Public

Figure 2 displays the CCTS Title VI Notice to the Public. The CCTS Title VI Notice to the Public (English and Spanish version) is posted at the following locations:

Location of Notices to the Public

Location Name	Address	City
Corona City Hall / City Clerk's Office	400 S. Vicentia Avenue, 1st Floor	Corona
Corona City Hall / ~~Public Works Dept.~~Community Services Department	400 S. Vicentia Avenue, 2nd Floor, Suite ~~21025~~225	Corona
Non-advertising passenger shelters	23 locations city-wide	Corona
MV Transportation	735 Public Safety Way, 1st Floor	Corona
On-board buses	N/A	
~~Corona Cruiser and Dial-A-Ride brochures/schedules~~Corona Transit Website	~~N/A~~www.CoronaCA.gov/transit Title VI | City of Corona (coronaca.gov)	

The Title VI Notice to the Public and program information is also provided on the CCTS website at: www.CoronaCA.gov/transit

The notice contains a commitment to ensuring that no person is excluded from participation in, or denied the benefits of its services on the basis of race, color, or national origin as protected by Title VI; details about how to get more information about Title VI; and instructions for filing a Title VI complaint. It includes CCTS' mailing address, telephone number, online contact information, and email address. The notice can be translated to any language on the website using the Translate feature. ~~, and is presented in English and Spanish.~~

Figure 2 - CCTS Title VI Notice to the Public

Notification of Rights Under Title VI

The City of Corona Transit Service (CCTS) operates its programs, activities, and services without regard to race, color, or national origin in accordance with Title VI of the Civil Rights Act. Any person who believes he or she has been subjected to any unlawful discriminatory practice protected under Title VI may file a complaint with the CCTS.

For more information on CCTS' Title VI program, and the procedures to file a complaint, contact the City of Corona Community Services Department via telephone at (951) 736-2241, via email at CoronaTransit@CoronaCA.gov or online at www.CoronaCA.gov/Transit, or visit the Community Services Department at 400 S. Vicentia Avenue, Suite 225, Corona, CA 92822.

A complaint may also be filed directly with the Federal Transit Administration by submitting a complaint with the Office of Civil Rights, Attention: Title VI Program Coordinator, East Building, 5th Floor-TCR, 1200 New Jersey Avenue, Washington DC 20590.

Notificación de derechos en virtud del título VI

El Servicio de Tránsito de la Ciudad de Corona (CCTS) opera sus programas, actividades y servicios, sin distinción de raza, color u origen nacional, en conformidad con el Título VI de la Ley de Derechos Civiles. Cualquier persona que cree que él o ella ha sido objeto de cualquier práctica discriminatoria ilegal protegida en virtud del Título VI, puede presentar una queja ante el CCTS.

Para obtener más información sobre el programa del Título VI del CCTS, y los procedimientos para presentar una queja, póngase en contacto con el Departamento de Servicios Comunitarios de la Ciudad de Corona por teléfono al (951) 736-2241, por correo electrónico a CoronaTransit@CoronaCA.gov, en línea en www.CoronaCA.gov/Transit, o visite el Departamento de Servicios Comunitarios en 400 S. Vicentia Avenue, Suite 225, Corona, CA 92822.

Una queja se puede presentarse directamente con la Federal Transit Administration mediante la presentación de una queja ante la Office of Civil Rights (Oficina de Derechos Civiles), Atención: Título VI Program Coordinator, East Building, 5th Floor-TCR, 1200 New Jersey Avenue SE, Washington DC 20590.

B. Title VI Complaint Procedures

Any person who believes that he/she, or as a member of any specific class of individuals, has been subjected to discrimination on the basis of race, color, national origin, age sex, sexual orientation, or gender identity with respect to CCTS programs, activities, services, or other transit related benefits, may file a written Complaint with CCTS or FTA Office of Civil Rights. A Complaint may be filed by the individual or by a representative. A Complaint must be filed within 180 days ~~after the date~~ of the alleged discrimination date, but complainants are encouraged to submit complaints as soon as possible. CCTS will promptly investigate all c~~C~~omplaints filed under Title VI, pursuant to this Regulation.

Appendix A and B contains the CCTS' Title VI Complaint Procedures (English & Spanish) and Appendix C and D contains the Title VI Complaint Form (English & Spanish). This information and the accompanying complaint form are also provided on the CCTS website and is available both in English and Spanish.

C. Transit-Related Title VI Investigations, Complaints, and Lawsuits

CCTS maintains a log of any Title VI complaints, investigations, or lawsuits. There are no active Title VI complaints, investigations, or lawsuits filed ~~No complaints have been filed~~ against CCTS~~.~~ regarding discrimination on the basis of race, color, or national original in transit-related activities or programs. Furthermore, no Title VI complaints or lawsuits have been filed against CCTS since the last Title VI Program submission. Therefore, no investigations have been conducted. ~~Currently, no active complaints, investigations, or lawsuits have been filed against CCTS.~~ Appendix E includes the sample complaint log used to track any complaints received.

D. Public Participation Plan

Promoting public participation is an important element of a transit agency's Title VI program. The purpose of CCTS' Public Participation process is to promote public involvement in transit planning and decision-making activities. This plan establishes formal procedures that allow for, encourage and monitor public participation within the CCTS service area. Recipients have wide latitude in determining public participation activities. The Southern California Association of Governments (SCAG) is the metropolitan planning organization (MPO) for the Southern California region including the County of Riverside. SCAG is responsible for developing long range transportation, and environmental plans for the region. City of Corona Transit Service relies on SCAG's Public Participation Plan to ensure compliance with applicable Title VI regulations in reference to projects that have regional impact.

However, for projects impacting only City of Corona Transit Service (CCTS) area, the agency has its own public participation process. CCTS recognizes the importance of involving the public in the planning and implementation of transit services. The goals of CCTS' public involvement plan are to ensure that:

- Residents are given the opportunity to participate in the transportation planning process;
- To develop effective means of engaging minority and Limited-English-Proficient (LEP) populations and other constituencies that are traditionally underserved, including people with disabilities and low-income populations; and
- The issues and concerns of residents are given consideration in the selection of transportation investments.

1. *Public Participation Principles*

When planning for public engagement, CCTS will incorporate strategies intended to promote involvement of minority and LEP individuals in public participation activities, as appropriate for the plan, project, or service in question, and consistent with federal Title VI regulations, Executive Order 13166 on Limited English Proficiency, and the U.S. Department of Transportation LEP Guidance.

At a minimum, CCTS staff will implement strategies such as holding public meetings in locations that are accessible to transit riders and people with disabilities, scheduling meetings at times that are convenient for members of the public, advertising meetings and hearings in the primary languages spoken in the service area as identified in the updated LEP Plan, and providing notice of the availability of language assistance.

The following principles will be used to develop the Public Involvement Plan for CCTS projects and programs:

- CCTS will determine what non-English languages and other barriers may exist to public participation within the service area.
- CCTS will provide a general notification of meetings, particularly forums for public input, in a manner that is understandable to all populations in the area.
- Public meetings will be held in locations that are accessible to transit riders and people with disabilities, and will be scheduled at times that are convenient for members of the public.
- Public meetings and hearings will be broadly advertised in the community in non-English languages identified in the LEP Plan through printed materials onboard buses (e.g., interior cards, flyers, and/or comment cards) describing the proposed changes as well as at major transit stops, local print media, and local community centers such as the Corona Senior Center
- CCTS will provide notification regarding the availability of language assistance at public meeting as described in the LEP Plan

2. *Targeted Public Outreach to Minority and Limited English Proficient (LEP) Populations*

Public outreach serves many purposes and is multi-layered. The CCTS uses public outreach to apprise riders of temporary stop closures, special events, Title VI protections, and to solicit and inform riders' how, where and when they can participate in the CCTS decision-making process including fare and major service changes. Public outreach methods range from on-board notices and rider alerts to community meetings and public hearings. Outreach efforts include the dissemination of information about CCTS services through promotional/informational material distributed at schools, major trip generators and online as well as through partnerships with local and regional agencies who, in turn, inform their constituents about CCTS transit service.

To ensure inclusive public participation among minority, low-income and senior persons, CCTS will utilize the following strategies:

- Locate meetings at transit accessible and ADA compliant venues

- Partnered with local and regional agencies which primarily serve minority, low-income and senior persons to disseminate fare media and information:
    - Riverside County agencies
        - Riverside County Department of Public Social Services
        - Riverside County Department of Mental Health
        - Riverside County Transportation Commission
        - Riverside County Library/Home Gardens Branch
        - Riverside Transit Agency Transportation NOW Committee
    - Educational Institutions (i.e. school districts, high schools, library)
    - Community organizations (i.e. senior center)
- Utilize newspaper ads that serve LEP populations with circulation in the area associated with CCTS service area
- Consider information dissemination through various communication methods including:
    - Online Transportation website – providing service description, schedule, fare matrix and Title VI information
    - Use of Inner Circle Corona, resource for local news, information, events and community alerts
    - On-board bus surveys
    - Participation in various community events such as Senior Center Health Fair
    - On-board interior bus cards
    - Use of social media
    - On-line through the Community Service Insider monthly alerts
    - Direct email outreach to the City's affordable housing partners, Senior and Multi-Family Apartment complexes
    - Direct email outreach to all senior living facilities within the city limits
    - Boots on the ground efforts at senior complexes (assuming events/activities available and time permitting)

3. Past Public Outreach Efforts

Formatted: Highlight

Formatted: Font: (Default) +Headings (Calibri Light), 13 pt, Font color: Text 1, Highlight

Like most transit systems, CCTS conducts public outreach primarily during planning studies or when major changes to the transit service are being considered or proposed. While CCTS has not had any major service or fare change for fixed route service, however, ~~recently~~ in ~~2018~~2022 through 2023~~, changes were made to the Dial-A-Ride Program~~ CCTS performed a Comprehensive Operations Analysis (COA), a study of the City's transit system. The study is performed not only to understand the current use and performance of the system but how the performance and use of the system is changing over time. This effort is undertaken with the objective to increase service efficiency and effectiveness by responding to the changing demands for transit throughout the service area and provide recommendations for service improvements. One of the components of this project is to collect input from the public and stakeholders in order to meet the community mobility and transit needs. ~~City Council approved the change from general public Dial-A-Ride to specialized service for seniors 60 and older, persons with disabilities and ADA certified individuals.~~

Preliminary outreach efforts for the COA included the following:

~~CCTS communicated changes to the DAR service with as many passengers/citizens as reasonably possible. Public comment process informing passengers/citizens of public outreach/informational meeting(s) included the following:~~

In all efforts, English and Spanish speaking staff participated.

- On-board rider survey February 2022
  - ~~I~~nformational flyers and posters ~~distributed/~~displayed on board buses informing passengers of the study (see Exhibit ___)
  - A ten dollar ($10) gift card given to each respondent
- Community wide survey March 2022
  - Information flyers and posters displayed on board buses, city website and social media (see Exhibit ___).
  - Incentivized survey by offering a day pass to the first 500 respondents with five of the respondents selected for a $50 gift card.
- Information shared with stakeholders such as RTA, RCTC, and local school district.
- Distributing paper surveys and posters with QR code to the various apartment complexes throughout the City, including all senior living facilities.
- Staff participated with boots on the ground efforts that included surveying at two senior food drives, and door-to-door surveying at ~~an~~a senior apartment complex where service was previously discontinued.
- Direct email outreach to all of the City's affordable housing partners, Senior and Multi-Family.
- Alternative paper surveys were created to encourage participation from community members that either are unfamiliar, uncomfortable or lack access to the internet.

Upon drafting service recommendations, the following outreach efforts were conducted:

- Presentation to City Council November 2022
- Informational flyers and posters with link/QR code to the feedback survey were displayed onboard buses, city website and social media informing community of draft service recommendations (see exhibit ___)
- Staff ~~participated~~attended ~~at~~ the Corona Senior Center and ~~at a~~ City-wide Winter event to provide information about the proposed service recommendations and to encourage the community to participate in the feedback survey.
- Virtual Town Hall Meeting December 2022
- ~~Newspaper advertisements announcing the proposed service change and public meetings in the Press Enterprise and La Prensa (Spanish)~~
- ~~Notice on City website~~
- ~~Letters to the DAR users regarding outreach meetings and public hearing~~

- ~~Notification to following organizations: Riverside County Transportation Commission; Riverside Transit Authority (RTA;, RTA T-Now group; Metrolink; Corona-Norco Unified School District; City of Corona Senior Center and various adult day care centers.~~
- ~~Three informational public outreach meetings were held; Spanish-speaking personnel was available at each meeting~~
- ~~Public hearing before the City Council where service changes where considered~~
- ~~For those unable to attend a meeting, comments were received via mail, telephone, and email~~

~~Other outreach efforts include on-board survey. Last survey was conducted May 2017. Survey was scheduled for March 2020 plus an additional customer satisfaction survey as part of the Comprehensive Operations Analysis but these efforts were put on hold due to the effects of COVID-19 pandemic on public transit service. Significant reduction in ridership will not result in good data.~~

The rider survey ~~that was~~ conducted part of the COA, in February 2022, ~~May 2017~~ consisted of twenty-~~two~~ eight questions which collected information about trip purpose~~d~~, trip origin and destination, customer demographic information, and customer opinion. A total of ~~94~~123 surveys were ~~received~~ collected and analyzed. The survey was available in both English and Spanish. ~~two-sided with English version on one side and the Spanish version on the other.~~ Twenty-~~one~~two percent of survey respondents answered using the Spanish-language survey. The following graph represents the summary results of the onboard survey.

The goal of the rider survey was to provide data concerning CCTS bus riders' demographic, travel patterns and levels of satisfaction. ~~The surveys were available on board buses; pencils and collection envelopes were provided at both front and rear end of the buses. Operators while en route, announced and encouraged riders to fill out the surveys. Key findings are summarized in the following paragraphs.~~

CCTS riders are using transit for various reasons, including shopping, work, education, recreation and medical trips~~, and shopping~~ but the primary trip purposes for 35 percent of the passenger boardings was for shopping or errands. Over eighty-five percent of the riders access the Corona Cruiser and complete the trip by walking. ~~Majority of the respondents are within ½ to 2 blocks of walking distance to the bus stop.~~ In terms of demographics, ~~the largest respondents were female (75%).~~ CCTS riders are of all ages, but a third, ~~3~~51 percent of the respondents reported the age of 6~~5~~0 and over, followed by youth riders under the age of 18 making up the second largest rider group at eighteen percent. The most common Corona Cruiser riders reported being ~~ethnicity is~~ Hispanic/Latino, accounting for ~~5~~048 percent of all riders which closely mirrors the demographics of the City of Corona as a whole, where forty-eight percent of the population identifies as Hispanic. ~~While 23% respondents speak Spanish, 92 percent of the respondents stated that they speak English "Very Well" or "Well."~~

Passengers were asked for number of vehicles available to their household. While ~~50~~66 percent responded that a vehicle was available, 77~~86~~ percent of the passengers responded that they did not have a driver license~~access to it~~. Therefore, if the bus were not available, the assumption is made that these riders would not be able to make the trip. ~~31 percent "would not make the trip" and the other 29 percent would walk/wheelchair.~~ Majority of the respondents have been using Corona Cruiser for more than ~~3~~5 years (~4~~5~~0%) and use the service from 3-5 days a week.

~~Overall, CCTS riders are pleased with the service. Over 85% of the respondents either "Agree" or "Strongly Agree" with the following statements:~~

- ~~CCTS takes me where I need to go~~
- ~~Schedule information is easy to use~~
- ~~I feel safe riding the bus~~
- ~~Buses are clean~~
- ~~Drivers are helpful and friendly~~

~~Increased weekend service, improved frequency and late weekday service and improved on-time performance were the most requested improvements.~~
The 2022 Public Transportation Community-wide survey was conducted utilizing a myriad of outreach efforts to push the online survey – with multiple social media alerts, including 'shout-outs' during Council meetings, through direct boots on the ground, via email, requests to the local unified school district and parent center located in Downtown Corona, and paper survey. Over 500 surveys were received. The purpose of the communitywide survey was to determine potential unmet transit needs in the community. Respondents were asked a number of questions to determine which of the three resident categories they belonged to—current riders, former riders, and non-rider.

4. Summary

The range of public participation strategies and actions included in this plan can engage diverse communities and create ongoing public access, participation and input throughout any study or plan. Each public outreach process will engage varied stakeholders: (residents, businesses, transit users, elected officials, local area organizations and others).

E. Limited English Proficiency (LEP) Plan

Individuals who have a limited ability to read, write, speak or understand English are Limited English Proficient or "LEP" as defined in the FTA Title VI regulations. CCTS supports the goals of Title VI of the Civil Rights Act of 1964, Federal Executive Order 13166 and the Department of Transportation's (USDOT) Limited English Proficiency (LEP) Guidelines by making reasonable accommodations for those individuals with limited English proficiency (LEP) and by providing meaningful access to our services and programs to LEP individuals. CCTS developed this LEP Plan to help identify reasonable steps for providing language assistance to persons with limited English proficiency.

In order to prepare this plan, CCTS undertook the U.S. Department of Transportation (U.S. DOT) four-factor LEP analysis which considers the following factors:

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient.

Factor 2: The frequency with which LEP persons come into contact with the program.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people's lives.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.

The Four Factor Analysis is used to determine the specific language services that are appropriate to provide to ensure meaningful access to programs and activities. A summary of the results of City of Corona Transit Service four-factor analysis is in the following sections. The analysis uses data from the 20~~14~~7-~~18~~21 five-year American Community Survey, which has the largest sample size and most reliable data of any current source.

The analysis provided in this report has been developed in order to ensure that CCTS provides language assistance to LEP persons. The following section reports the results of the "Four Factor Analysis" included in FTA Circular 4702.1B, followed by the Language Assistance Plan for CCTS.

Within CCTS' service area, Table 1 represents LEP persons by language group and the percentage of LEP persons in the City of Corona who meet the Department of Justice (DOJ) Safe Harbor provision of "every 1,000 speakers or five percent of the population which is less."

Table 1: Language Proficiency in the CCTS Service Area

Language Spoken at Home	Total Number of Speakers	Speaks English "Less Than Very Well"	Percent Speaking English "Less Thank Very Well" of Total Population (Age 5+)
Total Population, Age 5 years and Over	147,950		
Speak English Only	83,279		
Speak English + Another Language - Total	64,671		
Spanish	47,608	13728	9.3%

~~**Source: U.S. Census Bureau, 2014-2018 5-year American Community Survey (Age 5 and above only), Table C16001 by census tract for the City of Corona Service Area**~~

The Safe Harbor provision states, "if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations.

1. The Four Factor Analysis

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient.

USDOT guidance for this first factor says, "The greater the number or proportion of LEP persons from a particular language group served or encountered in the eligible service population, the more likely language services are needed."

The U.S. Census Bureau compiles data in its decennial Census and American Community Survey (ACS). Among the data collected is information on primary language spoken at home and the ability to speak English. Categories include whether individuals indicate they speak English "very well" or "less than very well." The LEP population consists of those individuals who speak other languages AND speak English "less than very well."

CCTS staff reviewed the 2021 ACS data and determine little change from the 2018 data used in the 2021-2023 Title VI Program. Based on the 2021 ACS data, approximately 44% of the population speak a language other than English. Analysis showed just over 13% of the population having limited English proficiney; that is they speak English "not very well~~CCTS staff reviewed the 2018 U.S. Census Language Survey Report and determined that 63,301 persons in City of Corona (41% of the population) speak a language other than English. Of the 41% population, 21,442 persons (13.8%) indicate having limited English proficiency; that is, they speak English "not very well".~~ In City of Corona, of those persons with limited English proficiency, ~~14,285 (~~9.3% of the total population~~)~~ speak Spanish~~; ; 1,115 (1~~.9% ~~of the total population)~~ speak Vietnamese; and .9% other Indo-European languages; and ~~1,001 (1% of the total population) speak Korean; and~~ the remaining ~~16,401 respondents~~population speak various other languages, each account for less than 1% or 1,000 of the population. The "Other Indo-European language exceed the 1,000-person threshold (1,309) but it is difficult to isolate which languages within this category are most frequently spoken in the service area.

CCTS's LEP Plan determined that one component of effective engagement with LEP populations is translating vital documents into preferred languages of those most likely to be served by CCTS. CCTS commits to analyzing recent reliable data during each Title VI Program, update to identify LEP populations and adjust any translation requirements accordingly. The LEP Plan is created for both current and potential customers, therefore data from ACS, onboard rider survey and community-wide survey was used for this analysis.

Results from the rider survey of fixed route passengers further refine the LEP population. A survey conducted in spring 20~~17~~22 showed that ~~46~~33 percent of passengers identified themselves as white/Caucasian, 28 percent - Hispanic, 22 percent Asian/Pacific Islander ~~16 percent white, 19~~12 percent

African American, ~~12 percent Asian~~ and ~~6~~5 percent multiple ethnicities and American Indian~~ and Other~~. ~~Seventy eight~~Sixty-three percent of those surveyed ~~preferred to~~ responded as ~~using~~ English language as the primary language spoken most often, followed by 17% speak in Spanish ~~surveys while 22 percent preferred a Spanish language version; no other translations were requested~~. Another 3 percent spoke Chinese with the remaining 18 percent speaking other languages. Based on the rider survey, Vietnamese was not a language that was considered as the primary language.

~~In addition,~~ CCTS has no direct evidence of language barriers resulting in the LEP population being underserved. As Table 1 shows, the primary language spoken by the LEP population is Spanish. As such, CCTS has focused its efforts on providing bilingual service (oral) and Spanish translation of written materials as the most cost-effective means of communicating with LEP persons. All ~~key~~ essential documents are currently provided in Spanish. CCTS has communicated with customer service/Dispatch representatives in preparation for this report, confirming that Spanish is the most common language other than English. It is CCTS's practice to summon a staff employee should assistance be needed for an individual who speaks another language.

~~As CCTS is unable perform an on-board rider survey to limit contact during the pandemic, an online survey will be made available as soon as ridership increases. The intent of the survey is to determine if there are any language barriers~~.
In addition, City of Corona website features a Google Translate tool to translate website content in over 100 languages. As of February 16, 2023, the tool included all languages meeting CCTS's LEP threshold (Spanish and Vietnamese).

Factor 2: The frequency with which LEP persons come into contact with the program.
The CCTS serves LEP individuals daily via Corona Cruiser and Dial-A-Ride(DAR) service. The use of bus service is a major point of contact with LEP individuals in both of the services (fixed route & DAR). Pass purchase is another point of contact with LEP individuals; CCTS fare media can be purchased online, in-person and on-board bus.

One of the more frequent points of contact is customer service interactions. Customer service/dispatch personnel report daily contact with LEP individuals. The majority of ~~the these~~these daily contacts are with Spanish-speaking individuals. The contractor operating the City's transit services estimates an average of eight to ten ~~(10)~~ calls per day for Dial-A-Ride Services and ten to fifteen calls for fixed route service that are from Spanish-speaking persons. Further, t~~T~~he rider survey indicated a preference for a Spanish version from 22 percent of respondents. CCTS considers a conservative approach would be to follow the rider survey and assume that one-fifth ~~nearly one-third~~ of riders are Spanish language LEP persons and ride frequently. In addition, while Table 1 indicates Vietnamese ~~and Korean~~ population speaking English "less than well," the rider survey had one~~no~~ respondents speaking ~~these~~ this language while also speaking English~~s~~. ~~However, 71 percent indicated speaking English, 23 percent Spanish, 3 percent Tagalog and the remaining 3 percent other languages not listed on the survey. In addition, s~~Since the last Title VI update, staff has not had any request for communication in a language other than Spanish.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people's lives.

While public transit is not an essential service, as are police, fire and medical emergency services, public transit is a key means of achieving mobility for many LEP persons. According to the rider survey, ~~70~~34 percent of those surveyed responded "No" when asked if an automobile was available for the trip they were making, and 62 percent responded that they didn't have a driver license. Prompted further, ~~16~~13 percent would use a ~~taxi~~Uber/Lyft, 1~~5~~2 percent would arrange a ride with someone else, ~~29~~36 percent would have walked to their destination and ~~31~~12 percent would have not made the trip if a bus was not available.

As with public transit in general, transportation service provided by CCTS is a key means of mobility for our riders. In describing the purpose of their trip, riders indicated various destinations including, work, shopping, and medical facilities; highlighting the importance of transportation service to the livelihood and quality of life for our riders and their families.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.

The Guide (U.S. DOT) acknowledges that a recipient's level of resources and the costs imposed may have an impact on the nature of the steps it should take in providing meaningful access for LEP persons. Smaller recipients with more limited budgets are not expected to provide the same level of language services as larger recipients with larger budgets. The Guide goes on to say that "reasonable steps" may cease to be reasonable where the costs imposed exceed the benefits.

CCTS is a small, municipal provider of fixed route (Blue and Red Lines) and Dial-a-Ride service and is committed to assuring that reasonable steps are taken to provide meaningful access to its information and service by LEP persons. As inferred from census data and rider survey, and tempered with practical experience, Spanish-speaking LEP persons is the target audience. As such, CCTS provides the following services:

Oral:

- Bilingual/Spanish
  - In-person interview
  - Community meetings
  - Public hearing
- Bilingual/Spanish vendor staff
  - ~~57~~40% of administrative staff including dispatching
  - 38~~41~~% of the drivers

Written – Spanish translation:

- Brochures – schedule, policies, fare structure
- Bus stop kiosks
- Rider alerts
- Website
- Community meeting and public hearing notice

While CCTS does not track expenditures related to providing these services, this effort does consume considerable resources. Although the focus has been on Spanish-speaking LEP persons, CCTS continues to look for no- or low-cost opportunities to expand translated materials while maintaining a balance between cost and benefit. While there are no local or regional libraries that provide translations services, CCTS is looking to tap community-based organizations for this service (e.g., ethnic-based chambers of commerce). Looking ahead, CCTS staff will use future updates to the U.S. Census, annual rider survey and practical experience to assess demographic changes in the community.

2. *Language Assistance Plan*

Per the Title VI of the Civil Rights Act of 1964 (Title VI), the U.S. Department of Transportation (DOT) implementing regulations, and Executive Order 13166 "Improving Access to Services for Persons with Limited English Proficiency (65 FR 50121, Aug. 11, 2000)", CCTS is federally mandated to develop and implement a Language Assistance Plan by which Limited English Proficiency (LEP) persons can meaningfully access translations of written and oral information. Under the LEP Plan, the Language Assistance Plan will contain the following procedures and measures to effectively communicate with LEP persons.

a. Procedures to Identify an LEP Person in Need of Language Assistance

DOT's *Safe Harbor Provision* stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations. The City has identified the number and proportion of LEP individuals within its service area using data from the 2014~~7~~7-20~~18~~21 American Community Survey five-year estimates.

In the CCTS service area, the Spanish-speaking and Vietnamese-speaking LEP language groups constitute the 5% or 1,000 persons of population threshold for which written translations of vital documents should be provided to meet the safe harbor standard.

CCTS will continue to perform assessments to determine the language demographics of its service area using one or more of the following methods:

- Analyze updated census data to identify the percentage of LEP persons by census tract.
- Utilize ridership surveys from transit planning or marketing studies to identify the percent of CCTS riders that are LEP persons.
- Examine records to see if requests for language assistance have been received in the past and if so, for what language.
- Survey front-line staff such as drivers, call center representatives, and receptionist on their experience concerning any contacts with LEP persons during the previous year

b. Language Assistance Measures

CCTS will strive to offer the following measures to LEP individuals, that is, persons who speak English "not well" or "not at all":

- CCTS will print its key information in transit documents in English and the LEP identified language to address the community's needs.
- If a client asks for language assistance and CCTS determines that the client is an LEP person and that language assistance is necessary to provide meaningful access, reasonable efforts will be made to provide free language assistance.
- CCTS will periodically assess client needs for language assistance based on requests for interpreters and/or translation, as well as the literacy skills of the clients.

~~In addition, CCTS has also secured funding for translation services to translate documents in other languages identified in Table 1 and coincide with the results of the pending online survey. If the survey shows that there is a language barrier for those communities identified in Table 1, then staff will proceed with securing the services to translate the necessary documents~~.

c. Outreach Techniques

If the percentage of LEP persons in a particular census tract is significant or if the ridership surveys show a significant percentage of CCTS's riders are LEP persons, then CCTS will identify the primary language(s) of those individuals potentially impacted and implement the following steps:

- Key transit documents made available in English and in the potentially impacted LEP identified languages within the CCTS service area.
- Access to bilingual staff made available during most service hours for in-person or phone customer service at the administrative offices.

Additionally, when staff prepares a document or schedules a meeting, for which the target audience is expected to include LEP individuals, then documents, meeting notices, flyers, and agendas will be printed and posted in the LEP language identified. These notices will be posted in the following locations:

- Transit Administrative offices
- Transit buses
- Transit website

Such notices may also be posted or announced with local stakeholders, community centers and effected route major transfer points.

Formatted: Don't adjust space between Latin and Asian text, Don't adjust space between Asian text and numbers

d. Staff Training

The following training shall be provided to CCTS staff and contractor (provider of transportation services) and its staff:

1. Information on CCTS Title VI Policy and LEP responsibilities.
2. Information on the Title VI complaint forms and procedures.
3. Description of language assistance services offer to the public.
4. Documentation of language assistance requests.

e. Monitoring and Updating the LEP Policy and Language Assistance Plan

CCTS will update the LEP as required by U.S. DOT. At a minimum, the plan will be reviewed and updated when data from the 2020 U.S. Census is available, or when it is clear that higher concentrations of LEP individuals are present in the CCTS service area. Updates will include the following:

- The number of documented LEP person contacts encountered annually
- How the needs of LEP persons have been addressed
- Determination of the current LEP population in the service area
- Determination as to whether the need for translation services has changed
- Determine whether local language assistance programs have been effective and sufficient to meet the need
- Determine whether transit system's financial resources are sufficient to fund language assistance resources needed
- Determine whether CCTS fully complies with the goals of this LEP Plan
- Determine whether complaints have been received concerning the agency's failure to meet the needs of LEP individuals

f. Dissemination of the LEP Policy and Language Assistance Plan

A link to CCTS Title VI Plan which includes the LEP Plan will be available on City of Corona's ~~Transportation~~ Transit website, http://www.CoronaCA.gov/Transit . Alternatively, any person may request a copy of the plan via telephone, fax, mail, or in person. In addition, if feasible, LEP individuals may request translated copies of the document in an LEP identified language.

Questions or comments regarding the LEP Policy and Language Assistance Plan may be submitted to ~~Public Works~~Community Services Department and/or Sudesh Paul, ~~Transportation Planning Supervisor~~ Transit Program Manager in the ~~Public Works~~Community Services Department as follows:

F. Racial Breakdown of Non-Elected Advisory Councils

CCTS does not select membership to any transit related, nonelected planning boards, advisory councils or committees, or similar bodies. However, CCTS has a high priority goal of providing customer driven community service, and particularly values the views and concerns of the large percentage of minority groups that utilize our system on a daily basis.

G. Subrecipient Monitoring

There were no sub-recipients for this reporting period that received federal financial assistance from the FTA through City of Corona Transit Service.

H. Title VI Equity Analysis – Construction Impact

Title VI requires a fixed facility (transit centers, operations facility or yard) impact analysis for construction projects to assess any impacts to minority communities. During the reporting period, City of Corona Transit Service had no projects in this category. See Appendix F for statement endorsed by the City of Corona ~~Public Works~~Community Services Director, assuring that no FTA-funded construction projects were undertaken by City of Corona Transit Service from 20~~18~~20 through 202~~0~~2.

I. Board of Directors Resolution or Meeting Minutes

The Corona City Council is scheduled to adopt the 202~~1~~3-202~~3~~6 Title VI Program at its regularly scheduled meeting on ~~September 2, 2020~~May 17, 2023 (see Meeting Minutes – Appendix G).

IV. PROGRAM SPECIFIC REQUIREMENTS

This section addresses the Requirements for Fixed Route Transit Providers section of FTA C 4702.1B. CCTS operates fewer than 50 peak vehicles, therefore is only mandated to detail the system-wide service standards and policies.

A. Service Standards

Federal Title VI guidelines require all fixed-route transit providers to set service standards and policies for each fixed-route mode operated to guard against discriminatory service design or operations decisions. These standards and policies must address how service is distributed across the transit system, and must ensure that the manner of the distribution affords users access to these assets. Per FTA Circular 4702.1B, the following service standards are required:

- Vehicle Load
- Vehicle Headways
- On-Time Performance
- Service Availability

1. *Vehicle Load*

Vehicle load is the ratio of passengers on the vehicle to the number of seats on the bus. If the passenger load is high, resulting in overcrowded conditions, additional service may be needed to address the issue. The average of all loads during the peak operating period should not exceed vehicles' achievable capacities, which are 16 passengers for a 23-foot cut-away bus, 20 passengers for a 25-foot cut-away bus, and 46 passengers for 32-foot buses. Table 2 below lists CCTS fleet detailing its characteristics.

Table 2: Fleet Characteristics

CCTS Fleet Inventory as of ~~June~~ May ~~2017~~2023								
Year Built	**Manufacturer**	**Fuel Type**	**Seats w WC Seats w/o WC**	**Standing**	**Length (feet)**	**Total Vehicles**	**Fixed Route**	**Demand Response**
2012	ElDorado AeroTech 240	CNG	16/2 20/0	N/A	26	2	*	2
2017	Glaval E-450	CNG	16/2 18/0	N/A	25	11	*	11
2015	ElDorado EZ Rider II	CNG	23/2 29/0	17	32	7	7	0
					Totals	**20**	**7**	**13**
*While the cutaway vehicles are primarily used for Demand Response, they are however sometimes used for the fixed route system on an as needed basis as identified in National Transit Database.								

CCTS will continue to monitor vehicle load factors and conduct additional surveys if comments or complaints are received relative to overcrowding on a given route.

Formatted: Indent: Left: 0"

2. *Vehicle Headways*

Vehicle headway is the measurement of time between buses on a line. Service demand, scheduling constraints, fiscal constraints, and capital resources are all considered when setting headways. Service operates on the two CCTS routes approximately every 70 minutes beginning at approximately 6:30 am until approximately 7:00 pm on weekdays. On Saturday, there is service operating approximately every 60 minutes beginning at 9:00 am and ending at approximately 5:00 pm.

3. *On-Time Performance*

CCTS defines on-time performance for fixed route bus trips as those trips that depart from a time point location no earlier than the time listed on printed schedules, or arrive at the time point no later than ~~10~~5 minutes from the scheduled time. CCTS staff monitors on-time performance tracked by CCTS' transit provider for which set at 95% on-time. However, this standard ~~may~~ needs to be adjusted and reduced due to the following factors: match the standard with the regional transit provider, RTA; and current bus schedule not reflective of the current service area demographics. Based on the COA study, measured at all time points throughout the system, a typical on-time performance is in the mid-60s in terms of

percentage of all trips. The current schedule has been in place since 2010 and much has changed in the city in the past 10 years, including new developments within city limits and growing residential communities around the city that generates more cut-through traffic, continuous freeway construction projects, and the overall travel patterns in the city.

The increased congestion, in particular during peak hours make it difficult for buses to stay on schedule. ~~In addition, new developments in the past few years and en-route construction projects have added additional delays in the service. CCTS will be performing a Comprehensive Operations Analysis (COA), study of the current operation of the Fixed Route Service. The study will identify strengths as well as opportunities for improvement. The solicitation for the COA was initially released on March 16, 2020; however, the solicitation was canceled due to the impact of COVID-19 on transit system ridership. The solicitation will be released once the situation with COVID-19 improves and ridership returns to normal as the data collected (or lack of data) consequently will not be conducive for an appropriate analysis.~~ Through the study that is being performed, services alternative are to be presented to council for adoption of the recommended services which includes restructuring the service from two to three routes and updating schedules to better meet the needs of the riders and improve efficiencies.

4. Service Availability

It is the goal to provide transit service to residential areas, major medical, shopping, government, employment centers, and activity centers that can support route services. Service availability generally corresponds to the provision of transit service on major traffic corridors in the service area and access to high population centers and trip generators in the areas. CCTS primarly provides fixed-route service to people who reside within one-half to one-quarter mile of the stops along the routes. In addition to CCTS routes, patrons also have the option to access Riverside Transit Agency routes 1, 3, and 12.

