**REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Finance Department

**SUBJECT:**

Approval of the Second Amendment to the Professional Services Agreement with MV Cheng and Associates for temporary staffing services.

**EXECUTIVE SUMMARY:**

Approval is recommended for the Second Amendment to the Professional Services Agreement with MV Cheng and Associates for temporary staffing services to assist with purchasing and accounting functions in the Finance Department.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Approve the second amendment to the Professional Services Agreement with MV Cheng and Associates in the amount of \$75,000 for temporary staffing services.
- b. Authorize the Purchasing Agent to increase Purchase Order B210288 for MV Cheng and Associates from \$100,000 to \$175,000.
- c. Approve a budgetary transfer, not to exceed \$75,000, from the personnel category to professional/contractual services, in the Finance Department's General Fund Fiscal Year 2022 budget.

**BACKGROUND & HISTORY:**

On July 21, 2020, the Finance Department solicited a Request for Quotations, or RFQ, for temporary staffing - purchasing specialists. Quotes were received from five vendors and MV Cheng and Associates was selected from that process. MV Cheng and Associates specializes in temporary staffing for municipal finance, purchasing, risk management and human resource positions.

**ANALYSIS:**

At the time the RFQ was issued in July 2020, the purchasing division of the Finance Department was short-staffed by three full-time positions, including the Purchasing Manager. From the engagement with MV Cheng and Associates, the City has been working with an experienced purchasing professional since August 2020. The temporary services helped bridge the shortage during recruitment, onboarding, and training of new staff. With the temporary services, staff has been able to keep purchasing items moving forward and reduce the backlog of purchasing requests that had been building due to the staffing shortage. Due to additional changes in staffing, purchasing is still short by one full-time and one part-time position. The extension of the contract through December 31, 2021 will provide the needed assistance to get through the fiscal year-end process and keep items moving forward while recruitments proceed. The hourly rate for purchasing services is \$50 per hour.

In addition to the purchasing division, the accounting group is currently short-staffed by two full time positions, including the Accounting Supervisor of accounts receivable and accounts payable. As Fiscal Year (FY) 2021 ends, there is a considerable amount of work that goes into reconciliations, accruals, and other items for the audit and the preparation of the financial statements. Staff reached out to MV Cheng and Associates to provide a quote for temporary accounting services. The amendment with MV Cheng and Associates will provide approximately eight (8) weeks of assistance to get the accounting group through the recruitment, onboarding, and training process, while in the middle of preparing FY 2021 fiscal year-end closing activities. The hourly rate for accounts receivable/payable support is \$45 per hour.

A RFQ was completed in July 2020, based on the original value of the contract, estimated to be \$100,000. The original RFQ was specifically for purchasing support services. Quotes were received from five (5) vendors, ranging from \$43-\$51 per hour. The City selected MV Cheng and Associates because this firm was able to provide a high-quality, experienced candidate within the time frames required by the Department. Additionally, this firm was able to sign the City's agreement without modifications. The other firms which provided quotes all wanted substantive changes to the City's agreement.

In summary, staff recommends the contract extension and increase in contract value for the City Council's approval. Extending the contract with MV Cheng and Associates through December 31, 2021 and increasing the contract value by \$75,000 will bridge the staffing shortage currently experienced by the Department. Staff believes that approval of the recommended actions are in the best interest of the City and its administrative operations, because it allows for the continued operations provided by additional temporary staffing under this agreement amendment.

**FINANCIAL IMPACT:**

Approval of the recommended actions will extend the contract with MV Cheng through December 31, 2021. The additional services will cost up to \$75,000 and will be funded by personnel savings, due to vacancies, in the Finance Department's General Fund FY 2022 budget. A transfer not to exceed

\$75,000 will be processed from the personnel budget category to professional/contractual services, based on actual expenditures through the end of the contract term.

**ENVIRONMENTAL ANALYSIS:**

No Project (§15061(b)(3)) - a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects with have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.

**REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Finance Department

**SUBJECT:**

Approval of the Fourth Amendment to the Professional Services Agreement with HDL Software, LLC for business license program services

**EXECUTIVE SUMMARY:**

The day-to-day operations of the business license program are administered by HDL Software, LLC. Approval of the Fourth Amendment to the Professional Services Agreement is recommended for continuation of the contracted services through June 30, 2022.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Approve the fourth amendment to the Agreement with HDL Software LLC to extend the contract terms through June 30, 2022, for business license program services.
- b. Authorize the Purchasing Agent to issue a purchase order for Fiscal Year 2022 to HDL Software LLC for \$250,000.

**BACKGROUND & HISTORY:**

The day-to-day operations of the business license program include processing new businesses, annual renewals, payment processing, and customer support. The City Council approved outsourcing the administration of the business license program to HDL Software LLC in October 2016. The change was effective in March 2017. The current contract is expiring in October 2021 and staff is recommending a contract extension through June 2022.

**ANALYSIS:**

HDL Software LLC (Consultant) was selected in 2016 to administer the day-to-day operations of the

business license program. To staff's knowledge, HDL was the only vendor at the time that was providing a full-service administrative option. The Consultant was selected through a competitive bidding process by piggy-backing on an existing agreement between the Consultant and the City of Pacific Grove, where the City received similar cost and contract terms. The Consultant was selected based on their expertise in the business license field, including 34 years (as of 2016) of providing software applications and professional services to local governments. Its audit and consulting services include streamlining processes, reducing costs, increasing revenues, and providing greater efficiency and productivity for municipalities similar to the City of Corona.

The original agreement in 2016 was for a five-year period, through October 2021. With the agreement term expiring, an analysis of outsourced costs vs. staffing an in-house program was completed and presented at a Study Session before the City Council on March 24, 2021. The City Council provided staff with feedback to continue third-party administration of the program. The cost for HDL to operate the program is a flat rate of \$14.42 per business license. There are some additional costs for audit and recovery services, calculated as one-time compensation at 35% of the business license fees for on any non-reporting business that is brought into compliance. The total estimated cost for HDL to provide the service is \$238,000 per year. That estimate includes the administrative service costs as well as the software to manage the business license information. The annual costs will fluctuate based on the number of business licenses processed in a given year (new or renewal). The contract value is \$250,000 to accommodate for fluctuations in the volume of business licenses as well as the audit and recovery fees. The Consultant processed approximately 12,300 business licenses in the last year. The estimated costs for an in-house program are \$271,000 which does not include costs of a business license software program. If the City were to pursue bringing the administration of this program back in-house, staff would need to issue an RFP for a business license software program to evaluate and determine those costs. The prior business license system used by the City has met the end of its useful life and would need to be replaced.

The current recommendation is for the extension of the agreement through June 30, 2022. HDL is meeting their contractual obligations and is administering the program in a satisfactory manner. To staff's knowledge, HDL is still the only company currently offering the full day-to-day administrative services of the business license program. However, staff will conduct a Request for Proposals during Fiscal Year 2022 to evaluate options for future operations of the program.

#### **COMMITTEE ACTION:**

At the March 24, 2021 Study Session, there was a discussion on the business license program administration. A presentation was made to provide an overview of the program and a cost comparison of in-house staffing vs. outsourcing. Based on the discussion at the Study Session, the direction was to continue to outsource this function.

#### **FINANCIAL IMPACT:**

There is no additional financial impact for approval of the recommended actions. The contract value is currently up to \$250,000. The actual amount varies each year, based on the number of business licenses processed by the Consultant. The contract value is included in the Finance Department's FY

2022 Adopted Budget.

**ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action is to approve a contract extension and there is no possibility that approval will have a significant effect on the environment. Therefore, no environmental analysis is required.

**REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Public Works Department

**SUBJECT:**

Cooperative Agreement between the City of Corona, Western Municipal Water District, and the Western Riverside County Regional Wastewater Authority for the relocation of sanitary sewer facilities in connection with the McKinley Grade Separation Project.

**EXECUTIVE SUMMARY:**

Approval of a Cooperative Agreement between the City of Corona, Western Municipal Water District ("WMWD"), and the Western Riverside County Regional Wastewater Authority ("WRCRWA"), collectively called "Utility Agencies," that provides for the relocation of wastewater facilities owned by Santa Ana Watershed Project Authority ("SAWPA") and operated/maintained by WMWD and WRCRWA that are in conflict with the McKinley Grade Separation Project improvements and the reimbursement of all costs incurred by the City for the relocation of the wastewater facilities.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Approve the Cooperative Agreement for Utility Facility Modifications between the City, Western Municipal Water District, and Western Riverside County Regional Wastewater Authority.
- b. Authorize the City Manager, or his designee, to execute the Cooperative Agreement for Utility Facility Modifications between the City, Western Municipal Water District, and Western Riverside County Regional Wastewater Authority and to approve and execute any amendments to the Cooperative Agreement in a form acceptable to the City Attorney that are consistent with the Council's directions herein.

**BACKGROUND & HISTORY:**

### WMWD and WRCRWA Facilities Within Project Limits

As part of the SAWPA Inland Empire Brine Line that was constructed in the early 1990s, there is an existing 8" sanitary sewer effluent line located along Sampson Avenue and McKinley Street south of Sampson Avenue. WRCRWA operates and maintains the portion of the effluent facility and appurtenances that are located along Sampson Avenue and McKinley Street to a point just south of the existing Burlington Northern & Santa Fe ("BNSF") railroad, which includes an existing flow meter structure encased in a manhole, an existing siphon encased within a manhole structure and an additional manhole structure located between the flow meter and railroad. WMWD operates and maintains the portion of the effluent facility and appurtenances along McKinley Street from the flow meter south to the McKinley/Magnolia intersection, which includes the flow meter and an electric meter that powers the flow meter on the west side of McKinley Street. The flows from these facilities generally run east to west along Sampson Avenue, then north to south along McKinley Street to existing facilities in Magnolia Avenue. Although SAWPA owns the facilities and appurtenances, WMWD and WRCRWA are responsible for maintenance and operations, as well as taking the lead on any relocation improvements. As such, WMWD and WRCRWA are authorized to execute cooperative agreements and approve financing/reimbursement obligations for these facilities on behalf of SAWPA.

The Project includes the construction of a steel tied-arch network bridge structure approximately thirty (30) feet above the existing railroad track surface elevations. The Project will cause a gradual drop in elevations between the new elevations crossing the BNSF railroad (30 feet above existing grades), to fifteen feet above grade at the Estelle Street intersection, and back to surface elevations just north of Magnolia Avenue. As a result, the Project requires the complete reconstruction of the three (3) manholes just south of the existing BNSF railroad crossing as the roadway surface elevation will increase approximately twenty (20) to twenty-five (25) feet. Additionally, WMWD has identified existing flow problems that pre-date the Project improvements, which appear to be caused by low points and settlement areas in portions of the sanitary sewer effluent facility located south of the existing flow meter that are prohibiting the north to south flows, resulting in blockages and constant maintenance problems. Since other adjustments to their wastewater facilities are required as a result of the Project, WMWD has requested that the City also include the reconstruction of a portion of these facilities to remove existing low points. Additionally, the Utility Agencies executed a contract with the City of Corona's design consultant team (Biggs Cardosa and Associates, Inc., and Kimley-Horn and Associates, Inc.) directly to perform all design engineering and plan/procurement document preparation services.

The WMWD and WRCRWA sanitary sewer facilities within the Project limits are lawfully maintained in the present locations pursuant to statutory franchise rights. Said statutory franchise rights will also apply to the new locations of the WMWD and WRCRWA sanitary sewer facilities as a result of the adjustments, replacements, and relocations due to the Project improvements. Pursuant to [California Public Utilities Code Section 6297](#), both WMWD and WRCRWA, through their authority designated by SAWPA, are obligated to remove or relocate these facilities at their expense when necessary due to the lawful change of grade or alignment. Both agencies are responsible for all work associated with the relocation of their facilities as a result of the Project, including costs for professional services and construction. Much of the improvements required with the relocation and modification to these facilities can only be done during construction with the grading and fill activities.

**ANALYSIS:**

The City's options for the relocation and modification of the Utility Agencies' sanitary sewer facilities are as follows:

- 1) Direct WMWD and WRCRWA to prepare stand-alone procurement documents for the construction of all relocation, modification, and adjustment of their facilities with a separate, stand-alone contract(s) administered by each agency.
- 2) Include the work necessary to relocate, modify and adjust of their facilities within the City's procurement documents for the construction of the Project. This option involves the need to execute the Cooperative Agreement with the Utility Agencies.

WMWD/WRCRWA to Administer a Stand-Alone Project

The following benefits would apply to the City of Corona under this scenario:

- 1) The City would not be required to execute an agreement with the Utility Agencies, nor would the City be required to dedicate resources to managing construction, performing materials testing, project management, and accounting services for the relocation of the facilities.

The following constraints would apply to the City of Corona under this scenario:

- 1) The City's selected contractor and construction management consultant team would be required to coordinate with the Utility Agencies during construction of the Project to allow both teams of contractors to cooperate and coordinate with each other during construction. This will likely lead to potential delays and potential contract change orders, and additional efforts to coordinate with both sets of contractors in advance to minimize potential cost or schedule impacts.
- 2) Given both water and sewer improvements are performed by wet utility contractors and the fact that the City has water improvements that are required as part of the Project, the City may not receive the benefit of any reduced costs due to the economies of scale savings typically applied with additional trenching and wet utility improvements.

WMWD/WRCRWA Improvements to be Included with Project Improvements

The following benefits would apply to the City of Corona under this scenario:

- 1) Cost savings for the City's water improvements resulting from anticipated reduced unit costs due to the economies of scale savings typically applied with additional trenching and wet utility improvements.
- 2) No risk in multiple contractors and additional coordination efforts resulting in potential cost or schedule impacts. Should result in a more efficient schedule for construction and less overall costs to all involved parties.

The following constraints would apply to the City of Corona under this scenario:

- 1) At the expense of WMWD and WRCRWA, the additional resources the City will need to dedicate to the Project to perform necessary construction management, materials testing,

project management, and accounting services for the relocation of the sanitary sewer facilities.

Staff recommends the most appropriate solution is to include WMWD and WRCRWA improvements within the Project scope of work and to execute a Cooperative Agreement with the Utility Agencies. It will allow the City to minimize potential delays or construction cost change orders due to unforeseen conditions in the coordination with the Utility Agencies' contractor should they administer bids and oversee an independent construction contract for the relocation, modification, and adjustment of their sanitary sewer facilities. This far outweighs the risk with the need to provide additional resources to accommodate the additional improvements.

The proposed Cooperative Agreement between the City and Utility Agencies includes the following responsibilities:

WMWD/WRCRWA

- 1) Reimburse the City for all costs, including construction management, materials testing, project management, accounting services, and the cost for construction for all work involved in the relocation, modification, and adjustment of the Utility Agencies' sanitary sewer facilities plus up to 10% above the lowest responsible bid contact price in the event of unforeseen field conditions. Currently, the total estimated costs are up to \$345,000 for the relocation of WMWD's facilities and \$1,120,000 for relocation of WRCRWA's facilities for a total of \$1,470,000. Should actual construction costs, including the professional services, exceed these estimates, the City will work with WMWD and WRCRWA for the approval of an amendment to the Cooperative Agreement to account for any additional costs prior to the commencement of any additional work.
- 2) Provide inspection and final approvals of all improvements.

City of Corona

- 1) Perform the construction and professional services, including construction management, materials testing, project management, and accounting, associated with all work involved in the relocation, modification, and adjustment of the Utility Agencies' sanitary sewer facilities.
- 2) Secure and/or provide encroachment permits as necessary and at no cost. The City is the primary permitting agency for all proposed improvements within McKinley Street for included with relocation, modification, and adjustment of the Utility Agencies' sanitary sewer facilities. Additionally, Riverside County has permitting authority for a meter within Riverside County jurisdiction south of Sampson Avenue and west of McKinley Street; however, no fees will be charged per the Cooperative Agreement between Riverside County and the City executed in January 2020.
- 3) Provide invoicing and backup documentation, including as-built record drawings, necessary to receive approvals from WMWD and WRCRWA, including the relocation, modification, and adjustment of the Utility Agencies' sanitary sewer facilities due to the construction of the Project.

It should be noted that the Utility Agencies have also executed a separate contract with the City of Corona's design consultant team (Biggs Cardosa and Associates, Inc., and Kimley-Horn and Associates, Inc.) to perform all design engineering and plan/procurement document preparation services for the relocation of the Utility Agencies' sanitary sewer facilities. Additionally, the Utility Agencies are in the process of executing a separate contract with the City's design consultant team to provide as necessary construction support for responding to RFIs related to the relocation of the sanitary sewer facilities. The Utility Agencies are also in the process of executing a separate contract with the City's construction management team (Falcon Engineering Services, Inc.) to provide as necessary construction management services related to the relocation of the sanitary sewer facilities.

**FINANCIAL IMPACT:**

There is no additional financial impact to the City. Both WMWD and WRCRWA are responsible for all costs associated with the relocation and modification of the Utility Agencies' sanitary sewer facilities, including the construction of all improvements and any professional services, such as construction management, materials testing, project management, and accounting. Additionally, should total construction costs exceed the current project estimates or unforeseen conditions require more than 10% of the total construction costs as established based upon the selected lowest responsible/responsive bids selected by the City for the Project, the City will notify WMWD and WRCRWA of additional costs necessary and work with both agencies on an amendment to the Cooperative Agreement to include reimbursement for additional project costs to the City prior to the commencement of such work.

**ENVIRONMENTAL ANALYSIS:**

Per Public Resources Code Section 21080.13, all railroad grade separations project which eliminates an existing at grade crossing is exempt from the laws for the California Environmental Quality Act (CEQA). As a grade separation project, this Project is statutorily exempt under the California Environmental Quality Act.

This Cooperative Agreement for Utility Facility Modifications (“Agreement”) is made and entered into as of this \_\_\_ day of June, 2021 (“Effective Date”) by and between the City of Corona, a California municipal corporation organized under the laws of the State of California with its principal address located at 400 S. Vicentia Avenue, Corona California 92882 (“Corona”); the Western Riverside County Regional Wastewater Authority (“WRCRWA”) a joint powers agency organized under the laws of the State of California, and Western Municipal Water District (“WMWD”), a municipal water district organized under the laws of the State of California. Corona, WRCRWA and WMWD are sometimes individually referred to as “Party” and collectively as “Parties” throughout this agreement.

WRCRWA and WMWD have entered into an agreement, dated September 16, 1998, whereby WMWD is responsible for the general administration, management, operation and maintenance of WRCRWA and its facilities. Therefore, for the purposes of this Agreement, the principal address for both WRCRWA and WMWD shall be located at 14205 Meridian Parkway, Riverside, California 92518 and the same individual shall be the project manager for both WRCRWA and WMWD. In the event of any change in the operation of WRCRWA and/or its facilities or project manager, written notice of any such changes shall be provided as set forth in this Agreement. Notwithstanding the above-mentioned 1998 agreement, WRCRWA and WMWD are separate parties to this Agreement with separate rights, obligations, and facilities as set forth herein.

**2. RECITALS.**

**2.1 McKinley Grade Separation Project.** Corona intends to construct a new four-lane overhead grade separation at the McKinley Street/BNSF Railway double tracks, south of the intersection with Sampson Avenue, in the City of Corona, as more particularly depicted in **Exhibit “A”** attached hereto and incorporated herein by reference (“the Project”). The southern limits of the Project commence at Magnolia Avenue and terminate to the north at the State Route 91. The Project also includes a portion of Estelle Street immediately to the west of the McKinley Street intersection.