CCTS standard is to have stops spaced approximately one-quarter mile apart, although stops may be located more closely or further away depending on land use and safety conditions. Where site conditions allow, CCTS aims to have far-side stops which reduce conflict with right-turning vehicles, eliminate sight-distance deificienies at intersection approaches and encourage pedestrians to cross behind the bus.

The local route system will be designed based on transit demand potential which uses various key population charactertics that are common determinants for higher transit ridership. These includes areas that have a higher density of households without access to a vehicle, low-income households, youth, seniors, employment, physical disability, and minority populations. ~~such that population cluster areas is within one-fourth (1/4) mile of a fixed route or within the service area of a deviated fixed route or general public Dial-A-Ride service.~~ City's ~~next~~ Comprehensive Operations Analysis (COA) identified areas of improvement which includes restructuring of the routes and adding microtransit service. Service recommendations will be taken to Council June 2023 for the adoption of the service and implementation plan. The recommendation was based on market analysis. The market analysis included the following indicators: residential and job density; cesus demographics; profile of riders; community trip patterns; and shape of land use patters and street networks. These indicators were used to determine the city's transit demand potential. ~~scheduled for FY 2020/21 will further identify the population clusters to better define the routes.~~ In addition, CCTS will continue to coordinate~~s~~ with Riverside Transit Agency (RTA) and Orange

County Transportation to reduce unnecessary duplication of routes and increase the distribution of transit services.

B. Service Policies

FTA guidance requires fixed route transit providers to develop a policy for the equitable distribution of transit amenities and for vehicle assignment by route. The following service policies are proposed for:

- Transit Amenities
- Vehicle Assignment

1. Transit Amenities

City of Corona provides and maintains benches, shelters, signage, and trash receptacles at bus stops. Installation of transit amenities along bus routes are based on numerous factors including the number of passengers boardings at stops along the routes. ~~Installation of transit amenities are based on passenger boardings along the routes.~~

CCTS policy regarding distribution of tranit amentiies categorizes stops into three tiers:

Tier 1: Sign only
Tier 2: Tier 1 plus bench seating with up to 5 boardings per weekday
Tier 3: Tier 2 plus trash receptacle with 5-9 boardings per weekday
Tier 4: Tier 3 plus shelter or landmark and shelter lighting have over 10 or greater boardings per weekday

At minimum, signage is provided at all bus stops. Transit amenities such as bus benches are provided as a convenience to passengers. Benches and shelters are placed at high traffic bus stops within the City of Corona service area where there are heavier boarding levels, major landmarks, and major transfer points. At bus stops outside the City of Corona, the local jurisdictions determine the placement of transit amenities. All new amenities such as benches, shelters, are placed to be ADA-compliant. ~~Typically for local or commuter routes; amenities should be installed where passenger boardings number 5 or more persons (benches) and 10 or more persons (shelters).~~

There have been no amenity enhancements in the last three fiscal years that have not followed the above policy of distributing based on boarding levels, polulation need. An assessment of the stops was performed through the COA and it was determined that 82% of the stops have signage, benches and trash receptacles of which 23% of the stops have shelter and shelter lighting. ~~will be performed based on the outcome of the COA which will help determine the amenities necessary based on boardings at the various stops.~~

Due to Covid-19 pandemic over the past few years, ridership and typical boardings have been affected. CCTS is continuing to provide service, however, an accurate measure on consistent ridership is difficult to define at this time.

Formatted: Font: Not Bold

2. *Vehicle Assignment*

All CCTS buses on the two fixed routes are identical and are accessible to people with disabilities. The 32-foot EZ Rider II compressed natural gas (CNG) buses are low floor buses that eliminates the traditional three-step entrance. They are designed to accommodate peak hour passenger loads – both seated and standing. The EZ Rider II is outfitted with front and mid-body passenger doors, Cummins engine, Allison transmission, and a kneeling front suspension system that facilitates curb-level passenger boarding.

~~CCTS' fixed route fleet has an average age of 3 years as of 2020. Five (5) vehicles are used in peak service and two (2) are used as spares.~~ In addition, buses are rotated to allow for vehicle maintenance to occur and to uniformly use the miles of the buses. See Table 2, Fleet Characteristics for complete inventory of CCTS fleet.

APPENDICES

APPENDIX A - TITLE VI COMPLAINT PROCEDURES - English

City of Corona Transit Service

Title VI Complaint Procedures

Guidance for Filing an Administrative Complaint under Title VI of the Civil Rights Act of 1964

How to File a Title VI Complaint:

Any person who believes he/she has been discriminated against on the basis of race, color, or national origin with respect to CCTS programs, activities, or services may file a written complaint, or have a representative file a complaint on your behalf, by completing and submitting to CCTS a Title VI Complaint Form. CCTS investigates complaints received no more than 180 days after the alleged incident. CCTS will only process complaints that are complete. CCTS will promptly investigate all complaints filed under Title VI, pursuant to this Regulation.

Complaint must include the following information:

1. A complaint must be in writing and signed and dated by the complainant or his/her representative before any action can be taken.
2. A complaint shall state, as fully as possible, the facts and circumstances surrounding the alleged discrimination, including the name and address of the complainant, the date, time, and location of the alleged incident.

A ***Complaint Form*** can be used to file a Title VI complaint with CCTS and can be obtained at (see Title VI Complaint Form – Appendix D):

- Telephone - by calling the ~~Public Works Dept.~~Community Services Department at (951) 736-~~2266~~2241 a complaint form can be mailed.
- Email – by emailing ~~the Public Works Dept.~~ at ~~publwks@ci.corona.ca.us~~ CoronaTransit@CoronaCA.gov or a complaint form can be mailed.
- Online – the Complaint Form can be downloaded from the CCTS webpage at www.Corona~~Transit.com~~CA.gov/Transit.
- Visiting – Public Works Dept. at 400 S. Vicentia Avenue, Suite 2~~10~~25, Corona, CA 92882.

Formatted: Underline, Font color: Hyperlink

Field Code Changed

The following procedures will be followed to investigate Title VI complaints:

- Within 10 business days of receiving the complaint, the Public Works Director/Title VI Administrator will review the complaint to determine CCTS jurisdiction. The complainant will receive an acknowledgement letter informing her/him whether the complaint will be investigated by CCTS.
- Assistance in completing the complaint form is available upon request by visiting the Corona Public Works Department or by calling (951) 736-2266. Spanish translation is available upon request.

- The investigation will be conducted and completed within 30 business days of the receipt of a completed complaint form. The complainant will be notified in writing of the cause for any planned extension to the 30-day rule.
- If more information is needed, CCTS may contact the complainant. The complainant has 10 business days from the date of the letter requesting additional information to submit the requested information to the CCTS Title VI Administrator. If the Title VI Administrator is not contacted by the complainant or does not receive the requested information within 10 business days, CCTS can administratively close the complaint.
- A complaint can be administratively closed also if the complainant no longer wishes to pursue their complaint. Following the investigation, the Public Works Director/Title VI Administrator will issue one of two letters to the complainant: 1) a closure letter or 2) a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the complaint is closed. A LOF summarizes the allegations and evidence used to make the determination regarding the alleged incident, and explains whether any disciplinary action, additional training of staff, or other action or remedy will occur.
- If the complainant is unsatisfied with the decision, she/he has 30 business days from the date of the closure letter or LOF to appeal to the Assistant City Manager or her/his designee. The complainant will receive written notification of the decision of the appeal and the rational for the finding within 45 business days from receipt of the appeal request.
- A complaint may also be filed directly with the Federal Transit Administration (FTA) at:

Federal Transit Administration Office of Civil Rights
Attn: Title VI Program Coordinator
East Building, 5th Floor - TCR
1200 New Jersey Avenue, SE
Washington, DC 20590

The FTA strives to promptly investigate complaints. At the conclusion of the investigation, the FTA will transmit a letter of finding to the complainant and the CCTS. If the investigation determines the CCTS is not in violation of Title VI, the FTA will explain why the CCTS was found in compliance. If the FTA determines that the CCTS is in violation of Title VI, the FTA will document the violation and instruct the CCTS to take action to come into compliance.

In the complaint investigation process, the FTA analyzes the complainant's allegations for possible Title VI deficiencies by the CCTS. If deficiencies are identified they are presented to the CCTS and assistance is offered to correct the inadequacies within a predetermined timeframe.

- No CCTS staff or contract staff shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title VI or because they have made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under Title VI. The identity of complainants shall be kept confidential except to the extent

necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising there under. (49 CFR 21.11e)

The Spanish language version of the Complaint Procedures are also available.

APPENDIX B - TITLE VI COMPLAINT PROCEDURES - Spanish

Procedimientos Para Presentación de Denuncias bajo la ley de Title VI, Servicio de Transporte de la Ciudad de Corona (CCTS)

Guía para la presentación de una denuncia administrativa bajo la ley de Title VI of the Civil Rights Act of 1964

Cómo presentar una queja de Title VI:
Cualquier persona que cree que él/ella ha sido discriminado(a) basándose en raza, color u origen nacional con respecto a los programas, actividades o servicios del CCTS puede presentar una denuncia por escrito, o tener un representante presentar una denuncia en su nombre, al completar y enviar a CCTS un formulario de denuncia del Title VI. CCTS investiga denuncias recibidas no más tarde de 180 días después del presunto incidente. CCTS sólo procesará las los formularions de denuncias que esten completos. CCTS rápidamente investigará todas las denuncial presentadas bajo la ley de Title VI, conforme con el Reglamento.

La denuncia debe incluir la siguiente información:

1. Una denuncia debe ser por escrito y firmada y fechada por el demandante o su representante antes de que cualquier acción se puede tomar.

2. Una denuncia indicará, completamente y como sea posible, los hechos y circunstancias acerca de la alegada discriminación, incluyendo el nombre y la dirección de el demandante, la fecha, hora y ubicación del presunto incidente.

Un **Formulario de Denuncia** puede utilizarse para presentar una denuncia bajo la ley del Title VI con CCTS y puede obtenerse en (ver Formulario de Denuncia del Title VI – Apéndice D), o por:

- teléfono - llamando al Departamento de obras públicas en (951) 736-2266 un Formulario de Denuncia se le puede enviar por correo al solicitante.
- Correo electrónico – por correo electrónico el Departamento de obras públicas en publwks@CoronaCA.gov un Formulario de Denuncia se le puede enviar por correo al solicitante.
- En línea – el Formulario de Denuncias puede ser descargado de la Página Web de el CCTA en www.CoronaCA.gov/Transit.
- O Visitando el Departamento de obras públicas en 400 S. Vicentia Avenue, Suite 210, Corona, CA 92882.

Field Code Changed

Field Code Changed

Se seguirán los siguientes procedimientos para investigar las denuncias bajo laley del Title VI:

- Dentro de 10 días hábiles después de recibir una denuncia, el Directorde Obras Públicas /Administrador de Title VI revisará la denuncia para determinar jurisdicción del CCTS en la denuncia. El demandante recibirá un acuse informandole a él/ella si la denuncia será investigada por el CCTS.
- Ayuda para completar el Formulario de Denuncias está disponible por petición visitando el Departamento de Obras Públicas de Corona o llamando al (951) 736-2266. Traducción en español está disponible por petición.

- La La investigación se llevará a cabo y completada dentro de 30 días hábiles después de la recepción de un Formulario de Denuncia completado. El demandante será notificado por escrito de la causa de cualquier extensión no programada a la regla de los 30 días..
- Si se necesita más información, el CCTS puede comunicarse con el demandante. El demandante tiene 10 días hábiles desde la fecha de la carta solicitando información adicional para presentar la información solicitada por el Administrador del Title VI del CCTS. Si el Administrador del Title VI no es contactado por el demandante o no recibe la información solicitada dentro de 10 días hábiles, el CCTS puede cerrar administrativamente la demanda.
- Una demanda puede ser cerrada administrativamente también si el demandante no desea proseguir su demanda. A raíz de la investigación, el Director de obras públicas/Administrador de Title VI emitirá una de dos cartas al demandante: 1) una carta de cierre o 2) Carta de hallazgo (LOF). Una carta de cierre resume las acusaciones y afirma que no hubo una violación del la ley del Title VI y que la denuncia esté cerrada. Un Carta de hallazgo resume los alegatos y pruebas para tomar la determinación sobre el incidente y explica si se producirá cualquier acción disciplinaria, entrenamiento adicional del personal, u otra acción o recurso.
- Si el demandante está insatisfecho con la decisión, él/ella tiene 30 días hábiles desde la fecha de la carta de cierre o Carta de hallazgo para atraer a la Asistente del Administrador de la Ciudad o su designado. El demandante recibirá notificación por escrito de la decisión de la apelación y razón fundamental para decisión dentro de 45 días hábiles desde la recepción de la solicitud de apelación.
- Una queja puede ser presentada también directamente con al Federal Transit Administration (FTA) en:

  Federal Transit Administration Office of Civil Rights
  Attn: Title VI Program Coordinator
  East Building, 5th Floor - TCR
  1200 New Jersey Avenue, SE
  Washington, DC 20590

  El FTA se esfuerza por investigar con prontitud las demandas. En la conclusión de la investigación, el FTA transmitirá una carta del hallazgo al demandante y el CCTS. Si la investigación determina que el CCTS no está en violación del Title VI, el CCTS le explicará por qué el CCTS se encontró en cumplimiento. Si el FTA determina que el CCTS esta en violación del Title VI, el FTA documentara la violación e instruira a el CCTS para que tome medidas para el cumplimiento de ley del Title VI.
- En el proceso de investigación de la demanda, el FTA analizara los alegatos del demandante para investigar posibles deficiencias del CCTS bajo laley del Title VI. Si se identifican deficiencias se presentaran a el CCTS y se le ofrecera ayuda para corregir las deficiencias en un plazo predeterminado.
- No personal del CCTS o de su contratista debera intimidar, amenazar, coaccionar o discriminar a cualquier individuo con el propósito de interferir de cualquier derecho o privilegio asegurado por el Title VI o porque han hecho una denuncia, testificado, asistido o participado de cualquier manera en una investigación, procedimiento o audiencia bajo el Title VI. La identidad de los denunciantes se mantendrá confidencial excepto en la medida necesaria para llevar a cabo los propósitos de esta parte, incluyendo la realización de cualquier investigación, audiencia o procedimiento judicial que se presenta en virtud del mismo. (49 CFR 21.11e)

APPENDIX E - LOG OF TITLE VI INVESTIGATIONS, LAWSUITS AND COMPLAINTS

City of Corona Transit Service

Log of Title VI Investigations, Lawsuits, and Complaints

Background

All recipients shall prepare and maintain a list of any of the following that allege discrimination on the basis of race, color, or national origin:

- Active investigations conducted by FTA and entities other than FTA;
- Lawsuits; and
- Complaints naming the recipient.

This list shall include the date that the transit-related Title VI investigation, lawsuit, or complaint was filed; a summary of the allegation(s); the status of the investigation, lawsuit, or complaint; and actions taken by the recipient in response, or final findings related to the investigation, lawsuit, or complaint. This list shall be included in the Title VI Program submitted to FTA every three years.

List of Investigations, Lawsuits and Complaints				
	Date (Month, Day, Year)	Summary (include basis of complaint: race, color, or national origin)	Status	Action(s) Taken
Investigations	NONE	NONE	NONE	NONE
Lawsuits	NONE	NONE	NONE	NONE
Complaints	NONE	NONE	NONE	NONE

APPENDIX F - TITLE VI EQUITY ANALYSIS – NO CONSTRUCTION STATEMENT

City of Corona Transit Service
Title VI
No Construction Undertaken Statement

August 10, 2020

This statement is affirmation that the City of Corona Transit Service did not undertake construction activities using Federal Transit Administration (FTA) funds from the last reporting period of July 2018 through June 2020 and into the current fiscal year 2021. Nor are there plans to undertake such FTA funded construction projects during the 2021 through 2023 reporting period.

Tom Koper, P.E.
Acting Public Works Director

I. OVERVIEW

Purpose

Title VI of the Civil Rights Act of 1964 is a Federal law that prohibits recipients and subrecipients of Federal financial assistance (e.g., states, local governments, transit providers) from discriminating on the basis of race, color, or national origin in their programs or activities, and obligates Federal funding agencies to enforce compliance. Under Title VI, Department of Transportation (DOT) has the responsibility to provide oversight of recipients and to enforce their compliance with Title VI, to ensure that recipients do not use DOT funds to subsidize discrimination based on race, color, or national origin.

Per the FTA's Title VI Circular 4702.1B, October 1, 2012, as a recipient of Federal Transit Administration (FTA) funds, City of Corona Transit Service (CCTS) is required to prepare and submit a Title VI Program to their FTA regional civil rights officer once every three years. Title VI requires recipients of federal assistance to monitor and evaluate federally assisted programs for compliance. The FTA is responsible for ensuring compliance of transit agencies receiving federal assistance. The City of Corona receives federal assistance for the provision of public transit services and therefore complies with the Civil Rights Act of 1964 and the provision of Title VI. The 2024-2026 (2026) Title VI program reflects the City of Corona Transit Service's commitment to ensuring that no person shall, on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any City of Corona Transit Service program, activity, or service.

In this 2026 Title VI Program, CCTS has updated the 2021-2023 (2023) Title VI program to reflect any policy changes and includes the most recently available population and ridership data. The 2026 Title VI program supersedes CCTS's previously submitted Title VI Programs. The 2026 Title VI Program will become effective on the date it is approved by the City Council, prior to submittal to FTA.

Summary of Required Content

This program was revised in conformance with FTA Title VI guidelines as referenced in FTA Circular 4702.1B, and as such, the Title VI Program includes the following General and Transit-specific requirements:

A. General Requirements

- Title VI Notice to the Public – Copy of the Title VI notice to the public that indicates compliance with Title VI and informs members of the public of the protections afforded to them by Title VI and a list of locations where the notice is posted.
- Title VI Complaint Procedures and Complaint Form – Copy of the agency's instructions to the public regarding how to file a Title VI discrimination complaint and a copy of the complaint form.
- List of transit-related Title VI investigations, complaints, and lawsuits – List of any public transportation-related Title VI investigations, complaints, or lawsuits files since the time of last submission.

- Public Participation Plan – A public participation plan that includes an outreach plan to engage minority and limited English proficient (LEP) populations as well as a summary of outreach efforts made since the last Title VI Program submission.
- Limited English proficiency (LEP) – Copy of the plan for providing language assistance to persons with limited English proficiency, based on the Department of Transportation (DOT) LEP Guidance.
- Racial Breakdown of Non-elected Advisory Council – Table depicting the racial breakdown of the membership of any transit-related, non-elected planning boards, advisory councils, etc. for which membership is selected by the recipient. (Provide a description of efforts made to encourage the participation of minorities on such committees or councils.)
- Subrecipient Monitoring – Narrative or description of efforts to ensure subrecipients are complying with the Title VI and a schedule of subrecipient Title VI Program Submissions.
- Title VI equity analysis – Copy of the Title VI equity analysis(es) conducted (with regard to facility location) during the planning stage of any new facility constructed since the last submission.
- Board of Directors Resolution or Meeting Minutes

B. Requirements Scaled Based on the size of the of Fixed Route Transit Provider

- System-wide service standards and policies for all transit providers
    - Service standards
        - Vehicle load for each mode
        - Vehicle headway for each mode
        - On time performance for each mode
        - Service availability for each mode
    - Service policies
        - Transit Amenities for each mode
        - Vehicle Assignment for each mode
- Requirements for transit providers who operate 50 or more fixed route vehicles in peak service (not applicable to City of Corona)
    - Collect and report data
    - Evaluate service and fare equity changes
    - Monitor transit service

II. CITY OF CORONA TRANSIT SERVICE

A. Background

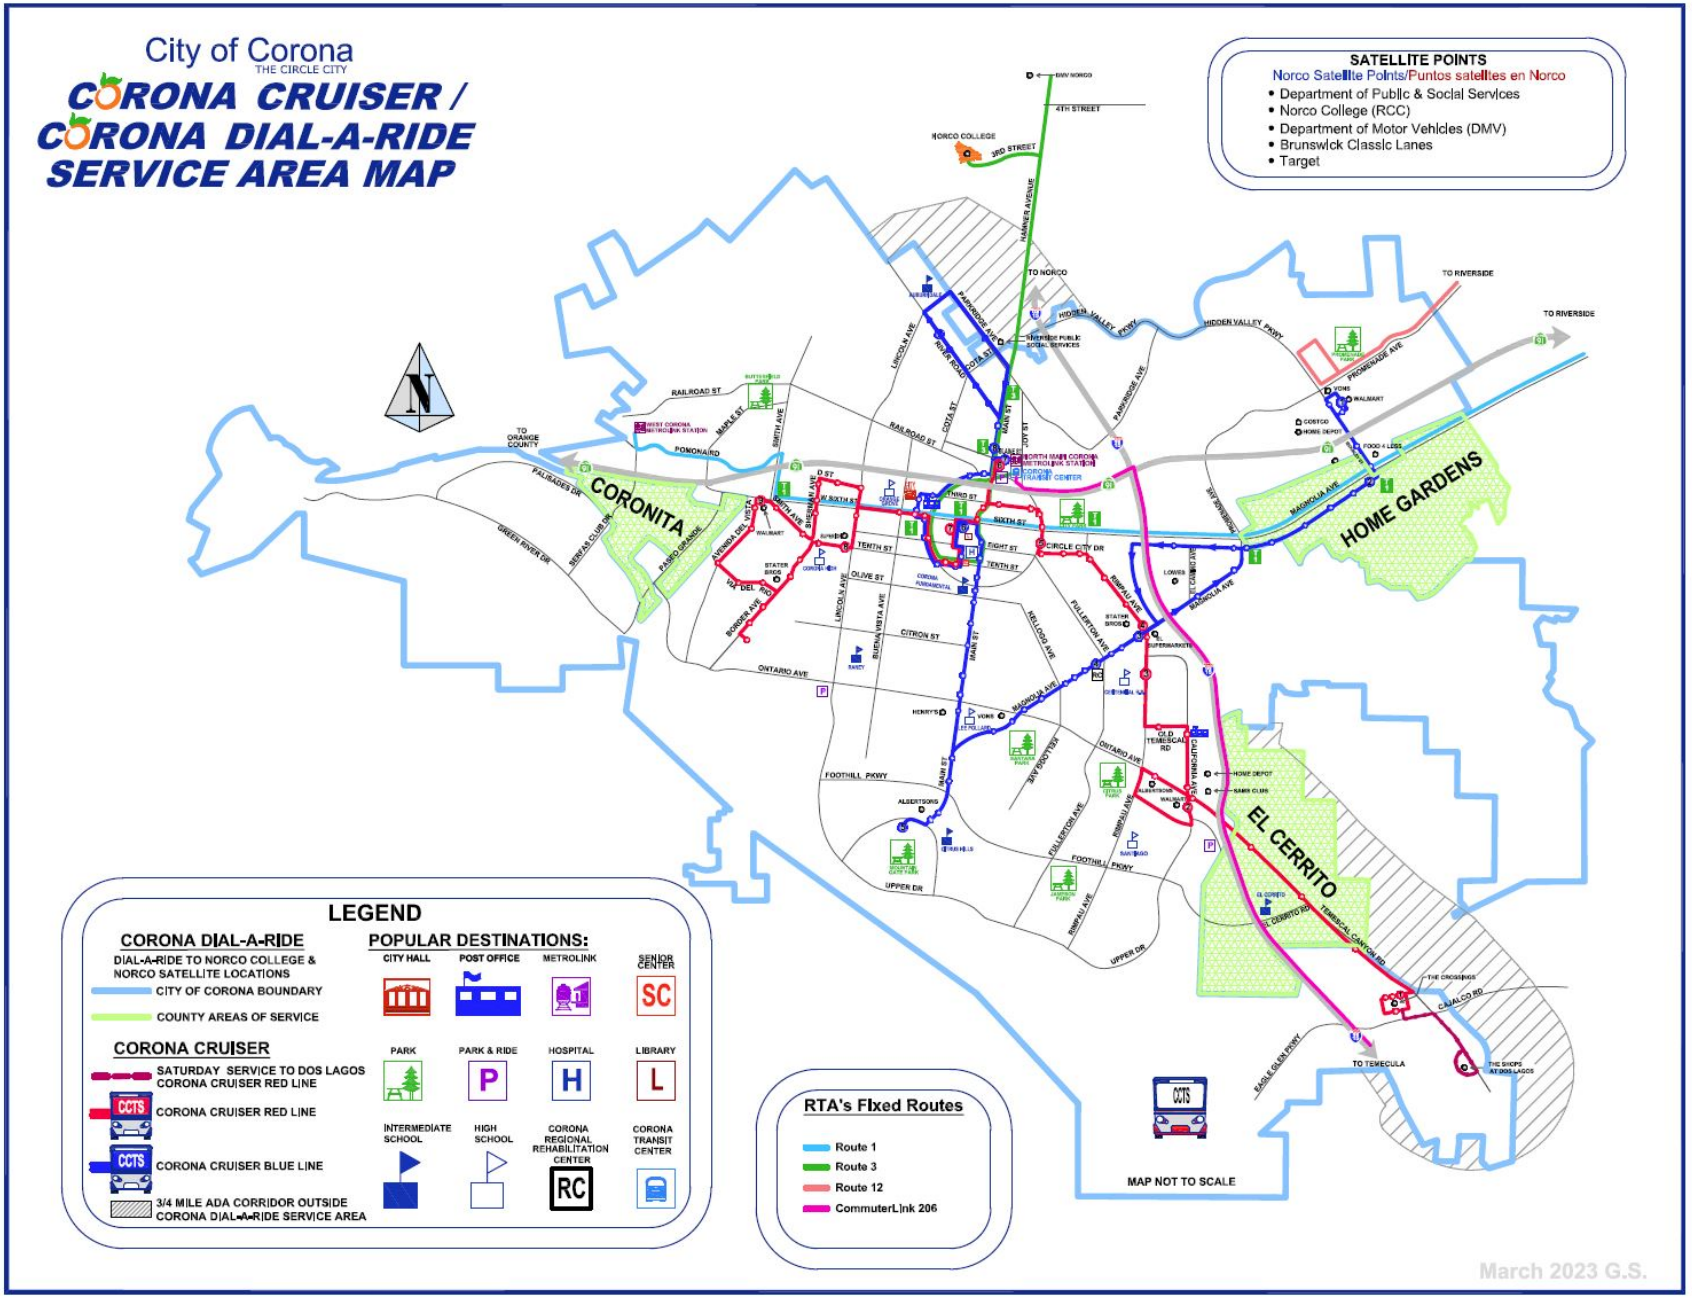
City of Corona is a suburban community located ~45 miles southeast of Los Angeles in western Riverside County, it is situated at the junction of two major freeways, the 91 and 15. The City limits encompass approximately 39.2 square miles with a population of over 164,000.

City of Corona Transit Service operates a demand response/paratransit Dial-A-Ride and fixed route service known as the Corona Cruiser. Dial-A-Ride service commenced in 1977 and provides curb-to-curb service throughout the City of Corona and neighboring county areas of Coronita, El Cerrito, and Home Gardens as well as satellite locations in the city of Norco. The complementary paratransit Dial-A-Ride service area

extends beyond city limits to ensure compliance with the Americans with Disabilities Act ¾ mile corridor around a Corona Cruiser fixed route. Door-to-door service is available upon request for riders certified under the Americans with Disabilities Act (see service area map – Figure 1).

Corona Cruiser fixed route service began in 2001 and serves the city-center as well as commercial, retail, and residential areas on the eastern and southern portion of the city. Fixed route service operates along two routes – the Red Line and Blue Line – using five buses during peak service.

The Blue Line serves the McKinley Street retail area, then travels on to Magnolia Avenue and Main Street to the River Road area. This route passes by many trip generators such as hospitals, medical facilities, schools, public service agencies, senior center, library, civic center, community center and commercial/retail areas. This route serves the following schools: Centennial High School, Corona Fundamental Intermediate School, and Lee Pollard High School. This route also serves the unincorporated area of Home Gardens. The Blue Line operates with a frequency of 60-67 minutes.



The Red Line connects the residential areas of central Corona with commercial and retail areas along Sixth Street and the Ontario Avenue/California Avenue industrial and retail area. The Red Line also covers South Corona along Ontario Avenue to , Temescal Canyon Road to serve the El Cerrito county area and The Crossings shopping complex at Cajalco Road. This route serves the following schools: Centennial High School, Corona High School and El Cerrito Middle School, as well as the library, community center and Corona Transit Center and North Main Corona Metrolink Station (on selected AM & PM trips). The service is extended to The Shops at Dos Lagos on Saturdays. The Red Line operates with a frequency of 50-66 minutes.

City of Corona Transit Service serves the City of Corona and neighboring incorporating Riverside County (see service are map – Figure 1).

The following public transit services are also available to Corona residents:

- Riverside Transit Agency – regional public transit agency providing fixed route via the following routes: 1; 3; 12; Commuter Links 205/206; and Dial-A-Ride serving seniors and persons with disabilities.
- Southern California Regional Rail Authority (Metrolink) – provides commuter rail service to Los Angeles and Orange counties via the 91 Line and Inland Empire Orange County Line respectively.
- Orange County Transportation Authority – provides express, peak hour bus service between Orange and Riverside counties.

B. Title VI Policy

The City of Corona Transit Service (CCTS) is committed to ensuring that no person is excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any of its programs, activities, or services on the basis of race, color, or national origin. All persons, regardless of their citizenship, are covered under this regulation. In addition, City of Corona Transit Service prohibits discrimination on the basis of race, color, or national origin in its employment and business opportunities.

City of Corona Transit Service will not condone retaliation against an individual for their involvement in asserting their rights pursuant to the Title VI or because they filed a complaint or participated in an investigation under Title VI, and/or this regulation.

As a Federal Transit Administration (FTA) fund recipient, City of Corona Transit Service will ensure that its program, policies, and activities comply with the U.S. Department of Transportation (DOT) Title VI Regulations of the Civil Rights Act of 1964. City of Corona Transit Service will ensure that the level and quality of its transportation service is provided without regard to race, color, or national origin.

City of Corona Transit Service will make good faith and reasonable efforts to achieve environmental justice as part of its mission by identifying and addressing, as appropriate, disproportionately high and adverse human health or environmental effects of it programs, activities, and services on minority and low-income populations within the City of Corona Transit Service area.

City of Corona Transit Service operates fewer than 50 buses in peak service, and thus is not required to:

- Provide demographic and service profile maps and charts
- Collect and report survey data regarding customer demographics and travel patterns
- Evaluate service and fare equity changes
- Monitor transit service

C. Applicability

The policy is applicable to City of Corona Transit Service employees, contract operator employees, and members of the public. City of Corona Transit Service will carry out its programs, activities, and services in compliance with Title VI of the Civil Rights Act of 1964. City of Corona Transit Service employees and contract operator employees will not, on the grounds of race, color, or national origin exclude any person from participating in, deny the benefits of, or subject anyone to discrimination under any City of Corona Transit Service program, activity, or service.

City of Corona Transit Service or any of its employees or contract operator employees will not, on the grounds of race, color, or national origin:

a) Provide any service, financial aid, or benefit that is different from that provided to others;
b) Subject an individual to segregation or separate treatment;
c) Restrict an individual in the enjoyment of any advantage or privilege enjoyed by others;

d) Deny any individual service, financial aid, or benefits under any City of Corona Transit Service program, service, or activity;
e) Treat individuals differently in terms of whether they satisfy admission or eligibility requirements; and
f) Deny an individual the opportunity to participate as a member of a planning or advisory body.

Failure of a City of Corona Transit Service employee or contract operator employee to follow this policy and procedure may subject such employee(s) to disciplinary action up to and including employment termination.

III. GENERAL REQUIREMENTS

A. TITLE VI NOTICES TO THE PUBLIC

Figure 2 displays the CCTS Title VI Notice to the Public. The CCTS Title VI Notice to the Public (English and Spanish version) is posted at the following locations:

Location of Notices to the Public

Location Name	Address	City
Corona City Hall / City Clerk's Office	400 S. Vicentia Avenue, 1st Floor	Corona
Corona City Hall / Community Services Department	400 S. Vicentia Avenue, 2nd Floor, Suite 225	Corona
Non-advertising passenger shelters	23 locations city-wide	Corona
MV Transportation	735 Public Safety Way, 1st Floor	Corona
On-board buses	N/A	
Corona Transit Website	www.CoronaCA.gov/transit Title VI | City of Corona (coronaca.gov)	

The Title VI Notice to the Public and program information is also provided on the CCTS website at: www.CoronaCA.gov/transit

The notice contains a commitment to ensuring that no person is excluded from participation in, or denied the benefits of its services on the basis of race, color, or national origin as protected by Title VI; details about how to get more information about Title VI; and instructions for filing a Title VI complaint. It includes CCTS' mailing address, telephone number, online contact information, and email address. The notice can be translated to any language on the website using the Translate feature.

Figure 2 - CCTS Title VI Notice to the Public

Notification of Rights Under Title VI

The City of Corona Transit Service (CCTS) operates its programs, activities, and services without regard to race, color, or national origin in accordance with Title VI of the Civil Rights Act. Any person who believes he or she has been subjected to any unlawful discriminatory practice protected under Title VI may file a complaint with the CCTS.

For more information on CCTS' Title VI program, and the procedures to file a complaint, contact the City of Corona Community Services Department via telephone at (951) 736-2241, via email at CoronaTransit@CoronaCA.gov or online at www.CoronaCA.gov/Transit, or visit the Community Services Department at 400 S. Vicentia Avenue, Suite 225, Corona, CA 92822.

A complaint may also be filed directly with the Federal Transit Administration by submitting a complaint with the Office of Civil Rights, Attention: Title VI Program Coordinator, East Building, 5th Floor-TCR, 1200 New Jersey Avenue, Washington DC 20590.

Notificación de derechos en virtud del título VI

El Servicio de Tránsito de la Ciudad de Corona (CCTS) opera sus programas, actividades y servicios, sin distinción de raza, color u origen nacional, en conformidad con el Título VI de la Ley de Derechos Civiles. Cualquier persona que cree que él o ella ha sido objeto de cualquier práctica discriminatoria ilegal protegida en virtud del Título VI, puede presentar una queja ante el CCTS.

Para obtener más información sobre el programa del Título VI del CCTS, y los procedimientos para presentar una queja, póngase en contacto con el Departamento de Servicios Comunitarios de la Ciudad de Corona por teléfono al (951) 736-2241, por correo electrónico a CoronaTransit@CoronaCA.gov, en línea en www.CoronaCA.gov/Transit, o visite el Departamento de Servicios Comunitarios en 400 S. Vicentia Avenue, Suite 225, Corona, CA 92822.

Una queja se puede presentarse directamente con la Federal Transit Administration mediante la presentación de una queja ante la Office of Civil Rights (Oficina de Derechos Civiles), Atención: Título VI Program Coordinator, East Building, 5th Floor-TCR, 1200 New Jersey Avenue SE, Washington DC 20590.

B. Title VI Complaint Procedures

Any person who believes that he/she, or as a member of any specific class of individuals, has been subjected to discrimination on the basis of race, color, national origin, age sex, sexual orientation, or gender identity with respect to CCTS programs, activities, services, or other transit related benefits, may file a written Complaint with CCTS or FTA Office of Civil Rights. A Complaint may be filed by the individual or by a representative. A Complaint must be filed within 180 days of the alleged discrimination date, but complainants are encouraged to submit complaints as soon as possible. CCTS will promptly investigate all complaints filed under Title VI, pursuant to this Regulation.

Appendix A and B contains the CCTS' Title VI Complaint Procedures (English & Spanish) and Appendix C and D contains the Title VI Complaint Form (English & Spanish). This information and the accompanying complaint form are also provided on the CCTS website and is available both in English and Spanish.

C. Transit-Related Title VI Investigations, Complaints, and Lawsuits

CCTS maintains a log of any Title VI complaints, investigations, or lawsuits. There are no active Title VI complaints, investigations, or lawsuits filed against CCTS regarding discrimination on the basis of race, color, or national original in transit-related activities or programs. Furthermore, no Title VI complaints or lawsuits have been filed against CCTS since the last Title VI Program submission. Therefore, no investigations have been conducted. Appendix E includes the sample complaint log used to track any complaints received.

D. Public Participation Plan

Promoting public participation is an important element of a transit agency's Title VI program. The purpose of CCTS' Public Participation process is to promote public involvement in transit planning and decision-making activities. This plan establishes formal procedures that allow for, encourage and monitor public participation within the CCTS service area. Recipients have wide latitude in determining public participation activities. The Southern California Association of Governments (SCAG) is the metropolitan planning organization (MPO) for the Southern California region, including the County of Riverside. SCAG is responsible for developing long-range transportation and environmental plans for the region. City of Corona Transit Service relies on SCAG's Public Participation Plan to ensure compliance with applicable Title VI regulations in reference to projects that have a regional impact.

However, for projects impacting only City of Corona Transit Service (CCTS) area, the agency has its own public participation process. CCTS recognizes the importance of involving the public in the planning and implementation of transit services. The goals of CCTS' public involvement plan are to ensure that:

- Residents are given the opportunity to participate in the transportation planning process;
- To develop effective means of engaging minority and Limited-English-Proficient (LEP) populations and other constituencies that are traditionally underserved, including people with disabilities and low-income populations; and
- The issues and concerns of residents are given consideration in the selection of transportation investments.

1. *Public Participation Principles*

When planning for public engagement, CCTS will incorporate strategies intended to promote involvement of minority and LEP individuals in public participation activities, as appropriate for the plan, project, or service in question, and consistent with federal Title VI regulations, Executive Order 13166 on Limited English Proficiency, and the U.S. Department of Transportation LEP Guidance.

At a minimum, CCTS staff will implement strategies such as holding public meetings in locations that are accessible to transit riders and people with disabilities, scheduling meetings at times that are convenient for members of the public, advertising meetings and hearings in the primary languages spoken in the service area as identified in the updated LEP Plan and providing notice of the availability of language assistance.

The following principles will be used to develop the Public Involvement Plan for CCTS projects and programs:

- CCTS will determine what non-English languages and other barriers may exist to public participation within the service area.
- CCTS will provide a general notification of meetings, particularly forums for public input, in a manner that is understandable to all populations in the area.
- Public meetings will be held in locations that are accessible to transit riders and people with disabilities, and will be scheduled at times that are convenient for members of the public.
- Public meetings and hearings will be broadly advertised in the community in non-English languages identified in the LEP Plan through printed materials onboard buses (e.g., interior cards, flyers, and/or comment cards) describing the proposed changes as well as at major transit stops, local print media, and local community centers such as the Corona Senior Center
- CCTS will provide notification regarding the availability of language assistance at public meeting as described in the LEP Plan

2. *Targeted Public Outreach to Minority and Limited English Proficient (LEP) Populations*

Public outreach serves many purposes and is multi-layered. The CCTS uses public outreach to apprise riders of temporary stop closures, special events, Title VI protections, and to solicit and inform riders' how, where and when they can participate in the CCTS decision-making process including fare and major service changes. Public outreach methods range from on-board notices and rider alerts to community meetings and public hearings. Outreach efforts include the dissemination of information about CCTS services through promotional/informational material distributed at schools, major trip generators and online as well as through partnerships with local and regional agencies who, in turn, inform their constituents about CCTS transit service.

To ensure inclusive public participation among minority, low-income and senior persons, CCTS will utilize the following strategies:

- Locate meetings at transit accessible and ADA compliant venues

- Partnered with local and regional agencies which primarily serve minority, low-income and senior persons to disseminate fare media and information:
    - Riverside County agencies
        - Riverside County Department of Public Social Services
        - Riverside County Department of Mental Health
        - Riverside County Transportation Commission
        - Riverside County Library/Home Gardens Branch
        - Riverside Transit Agency Transportation NOW Committee
    - Educational Institutions (i.e. school districts, high schools, library)
    - Community organizations (i.e. senior center)
- Utilize newspaper ads that serve LEP populations with circulation in the area associated with CCTS service area
- Consider information dissemination through various communication methods including:
    - Online Transportation website – providing service description, schedule, fare matrix and Title VI information
    - Use of Inner Circle Corona, resource for local news, information, events and community alerts
    - On-board bus surveys
    - Participation in various community events such as Senior Center Health Fair
    - On-board interior bus cards
    - Use of social media
    - On-line through the Community Service Insider monthly alerts
    - Direct email outreach to the City's affordable housing partners, Senior and Multi-Family Apartment complexes
    - Direct email outreach to all senior living facilities within the city limits
    - Boots on the ground efforts at senior complexes (assuming events/activities available and time permitting)

3. Past Public Outreach Efforts

Like most transit systems, CCTS conducts public outreach primarily during planning studies or when major changes to the transit service are being considered or proposed. While CCTS has not had any major service or fare change for fixed route service, however, in 2022 through 2023, CCTS performed a Comprehensive Operations Analysis (COA), a study of the City's transit system. The study is performed not only to understand the current use and performance of the system but how the performance and use of the system is changing over time. This effort is undertaken with the objective to increase service efficiency and effectiveness by responding to the changing demands for transit throughout the service area and provide recommendations for service improvements. One of the components of this project is to collect input from the public and stakeholders in order to meet the community mobility and transit needs.

Preliminary outreach efforts for the COA included the following:

In all efforts, English and Spanish speaking staff participated.

- On-board rider survey February 2022
    - Informational flyers and posters displayed on board buses informing passengers of the study (see Exhibit __)
    - A ten dollar ($10) gift card given to each respondent
- Community wide survey March 2022
    - Information flyers and posters displayed on board buses, city website and social media (see Exhibit ___).
    - Incentivized survey by offering a day pass to the first 500 respondents with five of the respondents selected for a $50 gift card.
- Information shared with stakeholders such as RTA, RCTC, and local school district.
- Distributing paper surveys and posters with QR code to the various apartment complexes throughout the City, including all senior living facilities.
- Staff participated with boots on the ground efforts that included surveying at two senior food drives, and door-to-door surveying at a senior apartment complex where service was previously discontinued.
- Direct email outreach to all of the City's affordable housing partners, Senior and Multi-Family.
- Alternative paper surveys were created to encourage participation from community members that either are unfamiliar, uncomfortable or lack access to the internet.

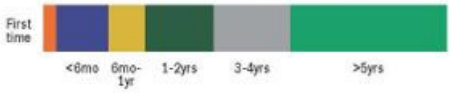
Upon drafting service recommendations, the following outreach efforts were conducted:

- Presentation to City Council November 2022
- Informational flyers and posters with link/QR code to the feedback survey were displayed onboard buses, city website and social media informing community of draft service recommendations (see exhibit ___)
- Staff attended the Corona Senior Center and City-wide Winter event to provide information about the proposed service recommendations and to encourage the community to participate in the feedback survey.Virtual Town Hall Meeting December 2022

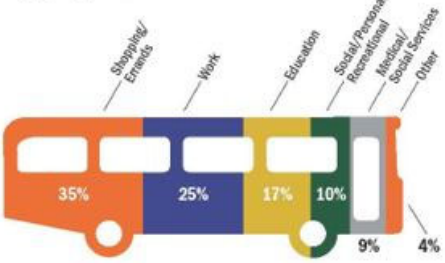
The rider survey conducted part of the COA, in February 2022, consisted of twenty-eight questions which collected information about trip purpose, trip origin and destination, customer demographic information, and customer opinion. A total of 123 surveys were collected and analyzed. The survey was available in both English and Spanish. Twenty-two percent of survey respondents answered using the Spanish-language survey. The following graph represents the summary results of the onboard survey.

ONBOARD SURVEY
Summary Results

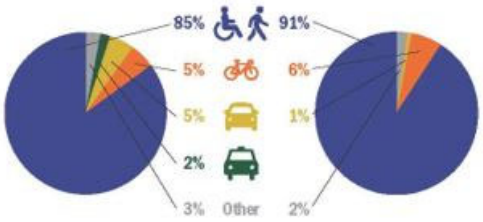
WHO RIDES THE CORONA CRUISER?



Demographic info



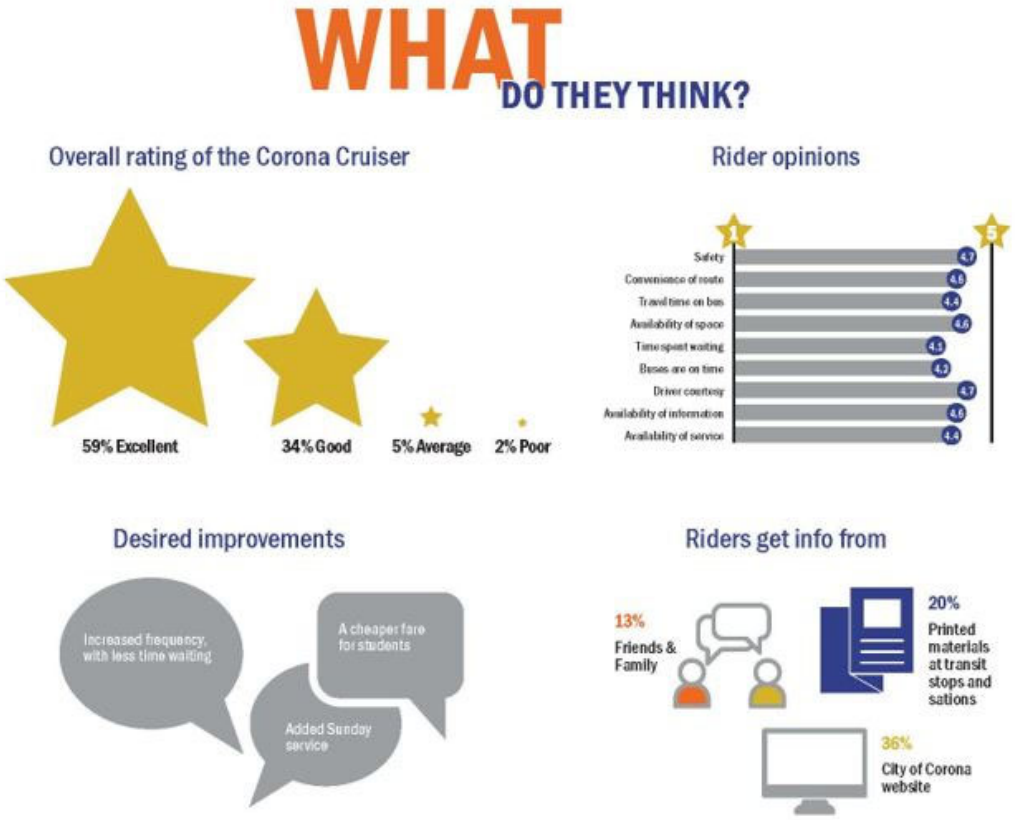
Length of time using the Corona Cruiser



HOW DO THEY RIDE?

Trip purpose

Riders access the Corona Cruiser by



Trips completed by

How often they ride

29% 3-4 days a week
26% 5 days a week
23% 1-2 days a week
17% 6 days a week
3% Less than once a month
1% 1-2 days a month

The goal of the rider survey was to provide data concerning CCTS bus riders' demographic, travel patterns and levels of satisfaction.

CCTS riders are using transit for various reasons, including shopping, work, education, recreation and medical trips but the primary trip purposes for 35 percent of the passenger boardings was for shopping or errands. Over eighty-five percent of the riders access the Corona Cruiser and complete the trip by walking. In terms of demographics, CCTS riders are of all ages, but a third, 31 percent of the respondents reported the age of 60 and over, followed by youth riders under the age of 18 making up the second largest rider group at eighteen percent. The most common Corona Cruiser riders reported being Hispanic/Latino, accounting for 48 percent of all riders which closely mirrors the demographics of the City of Corona as a whole, where forty-eight percent of the population identifies as Hispanic.

Passengers were asked for number of vehicles available to their household. While 66 percent responded that a vehicle was available, 77 percent of the passengers responded that they did not have a driver license. Therefore, if the bus were not available, the assumption is made that these riders would not be able to make the trip. Majority of the respondents have been using Corona Cruiser for more than 3 years (~45%) and use the service from 3-5 days a week.

The 2022 Public Transportation Community-wide survey was conducted utilizing a myriad of outreach efforts to push the online survey – with multiple social media alerts, including 'shout-outs' during Council meetings, through direct boots on the ground, via email, requests to the local unified school district and parent center located in Downtown Corona, and paper survey. Over 500 surveys were received. The purpose of the communitywide survey was to determine potential unmet transit needs in the community. Respondents were asked a number of questions to determine which of the three resident categories they belonged to—current riders, former riders, and non-rider.

4. Summary

The range of public participation strategies and actions included in this plan can engage diverse communities and create ongoing public access, participation and input throughout any study or plan. Each public outreach process will engage varied stakeholders: (residents, businesses, transit users, elected officials, local area organizations and others).

E. LIMITED ENGLISH PROFICIENCY (LEP) PLAN

Individuals who have a limited ability to read, write, speak or understand English are Limited English Proficient or "LEP" as defined in the FTA Title VI regulations. CCTS supports the goals of Title VI of the Civil Rights Act of 1964, Federal Executive Order 13166 and the Department of Transportation's (USDOT) Limited English Proficiency (LEP) Guidelines by making reasonable accommodations for those individuals with limited English proficiency (LEP) and by providing meaningful access to our services and programs to LEP individuals. CCTS developed this LEP Plan to help identify reasonable steps for providing language assistance to persons with limited English proficiency.

In order to prepare this plan, CCTS undertook the U.S. Department of Transportation (U.S. DOT) four-factor LEP analysis which considers the following factors:

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient.

Factor 2: The frequency with which LEP persons come into contact with the program.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people's lives.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.

The Four Factor Analysis is used to determine the specific language services that are appropriate to provide to ensure meaningful access to programs and activities. A summary of the results of City of Corona Transit Service four-factor analysis is in the following sections. The analysis uses data from the

20721 five-year American Community Survey, which has the largest sample size and most reliable data of any current source.

The analysis provided in this report has been developed in order to ensure that CCTS provides language assistance to LEP persons. The following section reports the results of the "Four Factor Analysis" included in FTA Circular 4702.1B, followed by the Language Assistance Plan for CCTS.

Within CCTS' service area, Table 1 represents LEP persons by language group and the percentage of LEP persons in the City of Corona who meet the Department of Justice (DOJ) Safe Harbor provision of "every 1,000 speakers or five percent of the population which is less."

Table 1: Language Proficiency in the CCTS Service Area

Language Spoken at Home	Total Number of Speakers	Speaks English "Less Than Very Well"	Percent Speaking English "Less Thank Very Well" of Total Population (Age 5+)
Total Population, Age 5 years and Over	147,950		
Speak English Only	83,279		
Speak English + Another Language - Total	64,671		
Spanish	47,608	13728	9.3%
Other Indo-European languages	4,334	1309	0.9%
Vietnamese	2,172	1289	0.9%
Arabic	2,774	850	0.6%
Chinese	1,366	809	0.5%
Korean	1,400	694	0.5%
Tagalog (including Filipino)	2,522	396	0.3%
Other Asian and Pacific Island	1,176	248	0.2%
Russian, Polish, or other Slavic	324	101	0.1%
French, Haitian, or Cajun	344	22	0.0%
German or other West Germanic	302	53	0.0%
Other and unspecified languages	349	48	0.0%

Languages spoken by at least 1000 people who speak English "less than very well" are shaded.

Source: 2021 5-year American Community Survey , Table C16001: Language Spoken at Home for the Population 5 Years and Over for the City of Corona Service Area

The Safe Harbor provision states, "if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations.

1. The Four Factor Analysis

Factor 1: The number or proportion of LEP persons eligible to be served or likely to be encountered by the program or recipient.

USDOT guidance for this first factor says, "The greater the number or proportion of LEP persons from a particular language group served or encountered in the eligible service population, the more likely language services are needed."

The U.S. Census Bureau compiles data in its decennial Census and American Community Survey (ACS). Among the data collected is information on primary language spoken at home and the ability to speak English. Categories include whether individuals indicate they speak English "very well" or "less than very well." The LEP population consists of those individuals who speak other languages AND speak English "less than very well."

CCTS staff reviewed the 2021 ACS data and determine little change from the 2018 data used in the 2021-2023 Title VI Program. Based on the 2021 ACS data, approximately 44% of the population speak a language other than English. Analysis showed just over 13% of the population having limited English proficiency; that is they speak English "not very well in City of Corona, of those persons with limited English proficiency, 9.3% of the total population speak Spanish; .9% speak Vietnamese; and .9% other Indo-European languages; and the remaining population speak various other languages, each account for less than 1% or 1,000 of the population. The "Other Indo-European language exceed the 1,000-person threshold (1,309) but it is difficult to isolate which languages within this category are most frequently spoken in the service area.

CCTS's LEP Plan determined that one component of effective engagement with LEP populations is translating vital documents into preferred languages of those most likely to be served by CCTS. CCTS commits to analyzing recent reliable data during each Title VI Program, update to identify LEP populations and adjust any translation requirements accordingly. The LEP Plan is created for both current and potential customers, therefore data from ACS, onboard rider survey and community-wide survey was used for this analysis.

Results from the rider survey of fixed route passengers further refine the LEP population. A survey conducted in spring 2022 showed that 33 percent of passengers identified themselves as white/Caucasian, 28 percent Hispanic, 22 percent Asian/Pacific Islander 12 percent African American, and 5 percent multiple ethnicities and American Indian. Sixty-three percent of those surveyed responded as English language as the primary language spoken most often, followed by 17% speak in Spanish . Another 3 percent spoke Chinese with the remaining 18 percent speaking other languages. Based on the rider survey, Vietnamese was not a language that was considered as the primary language.

CCTS has no direct evidence of language barriers resulting in the LEP population being underserved. As Table 1 shows, the primary language spoken by the LEP population is Spanish. As such, CCTS has focused its efforts on providing bilingual service (oral) and Spanish translation of written materials as the most cost-effective means of communicating with LEP persons. All essential documents are currently provided in Spanish. CCTS has communicated with customer service/Dispatch representatives in preparation for this report, confirming that Spanish is the most common language other than English. It is CCTS's practice to summon a staff employee should assistance be needed for an individual who speaks another language.

.

In addition, City of Corona website features a Google Translate tool to translate website content in over 100 languages. As of February 16, 2023, the tool included all languages meeting CCTS's LEP threshold (Spanish and Vietnamese).

Factor 2: The frequency with which LEP persons come into contact with the program.

The CCTS serves LEP individuals daily via Corona Cruiser and Dial-A-Ride (DAR) service. The use of bus service is a major point of contact with LEP individuals in both of the services (fixed route & DAR). Pass purchase is another point of contact with LEP individuals; CCTS fare media can be purchased online, in-person and on-board bus.

One of the more frequent points of contact is customer service interactions. Customer service/dispatch personnel report daily contact with LEP individuals. The majority of these daily contacts are with Spanish-speaking individuals. The contractor operating the City's transit services estimates an average of eight to ten calls per day for Dial-A-Ride Services and ten to fifteen calls for fixed route service that are from Spanish-speaking persons. Further, the rider survey indicated a preference for a Spanish version from 22 percent of respondents. CCTS considers a conservative approach would be to follow the rider survey and assume that one-fifth of riders are Spanish language LEP persons and ride frequently. In addition, while Table 1 indicates Vietnamese population speaking English "less than well," the rider survey had one respondents speaking this language while also speaking English. Since the last Title VI update, staff has not had any request for communication in a language other than Spanish.

Factor 3: The nature and importance of the program, activity, or service provided by the program to people's lives.

While public transit is not an essential service, as are police, fire and medical emergency services, public transit is a key means of achieving mobility for many LEP persons. According to the rider survey, 34 percent of those surveyed responded "No" when asked if an automobile was available for the trip they were making, and 62 percent responded that they didn't have a driver license. Prompted further, 13 percent would use a Uber/Lyft, 12 percent would arrange a ride with someone else, 36 percent would have walked to their destination and 12 percent would have not made the trip if a bus was not available.

As with public transit in general, transportation service provided by CCTS is a key means of mobility for our riders. In describing the purpose of their trip, riders indicated various destinations including, work, shopping, and medical facilities; highlighting the importance of transportation service to the livelihood and quality of life for our riders and their families.

Factor 4: The resources available to the recipient for LEP outreach, as well as the costs associated with that outreach.

The Guide (U.S. DOT) acknowledges that a recipient's level of resources and the costs imposed may have an impact on the nature of the steps it should take in providing meaningful access for LEP persons. Smaller recipients with more limited budgets are not expected to provide the same level of language services as larger recipients with larger budgets. The Guide goes on to say that "reasonable steps" may cease to be reasonable where the costs imposed exceed the benefits.

CCTS is a small, municipal provider of fixed route (Blue and Red Lines) and Dial-a-Ride service and is committed to assuring that reasonable steps are taken to provide meaningful access to its information and service by LEP persons. As inferred from census data and rider survey, and tempered with practical experience, Spanish-speaking LEP persons is the target audience. As such, CCTS provides the following services:

Oral:

- Bilingual/Spanish
    - In-person interview
    - Community meetings
    - Public hearing
- Bilingual/Spanish vendor staff
    - 40% of administrative staff including dispatching
    - 38% of the drivers

Written – Spanish translation:

- Brochures – schedule, policies, fare structure
- Bus stop kiosks
- Rider alerts
- Website
- Community meeting and public hearing notice

While CCTS does not track expenditures related to providing these services, this effort does consume considerable resources. Although the focus has been on Spanish-speaking LEP persons, CCTS continues to look for no- or low-cost opportunities to expand translated materials while maintaining a balance between cost and benefit. While there are no local or regional libraries that provide translations services, CCTS is looking to tap community-based organizations for this service (e.g., ethnic-based chambers of commerce). Looking ahead, CCTS staff will use future updates to the U.S. Census, annual rider survey and practical experience to assess demographic changes in the community.

2. *Language Assistance Plan*

Per the Title VI of the Civil Rights Act of 1964 (Title VI), the U.S. Department of Transportation (DOT) implementing regulations, and Executive Order 13166 "Improving Access to Services for Persons with Limited English Proficiency (65 FR 50121, Aug. 11, 2000)", CCTS is federally mandated to develop and implement a Language Assistance Plan by which Limited English Proficiency (LEP) persons can meaningfully access translations of written and oral information. Under the LEP Plan, the Language Assistance Plan will contain the following procedures and measures to effectively communicate with LEP persons.

a. Procedures to Identify an LEP Person in Need of Language Assistance

DOT's *Safe Harbor Provision* stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations. The City has identified the number and proportion of LEP individuals within its service area using data from the 2017-2021 American Community Survey five-year estimates.

In the CCTS service area, the Spanish-speaking and Vietnamese-speaking LEP language groups constitute the 5% or 1,000 persons of population threshold for which written translations of vital documents should be provided to meet the safe harbor standard.

CCTS will continue to perform assessments to determine the language demographics of its service area using one or more of the following methods:

- Analyze updated census data to identify the percentage of LEP persons by census tract.
- Utilize ridership surveys from transit planning or marketing studies to identify the percent of CCTS riders that are LEP persons.
- Examine records to see if requests for language assistance have been received in the past and if so, for what language.
- Survey front-line staff such as drivers, call center representatives, and receptionist on their experience concerning any contacts with LEP persons during the previous year

b. Language Assistance Measures

CCTS will strive to offer the following measures to LEP individuals, that is, persons who speak English "not well" or "not at all":

- CCTS will print its key information in transit documents in English and the LEP identified language to address the community's needs.
- If a client asks for language assistance and CCTS determines that the client is an LEP person and that language assistance is necessary to provide meaningful access, reasonable efforts will be made to provide free language assistance.

- CCTS will periodically assess client needs for language assistance based on requests for interpreters and/or translation, as well as the literacy skills of the clients.

c. Outreach Techniques

If the percentage of LEP persons in a particular census tract is significant or if the ridership surveys show a significant percentage of CCTS's riders are LEP persons, then CCTS will identify the primary language(s) of those individuals potentially impacted and implement the following steps:

- Key transit documents made available in English and in the potentially impacted LEP identified languages within the CCTS service area.
- Access to bilingual staff made available during most service hours for in-person or phone customer service at the administrative offices.

Additionally, when staff prepares a document or schedules a meeting, for which the target audience is expected to include LEP individuals, then documents, meeting notices, flyers, and agendas will be printed and posted in the LEP language identified. These notices will be posted in the following locations:

- Transit Administrative offices
- Transit buses
- Transit website

Such notices may also be posted or announced with local stakeholders, community centers and effected route major transfer points.

d. Staff Training

The following training shall be provided to CCTS staff and contractor (provider of transportation services) and its staff:

1. Information on CCTS Title VI Policy and LEP responsibilities.
2. Information on the Title VI complaint forms and procedures.
3. Description of language assistance services offer to the public.
4. Documentation of language assistance requests.

e. Monitoring and Updating the LEP Policy and Language Assistance Plan

CCTS will update the LEP as required by U.S. DOT. At a minimum, the plan will be reviewed and updated when data from the 2020 U.S. Census is available, or when it is clear that higher concentrations of LEP individuals are present in the CCTS service area. Updates will include the following:

- The number of documented LEP person contacts encountered annually
- How the needs of LEP persons have been addressed
- Determination of the current LEP population in the service area

- Determination as to whether the need for translation services has changed
- Determine whether local language assistance programs have been effective and sufficient to meet the need
- Determine whether transit system's financial resources are sufficient to fund language assistance resources needed
- Determine whether CCTS fully complies with the goals of this LEP Plan
- Determine whether complaints have been received concerning the agency's failure to meet the needs of LEP individuals

f. Dissemination of the LEP Policy and Language Assistance Plan

A link to CCTS Title VI Plan which includes the LEP Plan will be available on City of Corona's Transit website, http://www.CoronaCA.gov/Transit . Alternatively, any person may request a copy of the plan via telephone, fax, mail, or in person. In addition, if feasible, LEP individuals may request translated copies of the document in an LEP identified language.

Questions or comments regarding the LEP Policy and Language Assistance Plan may be submitted to Community Services Department and/or Sudesh Paul, Transit Program Manager in the Community Services Department as follows:

City of Corona Transit Service
Community Services Department
400 S. Vicentia Ave. Suite 225
Corona, CA 92882
Email: CoronaTransit@CoronaCA.gov

City of Corona Transit Service
Sudesh Paul, Transit Program Manager
400 S. Vicentia Ave. Suite 225
Corona, CA 92882
Email: Sudesh.Paul@CoronaCA.gov

F. Racial Breakdown of Non-Elected Advisory Councils

CCTS does not select membership to any transit related, nonelected planning boards, advisory councils or committees, or similar bodies. However, CCTS has a high priority goal of providing customer driven community service, and particularly values the views and concerns of the large percentage of minority groups that utilize our system on a daily basis.

G. Subrecipient Monitoring

There were no sub-recipients for this reporting period that received federal financial assistance from the FTA through City of Corona Transit Service.

H. Title VI Equity Analysis – Construction Impact

Title VI requires a fixed facility (transit centers, operations facility or yard) impact analysis for construction projects to assess any impacts to minority communities. During the reporting period, City of Corona Transit Service had no projects in this category. See Appendix F for statement endorsed by the City of

Corona Community Services Director, assuring that no FTA-funded construction projects were undertaken by City of Corona Transit Service from 2020 through 2022.

I. Board of Directors Resolution or Meeting Minutes

The Corona City Council is scheduled to adopt the 2023-2026 Title VI Program at its regularly scheduled meeting on May 17, 2023 (see Meeting Minutes – Appendix G).

IV. PROGRAM SPECIFIC REQUIREMENTS

This section addresses the Requirements for Fixed Route Transit Providers section of FTA C 4702.1B. CCTS operates fewer than 50 peak vehicles, therefore is only mandated to detail the system-wide service standards and policies.

A. Service Standards

Federal Title VI guidelines require all fixed-route transit providers to set service standards and policies for each fixed-route mode operated to guard against discriminatory service design or operations decisions. These standards and policies must address how service is distributed across the transit system, and must ensure that the manner of the distribution affords users access to these assets. Per FTA Circular 4702.1B, the following service standards are required:

- Vehicle Load
- Vehicle Headways
- On-Time Performance
- Service Availability

1. Vehicle Load

Vehicle load is the ratio of passengers on the vehicle to the number of seats on the bus. If the passenger load is high, resulting in overcrowded conditions, additional service may be needed to address the issue. The average of all loads during the peak operating period should not exceed vehicles' achievable capacities, which are 16 passengers for a 23-foot cut-away bus, 20 passengers for a 25-foot cut-away bus, and 46 passengers for 32-foot buses. Table 2 below lists CCTS fleet detailing its characteristics.

Table 2: Fleet Characteristics

CCTS Fleet Inventory as of May 2023								
Year Built	**Manufacturer**	**Fuel Type**	**Seats w WC Seats w/o WC**	**Standing**	**Length (feet)**	**Total Vehicles**	**Fixed Route**	**Demand Response**
2012	ElDorado AeroTech 240	CNG	16/2 20/0	N/A	26	2	*	2

2017	Glaval E-450	CNG	16/2 18/0	N/A	25	11	*	11
2015	ElDorado EZ Rider II	CNG	23/2 29/0	17	32	7	7	0
					Totals	**20**	**7**	**13**
*While the cutaway vehicles are primarily used for Demand Response, they are however sometimes used for the fixed route system on an as needed basis as identified in National Transit Database.								

CCTS will continue to monitor vehicle load factors and conduct additional surveys if comments or complaints are received relative to overcrowding on a given route.

2. Vehicle Headways

Vehicle headway is the measurement of time between buses on a line. Service demand, scheduling constraints, fiscal constraints, and capital resources are all considered when setting headways. Service operates on the two CCTS routes approximately every 70 minutes beginning at approximately 6:30 am until approximately 7:00 pm on weekdays. On Saturday, there is service operating approximately every 60 minutes beginning at 9:00 am and ending at approximately 5:00 pm.

3. On-Time Performance

CCTS defines on-time performance for fixed route bus trips as those trips that depart from a time point location no earlier than the time listed on printed schedules, or arrive at the time point no later than 5 minutes from the scheduled time. CCTS staff monitors on-time performance tracked by CCTS' transit provider for which set at 95% on-time. However, this standard needs to be adjusted and reduced due to the following factors: match the standard with the regional transit provider, RTA; and current bus schedule not reflective of the current service area demographics. Based on the COA study, measured at all time points throughout the system, a typical on-time performance is in the mid-60s in terms of percentage of all trips. The current schedule has been in place since 2010 and much has changed in the city in the past 10 years, including new developments within city limits and growing residential communities around the city that generates more cut-through traffic, continuous freeway construction projects, and the overall travel patterns in the city. The increased congestion, in particular during peak hours make it difficult for buses to stay on schedule. Through the study that is being performed, services alternative are to be presented to council for adoption of the recommended services which includes restructuring the service from two to three routes and updating schedules to better meet the needs of the riders and improve efficiencies.

4. Service Availability

It is the goal to provide transit service to residential areas, major medical, shopping, government, employment centers, and activity centers that can support route services. Service availability generally corresponds to the provision of transit service on major traffic corridors in the service area and access to high population centers and trip generators in the areas. CCTS primarily provides fixed-route service to

people who reside within one-half to one-quarter mile of the stops along the routes. In addition to CCTS routes, patrons also have the option to access Riverside Transit Agency routes 1, 3, and 12.

CCTS standard is to have stops spaced approximately one-quarter mile apart, although stops may be located more closely or further away depending on land use and safety conditions. Where site conditions allow, CCTS aims to have far-side stops which reduce conflict with right-turning vehicles, eliminate sight-distance deficiencies at intersection approaches and encourage pedestrians to cross behind the bus.
The local route system will be designed based on transit demand potential which uses various key population characteristics that are common determinants for higher transit ridership. These includes areas that have a higher density of households without access to a vehicle, low-income households, youth, seniors, employment, physical disability, and minority populations. City's Comprehensive Operations Analysis (COA) identified areas of improvement which includes restructuring of the routes and adding microtransit service. Service recommendations will be taken to Council June 2023 for the adoption of the service and implementation plan. The recommendation was based on market analysis. The market analysis included the following indicators: residential and job density; census demographics; profile of riders; community trip patterns; and shape of land use patterns and street networks. These indicators were used to determine the city's transit demand potential. In addition, CCTS will continue to coordinate with Riverside Transit Agency (RTA) and Orange County Transportation to reduce unnecessary duplication of routes and increase the distribution of transit services.

B. Service Policies

FTA guidance requires fixed route transit providers to develop a policy for the equitable distribution of transit amenities and for vehicle assignment by route. The following service policies are proposed for:

- Transit Amenities
- Vehicle Assignment

1. Transit Amenities

City of Corona provides and maintains benches, shelters, signage, and trash receptacles at bus stops. Installation of transit amenities along bus routes are based on numerous factors including the number of passengers boardings at stops along the routes.
CCTS policy regarding distribution of tranit amentiies categorizes stops into three tiers:

Tier 1: Sign only
Tier 2: Tier 1 plus bench seating with up to 5 boardings per weekday
Tier 3: Tier 2 plus trash receptacle with 5-9 boardings per weekday
Tier 4: Tier 3 plus shelter or landmark and shelter lighting have over 10 or greater boardings per weekday

At minimum, signage is provided at all bus stops. Transit amenities such as bus benches are provided as a convenience to passengers. Benches and shelters are placed at high traffic bus stops within the City of Corona service area where there are heavier boarding levels, major landmarks, and major transfer points.

At bus stops outside the City of Corona, the local jurisdictions determine the placement of transit amenities. All new amenities such as benches, shelters, are placed to be ADA-compliant.

There have been no amenity enhancements in the last three fiscal years that have not followed the above policy of distributing based on boarding levels, population need. An assessment of the stops was performed through the COA and it was determined that 82% of the stops have signage, benches and trash receptacles of which 23% of the stops have shelter and shelter lighting.

Due to Covid-19 pandemic over the past few years, ridership and typical boardings have been affected. CCTS is continuing to provide service, however, an accurate measure on consistent ridership is difficult to define at this time.

2. Vehicle Assignment

All CCTS buses on the two fixed routes are identical and are accessible to people with disabilities. The 32-foot EZ Rider II compressed natural gas (CNG) buses are low floor buses that eliminates the traditional three-step entrance. They are designed to accommodate peak hour passenger loads – both seated and standing. The EZ Rider II is outfitted with front and mid-body passenger doors, Cummins engine, Allison transmission, and a kneeling front suspension system that facilitates curb-level passenger boarding.

In addition, buses are rotated to allow for vehicle maintenance to occur and to uniformly use the miles of the buses. See Table 2, Fleet Characteristics for complete inventory of CCTS fleet.

APPENDICES

APPENDIX A - TITLE VI COMPLAINT PROCEDURES - English

City of Corona Transit Service

Title VI Complaint Procedures

Guidance for Filing an Administrative Complaint under Title VI of the Civil Rights Act of 1964

How to File a Title VI Complaint:

Any person who believes he/she has been discriminated against on the basis of race, color, or national origin with respect to CCTS programs, activities, or services may file a written complaint, or have a representative file a complaint on your behalf, by completing and submitting to CCTS a Title VI Complaint Form. CCTS investigates complaints received no more than 180 days after the alleged incident. CCTS will only process complaints that are complete. CCTS will promptly investigate all complaints filed under Title VI, pursuant to this Regulation.

Complaint must include the following information:

1. A complaint must be in writing and signed and dated by the complainant or his/her representative before any action can be taken.
2. A complaint shall state, as fully as possible, the facts and circumstances surrounding the alleged discrimination, including the name and address of the complainant, the date, time, and location of the alleged incident.

A ***Complaint Form*** can be used to file a Title VI complaint with CCTS and can be obtained at (see Title VI Complaint Form – Appendix D):

- Telephone - by calling the Community Services Department at (951) 736-2241 a complaint form can be mailed.
- Email – by emailing at CoronaTransit@CoronaCA.gov or a complaint form can be mailed.
- Online – the Complaint Form can be downloaded from the CCTS webpage at www.CoronaCA.gov/Transit.
- Visiting – Public Works Dept. at 400 S. Vicentia Avenue, Suite 225, Corona, CA 92882.

The following procedures will be followed to investigate Title VI complaints:

- Within 10 business days of receiving the complaint, the Public Works Director/Title VI Administrator will review the complaint to determine CCTS jurisdiction. The complainant will receive an acknowledgement letter informing her/him whether the complaint will be investigated by CCTS.
- Assistance in completing the complaint form is available upon request by visiting the Corona Public Works Department or by calling (951) 736-2266. Spanish translation is available upon request.
- The investigation will be conducted and completed within 30 business days of the receipt of a completed complaint form. The complainant will be notified in writing of the cause for any planned extension to the 30-day rule.