**2.2 WRCRWA And WMWD Facilities.** Pursuant to existing rights of way, WRCRWA owns and operates certain facilities located within McKinley Street as depicted in

**Exhibit “B”** attached hereto and incorporated herein by reference (“WRCRWA Facilities”). In addition, pursuant to existing rights of way, WMWD owns and operates certain facilities located within McKinley Street as depicted in Exhibit “B” (“WMWD Facilities”).

**2.3 Relocations Required By The Project.** Due to the change in elevations anticipated along McKinley Street as a result of the Project, the WRCRWA and WMWD Facilities will require potential adjustments, replacements, and relocations to new locations as depicted in Exhibit “B.” The WRCRWA and WMWD Facilities within the Project limits are lawfully maintained in the present locations pursuant to statutory franchise rights including, by way of example, the statutory franchise right set forth in Water Code Section 71695. Said statutory franchise rights also apply to the new locations of the WRCRWA and WMWD Facilities as a result of the adjustments, replacements and relocations contemplated under this Agreement. Based on the rights, obligations, and history of the installation of the current WRCRWA and WMWD Facilities in McKinley Street, WRCRWA and WMWD are obligated to remove or relocate the WRCRWA and WMWD Facilities at WRCRWA’s and WMWD’s expense as necessary for the Project.

**2.3 Cooperation; Facility Modifications.** Corona and WRCRWA and WMWD desire to cooperate with each other in the design, construction and inspection of the adjustments and relocations to WRCRWA and WMWD Facilities necessary due to the change of grade needed for the Project (“Facility Modifications”). Corona shall prepare the PS&E such that the Facility Modifications do not conflict or interfere with the Project. Corona shall submit the PS&E to WRCRWA and WMWD for its review and approval prior to commencement of any advertisement to contractors for construction of the Facility Modifications. Said submittal by Corona shall include submitting the PS&E to the consultant retained by WRCRWA and WMWD, Kimley-Horn, which has been retained to design the necessary improvements to the existing WRCRWA and WMWD Facilities. Corona shall include the approved and signed PS&E as a part of the Corona construction contract for the Project.

An additional 10 percent (10%) may apply in the event of the change or unforeseen field conditions during construction that resulted in a cost increase above the lowest responsible bid contact price for the construction of the WRCRWA Facility Modifications. No such additional amount shall be incurred without the prior written consent of WRCRWA, which consent shall not be unreasonably delayed or denied. For purposes of this Agreement, the term “Total Construction Costs” shall mean all labor, materials, tools, equipment, services and incidental and customary work necessary to plan, engineer, design, permit, bid, and construct the WRCRWA Facility Modifications, including without limitation, all costs and expenses for the following: engineering, legal, and other consultant services throughout the pre-construction and construction phases; bid preparation and administration services; soil, project and other inspection and testing services; construction and project management services; and all other construction and project close-out activities. The Total Construction Costs for the construction of the WRCRWA Facility Modifications is currently estimated to be one million, one hundred and twenty thousand Dollars (\$1,120,000.00) as is more particularly described in **Exhibit “C”** attached hereto and incorporated herein by reference (“WRCRWA Facility Modifications Estimated Costs”).

3.2.3.1 Upon WRCRWA’s acceptance of the WRCRWA Facility Modifications for ownership, operation and maintenance, Corona will provide WRCRWA with a reproducible duplicate set of “record drawings” for the modified facilities.

3.2.3.2 Total Costs. Upon completion of the WRCRWA Facility Modifications and acceptance by WRCRWA, Corona shall prepare a final written accounting of the Total Costs for the construction cost of the WRCRWA Facility Modifications. 3.3.3 Payment of Total Construction Costs of Facility Modifications. WMWD agrees to pay one hundred percent (100%) of the Total Construction Costs, as defined in Bid Items, to construct the WMWD Facility Modifications. An additional 10 percent (10%) may apply in the event of the change or unforeseen field conditions during construction that resulted in a cost increase above the lowest responsible bid contact price for the construction of the WMWD Facility

Modifications. No such additional amount shall be incurred without the prior written consent of WMWD, which consent shall not be unreasonably delayed or denied. The Total Construction Costs for the construction of the WMWD Facility Modifications is currently estimated to be three hundred, forty five thousand Dollars (\$345,000.00) as is more particularly described in **Exhibit “C”** (“Estimated Costs”).

In addition, if any portion of this Agreement is declared to be invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, or is otherwise deemed to be such by legal counsel for the Parties to this Agreement, the Parties shall use their reasonable best efforts to amend this Agreement to remove the inappropriate provision(s); provided, however, that if the amendment cannot be made in a manner which preserves all essential parts of the consideration for any Party, such Party may terminate this Agreement as soon as is reasonably practicable or as required by law.

**3.17 Authority to Execute Agreement.** Each Party warrants that it has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. **REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Police Department

**SUBJECT:**

Fourth Amendment to the Aviation Program Agreement between the City of Riverside and the City of Corona, which was formerly known as the Helicopter Program.

**EXECUTIVE SUMMARY:**

City Council consideration to approve the Fourth Amended Aviation Program Agreement between the City of Riverside and the City of Corona. The use of aviation in law enforcement tactics has been present for several decades and has allowed for a unique approach to assist law enforcement ground units with different types of incidents; for example, combatting crime, conducting area checks, searching for lost people (children and adults) and providing a wider view of an ongoing event for officer safety. The use of helicopters in law enforcement enables law enforcement to be on scene and overhead an incident quicker than ground units. The ability to incorporate aviation into law enforcement assists with police operations, law enforcement patrols, police and community safety.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Authorize the City Manager, or his designee, to execute the Fourth Amended Aviation Program Agreement between the City of Riverside and the City of Corona, formerly known as the Helicopter Program.
- b. Authorize the Chief of Police, pursuant to his delegated authority to maintain and manage the Aviation Program Agreement entered into as of July 7, 2021, and as noted in section 8.3 of this agreement.
- c. Authorize the City of Corona to issue claim form payment of funds in the amount of \$120,000 to the City of Riverside.

- d. Authorize the City Manager, or his designee, to approve change orders up to 10% of the original Aviation Program Agreement amount as provided by Corona Municipal Code Section [3.08.080\(I\)](#).

### **BACKGROUND & HISTORY:**

Studies have shown a positive correlation between the helicopter use in police operations, including patrols and officer safety, and the community's safety. The City of Corona originally purchased a helicopter in 2002, but due to budget reductions, sold the helicopter in 2009. The City of Corona Police Department had no contracted air support until July 2014, when a Helicopter Program Agreement was entered into with the City of Riverside.

That agreement provided 559 hours of air support to the City of Corona, utilizing Riverside Police Department aircraft at a total amount of \$399,292. As part of the initial agreement, the City of Corona also funded and supplied one Police Officer to serve as a Tactical Flight Officer with the air unit. Both parties amended and maintained this agreement until it was revised in July 2018. In the revised July 2018 amendment, the word "Aviation" replaced the word "Helicopter"; and the hours were reduced to only provide an as-needed emergency response for a total of \$100,000 annually. The City of Corona still provided the Tactical Flight Officer. This agreement remained in effect until April 2020. At that time, the City of Corona Police Department amicably terminated the agreement with the City of Riverside due to staffing shortages, and the assigned Tactical Flight Officer returned to the Patrol roster.

In June 2020, the Corona Police Department did not renew or extend our contract for flight hours with the Riverside Police Department. This decision was based on mutual personnel shortages and restrictions of flight hours that the Riverside Police Department was facing, and other mutual budget priorities.

### **ANALYSIS:**

For the past year, the Corona Police Department has requested air support assistance from the Riverside Police Department, and surrounding agencies, on a mutual aid basis. The Corona Police Department sees benefit in renewing our contractual flight time with the Riverside Police Department to assist with maintaining prompt response times and ensuring the safety of our community and officers as outlined in Goal 4 of the City of Corona's Strategic Plan.

The Fourth Amended Aviation Program Agreement would allow for average flight hours of 10 hours a month at the cost of \$1,000 per hour for as-needed emergency response, for a total of \$120,000 for 120 annual hours. The agreement provides for actual billable hours, and the ultimate payment is dependent upon use. A contingency plan allows for an additional 10 percent (12 additional hours) of helicopter service if needed up to \$12,000. To maintain fiscal accountability, approval for the request of the helicopter will be at a Sergeant or Watch Commander level to ensure the critical need of the request. Finally, this agreement does not require staffing of a City of Corona Tactical Flight Officer, allowing that Police Officer to remain in Patrol.

The City Attorney has reviewed and approved as to form the proposed Fourth Amendment to the

Aviation Agreement.

**FINANCIAL IMPACT:**

This one-year Aviation Program Agreement compensation is valued at \$120,000. This amount will be paid in two equal installments annually. The first payment is due by July 15, 2021, and the second payment is due by January 15, 2022.

Funding for the payments will come from the Police Department's Asset Forfeiture Fund and are budgeted in the Fiscal Year (FY) 2022 Police Department budget. Any costs above \$120,000, up to 10% of the agreement which is \$12,000, during the Fiscal Year (FY) 2022 will be paid out of the Police Department's Operating Budget. No additional appropriation is needed.

**ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action of the Aviation Program flying for 10 hours a month is minimal and there is no possibility this will have a significant effect on the environment. Therefore, no environmental analysis is required.

1. Exhibit 1 - Fourth Amended Aviation Program Agreement between the City of Riverside and the City of Corona

**FOURTH AMENDED  
AVIATION PROGRAM AGREEMENT**

**BETWEEN THE CITY OF RIVERSIDE  
AND THE CITY OF CORONA**

This Fourth Amended Aviation Program Agreement (hereinafter "Agreement") is made and entered into as of the 7th day of July, 2021, by and between the City of Riverside, a municipal corporation (hereinafter "Riverside") and the City of Corona, a municipal corporation (hereinafter "Corona"), collectively referred herein as "Parties".

**RECITALS**

WHEREAS, Riverside owns and operates aircraft for policing functions; and

WHEREAS, Corona desires assistance from Riverside for air support services;

and

WHEREAS, Riverside and Corona first entered into that Helicopter Program Agreement dated June 25, 2014 ("Original Agreement") and subsequently entered into an amended version of the Helicopter Program Agreement dated June 26, 2015 ("First Amended Agreement"); and

WHEREAS, Riverside and Corona entered into a second amended version of the Helicopter Program Agreement dated June 26, 2017 ("Second Amended Agreement"); and

WHEREAS, Riverside and Corona entered into a third amended version of the Helicopter Program Agreement in order to provide as-needed emergency response only for \$100,000 per year and to acknowledge the new replace "Helicopter" with "Aviation" in the name of the program and agreement, dated July 11, 2018 ("Third Amended Agreement"); and

WHEREAS, Riverside and Corona now desire to enter into this fourth amended version of the Aviation Program Agreement (formerly "Helicopter Program Agreement") in order to provide as-needed emergency response only for \$120,000 per year.

NOW, THEREFORE, Riverside and Corona agree to develop an "Aviation Program" as follows:

**1. Obligations of Riverside:** Riverside agrees to make available the aircraft to Corona for as-needed emergency police response functions, as further provided for herein. In addition, Riverside shall provide full-time salaried police officers (hereinafter "Riverside Pilots") to pilot the aircraft. Riverside shall be responsible for payment of all of the Riverside Pilots' wages and benefits as employees of the City of Riverside, and shall comply with all requirements pertaining to employer's liability, worker's compensation, unemployment insurance, and social security.

Riverside shall be responsible for all maintenance or repairs to the aircraft. The only exception to this would be if the repairs required were caused by negligence on behalf of the

Corona's agents or employees and covered under the indemnification provisions of Section 3 below.

**2. Obligations of Corona:** For the Term of this Agreement, Corona shall pay to Riverside One Hundred Twenty Thousand Dollars (\$120,000.00) each year ("Riverside Compensation"). The Riverside Compensation shall be due and payable in two (2) equal installments each year on July 15 and January 15.

**3. Reciprocal Indemnification and Hold Harmless Provisions:** Riverside agrees to indemnify and hold harmless Corona, its elected and appointed officers, employees and agents from and against any damage or injury to persons, including death, and /or property due to the negligence or willful acts by Riverside, their elected and appointed officers, employees and agents in performing its duties and obligations, pursuant to this Agreement.

Corona agrees to indemnify and hold harmless Riverside, its elected and appointed officers, employees and agents from and against any damage or injury to persons, including death, and/or property due to the negligence or willful acts by Corona, their elected and appointed officers, employees and agents in performing its duties and obligations, pursuant to this Agreement.

**4. Program Mission:** The mission of the Aviation Program established by this Agreement shall be to provide police air support services for the Corona Police Department. Such services shall include, but are not limited to, response to emergency calls for surveillance relating to in-progress felonies, crimes against persons and property, vehicle pursuits and similar activities.

The Aviation Program will be based upon a scheduled seven (7) day availability per week basis, for day and night operations.

The City of Corona will be added into the City of Riverside's area of operation and will be patrolled as-needed during scheduled flights ("As-Needed Flight Patrol"). As used herein, "As- Needed Flight Patrol" shall mean requests made by Corona, either through its command staff or dispatch, that Riverside determines in its sole and reasonable discretion can be accommodated.

**5. Compensation:** Riverside cannot guarantee an annual base number of flight hours in the City of Corona. Any specific, dedicated hours of flight time requested by Corona outside of the As-Needed Flight Patrol will be billed at the "Hourly Flight Rate" for that year provided for in Exhibit "A" attached hereto and incorporated herein by reference. Flight time will be billed in full hour increments, so any flight time of less than one hour will be rounded up to one hour. Riverside will track flight hours within the City of Corona in the same manner in which it tracks flight hours for other cost reimbursement purposes and shall provide a total of the flight hours to Corona on a quarterly basis. Riverside will fulfill the amount of flight time indicated in Exhibit "A," plus or minus seven (7) percent of the hours indicated, without any breach of contract.

On such occasions where there is a request or need for air support in the jurisdiction of both Parties simultaneously, the mission of the Aviation Program is to provide air support to the Party with the highest priority (nature) of call. Said determination as to which Party shall receive air support shall lie within the sole discretion of the Pilot in Command.

**6. Term:** The term of this Agreement shall be for a period of one

(1) year from July 1, 2021 through June 30, 2022, unless earlier terminated as provided for herein ("Term").

7. **Termination; Reimbursement:** At any time during the Term of this Agreement, either Party hereto shall have the right to terminate this Agreement, with or without cause, upon thirty (30) days written notice to the other Party. The effective date of such termination shall be the thirty-first (31st) day following the date of the notice of termination. If the Agreement is terminated before the natural expiration of the Term, Corona shall be entitled to a reimbursement of a pro-rated amount of the Riverside Compensation. The pro-rated amount shall be equivalent to the number of months remaining prior to natural expiration of the Term divided by twelve (12), multiplied by the Riverside Compensation.

8. **General Provisions:**

8.1 **Entire Agreement; Amendments.** This Agreement sets forth the entire understanding of the Parties and supersedes all prior agreements covering the same subject matter, including the Original Agreement, the First Amended Agreement, the Second Amended Agreement, and the Third Amended Agreement. This Agreement may be amended only by a written instrument duly approved by both Parties and executed by their authorized representatives.

8.2 **Successors and Assigns.** This Agreement shall be binding upon the successors and assigns of the Parties.

8.3 **Representatives.** Corona and Riverside hereby designate their respective Police Chiefs, or their designees, to act as their representatives for the performance of this Agreement. Each representative shall have the power to act on behalf of their respective Party in order to implement the purposes under this Agreement.

8.4 **Attorney Fees.** If either Party commences an action against the other Party arising out of or in connection with this Agreement, the prevailing Party in such action shall be entitled to have and recover from the non-prevailing Party (or the Party found to have breached this Agreement) reasonable attorneys' fees and costs.

8.5 **Authority to Approve and Implement.** The Parties have all requisite power and authority to execute, deliver, and perform the Agreement. The Parties warrant that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

8.6 **Third Party Rights.** Corona and Riverside agree that the provisions of this Agreement are not intended to create or clarify any rights in third parties not a party to this Agreement. In addition, no third party shall have any right of action hereunder. This Agreement shall not be enforceable by any parties other than Corona and Riverside.

8.7 **Governing Law.** This Agreement shall be governed by the laws of the State of California. Any action to interpret or enforce this Agreement shall be maintained in Riverside County.

8.8 **Counterparts.** This Agreement may be signed in counterparts, each of which shall constitute an original.

8.9 Privileges and Immunities. All privileges and immunities of Corona and Riverside provided by state or federal law shall remain in full force and effect.

8.10 Notices. Any notice required by this Agreement, or correspondence concerning this Agreement, shall be deemed to have been properly delivered, served, or given for all purposes when personally delivered to the Party to whom it is directed to, or in lieu of such personal service, when mailed, postage prepaid, to the representatives of the Parties shown below:

**REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Police Department

**SUBJECT:**

Establish termination date for Memorandum of Understanding between the City of Corona and the California Public Employees' Retirement System for the elected board member employer reimbursement of Police Sergeant Jason Perez, elimination of one Police Sergeant and associated budget adjustments.

**EXECUTIVE SUMMARY:**

City Council consideration to establish a termination date and approve the revised Memorandum of Understanding between the City of Corona and the California Public Employees' Retirement System for reimbursement of salary and benefits for the percentage of time that elected board member Police Sergeant Jason Perez is on leave from the City of Corona. The termination of the revised Memorandum of Understanding would result in the elimination of one Police Sergeant and associated budget adjustments.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Approve the Memorandum of Understanding between the City of Corona and the California Public Employees' Reimbursement System for the elected board member employer reimbursement of Police Sergeant Jason Perez effective February 18, 2021, through June 1, 2021.
- b. Authorize the City Manager to execute the Memorandum of Understanding between the City of Corona and the California Public Employees' Reimbursement System for the elected board member employer reimbursement of Police Sergeant Jason Perez.
- c. Remove one full-time Police Sergeant, salary range 534-584 (\$8,639-\$11,086 per month), and reduce the Police Department's General Fund budget by \$235,222 for Fiscal Year 2022.

- d. Reduce General Fund revenue projections for Fiscal Year 2022 by \$176,416 based on the current employer reimbursement agreement, which is 75 percent of Jason Perez's salary/benefits as a Police Sergeant budgeted for Fiscal Year 2022.

**BACKGROUND & HISTORY:**

On October 04, 2018, City of Corona Police Sergeant Jason Perez was elected to the California Public Employees' Retirement System Board of Administration. With these new responsibilities, the California Public Employees' Retirement System Board of Administration approved a Memorandum of Understanding that provided compensation reimbursement to the City of Corona for 61 percent of Sergeant Perez's time related to the California Public Employees' Retirement System board activities.

On February 2, 2019, the City Council approved the Memorandum of Understanding and allowed the City Manager authority to execute any Memorandum of Understanding changes and or amendments in the employer reimbursement percentages based on board assignments and or responsibilities. At that time, one additional Police Sergeant was authorized to backfill a Police Sergeant position during Jason Perez's term on the California Public Employees' Retirement System's Board. Upon this approval, the Police Department's authorized number of Police Sergeants increased from twenty-one (21) to twenty-two (22) Police Sergeant positions. This approval included the condition that the authorized position count would revert back one Sergeant position upon the termination of Sergeant Perez's term on the California Public Employees' Retirement System Board. During the Fiscal Year 2020 budget process, the Police Department gained an additional Sergeant position for a total number of twenty-three (23) Sergeants.