- If more information is needed, CCTS may contact the complainant. The complainant has 10 business days from the date of the letter requesting additional information to submit the requested information to the CCTS Title VI Administrator. If the Title VI Administrator is not contacted by the complainant or does not receive the requested information within 10 business days, CCTS can administratively close the complaint.
- A complaint can be administratively closed also if the complainant no longer wishes to pursue their complaint. Following the investigation, the Public Works Director/Title VI Administrator will issue one of two letters to the complainant: 1) a closure letter or 2) a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the complaint is closed. A LOF summarizes the allegations and evidence used to make the determination regarding the alleged incident, and explains whether any disciplinary action, additional training of staff, or other action or remedy will occur.
- If the complainant is unsatisfied with the decision, she/he has 30 business days from the date of the closure letter or LOF to appeal to the Assistant City Manager or her/his designee. The complainant will receive written notification of the decision of the appeal and the rational for the finding within 45 business days from receipt of the appeal request.
- A complaint may also be filed directly with the Federal Transit Administration (FTA) at:

  Federal Transit Administration Office of Civil Rights
  Attn: Title VI Program Coordinator
  East Building, 5th Floor - TCR
  1200 New Jersey Avenue, SE
  Washington, DC 20590

  The FTA strives to promptly investigate complaints. At the conclusion of the investigation, the FTA will transmit a letter of finding to the complainant and the CCTS. If the investigation determines the CCTS is not in violation of Title VI, the FTA will explain why the CCTS was found in compliance. If the FTA determines that the CCTS is in violation of Title VI, the FTA will document the violation and instruct the CCTS to take action to come into compliance.

  In the complaint investigation process, the FTA analyzes the complainant's allegations for possible Title VI deficiencies by the CCTS. If deficiencies are identified they are presented to the CCTS and assistance is offered to correct the inadequacies within a predetermined timeframe.

- No CCTS staff or contract staff shall intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title VI or because they have made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under Title VI. The identity of complainants shall be kept confidential except to the extent necessary to carry out the purposes of this part, including the conduct of any investigation, hearing, or judicial proceeding arising there under. (49 CFR 21.11e)

The Spanish language version of the Complaint Procedures are also available.

APPENDIX B - TITLE VI COMPLAINT PROCEDURES - Spanish

Procedimientos Para Presentación de Denuncias bajo la ley de Title VI, Servicio de Transporte de la Ciudad de Corona (CCTS)

Guía para la presentación de una denuncia administrativa bajo la ley de Title VI of the Civil Rights Act of 1964

Cómo presentar una queja de Title VI:
Cualquier persona que cree que él/ella ha sido discriminado(a) basándose en raza, color u origen nacional con respecto a los programas, actividades o servicios del CCTS puede presentar una denuncia por escrito, o tener un representante presentar una denuncia en su nombre, al completar y enviar a CCTS un formulario de denuncia del Title VI. CCTS investiga denuncias recibidas no más tarde de 180 días después del presunto incidente. CCTS sólo procesará las los formularions de denuncias que esten completos. CCTS rápidamente investigará todas las denuncial presentadas bajo la ley de Title VI, conforme con el Reglamento.

La denuncia debe incluir la siguiente información:

1. Una denuncia debe ser por escrito y firmada y fechada por el demandante o su representante antes de que cualquier acción se puede tomar.

2. Una denuncia indicará, completamente y como sea posible, los hechos y circunstancias acerca de la alegada discriminación, incluyendo el nombre y la dirección de el demandante, la fecha, hora y ubicación del presunto incidente.

Un **Formulario de Denuncia** puede utilizarse para presentar una denuncia bajo la ley del Title VI con CCTS y puede obtenerse en (ver Formulario de Denuncia del Title VI – Apéndice D), o por:

- teléfono - llamando al Departamento de obras públicas en (951) 736-2266 un Formulario de Denuncia se le puede enviar por correo al solicitante.
- Correo electrónico – por correo electrónico el Departamento de obras públicas en publwks@CoronaCA.gov un Formulario de Denuncia se le puede enviar por correo al solicitante.
- En línea – el Formulario de Denuncias puede ser descargado de la Página Web de el CCTA en www.CoronaCA.gov/Transit.
- O Visitando el Departamento de obras públicas en 400 S. Vicentia Avenue, Suite 210, Corona, CA 92882.

Se seguirán los siguientes procedimientos para investigar las denuncias bajo laley del Title VI:

- Dentro de 10 días hábiles después de recibir una denuncia, el Directorde Obras Públicas /Administrador de Title VI revisará la denuncia para determinar jurisdicción del CCTS en la denuncia. El demandante recibirá un acuse informandole a él/ella si la denuncia será investigada por el CCTS.
- Ayuda para completar el Formulario de Denuncias está disponible por petición visitando el Departamento de Obras Públicas de Corona o llamando al (951) 736-2266. Traducción en español está disponible por petición.
- La La investigación se llevará a cabo y completada dentro de 30 días hábiles después de la recepción de un Formulario de Denuncia completado. El demandante será notificado por escrito de la causa de cualquier extensión no programada a la regla de los 30 días..
- Si se necesita más información, el CCTS puede comunicarse con el demandante. El demandante tiene 10 días hábiles desde la fecha de la carta solicitando información adicional para presentar la información solicitada por el Administrador del Title VI del CCTS. Si el Administrador del Title VI no es

contactado por el demandante o no recibe la información solicitada dentro de 10 días hábiles, el CCTS puede cerrar administrativamente la demanda.

- Una demanda puede ser cerrada administrativamente también si el demandante no desea proseguir su demanda. A raíz de la investigación, el Director de obras públicas/Administrador de Title VI emitirá una de dos cartas al demandante: 1) una carta de cierre o 2) Carta de hallazgo (LOF). Una carta de cierre resume las acusaciones y afirma que no hubo una violación del la ley del Title VI y que la denuncia esté cerrada. Un Carta de hallazgo resume los alegatos y pruebas para tomar la determinación sobre el incidente y explica si se producirá cualquier acción disciplinaria, entrenamiento adicional del personal, u otra acción o recurso.
- Si el demandante está insatisfecho con la decisión, él/ella tiene 30 días hábiles desde la fecha de la carta de cierre o Carta de hallazgo para atraer a la Asistente del Administrador de la Ciudad o su designado. El demandante recibirá notificación por escrito de la decisión de la apelación y razón fundamental para decisión dentro de 45 días hábiles desde la recepción de la solicitud de apelación.
- Una queja puede ser presentada también directamente con al Federal Transit Administration (FTA) en:

  Federal Transit Administration Office of Civil Rights
  Attn: Title VI Program Coordinator
  East Building, 5th Floor - TCR
  1200 New Jersey Avenue, SE
  Washington, DC 20590

  El FTA se esfuerza por investigar con prontitud las demandas. En la conclusión de la investigación, el FTA transmitirá una carta del hallazgo al demandante y el CCTS. Si la investigación determina que el CCTS no está en violación del Title VI, el CCTS le explicará por qué el CCTS se encontró en cumplimiento. Si el FTA determina que el CCTS esta en violación del Title VI, el FTA documentara la violación e instruira a el CCTS para que tome medidas para el cumplimiento de ley del Title VI.
- En el proceso de investigación de la demanda, el FTA analizara los alegatos del demandante para investigar posibles deficiencias del CCTS bajo laley del Title VI. Si se identifican deficiencias se presentaran a el CCTS y se le ofrecera ayuda para corregir las deficiencias en un plazo predeterminado.
- No personal del CCTS o de su contratista debera intimidar, amenazar, coaccionar o discriminar a cualquier individuo con el propósito de interferir de cualquier derecho o privilegio asegurado por el Title VI o porque han hecho una denuncia, testificado, asistido o participado de cualquier manera en una investigación, procedimiento o audiencia bajo el Title VI. La identidad de los denunciantes se mantendrá confidencial excepto en la medida necesaria para llevar a cabo los propósitos de esta parte, incluyendo la realización de cualquier investigación, audiencia o procedimiento judicial que se presenta en virtud del mismo. (49 CFR 21.11e)

APPENDIX C - TITLE VI COMPLAINT FORM - English

City of Corona Transit Service

Title VI Complaint Form

Section I: ***Please write legibly***		
1. Name:		
2. Address:		
3. Telephone:	3.a. Secondary Phone *(Optional):*	
4. Email Address:		
5. Accessible Format Requirements?	[ ] Large Print	[ ] Audio Tape

APPENDIX E - LOG OF TITLE VI INVESTIGATIONS, LAWSUITS AND COMPLAINTS

City of Corona Transit Service

Log of Title VI Investigations, Lawsuits, and Complaints

Background

All recipients shall prepare and maintain a list of any of the following that allege discrimination on the basis of race, color, or national origin:

- Active investigations conducted by FTA and entities other than FTA;
- Lawsuits; and
- Complaints naming the recipient.

This list shall include the date that the transit-related Title VI investigation, lawsuit, or complaint was filed; a summary of the allegation(s); the status of the investigation, lawsuit, or complaint; and actions taken by the recipient in response, or final findings related to the investigation, lawsuit, or complaint. This list shall be included in the Title VI Program submitted to FTA every three years.

Title VI
No Construction Undertaken Statement

August 10, 2020

This statement is affirmation that the City of Corona Transit Service did not undertake construction activities using Federal Transit Administration (FTA) funds from the last reporting period of July 2018 through June 2020 and into the current fiscal year 2021. Nor are there plans to undertake such FTA funded construction projects during the 2021 through 2023 reporting period.

Reserved for City Council approval action

File #: 23-0348

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/17/2023

TO: Honorable Mayor and City Council Members

FROM: Finance Department

SUBJECT:
RESOLUTION DECLARING INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN ZONES 1, 2, 4, 6, 7, 10, 15, 17, 18, AND 20 OF THE LANDSCAPE MAINTENANCE DISTRICT NO. 84-2 FOR FISCAL YEAR 2024, APPROVING PRELIMINARY ENGINEER'S REPORT, AND PROVIDING NOTICE OF PUBLIC HEARING ON THE PROPOSED ASSESSMENTS.

EXECUTIVE SUMMARY:
Landscape Maintenance District No. 84-2 provides landscape maintenance and operating services for the public landscaping and related appurtenances within the District's boundaries. Adoption of the recommended resolution will declare the City's intent to levy and collect Fiscal Year 2024 assessments, approve the preliminary Engineer's Report, and set a public hearing for July 19, 2023, at which time the City Council may approve the annual assessments and order the levy of assessments within the District.

RECOMMENDED ACTION:
That the City Council adopt Resolution No. 2023-029, declaring intention to levy and collect assessments within Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the Landscape Maintenance District No. 84-2 for Fiscal Year 2024, approving preliminary Engineer's Report, and providing notice of public hearing on the proposed assessments**.**

BACKGROUND & HISTORY:
Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the Landscape Maintenance District No. 84-2 ("LMD 84-2" or "District") were established in 1986 in accordance with the provisions of the Landscaping and Lighting Act of 1972 (the "1972 Act"). The purpose of the District is to provide landscape maintenance and operating services for the public landscaping and related appurtenances within the District's boundaries.

The annual assessments proposed to be levied within the District will pay for the maintenance services during Fiscal Year 2024. The services provided include all necessary operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy and satisfactory working condition.

ANALYSIS:

The State of California Street and Highways Code Section 22500 requires an annual review of the assessments levied by the assessment districts formed under the 1972 Act. In order to levy and collect special assessments within the districts, an Engineer's Report must be prepared, which provides details on the improvements that are maintained and the estimated budgets for each district.

On May 3, 2023, the City Council adopted Resolutions No. 2023-028, to initiate the proceedings to levy and collect assessments for the District for Fiscal Year 2024, appointed Spicer Consulting Group, LLC as the engineer of record, and ordered the preparation of an Engineer's Report for the District.

Attached to this report is the preliminary Engineer's Report (the "Report") as it pertains to the District, which includes a detailed description of the existing improvements within the District, the estimated maintenance costs, the methods of assessment apportionment, and diagram showing the boundaries of the District. The report also provides analyses of the District's financial status.

FINANCIAL IMPACT:

The cost of operation, servicing, and maintenance of the District will be funded by the assessments levied and collected within the District.

For Fiscal Year 2024, it is projected that the assessment revenues will be sufficient to cover the operating costs for Zones 1, 4, 7, 10, 15, and 20 within the District during the same fiscal period. The estimated surplus in these zones will be added to the capital reserve for future capital improvement within the District.

It is also projected that the assessment revenues will be insufficient to cover the operating costs for Zones 2, 6, 17, and 18 during the same fiscal period. These zones do not have a built-in escalator for the annual levy. The estimated deficits are due to rising costs over the years and the levy not keeping up with the expenditures.

In Fiscal Year 2024, the estimated operating deficit in Zone 2 is $12,478, which will be covered by a one-time contribution from the capital reserve in the same zone. The current estimated reserve balance in Zone 2 is $100,611 as of June 30, 2023. Based on the Fiscal Year 2024 expenditure budget, the reserve balance will be exhausted in approximately 8 years.

In Fiscal Year 2024, the estimated operating deficit in Zone 6 is $43,443, which will be covered by a one-time contribution from the capital reserve in the same zone. The current estimated reserve balance in Zone 6 is $488,511 as of June 30, 2023. Based on the Fiscal Year 2024 expenditure budget, the reserve balance will be exhausted in approximately 11 years.

In Fiscal Year 2024, the estimated operating deficit in Zone 17 is $12,572, which will be partially covered by a one-time contribution from the operating and capital reserve in the same zone. The current estimated reserve balance in Zone 17 is $25,070 as of June 30, 2023. Based on the Fiscal Year 2024 expenditure budget, the reserve balance will be exhausted in Fiscal Year 2025.

In Fiscal Year 2024, the estimated operating deficit in Zone 18 is $30,413, which will be covered by a one-time contribution from the capital and operating reserves in the same zone. The current estimated reserve balance in Zone 18 is $48,164 as of June 30, 2023. Based on the Fiscal Year 2024 expenditure budget, the reserve balance will be exhausted in Fiscal Year 2025.

Staff is currently assessing options to ensure the financial sustainability of zones within the District that have funding shortages and will return to the City Council at the 2023 Fall Workshop with updated information.

Below is an overview of the District's estimated assessment revenues and proposed expenditures for the Fiscal Year 2024. Detailed information can be found in the attached Report.

District	Estimated Costs	Estimated Assessment Revenue	General Benefit Contribution(1)	Estimated Excess/(Deficit)	Actual Assessment YOY % Change
Zone 1	$2,867.76	$4,147.36	$0.00	$1,279.60	0.00%
Zone 2	$93,771.15	$81,084.00	($209.09)	($12,478.06)	0.00%
Zone 4	$84,396.30	$93,609.68	$0.00	$9,213.38	0.00%
Zone 6	$358,212.23	$314,768.69	$0.00	($43,443.54)	0.00%
Zone 7	$76,429.19	$78,793.00	$0.00	$2,363.81	0.00%
Zone 10	$1,556,540.68	$2,139,262.93	$0.00	$582,722.24	0.00%
Zone 15	$27,264.38	$27,555.68	$0.00	$291.29	0.00%
Zone 17	$34,682.47	$22,110.00	$0.00	($12,572.47)	0.00%
Zone 18	$66,776.74	$35,980.00	($382.80)	($30,413.94)	0.00%
Zone 20	$828,246.05	$1,068,698.21	$0.00	$240,452.16	0.00%

1) Benefit received by non-residents of the District for the landscape improvements. This amount is contributed by the City's General Fund.

ENVIRONMENTAL ANALYSIS:

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action merely declares the City's intent to levy and collect assessments within the District for Fiscal Year 2024, and there is no possibility that adopting the resolution will have a significant effect on the environment. Therefore, no environmental analysis is required.

AGENCY: CITY OF CORONA

PROJECT: LANDSCAPE MAINTENANCE DISTRICT NO. 84-2

TO: CITY COUNCIL
CITY OF CORONA
STATE OF CALIFORNIA

REPORT PURSUANT TO "LANDSCAPING AND LIGHTING ACT OF 1972"

Pursuant to direction from the City Council (the "City Council") of the City of Corona (the "City"), State of California, submitted herewith is the Engineer's Report (the "Report") for the Landscape Maintenance District No. 84-2, consisting of the following parts, pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California, being the "Landscaping and Lighting Act of 1972" (the "Act"), as amended, commencing with Section 22500, and which is in accordance with Resolution Nos. 2023-26, 27, and 28 adopted by the City of Corona City Council, Riverside County, California ordering preparation of the Report for Landscape Maintenance District No. 84-2 ("LMD No. 84-2" or the "District"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2023, to June 30, 2024.

Section 1 PLANS AND SPECIFICATIONS of the improvements to be maintained and/or improved for the Fiscal Year. The plans and specifications show and describe the existing and proposed improvements and are sufficient in showing and describing the general nature, location and extent of the improvements.

Section 2 A COST ESTIMATE of the improvements to be maintained and/or improved for the mentioned Fiscal Year.

Section 3 A METHOD OF APPORTIONMENT OF ASSESSMENT calculates the receipt of special benefit and the general benefit derived from the installation and maintenance and servicing of the respective improvements located throughout the District, and the methodology used to apportion the total assessment to the properties within the District.

Section 4 An ENGINEER'S SIGNATURE certifying the filing of the Engineer's Report, together with the Assessment Roll and Assessment Diagram.

Section 5 ASSESSMENT ROLLS showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the boundaries as shown on the below-referenced Diagram. The Assessment Rolls can be found in Appendix A.

Section 6 The ASSESSMENT DIAGRAMS of the District. Said Diagrams shall show the exterior boundaries of the District and the boundaries of any zones within the District. Reference is made to the County Assessor's Maps for a detailed description of the lines and dimensions of any lots or parcels. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies. The Assessment Diagrams can be found in Appendix B.

LMD No. 84-2 consists of 12 Benefit Zones that were all formed in 1986. The types of services provided for Zones 1, 2, 4, 6, 7, 10, 14, 15, and 17 through 20 are the maintenance of parks, slopes, parkways, and open space, including but not limited to: ground cover, shrubs, plants and trees, irrigation systems, graffiti removal, sidewalks and masonry walls, entry monuments, tot lot equipment, fitness circuit equipment, pathway lighting, green space and associated appurtenant facilities. Services provided include all necessary service, operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy, vigorous, and satisfactory working condition. The above maintenance and services may be referred to herein as the "Landscape Improvements". Below is a description of each Zone within the boundaries of the District.

Description of the Boundaries and Improvement Services of LMD No. 84-2

Benefit Zone 1 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover within the west parkway of Lincoln Avenue adjacent to the benefit zone. The improvements were required by the conditions of approval for Tract No. 19288 and Tract No.'s 19288-1 through 19288-5.

Benefit Zone 2 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover within the buffer zone along the westerly boundary of the open space designated as Lot "A" within Tract No. 19981 and the Corydon Street parkways. Also to be maintained are the access road and the natural open space of Lot "A." The improvements were required by the condition of approval for Tract No. 19981.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street and open space lot (Lot "A"), within Tract No. 20515. The improvements were required by the condition of approval for Tract No. 20515.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street and Lot "C" of Tract No. 21354. The improvements were required by the condition of approval for Tract No. 21354.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street, Tract No.'s 27305-1 through 27305-9, and incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 4 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- Parkway irrigation system, trees, and ground cover along Ontario and Fullerton Avenues and Old Temescal Road within the benefit zone. The improvements were required by the condition of approval for Tract No. 19480.
- Parkway irrigation system, trees, and ground cover adjacent to the following tracts and along Old Temescal Road and Ontario, Fullerton, and Rimpau Avenues. The improvements were required by the condition of approval for Tract No.'s 19690, 19690-1, and 19690-2.
- Parkway irrigation system, trees, and ground cover along Old Temescal Road and Fullerton and Rimpau Avenues within the benefit zone. The improvements were required by the condition of approval for Tract No. 19688.
- Parkway irrigation system, trees, ground cover, and sidewalk within the 12-foot parkways adjacent to Tract No. 22961, along Old Temescal Road and Rimpau Avenue. The improvements were required by the condition of approval for Tract No. 22961.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 6 includes all property within Assessment District No. 79-2, located north and south of Route 91 between Cresta Verde and Buchanan Street. The improvements consist of maintaining the following irrigation systems, trees, and ground cover along the following:

- McKinley Street median between Magnolia Avenue and the Rancho El Sobrante de San Jacinto boundary line (approximately 200 feet north of Mt. Humpries Street).
- Promenade Avenue median between 2,000 feet west of McKinley Street and 1,300 feet east of McKinley Street.
- Parkway and streetscape landscaping along McKinley Street, between Magnolia Avenue and the Rancho El Sobrante de San Jacinto boundary line, except on the west side between Sampson Avenue and Magnolia Avenue.
- Parkway and streetscape landscaping along Promenade Avenue between the Riverside Freeway and Buchanan Street.
- Parkway and streetscape landscaping along portions of Buchanan Street adjacent to the area known as Westfield Corona and from Wimbledon Drive to the north boundary of said area.

- Parkway and streetscape landscaping along the north side of Wimbledon Drive from Buchanan Street to Surry Circle; north side of Dartmouth Street from Buchanan Street to Chelsea Way; both sides of Eaton Street between Coventry Way and Astoria; and both sides of Brittany Drive between Newcastle and Promenade Avenue.
- Parkway and adjacent slope irrigation, trees, and ground cover along the east side of Mondale Street, between Kennedy Drive and Promenade Avenue; open space Lots 79 and 80 of Tract No. 21213; and the slopes adjacent to the Riverside Freeway. The improvements were required by the conditions of approval for Tract No. 21213.
- Parkway irrigation, trees, and ground cover along the north side of Cresta Road between Harding Road and Promenade Avenue and the southwest side of Collett Avenue between Coolidge Street and Promenade Avenue as were required by the conditions of approval for Tract No. 19191.
- Parkway irrigation, trees, and ground cover along the west side of Collett Avenue between Promenade Avenue, and 400 feet southwest of Cresta Road as were required by the conditions of approval for Tract No. 19666.
- Parkway irrigation and ground cover along the northeast side of Cresta Avenue, along Lots 31 through 34 of Tract No. 19191-2.
- Natural conditions within open space Lots 69, 83, 84, and 126 of Tract No. 20775.
- The irrigation system and landscape improvements within Lots D and E of Tract No. 23454 and Lots C, D, and E of Parcel Map No. 23376.
- The irrigation system and landscaping within the parkway along the northwesterly side of Buchanan Street from the south side of Dartmouth Street to the north side of Wimbledon Drive. The improvements were required by the condition of approval for Tract No. 24129 and Parcel Map No. 24041.
- The irrigation system and landscaping within the median and parkway along McKinley Street and adjacent to Assessor Parcel Numbers 172-420-002 and 172-420-003. The improvements were required by the condition of approval for Assessor Parcel Numbers 172-420-002 and 172-420-003.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 29876.
- Incidental drainage facilities in conjunction with the above landscape improvements.
- The improvements are required as set forth by Specific Plan "SP 81-2" and were constructed both under Assessment District No. 79-2, City of Corona, State of California and as conditions of approval for various developments.

Benefit Zone 7 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover constructed as part of the detention basin within Lot 142 of Tract No. 20966; and the parkway and slope landscaping along Ontario Avenue. The improvements were required by the condition of approval for Tract No.'s 20818, 21720, and 20966.
- The irrigation system, trees, and ground cover as part of the detention basin within Lot 1 of Tract No. 19159-1.
- The irrigation system and landscape improvements within the common lots adjacent to Ontario Avenue and within Tract No.'s 21203 and 21720.
- Decorative block wall and landscaping in the ten-foot wide landscaping lot along Via Pacifica.
- Landscape pockets and landscaping within the decorative wall along Citron Street, between Via Pacifica and the Oak Street Channel.
- The irrigation system and landscape improvements within the parkway adjacent to Tract No. 22535 and along Ontario Avenue, and slope easements located within Lots 1, 27, and 28 of Tract No. 22535.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 10 includes two distinct areas that are within Specific Plan "SP 85-2", as approved by the Corona City Council on September 18, 1985. The improvements to be maintained consist of the following:

- Parkway irrigation system, trees, and ground cover along both sides of Green River Drive, Ridgeline Drive, Serfas Club Drive, Paseo Grande, Montana Ranch Road, and Palisades Drive. Also to be maintained are the lots designated for open space and

the fuel modification zone, including erosion control, plant replacement, and landscaping debris cleanup. The improvements were required by the condition of approval for Tract No. 20872.

- The irrigation system, trees, and ground cover within the common area designated as Lot No. 17, Tract No. 12166. The improvements were required by the condition of approval for Tract No. 12166.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 14 improvements were a condition of approval for Tract No.'s 20796 and 22579 and consist of maintaining irrigation systems, trees, and ground cover along the following:

- Median, parkway, and streetscape landscaping along Hidden Valley Parkway, McKinley Street, and other public streets.
- Flood control detention basins.
- The above improvements were required as set forth by the Woodlake Specific Plan "SP 85-3" approved by the Corona City Council on November 20, 1985 and by the condition of approval for Map No. 20796.
- The irrigation system and landscaping within Lots A through D, Tract No. 22579 and those portions of the Hidden Valley Parkway within Tract No. 22579. The improvements were required by the condition of approval for said tract.
- The irrigation system and landscaping within Lots F and I, Tract No. 25249. The improvements were required by the condition of approval for Tract No. 25249.
- Median, parkway, and streetscape landscaping along Hidden Valley Parkway, McKinley Street, and other public streets. The improvements were required by the conditions of approval for Tract No. 29595.
- Median, parkway, and streetscape landscaping along Stevens Drive. The improvements were required by the conditions of approval for Parcel Map No. 33533.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 15 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover of the parkway along the public right-of-way within Tract No. 20006. The improvements were required by the condition of approval for said tract.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 17 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system and landscape improvements within the parkway adjacent to Tract No. 21355 and along Stagecoach Road; slope easements located within Lots 1 through 6 and 192 through 205; and the westerly parkway on Stagecoach Road from the southerly boundary of Tract No. 21355 to Corydon Street.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 18 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system and landscaping within the parkway adjacent to Tract No.'s 24716 & 32195; Assessor Parcel Numbers 119-060-018; 119-060-020; and 119-060-022; and along River Road (including the center median area); Lincoln Avenue and Harrington Street; and the riparian habitat area within and adjoining that portion of the Norco Channel within said tract.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 19 consists of various developments within South Corona for which the improvements consist of maintaining the following:

- The irrigation system and landscaping in accordance with the South Corona Community Facilities Plan. These improvements are also referred to as the "South Corona Streetscapes," and includes parkways, medians, and dedications to the City of Corona from past and future South Corona development.
- The irrigation system and landscaping within Lots A and B, Parcel Map No. 22908, and the portion of the westerly Lincoln Avenue parkway fronting said map.
- The irrigation system and landscaping within the easterly Mangular Avenue parkway adjacent to Tract No. 24118.

- The irrigation system and landscaping within the easterly parkway along Oak Avenue, the northeasterly parkway along Chase Drive, adjacent to Tract No. 23434, and within Lots L, M, O, P, Q, R, S, T, and U of Tract No. 23434.
- The irrigation system and landscaping within Lots F and G of Tract No. 22707 and that portion of the westerly Mangular Avenue parkway adjacent to said map.
- The irrigation system and landscaping within Lots A and B of Tract No. 20971 and that portion of Fullerton Avenue (formerly Garretson Avenue) parkway fronting said map.
- The irrigation system and landscaping within Lots A, K, and L, Tract No. 24326 and the parkways adjacent to said tract and along Chicago Street and Citrus Way. The improvements were required by the condition of approval for Tract No. 24326.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 23861 and along California Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 23401-1 and 23401-2, and along California and Chase Avenues; and the bike path adjacent to said tracts and along Chase Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25009 and along Foothill Parkway, Highgrove Street, and Lot F of Tract No. 25009.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24533, along the east side of Lincoln Avenue, north side of Foothill Parkway, and west side of Buena Vista Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24271 and along the west side of Buena Vista Avenue.
- The irrigation system and landscaping within Lots C, D, and J of Tract No. 27199, and the parkways adjacent to said tract and along the north side of Santana Way.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 26807, 25466, and 25652C, and along the east side of Fullerton Avenue (formerly Garretson Avenue), south side of Foothill Parkway, both sides of Valencia Avenue, and the north side of Upper Drive.
- The irrigation system and landscaping within the parkways adjacent to Parcel Map No. 25817 and along the east side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within Lots D, E, F, and I of Tract No. 26012-1 and the parkways adjacent to Tract No.'s 26012-1 and 26012, along the east side of Lincoln Avenue.
- The irrigation system and landscaping within Lots C, D, and E, Tract No. 26903-1 and the parkways adjacent to said tract and along the north side of Chase Drive and the east side of Fullerton Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27504, along the north side of Chase Drive and the east side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25887, along the north side of Chase Drive and the west side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within parkways on Fullerton and Gilbert Avenues adjacent to Parcel Map 24234, all within Annexation No. 37.
- The irrigation system and landscaping within parkways north of Encanto Street and west of Hudson Avenue adjacent to Tract No. 26062, all within Annexation No. 40.
- The irrigation system and landscaping within parkways adjacent to Parcel Map 26695 located east of Gilbert Avenue, all within Annexation No. 45.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25466 and 25466-1 and along the north side of Upper Drive and the west side of Rimpau Avenue (formerly Lester Avenue), all in Annexation No. 52.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27802, along the north side of Foothill Parkway and the west side of Rimpau Avenue (formerly Lester Avenue), all in Annexation No. 53.
- The irrigation system and landscaping within the parkway adjacent to Tract No. 25311R and along the south side of Chase Drive and the north side of Foothill Parkway, all in Annexation No. 54.

- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 27916-1, 27916-2, and 27916-3, along the east side of Lincoln Avenue, all in Annexation No. 55.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 23956, 23956-1, and 23956-2, along the west side of Kellogg Avenue, all in Annexation No. 56.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27860 along the north side of Foothill Parkway, all in Annexation No. 57.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24272 and Tract No.'s 24272-1 through 24272-8, along the east and west sides of Lincoln Avenue, and along the west side of Buena Vista Avenue, all in Annexation No. 58; and the irrigation system and landscaping within parkways adjacent to Tract No. 25690, along the west side of Lincoln Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26117-1, along the north side of Foothill Parkway, all in Annexation No. 59.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25571 and 25571-1 and along the north and south side of Citrus Way, all in Annexation No. 60.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 27833, 27833-1, and 27833-2, along the west side of Fullerton Avenue, all in Annexation No. 61.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25315, 25315-1, 25315-2, and 25315-3, along the east side of Kellogg Avenue and the south side of Santana Way, all in Annexation No. 62.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 24077, 24077-1, 24077-2, and 24077-3, all in Annexation No. 63.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25396, along the east side of Rimpau Avenue, and along the west side of California Avenue, all in Annexation No. 64.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24840, along the south side of Valencia Avenue and north side of Upper Drive, all in Annexation No. 65.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 28177 and 28177-1, and along the south side of Foothill Parkway, the east side of Rimpau Avenue, and the north side of Valencia Avenue, all in Annexation No. 66.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25310R, along the south side of Chase Drive, the east side of Fullerton Avenue, and the north side of Foothill Parkway, all in Annexation No. 67.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25468, 25468-1, 25468-2, and 25468-3, along the south side of Foothill Parkway and the west side of California Avenue, all in Annexation No. 68.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26058 and along the south side of Chase Drive and the west side of Fullerton Avenue, all in Annexation No. 69.
- The irrigation system and landscaping within the parkways adjacent to Parcel Map No. 26978 and along the east side of Lincoln Avenue, all in Annexation No. 70.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26238, along the south side of Taber Road, and along the west side of California Avenue, all in Annexation No. 71.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 28180, along the south side of Ontario Avenue and the west side of Rimpau Avenue, all in Annexation No. 73.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25917R-1, all in Annexation No. 74.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26807-R, along the east side of Fullerton Avenue, the north side of Valencia Road, and the south side of Foothill Parkway, all in Annexation No. 75.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 20 consists of the Mountain Gate Specific Plan and its Amendment ("SPA90-09") Area for which improvements consist of maintaining the following:

- The irrigation system and landscaping within the parkways and medians of the arterial and collector streets, including the additional landscape lots that are proposed to be dedicated along a number of the major streets.
- The structure and exterior face of the project theme walls located along the major arterial and collector streets in the planned community.
- Entry monuments and special landscape areas located at the major project entries, secondary project entries, individual subdivision entries, and special landscape areas identified on the Mountain Gate landscape master plan.
- The landscaping, bicycle paths, recreational improvements, and open space areas which may be developed and dedicated to the public within the designated estate residential cluster development areas, exclusive of public park areas.
- The designated fuel modification areas in the hillside overlay zone of Planning Area 26.
- Other improvements which may be accepted by the City Council for maintenance by the landscape maintenance district.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Changes in Benefit Zone Boundaries

During the lifetime of the District, several changes have occurred that affect the boundaries of the benefit zones. The plans and specifications for the changes are on file with the City of Corona.

1. Due to the nature, location, and extent of the improvements it has been determined that some benefit zones received the same degree of benefit. Accordingly, these benefit zones have been eliminated by consolidating them with other zones, as follows:
   - Benefit Zone 8 was consolidated into Benefit Zone 7.
   - Benefit Zone 9 and 13 were consolidated into Benefit Zone 4.
   - Benefit Zone 11 was consolidated into Benefit Zone 10.
2. Four benefit zones were eliminated for the following reasons:
   - Benefit Zones 3 and 5 have been eliminated because the interim detention basins are no longer necessary due to the installation of storm drains.
   - Benefit Zone 12 has been eliminated because improvements formerly maintained by the City are now maintained by the Cresta Verde Golf Course.
   - Benefit Zone 16 has been eliminated because the interim detention basin is no longer necessary due to the Oak Street Channel improvement. The property maintenance has been turned over to the underlying property owner and all affected property owners were notified of the levy being discontinued.
3. Due to the nature, location, and extent of the improvements, the Mountain Gate Specific Plan Area was detached from Benefit Zone 19 to establish Benefit Zone 20.

The cost of servicing, maintaining, repairing, and replacing the actual improvements as described in the Plans and Specifications are summarized as follows:

Table 2-1
Benefit Zone 1 - Budget

	Estimated through June 30	
Direct Costs	**FY 2023**	**FY 2024**
Contract Services	$805	$871
Maintenance Inspection and Administration	$759	$975
Utilities	$714	$728
Total Direct Costs	**$2,278**	**$2,574**
Indirect Costs		
County Admin	$170	$173
City Personnel/Overhead	$95	$97
Engineering Costs	$22	$24
Total Indirect Costs	**$287**	**$294**
Total Costs	**$2,565**	**$2,868**
Collection/(Contribution)		
Operating Reserve	$0	$0
Capital Replacement Reserve	$1,582	$1,280
Total Adjustments	**$1,582**	**$1,280**
Total Assessment	**$4,147**	**$4,148**
Reserve Fund Balances		
Beginning Operating Reserve	$1,283	$1,434
Reserve Collection	$0	$0
Reserve Contribution	$0	$0
Est. Ending Operating Reserve(1)	**$1,283**	**$1,434**
Beginning Capital Replacement Reserve	$24,219	$26,881
Reserve Collection	$1,582	$1,280
Reserve Contribution	$0	$0
Est. Ending Capital Replacement Reserve(2)	**$25,801**	**$28,161**

(1) *The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.*

(2) *The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For FY 2024, $1,280 is allocated for Capital Replacement Reserves. Please refer to Appendix C for a list of the capital improvement projects by Zone. There are no anticipated major Capital Improvement Projects planned for Zone 1.*

Table 2-2
Benefit Zone 2 – Budget

	Estimated through June 30	
Direct Costs	**FY 2023**	**FY 2024**
Contract Services	$24,490	$26,163
Maintenance Inspection and Administration	$12,680	$13,210
Utilities	$50,708	$51,722
Total Direct Costs	**$87,838**	**$91,095**
Indirect Costs

Est. Ending Capital Replacement Reserve(2)	**$78,962**	**$103,055**

(1) *The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.*

(2) *The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For FY 2024, $291 is allocated for Capital Replacement Reserves. Please refer to Appendix C for a list of the Capital Improvement projects by Zone. There are no anticipated major Capital Improvement Projects planned for Zone 15.*

There are no anticipated major Capital Improvement Projects planned for Zone 20.*

Proposition 218 Compliance

On November 5, 1996 California voters approved Proposition 218, entitled the "Right to Vote on Taxes Act," which added Article XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new substantive and procedural requirements for the formation and administration of assessment districts. Proposition 218 provides that all existing, new, or increased assessments must comply with Proposition 218's new substantive and procedural requirements unless the assessment is "grandfathered" as one of the four categories of assessments that existed on or before November 6, 1996 and is therefore exempted from the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit.

Two of the four categories of assessments that are "grandfathered" under Proposition 218 and are relevant to the District are:

1. Any assessment imposed exclusively to finance the capital cost or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.
2. Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed.

For purposes of applying the first exception, Proposition 218 does not define the term "streets"; however, based upon the opinions of public agency officials, attorneys and assessment engineers, as well as language in the Proposition 218 Omnibus Implementation Act (Government Code §§ 53750 et seq.) and the court's reasoning in *Howard Jarvis Taxpayers Association v. City of Riverside,* 73 Cal.App.4th 679 (1999), it has been determined that the term "streets" includes median and parkway landscaping, traffic signals, safety lighting, and street lighting, and all other public improvements located within the street right-of-way, since assessments for these types of improvements are traditionally appropriate, non-abusive special assessments. The improvements and services financed by LMD No. 84-2 constitute physical parts of the right-of-way in which the street is located, contribute to road and sidewalk safety, and provide for drainage and treatment of runoff. Therefore, the assessments levied by LMD No. 84-2 (other than the assessments for the Post Proposition 218 Annexations, defined below) are grandfathered under the first exception, and thus the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit, do not apply.

The second exception to the application of Proposition 218 also applies to LMD No. 84-2, because the District was initiated by a petition signed by the property owners within the District boundaries at the time it was formed and, therefore, the assessments are exempt from the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit.

Even if assessments are initially "grandfathered" under Proposition 218 and thus exempt from the substantive and procedural requirements of Proposition 218, if the assessments are increased in the future the City will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase). Additionally, although the assessments levied within LMD No. 84-2 are considered "grandfathered", the City has determined that it is appropriate to ensure that the assessments levied against properties that were annexed to LMD No. 84-2 after the passage of Proposition 218 comply with the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit. The City has identified the following annexations to LMD No. 84-2 as annexations that were approved after the passage of Proposition 218 (collectively "Post 218 Annexations"):

Table 3-1
Annexations

Annexation Year	Annexation Number	Zone	Property Annexed
2013	85	20	TT 34760
2013	84	10	TT 35590R
2007	83	14	PM 33761
2006	82	14	PM 33533
2005	81	18	TR 32195
2005	80	18	APN 119-060-018, -020, -022
2004	79	14	TR 29595
2001	78	14	PM 30197
2001	77	6	TR 29876
1997	76	2	TR 27305-8, -9

Proposition 218 defines "assessment" as "any levy or charge upon real property by an agency for a special benefit conferred upon the real property," (California Constitution, Article XIII D, §2(b)). A special assessment, sometimes called a "benefit assessment," is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that "only special benefits are assessable" and requires a local government to "separate the general benefits from the special benefits conferred on a parcel."

There is no statutory definition or judicially approved formula for calculating general benefit. For purposes of this Report, general benefits are benefits from improvements or services that are not special in nature, are not particular and distinct, and are not over and above the benefits received by other properties. Proposition 218 defines "special benefit" as "a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large. General enhancement of property value does not constitute 'special benefit'."

By its nature, most every public improvement financed through an assessment district contains an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that the portion of the cost of the improvements which benefits the public generally (i.e., general benefits) be separated from the portion of the cost of the improvements which specially benefits assessed properties (i.e., special benefits).

The actual assessment and the amount of the assessment for the Fiscal Year 2024 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Appendix A. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report.

General Benefit

Post 218 Annexations

As explained above, the assessments levied within LMD No. 84-2 (other than the Post 218 Annexations) are considered "grandfathered" and thus the substantive and procedural requirements of Proposition 218, including the requirement to separate general benefit from special benefit, do not apply. However, with respect to assessments levied against properties included within the Post 218 Annexations, the City has determined that the Landscape Improvements maintained within the Post 218 Annexations by each benefit zone (other than the Nominal General Benefit Annexations, defined and discussed below) provide negligible general public benefit in that each benefit zone is comprised of separate and discrete neighborhoods for which the Landscape Improvements were installed. The Landscape Improvements do not extend beyond the perimeter of the boundary of each of those discrete neighborhoods. Additionally, other than the Nominal General Benefit Annexations discussed below, the improvements financed by LMD No. 84-2 for the Post 218 Annexations do not include any Landscape Improvements in the parkway areas fronting each discrete neighborhood. In other words, all of the Landscape Improvements financed by LMD No. 84-2 for the Post 218 Annexations are located entirely within the interior areas of the developments that comprise and are included in the Post 218 Annexations.

As further explained in the Direct and Special Benefit section, the Landscape Improvements within the Post 218 Annexations provide a direct advantage only to the properties that are within the boundaries of each discrete neighborhood/benefit zone. Although the discrete neighborhoods that comprise each benefit zone could be accessed by the public at large, the Landscape Improvements within the Post 218 Annexations that are financed by LMD No. 84-2 were specifically designed, located and created to provide additional and improved public resources exclusively for real property within the Post 218 Annexations and not the public at large. Other properties that are located outside each benefit zone do not enjoy the unique proximity, access, views and other special benefit factors discussed below under Direct and Special Benefit. Moreover, since all properties within each benefit zone have equal access and opportunity to enjoy the Landscape Improvements within the Post 218 Annexations that are financed by District assessments, all properties within each benefit zone benefit equally from the Landscape Improvements and the costs and expenses for the landscaping maintenance and services are appropriately apportioned on a per parcel or a per acre basis. Based upon the foregoing, the City has concluded that there is no measurable general benefit associated with the Landscape Improvements financed with the assessments levied against properties within the Post 218 Annexations (other than the Nominal General Benefit Annexations discussed below).

Nominal General Benefit Annexations

In reviewing the location and extent of the specific landscaped areas and improvements within the Post 218 Annexations that are funded by the District assessments and the proximity and relationship to properties to be assessed, it has been determined that the following annexation areas include landscape improvements within the parkway areas fronting the developments that comprise and are included in the Post 218 Annexations: Annexation 76 to Zone 2 (TR 27305-8 & 9), Annexation 78 to Zone 14 (PM 30197), Annexation 80 to Zone 18 (APN Nos. 119-060-18, -020, -022), and Annexation 81 to Zone 18 (TR 32195) (collectively, "Nominal General Benefit Annexations"). At the time of annexation of these developments, the improvements to be financed by the District assessments were considered local improvements that were required to be installed in connection with the development of properties within these annexation areas. Similar to the Post 218 Annexations, the Landscape Improvements within the Nominal General Benefit Annexations that are financed by District assessments were specifically designed, located, and created to provide additional and improved public resources for real property within the Nominal General Benefit Annexations and not the public at large.

Similar to the Post 218 Annexations, the majority of the Landscape Improvements (see discussion below regarding the Landscape Improvements within frontage parkway areas) provided and maintained within the Nominal General Benefit Annexations do not extend beyond the perimeter of the boundary of each discrete neighborhood that comprises the annexation area and are located entirely within the interior areas of the developments that comprise and are included in the Nominal General Benefit Annexations. As such, the interior Landscape Improvements within the Nominal General Benefit Annexations provide a direct advantage only to the properties that are within the boundaries of each annexation area. Although the developments that comprise and are included in the Nominal General Benefit Annexations could be accessed by the public at large, the Landscape Improvements within these annexation areas that are financed by District assessments were specifically designed, located, and created to provide additional and improved public resources for real property within the Nominal General Benefit Annexations and not the public at large. Other properties that are located outside each benefit zone do not enjoy the unique proximity, access, views, and other special benefit factors discussed in the Direct and Special Benefit section.

However, as indicated above, the assessments levied within the Nominal General Benefit Annexations also provide and maintain Landscape Improvements within the parkway areas fronting the developments that comprise and are included in the Nominal General Benefit Annexations. Since these parkway areas are readily accessible and viewable by the public at large, there may be some general benefit enjoyed by the general public as a result of the Landscape Improvements located and maintained in these parkway areas. In the absence of the assessments, the Landscape Improvements would not be provided or maintained within the Nominal General Benefit Annexations at the enhanced level or standard that the Landscape Improvements are currently provided and maintained. The maintenance, upkeep, and repair of such parkway Landscape Improvements would be reduced to the minimal standard necessary for public health and safety. As such, the maintenance of the Landscape Improvements within the parkway areas fronting each annexation area to the current enhanced level and standard of maintenance has a direct and particular impact or special benefit only on those properties within the Nominal General Benefit Annexations and any maintenance or services beyond that which is required to ensure the safety and protection of the general public and property, has no identifiable benefit to the public at large or properties outside these annexations. The general benefit derived from the maintenance of the Landscape Improvements within the parkway areas fronting the Nominal General Benefit Annexations can be quantified as the cost that the City would incur to provide the minimal level of maintenance and services necessary for public health and safety. The costs incurred to maintain the Landscape Improvements within the parkway areas fronting the Nominal General Benefit Annexations over and above this minimum level of service would provide a direct advantage only to the properties within the Nominal General Benefit Annexations and is considered to be a special benefit.

In the absence of the assessments levied by LMD No. 84-2, the City would typically provide only weed abatement and erosion control services for parkway areas. These services would typically be provided twice annually. This level of service provides for public safety and avoids negative impacts on adjacent roadways and vehicles traveling on those roadways, but results in a far less visually pleasing environment than is created with the enhanced level of service currently provided to the parkway areas within the Nominal General Benefit Annexations. The cost to provide the baseline weed abatement and erosion control level of service is approximately $0.02 per square foot, twice a year, for parkway areas. The general benefit is determined by multiplying the weed abatement and erosion control service costs by the square footage of these parkway areas. Since the baseline services, unlike the enhanced level of service that is provided as a result of the District assessments, provide some benefits to the general public and to the neighborhoods outside of the benefit zones, the cost of providing this baseline service is treated as the cost of general benefits from landscape maintenance services. Utilizing these per square foot costs and the square footages of the parkway areas in the Nominal General Benefit Annexations, the current estimated general benefit costs calculated for the frontage parkway areas within Annexation 76 to Zone 2 is $209.09, within Annexation 78 to Zone 14 is $766.66, and within Annexation Zones 80 and 81 to Zone 18 is $382.80. These general benefit costs are identified as the "General Benefit Contribution" in the applicable Zone budgets in Section 2 (Cost Estimate) of this Report and will be credited to those properties included within the Nominal General Benefit Annexations. Funding for these general benefit costs will be provided by the City's General Fund.

Direct and Special Benefit

The types of services provided within LMD No. 84-2 is the maintenance of parks, slopes, parkways, and open space, including but not limited to: ground cover, shrubs, plants and trees, irrigation systems, graffiti removal, sidewalks and masonry walls, entry monuments, tot lot equipment, and associated appurtenant facilities. Services provided include all necessary service, operations, administration, capital replacement and maintenance required to keep the above-mentioned improvements in a healthy, vigorous and satisfactory working condition.

As explained above, the assessments levied within LMD No. 84-2 (other than the Post 218 Annexations) are considered "grandfathered" and thus the substantive and procedural requirements of Proposition 218, including the requirement to separate general benefit from special benefit, do not apply. However, with respect to assessments levied against properties included within the Post 218 Annexations, particular direct and special benefit is provided by the Landscape Improvements which include, but are not limited to, enhanced aesthetics of areas within the benefit zones providing additional desirability for potential buyers, a more pleasant environment to walk, drive, live, and work for property owners in addition to controlling dust and potential erosion. The primary function of these Landscape Improvements and related amenities is to serve as an aesthetically pleasing enhancement and green space for the benefit of the immediately surrounding development within the individual benefit zones for which the improvements were constructed and installed. These improvements are an integral part of the physical environment of parcels within the benefit zones, and if the improvements were not properly maintained, it is these parcels that would be negatively affected. In addition, the landscape improvements serve as a physical buffer as well as a sound reduction or buffer between the roadways and the properties in the

benefit zones, as well as a physical buffer and openness between properties within the benefit zones. The improvements installed in connection with the development of the parcels constituting the benefit zones would not be necessary or required without the development of those parcels within the District.

The assessment revenue derived from real property in each benefit zone is expended only on the Landscape Improvements in that benefit zone. The Landscape Improvements are located in close proximity to the real property within each benefit zone that is subject to the assessments and provide a direct advantage to the property in the benefit zone in that the improvements funded by the assessments are directly provided only to the real property in each benefit zone. Other than the Nominal General Benefit Annexations, the Landscape Improvements do not extend beyond the perimeter of the boundary of each discrete neighborhood that comprises a benefit zone and are located entirely within the interior areas of each neighborhood. In the absence of the assessments, the Landscape Improvements would not be provided or maintained within LMD No. 84-2 and the maintenance, upkeep, and repair of such Landscape Improvements would be reduced to the minimal standard necessary for public health and safety. Therefore, the assessments provide and fund Landscape Improvements that are over and above what otherwise would be provided. The fact that the Landscape Improvements are over and above what otherwise would be provided, combined with the unique proximity and access to the Landscape Improvements enjoyed by real property within LMD No. 84-2, demonstrates that the assessments provide a direct advantage and special benefit to real property within LMD No. 84-2.

Method of Apportionment

Pursuant to the Landscaping and Lighting Act of 1972 and Article XIII D of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements shall be identified and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

To proportionally allocate special benefit to each parcel, it is necessary to correlate each property's proportional benefit to other properties that benefit from the improvements and services being funded: In order to do this, the assessment methodology assigns each parcel a number of benefit units based on its land use. One benefit unit is defined as the special benefit allocable to a single family home.

Single Family Residential Property - The method of apportionment assigns each fully subdivided single family residential dwelling one benefit unit.

Multi-Family Residential Property - This land use classification identifies residential developments that typically have 60% fewer people per dwelling unit than single family residential property and therefore have been assigned to 0.60 benefit unit, per dwelling.

Commercial Property - The method of apportionment assigns benefit units by multiplying the overall acreage by five benefit units per acre, (based on the typical number of residential property in an acre of typical development).

Benefit Zones 1, 2, 4, 7, 15, 17, and 18 - Prior to total development and the recordation of tract maps, the benefit will be assessed according to the number of lots, units, or acreage within the tentative tract map.

Benefit Zone 6 - As development occurs and prior to total development, each undeveloped parcel will be assessed the number of projected benefit units in accordance with SP 81-2.

Benefit Zone 10 - Currently, there are approximately 0.97 acres of undeveloped property and one parcel classified as reserved development within this zone. The Assessor's Parcel Number is 102-370-009.

A reserved development designation was assigned to Assessor's Parcel Number 102-370-009 under SP 85-2. Other than for mining purposes, development of Assessor's Parcel Number 102-370-009, approximately 80 acres, is not anticipated at this time.

Benefit Zone 14 - SP 85-3 (Tract No. 20796) and Tract No. 22579 created approximately 2,553 residential units of varying densities and 12.3 acres of commercial support. The updated total projected build-out is approximately 2,350 units. This benefit zone is at near build-out status and nearly all benefit units have been assessed.

Benefit Zone 19 - Benefit Zone 19 consists of various developments within South Corona. The method of assessment is based on approximately 3,700 benefit units with a residential dwelling equal to one benefit unit.

Benefit Zone 20 - SPA90-09 proposes 3,248 residential units of varying densities, 15.1 acres of commercial developments, and 15.8 acres of quasi-public land use. Currently, there are 2,754 residential units, 10.1 acres of commercial development, and 6.91 acres of quasi-public land use. At the present time the benefit zone maintains 62.47 acres of landscaping.

Prior Proposition 218 Proceedings for Rate Increase

Benefit Zone 1 – In 2001, due to increased maintenance costs and low reserves, a special election was held to increase Benefit Zone 1 from $22.54 per assessment unit to $33.54 per assessment unit (an $11.00 increase per assessment unit). The proposed increase failed to receive a majority ballot approval. Consequently, the trees and turf suffered considerably due to the lack of irrigation. Maintenance and operating service costs were reduced to eliminate tree trimming, replacement, and any landscape enhancement. In 2012, the turfgrass was removed and decomposed granite (“DG”) was installed to help further reduce maintenance costs.

Benefit Zone 4 - After a failed election in 2002, the City received many complaints from property owners within Benefit Zone 4 due to the condition of the landscape. Therefore, the City again conducted a special election pursuant to the provisions of Proposition 218 for Benefit Zone 4 in July of 2003. The proposed increase for Benefit Zone 4 was from $75.00 to $138.00 ($63.00 per assessment unit). In order to provide sufficient funds from the levy and collection of assessments within the benefit zone in future Fiscal Years to pay increasing costs due to inflation, it was proposed that the assessments levied on assessable parcels of property in Benefit Zone 4 should be subject to annual increases in future years, commencing in Fiscal Year 2007, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario ("CPI") or three percent (3%), whichever is less. Benefit Zone 4 received a favorable majority vote and the charge per assessment unit was increased from $75.00 to $138.00 commencing in Fiscal Year 2007. The maximum assessment per benefit unit for Benefit Zone 4 will escalate three and zero one hundredths percent (3.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $204.28.

Benefit Zone 10 - After a failed election in 2007, the City received many complaints from property owners within Benefit Zone 10 due to the condition of the landscape. On April 2, 2008, the City Council, in response to input from residents, approved a petition and re-ballot process to allow for property owners to re-vote. The procedure required signed petitions from at least 25% of the properties within the benefit zone to trigger a re-vote. This requisite equated to approximately 725 signed petitions from the record property owners indicating their intended support of the proposed annual levy increase from $335.61 to $540.00 per assessment unit. Benefit Zone 10 met the required minimum number of petitions favoring the re-ballot process, and a public hearing on the proposed levy increase was scheduled for June 18, 2008. Benefit Zone 10 received a favorable majority vote and the charge per assessment unit was increased for Fiscal Year 2009. The rate per assessment unit for Benefit Zone 10, is subject to an annual increase in future Fiscal Years, commencing Fiscal Year 2012, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. The maximum assessment per benefit unit, for Benefit Zone 10 will escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum charge assessment per benefit unit $674.73.

Benefit Zone 14 - After two failed elections, the irrigation and maintenance in Benefit Zone 14 was reduced due to lack of funding, causing the landscape areas to deteriorate. In order to revitalize declined areas and keep up with inflation and rising costs, this benefit zone underwent a third Proposition 218 ballot proceeding on August 28, 2007. Benefit Zone 14 received a favorable majority vote and the charge per benefit unit was increased from $100 to $230 in Fiscal Year 2009. The rate per benefit unit for Benefit Zone 14 is subject to an annual increase in future Fiscal Years, commencing Fiscal Year 2013, by the percent increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. The maximum assessment per unit for Benefit Zone 14, escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $281.74.

The landscaped and irrigated areas increased to approximately 31.44 acres in Fiscal Year 2009 and due to the increase in the assessment, a phased capital improvement program was implemented to revitalize areas that had been subjected to previous years' cutbacks. This phased program started in Fiscal Year 2009 with the first year's allocation of approximately $636,000. Of this amount, $450,000 was borrowed from Fund 289, to be paid back over 10 years at 4.2% interest. The loan was paid in full in Fiscal Year 2019.

Benefit Zone 19 - The City Council has determined that due to increasing costs associated with the maintenance, servicing and operation of public landscaping and appurtenant facilities in Zone 19, it is necessary that the assessments which will be levied on parcels of assessable property in Zone 19 be increased commencing in Fiscal Year 2024 upon the approval of the Proposition 218 ballot.

Benefit Zone 20 - After a failed election, Benefit Zone 20 property owners met the City's requisite of 621 signed petitions that triggered a re-vote on August 6, 2008 to increase the annual rate per benefit unit from $180.00 to $360.00 and to be subject to an inflationary factor in future Fiscal Years, commencing Fiscal Year 2011, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. Due to the approved measure, the added revenue from the increase allows Zone 20 to keep up with the rising costs in labor, utilities, plant materials, and irrigation parts and implement a much needed Capital Improvement and/or Plant Rehabilitation Program which began in Fiscal Year 2009. The maximum charge assessment per benefit unit for Benefit Zone 20 escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $458.18.

Reserves Outlook

After reviewing all of the benefit zones within the District, it is apparent that a majority of the benefit zones have the ability to generate reserves. However, Benefit Zones 2, 6, 17, 18, and 19 continue to draw on reserve funds at an increasing rate primarily as result of the increase in utility costs and the absence of an annual inflator for the assessment rates. Measures have been taken to reduce operating costs through turf removal projects for Zones 2 and 17. It will be necessary to conduct Proposition 218 Assessment Ballot proceedings for Benefit Zones 17 and 19 in the next few years for the benefit zones to be self-sustaining. Currently, Benefit Zones 1, 4, 7, 10, 14, 15, and 20 are building their reserve funds.

Whereas, on May 3rd, 2023, the City Council, under the Act, adopted its Resolution Initiating Proceedings for the Annual Levy of Assessments and Ordering the Preparation of an Engineer's Report for Landscape Maintenance District No. 84-2.

Whereas, the Resolution of Initiation directed Spicer Consulting Group, LLC. to prepare and file a Report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained; an estimate of the costs of the maintenance, operations, and servicing of the improvements for LMD No. 84-2 for the referenced Fiscal Year; a diagram for LMD No. 84-2 showing the area and properties to be assessed; and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels within the District in proportion to the special benefit received;

Now Therefore, the following assessment is made to cover the portion of the estimated costs of maintenance, operation, and servicing of said improvements to be paid by the assessable real property within LMD No. 84-2 in proportion to the special benefit received.

Estimated Benefit Assessments

Each of the parcels within the benefit zones listed below has been deemed to receive proportional special benefit from the maintenance and operation of the improvements within that benefit zone. The percentage change in allowable Fiscal Year 2024 assessment from the allowable Fiscal Year 2023 assessment is as follows:

Table 4-1
Proposed Assessment Summary

Zone	Estimated Charge FY 2024	Estimated Benefit Units	Maximum Assessment per BU FY 2023	Maximum Assessment per BU FY 2024	Maximum Assessment Rate Change (%)	Actual Assessment per BU FY 2024
Benefit Zone 1	$4,147.36	184.00	$22.54	$22.54	0.00%	$22.54
Benefit Zone 2[1]	$81,084.00	699.00	$116.00	$116.00	0.00%	$116.00
Benefit Zone 4	$93,609.68	514.00	$198.33	$204.28	3.00%	$182.12

Benefit Zone 7	$78,793.00	1,432.60	$55.00	$55.00	0.00%	$55.00
Benefit Zone 10	$2,139,262.93	3,429.90	$661.50	$674.73	2.00%	$623.71
Benefit Zone 14[2]	$588,663.32	2,305.50	$276.22	$281.74	2.00%	$255.33
Benefit Zone 15	$27,555.68	383.25	$106.90	$106.90	0.00%	$71.90
Benefit Zone 17	$22,110.00	201.00	$110.00	$110.00	0.00%	$110.00
Benefit Zone 18[3]	$35,980.00	359.80	$100.00	$100.00	0.00%	$100.00
Benefit Zone 19	$465,192.00	3,692.00	$126.00	$126.00	0.00%	$126.00
Benefit Zone 20	$1,068,698.21	2,573.75	$449.19	$458.18	2.00%	$415.23

[1] The Estimated Charge does not include the $209 of General Benefit.
[2] The Estimated Charge does not include the $767 of General Benefit.
[3] The Estimated Charge does not include the $383 of General Benefit.

Executed this _____ day of _____ 2023.

FRANCISCO MARTINEZ JR
PROFESSIONAL CIVIL ENGINEER NO. 84640
ENGINEER OF WORK
CITY OF CORONA
STATE OF CALIFORNIA

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and Assessment Diagram thereto attached, was filed with me on the _____ day of _____, 2023, by adoption of Resolution No. 2023-___ by City Council.

CITY CLERK
CITY OF CORONA
STATE OF CALIFORNIA

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and Assessment Diagram thereto attached, was approved and confirmed by the City Council of the City of Corona, California on the _____day of _____, 2023.

CITY CLERK
CITY OF CORONA
STATE OF CALIFORNIA

The actual assessment and the amount of the assessment for the Fiscal Year 2024 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are referenced in Appendix A of this Report. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report. If any APN identified therein is submitted for collection and identified by the County Auditor/Controller of the County of Riverside to be an invalid parcel number for any fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment, as described in this Report and approved by the City Council.

The District boundary coincides with the boundary of the parcels included within the District as of the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

Reference is made to the County Assessor's Roll and Maps for a detailed description of the lines and dimensions of any lot or parcel. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies.

An Assessment Diagram for each Zone is attached hereto in Appendix B, showing the boundaries of LMD No. 84-2 and the boundaries of each Benefit Zone established within the District as the same existed at the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

APPENDIX C

Capital Improvement Projects

SPICER CONSULTING GROUP

The Community Services Department is developing a master plan for each zone that would include capital projects, operational activities, and revenue requirements to meet the objectives and service levels desired. Revenue requirements are set to cover annual operating costs and build reserves over time to perform focused capital replacements year over year, or large capital replacements in one anticipated year. Projects will be brought before City Council for approval as they are developed through the master plan. Zone specific projects are listed below:

Zone 1 Capital Project

The City will be installing new backflow device, irrigation time, and additional plants and trees to soften the DG strips adjacent to Lincoln Avenue.

Zone 4 Capital Project

The City will install new plant material where the previous material did not take and apply new mulch to the area.

Zone 10 Capital Projects

The first-year landscape renovation project in Zone 10 was completed by the end of the Fiscal Year 2018. This project renovated approximately 125,000 square feet of landscaping for Year 1 of Zone 10's ten-year capital improvement plan.

The parkways along the south side of Oakridge Drive were completed in Fiscal Year 2020. The Oakridge portion of the project renovated 12,400 square feet of parkways, totaling $105,000. Year 2 construction was completed during Fiscal Year 2021. This project rehabilitated 63,745 square feet of slope areas and parkways, including the removal of ice plant, installation of low-precipitation rotary nozzles and acacia for slope stability. Additionally, a new irrigation controller, decomposed granite and bench seating were installed in an open space area along Rutland Drive. The total project cost was $711,551.15.

Additionally, the City contracted with Ninyo & Moore, a geotechnical and environmental sciences consulting firm, to further examine several slope areas in Zone 10, Areas 55, 89, and 272. These areas were previously observed to have some surficial slope erosion and damage to concrete drainage ditches which required more investigation. After receiving the report from Ninyo & Moore, the City focused on an area behind two homes located along Dominguez Rancho Road based on Ninyo & Moore's findings. The City subsequently requested a more detailed report, including soils sampling and testing, focused on this area from a company named GeoTek, Inc. GeoTek's findings indicate that future remediation actions will be necessary on the slope in this area, however, the slope itself at its base is stable. The City is currently working with an engineering design firm, Hunsaker and Associates, for design services based upon GeoTek's recommendations. Cost estimates are unavailable at this time, since the final design solution is unknown.

Furthermore, the City will be implementing a large tree planting project to replace trees that have either died or are showing signs of stress. It is anticipated that 200 – 300 trees will be planted this next fiscal year. Additionally, a number of deteriorated irrigation cabinets will be replaced with new stainless-steel units.

Zone 20 Capital Projects

The City will be installing new site furnishings including benches and lights poles along the Mountain Gate greenbelt this fiscal year.

Zone 10 Slope Maintenance Prioritization

RESOLUTION NO. 2023-029

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CORONA, CALIFORNIA, DECLARING INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN ZONES 1, 2, 4, 6, 7, 10, 15, 17, 18, AND 20 OF LANDSCAPE MAINTENANCE DISTRICT NO. 84-2 FOR FISCAL YEAR 2024, APPROVING PRELIMINARY ENGINEER'S REPORT AS IT PERTAINS TO ZONES 1, 2, 4, 6, 7, 10, 15, 17, 18, AND 20, AND PROVIDING NOTICE OF PUBLIC HEARING ON PROPOSED ASSESSMENTS

WHEREAS, the City Council of the City of Corona (the "City Council") has previously determined that the public interest, convenience, and necessity require the installation, construction, and maintenance of public landscaping and appurtenant facilities within Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the Landscape Maintenance District No. 84-2 (the "District") as authorized by the Landscaping and Lighting Act of 1972, Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code (the "Act"); and

WHEREAS, on May 3, 2023, the City Council adopted Resolution No. 2023-028 initiating proceedings to levy and collect assessments for Fiscal Year 2024 within the District, and ordering the preparation of an Engineer's Report; and

WHEREAS, Spicer Consulting Group, LLC, the Engineer of Record designated by the City Council to prepare such report, has prepared and filed the report with the City Clerk, and presented the report to the City Council for consideration; and

WHEREAS, it is necessary that City Council adopt a resolution of intention pursuant to Section 22624 of the Streets and Highways Code, approve the preliminary Engineer's Report (the "Report"), and provide notice of the time and place of a public hearing on the Report and the proposed assessments within the District for Fiscal Year 2024.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CORONA, CALIFORNIA, AS FOLLOWS:

SECTION 1. Findings. The City Council finds that:

(a) The foregoing recitals are true and correct;

(b) The Report contains all matters required by Section 22565 through 22574 of the Streets and Highways Code and may, therefore, be approved by the City Council;

(c) The proposed assessments to be levied on all parcels of assessable land within Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the District for Fiscal Year 2024 are based on

special benefit conferred upon each such parcel from the public lighting facilities maintained and serviced by the District;

(d) The proportionate special benefit derived by each such parcel has been determined in relationship to the entirety of the cost of the maintenance and servicing of the public lighting facilities; and

(e) The amount of the proposed assessment to be levied on each such parcel is based upon and will not exceed the reasonable costs of the proportionate special benefit conferred on that parcel.

(f) Except for the implementation of previously approved inflation adjustments in Zones 4, 10, 14 and 20, the amount of the proposed assessment to be levied on each such parcel is not proposed to be increased over the amount of the assessment which was levied on the parcel for the prior Fiscal Year.

SECTION 2. Intention. The City Council declares that it intends to levy assessments on all parcels of assessable land within Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the District for Fiscal Year 2024, as set forth in the Report. Those assessments will be collected at the same time and in the same manner as County taxes are collected.

SECTION 3. Improvements. The improvements authorized for Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the District are:

(a) The installation or construction of public landscaping of green belts, median islands, slopes adjacent to the public rights-of-way, and facilities appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including electrical facilities; and

(b) The maintenance and servicing, or both, of any of the foregoing, including all matters specified in Sections 22531 and 22538 of the Streets and Highways Code which are applicable thereto.

SECTION 4. District. The distinctive designation of the District is "Landscape Maintenance District No. 84-2 of the City of Corona." The boundaries of the District are described and shown in the Report.

SECTION 5. Report and Assessments. The Report, which is on file with the City Clerk, and has been presented to the City Council at the meeting in which this resolution is adopted, is approved as it pertains to Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the District. Reference is hereby made to the Report for a full and detailed description of the improvements, the boundaries of the District, the zones therein, and the proposed assessments for Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the District for Fiscal Year 2024.

SECTION 6. Public Hearing. Notice is hereby given that on July 19, 2023, at 6:30 p.m., in the City Council Chambers of the City of Corona, at 400 South Vicentia Avenue, Corona, at a regular meeting of the City Council, a public hearing will be held on the Report and the assessments to be levied within Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the District for Fiscal Year 2024. Any interested person may file a written protest with the City Clerk prior to the conclusion of the hearing, which protest must state all grounds of objection and describe the property within the District owned by such person.

SECTION 7. Publication. The City Clerk shall cause a copy of this resolution to be published once in the newspaper of general circulation as required by Sections 22552 and 22553 of the Street and Highways Code and Section 6061 of the Government Code.

SECTION 8. Designated Person. The City Council designates Spicer Consulting Group, LLC., the Engineer of Record, telephone number (866) 504-2067, as the person to answer inquiries regarding the levying and collection of the assessments within Zones 1, 2, 4, 6, 7, 10, 15, 17, 18, and 20 of the District for Fiscal Year 2024.

PASSED, APPROVED AND ADOPTED this 17th day of May, 2023.

_____
Mayor of the City of Corona, California

ATTEST:

_____
City Clerk of the City of Corona, California

CERTIFICATION

I, Sylvia Edwards, City Clerk of the City of Corona, California, do hereby certify that the foregoing Resolution was regularly passed and adopted by the City Council of the City of Corona, California, at a regular meeting thereof held on the 17th day of May, 2023, by the following vote:

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/17/2023

TO: Honorable Mayor and City Council Members

FROM: Finance Department

SUBJECT:
RESOLUTION DECLARING INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN ZONE 19 OF THE LANDSCAPE MAINTENANCE DISTRICT NO. 84-2 FOR FISCAL YEAR 2024, APPROVING PRELIMINARY ENGINEER'S REPORT, AND PROVIDING NOTICE OF PUBLIC HEARING ON PROPOSED ASSESSMENTS.

EXECUTIVE SUMMARY:
Landscape Maintenance District No. 84-2 provides landscape maintenance and operating services for the public landscaping and related appurtenances within the District's boundaries. Adoption of the recommended resolution will declare the City's intent to levy and collect Fiscal Year 2024 assessments, approve the preliminary Engineer's Report, and set a public hearing for July 19, 2023, at which time the City Council may approve the annual assessments and order the levy of assessments within the District.

RECOMMENDED ACTION:
That the City Council adopt Resolution No. 2023-030, declaring intention to levy and collect assessments within Zone 19 of the Landscape Maintenance District No. 84-2 for Fiscal Year 2024, approving preliminary Engineer's Report, and providing notice of public hearing on the proposed assessments.

BACKGROUND & HISTORY:
Zone 19 of the Landscape Maintenance District No. 84-2 ("LMD 84-2" or "District") was established in 1986 in accordance with the provisions of the Landscaping and Lighting Act of 1972 (the "1972 Act"). The purpose of the District is to provide landscape maintenance and operating services for the public landscaping, and related appurtenances within the District's boundaries.

The annual assessments proposed to be levied within the District will pay for the maintenance

services during Fiscal Year 2024. The services provided include all necessary operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy and satisfactory working condition.

ANALYSIS:
The State of California Street and Highways Code Section 22500 requires an annual review of the assessments levied by the assessment districts formed under the 1972 Act. In order to levy and collect special assessments within the districts, an Engineer's Report must be prepared, which provides details on the improvements that are maintained and the estimated budgets for each district.

On May 3, 2023, the City Council adopted Resolution No. 2023-027, to initiate the proceedings to levy and collect assessments for the District for Fiscal Year 2024, appointed Spicer Consulting Group, LLC as the engineer of record, and ordered the preparation of an Engineer's Report for the District.

Attached to this report is the preliminary Engineer's Report (the "Report") as it pertains to the District, which includes a detailed description of the existing improvements within the District, the estimated maintenance costs, the methods of assessment apportionment, and diagram showing the boundaries of the District. The report also provides analyses of the District's financial status.

FINANCIAL IMPACT:
The cost of operation, servicing, and maintenance of the District will be funded by the assessments levied and collected within the District. For Fiscal Year 2024, it is projected that the assessment revenues will be insufficient to cover the operating costs for the District during the same fiscal period, resulting in an estimated operating deficit of $110,268. The estimated deficit is due to the rising costs of maintenance services, and the District does not have a built-in escalator for the annual levy to keep up with the expenditures.

On May 3, 2023, the City Council adopted Resolution No. 2023-038 to initiate proceedings to increase the assessments in the District to sufficiently fund maintenance services and restore missing landscaping. Ballots will be mailed to all property owners in the District for a vote on the increase, and a public hearing will be held on July 19, 2023 to tabulate the results. If there is a majority protest against the increased assessment, staff will return to the City Council at a future meeting to provide recommendations for service level reductions in the District to address the estimated deficit.

Below is an overview of the District's estimated assessment revenues and proposed expenditures for Fiscal Year 2024. Detailed information can be found in the attached Report.

District	Estimated Costs	Estimated Assessment Revenue	General Benefit Contribution(1)	Estimated Excess/(Deficit)	Actual Assessment YOY % Change
Zone 19	$608,024.29	$465,192.00	($32,563.44)	($110,268.85)	0.00%

[1] Benefit received by non-residents of the District for the landscape improvements. This amount is contributed by the City's General Fund.

ENVIRONMENTAL ANALYSIS:
This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action merely declares the City's intent to levy and collect assessments within the District for Fiscal Year 2024, and there is no possibility that adopting the resolution will have a significant effect on the environment. Therefore, no environmental analysis is required.