In June 2020, the California Public Employees' Retirement System Memorandum of Understanding compensation reimbursement to the City of Corona was changed to 75 percent of Sergeant Perez's time related to board activities. This change was backdated, effective February 18, 2020.

**ANALYSIS:**

The new Memorandum of Understanding (MOU) with the California Public Employees' Retirement System (CalPERS) is effective February 18, 2021 and was approved by the CalPERS Board at the maximum allowable reimbursement of 75 percent.

Sergeant Perez was promoted to Lieutenant on June 5, 2021, and has resigned from the CalPERS Board of Administration effective June 1, 2021. As a result, this MOU will only be for reimbursement for the period of February 18, 2021, through June 1, 2021.

In addition, the Police Department will have a reduction in the number of Sergeants, bringing the number of Sergeants down to twenty-two (22) in the Fiscal Year (FY) 2022.

The City Attorney has reviewed and approved as to form the proposed MOU.

**FINANCIAL IMPACT:**

Establishing a termination date for the MOU with CalPERS will reduce FY 2022 revenues by \$176,416. In addition, a Police Sergeant position, previously approved as a backfill position, will be

removed and reduce the Police Department's General Fund FY 2022 budget by \$235,222.

### **ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the commonsense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. **AGENDA REPORT  
REQUEST FOR CITY COUNCIL ACTION**

DATE: 2/20/2019

TO: Honorable Mayor and City Council Members

FROM: Police Department

**SUBJECT:**

City Council consideration of a Memorandum of Understanding (MOU) between the California Public Employee's Retirement System (CalPERS) and the City of Corona for the elected board member employer reimbursement of Jason Perez and a General Fund appropriation request of \$97,613 for backfilling Jason Perez's position as a Police Sergeant and increase General Fund revenue by \$73,145, per reimbursement, for Fiscal Year 2018-19, and adjust all revenues and expenditures as required for the duration of his elected terms served.

**RECOMMENDED ACTION:**

That the City Council:

1. Approve the Memorandum of Understanding (MOU) between California Public Employee's Retirement System (CalPERS) and the City of Corona for the elected board member employer reimbursement of Jason Perez.
2. Authorize the City Manager to execute the Memorandum of Understanding (MOU) between California Public Employee's Retirement System (CalPERS) and the City of Corona for the elected board member employer reimbursement of Jason Perez.
3. Authorize an increase of the General Fund revenue projections by \$73,145 for the CalPERS employer reimbursement which is sixty-one (61) percent of Jason Perez's salary/benefits as a Police Sergeant, based on the Fiscal Year 2018-19 costs and prorated effective for January 16, 2019.
4. Authorize one Police Sergeant position, range 532-572, (\$8,553 - \$10,442) with a five (5) percent special assignment pay, to backfill a Police Sergeant position, while Jason Perez is on the CalPERS Board.

5. Appropriate \$97,613 from the General Fund for a backfill Police Sergeant position, with \$73,145 of the costs being offset with the CalPERS employer reimbursement, and the remaining \$24,468 from the available General Fund Balance.
6. Authorize the City Manager to execute any other MOU changes and/or amendments which allow for changes in the employer reimbursement percentages. These percentages can change based on any further CalPERS board assignments and/or responsibilities, later possible re-election, while employee is serving in the elected position.

**ANALYSIS:**

On October 04, 2018, Jason Perez, a Corona Police Sergeant, was successfully elected to the California Public Employee's Retirement System (CalPERS) Board of Administration. With this responsibility, the CalPERS Board of Administration approved an MOU that allows up to sixty-one (61) percent compensation reimbursement to the City of Corona, for Sergeant Perez's time as related to CalPERS board activities. The City will be required to submit invoices for quarterly reimbursement.

The Police Department is requesting that the funding for Sergeant Perez be allocated to backfill his Police Sergeant position, while he serves as an elected board member. Since the reimbursement is at sixty-one (61) percent, it is requested that the General Fund provide the remaining funding to complete the backfilled Police Sergeant's position's cost.

Currently, the Police Department is authorized twenty-one (21) Police Sergeant positions and this recommended action will temporarily increase the authorization to twenty-two (22) Police Sergeant positions, while Sergeant Perez serves his elected term. The authorized position count will revert to twenty-one (21), upon termination of Sergeant Perez's elected CalPERS duties.

Additionally, since Sergeant Perez's term may involve appointments to other CalPERS committees and responsibilities, it is recommended that the City Manager be delegated the authority to work with CalPERS for any MOU revisions and to direct the Administrative Services Department in any revised invoice reimbursements and budget changes accordingly.

Sergeant Perez's annual full-time equivalent hours are 2080, with CalPERS reimbursing sixty-one (61) percent or approximately 1260 hours. CalPERS has indicated if Sergeant Perez is assigned additional board duties, the City will be reimbursed additional monies for this as follows:

- Serving as president at 552 hours
- Serving as chair of a standing committee at 108 hours
- Serving as chair of an ad hoc committee at 72 hours
- Serving as vice president of the board at 60 hours
- Serving as vice chair of a standing committee 36 hours

The MOU effective date begins January 16, 2019, with no ending date listed, an elected board members term is for four (4) years. Currently, Sergeant Perez's term is from 2019 to 2023.

The City Attorney has reviewed and approved as to form the agreement.

**COMMITTEE ACTION:**

Not applicable.

**STRATEGIC PLAN:**

Not applicable.

**FISCAL IMPACT:**

The City of Corona will be reimbursed sixty-one (61) percent of Sergeant Perez's salary/benefits for his elected board duties. The Police Department is requesting a backfilled Police Sergeant position, during Sergeant Perez's elected board term, using the CalPERS reimbursement, with the difference being funded from the available General Fund balance. Prorated costs for the reimbursement are effective beginning January 16, 2019. The back-filled position is prorated effective February 21, 2019. Below are the estimated costs and reimbursements, prorated for Fiscal Year 2018-19 and future annual totals:

**REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Human Resources Department

**SUBJECT:**

Collective Bargaining Agreements Side Letters and Extension of Professional Services Agreement with Liebert Cassidy Whitmore for Special Legal Services Related to Labor Negotiations and Flores Overtime Issues.

**EXECUTIVE SUMMARY:**

The City is currently engaged in labor negotiations with all five bargaining associations. Due to the complex nature of the current negotiations, the Corona General Employees Association ("CGEA") has entered into a Side Letter to extend the current Memorandum of Understanding ("MOU").

The City has entered into a Side Letter with Corona Supervisors Association ("CSA") to allow for the rollover of 80 hours of Executive Leave from Fiscal Year 2021 to Fiscal Year 2022. This will modify section 7.2 of the current MOU.

City Council Consideration of Approval of a Third Amendment to the Agreement with Liebert Cassidy Whitmore (LCW) for Special Legal Services Related to Labor Negotiations and Flores Overtime Issues; Approve budgetary transfer of \$200,000 from General Government to the Human Resources budget for LCW's services.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Approve the Side Letter of Agreement Extending the 2019-2021 Memorandum of Understanding between the City of Corona and the Corona General Employees Association.
- b. Approve the Side Letter of Agreement Modifying Section 7.2 of the 2019-2021 Memorandum of Understanding between the City of Corona and the Corona Supervisors Association.

- c. Approve the Third Amendment to the Professional Services Agreement with Liebert Cassidy Whitmore for the additional amount of \$200,000, increasing the total compensation amount from \$200,000 to \$400,000, for additional legal services related to labor negotiations.

- e. Approve a General Fund budgetary transfer of \$200,000 from General Government operating budget to Human Resources Department's operating budget.

**BACKGROUND & HISTORY:**

The City entered into an MOU with CGEA in 2019 with an expiration date of June 30, 2021. The Parties are currently negotiating for a successor MOU and believe the process will take additional time beyond the expiration of the MOU, as the negotiations involve both significant re-writes to MOU provisions as well as consideration of a classification and compensation study that the City had a consultant prepare in anticipation of negotiations. The Parties have agreed to an extension of their MOU in exchange for a lump sum payment being made to each member of the bargaining unit.

Section 7.2 of the 2019-2021 MOU between the City and CSA provides that members of the unit who are exempt from overtime shall have the ability to use Executive Leave. The current provision of Executive Leave provides that if an employee has any Executive Leave that they have not used by June 30 of each fiscal year, that leave will not roll over for use in the subsequent fiscal year. Although the parties are currently negotiating for a successor MOU and may modify any of the provisions in the MOU, including the provision on Executive Leave. The City has advised the CSA that on June 30, 2021, it wants to permit CSA members who have unused Executive Leave to be able roll over up to 80 hours of Executive Leave for use in Fiscal Year 2021-2022.

The City is currently under contract with Liebert Cassidy Whitmore for services including special legal consultation, review, analysis, and opinion regarding labor negotiations and other issues related to the Ninth Circuit Flores v. City of San Gabriel decision.

The initial Letter Agreement was entered into on June 4, 2020, through June 30, 2021, for \$10,000. The First Amendment to this contract, signed on August 17, 2020, increased the compensation amount from \$10,000 to \$100,000. On April 7, 2021, the City approved an extension through June 30, 2022, for an additional \$100,000. Based on the remaining amount of work for labor negotiations, the Human Resources Department is requesting an increase in total compensation amount from \$200,000 to \$400,000.

**ANALYSIS:**

In signing the Side Letter of Agreement with CGEA:

- a. The Parties agree that the expiration date of their current MOU is extended to November 15,

2021.

- b. The City agrees that each member of the bargaining unit represented by CGEA as of June 30, 2021, will receive a one-time lump sum payment of one thousand, one hundred and fifty-five dollars and forty-five cents (\$1,155.45) on July 16, 2021.
- c. The City agrees that if the Parties are able to reach an agreement on a successor MOU before November 15, 2021, the MOU will go into effect on the first day of the pay period following City Council approval (following CGEA ratification) of the MOU.
- d. The City agrees that it will continue to roll-up the medical insurance premiums into the overtime rate of CGEA members until the earlier of the first date of the Parties' successor MOU or November 15, 2021.

In signing the Side Letter of Agreement with CSA:

- a. Modify the Executive Leave provisions (Section 7.2) of the 2019-2021 Memorandum of Understanding.
- b. The Parties agree that if any CSA bargaining unit member has unused Executive Leave on June 30, 2021, they may roll over up to 80 hours of Executive Leave for use in Fiscal Year 2021-2022.

Staff recommends a Third Amendment to Letter Agreement for Liebert Cassidy Whitmore and for City Council to approve an increase to the total compensation.

The scope of work consists of:

- Special legal consultation
- Review
- Analysis and opinion regarding labor negotiations
- Other issues related to the Ninth Circuit Flores v. City of San Gabriel decision

Compensation for the above Services shall be based on the actual amount of time spent in adequately performing the Services and shall be billed at the hourly rate. The total compensation, including authorized expenses, shall not exceed Four Hundred Thousand Dollars and No Cents (\$400,000) ("Total Compensation"). Contractor's invoice shall include a detailed description of the Services performed. Invoices shall be submitted to the City monthly as performance of the Services progresses. City shall review and pay the approved charges on such invoices in a timely manner.

**FINANCIAL IMPACT:**

The financial impact of the Side Letter with CGEA is \$302,260, based on active membership at the time this report was prepared. The total includes the Medicare and Unemployment Insurance contributions. The following is a breakdown by funding source:

General Fund	DWP Funds	Other Funds	Total
\$ 165,195.80	\$ 100,245.60	\$ 36,818.60	\$ 302,260.00

There is not a current financial impact for the Side Letter with the CSA group. The employees that are eligible for the executive leave and have a balance as of June 30, 2021 will carry forward a balance of 80 hours into Fiscal Year 2022. Executive Leave does not have a cash value.

Approval for the Third Amendment will result in a budget transfer for \$200,000 from General Government to the Human Resources Department.

**ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. **REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Community Services Department

**SUBJECT:**

Award of Contract to Tropical Plaza Nursery, Inc. for Landscape Maintenance District 84-2 in Zones 10 and 15.

**EXECUTIVE SUMMARY:**

The City of Corona was notified by Greentech Landscape Inc. that it is cancelling its contract for landscape maintenance services in Landscape Maintenance District (LMD) 84-2 in zones 10 and 15 areas for Fiscal Year (FY) 2022 through FY 2026, had they continued to exercise all of their terms. Greentech Landscape Inc. was awarded a contract to serve these areas a year ago. In an effort to ensure that these zones are promptly and appropriately served, the Community Services Department and Purchasing Division collaboratively worked together to award a contract to the next responsible bidder. Tropical Plaza Nursery, Inc. was the next responsible bidder after Greentech Landscape from NIB 20-061SB. Awarding this contract will provide regular landscape and irrigation maintenance for the residents in the Green River area.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Approve the cancellation and contract award to Greentech Landscape, Inc. for bid No. Notice Inviting Bid 20-061SB Landscaping Maintenance for Area 2 in the City of Corona.
- b. Award contract for Notice Inviting Bid 20-061SB to Tropical Plaza Nursery, Inc. for landscape maintenance services for Area 2 for a one-year initial contract period in the amount of \$456,460; and waive any and all minor irregularities in the bidding documents as submitted by said bidder.
- c. Authorize the City Manager, or his designee, to execute the Maintenance and General Services Agreement with Tropical Plaza Nursery, Inc., and to approve any necessary non-substantive

change orders or amendments and unencumbered contingencies up to \$25,000.

- d. Authorize the City Manager, or his designee, to negotiate and execute four one-year agreement renewals under the terms provided for in this report and the Agreement and in a form approved by the City Attorney.
- e. Authorize the Purchasing Agent to issue yearly purchase orders in accordance with the duly authorized and executed agreements, change orders, amendments, and renewals.
- f. Authorize an appropriation of \$40,000 (\$35,000 in LMD 84-2, Zone 10 Fund 460, \$4,000 in LMD 84-2, Zone 15 Fund 462 and \$1,000 in the General Fund) to the Community Services' operating budget for the additional landscape maintenance costs.

### **BACKGROUND & HISTORY:**

The Landscape Maintenance District (LMD) zones 10 and 15 are situated in the gateway into Corona, right off the exit of the 91 freeway from Green River Road. Communities such as Sierra Bella, Sierra Del Oro, and Deer Valley are situated in this LMD. This LMD, like all the LMDs throughout the City, should be maintained to the Corona Standard. Tropical Plaza Nursery, Inc. has more than 10 years of experience maintaining this area and staff is confident that the LMD maintenance will meet residents' expectations.

In 2020, City staff issued a Notice Inviting Bid for the landscape maintenance services for the LMDs for zones 10 and 15. The result of the Notice of Invitation to Bid (NIB) was awarded to Greentech Landscape, a new company based out in Whitter, California. Although Tropical Plaza Nursery, Inc. had been maintaining this area for many years and was familiar with Corona, Greentech Landscaping was awarded the contract because they had the lowest bid amount.

On July 1, 2020, Greentech Landscape started their services, and it was evident that the vendor had significantly underestimated the scope of work required to conduct the landscape maintenance. Staff worked diligently with the vendor to keep the areas maintained to a standard that was appropriate. Staff also provided many punch lists to the contractor with deadlines to ensure the residents in the Green River area were receiving the services they deserve. However, City staff has received several complaints from residents about the quality of landscape maintenance services. It was clear that the vendor was unable to meet the expectations and the scope of work required to ensure the quality of service that is expected.

This continued throughout the last fiscal year, and as the end of FY 2021 approached, Greentech Landscape expressed to the City that they no longer wished to continue the contract. The departure of Greentech Landscape leaves a vacancy in zones 10 and 15. After strategic evaluation, staff would like to award the bid to Tropical Plaza Nursery, Inc.

Tropical Plaza Nursery, Inc. has a proven track record in Corona and understand the quality expectations of the City of Corona. Any interruption to service in these highly visible LMDs would impact the Community Services staff significantly. Additionally, in this high fire season, there are significant risks in not maintaining the multiple fire breaks in the area and conducting regular fuel

modifications along the slopes in this LMD. The Community Services Department worked with the Purchasing division to explore options to contract with a new vendor in time for the new FY 2022. However, as staff evaluated the relationship that the City has had with Tropical Plaza Nursery, Inc. for more than 10 years, as well as the knowledge that the vendor has of Corona's standards and expectations, the recommendation was to award the contract to Tropical Plaza Nursery, Inc.

The vendor agreed to honor their bid pricing, which will allow for the City to get award a contract at the proper amount to execute the scope of work for landscaping maintenance in LMD zones 10 and 15. As such, staff is recommending to the City Council to appropriate approximately \$40,000 which will meet the true costs of the amount needed to execute the scope of work that is required to meet the Corona Standard.

#### **ANALYSIS:**

A Notice Inviting Bids (NIB) was issued by the Purchasing division on behalf of the Maintenance Services Department for landscape maintenance including miscellaneous as needed services for Landscape Maintenance District 2. Bid No. NIB 20-061SB was advertised in the Corona local newspaper, Sentinel Weekly on April 29, 2020, and posted on PlanetBids on May 1, 2020. The Purchasing Division directly solicited four landscape contractors with a copy of the bid. Twenty-five vendors downloaded the bid. The City received nine bids on the bid due date of May 20, 2020.

The following is a summary of the bid results:

<b>Vendor</b>	<b>Location</b>	<b>Bid Amount</b>
Greentech Landscape, Inc.	Whittier, CA	\$ 312,630.00
Tropical Plaza Nursery, Inc.	Villa Park, CA	\$ 430,272.00
Nieves Landscape, Inc.	Santa Ana, CA	\$ 449,077.00
S.C. Yamamoto, Inc.	La Habra, CA	\$ 450,820.00
C.G. Landscape, Inc.	Anaheim, CA	\$ 530,520.16
J. Orozco Enterprises, inc.	Pomona, CA	\$ 557,680.32
Rockey Murata Landscape	Cerritos, CA	\$ 713,040.00
Mariposa Landscapes, Inc.	Irwindale, CA	\$ 729,720.00
Priority Building Services, LLC.	Brea, CA	\$ 1,181,308.00

Staff reviewed the bid submitted by Tropical Plaza Nursery, Inc. and recommends awarding a contract to Tropical Plaza Nursery, Inc. as the 2nd lowest responsive, responsible bidder. All licenses and references for Tropical Plaza Nursery, Inc. have been reviewed and verified by City staff, and all other documentation is in order. The contract amount of \$456,460, includes the bid amount of \$431,460 and an additional \$25,000 for any contingencies.

#### **FINANCIAL IMPACT:**

Most of the funding for the recommended action is included in the Fiscal Year 2022 Community Services' operating budget, in the General Fund and LMD Zone 10 and 15 Landscape Maintenance District Funds. An additional appropriation of \$40,000 is needed for the new contract with Tropical Plaza Nursery, Inc.

Approval of the recommended action will result in an appropriation of \$40,000 (\$35,000 in LMD 84-2, Zone 10 Fund 460, \$4,000 in LMD 84-2, Zone 15 Fund 462 and \$1,000 in the General Fund) to the Community Services' operating budget.