PROJECT: LANDSCAPE MAINTENANCE DISTRICT NO. 84-2

TO: CITY COUNCIL
CITY OF CORONA
STATE OF CALIFORNIA

REPORT PURSUANT TO "LANDSCAPING AND LIGHTING ACT OF 1972"

Pursuant to direction from the City Council (the "City Council") of the City of Corona (the "City"), State of California, submitted herewith is the Engineer's Report (the "Report") for the Landscape Maintenance District No. 84-2, consisting of the following parts, pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California, being the "Landscaping and Lighting Act of 1972" (the "Act"), as amended, commencing with Section 22500, and which is in accordance with Resolution Nos. 2023-26, 27, and 28 adopted by the City of Corona City Council, Riverside County, California ordering preparation of the Report for Landscape Maintenance District No. 84-2 ("LMD No. 84-2" or the "District"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2023, to June 30, 2024.

Section 1 PLANS AND SPECIFICATIONS of the improvements to be maintained and/or improved for the Fiscal Year. The plans and specifications show and describe the existing and proposed improvements and are sufficient in showing and describing the general nature, location and extent of the improvements.

Section 2 A COST ESTIMATE of the improvements to be maintained and/or improved for the mentioned Fiscal Year.

Section 3 A METHOD OF APPORTIONMENT OF ASSESSMENT calculates the receipt of special benefit and the general benefit derived from the installation and maintenance and servicing of the respective improvements located throughout the District, and the methodology used to apportion the total assessment to the properties within the District.

Section 4 An ENGINEER'S SIGNATURE certifying the filing of the Engineer's Report, together with the Assessment Roll and Assessment Diagram.

Section 5 ASSESSMENT ROLLS showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the boundaries as shown on the below-referenced Diagram. The Assessment Rolls can be found in Appendix A.

Section 6 The ASSESSMENT DIAGRAMS of the District. Said Diagrams shall show the exterior boundaries of the District and the boundaries of any zones within the District. Reference is made to the County Assessor's Maps for a detailed description of the lines and dimensions of any lots or parcels. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies. The Assessment Diagrams can be found in Appendix B.

LMD No. 84-2 consists of 12 Benefit Zones that were all formed in 1986. The types of services provided for Zones 1, 2, 4, 6, 7, 10, 14, 15, and 17 through 20 are the maintenance of parks, slopes, parkways, and open space, including but not limited to: ground cover, shrubs, plants and trees, irrigation systems, graffiti removal, sidewalks and masonry walls, entry monuments, tot lot equipment, fitness circuit equipment, pathway lighting, green space and associated appurtenant facilities. Services provided include all necessary service, operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy, vigorous, and satisfactory working condition. The above maintenance and services may be referred to herein as the "Landscape Improvements". Below is a description of each Zone within the boundaries of the District.

Description of the Boundaries and Improvement Services of LMD No. 84-2

Benefit Zone 1 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover within the west parkway of Lincoln Avenue adjacent to the benefit zone. The improvements were required by the conditions of approval for Tract No. 19288 and Tract No.'s 19288-1 through 19288-5.

Benefit Zone 2 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover within the buffer zone along the westerly boundary of the open space designated as Lot "A" within Tract No. 19981 and the Corydon Street parkways. Also to be maintained are the access road and the natural open space of Lot "A." The improvements were required by the condition of approval for Tract No. 19981.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street and open space lot (Lot "A"), within Tract No. 20515. The improvements were required by the condition of approval for Tract No. 20515.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street and Lot "C" of Tract No. 21354. The improvements were required by the condition of approval for Tract No. 21354.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street, Tract No.'s 27305-1 through 27305-9, and incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 4 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- Parkway irrigation system, trees, and ground cover along Ontario and Fullerton Avenues and Old Temescal Road within the benefit zone. The improvements were required by the condition of approval for Tract No. 19480.
- Parkway irrigation system, trees, and ground cover adjacent to the following tracts and along Old Temescal Road and Ontario, Fullerton, and Rimpau Avenues. The improvements were required by the condition of approval for Tract No.'s 19690, 19690-1, and 19690-2.
- Parkway irrigation system, trees, and ground cover along Old Temescal Road and Fullerton and Rimpau Avenues within the benefit zone. The improvements were required by the condition of approval for Tract No. 19688.
- Parkway irrigation system, trees, ground cover, and sidewalk within the 12-foot parkways adjacent to Tract No. 22961, along Old Temescal Road and Rimpau Avenue. The improvements were required by the condition of approval for Tract No. 22961.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 6 includes all property within Assessment District No. 79-2, located north and south of Route 91 between Cresta Verde and Buchanan Street. The improvements consist of maintaining the following irrigation systems, trees, and ground cover along the following:

- McKinley Street median between Magnolia Avenue and the Rancho El Sobrante de San Jacinto boundary line (approximately 200 feet north of Mt. Humpries Street).
- Promenade Avenue median between 2,000 feet west of McKinley Street and 1,300 feet east of McKinley Street.
- Parkway and streetscape landscaping along McKinley Street, between Magnolia Avenue and the Rancho El Sobrante de San Jacinto boundary line, except on the west side between Sampson Avenue and Magnolia Avenue.
- Parkway and streetscape landscaping along Promenade Avenue between the Riverside Freeway and Buchanan Street.
- Parkway and streetscape landscaping along portions of Buchanan Street adjacent to the area known as Westfield Corona and from Wimbledon Drive to the north boundary of said area.

- Parkway and streetscape landscaping along the north side of Wimbledon Drive from Buchanan Street to Surry Circle; north side of Dartmouth Street from Buchanan Street to Chelsea Way; both sides of Eaton Street between Coventry Way and Astoria; and both sides of Brittany Drive between Newcastle and Promenade Avenue.
- Parkway and adjacent slope irrigation, trees, and ground cover along the east side of Mondale Street, between Kennedy Drive and Promenade Avenue; open space Lots 79 and 80 of Tract No. 21213; and the slopes adjacent to the Riverside Freeway. The improvements were required by the conditions of approval for Tract No. 21213.
- Parkway irrigation, trees, and ground cover along the north side of Cresta Road between Harding Road and Promenade Avenue and the southwest side of Collett Avenue between Coolidge Street and Promenade Avenue as were required by the conditions of approval for Tract No. 19191.
- Parkway irrigation, trees, and ground cover along the west side of Collett Avenue between Promenade Avenue, and 400 feet southwest of Cresta Road as were required by the conditions of approval for Tract No. 19666.
- Parkway irrigation and ground cover along the northeast side of Cresta Avenue, along Lots 31 through 34 of Tract No. 19191-2.
- Natural conditions within open space Lots 69, 83, 84, and 126 of Tract No. 20775.
- The irrigation system and landscape improvements within Lots D and E of Tract No. 23454 and Lots C, D, and E of Parcel Map No. 23376.
- The irrigation system and landscaping within the parkway along the northwesterly side of Buchanan Street from the south side of Dartmouth Street to the north side of Wimbledon Drive. The improvements were required by the condition of approval for Tract No. 24129 and Parcel Map No. 24041.
- The irrigation system and landscaping within the median and parkway along McKinley Street and adjacent to Assessor Parcel Numbers 172-420-002 and 172-420-003. The improvements were required by the condition of approval for Assessor Parcel Numbers 172-420-002 and 172-420-003.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 29876.
- Incidental drainage facilities in conjunction with the above landscape improvements.
- The improvements are required as set forth by Specific Plan "SP 81-2" and were constructed both under Assessment District No. 79-2, City of Corona, State of California and as conditions of approval for various developments.

Benefit Zone 7 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover constructed as part of the detention basin within Lot 142 of Tract No. 20966; and the parkway and slope landscaping along Ontario Avenue. The improvements were required by the condition of approval for Tract No.'s 20818, 21720, and 20966.
- The irrigation system, trees, and ground cover as part of the detention basin within Lot 1 of Tract No. 19159-1.
- The irrigation system and landscape improvements within the common lots adjacent to Ontario Avenue and within Tract No.'s 21203 and 21720.
- Decorative block wall and landscaping in the ten-foot wide landscaping lot along Via Pacifica.
- Landscape pockets and landscaping within the decorative wall along Citron Street, between Via Pacifica and the Oak Street Channel.
- The irrigation system and landscape improvements within the parkway adjacent to Tract No. 22535 and along Ontario Avenue, and slope easements located within Lots 1, 27, and 28 of Tract No. 22535.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 10 includes two distinct areas that are within Specific Plan "SP 85-2", as approved by the Corona City Council on September 18, 1985. The improvements to be maintained consist of the following:

- Parkway irrigation system, trees, and ground cover along both sides of Green River Drive, Ridgeline Drive, Serfas Club Drive, Paseo Grande, Montana Ranch Road, and Palisades Drive. Also to be maintained are the lots designated for open space and

the fuel modification zone, including erosion control, plant replacement, and landscaping debris cleanup. The improvements were required by the condition of approval for Tract No. 20872.

- The irrigation system, trees, and ground cover within the common area designated as Lot No. 17, Tract No. 12166. The improvements were required by the condition of approval for Tract No. 12166.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 14 improvements were a condition of approval for Tract No.'s 20796 and 22579 and consist of maintaining irrigation systems, trees, and ground cover along the following:

- Median, parkway, and streetscape landscaping along Hidden Valley Parkway, McKinley Street, and other public streets.
- Flood control detention basins.
- The above improvements were required as set forth by the Woodlake Specific Plan "SP 85-3" approved by the Corona City Council on November 20, 1985 and by the condition of approval for Map No. 20796.
- The irrigation system and landscaping within Lots A through D, Tract No. 22579 and those portions of the Hidden Valley Parkway within Tract No. 22579. The improvements were required by the condition of approval for said tract.
- The irrigation system and landscaping within Lots F and I, Tract No. 25249. The improvements were required by the condition of approval for Tract No. 25249.
- Median, parkway, and streetscape landscaping along Hidden Valley Parkway, McKinley Street, and other public streets. The improvements were required by the conditions of approval for Tract No. 29595.
- Median, parkway, and streetscape landscaping along Stevens Drive. The improvements were required by the conditions of approval for Parcel Map No. 33533.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 15 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover of the parkway along the public right-of-way within Tract No. 20006. The improvements were required by the condition of approval for said tract.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 17 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system and landscape improvements within the parkway adjacent to Tract No. 21355 and along Stagecoach Road; slope easements located within Lots 1 through 6 and 192 through 205; and the westerly parkway on Stagecoach Road from the southerly boundary of Tract No. 21355 to Corydon Street.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 18 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system and landscaping within the parkway adjacent to Tract No.'s 24716 & 32195; Assessor Parcel Numbers 119-060-018; 119-060-020; and 119-060-022; and along River Road (including the center median area); Lincoln Avenue and Harrington Street; and the riparian habitat area within and adjoining that portion of the Norco Channel within said tract.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 19 consists of various developments within South Corona for which the improvements consist of maintaining the following:

- The irrigation system and landscaping in accordance with the South Corona Community Facilities Plan. These improvements are also referred to as the "South Corona Streetscapes," and includes parkways, medians, and dedications to the City of Corona from past and future South Corona development.
- The irrigation system and landscaping within Lots A and B, Parcel Map No. 22908, and the portion of the westerly Lincoln Avenue parkway fronting said map.
- The irrigation system and landscaping within the easterly Mangular Avenue parkway adjacent to Tract No. 24118.

- The irrigation system and landscaping within the easterly parkway along Oak Avenue, the northeasterly parkway along Chase Drive, adjacent to Tract No. 23434, and within Lots L, M, O, P, Q, R, S, T, and U of Tract No. 23434.
- The irrigation system and landscaping within Lots F and G of Tract No. 22707 and that portion of the westerly Mangular Avenue parkway adjacent to said map.
- The irrigation system and landscaping within Lots A and B of Tract No. 20971 and that portion of Fullerton Avenue (formerly Garretson Avenue) parkway fronting said map.
- The irrigation system and landscaping within Lots A, K, and L, Tract No. 24326 and the parkways adjacent to said tract and along Chicago Street and Citrus Way. The improvements were required by the condition of approval for Tract No. 24326.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 23861 and along California Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 23401-1 and 23401-2, and along California and Chase Avenues; and the bike path adjacent to said tracts and along Chase Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25009 and along Foothill Parkway, Highgrove Street, and Lot F of Tract No. 25009.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24533, along the east side of Lincoln Avenue, north side of Foothill Parkway, and west side of Buena Vista Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24271 and along the west side of Buena Vista Avenue.
- The irrigation system and landscaping within Lots C, D, and J of Tract No. 27199, and the parkways adjacent to said tract and along the north side of Santana Way.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 26807, 25466, and 25652C, and along the east side of Fullerton Avenue (formerly Garretson Avenue), south side of Foothill Parkway, both sides of Valencia Avenue, and the north side of Upper Drive.
- The irrigation system and landscaping within the parkways adjacent to Parcel Map No. 25817 and along the east side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within Lots D, E, F, and I of Tract No. 26012-1 and the parkways adjacent to Tract No.'s 26012-1 and 26012, along the east side of Lincoln Avenue.
- The irrigation system and landscaping within Lots C, D, and E, Tract No. 26903-1 and the parkways adjacent to said tract and along the north side of Chase Drive and the east side of Fullerton Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27504, along the north side of Chase Drive and the east side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25887, along the north side of Chase Drive and the west side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within parkways on Fullerton and Gilbert Avenues adjacent to Parcel Map 24234, all within Annexation No. 37.
- The irrigation system and landscaping within parkways north of Encanto Street and west of Hudson Avenue adjacent to Tract No. 26062, all within Annexation No. 40.
- The irrigation system and landscaping within parkways adjacent to Parcel Map 26695 located east of Gilbert Avenue, all within Annexation No. 45.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25466 and 25466-1 and along the north side of Upper Drive and the west side of Rimpau Avenue (formerly Lester Avenue), all in Annexation No. 52.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27802, along the north side of Foothill Parkway and the west side of Rimpau Avenue (formerly Lester Avenue), all in Annexation No. 53.
- The irrigation system and landscaping within the parkway adjacent to Tract No. 25311R and along the south side of Chase Drive and the north side of Foothill Parkway, all in Annexation No. 54.

- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 27916-1, 27916-2, and 27916-3, along the east side of Lincoln Avenue, all in Annexation No. 55.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 23956, 23956-1, and 23956-2, along the west side of Kellogg Avenue, all in Annexation No. 56.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27860 along the north side of Foothill Parkway, all in Annexation No. 57.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24272 and Tract No.'s 24272-1 through 24272-8, along the east and west sides of Lincoln Avenue, and along the west side of Buena Vista Avenue, all in Annexation No. 58; and the irrigation system and landscaping within parkways adjacent to Tract No. 25690, along the west side of Lincoln Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26117-1, along the north side of Foothill Parkway, all in Annexation No. 59.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25571 and 25571-1 and along the north and south side of Citrus Way, all in Annexation No. 60.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 27833, 27833-1, and 27833-2, along the west side of Fullerton Avenue, all in Annexation No. 61.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25315, 25315-1, 25315-2, and 25315-3, along the east side of Kellogg Avenue and the south side of Santana Way, all in Annexation No. 62.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 24077, 24077-1, 24077-2, and 24077-3, all in Annexation No. 63.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25396, along the east side of Rimpau Avenue, and along the west side of California Avenue, all in Annexation No. 64.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24840, along the south side of Valencia Avenue and north side of Upper Drive, all in Annexation No. 65.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 28177 and 28177-1, and along the south side of Foothill Parkway, the east side of Rimpau Avenue, and the north side of Valencia Avenue, all in Annexation No. 66.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25310R, along the south side of Chase Drive, the east side of Fullerton Avenue, and the north side of Foothill Parkway, all in Annexation No. 67.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25468, 25468-1, 25468-2, and 25468-3, along the south side of Foothill Parkway and the west side of California Avenue, all in Annexation No. 68.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26058 and along the south side of Chase Drive and the west side of Fullerton Avenue, all in Annexation No. 69.
- The irrigation system and landscaping within the parkways adjacent to Parcel Map No. 26978 and along the east side of Lincoln Avenue, all in Annexation No. 70.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26238, along the south side of Taber Road, and along the west side of California Avenue, all in Annexation No. 71.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 28180, along the south side of Ontario Avenue and the west side of Rimpau Avenue, all in Annexation No. 73.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25917R-1, all in Annexation No. 74.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26807-R, along the east side of Fullerton Avenue, the north side of Valencia Road, and the south side of Foothill Parkway, all in Annexation No. 75.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 20 consists of the Mountain Gate Specific Plan and its Amendment ("SPA90-09") Area for which improvements consist of maintaining the following:

- The irrigation system and landscaping within the parkways and medians of the arterial and collector streets, including the additional landscape lots that are proposed to be dedicated along a number of the major streets.
- The structure and exterior face of the project theme walls located along the major arterial and collector streets in the planned community.
- Entry monuments and special landscape areas located at the major project entries, secondary project entries, individual subdivision entries, and special landscape areas identified on the Mountain Gate landscape master plan.
- The landscaping, bicycle paths, recreational improvements, and open space areas which may be developed and dedicated to the public within the designated estate residential cluster development areas, exclusive of public park areas.
- The designated fuel modification areas in the hillside overlay zone of Planning Area 26.
- Other improvements which may be accepted by the City Council for maintenance by the landscape maintenance district.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Changes in Benefit Zone Boundaries

During the lifetime of the District, several changes have occurred that affect the boundaries of the benefit zones. The plans and specifications for the changes are on file with the City of Corona.

1. Due to the nature, location, and extent of the improvements it has been determined that some benefit zones received the same degree of benefit. Accordingly, these benefit zones have been eliminated by consolidating them with other zones, as follows:
   - Benefit Zone 8 was consolidated into Benefit Zone 7.
   - Benefit Zone 9 and 13 were consolidated into Benefit Zone 4.
   - Benefit Zone 11 was consolidated into Benefit Zone 10.
2. Four benefit zones were eliminated for the following reasons:
   - Benefit Zones 3 and 5 have been eliminated because the interim detention basins are no longer necessary due to the installation of storm drains.
   - Benefit Zone 12 has been eliminated because improvements formerly maintained by the City are now maintained by the Cresta Verde Golf Course.
   - Benefit Zone 16 has been eliminated because the interim detention basin is no longer necessary due to the Oak Street Channel improvement. The property maintenance has been turned over to the underlying property owner and all affected property owners were notified of the levy being discontinued.
3. Due to the nature, location, and extent of the improvements, the Mountain Gate Specific Plan Area was detached from Benefit Zone 19 to establish Benefit Zone 20.

The cost of servicing, maintaining, repairing, and replacing the actual improvements as described in the Plans and Specifications are summarized as follows:

Table 2-1
Benefit Zone 1 - Budget

	Estimated through June 30	
Direct Costs	**FY 2023**	**FY 2024**
Contract Services	$805	$871
Maintenance Inspection and Administration	$759	$975
Utilities	$714	$728
Total Direct Costs	**$2,278**	**$2,574**
Indirect Costs		
County Admin	$170	$173
City Personnel/Overhead	$95	$97
Engineering Costs	$22	$24
Total Indirect Costs	**$287**	**$294**
Total Costs	**$2,565**	**$2,868**
Collection/(Contribution)		
Operating Reserve	$0	$0
Capital Replacement Reserve	$1,582	$1,280
Total Adjustments	**$1,582**	**$1,280**
Total Assessment	**$4,147**	**$4,148**
Reserve Fund Balances		
Beginning Operating Reserve	$1,283	$1,434
Reserve Collection	$0	$0
Reserve Contribution	$0	$0
Est. Ending Operating Reserve(1)	**$1,283**	**$1,434**
Beginning Capital Replacement Reserve	$24,219	$26,881
Reserve Collection	$1,582	$1,280
Reserve Contribution	$0	$0
Est. Ending Capital Replacement Reserve(2)	**$25,801**	**$28,161**

(1) *The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.*

(2) *The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For FY 2024, $1,280 is allocated for Capital Replacement Reserves. Please refer to Appendix C for a list of the capital improvement projects by Zone. There are no anticipated major Capital Improvement Projects planned for Zone 1.*

Table 2-2
Benefit Zone 2 – Budget

	Estimated through June 30	
Direct Costs	**FY 2023**	**FY 2024**
Contract Services	$24,490	$26,163
Maintenance Inspection and Administration	$12,680	$13,210

Interfund Loan	$0	$21,390
Total Indirect Costs	**$14,322**	**$36,114**
Total Costs	**$568,560**	**$608,024**
Collection/(Contribution)		
Operating Reserve	($103,368)	($110,269)
Capital Replacement Reserve	$0	$0
General Benefit Contribution(1)	$0	($32,563)
City Contribution	$0	$0
Total Adjustments	**($103,368)**	**($142,832)**
Total Assessment	**$465,192**	**$465,192**
Reserve Fund Balances		
Beginning Operating Reserve	($94,831)	($169,916)
Reserve Collection	$0	$0
Reserve Contribution	($103,368)	($110,269)
Est. Ending Operating Reserve(2)	**($198,200)**	**($280,185)**
Beginning Capital Replacement Reserve	$0	$0
Reserve Collection	$0	$0
Reserve Contribution(3)	$0	$0
Est. Ending Capital Replacement Reserve	**$0**	**$0**

(1) *A General Benefit of 7% for Zone 19 was determined as a result of a Prop 218 balloting procedure in FY 2024. Therefore, the City will Contribute $32,563 to offset the General Benefit portion towards the Zone reducing the overall deficit the Zone is incurring.*

(2) *The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy. For FY 2024, $110,269 is being contributed to subsidize the levy.*

(3) *The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. There are no anticipated major Capital Improvement Projects planned for Zone 19.*

Table 2-12
Benefit Zone 20 – Budget

	Estimated through June 30	
Direct Costs	**FY 2023**	**FY 2024**
Contract Services	$323,677	$343,235
Maintenance Inspection and Administration	$154,819	$159,299
Utilities	$288,423	$294,191
Total Direct Costs	**$766,919**	**$796,725**
Indirect Costs		
County Admin	$767	$787

Beginning Capital Replacement Reserve	$2,236,390	$2,439,500
Reserve Collection	$271,139	$240,452
Reserve Contribution	$0	$0
Est. Ending Capital Replacement Reserve(2)	**$2,507,529**	**$2,679,952**

(1) *The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.*

(2) *The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For FY 2024, $240,452 is allocated for Capital Replacement Reserves. Please refer to Appendix C for a list of the Capital Improvement projects by Zone. There are no anticipated major Capital Improvement Projects planned for Zone 20.*

Proposition 218 Compliance

On November 5, 1996 California voters approved Proposition 218, entitled the "Right to Vote on Taxes Act," which added Article XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new substantive and procedural requirements for the formation and administration of assessment districts. Proposition 218 provides that all existing, new, or increased assessments must comply with Proposition 218's new substantive and procedural requirements unless the assessment is "grandfathered" as one of the four categories of assessments that existed on or before November 6, 1996 and is therefore exempted from the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit.

Two of the four categories of assessments that are "grandfathered" under Proposition 218 and are relevant to the District are:

1. Any assessment imposed exclusively to finance the capital cost or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.
2. Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed.

For purposes of applying the first exception, Proposition 218 does not define the term "streets"; however, based upon the opinions of public agency officials, attorneys and assessment engineers, as well as language in the Proposition 218 Omnibus Implementation Act (Government Code §§ 53750 et seq.) and the court's reasoning in *Howard Jarvis Taxpayers Association v. City of Riverside,* 73 Cal.App.4th 679 (1999), it has been determined that the term "streets" includes median and parkway landscaping, traffic signals, safety lighting, and street lighting, and all other public improvements located within the street right-of-way, since assessments for these types of improvements are traditionally appropriate, non-abusive special assessments. The improvements and services financed by LMD No. 84-2 constitute physical parts of the right-of-way in which the street is located, contribute to road and sidewalk safety, and provide for drainage and treatment of runoff. Therefore, the assessments levied by LMD No. 84-2 (other than the assessments for the Post Proposition 218 Annexations, defined below) are grandfathered under the first exception, and thus the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit, do not apply.

The second exception to the application of Proposition 218 also applies to LMD No. 84-2, because the District was initiated by a petition signed by the property owners within the District boundaries at the time it was formed and, therefore, the assessments are exempt from the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit.

Even if assessments are initially "grandfathered" under Proposition 218 and thus exempt from the substantive and procedural requirements of Proposition 218, if the assessments are increased in the future the City will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase). Additionally, although the assessments levied within LMD No. 84-2 are considered "grandfathered", the City has determined that it is appropriate to ensure that the assessments levied against properties that were annexed to LMD No. 84-2 after the passage of Proposition 218 comply with the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit. The City has identified the following annexations to LMD No. 84-2 as annexations that were approved after the passage of Proposition 218 (collectively "Post 218 Annexations"):

Table 3-1
Annexations

Annexation Year	Annexation Number	Zone	Property Annexed
2013	85	20	TT 34760
2013	84	10	TT 35590R
2007	83	14	PM 33761
2006	82	14	PM 33533
2005	81	18	TR 32195
2005	80	18	APN 119-060-018, -020, -022
2004	79	14	TR 29595
2001	78	14	PM 30197
2001	77	6	TR 29876
1997	76	2	TR 27305-8, -9

Proposition 218 defines "assessment" as "any levy or charge upon real property by an agency for a special benefit conferred upon the real property," (California Constitution, Article XIII D, §2(b)). A special assessment, sometimes called a "benefit assessment," is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that "only special benefits are assessable" and requires a local government to "separate the general benefits from the special benefits conferred on a parcel."

There is no statutory definition or judicially approved formula for calculating general benefit. For purposes of this Report, general benefits are benefits from improvements or services that are not special in nature, are not particular and distinct, and are not over and above the benefits received by other properties. Proposition 218 defines "special benefit" as "a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large. General enhancement of property value does not constitute 'special benefit'."

By its nature, most every public improvement financed through an assessment district contains an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that the portion of the cost of the improvements which benefits the public generally (i.e., general benefits) be separated from the portion of the cost of the improvements which specially benefits assessed properties (i.e., special benefits).

The actual assessment and the amount of the assessment for the Fiscal Year 2024 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Appendix A. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report.

General Benefit

Post 218 Annexations

As explained above, the assessments levied within LMD No. 84-2 (other than the Post 218 Annexations) are considered "grandfathered" and thus the substantive and procedural requirements of Proposition 218, including the requirement to separate general benefit from special benefit, do not apply. However, with respect to assessments levied against properties included within the Post 218 Annexations, the City has determined that the Landscape Improvements maintained within the Post 218 Annexations by each benefit zone (other than the Nominal General Benefit Annexations, defined and discussed below) provide negligible general public benefit in that each benefit zone is comprised of separate and discrete neighborhoods for which the Landscape Improvements were installed. The Landscape Improvements do not extend beyond the perimeter of the boundary of each of those discrete neighborhoods. Additionally, other than the Nominal General Benefit Annexations discussed below, the improvements financed by LMD No. 84-2 for the Post 218 Annexations do not include any Landscape Improvements in the parkway areas fronting each discrete neighborhood. In other words, all of the Landscape Improvements financed by LMD No. 84-2 for the Post 218 Annexations are located entirely within the interior areas of the developments that comprise and are included in the Post 218 Annexations.

As further explained in the Direct and Special Benefit section, the Landscape Improvements within the Post 218 Annexations provide a direct advantage only to the properties that are within the boundaries of each discrete neighborhood/benefit zone. Although the discrete neighborhoods that comprise each benefit zone could be accessed by the public at large, the Landscape Improvements within the Post 218 Annexations that are financed by LMD No. 84-2 were specifically designed, located and created to provide additional and improved public resources exclusively for real property within the Post 218 Annexations and not the public at large. Other properties that are located outside each benefit zone do not enjoy the unique proximity, access, views and other special benefit factors discussed below under Direct and Special Benefit. Moreover, since all properties within each benefit zone have equal access and opportunity to enjoy the Landscape Improvements within the Post 218 Annexations that are financed by District assessments, all properties within each benefit zone benefit equally from the Landscape Improvements and the costs and expenses for the landscaping maintenance and services are appropriately apportioned on a per parcel or a per acre basis. Based upon the foregoing, the City has concluded that there is no measurable general benefit associated with the Landscape Improvements financed with the assessments levied against properties within the Post 218 Annexations (other than the Nominal General Benefit Annexations discussed below).

Nominal General Benefit Annexations

In reviewing the location and extent of the specific landscaped areas and improvements within the Post 218 Annexations that are funded by the District assessments and the proximity and relationship to properties to be assessed, it has been determined that the following annexation areas include landscape improvements within the parkway areas fronting the developments that comprise and are included in the Post 218 Annexations: Annexation 76 to Zone 2 (TR 27305-8 & 9), Annexation 78 to Zone 14 (PM 30197), Annexation 80 to Zone 18 (APN Nos. 119-060-18, -020, -022), and Annexation 81 to Zone 18 (TR 32195) (collectively, "Nominal General Benefit Annexations"). At the time of annexation of these developments, the improvements to be financed by the District assessments were considered local improvements that were required to be installed in connection with the development of properties within these annexation areas. Similar to the Post 218 Annexations, the Landscape Improvements within the Nominal General Benefit Annexations that are financed by District assessments were specifically designed, located, and created to provide additional and improved public resources for real property within the Nominal General Benefit Annexations and not the public at large.

Similar to the Post 218 Annexations, the majority of the Landscape Improvements (see discussion below regarding the Landscape Improvements within frontage parkway areas) provided and maintained within the Nominal General Benefit Annexations do not extend beyond the perimeter of the boundary of each discrete neighborhood that comprises the annexation area and are located entirely within the interior areas of the developments that comprise and are included in the Nominal General Benefit Annexations. As such, the interior Landscape Improvements within the Nominal General Benefit Annexations provide a direct advantage only to the properties that are within the boundaries of each annexation area. Although the developments that comprise and are included in the Nominal General Benefit Annexations could be accessed by the public at large, the Landscape Improvements within these annexation areas that are financed by District assessments were specifically designed, located, and created to provide additional and improved public resources for real property within the Nominal General Benefit Annexations and not the public at large. Other properties that are located outside each benefit zone do not enjoy the unique proximity, access, views, and other special benefit factors discussed in the Direct and Special Benefit section.

However, as indicated above, the assessments levied within the Nominal General Benefit Annexations also provide and maintain Landscape Improvements within the parkway areas fronting the developments that comprise and are included in the Nominal General Benefit Annexations. Since these parkway areas are readily accessible and viewable by the public at large, there may be some general benefit enjoyed by the general public as a result of the Landscape Improvements located and maintained in these parkway areas. In the absence of the assessments, the Landscape Improvements would not be provided or maintained within the Nominal General Benefit Annexations at the enhanced level or standard that the Landscape Improvements are currently provided and maintained. The maintenance, upkeep, and repair of such parkway Landscape Improvements would be reduced to the minimal standard necessary for public health and safety. As such, the maintenance of the Landscape Improvements within the parkway areas fronting each annexation area to the current enhanced level and standard of maintenance has a direct and particular impact or special benefit only on those properties within the Nominal General Benefit Annexations and any maintenance or services beyond that which is required to ensure the safety and protection of the general public and property, has no identifiable benefit to the public at large or properties outside these annexations. The general benefit derived from the maintenance of the Landscape Improvements within the parkway areas fronting the Nominal General Benefit Annexations can be quantified as the cost that the City would incur to provide the minimal level of maintenance and services necessary for public health and safety. The costs incurred to maintain the Landscape Improvements within the parkway areas fronting the Nominal General Benefit Annexations over and above this minimum level of service would provide a direct advantage only to the properties within the Nominal General Benefit Annexations and is considered to be a special benefit.

In the absence of the assessments levied by LMD No. 84-2, the City would typically provide only weed abatement and erosion control services for parkway areas. These services would typically be provided twice annually. This level of service provides for public safety and avoids negative impacts on adjacent roadways and vehicles traveling on those roadways, but results in a far less visually pleasing environment than is created with the enhanced level of service currently provided to the parkway areas within the Nominal General Benefit Annexations. The cost to provide the baseline weed abatement and erosion control level of service is approximately $0.02 per square foot, twice a year, for parkway areas. The general benefit is determined by multiplying the weed abatement and erosion control service costs by the square footage of these parkway areas. Since the baseline services, unlike the enhanced level of service that is provided as a result of the District assessments, provide some benefits to the general public and to the neighborhoods outside of the benefit zones, the cost of providing this baseline service is treated as the cost of general benefits from landscape maintenance services. Utilizing these per square foot costs and the square footages of the parkway areas in the Nominal General Benefit Annexations, the current estimated general benefit costs calculated for the frontage parkway areas within Annexation 76 to Zone 2 is $209.09, within Annexation 78 to Zone 14 is $766.66, and within Annexation Zones 80 and 81 to Zone 18 is $382.80. These general benefit costs are identified as the "General Benefit Contribution" in the applicable Zone budgets in Section 2 (Cost Estimate) of this Report and will be credited to those properties included within the Nominal General Benefit Annexations. Funding for these general benefit costs will be provided by the City's General Fund.

Direct and Special Benefit

The types of services provided within LMD No. 84-2 is the maintenance of parks, slopes, parkways, and open space, including but not limited to: ground cover, shrubs, plants and trees, irrigation systems, graffiti removal, sidewalks and masonry walls, entry monuments, tot lot equipment, and associated appurtenant facilities. Services provided include all necessary service, operations, administration, capital replacement and maintenance required to keep the above-mentioned improvements in a healthy, vigorous and satisfactory working condition.

As explained above, the assessments levied within LMD No. 84-2 (other than the Post 218 Annexations) are considered "grandfathered" and thus the substantive and procedural requirements of Proposition 218, including the requirement to separate general benefit from special benefit, do not apply. However, with respect to assessments levied against properties included within the Post 218 Annexations, particular direct and special benefit is provided by the Landscape Improvements which include, but are not limited to, enhanced aesthetics of areas within the benefit zones providing additional desirability for potential buyers, a more pleasant environment to walk, drive, live, and work for property owners in addition to controlling dust and potential erosion. The primary function of these Landscape Improvements and related amenities is to serve as an aesthetically pleasing enhancement and green space for the benefit of the immediately surrounding development within the individual benefit zones for which the improvements were constructed and installed. These improvements are an integral part of the physical environment of parcels within the benefit zones, and if the improvements were not properly maintained, it is these parcels that would be negatively affected. In addition, the landscape improvements serve as a physical buffer as well as a sound reduction or buffer between the roadways and the properties in the

benefit zones, as well as a physical buffer and openness between properties within the benefit zones. The improvements installed in connection with the development of the parcels constituting the benefit zones would not be necessary or required without the development of those parcels within the District.

The assessment revenue derived from real property in each benefit zone is expended only on the Landscape Improvements in that benefit zone. The Landscape Improvements are located in close proximity to the real property within each benefit zone that is subject to the assessments and provide a direct advantage to the property in the benefit zone in that the improvements funded by the assessments are directly provided only to the real property in each benefit zone. Other than the Nominal General Benefit Annexations, the Landscape Improvements do not extend beyond the perimeter of the boundary of each discrete neighborhood that comprises a benefit zone and are located entirely within the interior areas of each neighborhood. In the absence of the assessments, the Landscape Improvements would not be provided or maintained within LMD No. 84-2 and the maintenance, upkeep, and repair of such Landscape Improvements would be reduced to the minimal standard necessary for public health and safety. Therefore, the assessments provide and fund Landscape Improvements that are over and above what otherwise would be provided. The fact that the Landscape Improvements are over and above what otherwise would be provided, combined with the unique proximity and access to the Landscape Improvements enjoyed by real property within LMD No. 84-2, demonstrates that the assessments provide a direct advantage and special benefit to real property within LMD No. 84-2.

Method of Apportionment

Pursuant to the Landscaping and Lighting Act of 1972 and Article XIII D of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements shall be identified and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

To proportionally allocate special benefit to each parcel, it is necessary to correlate each property's proportional benefit to other properties that benefit from the improvements and services being funded: In order to do this, the assessment methodology assigns each parcel a number of benefit units based on its land use. One benefit unit is defined as the special benefit allocable to a single family home.

Single Family Residential Property - The method of apportionment assigns each fully subdivided single family residential dwelling one benefit unit.

Multi-Family Residential Property - This land use classification identifies residential developments that typically have 60% fewer people per dwelling unit than single family residential property and therefore have been assigned to 0.60 benefit unit, per dwelling.

Commercial Property - The method of apportionment assigns benefit units by multiplying the overall acreage by five benefit units per acre, (based on the typical number of residential property in an acre of typical development).

Benefit Zones 1, 2, 4, 7, 15, 17, and 18 - Prior to total development and the recordation of tract maps, the benefit will be assessed according to the number of lots, units, or acreage within the tentative tract map.