Finally, Contractor represents that it, its employees and subcontractors shall have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the Term of this Agreement. As provided for in the indemnification provisions of this Agreement, Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Contract, Contractor shall continue to perform the Work while said dispute is decided by the City. If

Contractor disputes the City's decision, Contractor shall have such remedies as may be provided by law.

**3.2.9 Laws and Regulations; Employee/Labor Certifications.** Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. **3.2.9.1 Employment Eligibility; Contractor.** By executing this Agreement, Contractor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the Term of the Agreement. Contractor shall avoid any violation of any such law during the Term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

**3.2.9.2 Employment Eligibility; Subcontractors, Sub-subcontractors and Consultants.** To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and consultants performing any work or

Services relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.9.1.

3.2.9.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Contractor verifies that they are a duly authorized officer of Contractor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Contractor or its subcontractors, sub-subcontractors or consultants to meet any of the requirements provided for in Sections 3.2.9.1 or 3.2.9.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Contractor under Section 3.2.9.2); or (3) failure to immediately remove from the Project any person found not to be in compliance with such requirements.

3.2.9.4 Labor Certification. By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.2.9.5 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Contractor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.2.9.6 Air Quality. Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

### 3.2.10 Insurance.

3.2.10.1 Time for Compliance. Promptly following the Effective Date of this Agreement, but in no event before Contractor commences any Services under this Agreement, Contractor shall provide evidence satisfactory to the City that it has secured all

insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the City to terminate this Agreement for cause.

3.2.10.2 Minimum Requirements. Contractor shall, at its expense, procure and maintain for the duration of the Agreement insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Agreement by the Contractor, its agents, representatives, employees or subcontractors. (C) All Coverages. If Contractor maintains broader coverage and/or higher limits than the minimums shown above, the City is entitled to the broader coverage and/or higher limits maintained by Contractor. Thus, any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

3.2.10.4 Other Provisions; Endorsements Preferred. Contractor shall endeavor to provide endorsements regarding the following provisions, but nonetheless understands, acknowledges and agrees that the following provisions shall apply and that failure to comply shall be considered to be a breach of this Agreement by Contractor:

(A) Waiver of Subrogation – All Other Policies. Contractor hereby waives all rights of subrogation any insurer of Contractor’s may acquire against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of any insurance policy which arise from work or Services performed by the Contractor. (B) Notice. Contractor shall either: (1) require its insurer to provide thirty (30) days prior written notice to the City before coverage is suspended, voided, or canceled; or (2) notify City in writing that such notice is not available and forward any notice of such actions to the City within two (2) business days from date of receipt by Contractor. The City may require the Contractor to provide proof of ability to pay losses and related investigation, claims administration and defense expenses within the deductible or self-insured retention. The deductible or self-insured retention may be satisfied by either the named insured or the City.

3.2.10.7 Acceptability of Insurers. Unless under the circumstances a different rating is otherwise acceptable to the City in its sole and absolute discretion, insurance is to be placed with insurers which are satisfactory to the City and which meet either of the following criteria : (1) an insurer with a current A.M. Best's rating no less than A-:VII and licensed as an admitted insurance carrier in California; or (2) an insurer with a current A.M. All documents must be received and approved by the City before any Services commence; provided, however, that failure to obtain the required documents prior to the commencement of Services shall not waive Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.2.10.9 Reporting of Claims. Contractor shall report to the City, in addition to Contractor's insurer, any and all insurance claims submitted by Contractor in connection with the Services under this Agreement.

3.2.10.10 Sub-Contractors. All subcontractors shall comply with each and every insurance provision of this Section 3.2.10. Contractor shall therefore not allow any subcontractor to commence work on any subcontract to perform any part of the Services until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Agreement.

3.2.10.11 Special Risk or Circumstances. The City reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 3.2.10, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

3.2.11 Safety. Contractor shall execute and maintain its work and Services so as to avoid injury or damage to any person or property. In carrying out its Services, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Services and the conditions under which the Services are to be performed.

### 3.2.12 Bonds.

3.2.12.1 Performance Bond. If required by law or otherwise specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Performance Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.2 Payment Bond. If required by law or otherwise specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.3 Bond Provisions. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.12.4 Surety Qualifications. The bonds must be provided by a surety which is satisfactory to the City and which meets either of the following criteria: (1) a surety with a current A.M. Best's rating no less than A:-VII and licensed as an admitted surety insurer in California; or (2) a surety with a current A.M. Best's rating no less than A:-X and authorized to issue the required bonds in California. If a surety does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

3.2.13 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

### **3.3 Fees and Payments.**

3.3.1 Rates & Total Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates

set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed Four Hundred and Fifty Six Thousand, Four Hundred and Sixty Dollars (\$456,460.00) ("Total Compensation") without written approval of City's Representative. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.3.5 Prevailing Wages. Contractor is aware of the requirements of Chapter 1 (beginning at Section 1720 et seq.) of Part 7 of Division 2 of the California Labor Code, as well as Title 8, Section 16000 et seq. of the California Code of Regulations ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the Total Compensation is \$1,000 or more, Contractor and its subcontractors shall fully comply with the Prevailing Wage Laws for their employees and any others to whom such laws are applicable. Contractor and its subcontractors shall also be responsible for any and all violations and fines imposed on them pursuant to the Prevailing Wage Laws. Pursuant to SB 854, which amended the Prevailing Wage Laws, this Agreement would also be subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"). Beginning April 1, 2015, no contractor or subcontractor may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. It is most efficient for the Contractor to obtain a copy of the prevailing wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, Contractor may obtain a copy of the prevailing wages from the City's Representative. Contractor shall defend,

indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.3.6 Apprenticeable Crafts. If the services are being performed as part of an applicable “public works” or “maintenance” project, as defined by the Prevailing Wage Laws, Contractor shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Contractor employs workmen in an apprenticeable craft or trade. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor.

### **3.4 Termination of Agreement.**

3.4.1 Grounds for Termination. City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those Services which have been adequately rendered to City, as well as any authorized reimbursable expenses, and Contractor shall be entitled to no further compensation. Contractor may not terminate this Agreement except for cause.

3.4.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Contractor to provide all finished or unfinished Documents and Data and other information of any kind prepared by Contractor in connection with the performance of Services under this Agreement. Contractor shall be required to provide such document and other information within fifteen (15) days of the request.

3.4.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

**O. Local Bidder Preference Program**

This bid shall be subject to the City's local bidder preference program. To qualify, bidders must be a "local business" with: (i) fixed facilities with one or more employees, which may include a sole proprietor, located at an address within City limits (a post office box alone is insufficient); and (ii) an appropriate City business license/permit. Bidders seeking to qualify for this local program shall provide supporting information and certify in writing that they meet the above requirements as part of the bid submittal.

A qualifying local business shall be entitled to a reduction of five percent (5%) in the tabulation of its bid for purposes of determining the lowest responsible bidder, unless otherwise prohibited by law.

The Local Program shall be applicable to only purchases of materials, supplies, and equipment as well as contracts for maintenance work and other general services projects, which are competitively bid, and which involve an expenditure of two-hundred thousand dollars (\$200,000) or less. For recurring purchases, the Local Program shall be applicable only to the City's first two-hundred thousand dollars (\$200,000) worth of such purchases for any fiscal year, as determined by city staff in its sole discretion.

The Local Program shall also establish a preference for the purchase of materials, supplies, and equipment, as well as contracts for maintenance work and other general services, which are competitively bid, and which involve an expenditure of more than two-hundred thousand dollars (\$200,000). Such preference shall allow the City to take into consideration the net sales tax to be returned to the City as a result of an award to a qualifying Local Business in determining the lowest responsive and responsible bidder. The net sales tax shall be calculated based on the applicable bid price provided by the bidder in accordance with the City's purchasing policy.

**P. Public Records**

Responses (bids) to this Notice Inviting Bids (NIB) and the documents constituting any contract entered into thereafter become the exclusive property of the City and shall be subject to the California Public Records Act (Government Code Section 6250 et seq.). The City's use and disclosure of its records are governed by this Act.

Those elements in each bid which bidder considers to be trade secrets, as that term is defined in Civil Code Section 3426.1(d), or otherwise exempt by law from disclosure, should be prominently marked as "TRADE SECRET", "CONFIDENTIAL", or "PROPRIETARY" by proposer. The City will use its best efforts to inform bidder of any request for disclosure of any such document. The City, shall not in any way, be liable or responsible for the disclosure of any such records including, without limitation; those so marked if disclosure is deemed to be required by law or by an order of the Court.

In the event of litigation concerning disclosure of information the bidder considers exempt from disclosure, the City will act as a stakeholder only, holding the information until otherwise ordered by a court or other legal process. If the City is required to defend an action arising out of a Public Records Act request for any of the contents of a bidder's proposal marked "Confidential", "Proprietary", or "Trade Secret", bidder shall defend and indemnify the City from all liability, damages, costs, and expense, including attorneys' fees, in any action or proceeding arising under the Public Records Act.

To insure confidentiality, bidders are instructed to enclose all "Confidential, "Proprietary," or "Trade Secret" data in separate sealed envelopes, which are then included with the bid documents. Because the bid documents are available for review by any person after award of a contract resulting from an NIB, the City shall not in any way be held responsible for disclosure of any "Confidential," Proprietary," or "Trade Secret" documents that are not contained in envelopes and prominently marked.

**Q. Term of Contract**

The Initial Purchase Order Period shall be effective on or about July 1, 2020 through June 30, 2021. Bid prices shall remain effective and in force for the entire Initial Purchase Order Period.

The Initial Contract term shall be effective on or about July 1, 2020 through June 30, 2021.

The City may elect to exercise an extension to renew this contract for an additional five (5), one (1) year terms.

1) The first optional extension will be for twelve (12) months from July 1, 2021 through June 30, 2022.

2) The second optional extension for twelve (12) months will be from July 1, 2022 through June 30, 2023.

3) The third optional extension for twelve (12) months will be from July 1, 2023 through June 30, 2024.

4) The fourth optional extension for twelve (12) months will be from July 1, 2024 through June 30, 2025.

5) The fifth optional extension for twelve (12) months will be from July 1, 2025 through June 30, 2026.

**Contract Renewal:** The Contract may be extended by the City for up to five (5) consecutive one (1) year option renewal periods under the terms and conditions of the original contract, upon execution of an Amendment to the Contract by both parties. Should the City elect to exercise the option to extend this agreement for an additional one (1) year period, the Parties shall negotiate pricing for such period prior to commencement of the additional one-year period. Negotiated price increases during the additional one (1) year period shall not exceed the percentage change in the United States Bureau of Labor Statistics Consumer Price Index "All Urban Consumers for Riverside San Bernardino Ontario, CA" (CPI) for the most recent twelve months for which statistics are available. This method of price negotiation shall apply to each extension period exercised."

Actual option year pricing shall be negotiated with the successful Bidder(s) prior to exercising of any given option year. Option years shall become effective only upon issuance by the City of a duly authorized Purchase Order.

#### **R. Safety Requirements/OSHA Violations**

Safety at the Project site during performance of the work is of paramount concern to the City. Accordingly, Contractors must not have committed any serious violations within the last two (2) years or any willful violations within the last five (5) years of federal or state OSHA regulations.

Contractors must identify the number of OSHA violations on the CONTRACTOR'S INDUSTRIAL SAFETY RECORD form. Any serious or willful violation falling within the timeframes noted above may render a bid as non-responsive

responsive. We strongly encourage full disclosure, since failure to identify all violations on the CONTRACTOR'S INDUSTRIAL SAFETY RECORD form may result in rejection of the bid as non-responsive or the Contractor non-responsible following a hearing.

A citation properly appealed through OSHA is not considered to be a violation until the matter is closed and considered final by OSHA. The City still expects this information to be disclosed by the Contractor with an explanation and documentation showing that the matter is properly under appeal with OSHA and not considered closed or final. Failure to be forthcoming with this information may result in rejection of the bid as non-responsive. Notwithstanding the preceding, the City may waive this criterion in its sole and absolute discretion.

- f. Authorize the transfer of \$34,220 from Capital Improvement Project No. 6869 Citywide ADA Improvements to Capital Improvement Project No. 7380 Mountain Gate Park Improvements for rubberized surfacing installation.

### **BACKGROUND & HISTORY:**

The playground equipment at Mountain Gate Park requires replacement; there are missing components at the playground because replacement parts are no longer available. The Mountain Gate Park Playground Project was included in the current fiscal year Capital Improvement Project (CIP) budget as Project No. 7380. City staff worked with various playground manufacturers, the Parks and Recreation Commission, and the public to select new playground equipment for Mountain Gate Park. On December 16, 2020, the Corona City Council approved the purchase of the playground equipment from Pacific Play, Inc. The equipment was subsequently received at the City's warehouse and plans and specifications were developed for the installation of the new playground equipment and rubberized surfacing.

### **ANALYSIS:**

The Public Works Department issued Notice Inviting Bids (NIB) 21-080HC for this Project. The bid was posted on the City's PlanetBids bidding website and advertised in the Sentinel Weekly on June 2, 2021. A total of 69 contractors were solicited, and seven (7) bids were received by the June 17, 2021 due date and time. The results of the bids are as follows:

<b>Vendor</b>	<b>City</b>	<b>Total Bid Amount</b>
Western State Builder, Inc.	Escondido, CA	\$144,182.73
Ortco, Inc.	Orange, CA	\$149,488.23
Jaynes Brothers Construction	Newbury Park, CA	\$165,995.20
Micon Construction, Inc.	Placentia, CA	\$167,221.00
CEM Construction Corporation	Montebello, CA	\$234,315.00
Sentica Construction, Inc.	Mira Loma, CA	\$239,985.00
PUB Construction, Inc.	Diamond Bar, CA	\$269,960.00

Western State Builder, Inc. of Escondido, CA, is the apparent low bidder, with a bid submission of \$144,183. Staff recommends that the City Council award the Project to Western State Builder, Inc. of Escondido, CA, in an amount not to exceed \$144,183.

### **COMMITTEE ACTION:**

This item was taken to the Parks and Recreation Commission on October 14, 2020, for design review and a recommendation for public input of the final design. The City Council approved the purchase of the playground equipment on December 16, 2020.

### **FINANCIAL IMPACT:**

There is currently a Capital Improvement Project titled Mountain Gate Park Improvements, CIP No.

7380. The total funding available is \$124,381. Additional funding in the amount of \$34,220 will be transferred to CIP No. 7380 from CIP No. 6869 for the rubberized surfacing, which is required as part of ADA improvements for CIP 6869.

**ENVIRONMENTAL ANALYSIS:**

This action is categorically exempt pursuant to Section 15302 of the Guidelines for California Environmental Quality Act (CEQA), which states that the replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced and is therefore exempt from CEQA. This action involves the replacement of an existing playground with a new playground in the same location. Therefore, no environmental analysis is required, and staff has filed a Notice of Exemption with the County of Riverside.

**REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Public Works Department

**SUBJECT:**

Award of Contract to Aguilar and Calderon Corporation for the Citywide Parks ADA Hardscape Improvements.

**EXECUTIVE SUMMARY:**

This action is to approve an award of Notice Inviting Bids ("NIB") 21-075HC for the Citywide Parks ADA Hardscape Improvements - Year 2 Project. This project consists of making repairs and alterations to the parking lots, sidewalks, and areas of decomposed granite at five (5) parks to enhance accessibility in compliance with the Americans with Disabilities Act ("ADA").

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Adopt the Plans and Specifications for the Citywide Parks ADA Hardscape Improvements - Year 2 Project, Notice Inviting Bids 21-075HC.
- b. Award Notice Inviting Bids 21-075HC for the Citywide Parks ADA Hardscape Improvements - Year 2 Project to Aguilar and Calderon Corporation of Whittier CA, the lowest responsive, responsible bidder, for a total not to exceed amount of \$438,290 and waive any and all minor irregularities in the bidding document as submitted by said bidder.
- c. Authorize the City Manager, or his designee, to execute a contract with Aguilar and Calderon Corporation of Whittier, CA, in the amount of \$438,290.
- d. Authorize the City Manager, or his designee, to negotiate and execute non-substantive extensions, amendments and change orders up to ten percent of the project cost, which is equivalent to \$43,829.

- e. Authorize the Purchasing Manager to issue a purchase order to Aguilar and Calderon Corporation in the amount of \$438,290.

**BACKGROUND & HISTORY:**

In 1990, the United States Congress passed the first Americans with Disabilities Act (ADA). The ADA was the first civil rights law that was created to address the needs of people with disabilities by prohibiting discrimination in employment, public services, public accommodations, and telecommunications. The law consists of five titles that address different areas: Title 1 - Employment, Title II - Public Services, Title III - Public Accommodations, Title IV - Telecommunications, and Title V - Miscellaneous Provisions. In 1991 the first regulations were issued and became effective in 1992. ADA mandates reasonable accommodation for individuals with disabilities to ensure they have the same opportunities and access to programs and facilities as those without disabilities.

The City is primarily responsible for compliance with Title II standards, which address Public Services. Both the Federal government and the State of California have issued and amended Title II standards over the years that set building and public facility requirements for accessibility. These standards include requirements for the display of appropriate signage, accessible stalls within parking lots, accessible routes to and surfacing under playgrounds and amenities, and fixture heights, specific hardware, and clearances to ensure access to public restrooms. The City is currently in the process of making ADA improvements at 33 City parks over a five (5) year period. The first four (4) parks to be completed were Citrus, Mountain Gate, Promenade, and Santana Parks. This project is for five (5) parks in the second year and includes: Victoria, Ontario, Lincoln, Ridgeline, and Cresta Verde Parks.

**ANALYSIS:**

The proposed project is for improvements to the five (5) parks mentioned above. Improvements generally consist of modifying parking lot signage and striping, removing and replacing concrete sidewalks, installing compliant ramps and handrails, and refurbishing decomposed granite to improve maneuverability.

The Public Works Department issued NIB 21-075HC for this project. The bid was posted for the project on the City's PlanetBids bidding website and advertised in the Sentinel Weekly on May 12, 2021. A total of 111 contractors were solicited, and eleven (11) bids were received by the June 7, 2021 due date and time. The results of the bids are as follows:

<b>Vendor</b>	<b>City</b>	<b>Total Bid Amount</b>
<b>Aguilar &amp; Calderon Corporation</b>	<b>Whittier, CA</b>	<b>\$438,289.38</b>
Towo Enterprise Inc.	Fullerton, CA	\$562,155.00
C.S. Legacy Construction, Inc.	Chino, CA	\$683,533.05
Horizons Construction Company	Orange, CA	\$693,000.00
Gentry General Engineering, Inc.	Rancho Cucamonga, CA	\$711,476.36
CEM Construction Corporation	Montebello, CA	\$736,452.50
PUB Construction, Inc.	Diamond Bar, CA	\$849,826.00
MLC Constructors, Inc.	Wildomar, CA	\$995,341.10
Act 1 Construction, Inc.	Norco, CA	\$1,027,290.00
CT&T Concrete Paving Inc.	Diamond Bar, CA	\$1,184,936.80
Nationwide Contracting Services, Inc.	Fountain Valley, CA	\$1,552,179.00

The Engineer's estimate is \$464,150. Aguilar & Calderon Corporation of Whittier, CA is the apparent low bidder, with a bid submission of \$438,290. The total bid amount included three bid alternative schedules, which were used to determine the lowest bidder. All alternative bid schedules are proposed to be awarded at this time. Staff recommends that the City Council award the project to Aguilar & Calderon Corporation of Whittier, CA, in the amount of \$438,290.

Staff is also requesting authorization to approve change orders up to ten percent of the contract. The additional change order allowance is requested in the event that some unforeseen condition or circumstance arises that must be remedied.

**COMMITTEE ACTION:**

The overall five-year Citywide Park ADA Project was presented to the Parks and Recreation Commission on May 8, 2019, and the Public Services Committee on June 5, 2019, and was approved to proceed.

**FINANCIAL IMPACT:**

There is currently a Capital Improvement Project ("CIP") for this project, No. 68690, for Citywide ADA Improvements. CIP 68690 has a current balance of \$1,485,315 and is sufficient for awarding of NIB 21-075HC.

**ENVIRONMENTAL ANALYSIS:**

This action is categorically exempt pursuant to Section 15301 of the Guidelines for the California Environmental Quality Act (CEQA), which states that the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical

equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the CEQA determination, and is therefore exempt from CEQA. This action involves minor repairs and upgrades to existing restrooms for accessibility improvements. Therefore, no environmental analysis is required, and staff has filed a Notice of Exemption with the County of Riverside.

**REQUEST FOR CITY COUNCIL AND  
CORONA UTILITY AUTHORITY ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members  
Honorable President and Board Members

**FROM:** Maintenance Services Department  
Department of Water and Power

**SUBJECT:**  
Award of Contract to CT&T Concrete Paving, Inc. for On-Call Citywide Concrete Repairs

**EXECUTIVE SUMMARY:**

The City issued Notice Inviting Bids 21-073RH for On-Call Citywide Concrete Repairs. Repair of damaged concrete infrastructure is necessary to ensure pedestrian and motorist safety.

**RECOMMENDED ACTION:**

**That the:**

- a. City Council award Notice Inviting Bids 21-073RH for On-Call Citywide Concrete Repairs to CT&T Concrete Paving, Inc., the lowest responsive, responsible bidder, for the total bid amount of \$750,000, and waive any and all minor irregularities in the bidding document as submitted by said bidder.
- b. City Council authorize the City Manager, or his designee, to execute the Maintenance/General Services Agreement with CT&T Concrete Paving, Inc. for \$750,000 for the initial contract period ending June 30, 2023, with two optional two-year extensions.
- c. City Council authorize the City Manager and City Attorney, or their designees, to negotiate and execute non-substantive extensions, change orders, and amendments up to 10% or \$75,000 as authorized in Corona Municipal Code Section [3.08.050\(H\)](#).
- d. City Council authorize the Purchasing Manager to issue a purchase order to CT&T Concrete

Paving, Inc. for \$750,000 per year for the initial contract period ending June 30, 2021, with two optional two-year extensions.

- e. Corona Utility Authority review, ratify, and to the extent necessary, direct the City Council to take the above actions.

**BACKGROUND & HISTORY:**

The City of Corona Maintenance Services Department maintains approximately 700 miles of sidewalk, American with Disabilities Act ramps, curb and gutter, cross gutters, and various stormwater appurtenances. In addition, the Maintenance Services Department performs various concrete repairs to preserve the existing structures and infrastructure improvements by proactively maintaining the concrete sidewalks, curb and gutter, spandrels, etc., within the City. Concrete repairs are necessary due to the following: extensive cracking or spalling of the existing concrete, lifted sidewalk due to tree roots, sunken sidewalk due to poor soil conditions, damages from vehicular accidents, deterioration due to age, and replacement due to new construction in the area. The Maintenance Services Department receives work requests from the public as well as staff for City-maintained concrete infrastructure. The Maintenance Services Department evaluates each request and schedules this work based on priority, scope, and work request aging; a third-party contractor is utilized to complete this work.

In fiscal year 2020, Maintenance Services completed 254 concrete-related work requests, including replacing 30,542 square feet of damaged sidewalk and driveway approaches and 935 linear feet of curb and gutter. Similarly, in fiscal year 2021, 242 concrete-related work requests were completed, including replacing 33,155 square feet of damaged sidewalk and driveway approaches and 1,003 linear feet of curb and gutter.

The Department of Water and Power will also use this concrete contractor for water main leaks that involve sidewalk, gutter, and cross-gutter replacement.

**ANALYSIS:**

The City advertised Notice Inviting Bids (NIB) 21-073RH for On-Call Citywide Concrete Repairs according to Public Contract Code formal bidding procedures and Corona Municipal Code (CMC) [3.08.090](#). The bid was published on May 19, 2021, in the Sentinel Weekly and posted on the City's PlanetBids bidding portal. The City received five (5) bids by the June 9, 2021, submission deadline.

The scope of work consists of:

- On-Call emergency and routine concrete repairs and services, which include replacement of curb and gutter sections, sidewalk, ADA ramps, cross gutters, and spandrels, etc.

Vendor	City	Bid Amount
CT&T Concrete Paving, Inc.	Diamond Bar, CA	\$29,597.00
CJ Concrete Construction, Inc.	Santa Fee Spring, CA	\$36,041.00
PUB Construction, Inc.	Diamond Bar, CA	\$37,519.00

Charles C Regan	Corona, CA	\$283,059.00
Deemed nonresponsive:		
Towo Enterprise, Inc.	Garden Grove, CA	

Staff determined the bid received from Towo Enterprise, Inc. was nonresponsive as the contractor did not follow the bid instructions provided to all bidders in the bid documents. The bid document required contractors to have a minimum of five (5) years of experience performing similar services to multiple public agencies with a minimum contract value of \$100,000 and be located within a 50-mile radius of the City to be considered responsive. The projects listed by Towo Enterprise, Inc. on the Experience Statement form issued with the bid were all performed in 2020 or 2021 and did not meet the minimum five (5) years' experience threshold. As such, Towo Enterprise, Inc. does not have the required experience for on-call concrete repair services, and their bid submittal has been deemed nonresponsive.

Additionally, after careful review of the unit prices provided by Charles C Regan, it is believed that the firm may have misunderstood that the unit cost would be multiplied by the unit of measure.

Because the bid was issued for on-call concrete repair services with no guarantee of usage, the Bid Pricing Schedule required bidders to submit pricing based on a single unit cost for 36-line items including, but not limited to, repair of various sidewalk and driveway spandrel concrete thicknesses, curb and gutter, American with Disabilities Act (ADA) access ramp replacements, etc. The low bidder was determined based on the summation of the single unit cost bid for each line item. Therefore, staff recommends that City Council award the bid and agreement in the amount of \$750,000 to CT&T Concrete Paving, Inc., as the lowest responsive, responsible bidder for On-Call Citywide Concrete Repairs. In addition, all licenses and references for CT&T Concrete Paving, Inc. have been reviewed and verified by City staff.

#### **FINANCIAL IMPACT:**

Funding for the recommended action is available in the Fiscal Year 2022 Capital Improvement Project No. 70730 titled Sidewalk, Curb and Gutter Repair/Replacement/Maintenance. Therefore, there are sufficient funds available in the project for the recommended action.

#### **ENVIRONMENTAL ANALYSIS:**

This action is categorically exempt pursuant to Section 15301 of the Guidelines for the California Environmental Quality Act (CEQA), which states that operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the CEQA determination is exempt from CEQA. This action involves the repair of existing city sidewalks and concrete facilities. Therefore, no environmental analysis is required.

**The DIR registration number for each contractor and subcontractor must be identified on the bid proposal** - failure to identify this number could result in Bidder's bid being rejected as non-responsive. **R. Apprenticeable Crafts:**

If the work is being performed as part of an applicable "public works" or "maintenance" project as defined by the Prevailing Wage Laws, Bidder shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Bidder employs workmen in an apprenticeable craft or trade. **U. Safety Requirements/Violations**

Safety at the Project site during performance of the work is of paramount concern to the City. Accordingly, bidders must not have committed any serious violations within the last two (2) years or any willful violations within the last five (5) years of federal or state OSHA regulations. Bidders must identify the number of OSHA violations on the INDUSTRIAL SAFETY RECORD form. Any serious or willful violation may render a bid as non-responsive. We strongly encourage full disclosure since failure to identify all violations on the INDUSTRIAL SAFETY RECORD form may result in rejection of the bid as non-responsive or the bidder as non-responsible following a hearing. A citation properly appealed through OSHA is not considered to be a violation until the matter is closed and considered final by OSHA. The City still expects this information to be disclosed by the bidder, with an explanation and documentation showing that the matter is properly under appeal with OSHA and not considered closed or final. Failure to be forthcoming with this information may result in rejection of the bid as non-responsive.

It is the intent of the City to create a long-term working partnership with the supplier. The City's representative will complete a Vendor Performance Evaluation Form on a periodic basis. An example of this type of form is included in Section IV and will be the basis for periodic assessments by the City to establish contract performance metrics.

**X. Public Records**

Responses (bids) to this NIB and the documents constituting any contract entered into thereafter become the exclusive property of the City and shall be subject to the California Public Records Act (Government Code Section 6250 et seq. ). The City's use and disclosure of its records are governed by this Act.

Those elements in each bid which Bidder considers to be trade secrets, as that term is defined in Civil Code Section 3426. 1(d), or otherwise exempt by law from disclosure, should be prominently marked as "TRADE SECRET", "CONFIDENTIAL", or

“PROPRIETARY” by Bidder. The City will use its best efforts to inform Bidder of any request for disclosure of any such document. The City shall not in any way be liable or responsible for the disclosure of any such records including, without limitation; those so marked if disclosure is deemed to be required by law or by an order of the Court.

In the event of litigation concerning disclosure of information Bidder considers exempt from disclosure, the City will act as a stakeholder only, holding the information until otherwise ordered by a court or other legal process. If the City is required to defend an action arising out of a Public Records Act request for any of the contents of Bidder’s bid marked “Confidential”, “Proprietary”, or “Trade Secret”, Bidder shall defend and indemnify the City from all liability, damages, costs, and expense, including attorneys’ fees, in any action or proceeding arising under the Public Records Act.

To insure confidentiality, Bidders are instructed to upload separate files for all “Confidential,” “Proprietary,” or “Trade Secret” data when submitting their bid documents. The file names shall include the words “Confidential”, “Proprietary” or “Trade Secret”. Because bid documents are available for review by any person after award of a contract resulting from a NIB, the City shall not in any way be held responsible for disclosure of any “Confidential,” Proprietary,” or “Trade Secret” documents that are not uploaded as separate files and include “Confidential”, “Proprietary” or “Trade Secret” as part of the file name.

**CITY OF CORONA**

**PAYMENT BOND (LABOR AND MATERIALS)**

KNOW ALL MEN BY THESE PRESENTS That

WHEREAS, the City of Corona (hereinafter designated as the "City"), by action taken or a resolution passed \_\_\_\_\_, 20\_\_\_\_ has awarded to \_\_\_\_\_ hereinafter designated as the "Principal," a contract for the work described as follows:

\_\_\_\_\_ (the "Project"); and

WHEREAS, the work to be performed by the Principal is more particularly set forth in the Contract Documents for the Project dated \_\_\_\_\_, (hereinafter referred to as "Contract Documents"), the terms and conditions of which are expressly incorporated herein by reference; and

WHEREAS, said Principal is required to furnish a bond in connection with said Contract Documents; providing that if said Principal or any of its Subcontractors shall fail to pay for any materials, provisions, provender, equipment, or other supplies used in, upon, for or about the performance of the work contracted to be done, or for any work or labor done thereon of any kind, or for amounts due under the Unemployment Insurance Code or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of said Principal and its Subcontractors with respect to such work or labor, the Surety on this bond will pay for the same to the extent hereinafter set forth.

NOW THEREFORE, we, the Principal and \_\_\_\_\_ as Surety, are held and firmly bound unto the City in the penal sum of \_\_\_\_\_ DOLLARS and \_\_\_\_\_ CENTS (\$\_\_\_\_\_) lawful money of the United States of America, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if said Principal, his or its subcontractors, heirs, executors, administrators, successors or assigns, shall fail to pay any of the persons named in Section 9100 of the Civil Code, fail to pay for any materials, provisions or other supplies, used in, upon, for or about the performance of the work contracted to be done, or for any work or labor thereon of any kind, or amounts due under the Unemployment Insurance Code with respect to work or labor performed under the Contract Documents, or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department or Franchise Tax Board from the wages of employees of the contractor and his subcontractors pursuant to Section 18663 of the Revenue and Taxation Code, with respect to such work and labor the Surety or Sureties will pay for the same, in an amount not exceeding the sum herein above specified, and also, in case suit is brought upon this bond, all litigation expenses incurred by the City in such suit, including reasonable attorneys' fees, court costs, expert witness fees and investigation expenses.

This bond shall inure to the benefit of any of the persons named in Section 9100 of the Civil Code so as to give a right of action to such persons or their assigns in any suit brought upon this bond.

It is further stipulated and agreed that the Surety on this bond shall not be exonerated or released from the obligation of this bond by any change, extension of time for performance, addition, alteration or modification in, to, or of any contract (including the Contract Documents), plans, specifications, or agreement pertaining or relating to any scheme or work of improvement herein above described, or pertaining or relating to the furnishing of labor, materials, or equipment therefore, nor by any change or modification of any terms of payment or extension of the time for any payment pertaining or relating to any scheme or work of improvement herein above described, nor by any rescission or attempted rescission or attempted rescission of the Contract Documents, agreement or bond, nor by any conditions precedent or subsequent in the bond attempting to limit the right of recovery of claimants otherwise entitled to recover under any such contract or agreement or under the bond, nor by any fraud practiced by any person other than the

claimant seeking to recover on the bond and that this bond be construed most strongly against the Surety and in favor of all persons for whose benefit such bond is given, and under no circumstances shall Surety be released from liability to those for whose benefit such bond has been given, by reason of any breach of contract between the owner or City and original contractor or on the part of any obligee named in such bond, but the sole conditions of recovery shall be that claimant is a person described in Section 9100 of the Civil Code, and has not been paid the full amount of his claim and that Surety does hereby waive notice of any such change, extension of time, addition, alteration or modification herein mentioned.

Notwithstanding any other provision of this bond, it is expressly understood, acknowledged and agreed that it shall provide all of the protections required by California Civil Code Sections 9550 through 9566, including the specific coverage protections required by Section 9554.

As-Needed or On-Call Services. Since the Contract Documents involve “as-needed” or “on-call” services, each individual call-out or project work order under the Contract Documents is a separate project for purposes of the City’s bidding and purchasing requirements. In addition, the term of such Contract Documents are based upon the expiration of a date certain and not upon the completion of the Project or any individual project work order. Thus, the Contractor may wish to change sureties or its bond during the term of the Contract Documents, including at the natural expiration of the initial term or any renewal term. Therefore, regardless of any term or timeframe limitation specified above, the obligations of this bond shall include any and all work authorized in accordance with the Contract Documents during any such period this bond was in place, regardless of when the initial term or any renewal term of the Contract Documents expires or is terminated, and regardless of when the Project or any individual project work order is completed. Nothing herein shall be construed to otherwise limit the guarantees and rights of this obligation, including those which may extend beyond when the initial term or any renewal term of the Contract Documents expires or is terminated, or beyond when the Project or any individual project work order is completed. Furthermore, the execution of separate and/or additional bond(s) during the initial term or any renewal term shall not extinguish, exonerate, or terminate the guarantees and obligations as set forth in this bond. Finally, when describing in the preceding paragraph the stipulation and agreement that the Surety on this bond shall not be exonerated or released from the obligation of this bond by any change, extension of time for performance, addition, alteration or modification in, to, or of any contract (including the Contract Documents), any changes or alterations to the Contract Documents shall also include an increase in the compensation for a project work order.

NOW, THEREFORE, we, \_\_\_\_\_, the undersigned Contractor and \_\_\_\_\_ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto the City in the sum of \_\_\_\_\_ DOLLARS and \_\_\_\_\_ CENTS (\$ \_\_\_\_\_), said sum being not less than one hundred percent (100%) of the total amount of the Contract, for which amount well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Contractor, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and agreements in the Contract Documents and any alteration thereof made as therein provided, on its part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill all obligations including, if provided as part of the Contract Documents, the one-year guarantee of all materials and workmanship; and shall indemnify and save harmless the City, its officers and agents, as stipulated in said Contract Documents, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the Contract Documents, unless otherwise provided for in the Contract Documents, the guarantee obligation shall hold good for a period of one (1) year after the acceptance of the work by City, during which time if Contractor shall fail to make full, complete, and satisfactory repair and replacements and totally protect the City from loss or damage resulting from or caused by defective materials or faulty workmanship, the obligations of Surety hereunder shall continue so long as any obligation of Contractor remains. Nothing herein shall limit the City's rights or the Contractor or Surety's obligations under the Contract Documents, law or equity, including, but not limited to, California Code of Civil Procedure section 337.15.

As a part of the obligation secured hereby and in addition to the face amount specified therefor, there shall be included costs and reasonable expenses and fees including reasonable attorney's fees, incurred by City in enforcing such obligation.

Whenever Contractor shall be, and is declared by the City to be, in default under the Contract Documents, the Surety shall remedy the default pursuant to the Contract Documents, or shall promptly, at the City's option:

- (1) Take over and complete the Project in accordance with all terms and conditions in the Contract Documents; or

- (2) Obtain a bid or bids for completing the Project in accordance with all terms and conditions in the Contract Documents and upon determination by Surety of the lowest responsive and responsible bidder, arrange for a contract between such bidder, the Surety and the City, and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term “balance of the contract price” as used in this paragraph shall mean the total amount payable to Contractor by the City under the Contract Documents and any modification thereto, less any amount previously paid by the City to the Contractor and any other set offs pursuant to the Contract Documents.
- (3) Permit the City to complete the Project in any manner consistent with California law and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term “balance of the contract price” as used in this paragraph shall mean the total amount payable to Contractor by the City under the Contract Documents and any modification thereto, less any amount previously paid by the City to the Contractor and any other set offs pursuant to the Contract Documents.

Surety expressly agrees that the City may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Contractor.

Surety shall not utilize Contractor in completing the Project nor shall Surety accept a bid from Contractor for completion of the Project if the City, when declaring the Contractor in default, notifies Surety of the City’s objection to Contractor’s further participation in the completion of the Project.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project to be performed thereunder shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project and the provisions of Section 2819 and 2845 of the California Civil Code. Without limiting the foregoing, such changes, extensions of time and alterations or additions shall include, but are not limited to, changes or alterations to the Contract Documents (including, without limitation, an increase in the total dollar amount of the Contract Documents), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor.

As-Needed or On-Call Services. Since the Contract Documents involve “as-needed” or “on-call” services, each individual call-out or project work order under the Contract Documents is a separate project for purposes of the City’s bidding and purchasing requirements. In addition, the term of such Contract Documents are based upon the expiration of a date certain and not upon the completion of the Project or any individual project work order. Thus, the Contractor may wish to change sureties or its bond during the term of the Contract Documents, including at the natural expiration of the initial term or any renewal term. Therefore, regardless of any term or timeframe limitation specified above, the obligations of this bond shall include any and all work authorized in accordance with the Contract Documents during any such period this bond was in place, regardless of when the initial term or any renewal term of the Contract Documents expires or is terminated, and regardless of when the Project or any individual project work order is completed. Nothing herein shall be construed to otherwise limit the guarantees and rights of this obligation, including those which may extend beyond when the initial term or any renewal term of the Contract Documents expires or is terminated, or beyond when the Project or any individual project work order is completed. Furthermore, the execution of separate and/or additional bond(s) during the initial term or any renewal term shall not extinguish, exonerate, or terminate the guarantees and obligations as set forth in this bond. Finally, when describing in the preceding paragraph the waiver of notice and the provisions of California Civil Code Sections 2819 and 2845, any changes or alterations to the Contract Documents shall also include an increase in the compensation for a project work order.

Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the Term of the Agreement. Contractor shall avoid any violation of any such law during the Term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

**3.2.9.2 Employment Eligibility; Subcontractors, Sub-subcontractors and Consultants.** To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and consultants performing any work or Services relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.9.1.

3.2.9.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Contractor verifies that they are a duly authorized officer of Contractor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Contractor or its subcontractors, sub-subcontractors or consultants to meet any of the requirements provided for in Sections 3.2.9.1 or 3.2.9.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Contractor under Section 3.2.9.2); or (3) failure to immediately remove from the Project any person found not to be in compliance with such requirements.

3.2.9.4 Labor Certification. By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.2.9.5 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Contractor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.2.9.6 Air Quality. Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

If Commercial General Liability Insurance or other form with general aggregate limit is used including, but not limited to, form CG 2503, either the general aggregate limit shall apply separately to this Agreement/location or the general aggregate limit shall be twice the required occurrence limit; (2) *Automobile Liability*: \$1,000,000 MINIMUM; per accident for bodily injury and property damage; and (3) *Workers' Compensation and Employer's Liability*: Workers' Compensation limits as required by the Labor Code of the State of California. Employer's Liability limits of \$1,000,000 MINIMUM; per accident for bodily injury or disease.

3.2.10.3 Insurance Endorsements. The insurance policies shall contain or be endorsed (amended) to include the following provisions:

(A) General Liability. The general liability policy shall state that: (1) the City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to liability arising out of work or operations performed by or on behalf of the Contractor, including materials, parts or equipment furnished in connection therewith (the endorsement form shall be at least as broad as ISO Form CG 20 10 11 85 or both CG 20 37 and one of the following: CG 20 10, CG 20 26, CG 20 33 or CG 20 38); and (2) the insurance coverage shall be primary insurance coverage as respects the City, its directors, officials, officers, employees, agents, and volunteers (the endorsement form shall be at least as broad as ISO CG 20 01 04 13). Any insurance or self-insurance maintained by the City, its directors, officials, officers, employees, agents, and volunteers shall be excess of the Contractor's insurance and shall not be called upon to contribute with it in any way.

(B) Waiver of Subrogation – Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work or Services performed by the Contractor.

(C) All Coverages. If Contractor maintains broader coverage and/or higher limits than the minimums shown above, the City is entitled to the broader coverage and/or higher limits maintained by Contractor. Thus, any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

3.2.10.4 Other Provisions; Endorsements Preferred. Contractor shall endeavor to provide endorsements regarding the following provisions, but nonetheless understands, acknowledges and agrees that the following provisions shall apply and that failure to comply shall be considered to be a breach of this Agreement by Contractor:

(A) Waiver of Subrogation – All Other Policies. Contractor hereby waives all rights of subrogation any insurer of Contractor's may acquire against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of any insurance policy which arise from work or Services performed by the Contractor. Contractor understands, acknowledges and agrees that this provision is in full force and effect even if the City does not receive a waiver of subrogation endorsement from the insurer.

(B) Notice. Contractor shall either: (1) require its insurer to provide thirty (30) days prior written notice to the City before coverage is suspended, voided, or canceled; or (2) notify City in writing that such notice is not available and forward any notice of such actions to the City within two (2) business days from date of receipt by Contractor. Contractor understands, acknowledges and agrees that this provision is in full force and effect even if the City does not receive a waiver of subrogation endorsement from the insurer.

3.2.10.5 Claims Made Policies. The following provisions shall apply to all policies that provide coverage on a claims-made basis: (A) the retroactive date must be shown and must be before the date on which any Services under this Agreement commence; (B) the insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Project; and (C) if coverage is canceled or not renewed and is not replaced with another claims-made policy with a retroactive date prior to the date on which any Services under this Agreement commence, Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of Project.

3.2.10.6 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. The City may require the Contractor to provide proof of ability to pay losses and related investigation, claims administration and defense expenses within the deductible or self-insured retention. The deductible or self-insured retention may be satisfied by either the named insured or the City.

3.2.10.7 Acceptability of Insurers. Unless under the circumstances a different rating is otherwise acceptable to the City in its sole and absolute discretion, insurance is to be placed with insurers which are satisfactory to the City and which meet either of the following criteria : (1) an insurer with a current A.M. Best's rating no less than A-:VII and licensed as an admitted insurance carrier in California; or (2) an insurer with a current A.M. Best's rating no less than A-:X and authorized to issue the required policies in California.

3.2.10.8 Verification of Coverage. Contractor shall furnish City with original certificates of insurance, as well as amendatory endorsements or copies of the applicable policy language effecting coverage required by this Agreement. All documents must be received and approved by the City before any Services commence; provided, however, that failure to obtain the required documents prior to the commencement of Services shall not waive Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.2.10.9 Reporting of Claims. Contractor shall report to the City, in addition to Contractor's insurer, any and all insurance claims submitted by Contractor in connection with the Services under this Agreement.

3.2.10.10 Sub-Contractors. All subcontractors shall comply with each and every insurance provision of this Section 3.2.10. Contractor shall therefore not allow any subcontractor to commence work on any subcontract to perform any part of the Services until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Agreement.

3.2.10.11 Special Risk or Circumstances. The City reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 3.2.10, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

3.2.11 Safety. Contractor shall execute and maintain its work and Services so as to avoid injury or damage to any person or property. In carrying out its Services, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Services and the conditions under which the Services are to be performed.

### 3.2.12 Bonds.

3.2.12.1 Performance Bond. If required by law or otherwise specifically requested by City in Exhibit “C” attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Performance Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.2 Payment Bond. If required by law or otherwise specifically requested by City in Exhibit “C” attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.3 Bond Provisions. Should, in City’s sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.12.4 Surety Qualifications. The bonds must be provided by a surety which is satisfactory to the City and which meets either of the following criteria: (1) a surety with a current A.M. Best’s rating no less than A-:VII and licensed as an admitted surety insurer in California; or (2) a surety with a current A.M. Best’s rating no less than A-:X and authorized to issue the required bonds in California. If a surety does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

3.2.13 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents,

proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

### **3.3 Fees and Payments.**

3.3.1 Rates & Total Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed [\*\*\*INSERT WRITTEN DOLLAR AMOUNT\*\*\*] (\$[\*\*\*INSERT NUMERICAL DOLLAR AMOUNT\*\*\*]) ("Total Compensation") without written approval of City's [\*\*\*INSERT TITLE\*\*\*]. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.3.5 Prevailing Wages. Contractor is aware of the requirements of Chapter 1 (beginning at Section 1720 et seq.) of Part 7 of Division 2 of the California Labor Code, as well as Title 8, Section 16000 et seq. of the California Code of Regulations ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the Total Compensation is \$1,000 or more, Contractor and its subcontractors shall fully comply with the Prevailing Wage Laws for their employees and any others to whom such laws are applicable. Contractor and its subcontractors shall also be responsible for any and all violations and fines imposed on them pursuant to the Prevailing Wage Laws. Pursuant to SB 854, which amended the Prevailing Wage Laws, this Agreement would also be subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"). Beginning April 1, 2015, no contractor or subcontractor may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Contractor shall make

copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. It is most efficient for the Contractor to obtain a copy of the prevailing wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, Contractor may obtain a copy of the prevailing wages from the City Clerk's office. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.3.6 Apprenticeable Crafts. If the Project is being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, Contractor shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Contractor employs workmen in an apprenticeable craft or trade. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor.

### **3.4 Termination of Agreement.**

3.4.1 Grounds for Termination. City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those Services which have been adequately rendered to City, as well as any authorized reimbursable expenses, and Contractor shall be entitled to no further compensation. Contractor may not terminate this Agreement except for cause.

3.4.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Contractor to provide all finished or unfinished Documents and Data and other information of any kind prepared by Contractor in connection with the performance of Services under this Agreement. Contractor shall be required to provide such document and other information within fifteen (15) days of the request.

3.4.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

### **3.5 General Provisions.**

3.5.1 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective Parties at the following address, or at such other address as the respective Parties may provide in writing for this purpose:

**Contractor:**

[\*\*\*INSERT NAME, ADDRESS & CONTACT PERSON\*\*\*]

**City:**

City of Corona  
400 South Vicentia Avenue  
Corona, CA 92882  
Attn: General Manager, DWP or their authorized designee

Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.5.2 Indemnification. To the fullest extent permitted by law, Contractor shall defend (with counsel of City's choosing), indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, to the extent arising out of, pertaining to, or incident to any alleged willful misconduct or negligent acts, errors or omissions of Contractor, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Contractor's Services, the Project or this Agreement, including without limitation the payment of all settlement amounts, expert witness fees and attorneys fees and other related costs and expenses. Notwithstanding the foregoing, to the extent Contractor's Services are subject to Civil Code Section 2782.8, the above indemnity shall be limited, to the extent required by Civil Code Section 2782.8, to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Contractor. Contractor's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its directors, officials officers, employees, agents, or volunteers.

3.5.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Contractor must comply with the claim procedures set forth in Government Code Sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Contractor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Contractor shall be barred from bringing and maintaining a valid lawsuit against the City.

3.5.4 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.5.5 City's Right to Employ Other Contractors. City reserves right to employ other contractors in connection with this Project.

3.5.6 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.5.6.1 Subcontractors; Assignment or Transfer. Contractor shall not subcontract any portion of the Services required under this Agreement, except as expressly authorized herein, without the prior written approval of the City. Subcontracts, if any, shall include a provision making them subject to all provisions of this Agreement. Contractor shall also not assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to subcontract or take any other action not authorized herein shall be null and void, and any subcontractors, assignees, hypothecates or transferees shall acquire no right or interest by reason of such action.

3.5.6.2 Corona Utility Authority. To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, Contractor has no right to terminate this Agreement, either with or without cause, based upon the existence or non-existence of either or both of the CUA Management Agreements. Therefore, if an applicable CUA Management Agreement expires or terminates for any reason, Contractor shall remain fully obligated to perform under this Agreement with the CUA or another third party contracted by the CUA for the maintenance, management and operation of the applicable utility system.

3.5.7 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

3.5.8 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.5.9 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

3.5.10 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 3.5.6, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.5.11 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5.12 Prohibited Interests. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Contractor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the Term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.5.13 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.5.14 Attorney's Fees. If either Party commences an action against the other Party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing Party in such litigation shall be entitled to have and recover from the losing Party reasonable attorney's fees and all other costs of such action.

3.5.15 Authority to Enter Agreement. Contractor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.5.16 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.5.17 Entire Agreement. This Agreement contains the entire Agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both Parties.

WITH CT&T CONCRETE PAVING, INC.  
(CONCRETE REPAIR SERVICES – NIB 21-073RH ON-CALL CITYWIDE  
CONCRETE REPAIRS)**

**1. PARTIES AND DATE.**

This Agreement is made and entered into this 7th day of July, 2021 (“Effective Date”) by and between the City of Corona, a municipal corporation organized under the laws of the State of California with its principal place of business at 400 South Vicentia Avenue, Corona, California 92882 (“City”) and CT&T Concrete Paving, Inc., a California Corporation with its principal place of business at 324 S. Diamond Bar Blvd, PMB 275, Diamond Bar, CA 91765 (“Contractor”). City and Contractor are sometimes individually referred to as “Party” and collectively as “Parties” in this Agreement.

**2. RECITALS.**

**2.1 Contractor.**

Contractor desires to perform and assume responsibility for the provision of certain maintenance or other general services required by the City on the terms and conditions set forth in this Agreement. Contractor represents that it is experienced in providing concrete repair services to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the Services in the State of California, and that is familiar with the plans of City. Contractor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

**2.2 Project.**

City desires to engage Contractor to render such services for the NIB 21-073RH On-Call Citywide Concrete Repairs project (“Project”) as set forth in this Agreement.

**2.3 Corona Utility Authority.**

Contractor understands that the City has entered into a Water Enterprise Management Agreement and a Wastewater Enterprise Management Agreement, both dated as of February 6, 2002, with the Corona Utility Authority (“CUA”) for the maintenance, management and operation of those utility systems (collectively, the “CUA Management Agreements”). To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, City enters into this Agreement on behalf of the CUA and subject to the terms of the applicable CUA Management Agreement(s).

### **3. TERMS.**

#### **3.1 Scope of Services and Term.**

3.1.1 General Scope of Services. Contractor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional concrete repair maintenance or other general services necessary for the Project (“Services”). The Services are more particularly described in Exhibit “A” attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from July 7, 2021 to June 30, 2023 (“Term”), unless earlier terminated as provided herein. Contractor shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the Term of this Agreement one or more times by executing a written amendment pursuant to Section 3.5.8 below (each a “Renewal Term”). The terms “Term” and “Renewal Term” may sometimes be generally and collectively referred to as “Term” in this Agreement.

#### **3.2 Responsibilities of Contractor.**

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Contractor or under its supervision. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the Term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor’s exclusive direction and control. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

**REQUEST FOR CITY COUNCIL AND  
CORONA UTILITY AUTHORITY ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members  
Honorable President and Board Members

**FROM:** Maintenance Services Department  
Department of Water and Power

**SUBJECT:**  
Award of contract to A&Y Asphalt Contractors, Inc. for on-call Citywide asphalt repairs.

**EXECUTIVE SUMMARY:**

The City issued Notice Inviting Bids 21-076RH for on-call and emergency Citywide asphalt repairs to proactively maintain City streets and address minor street improvements submitted by the public.

**RECOMMENDED ACTION:**

**That the:**

- a. City Council award Notice Inviting Bids 21-076RH for on-call Citywide asphalt repairs to A&Y Asphalt Contractors, Inc., the lowest responsive, responsible bidder, for the total amount of \$600,000, and waive any and all minor irregularities in the bidding document as submitted by said bidder.
- b. City Council authorize the City Manager, or his designee, to execute the Maintenance/General Services Agreement with A&Y Asphalt Contractors, Inc. for \$600,000 for the initial contract term ending June 30, 2023, with two (2) optional two (2) two-year extensions.
- c. City Council authorize the City Manager, or his designee, to negotiate and execute non-substantive extensions, change orders, and amendments up to 10% or \$60,000 as authorized in Corona Municipal Code Section [3.08.050\(H\)](#).
- d. City Council authorize the Purchasing Manager to issue a purchase order to A&Y Asphalt Contractors, Inc. for \$600,000 per year for the initial contract term ending June 30, 2023, with

two (2) optional two-year extensions.

- e. Corona Utility Authority review, ratify, and to the extent necessary, direct the City Council to take the above actions.

### **BACKGROUND & HISTORY:**

The City performs street pavement maintenance and rehabilitation to preserve the existing infrastructure improvements by proactively maintaining the condition of the street system within the City. The Maintenance Services Department receives work requests from the public as well as staff for minor street improvements. The Maintenance Services Department evaluates each request and schedules this work based on priority, scope, and work request aging; a third-party contractor is utilized to complete this work. The Department of Water and Power also uses paving services to repair roadways after repairs to the water, wastewater, and reclaimed water infrastructure. This work is collected and scheduled monthly to obtain the best available contract pricing from the third-party contractor.

### **ANALYSIS:**

On May 20, 2021, the City issued Notice Inviting Bids (NIB) 21-076RH through the City's PlanetBids bidding portal according to Public Contract Code formal bidding procedures and Corona Municipal Code (CMC) [3.08.090](#). The bidding opportunity was also advertised in the Sentinel Weekly on May 19, 2021. Bids were due on June 9, 2021. The City received four (4) bids by the submission deadline.

The scope of work consists of:

- On-call emergency and routine pavement and rehabilitation services which include pothole repairs, failing pavement structure remediation, etc.

<b>Vendor</b>	<b>City</b>	<b>Bid Amount</b>
A&Y Asphalt Contractors, Inc.	Norco, CA	\$1,496.40
S E Pipeline Construction	Santa Fe Springs, CA	\$3,557.95
Charles C. Regan, Inc. dba Regan Paving	Corona, CA	\$5,623.50
Hardy and Harper, Inc.	Lake Forest, CA	\$5,655.15

Because the bid was issued for on-call repair services with no guarantee of usage, the Bid Pricing Schedule required bidders to submit pricing based on a single-unit cost for 28-line items including, but not limited to, repair of various asphalt thicknesses, crack sealing, striping, manhole adjustment, etc. The low bidder was determined based on the summation of the single-unit cost bid for each line item. Staff recommends that the City Council award the bid and Maintenance and General Services Agreement (MSGA) for \$600,000 to A&Y Asphalt Contractor, Inc., as the lowest responsive, responsible bidder. The requested \$600,000 award amount is based on historical repair data and available budget. All licenses for A&Y Asphalt Contractor, Inc., have been reviewed and verified by City staff.

### **FINANCIAL IMPACT:**

Funding for the recommended action is available in the Fiscal Year 2022 operating budget. Future fiscal years will be funded through the budget process.

**ENVIRONMENTAL ANALYSIS:**

This action is categorically exempt pursuant to Section 15301 of the Guidelines for the California Environmental Quality Act (CEQA), which states that operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the CEQA determination is exempt from CEQA. This action consists of the repair of existing asphalt and roadways. Therefore, no environmental analysis is required.

**O. Primary Bidder**

No person, organization, or corporation is allowed to make, submit, or be interested in more than one bid unless in a sub-contractual relationship with respect to the bid. **P. Prevailing Wage**

Refer to Section VI, Form of Agreement, Section 3.3.5 for Prevailing Wage requirements.

**Q. SB854 Notice Requirements**

**This contract is subject to compliance monitoring and enforcement by the Department of Industrial Relations.**

Pursuant to SB 854, which amended the Prevailing Wage Laws, this Contract is subject to compliance monitoring and enforcement by the DIR. Beginning March 1, 2015, with very limited exceptions no contractor or subcontractor may be listed on a bid proposal for this Contract unless registered with the DIR pursuant to Labor Code section 1725.5. Beginning April 1, 2015, no contractor or subcontractor may be awarded this Contract unless registered with the DIR pursuant to Labor Code section 1725.5.

**The DIR registration number for each contractor and subcontractor must be identified on the bid proposal** - failure to identify this number could result in Bidder's bid being rejected as non-responsive. It is each contractor's responsibility to ensure that they have fully complied with SB 854. The City will report all necessary contracts to the DIR as required by the Prevailing Wage Laws

**R. Apprenticeable Crafts:**

If the work is being performed as part of an applicable "public works" or "maintenance" project as defined by the Prevailing Wage Laws, Bidder shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Bidder employs workmen in an apprenticeable craft or trade. Safety at the Project site during performance of the work is of paramount concern to the City. Accordingly, bidders must not have committed any serious violations within the last two (2) years or any willful violations within the last five (5) years of federal or state OSHA regulations. Bidders must identify the number of OSHA violations on the INDUSTRIAL SAFETY RECORD form. Any serious or willful violation may render a bid as non-responsive. We strongly encourage full disclosure since failure to identify all violations on the INDUSTRIAL SAFETY RECORD form may result in rejection of the bid as non-responsive or the bidder as non-responsible following a hearing. A citation properly appealed through OSHA is not considered to be a violation until the matter is closed and considered final by OSHA. The City still expects this information to be disclosed by the bidder, with an explanation and documentation showing that the matter is properly under appeal with OSHA and not considered closed or final. Failure to be forthcoming with this information may result in rejection of the bid as non-responsive.