Benefit Zone 6 - As development occurs and prior to total development, each undeveloped parcel will be assessed the number of projected benefit units in accordance with SP 81-2.

Benefit Zone 10 - Currently, there are approximately 0.97 acres of undeveloped property and one parcel classified as reserved development within this zone. The Assessor's Parcel Number is 102-370-009.

A reserved development designation was assigned to Assessor's Parcel Number 102-370-009 under SP 85-2. Other than for mining purposes, development of Assessor's Parcel Number 102-370-009, approximately 80 acres, is not anticipated at this time.

Benefit Zone 14 - SP 85-3 (Tract No. 20796) and Tract No. 22579 created approximately 2,553 residential units of varying densities and 12.3 acres of commercial support. The updated total projected build-out is approximately 2,350 units. This benefit zone is at near build-out status and nearly all benefit units have been assessed.

Benefit Zone 19 - Benefit Zone 19 consists of various developments within South Corona. The method of assessment is based on approximately 3,700 benefit units with a residential dwelling equal to one benefit unit.

Benefit Zone 20 - SPA90-09 proposes 3,248 residential units of varying densities, 15.1 acres of commercial developments, and 15.8 acres of quasi-public land use. Currently, there are 2,754 residential units, 10.1 acres of commercial development, and 6.91 acres of quasi-public land use. At the present time the benefit zone maintains 62.47 acres of landscaping.

Prior Proposition 218 Proceedings for Rate Increase

Benefit Zone 1 – In 2001, due to increased maintenance costs and low reserves, a special election was held to increase Benefit Zone 1 from $22.54 per assessment unit to $33.54 per assessment unit (an $11.00 increase per assessment unit). The proposed increase failed to receive a majority ballot approval. Consequently, the trees and turf suffered considerably due to the lack of irrigation. Maintenance and operating service costs were reduced to eliminate tree trimming, replacement, and any landscape enhancement. In 2012, the turfgrass was removed and decomposed granite (“DG”) was installed to help further reduce maintenance costs.

Benefit Zone 4 - After a failed election in 2002, the City received many complaints from property owners within Benefit Zone 4 due to the condition of the landscape. Therefore, the City again conducted a special election pursuant to the provisions of Proposition 218 for Benefit Zone 4 in July of 2003. The proposed increase for Benefit Zone 4 was from $75.00 to $138.00 ($63.00 per assessment unit). In order to provide sufficient funds from the levy and collection of assessments within the benefit zone in future Fiscal Years to pay increasing costs due to inflation, it was proposed that the assessments levied on assessable parcels of property in Benefit Zone 4 should be subject to annual increases in future years, commencing in Fiscal Year 2007, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario ("CPI") or three percent (3%), whichever is less. Benefit Zone 4 received a favorable majority vote and the charge per assessment unit was increased from $75.00 to $138.00 commencing in Fiscal Year 2007. The maximum assessment per benefit unit for Benefit Zone 4 will escalate three and zero one hundredths percent (3.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $204.28.

Benefit Zone 10 - After a failed election in 2007, the City received many complaints from property owners within Benefit Zone 10 due to the condition of the landscape. On April 2, 2008, the City Council, in response to input from residents, approved a petition and re-ballot process to allow for property owners to re-vote. The procedure required signed petitions from at least 25% of the properties within the benefit zone to trigger a re-vote. This requisite equated to approximately 725 signed petitions from the record property owners indicating their intended support of the proposed annual levy increase from $335.61 to $540.00 per assessment unit. Benefit Zone 10 met the required minimum number of petitions favoring the re-ballot process, and a public hearing on the proposed levy increase was scheduled for June 18, 2008. Benefit Zone 10 received a favorable majority vote and the charge per assessment unit was increased for Fiscal Year 2009. The rate per assessment unit for Benefit Zone 10, is subject to an annual increase in future Fiscal Years, commencing Fiscal Year 2012, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. The maximum assessment per benefit unit, for Benefit Zone 10 will escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum charge assessment per benefit unit $674.73.

Benefit Zone 14 - After two failed elections, the irrigation and maintenance in Benefit Zone 14 was reduced due to lack of funding, causing the landscape areas to deteriorate. In order to revitalize declined areas and keep up with inflation and rising costs, this benefit zone underwent a third Proposition 218 ballot proceeding on August 28, 2007. Benefit Zone 14 received a favorable majority vote and the charge per benefit unit was increased from $100 to $230 in Fiscal Year 2009. The rate per benefit unit for Benefit Zone 14 is subject to an annual increase in future Fiscal Years, commencing Fiscal Year 2013, by the percent increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. The maximum assessment per unit for Benefit Zone 14, escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $281.74.

The landscaped and irrigated areas increased to approximately 31.44 acres in Fiscal Year 2009 and due to the increase in the assessment, a phased capital improvement program was implemented to revitalize areas that had been subjected to previous years' cutbacks. This phased program started in Fiscal Year 2009 with the first year's allocation of approximately $636,000. Of this amount, $450,000 was borrowed from Fund 289, to be paid back over 10 years at 4.2% interest. The loan was paid in full in Fiscal Year 2019.

Benefit Zone 19 - The City Council has determined that due to increasing costs associated with the maintenance, servicing and operation of public landscaping and appurtenant facilities in Zone 19, it is necessary that the assessments which will be levied on parcels of assessable property in Zone 19 be increased commencing in Fiscal Year 2024 upon the approval of the Proposition 218 ballot.

Benefit Zone 20 - After a failed election, Benefit Zone 20 property owners met the City's requisite of 621 signed petitions that triggered a re-vote on August 6, 2008 to increase the annual rate per benefit unit from $180.00 to $360.00 and to be subject to an inflationary factor in future Fiscal Years, commencing Fiscal Year 2011, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. Due to the approved measure, the added revenue from the increase allows Zone 20 to keep up with the rising costs in labor, utilities, plant materials, and irrigation parts and implement a much needed Capital Improvement and/or Plant Rehabilitation Program which began in Fiscal Year 2009. The maximum charge assessment per benefit unit for Benefit Zone 20 escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $458.18.

Reserves Outlook

After reviewing all of the benefit zones within the District, it is apparent that a majority of the benefit zones have the ability to generate reserves. However, Benefit Zones 2, 6, 17, 18, and 19 continue to draw on reserve funds at an increasing rate primarily as result of the increase in utility costs and the absence of an annual inflator for the assessment rates. Measures have been taken to reduce operating costs through turf removal projects for Zones 2 and 17. It will be necessary to conduct Proposition 218 Assessment Ballot proceedings for Benefit Zones 17 and 19 in the next few years for the benefit zones to be self-sustaining. Currently, Benefit Zones 1, 4, 7, 10, 14, 15, and 20 are building their reserve funds.

Whereas, on May 3rd, 2023, the City Council, under the Act, adopted its Resolution Initiating Proceedings for the Annual Levy of Assessments and Ordering the Preparation of an Engineer's Report for Landscape Maintenance District No. 84-2.

Whereas, the Resolution of Initiation directed Spicer Consulting Group, LLC. to prepare and file a Report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained; an estimate of the costs of the maintenance, operations, and servicing of the improvements for LMD No. 84-2 for the referenced Fiscal Year; a diagram for LMD No. 84-2 showing the area and properties to be assessed; and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels within the District in proportion to the special benefit received;

Now Therefore, the following assessment is made to cover the portion of the estimated costs of maintenance, operation, and servicing of said improvements to be paid by the assessable real property within LMD No. 84-2 in proportion to the special benefit received.

Estimated Benefit Assessments

Each of the parcels within the benefit zones listed below has been deemed to receive proportional special benefit from the maintenance and operation of the improvements within that benefit zone. The percentage change in allowable Fiscal Year 2024 assessment from the allowable Fiscal Year 2023 assessment is as follows:

Table 4-1
Proposed Assessment Summary

Zone	Estimated Charge FY 2024	Estimated Benefit Units	Maximum Assessment per BU FY 2023	Maximum Assessment per BU FY 2024	Maximum Assessment Rate Change (%)	Actual Assessment per BU FY 2024
Benefit Zone 1	$4,147.36	184.00	$22.54	$22.54	0.00%	$22.54
Benefit Zone 2[1]	$81,084.00	699.00	$116.00	$116.00	0.00%	$116.00
Benefit Zone 4	$93,609.68	514.00	$198.33	$204.28	3.00%	$182.12
Benefit Zone 6	$314,768.69	4,614.70	$68.21	$68.21	0.00%	$68.21
Benefit Zone 7	$78,793.00	1,432.60	$55.00	$55.00	0.00%	$55.00
Benefit Zone 10	$2,139,262.93	3,429.90	$661.50	$674.73	2.00%	$623.71
Benefit Zone 14[2]	$588,663.32	2,305.50	$276.22	$281.74	2.00%	$255.33
Benefit Zone 15	$27,555.68	383.25	$106.90	$106.90	0.00%	$71.90
Benefit Zone 17	$22,110.00	201.00	$110.00	$110.00	0.00%	$110.00
Benefit Zone 18[3]	$35,980.00	359.80	$100.00	$100.00	0.00%	$100.00
Benefit Zone 19	$465,192.00	3,692.00	$126.00	$126.00	0.00%	$126.00
Benefit Zone 20	$1,068,698.21	2,573.75	$449.19	$458.18	2.00%	$415.23

[1] The Estimated Charge does not include the $209 of General Benefit.
[2] The Estimated Charge does not include the $767 of General Benefit.
[3] The Estimated Charge does not include the $383 of General Benefit.

Executed this _____ day of _____ 2023.

FRANCISCO MARTINEZ JR
PROFESSIONAL CIVIL ENGINEER NO. 84640
ENGINEER OF WORK
CITY OF CORONA
STATE OF CALIFORNIA

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and Assessment Diagram thereto attached, was filed with me on the _____ day of _____, 2023, by adoption of Resolution No. 2023-___ by City Council.

CITY CLERK
CITY OF CORONA
STATE OF CALIFORNIA

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and Assessment Diagram thereto attached, was approved and confirmed by the City Council of the City of Corona, California on the _____day of _____, 2023.

CITY CLERK
CITY OF CORONA
STATE OF CALIFORNIA

The actual assessment and the amount of the assessment for the Fiscal Year 2024 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are referenced in Appendix A of this Report. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report. If any APN identified therein is submitted for collection and identified by the County Auditor/Controller of the County of Riverside to be an invalid parcel number for any fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment, as described in this Report and approved by the City Council.

The District boundary coincides with the boundary of the parcels included within the District as of the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

Reference is made to the County Assessor's Roll and Maps for a detailed description of the lines and dimensions of any lot or parcel. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies.

An Assessment Diagram for each Zone is attached hereto in Appendix B, showing the boundaries of LMD No. 84-2 and the boundaries of each Benefit Zone established within the District as the same existed at the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

APPENDIX C

Capital Improvement Projects

SPICER CONSULTING GROUP

The Community Services Department is developing a master plan for each zone that would include capital projects, operational activities, and revenue requirements to meet the objectives and service levels desired. Revenue requirements are set to cover annual operating costs and build reserves over time to perform focused capital replacements year over year, or large capital replacements in one anticipated year. Projects will be brought before City Council for approval as they are developed through the master plan. Zone specific projects are listed below:

Zone 1 Capital Project

The City will be installing new backflow device, irrigation time, and additional plants and trees to soften the DG strips adjacent to Lincoln Avenue.

Zone 4 Capital Project

The City will install new plant material where the previous material did not take and apply new mulch to the area.

Zone 10 Capital Projects

The first-year landscape renovation project in Zone 10 was completed by the end of the Fiscal Year 2018. This project renovated approximately 125,000 square feet of landscaping for Year 1 of Zone 10's ten-year capital improvement plan.

The parkways along the south side of Oakridge Drive were completed in Fiscal Year 2020. The Oakridge portion of the project renovated 12,400 square feet of parkways, totaling $105,000. Year 2 construction was completed during Fiscal Year 2021. This project rehabilitated 63,745 square feet of slope areas and parkways, including the removal of ice plant, installation of low-precipitation rotary nozzles and acacia for slope stability. Additionally, a new irrigation controller, decomposed granite and bench seating were installed in an open space area along Rutland Drive. The total project cost was $711,551.15.

Additionally, the City contracted with Ninyo & Moore, a geotechnical and environmental sciences consulting firm, to further examine several slope areas in Zone 10, Areas 55, 89, and 272. These areas were previously observed to have some surficial slope erosion and damage to concrete drainage ditches which required more investigation. After receiving the report from Ninyo & Moore, the City focused on an area behind two homes located along Dominguez Rancho Road based on Ninyo & Moore's findings. The City subsequently requested a more detailed report, including soils sampling and testing, focused on this area from a company named GeoTek, Inc. GeoTek's findings indicate that future remediation actions will be necessary on the slope in this area, however, the slope itself at its base is stable. The City is currently working with an engineering design firm, Hunsaker and Associates, for design services based upon GeoTek's recommendations. Cost estimates are unavailable at this time, since the final design solution is unknown.

Furthermore, the City will be implementing a large tree planting project to replace trees that have either died or are showing signs of stress. It is anticipated that 200 – 300 trees will be planted this next fiscal year. Additionally, a number of deteriorated irrigation cabinets will be replaced with new stainless-steel units.

Zone 20 Capital Projects

The City will be installing new site furnishings including benches and lights poles along the Mountain Gate greenbelt this fiscal year.

Zone 10 Slope Maintenance Prioritization

RESOLUTION NO. 2023-030

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CORONA, CALIFORNIA, DECLARING INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN ZONE 19 OF LANDSCAPE MAINTENANCE DISTRICT NO. 84-2 FOR FISCAL YEAR 2024, APPROVING PRELIMINARY ENGINEER'S REPORT AS IT PERTAINS TO ZONE 19, AND PROVIDING NOTICE OF PUBLIC HEARING ON PROPOSED ASSESSMENTS

WHEREAS, the City Council of the City of Corona (the "City Council") has previously determined that the public interest, convenience, and necessity require the installation, construction, and maintenance of public landscaping and appurtenant facilities within Zone 19 of the Landscape Maintenance District No. 84-2 (the "District") as authorized by the Landscaping and Lighting Act of 1972, Part 2 (commencing with Section 22500) of Division 15 of the Streets and Highways Code (the "Act"); and

WHEREAS, on May 3, 2023, the City Council adopted Resolution No. 2023-027 initiating proceedings to levy and collect assessments for Fiscal Year 2024 within the District, and ordering the preparation of an Engineer's Report; and

WHEREAS, Spicer Consulting Group, LLC, the Engineer of Record designated by the City Council to prepare such report, has prepared and filed the report with the City Clerk, and presented the report to the City Council for consideration; and

WHEREAS, it is necessary that City Council adopt a resolution of intention pursuant to Section 22624 of the Streets and Highways Code, approve the preliminary Engineer's Report (the "Report"), and provide notice of the time and place of a public hearing on the Report and the proposed assessments within the District for Fiscal Year 2024.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CORONA, CALIFORNIA, AS FOLLOWS:

SECTION 1. Findings. The City Council finds that:

(a) The foregoing recitals are true and correct;

(b) The Report contains all matters required by Section 22565 through 22574 of the Streets and Highways Code and may, therefore, be approved by the City Council;

(c) The proposed assessments to be levied on all parcels of assessable land within the Zone 19 of the District for Fiscal Year 2024 are based on special benefit conferred upon each such parcel from the public lighting facilities maintained and serviced by the District;

(d) The proportionate special benefit derived by each such parcel has been determined in relationship to the entirety of the cost of the maintenance and servicing of the public lighting facilities; and

(e) The amount of the proposed assessment to be levied on each such parcel is based upon and will not exceed the reasonable costs of the proportionate special benefit conferred on that parcel.

SECTION 2. Intention. The City Council declares that it intends to levy assessments on all parcels of assessable land within Zone 19 of the District for Fiscal Year 2024, as set forth in the Report. Those assessments will be collected at the same time and in the same manner as County taxes are collected.

SECTION 3. Improvements. The improvements authorized for Zone 19 of the District are:

(a) The installation or construction of public landscaping of green belts, median islands, slopes adjacent to the public rights-of-way, and facilities appurtenant to any of the foregoing or which are necessary or convenient for the maintenance or servicing thereof, including electrical facilities; and

(b) The maintenance and servicing, or both, of any of the foregoing, including all matters specified in Sections 22531 and 22538 of the Streets and Highways Code which are applicable thereto.

SECTION 4. District. The distinctive designation of the District is "Landscape Maintenance District No. 84-2 of the City of Corona." The boundaries of the District are described and shown in the Report.

SECTION 5. Report and Assessments. The Report, which is on file with the City Clerk, and has been presented to the City Council at the meeting in which this resolution is adopted, is approved as it pertains to Zone 19. Reference is hereby made to the Report for a full and detailed description of the improvements in Zone 19, the boundaries of the District, the zones therein, and the proposed assessments for Zone 19 of the District for Fiscal Year 2024.

SECTION 6. Public Hearing. Notice is hereby given that on July 19, 2023, at 6:30 p.m., in the City Council Chambers of the City of Corona, at 400 South Vicentia Avenue, Corona, at a regular meeting of the City Council, a public hearing will be held on the Report and the assessments to be levied within Zone 19 of the District for Fiscal Year 2024. Any interested person may file a written protest with the City Clerk prior to the conclusion of the hearing, which protest must state all grounds of objection and describe the property within the District owned by such person.

SECTION 7. Publication. The City Clerk shall cause a copy of this resolution to be published once in the newspaper of general circulation as required by Sections 22552 and 22553 of the Street and Highways Code and Section 6061 of the Government Code.

SECTION 8. Designated Person. The City Council designates Spicer Consulting Group, LLC., the Engineer of Record, telephone number (866) 504-2067, as the person to answer inquiries regarding the levying and collection of the assessments within Zone 19 of the District for Fiscal Year 2024.

PASSED, APPROVED AND ADOPTED this 17th day of May, 2023.

REQUEST FOR CITY COUNCIL ACTION

DATE: 05/17/2023

TO: Honorable Mayor and City Council Members

FROM: Finance Department

SUBJECT:
RESOLUTION DECLARING INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN ZONE 14 OF THE LANDSCAPE MAINTENANCE DISTRICT NO. 84-2 FOR FISCAL YEAR 2024, APPROVING THE PRELIMINARY ENGINEER'S REPORT, AND PROVIDING NOTICE OF PUBLIC HEARING ON THE PROPOSED ASSESSMENTS.

EXECUTIVE SUMMARY:
Landscape Maintenance District No. 84-2 provides landscape maintenance and operating services for the public landscaping and related appurtenances within the District's boundaries. Adoption of the recommended resolution will declare the City's intent to levy and collect Fiscal Year 2024 assessments, approve the preliminary Engineer's Report, and set a public hearing for July 19, 2023, at which time, the City Council may approve the annual assessments and order the levy of assessments within the District.

RECOMMENDED ACTION:
That the City Council adopt Resolution No. 2023-031, declaring intention to levy and collect assessments within Zone 14 of the Landscape Maintenance District No. 84-2 for Fiscal Year 2024, approving preliminary Engineer's Report, and providing notice of public hearing on proposed assessments.

BACKGROUND & HISTORY:
Zone 14 of the Landscape Maintenance District No. 84-2 ("LMD 84-2" or "District") was established in 1986 in accordance with the provisions of the Landscaping and Lighting Act of 1972 (the "1972 Act"). The purpose of the District is to provide landscape maintenance and operating services for the public landscaping, and related appurtenances within the District's boundaries.

The annual assessments proposed to be levied within the District will pay for the maintenance services during Fiscal Year 2024. The services provided include all necessary operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy and satisfactory working condition.

ANALYSIS:

The State of California Street and Highways Code Section 22500 requires an annual review of the assessments levied by the assessment districts formed under the 1972 Act. In order to levy and collect special assessments within the districts, an Engineer's Report must be prepared, which provides details on the improvements that are maintained and the estimated budgets for each district.

On May 3, 2023, the City Council adopted Resolutions No. 2023-026, to initiate the proceedings to levy and collect assessments for the District for Fiscal Year 2024, appointed Spicer Consulting Group, LLC as the engineer of record, and ordered the preparation of an Engineer's Report for the District.

Attached to this report is the preliminary Engineer's Report (the "Report") as it pertains to the District, which includes a detailed description of the existing improvements within the District, the estimated maintenance costs, the methods of assessment apportionment, and diagram showing the boundaries of the District. The report also provides analyses of the District's financial status.

FINANCIAL IMPACT:

The cost of operation, servicing, and maintenance of the District will be funded by the assessments levied and collected within the District. For Fiscal Year 2024, it is projected that the current year assessment revenues will be sufficient to cover the operating costs for the District during the same fiscal period. The estimated surplus in Zone 14 will be added to the capital reserve for future capital improvement within the District.

Below is an overview of the District's estimated assessment revenues and proposed expenditures for Fiscal Year 2024. Detailed information can be found in the attached Report.

District	Estimated Costs	Estimated Assessment Revenue	General Benefit Contribution (1)	Estimated Excess/(Deficit)	Actual Assessment YOY % Change
Zone 14	$418,338.17	$588,663.32	($766.66)	$171,091.81	0.00%

1) Benefit received by non-residents of the District for the landscape improvements. This amount is contributed by the City's General Fund.

ENVIRONMENTAL ANALYSIS:

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the

activity is not subject to CEQA. This action merely declares the City's intent to levy and collect assessments within the District for Fiscal Year 2024, and there is no possibility that adopting the resolution will have a significant effect on the environment. Therefore, no environmental analysis is required.

AGENCY: CITY OF CORONA

PROJECT: LANDSCAPE MAINTENANCE DISTRICT NO. 84-2

TO: CITY COUNCIL
CITY OF CORONA
STATE OF CALIFORNIA

REPORT PURSUANT TO "LANDSCAPING AND LIGHTING ACT OF 1972"

Pursuant to direction from the City Council (the "City Council") of the City of Corona (the "City"), State of California, submitted herewith is the Engineer's Report (the "Report") for the Landscape Maintenance District No. 84-2, consisting of the following parts, pursuant to the provisions of Division 15, Part 2 of the Streets and Highways Code of the State of California, being the "Landscaping and Lighting Act of 1972" (the "Act"), as amended, commencing with Section 22500, and which is in accordance with Resolution Nos. 2023-26, 27, and 28 adopted by the City of Corona City Council, Riverside County, California ordering preparation of the Report for Landscape Maintenance District No. 84-2 ("LMD No. 84-2" or the "District"). This Report is applicable for the ensuing 12-month period, being the Fiscal Year commencing July 1, 2023, to June 30, 2024.

Section 1 PLANS AND SPECIFICATIONS of the improvements to be maintained and/or improved for the Fiscal Year. The plans and specifications show and describe the existing and proposed improvements and are sufficient in showing and describing the general nature, location and extent of the improvements.

Section 2 A COST ESTIMATE of the improvements to be maintained and/or improved for the mentioned Fiscal Year.

Section 3 A METHOD OF APPORTIONMENT OF ASSESSMENT calculates the receipt of special benefit and the general benefit derived from the installation and maintenance and servicing of the respective improvements located throughout the District, and the methodology used to apportion the total assessment to the properties within the District.

Section 4 An ENGINEER'S SIGNATURE certifying the filing of the Engineer's Report, together with the Assessment Roll and Assessment Diagram.

Section 5 ASSESSMENT ROLLS showing the proportionate amount of the assessment to be charged in proportion to the benefits to be received by each lot or parcel within the boundaries as shown on the below-referenced Diagram. The Assessment Rolls can be found in Appendix A.

Section 6 The ASSESSMENT DIAGRAMS of the District. Said Diagrams shall show the exterior boundaries of the District and the boundaries of any zones within the District. Reference is made to the County Assessor's Maps for a detailed description of the lines and dimensions of any lots or parcels. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies. The Assessment Diagrams can be found in Appendix B.

LMD No. 84-2 consists of 12 Benefit Zones that were all formed in 1986. The types of services provided for Zones 1, 2, 4, 6, 7, 10, 14, 15, and 17 through 20 are the maintenance of parks, slopes, parkways, and open space, including but not limited to: ground cover, shrubs, plants and trees, irrigation systems, graffiti removal, sidewalks and masonry walls, entry monuments, tot lot equipment, fitness circuit equipment, pathway lighting, green space and associated appurtenant facilities. Services provided include all necessary service, operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy, vigorous, and satisfactory working condition. The above maintenance and services may be referred to herein as the "Landscape Improvements". Below is a description of each Zone within the boundaries of the District.

Description of the Boundaries and Improvement Services of LMD No. 84-2

Benefit Zone 1 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover within the west parkway of Lincoln Avenue adjacent to the benefit zone. The improvements were required by the conditions of approval for Tract No. 19288 and Tract No.'s 19288-1 through 19288-5.

Benefit Zone 2 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover within the buffer zone along the westerly boundary of the open space designated as Lot "A" within Tract No. 19981 and the Corydon Street parkways. Also to be maintained are the access road and the natural open space of Lot "A." The improvements were required by the condition of approval for Tract No. 19981.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street and open space lot (Lot "A"), within Tract No. 20515. The improvements were required by the condition of approval for Tract No. 20515.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street and Lot "C" of Tract No. 21354. The improvements were required by the condition of approval for Tract No. 21354.
- The irrigation system, trees, and ground cover within the parkway along Corydon Street, Tract No.'s 27305-1 through 27305-9, and incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 4 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- Parkway irrigation system, trees, and ground cover along Ontario and Fullerton Avenues and Old Temescal Road within the benefit zone. The improvements were required by the condition of approval for Tract No. 19480.
- Parkway irrigation system, trees, and ground cover adjacent to the following tracts and along Old Temescal Road and Ontario, Fullerton, and Rimpau Avenues. The improvements were required by the condition of approval for Tract No.'s 19690, 19690-1, and 19690-2.
- Parkway irrigation system, trees, and ground cover along Old Temescal Road and Fullerton and Rimpau Avenues within the benefit zone. The improvements were required by the condition of approval for Tract No. 19688.
- Parkway irrigation system, trees, ground cover, and sidewalk within the 12-foot parkways adjacent to Tract No. 22961, along Old Temescal Road and Rimpau Avenue. The improvements were required by the condition of approval for Tract No. 22961.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 6 includes all property within Assessment District No. 79-2, located north and south of Route 91 between Cresta Verde and Buchanan Street. The improvements consist of maintaining the following irrigation systems, trees, and ground cover along the following:

- McKinley Street median between Magnolia Avenue and the Rancho El Sobrante de San Jacinto boundary line (approximately 200 feet north of Mt. Humpries Street).
- Promenade Avenue median between 2,000 feet west of McKinley Street and 1,300 feet east of McKinley Street.
- Parkway and streetscape landscaping along McKinley Street, between Magnolia Avenue and the Rancho El Sobrante de San Jacinto boundary line, except on the west side between Sampson Avenue and Magnolia Avenue.
- Parkway and streetscape landscaping along Promenade Avenue between the Riverside Freeway and Buchanan Street.
- Parkway and streetscape landscaping along portions of Buchanan Street adjacent to the area known as Westfield Corona and from Wimbledon Drive to the north boundary of said area.

- Parkway and streetscape landscaping along the north side of Wimbledon Drive from Buchanan Street to Surry Circle; north side of Dartmouth Street from Buchanan Street to Chelsea Way; both sides of Eaton Street between Coventry Way and Astoria; and both sides of Brittany Drive between Newcastle and Promenade Avenue.
- Parkway and adjacent slope irrigation, trees, and ground cover along the east side of Mondale Street, between Kennedy Drive and Promenade Avenue; open space Lots 79 and 80 of Tract No. 21213; and the slopes adjacent to the Riverside Freeway. The improvements were required by the conditions of approval for Tract No. 21213.
- Parkway irrigation, trees, and ground cover along the north side of Cresta Road between Harding Road and Promenade Avenue and the southwest side of Collett Avenue between Coolidge Street and Promenade Avenue as were required by the conditions of approval for Tract No. 19191.
- Parkway irrigation, trees, and ground cover along the west side of Collett Avenue between Promenade Avenue, and 400 feet southwest of Cresta Road as were required by the conditions of approval for Tract No. 19666.
- Parkway irrigation and ground cover along the northeast side of Cresta Avenue, along Lots 31 through 34 of Tract No. 19191-2.
- Natural conditions within open space Lots 69, 83, 84, and 126 of Tract No. 20775.
- The irrigation system and landscape improvements within Lots D and E of Tract No. 23454 and Lots C, D, and E of Parcel Map No. 23376.
- The irrigation system and landscaping within the parkway along the northwesterly side of Buchanan Street from the south side of Dartmouth Street to the north side of Wimbledon Drive. The improvements were required by the condition of approval for Tract No. 24129 and Parcel Map No. 24041.
- The irrigation system and landscaping within the median and parkway along McKinley Street and adjacent to Assessor Parcel Numbers 172-420-002 and 172-420-003. The improvements were required by the condition of approval for Assessor Parcel Numbers 172-420-002 and 172-420-003.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 29876.
- Incidental drainage facilities in conjunction with the above landscape improvements.
- The improvements are required as set forth by Specific Plan "SP 81-2" and were constructed both under Assessment District No. 79-2, City of Corona, State of California and as conditions of approval for various developments.

Benefit Zone 7 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover constructed as part of the detention basin within Lot 142 of Tract No. 20966; and the parkway and slope landscaping along Ontario Avenue. The improvements were required by the condition of approval for Tract No.'s 20818, 21720, and 20966.
- The irrigation system, trees, and ground cover as part of the detention basin within Lot 1 of Tract No. 19159-1.
- The irrigation system and landscape improvements within the common lots adjacent to Ontario Avenue and within Tract No.'s 21203 and 21720.
- Decorative block wall and landscaping in the ten-foot wide landscaping lot along Via Pacifica.
- Landscape pockets and landscaping within the decorative wall along Citron Street, between Via Pacifica and the Oak Street Channel.
- The irrigation system and landscape improvements within the parkway adjacent to Tract No. 22535 and along Ontario Avenue, and slope easements located within Lots 1, 27, and 28 of Tract No. 22535.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 10 includes two distinct areas that are within Specific Plan "SP 85-2", as approved by the Corona City Council on September 18, 1985. The improvements to be maintained consist of the following:

- Parkway irrigation system, trees, and ground cover along both sides of Green River Drive, Ridgeline Drive, Serfas Club Drive, Paseo Grande, Montana Ranch Road, and Palisades Drive. Also to be maintained are the lots designated for open space and

the fuel modification zone, including erosion control, plant replacement, and landscaping debris cleanup. The improvements were required by the condition of approval for Tract No. 20872.

- The irrigation system, trees, and ground cover within the common area designated as Lot No. 17, Tract No. 12166. The improvements were required by the condition of approval for Tract No. 12166.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 14 improvements were a condition of approval for Tract No.'s 20796 and 22579 and consist of maintaining irrigation systems, trees, and ground cover along the following:

- Median, parkway, and streetscape landscaping along Hidden Valley Parkway, McKinley Street, and other public streets.
- Flood control detention basins.
- The above improvements were required as set forth by the Woodlake Specific Plan "SP 85-3" approved by the Corona City Council on November 20, 1985 and by the condition of approval for Map No. 20796.
- The irrigation system and landscaping within Lots A through D, Tract No. 22579 and those portions of the Hidden Valley Parkway within Tract No. 22579. The improvements were required by the condition of approval for said tract.
- The irrigation system and landscaping within Lots F and I, Tract No. 25249. The improvements were required by the condition of approval for Tract No. 25249.
- Median, parkway, and streetscape landscaping along Hidden Valley Parkway, McKinley Street, and other public streets. The improvements were required by the conditions of approval for Tract No. 29595.
- Median, parkway, and streetscape landscaping along Stevens Drive. The improvements were required by the conditions of approval for Parcel Map No. 33533.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 15 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system, trees, and ground cover of the parkway along the public right-of-way within Tract No. 20006. The improvements were required by the condition of approval for said tract.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 17 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system and landscape improvements within the parkway adjacent to Tract No. 21355 and along Stagecoach Road; slope easements located within Lots 1 through 6 and 192 through 205; and the westerly parkway on Stagecoach Road from the southerly boundary of Tract No. 21355 to Corydon Street.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 18 improvements were a condition of approval for specific tracts and consist of maintaining the following:

- The irrigation system and landscaping within the parkway adjacent to Tract No.'s 24716 & 32195; Assessor Parcel Numbers 119-060-018; 119-060-020; and 119-060-022; and along River Road (including the center median area); Lincoln Avenue and Harrington Street; and the riparian habitat area within and adjoining that portion of the Norco Channel within said tract.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 19 consists of various developments within South Corona for which the improvements consist of maintaining the following:

- The irrigation system and landscaping in accordance with the South Corona Community Facilities Plan. These improvements are also referred to as the "South Corona Streetscapes," and includes parkways, medians, and dedications to the City of Corona from past and future South Corona development.
- The irrigation system and landscaping within Lots A and B, Parcel Map No. 22908, and the portion of the westerly Lincoln Avenue parkway fronting said map.
- The irrigation system and landscaping within the easterly Mangular Avenue parkway adjacent to Tract No. 24118.

- The irrigation system and landscaping within the easterly parkway along Oak Avenue, the northeasterly parkway along Chase Drive, adjacent to Tract No. 23434, and within Lots L, M, O, P, Q, R, S, T, and U of Tract No. 23434.
- The irrigation system and landscaping within Lots F and G of Tract No. 22707 and that portion of the westerly Mangular Avenue parkway adjacent to said map.
- The irrigation system and landscaping within Lots A and B of Tract No. 20971 and that portion of Fullerton Avenue (formerly Garretson Avenue) parkway fronting said map.
- The irrigation system and landscaping within Lots A, K, and L, Tract No. 24326 and the parkways adjacent to said tract and along Chicago Street and Citrus Way. The improvements were required by the condition of approval for Tract No. 24326.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 23861 and along California Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 23401-1 and 23401-2, and along California and Chase Avenues; and the bike path adjacent to said tracts and along Chase Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25009 and along Foothill Parkway, Highgrove Street, and Lot F of Tract No. 25009.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24533, along the east side of Lincoln Avenue, north side of Foothill Parkway, and west side of Buena Vista Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24271 and along the west side of Buena Vista Avenue.
- The irrigation system and landscaping within Lots C, D, and J of Tract No. 27199, and the parkways adjacent to said tract and along the north side of Santana Way.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 26807, 25466, and 25652C, and along the east side of Fullerton Avenue (formerly Garretson Avenue), south side of Foothill Parkway, both sides of Valencia Avenue, and the north side of Upper Drive.
- The irrigation system and landscaping within the parkways adjacent to Parcel Map No. 25817 and along the east side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within Lots D, E, F, and I of Tract No. 26012-1 and the parkways adjacent to Tract No.'s 26012-1 and 26012, along the east side of Lincoln Avenue.
- The irrigation system and landscaping within Lots C, D, and E, Tract No. 26903-1 and the parkways adjacent to said tract and along the north side of Chase Drive and the east side of Fullerton Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27504, along the north side of Chase Drive and the east side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25887, along the north side of Chase Drive and the west side of Rimpau Avenue (formerly Lester Avenue).
- The irrigation system and landscaping within parkways on Fullerton and Gilbert Avenues adjacent to Parcel Map 24234, all within Annexation No. 37.
- The irrigation system and landscaping within parkways north of Encanto Street and west of Hudson Avenue adjacent to Tract No. 26062, all within Annexation No. 40.
- The irrigation system and landscaping within parkways adjacent to Parcel Map 26695 located east of Gilbert Avenue, all within Annexation No. 45.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25466 and 25466-1 and along the north side of Upper Drive and the west side of Rimpau Avenue (formerly Lester Avenue), all in Annexation No. 52.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27802, along the north side of Foothill Parkway and the west side of Rimpau Avenue (formerly Lester Avenue), all in Annexation No. 53.
- The irrigation system and landscaping within the parkway adjacent to Tract No. 25311R and along the south side of Chase Drive and the north side of Foothill Parkway, all in Annexation No. 54.

- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 27916-1, 27916-2, and 27916-3, along the east side of Lincoln Avenue, all in Annexation No. 55.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 23956, 23956-1, and 23956-2, along the west side of Kellogg Avenue, all in Annexation No. 56.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 27860 along the north side of Foothill Parkway, all in Annexation No. 57.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24272 and Tract No.'s 24272-1 through 24272-8, along the east and west sides of Lincoln Avenue, and along the west side of Buena Vista Avenue, all in Annexation No. 58; and the irrigation system and landscaping within parkways adjacent to Tract No. 25690, along the west side of Lincoln Avenue.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26117-1, along the north side of Foothill Parkway, all in Annexation No. 59.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25571 and 25571-1 and along the north and south side of Citrus Way, all in Annexation No. 60.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 27833, 27833-1, and 27833-2, along the west side of Fullerton Avenue, all in Annexation No. 61.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25315, 25315-1, 25315-2, and 25315-3, along the east side of Kellogg Avenue and the south side of Santana Way, all in Annexation No. 62.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 24077, 24077-1, 24077-2, and 24077-3, all in Annexation No. 63.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25396, along the east side of Rimpau Avenue, and along the west side of California Avenue, all in Annexation No. 64.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 24840, along the south side of Valencia Avenue and north side of Upper Drive, all in Annexation No. 65.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 28177 and 28177-1, and along the south side of Foothill Parkway, the east side of Rimpau Avenue, and the north side of Valencia Avenue, all in Annexation No. 66.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25310R, along the south side of Chase Drive, the east side of Fullerton Avenue, and the north side of Foothill Parkway, all in Annexation No. 67.
- The irrigation system and landscaping within the parkways adjacent to Tract No.'s 25468, 25468-1, 25468-2, and 25468-3, along the south side of Foothill Parkway and the west side of California Avenue, all in Annexation No. 68.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26058 and along the south side of Chase Drive and the west side of Fullerton Avenue, all in Annexation No. 69.
- The irrigation system and landscaping within the parkways adjacent to Parcel Map No. 26978 and along the east side of Lincoln Avenue, all in Annexation No. 70.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26238, along the south side of Taber Road, and along the west side of California Avenue, all in Annexation No. 71.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 28180, along the south side of Ontario Avenue and the west side of Rimpau Avenue, all in Annexation No. 73.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 25917R-1, all in Annexation No. 74.
- The irrigation system and landscaping within the parkways adjacent to Tract No. 26807-R, along the east side of Fullerton Avenue, the north side of Valencia Road, and the south side of Foothill Parkway, all in Annexation No. 75.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Benefit Zone 20 consists of the Mountain Gate Specific Plan and its Amendment ("SPA90-09") Area for which improvements consist of maintaining the following:

- The irrigation system and landscaping within the parkways and medians of the arterial and collector streets, including the additional landscape lots that are proposed to be dedicated along a number of the major streets.
- The structure and exterior face of the project theme walls located along the major arterial and collector streets in the planned community.
- Entry monuments and special landscape areas located at the major project entries, secondary project entries, individual subdivision entries, and special landscape areas identified on the Mountain Gate landscape master plan.
- The landscaping, bicycle paths, recreational improvements, and open space areas which may be developed and dedicated to the public within the designated estate residential cluster development areas, exclusive of public park areas.
- The designated fuel modification areas in the hillside overlay zone of Planning Area 26.
- Other improvements which may be accepted by the City Council for maintenance by the landscape maintenance district.
- Incidental drainage facilities in conjunction with the above landscape improvements.

Changes in Benefit Zone Boundaries

During the lifetime of the District, several changes have occurred that affect the boundaries of the benefit zones. The plans and specifications for the changes are on file with the City of Corona.

1. Due to the nature, location, and extent of the improvements it has been determined that some benefit zones received the same degree of benefit. Accordingly, these benefit zones have been eliminated by consolidating them with other zones, as follows:
   - Benefit Zone 8 was consolidated into Benefit Zone 7.
   - Benefit Zone 9 and 13 were consolidated into Benefit Zone 4.
   - Benefit Zone 11 was consolidated into Benefit Zone 10.
2. Four benefit zones were eliminated for the following reasons:
   - Benefit Zones 3 and 5 have been eliminated because the interim detention basins are no longer necessary due to the installation of storm drains.
   - Benefit Zone 12 has been eliminated because improvements formerly maintained by the City are now maintained by the Cresta Verde Golf Course.
   - Benefit Zone 16 has been eliminated because the interim detention basin is no longer necessary due to the Oak Street Channel improvement. The property maintenance has been turned over to the underlying property owner and all affected property owners were notified of the levy being discontinued.
3. Due to the nature, location, and extent of the improvements, the Mountain Gate Specific Plan Area was detached from Benefit Zone 19 to establish Benefit Zone 20.

The cost of servicing, maintaining, repairing, and replacing the actual improvements as described in the Plans and Specifications are summarized as follows:

Table 2-1
Benefit Zone 1 - Budget

	Estimated through June 30	
Direct Costs	**FY 2023**	**FY 2024**
Contract Services	$805	$871
Maintenance Inspection and Administration	$759	$975
Utilities	$714	$728
Total Direct Costs	**$2,278**	**$2,574**
Indirect Costs		
County Admin	$170	$173
City Personnel/Overhead	$95	$97
Engineering Costs	$22	$24
Total Indirect Costs	**$287**	**$294**
Total Costs	**$2,565**	**$2,868**
Collection/(Contribution)		
Operating Reserve	$0	$0
Capital Replacement Reserve	$1,582	$1,280
Total Adjustments	**$1,582**	**$1,280**
Total Assessment	**$4,147**	**$4,148**
Reserve Fund Balances		
Beginning Operating Reserve	$1,283	$1,434
Reserve Collection	$0	$0
Reserve Contribution	$0	$0
Est. Ending Operating Reserve(1)	**$1,283**	**$1,434**
Beginning Capital Replacement Reserve	$24,219	$26,881
Reserve Collection	$1,582	$1,280
Reserve Contribution	$0	$0
Est. Ending Capital Replacement Reserve(2)	**$25,801**	**$28,161**

(1) *The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.*

(2) *The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For FY 2024, $1,280 is allocated for Capital Replacement Reserves. Please refer to Appendix C for a list of the capital improvement projects by Zone. There are no anticipated major Capital Improvement Projects planned for Zone 1.*

Table 2-2
Benefit Zone 2 – Budget

	Estimated through June 30	
Direct Costs	**FY 2023**	**FY 2024**
Contract Services	$24,490	$26,163
Maintenance Inspection and Administration	$12,680	$13,210
Utilities	$50,708	$51,722
Total Direct Costs	**$87,838**	**$91,095**
Indirect Costs		
County Admin	$451	$458
City Personnel/Overhead	$1,763	$1,797

(1) *The Operating Reserve Fund may equal up to 50% of the estimated annual cost of providing services funded by the District and shall be used to pay the cost of services until the District receives funds from the assessment levy.*

(2) *The Capital Replacement Reserve Fund will be used for capital improvement projects including the cost to replace and/or renovate larger, more expensive improvements within the benefit zone. These improvements have finite life expectancies and will need to be replaced at some point in the future. On an annual basis, any non-expended assessment monies, in excess of the Operating Reserve Contribution, will be transferred to the Capital Replacement Reserve Fund until such time as there are sufficient monies to pay for these and/or other unforeseen improvement costs. For FY 2024, $43,444 is being contributed to subsidize the levy. Please refer to Appendix C for a list of the Capital Improvement projects by Zone. There are no anticipated major Capital Improvement Projects planned for Zone 6.*

There are no anticipated major Capital Improvement Projects planned for Zone 20.*

Proposition 218 Compliance

On November 5, 1996 California voters approved Proposition 218, entitled the "Right to Vote on Taxes Act," which added Article XIII D to the California Constitution. While its title refers only to taxes, Proposition 218 establishes new substantive and procedural requirements for the formation and administration of assessment districts. Proposition 218 provides that all existing, new, or increased assessments must comply with Proposition 218's new substantive and procedural requirements unless the assessment is "grandfathered" as one of the four categories of assessments that existed on or before November 6, 1996 and is therefore exempted from the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit.

Two of the four categories of assessments that are "grandfathered" under Proposition 218 and are relevant to the District are:

1. Any assessment imposed exclusively to finance the capital cost or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control.
2. Any assessments levied pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed.

For purposes of applying the first exception, Proposition 218 does not define the term "streets"; however, based upon the opinions of public agency officials, attorneys and assessment engineers, as well as language in the Proposition 218 Omnibus Implementation Act (Government Code §§ 53750 et seq.) and the court's reasoning in *Howard Jarvis Taxpayers Association v. City of Riverside,* 73 Cal.App.4th 679 (1999), it has been determined that the term "streets" includes median and parkway landscaping, traffic signals, safety lighting, and street lighting, and all other public improvements located within the street right-of-way, since assessments for these types of improvements are traditionally appropriate, non-abusive special assessments. The improvements and services financed by LMD No. 84-2 constitute physical parts of the right-of-way in which the street is located, contribute to road and sidewalk safety, and provide for drainage and treatment of runoff. Therefore, the assessments levied by LMD No. 84-2 (other than the assessments for the Post Proposition 218 Annexations, defined below) are grandfathered under the first exception, and thus the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit, do not apply.

The second exception to the application of Proposition 218 also applies to LMD No. 84-2, because the District was initiated by a petition signed by the property owners within the District boundaries at the time it was formed and, therefore, the assessments are exempt from the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit.

Even if assessments are initially "grandfathered" under Proposition 218 and thus exempt from the substantive and procedural requirements of Proposition 218, if the assessments are increased in the future the City will need to comply with the provisions of Proposition 218 for that portion of the increased assessment formula (e.g., CPI increase). Additionally, although the assessments levied within LMD No. 84-2 are considered "grandfathered", the City has determined that it is appropriate to ensure that the assessments levied against properties that were annexed to LMD No. 84-2 after the passage of Proposition 218 comply with the "procedures and approval process" set forth in Proposition 218, including the requirement to separate general benefit from special benefit. The City has identified the following annexations to LMD No. 84-2 as annexations that were approved after the passage of Proposition 218 (collectively "Post 218 Annexations"):

Table 3-1
Annexations

Annexation Year	Annexation Number	Zone	Property Annexed
2013	85	20	TT 34760
2013	84	10	TT 35590R
2007	83	14	PM 33761
2006	82	14	PM 33533
2005	81	18	TR 32195
2005	80	18	APN 119-060-018, -020, -022
2004	79	14	TR 29595
2001	78	14	PM 30197
2001	77	6	TR 29876
1997	76	2	TR 27305-8, -9

Proposition 218 defines "assessment" as "any levy or charge upon real property by an agency for a special benefit conferred upon the real property," (California Constitution, Article XIII D, §2(b)). A special assessment, sometimes called a "benefit assessment," is a charge generally levied upon parcels of real property to pay for benefits the parcels receive from local improvements. Special assessments are levied according to statutory authority granted by the Legislature or, in some instances, local charters. Distinguishing among taxes, fees and assessments can be difficult and often depends on the context in which the distinction is made. For example, taxes, assessments, and property-related fees all may be imposed on property. The key feature that distinguishes an assessment from a tax, fee, or charge is the existence of a special benefit to real property. Without identifying a special benefit, there can be no assessment.

Distinguishing General and Special Benefit

Proposition 218 added a set of procedures and requirements which a local government must follow to levy an assessment. In addition to notice, hearing, and assessment ballot proceedings, Proposition 218 provides that "only special benefits are assessable" and requires a local government to "separate the general benefits from the special benefits conferred on a parcel."

There is no statutory definition or judicially approved formula for calculating general benefit. For purposes of this Report, general benefits are benefits from improvements or services that are not special in nature, are not particular and distinct, and are not over and above the benefits received by other properties. Proposition 218 defines "special benefit" as "a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large. General enhancement of property value does not constitute 'special benefit'."

By its nature, most every public improvement financed through an assessment district contains an element of public benefit. The test is: does there exist, with relation to the improvement, a special benefit to the property assessed? The law requires that the portion of the cost of the improvements which benefits the public generally (i.e., general benefits) be separated from the portion of the cost of the improvements which specially benefits assessed properties (i.e., special benefits).

The actual assessment and the amount of the assessment for the Fiscal Year 2024 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are listed in Appendix A. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report.

General Benefit

Post 218 Annexations

As explained above, the assessments levied within LMD No. 84-2 (other than the Post 218 Annexations) are considered "grandfathered" and thus the substantive and procedural requirements of Proposition 218, including the requirement to separate general benefit from special benefit, do not apply. However, with respect to assessments levied against properties included within the Post 218 Annexations, the City has determined that the Landscape Improvements maintained within the Post 218 Annexations by each benefit zone (other than the Nominal General Benefit Annexations, defined and discussed below) provide negligible general public benefit in that each benefit zone is comprised of separate and discrete neighborhoods for which the Landscape Improvements were installed. The Landscape Improvements do not extend beyond the perimeter of the boundary of each of those discrete neighborhoods. Additionally, other than the Nominal General Benefit Annexations discussed below, the improvements financed by LMD No. 84-2 for the Post 218 Annexations do not include any Landscape Improvements in the parkway areas fronting each discrete neighborhood. In other words, all of the Landscape Improvements financed by LMD No. 84-2 for the Post 218 Annexations are located entirely within the interior areas of the developments that comprise and are included in the Post 218 Annexations.

As further explained in the Direct and Special Benefit section, the Landscape Improvements within the Post 218 Annexations provide a direct advantage only to the properties that are within the boundaries of each discrete neighborhood/benefit zone. Although the discrete neighborhoods that comprise each benefit zone could be accessed by the public at large, the Landscape Improvements within the Post 218 Annexations that are financed by LMD No. 84-2 were specifically designed, located and created to provide additional and improved public resources exclusively for real property within the Post 218 Annexations and not the public at large. Other properties that are located outside each benefit zone do not enjoy the unique proximity, access, views and other special benefit factors discussed below under Direct and Special Benefit. Moreover, since all properties within each benefit zone have equal access and opportunity to enjoy the Landscape Improvements within the Post 218 Annexations that are financed by District assessments, all properties within each benefit zone benefit equally from the Landscape Improvements and the costs and expenses for the landscaping maintenance and services are appropriately apportioned on a per parcel or a per acre basis. Based upon the foregoing, the City has concluded that there is no measurable general benefit associated with the Landscape Improvements financed with the assessments levied against properties within the Post 218 Annexations (other than the Nominal General Benefit Annexations discussed below).

Nominal General Benefit Annexations

In reviewing the location and extent of the specific landscaped areas and improvements within the Post 218 Annexations that are funded by the District assessments and the proximity and relationship to properties to be assessed, it has been determined that the following annexation areas include landscape improvements within the parkway areas fronting the developments that comprise and are included in the Post 218 Annexations: Annexation 76 to Zone 2 (TR 27305-8 & 9), Annexation 78 to Zone 14 (PM 30197), Annexation 80 to Zone 18 (APN Nos. 119-060-18, -020, -022), and Annexation 81 to Zone 18 (TR 32195) (collectively, "Nominal General Benefit Annexations"). At the time of annexation of these developments, the improvements to be financed by the District assessments were considered local improvements that were required to be installed in connection with the development of properties within these annexation areas. Similar to the Post 218 Annexations, the Landscape Improvements within the Nominal General Benefit Annexations that are financed by District assessments were specifically designed, located, and created to provide additional and improved public resources for real property within the Nominal General Benefit Annexations and not the public at large.

Similar to the Post 218 Annexations, the majority of the Landscape Improvements (see discussion below regarding the Landscape Improvements within frontage parkway areas) provided and maintained within the Nominal General Benefit Annexations do not extend beyond the perimeter of the boundary of each discrete neighborhood that comprises the annexation area and are located entirely within the interior areas of the developments that comprise and are included in the Nominal General Benefit Annexations. As such, the interior Landscape Improvements within the Nominal General Benefit Annexations provide a direct advantage only to the properties that are within the boundaries of each annexation area. Although the developments that comprise and are included in the Nominal General Benefit Annexations could be accessed by the public at large, the Landscape Improvements within these annexation areas that are financed by District assessments were specifically designed, located, and created to provide additional and improved public resources for real property within the Nominal General Benefit Annexations and not the public at large. Other properties that are located outside each benefit zone do not enjoy the unique proximity, access, views, and other special benefit factors discussed in the Direct and Special Benefit section.

However, as indicated above, the assessments levied within the Nominal General Benefit Annexations also provide and maintain Landscape Improvements within the parkway areas fronting the developments that comprise and are included in the Nominal General Benefit Annexations. Since these parkway areas are readily accessible and viewable by the public at large, there may be some general benefit enjoyed by the general public as a result of the Landscape Improvements located and maintained in these parkway areas. In the absence of the assessments, the Landscape Improvements would not be provided or maintained within the Nominal General Benefit Annexations at the enhanced level or standard that the Landscape Improvements are currently provided and maintained. The maintenance, upkeep, and repair of such parkway Landscape Improvements would be reduced to the minimal standard necessary for public health and safety. As such, the maintenance of the Landscape Improvements within the parkway areas fronting each annexation area to the current enhanced level and standard of maintenance has a direct and particular impact or special benefit only on those properties within the Nominal General Benefit Annexations and any maintenance or services beyond that which is required to ensure the safety and protection of the general public and property, has no identifiable benefit to the public at large or properties outside these annexations. The general benefit derived from the maintenance of the Landscape Improvements within the parkway areas fronting the Nominal General Benefit Annexations can be quantified as the cost that the City would incur to provide the minimal level of maintenance and services necessary for public health and safety. The costs incurred to maintain the Landscape Improvements within the parkway areas fronting the Nominal General Benefit Annexations over and above this minimum level of service would provide a direct advantage only to the properties within the Nominal General Benefit Annexations and is considered to be a special benefit.

In the absence of the assessments levied by LMD No. 84-2, the City would typically provide only weed abatement and erosion control services for parkway areas. These services would typically be provided twice annually. This level of service provides for public safety and avoids negative impacts on adjacent roadways and vehicles traveling on those roadways, but results in a far less visually pleasing environment than is created with the enhanced level of service currently provided to the parkway areas within the Nominal General Benefit Annexations. The cost to provide the baseline weed abatement and erosion control level of service is approximately $0.02 per square foot, twice a year, for parkway areas. The general benefit is determined by multiplying the weed abatement and erosion control service costs by the square footage of these parkway areas. Since the baseline services, unlike the enhanced level of service that is provided as a result of the District assessments, provide some benefits to the general public and to the neighborhoods outside of the benefit zones, the cost of providing this baseline service is treated as the cost of general benefits from landscape maintenance services. Utilizing these per square foot costs and the square footages of the parkway areas in the Nominal General Benefit Annexations, the current estimated general benefit costs calculated for the frontage parkway areas within Annexation 76 to Zone 2 is $209.09, within Annexation 78 to Zone 14 is $766.66, and within Annexation Zones 80 and 81 to Zone 18 is $382.80. These general benefit costs are identified as the "General Benefit Contribution" in the applicable Zone budgets in Section 2 (Cost Estimate) of this Report and will be credited to those properties included within the Nominal General Benefit Annexations. Funding for these general benefit costs will be provided by the City's General Fund.

Direct and Special Benefit

The types of services provided within LMD No. 84-2 is the maintenance of parks, slopes, parkways, and open space, including but not limited to: ground cover, shrubs, plants and trees, irrigation systems, graffiti removal, sidewalks and masonry walls, entry monuments, tot lot equipment, and associated appurtenant facilities. Services provided include all necessary service, operations, administration, capital replacement and maintenance required to keep the above-mentioned improvements in a healthy, vigorous and satisfactory working condition.

As explained above, the assessments levied within LMD No. 84-2 (other than the Post 218 Annexations) are considered "grandfathered" and thus the substantive and procedural requirements of Proposition 218, including the requirement to separate general benefit from special benefit, do not apply. However, with respect to assessments levied against properties included within the Post 218 Annexations, particular direct and special benefit is provided by the Landscape Improvements which include, but are not limited to, enhanced aesthetics of areas within the benefit zones providing additional desirability for potential buyers, a more pleasant environment to walk, drive, live, and work for property owners in addition to controlling dust and potential erosion. The primary function of these Landscape Improvements and related amenities is to serve as an aesthetically pleasing enhancement and green space for the benefit of the immediately surrounding development within the individual benefit zones for which the improvements were constructed and installed. These improvements are an integral part of the physical environment of parcels within the benefit zones, and if the improvements were not properly maintained, it is these parcels that would be negatively affected. In addition, the landscape improvements serve as a physical buffer as well as a sound reduction or buffer between the roadways and the properties in the

benefit zones, as well as a physical buffer and openness between properties within the benefit zones. The improvements installed in connection with the development of the parcels constituting the benefit zones would not be necessary or required without the development of those parcels within the District.

The assessment revenue derived from real property in each benefit zone is expended only on the Landscape Improvements in that benefit zone. The Landscape Improvements are located in close proximity to the real property within each benefit zone that is subject to the assessments and provide a direct advantage to the property in the benefit zone in that the improvements funded by the assessments are directly provided only to the real property in each benefit zone. Other than the Nominal General Benefit Annexations, the Landscape Improvements do not extend beyond the perimeter of the boundary of each discrete neighborhood that comprises a benefit zone and are located entirely within the interior areas of each neighborhood. In the absence of the assessments, the Landscape Improvements would not be provided or maintained within LMD No. 84-2 and the maintenance, upkeep, and repair of such Landscape Improvements would be reduced to the minimal standard necessary for public health and safety. Therefore, the assessments provide and fund Landscape Improvements that are over and above what otherwise would be provided. The fact that the Landscape Improvements are over and above what otherwise would be provided, combined with the unique proximity and access to the Landscape Improvements enjoyed by real property within LMD No. 84-2, demonstrates that the assessments provide a direct advantage and special benefit to real property within LMD No. 84-2.

Method of Apportionment

Pursuant to the Landscaping and Lighting Act of 1972 and Article XIII D of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements shall be identified and the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

To proportionally allocate special benefit to each parcel, it is necessary to correlate each property's proportional benefit to other properties that benefit from the improvements and services being funded: In order to do this, the assessment methodology assigns each parcel a number of benefit units based on its land use. One benefit unit is defined as the special benefit allocable to a single family home.

Single Family Residential Property - The method of apportionment assigns each fully subdivided single family residential dwelling one benefit unit.

Multi-Family Residential Property - This land use classification identifies residential developments that typically have 60% fewer people per dwelling unit than single family residential property and therefore have been assigned to 0.60 benefit unit, per dwelling.

Commercial Property - The method of apportionment assigns benefit units by multiplying the overall acreage by five benefit units per acre, (based on the typical number of residential property in an acre of typical development).

Benefit Zones 1, 2, 4, 7, 15, 17, and 18 - Prior to total development and the recordation of tract maps, the benefit will be assessed according to the number of lots, units, or acreage within the tentative tract map.

Benefit Zone 6 - As development occurs and prior to total development, each undeveloped parcel will be assessed the number of projected benefit units in accordance with SP 81-2.

Benefit Zone 10 - Currently, there are approximately 0.97 acres of undeveloped property and one parcel classified as reserved development within this zone. The Assessor's Parcel Number is 102-370-009.

A reserved development designation was assigned to Assessor's Parcel Number 102-370-009 under SP 85-2. Other than for mining purposes, development of Assessor's Parcel Number 102-370-009, approximately 80 acres, is not anticipated at this time.

Benefit Zone 14 - SP 85-3 (Tract No. 20796) and Tract No. 22579 created approximately 2,553 residential units of varying densities and 12.3 acres of commercial support. The updated total projected build-out is approximately 2,350 units. This benefit zone is at near build-out status and nearly all benefit units have been assessed.

Benefit Zone 19 - Benefit Zone 19 consists of various developments within South Corona. The method of assessment is based on approximately 3,700 benefit units with a residential dwelling equal to one benefit unit.

Benefit Zone 20 - SPA90-09 proposes 3,248 residential units of varying densities, 15.1 acres of commercial developments, and 15.8 acres of quasi-public land use. Currently, there are 2,754 residential units, 10.1 acres of commercial development, and 6.91 acres of quasi-public land use. At the present time the benefit zone maintains 62.47 acres of landscaping.

Prior Proposition 218 Proceedings for Rate Increase

Benefit Zone 1 – In 2001, due to increased maintenance costs and low reserves, a special election was held to increase Benefit Zone 1 from $22.54 per assessment unit to $33.54 per assessment unit (an $11.00 increase per assessment unit). The proposed increase failed to receive a majority ballot approval. Consequently, the trees and turf suffered considerably due to the lack of irrigation. Maintenance and operating service costs were reduced to eliminate tree trimming, replacement, and any landscape enhancement. In 2012, the turfgrass was removed and decomposed granite ("DG") was installed to help further reduce maintenance costs.

Benefit Zone 4 - After a failed election in 2002, the City received many complaints from property owners within Benefit Zone 4 due to the condition of the landscape. Therefore, the City again conducted a special election pursuant to the provisions of Proposition 218 for Benefit Zone 4 in July of 2003. The proposed increase for Benefit Zone 4 was from $75.00 to $138.00 ($63.00 per assessment unit). In order to provide sufficient funds from the levy and collection of assessments within the benefit zone in future Fiscal Years to pay increasing costs due to inflation, it was proposed that the assessments levied on assessable parcels of property in Benefit Zone 4 should be subject to annual increases in future years, commencing in Fiscal Year 2007, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario ("CPI") or three percent (3%), whichever is less. Benefit Zone 4 received a favorable majority vote and the charge per assessment unit was increased from $75.00 to $138.00 commencing in Fiscal Year 2007. The maximum assessment per benefit unit for Benefit Zone 4 will escalate three and zero one hundredths percent (3.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $204.28.

Benefit Zone 10 - After a failed election in 2007, the City received many complaints from property owners within Benefit Zone 10 due to the condition of the landscape. On April 2, 2008, the City Council, in response to input from residents, approved a petition and re-ballot process to allow for property owners to re-vote. The procedure required signed petitions from at least 25% of the properties within the benefit zone to trigger a re-vote. This requisite equated to approximately 725 signed petitions from the record property owners indicating their intended support of the proposed annual levy increase from $335.61 to $540.00 per assessment unit. Benefit Zone 10 met the required minimum number of petitions favoring the re-ballot process, and a public hearing on the proposed levy increase was scheduled for June 18, 2008. Benefit Zone 10 received a favorable majority vote and the charge per assessment unit was increased for Fiscal Year 2009. The rate per assessment unit for Benefit Zone 10, is subject to an annual increase in future Fiscal Years, commencing Fiscal Year 2012, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. The maximum assessment per benefit unit, for Benefit Zone 10 will escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum charge assessment per benefit unit $674.73.

Benefit Zone 14 - After two failed elections, the irrigation and maintenance in Benefit Zone 14 was reduced due to lack of funding, causing the landscape areas to deteriorate. In order to revitalize declined areas and keep up with inflation and rising costs, this benefit zone underwent a third Proposition 218 ballot proceeding on August 28, 2007. Benefit Zone 14 received a favorable majority vote and the charge per benefit unit was increased from $100 to $230 in Fiscal Year 2009. The rate per benefit unit for Benefit Zone 14 is subject to an annual increase in future Fiscal Years, commencing Fiscal Year 2013, by the percent increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. The maximum assessment per unit for Benefit Zone 14, escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $281.74.

The landscaped and irrigated areas increased to approximately 31.44 acres in Fiscal Year 2009 and due to the increase in the assessment, a phased capital improvement program was implemented to revitalize areas that had been subjected to previous years' cutbacks. This phased program started in Fiscal Year 2009 with the first year's allocation of approximately $636,000. Of this amount, $450,000 was borrowed from Fund 289, to be paid back over 10 years at 4.2% interest. The loan was paid in full in Fiscal Year 2019.

Benefit Zone 19 - The City Council has determined that due to increasing costs associated with the maintenance, servicing and operation of public landscaping and appurtenant facilities in Zone 19, it is necessary that the assessments which will be levied on parcels of assessable property in Zone 19 be increased commencing in Fiscal Year 2024 upon the approval of the Proposition 218 ballot.

Benefit Zone 20 - After a failed election, Benefit Zone 20 property owners met the City's requisite of 621 signed petitions that triggered a re-vote on August 6, 2008 to increase the annual rate per benefit unit from $180.00 to $360.00 and to be subject to an inflationary factor in future Fiscal Years, commencing Fiscal Year 2011, by the percentage increase, if any, in the Consumer Price Index, All Items, Riverside-San Bernardino-Ontario or two percent (2%), whichever is less. Due to the approved measure, the added revenue from the increase allows Zone 20 to keep up with the rising costs in labor, utilities, plant materials, and irrigation parts and implement a much needed Capital Improvement and/or Plant Rehabilitation Program which began in Fiscal Year 2009. The maximum charge assessment per benefit unit for Benefit Zone 20 escalate two and zero one hundredths percent (2.00%), which represents the lesser of percentage increase in the CPI for Fiscal Year 2024, making the maximum assessment per benefit unit $458.18.

Reserves Outlook

After reviewing all of the benefit zones within the District, it is apparent that a majority of the benefit zones have the ability to generate reserves. However, Benefit Zones 2, 6, 17, 18, and 19 continue to draw on reserve funds at an increasing rate primarily as result of the increase in utility costs and the absence of an annual inflator for the assessment rates. Measures have been taken to reduce operating costs through turf removal projects for Zones 2 and 17. It will be necessary to conduct Proposition 218 Assessment Ballot proceedings for Benefit Zones 17 and 19 in the next few years for the benefit zones to be self-sustaining. Currently, Benefit Zones 1, 4, 7, 10, 14, 15, and 20 are building their reserve funds.

Whereas, on May 3rd, 2023, the City Council, under the Act, adopted its Resolution Initiating Proceedings for the Annual Levy of Assessments and Ordering the Preparation of an Engineer's Report for Landscape Maintenance District No. 84-2.

Whereas, the Resolution of Initiation directed Spicer Consulting Group, LLC. to prepare and file a Report presenting plans and specifications describing the general nature, location, and extent of the improvements to be maintained; an estimate of the costs of the maintenance, operations, and servicing of the improvements for LMD No. 84-2 for the referenced Fiscal Year; a diagram for LMD No. 84-2 showing the area and properties to be assessed; and an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels within the District in proportion to the special benefit received;

Now Therefore, the following assessment is made to cover the portion of the estimated costs of maintenance, operation, and servicing of said improvements to be paid by the assessable real property within LMD No. 84-2 in proportion to the special benefit received.

Estimated Benefit Assessments

Each of the parcels within the benefit zones listed below has been deemed to receive proportional special benefit from the maintenance and operation of the improvements within that benefit zone. The percentage change in allowable Fiscal Year 2024 assessment from the allowable Fiscal Year 2023 assessment is as follows:

Table 4-1
Proposed Assessment Summary

Zone	Estimated Charge FY 2024	Estimated Benefit Units	Maximum Assessment per BU FY 2023	Maximum Assessment per BU FY 2024	Maximum Assessment Rate Change (%)	Actual Assessment per BU FY 2024
Benefit Zone 1	$4,147.36	184.00	$22.54	$22.54	0.00%	$22.54
Benefit Zone 2[1]	$81,084.00	699.00	$116.00	$116.00	0.00%	$116.00
Benefit Zone 4	$93,609.68	514.00	$198.33	$204.28	3.00%	$182.12
Benefit Zone 6	$314,768.69	4,614.70	$68.21	$68.21	0.00%	$68.21
Benefit Zone 7	$78,793.00	1,432.60	$55.00	$55.00	0.00%	$55.00
Benefit Zone 10	$2,139,262.93	3,429.90	$661.50	$674.73	2.00%	$623.71
Benefit Zone 14[2]	$588,663.32	2,305.50	$276.22	$281.74	2.00%	$255.33
Benefit Zone 15	$27,555.68	383.25	$106.90	$106.90	0.00%	$71.90
Benefit Zone 17	$22,110.00	201.00	$110.00	$110.00	0.00%	$110.00
Benefit Zone 18[3]	$35,980.00	359.80	$100.00	$100.00	0.00%	$100.00
Benefit Zone 19	$465,192.00	3,692.00	$126.00	$126.00	0.00%	$126.00
Benefit Zone 20	$1,068,698.21	2,573.75	$449.19	$458.18	2.00%	$415.23

[1] The Estimated Charge does not include the $209 of General Benefit.
[2] The Estimated Charge does not include the $767 of General Benefit.
[3] The Estimated Charge does not include the $383 of General Benefit.

Executed this _____ day of _____ 2023.

FRANCISCO MARTINEZ JR
PROFESSIONAL CIVIL ENGINEER NO. 84640
ENGINEER OF WORK
CITY OF CORONA
STATE OF CALIFORNIA

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and Assessment Diagram thereto attached, was filed with me on the _____ day of _____, 2023, by adoption of Resolution No. 2023-___ by City Council.

CITY CLERK
CITY OF CORONA
STATE OF CALIFORNIA

I HEREBY CERTIFY that the enclosed Engineer's Report, together with the Assessment Roll and Assessment Diagram thereto attached, was approved and confirmed by the City Council of the City of Corona, California on the _____day of _____, 2023.

CITY CLERK
CITY OF CORONA
STATE OF CALIFORNIA

The actual assessment and the amount of the assessment for the Fiscal Year 2024 apportioned to each parcel as shown on the latest equalized roll at the County Assessor's office are referenced in Appendix A of this Report. The description of each lot or parcel is part of the records of the County Assessor of the County of Riverside and such records are, by reference, made part of this Report. If any APN identified therein is submitted for collection and identified by the County Auditor/Controller of the County of Riverside to be an invalid parcel number for any fiscal year, a corrected parcel number and/or new parcel numbers will be identified and resubmitted to the County Auditor/Controller. The assessment amount to be levied and collected for the resubmitted parcel or parcels shall be based on the method of apportionment, as described in this Report and approved by the City Council.

The District boundary coincides with the boundary of the parcels included within the District as of the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

Reference is made to the County Assessor's Roll and Maps for a detailed description of the lines and dimensions of any lot or parcel. The lines and dimensions of each lot shall conform to those shown on the County Assessor's Maps for the Fiscal Year to which the Report applies.

An Assessment Diagram for each Zone is attached hereto in Appendix B, showing the boundaries of LMD No. 84-2 and the boundaries of each Benefit Zone established within the District as the same existed at the time of the adoption of the Resolution of Intention and the initiation of these proceedings.

APPENDIX C

Capital Improvement Projects

SPICER CONSULTING GROUP

The Community Services Department is developing a master plan for each zone that would include capital projects, operational activities, and revenue requirements to meet the objectives and service levels desired. Revenue requirements are set to cover annual operating costs and build reserves over time to perform focused capital replacements year over year, or large capital replacements in one anticipated year. Projects will be brought before City Council for approval as they are developed through the master plan. Zone specific projects are listed below:

Zone 1 Capital Project

The City will be installing new backflow device, irrigation time, and additional plants and trees to soften the DG strips adjacent to Lincoln Avenue.

Zone 4 Capital Project

The City will install new plant material where the previous material did not take and apply new mulch to the area.

Zone 10 Capital Projects

The first-year landscape renovation project in Zone 10 was completed by the end of the Fiscal Year 2018. This project renovated approximately 125,000 square feet of landscaping for Year 1 of Zone 10's ten-year capital improvement plan.

The parkways along the south side of Oakridge Drive were completed in Fiscal Year 2020. The Oakridge portion of the project renovated 12,400 square feet of parkways, totaling $105,000. Year 2 construction was completed during Fiscal Year 2021. This project rehabilitated 63,745 square feet of slope areas and parkways, including the removal of ice plant, installation of low-precipitation rotary nozzles and acacia for slope stability. Additionally, a new irrigation controller, decomposed granite and bench seating were installed in an open space area along Rutland Drive. The total project cost was $711,551.15.

Additionally, the City contracted with Ninyo & Moore, a geotechnical and environmental sciences consulting firm, to further examine several slope areas in Zone 10, Areas 55, 89, and 272. These areas were previously observed to have some surficial slope erosion and damage to concrete drainage ditches which required more investigation. After receiving the report from Ninyo & Moore, the City focused on an area behind two homes located along Dominguez Rancho Road based on Ninyo & Moore's findings. The City subsequently requested a more detailed report, including soils sampling and testing, focused on this area from a company named GeoTek, Inc. GeoTek's findings indicate that future remediation actions will be necessary on the slope in this area, however, the slope itself at its base is stable. The City is currently working with an engineering design firm, Hunsaker and Associates, for design services based upon GeoTek's recommendations. Cost estimates are unavailable at this time, since the final design solution is unknown.

Furthermore, the City will be implementing a large tree planting project to replace trees that have either died or are showing signs of stress. It is anticipated that 200 – 300 trees will be planted this next fiscal year. Additionally, a number of deteriorated irrigation cabinets will be replaced with new stainless-steel units.

Zone 20 Capital Projects