A qualifying local business shall be entitled to a reduction of five percent (5%) in the tabulation of its bid for purposes of determining the lowest responsible bidder, unless otherwise prohibited by law.

The Local Program shall be applicable to only purchases of materials, supplies, and equipment as well as contracts for maintenance work and other general services projects, which are competitively bid and which involve an expenditure of two-hundred thousand dollars (\$200,000) or less. For recurring purchases, the Local Program shall be applicable only to the City's first two-hundred thousand dollars (\$200,000) worth of such purchases for any fiscal year, as determined by city staff in its sole discretion.

The Local Program shall also establish a preference for the purchase of materials, supplies, and equipment, as well as contracts for maintenance work and other general services, which are competitively bid and which involve an expenditure of more than two-hundred thousand dollars (\$200,000). Such preference shall allow the City to take into consideration the net sales tax to be returned to the City as a result of an award to a qualifying Local Business in determining the lowest responsive and responsible bidder. The net sales tax shall be calculated based on the applicable bid price provided by the bidder in accordance with the City's purchasing policy.

## CITY OF CORONA

### PAYMENT BOND (LABOR AND MATERIALS)

KNOW ALL MEN BY THESE PRESENTS That

WHEREAS, the City of Corona (hereinafter designated as the "City"), by action taken or a resolution passed \_\_\_\_\_, 20\_\_\_\_ has awarded to \_\_\_\_\_ hereinafter designated as the "Principal," a contract for the work described as follows: \_\_\_\_\_ (the "Project"); and

WHEREAS, the work to be performed by the Principal is more particularly set forth in the Contract Documents for the Project dated \_\_\_\_\_, (hereinafter referred to as "Contract Documents"), the terms and conditions of which are expressly incorporated herein by reference; and

WHEREAS, said Principal is required to furnish a bond in connection with said Contract Documents; providing that if said Principal or any of its Subcontractors shall fail to pay for any materials, provisions, provender, equipment, or other supplies used in, upon, for or about the performance of the work contracted to be done, or for any work or labor done thereon of any kind, or for amounts due under the Unemployment Insurance Code or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of said Principal and its Subcontractors with respect to such work or labor, the Surety on this bond will pay for the same to the extent hereinafter set forth.

NOW THEREFORE, we, the Principal and \_\_\_\_\_ as Surety, are held and firmly bound unto the City in the penal sum of \_\_\_\_\_ DOLLARS and \_\_\_\_\_ CENTS (\$ \_\_\_\_\_) lawful money of the United States of America, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if said Principal, his or its subcontractors, heirs, executors, administrators, successors or assigns, shall fail to pay any of the persons named in Section 9100 of the Civil Code, fail to pay for any materials, provisions or other supplies, used in, upon, for or about the performance of the work contracted to be done, or for any work or labor thereon of any kind, or amounts due under the Unemployment Insurance Code with respect to work or labor performed under the Contract Documents, or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department or Franchise Tax Board from the wages of employees of the contractor and his subcontractors pursuant to Section 18663 of the Revenue and Taxation Code, with respect to such work and labor the Surety or Sureties will pay for the same, in an amount not exceeding the sum herein above specified, and also, in case suit is brought upon this bond, all litigation expenses incurred by the City in such suit, including reasonable attorneys' fees, court costs, expert witness fees and investigation expenses.

This bond shall inure to the benefit of any of the persons named in Section 9100 of the Civil Code so as to give a right of action to such persons or their assigns in any suit brought upon this bond.

It is further stipulated and agreed that the Surety on this bond shall not be exonerated or released from the obligation of this bond by any change, extension of time for performance, addition, alteration or modification in, to, or of any contract (including the Contract Documents), plans, specifications, or agreement pertaining or relating to any scheme or work of improvement herein above described, or pertaining or relating to the furnishing of labor, materials, or equipment therefore, nor by any change or modification of any terms of payment or extension of the time for any payment pertaining or relating to any scheme or work of improvement herein above described, nor by any rescission or attempted rescission or attempted rescission of the Contract Documents, agreement or bond, nor by any conditions

precedent or subsequent in the bond attempting to limit the right of recovery of claimants otherwise entitled to recover under any such contract or agreement or under the bond, nor by any fraud practiced by any person other than the claimant seeking to recover on the bond and that this bond be construed most strongly against the Surety and in favor of all persons for whose benefit such bond is given, and under no circumstances shall Surety be released from liability to those for whose benefit such bond has been given, by reason of any breach of contract between the owner or City and original contractor or on the part of any obligee named in such bond, but the sole conditions of recovery shall be that claimant is a person described in Section 9100 of the Civil Code, and has not been paid the full amount of his claim and that Surety does hereby waive notice of any such change, extension of time, addition, alteration or modification herein mentioned.

Notwithstanding any other provision of this bond, it is expressly understood, acknowledged and agreed that it shall provide all of the protections required by California Civil Code Sections 9550 through 9566, including the specific coverage protections required by Section 9554.

As-Needed or On-Call Services. Since the Contract Documents involve “as-needed” or “on-call” services, each individual call-out or project work order under the Contract Documents is a separate project for purposes of the City’s bidding and purchasing requirements. In addition, the term of such Contract Documents are based upon the expiration of a date certain and not upon the completion of the Project or any individual project work order. Thus, the Contractor may wish to change sureties or its bond during the term of the Contract Documents, including at the natural expiration of the initial term or any renewal term. Therefore, regardless of any term or timeframe limitation specified above, the obligations of this bond shall include any and all work authorized in accordance with the Contract Documents during any such period this bond was in place, regardless of when the initial term or any renewal term of the Contract Documents expires or is terminated, and regardless of when the Project or any individual project work order is completed. Nothing herein shall be construed to otherwise limit the guarantees and rights of this obligation, including those which may extend beyond when the initial term or any renewal term of the Contract Documents expires or is terminated, or beyond when the Project or any individual project work order is completed. Furthermore, the execution of separate and/or additional bond(s) during the initial term or any renewal term shall not extinguish, exonerate, or terminate the guarantees and obligations as set forth in this bond. Finally, when describing in the preceding paragraph the stipulation and agreement that the Surety on this bond shall not be exonerated or released from the obligation of this bond by any change, extension of time for performance, addition, alteration or modification in, to, or of any contract (including the Contract Documents), any changes or alterations to the Contract Documents shall also include an increase in the compensation for a project work order.

**CITY OF CORONA**  
**PERFORMANCE BOND**

KNOW ALL PERSONS BY THESE PRESENTS:

THAT WHEREAS, the City of Corona (hereinafter referred to as "City") has awarded to \_\_\_\_\_, (hereinafter referred to as the "Contractor") an agreement for \_\_\_\_\_ (hereinafter referred to as the "Project").

WHEREAS, the work to be performed by the Contractor is more particularly set forth in the Contract Documents for the Project dated \_\_\_\_\_, (hereinafter referred to as "Contract Documents"), the terms and conditions of which are expressly incorporated herein by reference; and

WHEREAS, the Contractor is required by said Contract Documents to perform the terms thereof and to furnish a bond for the faithful performance of said Contract Documents.

NOW, THEREFORE, we, \_\_\_\_\_, the undersigned Contractor and \_\_\_\_\_ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto the City in the sum of \_\_\_\_\_ DOLLARS and \_\_\_\_\_ CENTS (\$ \_\_\_\_\_), said sum being not less than one hundred percent (100%) of the total amount of the Contract, for which amount well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Contractor, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and agreements in the Contract Documents and any alteration thereof made as therein provided, on its part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill all obligations including, if provided as part of the Contract Documents, the one-year guarantee of all materials and workmanship; and shall indemnify and save harmless the City, its officers and agents, as stipulated in said Contract Documents, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the Contract Documents, unless otherwise provided for in the Contract Documents, the guarantee obligation shall hold good for a period of one (1) year after the acceptance of the work by City, during which time if Contractor shall fail to make full, complete, and satisfactory repair and replacements and totally protect the City from loss or damage resulting from or caused by defective materials or faulty workmanship, the obligations of Surety hereunder shall continue so long as any obligation of Contractor remains. Nothing herein shall limit the City's rights or the Contractor or Surety's obligations under the Contract Documents, law or equity, including, but not limited to, California Code of Civil Procedure section 337.15.

As a part of the obligation secured hereby and in addition to the face amount specified therefor, there shall be included costs and reasonable expenses and fees including reasonable attorney's fees, incurred by City in enforcing such obligation.

Whenever Contractor shall be, and is declared by the City to be, in default under the Contract Documents, the Surety shall remedy the default pursuant to the Contract Documents, or shall promptly, at the City's option:

- (1) Take over and complete the Project in accordance with all terms and conditions in the Contract Documents; or

- (2) Obtain a bid or bids for completing the Project in accordance with all terms and conditions in the Contract Documents and upon determination by Surety of the lowest responsive and responsible bidder, arrange for a contract between such bidder, the Surety and the City, and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term “balance of the contract price” as used in this paragraph shall mean the total amount payable to Contractor by the City under the Contract Documents and any modification thereto, less any amount previously paid by the City to the Contractor and any other set offs pursuant to the Contract Documents.
- (3) Permit the City to complete the Project in any manner consistent with California law and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term “balance of the contract price” as used in this paragraph shall mean the total amount payable to Contractor by the City under the Contract Documents and any modification thereto, less any amount previously paid by the City to the Contractor and any other set offs pursuant to the Contract Documents.

Surety expressly agrees that the City may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Contractor.

Surety shall not utilize Contractor in completing the Project nor shall Surety accept a bid from Contractor for completion of the Project if the City, when declaring the Contractor in default, notifies Surety of the City’s objection to Contractor’s further participation in the completion of the Project.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project to be performed thereunder shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project and the provisions of Section 2819 and 2845 of the California Civil Code. Without limiting the foregoing, such changes, extensions of time and alterations or additions shall include, but are not limited to, changes or alterations to the Contract Documents (including, without limitation, an increase in the total dollar amount of the Contract Documents), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor.

As-Needed or On-Call Services. Since the Contract Documents involve “as-needed” or “on-call” services, each individual call-out or project work order under the Contract Documents is a separate project for purposes of the City’s bidding and purchasing requirements. In addition, the term of such Contract Documents are based upon the expiration of a date certain and not upon the completion of the Project or any individual project work order. Thus, the Contractor may wish to change sureties or its bond during the term of the Contract Documents, including at the natural expiration of the initial term or any renewal term. Therefore, regardless of any term or timeframe limitation specified above, the obligations of this bond shall include any and all work authorized in accordance with the Contract Documents during any such period this bond was in place, regardless of when the initial term or any renewal term of the Contract Documents expires or is terminated, and regardless of when the Project or any individual project work order is completed. Nothing herein shall be construed to otherwise limit the guarantees and rights of this obligation, including those which may extend beyond when the initial term or any renewal term of the Contract Documents expires or is terminated, or beyond when the Project or any individual project work order is completed. Furthermore, the execution of separate and/or additional bond(s) during the initial term or any renewal term shall not extinguish, exonerate, or terminate the guarantees and obligations as set forth in this bond. Finally, when describing in the preceding paragraph the waiver of notice and the provisions of California Civil Code Sections 2819 and 2845, any changes or alterations to the Contract Documents shall also include an increase in the compensation for a project work order.

The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor.

### **3.4 Termination of Agreement.**

3.4.1 Grounds for Termination. City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Contractor must comply with the claim procedures set forth in Government Code Sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Contractor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Contractor shall be barred from bringing and maintaining a valid lawsuit against the City.

3.5.4 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.5.5 City's Right to Employ Other Contractors. City reserves right to employ other contractors in connection with this Project.

3.5.6 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.5.6.1 Subcontractors; Assignment or Transfer. Contractor shall not subcontract any portion of the Services required under this Agreement, except as expressly authorized herein, without the prior written approval of the City. Subcontracts, if any, shall include a provision making them subject to all provisions of this Agreement. Contractor shall also not assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to subcontract or take

any other action not authorized herein shall be null and void, and any subcontractors, assignees, hypothecates or transferees shall acquire no right or interest by reason of such action.

3.5.6.2 Corona Utility Authority. To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, Contractor has no right to terminate this Agreement, either with or without cause, based upon the existence or non-existence of either or both of the CUA Management Agreements. Therefore, if an applicable CUA Management Agreement expires or terminates for any reason, Contractor shall remain fully obligated to perform under this Agreement with the CUA or another third party contracted by the CUA for the maintenance, management and operation of the applicable utility system.

3.5.7 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

3.5.8 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.5.9 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

3.5.10 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 3.5.6, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.5.11 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5.12 Prohibited Interests. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Contractor further

agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the Term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.5.13 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.5.14 Attorney's Fees. If either Party commences an action against the other Party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing Party in such litigation shall be entitled to have and recover from the losing Party reasonable attorney's fees and all other costs of such action.

3.5.15 Authority to Enter Agreement. Contractor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.5.16 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.5.17 Entire Agreement. This Agreement contains the entire Agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both Parties.

**1. PARTIES AND DATE.**

This Agreement is made and entered into this 7th day of July, 2021 (“Effective Date”) by and between the City of Corona, a municipal corporation organized under the laws of the State of California with its principal place of business at 400 South Vicentia Avenue, Corona, California 92882 (“City”) and A & Y Asphalt Contractors, Inc., a California Corporation with its principal place of business at 1613 Industrial Ave., Norco, CA 92860 (“Contractor”). City and Contractor are sometimes individually referred to as “Party” and collectively as “Parties” in this Agreement.

**2. RECITALS.**

**2.1 Contractor.**

Contractor desires to perform and assume responsibility for the provision of certain maintenance or other general services required by the City on the terms and conditions set forth in this Agreement. Contractor represents that it is experienced in providing asphalt repair services to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the Services in the State of California, and that it is familiar with the plans of City. Contractor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

**2.2 Project.**

City desires to engage Contractor to render such services for the NIB 21-076RH On-Call Citywide Asphalt Repairs project (“Project”) as set forth in this Agreement.

**2.3 Corona Utility Authority.**

Contractor understands that the City has entered into a Water Enterprise Management Agreement and a Wastewater Enterprise Management Agreement, both dated as of February 6, 2002, with the Corona Utility Authority (“CUA”) for the maintenance, management and operation of those utility systems (collectively, the “CUA Management Agreements”). To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, City enters into this Agreement on behalf of the CUA and subject to the terms of the applicable CUA Management Agreement(s).

**3. TERMS.**

### **3.1 Scope of Services and Term.**

3.1.1 General Scope of Services. Contractor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional asphalt repair maintenance or other general services necessary for the Project (“Services”). The Services are more particularly described in Exhibit “A” attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from July 7, 2021 to June 30, 2023 (“Term”), unless earlier terminated as provided herein. Contractor shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the Term of this Agreement one or more times by executing a written amendment pursuant to Section 3.5.8 below (each a “Renewal Term”). The terms “Term” and “Renewal Term” may sometimes be generally and collectively referred to as “Term” in this Agreement.

### **3.2 Responsibilities of Contractor.**

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Contractor or under its supervision. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the Term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor’s exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers’ compensation insurance.

3.2.2 Schedule of Services. Contractor shall perform the Services within the Term of this Agreement, in accordance with the Schedule of Services set forth in Exhibit “B” attached hereto and incorporated herein by reference, and in accordance with any other completion schedule or milestones which may be separately agreed upon in writing by the Parties. Contractor represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Contractor’s conformance with the Schedule, City shall respond to Contractor’s submittals in a timely manner. Upon request of City, Contractor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.2.3 Conformance to Applicable Requirements. All Services performed by Contractor shall be subject to the approval of City.

3.2.4 City's Representative. The City hereby designates Tom Moody, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Contractor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

3.2.5 Contractor's Representative. Contractor hereby designates Elaine Giese, or his or her designee, to act as its representative for the performance of this Agreement ("Contractor's Representative"). Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. The Contractor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.2.6 Coordination of Services. Contractor agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.2.7 Standard of Care; Performance of Employees. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Contractor agrees that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Finally, Contractor represents that it, its employees and subcontractors shall have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the Term of this Agreement. As provided for in the indemnification provisions of this Agreement, Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Contract,

Contractor shall continue to perform the Work while said dispute is decided by the City. If Contractor disputes the City's decision, Contractor shall have such remedies as may be provided by law.

3.2.9 Laws and Regulations; Employee/Labor Certifications. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services. If the Contractor performs any work or Services knowing them to be contrary to such laws, rules and regulations and without giving written notice to the City, Contractor shall be solely responsible for all costs arising therefrom. City is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Contract to the same extent as though set forth herein and will be complied with. These include but are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Contractor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.2.9.1 Employment Eligibility; Contractor. By executing this Agreement, Contractor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the Term of the Agreement. Contractor shall avoid any violation of any such law during the Term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

3.2.9.2 Employment Eligibility; Subcontractors, Sub-subcontractors and Consultants. To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and consultants performing any work or

Services relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.9.1.

3.2.9.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Contractor verifies that they are a duly authorized officer of Contractor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Contractor or its subcontractors, sub-subcontractors or consultants to meet any of the requirements provided for in Sections 3.2.9.1 or 3.2.9.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Contractor under Section 3.2.9.2); or (3) failure to immediately remove from the Project any person found not to be in compliance with such requirements.

3.2.9.4 Labor Certification. By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.2.9.5 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Contractor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.2.9.6 Air Quality. Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

3.2.10.2 Minimum Requirements. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.12.4 Surety Qualifications. The bonds must be provided by a surety which is satisfactory to the City and which meets either of the following criteria: (1) a surety with a current A.M. Best's rating no less than A:-VII and licensed as an admitted surety insurer in California; or (2) a surety with a current A.M. Best's rating no less than A:-X and authorized to issue the required bonds in California. 3.2.13 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. ### **3.3 Fees and Payments.**

3.3.1 Rates & Total Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates

set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed Six Hundred Thousand Dollars (\$600,000.00) ("Total Compensation") per fiscal year without written approval of City's Representative. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

Contractor is aware of the requirements of Chapter 1 (beginning at Section 1720 et seq.) of Part 7 of Division 2 of the California Labor Code, as well as Title 8, Section 16000 et seq. of the California Code of Regulations ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the Total Compensation is \$1,000 or more, Contractor and its subcontractors shall fully comply with the Prevailing Wage Laws for their employees and any others to whom such laws are applicable. Contractor and its subcontractors shall also be responsible for any and all violations and fines imposed on them pursuant to the Prevailing Wage Laws. Pursuant to SB 854, which amended the Prevailing Wage Laws, this Agreement would also be subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"). Beginning April 1, 2015, no contractor or subcontractor may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. It is most efficient for the Contractor to obtain a copy of the prevailing wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, Contractor may obtain a copy of the prevailing wages from the City's Representative. Contractor shall defend,

indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.3.6 Apprenticeable Crafts. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor.

**Potable Water Treatment** - Sodium hypochlorite is used in water treatment for disinfection and to achieve chlorine contact time. At the Lester and SDO Treatment Plants, sodium hypochlorite is used for pre- and post-treatment disinfection. The influent source for both treatment plants is Colorado River water which is full-body contact. This requires pre-chlorination before the treatment process for the health of the facility and to eliminate pathogens such as bacteria, viruses, parasites, giardia, and cryptosporidium, among others. Sodium hypochlorite is also used in post-treatment disinfection to achieve contact time through a chlorine contact basin (CCB). The chlorine contact time requirements are based on the City's Water Supply Permit as issued by the State Water Resources Control Board. At the Glen Ivy and Well 11 sites, sodium hypochlorite is used to treat groundwater before the water is blended into the distribution system. At the Temescal Desalter facility, sodium hypochlorite is used to achieve the required disinfection to ensure regulatory compliance. The potable water treatment process uses approximately 256,045 gallons of sodium hypochlorite each year.

**Water Reclamation Treatment** - Sodium Hypochlorite is used in wastewater treatment to meet all of the facilities' compliance points throughout DWP's water reclamation treatment process. Sodium hypochlorite is used to meet contact time requirements, achieve system residual, and for disinfecting pathogens. Sodium Hypochlorite is also used in the wastewater treatment process to chemically oxidize ammonia. The water reclamation treatment process uses approximately 1,661,378 gallons of sodium hypochlorite each year.

The City received two bids for sodium hypochlorite:

Vendor	City	Bid Amount
Olin Chlor Alkali Products	Tracy, CA	\$0.825/gal
JCI Jones Chemicals, Inc.	Torrance, CA	\$0.97/gal

Olin Chlor Alkali Products is the apparent low bidder for sodium hypochlorite 12.5% for potable water and wastewater treatment processes, and DWP requests an annual purchase order for \$1,750,000.

### **Aluminum Sulfate 43.65% (10% Acidified) and 48.5%**

The water treatment process uses aluminum sulfate to cause suspended impurities in the water to coagulate into larger particles that can be easily filtered out. This chemical allows the filters to be more efficient. Aluminum Sulfate 43.65% (10% acidified) is used at Lester Water Treatment Plant. Aluminum Sulfate 48.5% is used at Sierra Del Oro Water Treatment Plant.

The City received one bid for Aluminum Sulfate 43.65% (10% acidified), and two bids for Aluminum Sulfate 48.5%.

### **Aluminum Sulfate 43.65% (10% Acidified)**

Vendor	City	Chemical	Bid Amount
Thatcher Company of Nevada, Inc.	Salt Lake City, UT	Alum. Sulfate 43.65% (10% Acidified)	\$1.26/gal

**Aluminum Sulfate 48.5%**

<b>Vendor</b>	<b>City</b>	<b>Chemical</b>	<b>Bid Amount</b>
Thatcher Company of Nevada, Inc	Salt Lake City, UT	Alum. Sulfate 48.5%	\$1.20/gal
Pacific Star Chemical/ DBA Northstar	Sherwood, OR	Alum. Sulfate 48.5%	\$1.395/gal

Thatcher Company of Nevada, Inc. is the apparent low bidder for both Aluminum Sulfate 43.65% (10% Acidified) and 48.5% for the potable water treatment process, and DWP requests annual purchase orders for \$61,000 for Aluminum Sulfate 43.65% (10% Acidified) and \$22,000 for Aluminum Sulfate 48.5%.

**Ammonium Hydroxide 19%**

Ammonium hydroxide is used for disinfection in the water treatment process. Ammonium hydroxide reacts with sodium hypochlorite to yield chloramines. Chloramines are a stable sanitizing compound that provide long-lasting disinfection throughout the city's distribution system.

The City received one bid for ammonium hydroxide.

<b>Vendor</b>	<b>City</b>	<b>Bid Amount</b>
Airgas Specialty Products, Inc.	Lawrenceville, GA	\$0.7725/gal

Airgas Specialty Products, Inc. is the apparent low bidder for Ammonium Hydroxide 19% for the potable water treatment process, and DWP requests an annual purchase order for \$42,000.

**Corrosion and Scale Inhibitor**

The Water Operations division uses corrosion and scale inhibitor in the water treatment process at the Temescal Desalter. These chemicals keep minerals in suspension, preventing cohesion to pumps and water pipes. This reduces calcium build-up and extends the life of the water infrastructure. Without corrosion and scale inhibitor, our pumps and infrastructure would be damaged due to the premature precipitation of minerals.

The City received three bids for corrosion and scale inhibitor.

<b>Vendor</b>	<b>City</b>	<b>Bid Amount</b>
King Lee Technologies	San Diego, CA	\$6.51/gal
Amaya Solutions, Inc. dba American Water Chemicals	Plant City, FL	\$8.49/gal
Avista Technologies	San Marcos, CA	\$8.74/gal

King Lee Technologies is the apparent low bidder for Corrosion and Scale Inhibitor for the potable

water treatment process, and DWP requests an annual purchase order for \$150,000.

### **Cationic Polymer and Anionic Polymer (Water Reclamation)**

Cationic and anionic polymers are crucial components of the flocculation process in wastewater treatment. Cationic polymers are positively charged, while anionic polymers are negatively charged. These molecules attract particles of an opposite charge and allow them to form large clusters or “flocs.” As flocs are generated, they precipitate much more readily out of solution, which is the key to clarification by settling. The more that solids are combined, the easier they are to remove.

The water reclamation process uses three polymers throughout the treatment process. One cationic polymer is used for the gravity belt thickeners, one cationic polymer is used for the centrifuge, and one anionic polymer is used for WRF1A primary treatment.

#### ***Cationic Polymer (Gravity Belt Thickener)***

<b>Vendor</b>	<b>City</b>	<b>Chemical</b>	<b>Dose Rate</b>	<b>Bid Amount</b>
Aqua Ben Corporation	Orange, CA	Cationic Poly (GBT)	0.42 GPH	\$1.27/LB
Solenis, LLC	Wilmington, DE	Cationic Poly (GBT & Centrifuge)	3.78 GPH	\$1.46/LB

#### ***Cationic Polymer (Centrifuge)***

<b>Vendor</b>	<b>City</b>	<b>Chemical</b>	<b>Dose Rate</b>	<b>Bid Amount</b>
Aqua Ben Corporation	Orange, CA	Cationic Poly (Centrifuge)	1.2 GPH	\$1.33/LB
Solenis, LLC	Wilmington, DE	Cationic Poly (GBT & Centrifuge)	3.78 GPH	\$1.46/LB

#### ***Anionic Polymer (WRF1A Primary Treatment)***

<b>Vendor</b>	<b>City</b>	<b>Chemical</b>	<b>Dose Rate</b>	<b>Bid Amount</b>
Aqua Ben Corporation	Orange, CA	Anionic Polymer	0.5 GPH	\$0.95/LB
Solenis, LLC	Wilmington, DE	Anionic Polymer	3.78 GPH	\$1.17/LB

Aqua Ben Corporation is the apparent low bidder for cationic polymer (gravity belt thickeners), cationic polymer (centrifuge), and anionic polymer (WRF1A Primary Treatment). DWP requests purchase orders for \$178,000 for cationic polymers (gravity belt thickeners), \$370,000 for cationic polymer (centrifuge) and \$40,000 for anionic polymer (WRF1 Primary Treatment).

### **Cationic Polymer and Anionic Polymer (Potable Water)**

The water treatment process uses cationic polymer as a secondary binding agent for the

coagulation/flocculation process. The water treatment process uses anionic polymers for settling solids within the gravity thickeners.

The City received one bid for cationic polymer and one bid for anionic polymer.

Vendor	City	Chemical	Dose Rate	Bid Amount
Polydyne, Inc.	Riceboro, GA	Cationic Polymer	0.3 mg/L	\$0.60/LB

Vendor	City	Chemical	Dose Rate	Bid Amount
Aqua Ben Corporation	Orange, CA	Anionic Polymer	0.5 mg/L	\$1.34/LB

Polydyne, Inc. is the apparent low bidder for cationic polymer for the potable water treatment process, and DWP requests a purchase order for \$125,000.

Aqua Ben Corporation is the apparent low bidder for anionic polymer. DWP requests a purchase order for \$2,200.

### **Sodium Hydroxide 25%**

Sodium hydroxide is used in the water treatment process to regulate water acidity and to assist in the removal of heavy metals in drinking water. Without the use of sodium hydroxide, the pH of the Desalter effluent would be too low, resulting in infrastructure damage, water quality issues, potential damage to homeowners' plumbing, and leaching of copper within homes.

The City received two bids for sodium hydroxide.

Vendor	City	Bid Amount
JCI Jones Chemicals, Inc.	Torrance, CA	\$1.10/gal
Pacific Star Chemical/ DBA Northstar Chemicals	Sherwood, OR	\$1.24/gal

JCI Jones Chemicals, Inc. is the apparent low bidder for Sodium Hydroxide 25% for the potable water treatment process, and DWP requests a purchase order for \$40,000.

### **Sulfuric Acid 93%**

Sulfuric Acid is used exclusively at the Temescal Desalter. The Temescal Desalter utilizes reverse osmosis technology to treat groundwater. Sulfuric acid lowers the pH of the influent water from approximately 7.2 to 6.4. Sulfuric acid is a sequestration agent that helps keep minerals in suspension, thereby optimizing the reverse osmosis process by keeping minerals from precipitating onto the membranes. These minerals are most commonly bicarbonate, calcium carbonate, and silica. Minerals remain in suspension and flow to the waste stream, where they are rejected into the Inland Empire Brine Line (IEBL). Without sulfuric acid, the Temescal Desalter would experience much shorter run times between membrane cleanings.

The City received two bids for sulfuric acid.

<b>Vendor</b>	<b>City</b>	<b>Bid Amount</b>
Pacific Star Chemical dba Northstar Chemical	Sherwood, OR	\$1.64/gal
Univar Solutions, Inc.	Kent, WA	\$2.142/gal

Pacific Star Chemical dba Northstar Chemical is the apparent low bidder for Sulfuric Acid 93% for the potable water treatment process, and DWP requests a purchase order for \$165,000.

### **Ferric Chloride 15%-40%**

Ferric chloride is used to reduce hydrogen sulfide in the digesters at the City's water reclamation facilities and helps with clarification in primary sedimentation. High levels of hydrogen sulfide in the digester could result in violations from the South Coast Air Quality Management District.

<b>Vendor</b>	<b>City</b>	<b>Bid Amount</b>
California Water Technologies, LLC	Santa Fe Springs, CA	\$1.61/gal
Kemira	Lawrence, KS	**

\*\*Kemira was deemed nonresponsive as they had a serious OSHA violation in December 2019.

California Water Technologies, LLC is the apparent low bidder for Ferric Chloride 15%-40% for the water reclamation treatment process. DWP requests a purchase order for \$100,000 to allow for any changes in the City's treatment needs.

### **Sodium Bisulfite 25%**

During the wastewater treatment process, the tertiary effluent is treated with sodium hypochlorite for disinfection. Some of this water goes into the reclaimed water system, and some of the water is discharged to the Santa Ana River. When the water is discharged to the river, DWP is required to reduce the amount of residual chlorine in the water to ensure compliance with the United States Environmental Protection Agency regulations. Sodium bisulfite is used to reduce the amount of residual chlorine in the water.

The City received two bids for sodium bisulfite.

<b>Vendor</b>	<b>City</b>	<b>Bid Amount</b>
Univar Solutions, Inc.	Kent, WA	\$0.98/gal
JCI Jones Chemicals, Inc.	Torrance, CA	\$1.05/gal

Univar Solutions, Inc. is the apparent low bidder for Sodium Bisulfite 25% for the water reclamation treatment process, and DWP requests a purchase order for \$45,000.

### **Cationic Polymer (Centrifuge) Wastewater Treatment Fiscal Year 2021**

DWP requests a change order with Aqua Ben for Fiscal Year 2021 for cationic polymer for the centrifuge for wastewater treatment for \$40,000. DWP uses cationic polymer in the centrifuge to assist with the dewatering process. Due to a 3-week delay in bulk shipments, staff had to seek alternative solutions by ordering totes of polymer that were available locally to ensure uninterrupted treatment. The bulk order of polymer was finally delivered and will be used. However, the bulk order and the totes exceeded the purchase order authorization for Fiscal Year 2021 with Aqua Ben.

**FINANCIAL IMPACT:**

Funding for the recommended action is available in the Department of Water and Power's Fiscal Year 2021 and Fiscal Year 2022 operating budgets.

**ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the commonsense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action involves the purchase of required chemicals for water and wastewater treatment, and there is no possibility that the recommended actions will have a significant effect on the environment. Therefore, no environmental analysis is required.

- (A) Waiver of Subrogation – All Other Policies. Contractor hereby waives all rights of subrogation any insurer of Contractor's may acquire against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of any insurance policy which arise from work or Services performed by the Contractor. Best's rating no less than A-:X and authorized to issue the required policies in California.
10. Verification of Coverage. All documents must be received and approved by the City before any Services commence; provided, however, that failure to obtain the required documents prior to the commencement of Services shall not waive Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.
11. Reporting of Claims. Contractor shall report to the City, in addition to Contractor's insurer, any and all insurance claims submitted by Contractor in connection with the Services under this Contract.

Contractor shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless from any and all Claims (as defined below) in any manner arising out of or incident to (i) any acts, omissions or willful misconduct of supplier, its officials, officers, employees, agents, consultants and contractors; (ii) the performance of the work or this contract; and/or (iii) any action for product liability arising from a defect in the design, materials and workmanship of any product provided. Contractor shall defend, at supplier's own cost, expense and risk, any and all Claims of any kind that may be brought or instituted against City, its directors, officials, officers, employees, agents or volunteers. Contractor shall pay and satisfy any judgment, award or decree that may be rendered against City or its directors, officials, officers, employees, agents or volunteers, in any such suit, action or other legal proceeding. Contractor shall reimburse City and its directors, officials, officers, employees, agents and/or volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. For the purpose of this provision, "Claims" means claims, actions, or causes of action, regulatory, legislative or judicial proceedings, at law or equity, and all associated liabilities, demands, assessments, levies, losses, fines, penalties, damages, costs and expenses,

**P. Laws Governing Contract**

This contract shall be in accordance with the laws of the state of California. The parties stipulate that this contract was entered into in the county of Riverside, in state of California. The parties further stipulate that the county of Riverside, California, is the only appropriate forum for any litigation resulting from a breach hereof or any questions risen here from.

**Q. Primary Bidder**

No person, organization, or corporation is allowed to make, submit, or be interested in more than one bid unless in a sub-contractual relationship with respect to the bid. A person, organization or corporation submitting sub-proposals or quoting prices on materials to Bidders is prevented from submitting a bid to the City as a primary Bidder.

**R. Termination**

If, for any reason, the successful bidder fails to fulfill in a timely and proper manner his or her obligations under this contract, or if the successful bidder violates any of the provisions of this contract, then the City may terminate the contract by giving written notice to the successful bidder of such termination and specify the effective date thereof at least ten (10) days before the effective date of such termination. In such event, all finished or unfinished work prepared by the successful bidder under this contract may, at the option of the City, become the City's property and supplier may be entitled to receive just and equitable compensation for any satisfactory work.

Reasons for cancellation may include any one or more of the following:

1. The product being supplied no longer performs as required.
2. The supplier fails to provide the required MSDS sheets and certificate of analysis with each delivery.
3. The supplier fails to deliver as required

**S. References**

Bidders must list a minimum of three (3) municipal or public utility references that have purchased similar products and services from Bidder within the last two (2) years on the form provided herein. Wherever possible, Bidders should provide references for customers from the same region as City.

**T. Safety Requirements/Violations**

Safety at the Project site during performance of the work is of paramount concern to the City. Accordingly, bidders must not have committed any serious violations within the last two (2) years or any willful violations within the last five (5) years of federal or state OSHA

regulations. Bidders must identify the number of OSHA violations on the INDUSTRIAL SAFETY RECORD form. Any serious or willful violation may render a bid as non-responsive. We strongly encourage full disclosure since failure to identify all violations on the INDUSTRIAL SAFETY RECORD form may result in rejection of the bid as non-responsive or the bidder as non-responsible following a hearing. A citation properly appealed through OSHA is not considered to be a violation until the matter is closed and considered final by OSHA. The City still expects this information to be disclosed by the bidder, with an explanation and documentation showing that the matter is properly under appeal with OSHA and not considered closed or final. Failure to be forthcoming with this information may result in rejection of the bid as non-responsive.

**U. Local Bidder Preference Program**

This bid shall be subject to the City of Corona local bidder preference program. To qualify, bidders must be a “local business” with: (i) fixed facilities with one or more employees, which may include a sole proprietor, located at an address within City limits (a post office box alone is insufficient); and (ii) an appropriate City business license/permit. Bidders seeking to qualify for this local program shall provide supporting information and certify in writing that they meet the above requirements as part of the bid submittal.

A qualifying local business shall be entitled to a reduction of five percent (5%) in the tabulation of its bid for purposes of determining the lowest responsible bidder, unless otherwise prohibited by law.

The Local Program shall be applicable to only purchases of materials, supplies, and equipment as well as contracts for maintenance work and other general services projects, which are competitively bid and which involve an expenditure of two-hundred thousand dollars (\$200,000) or less. For recurring purchases, the Local Program shall be applicable only to the City’s first two-hundred thousand dollars (\$200,000) worth of such purchases for any fiscal year, as determined by city staff in its sole discretion.

The Local Program shall also establish a preference for the purchase of materials, supplies, and equipment, as well as contracts for maintenance work and other general services, which are competitively bid and which involve an expenditure of more than two-hundred thousand dollars (\$200,000). Such preference shall allow the City to take into consideration the net sales tax to be returned to the City as a result of an award to a qualifying Local Business in determining the lowest responsive and responsible bidder. The net sales tax shall be calculated based on the applicable bid price provided by the bidder in accordance with the City’s purchasing policy.

**V. Vendor Performance**

It is the intent of the City to create a long-term working partnership with the supplier. The City’s representative will complete a Vendor Performance Evaluation Form on a periodic basis. An example of this type of form is included in Section IV and will be the basis for periodic assessments by the City to establish contract performance metrics.

## **W. Public Records**

Responses (bids) to this NIB and the documents constituting any contract entered into thereafter become the exclusive property of the City and shall be subject to the California Public Records Act (Government Code Section 6250 et seq.). The City's use and disclosure of its records are governed by this Act.

Those elements in each bid which Bidder considers to be trade secrets, as that term is defined in Civil Code Section 3426. 1(d), or otherwise exempt by law from disclosure, should be prominently marked as "TRADE SECRET", "CONFIDENTIAL", or "PROPRIETARY" by Bidder. The City will use its best efforts to inform Bidder of any request for disclosure of any such document. The City shall not in any way be liable or responsible for the disclosure of any such records including, without limitation; those so marked if disclosure is deemed to be required by law or by an order of the Court.

In the event of litigation concerning disclosure of information Bidder considers exempt from disclosure, the City will act as a stakeholder only, holding the information until otherwise ordered by a court or other legal process. If the City is required to defend an action arising out of a Public Records Act request for any of the contents of Bidder's bid marked "Confidential", "Proprietary", or "Trade Secret", Bidder shall defend and indemnify the City from all liability, damages, costs, and expense, including attorneys' fees, in any action or proceeding arising under the Public Records Act.

To insure confidentiality, Bidders are instructed to upload separate files for all "Confidential," "Proprietary," or "Trade Secret" data when submitting their bid documents. The file names shall include the words "Confidential", "Proprietary" or "Trade Secret". Because bid documents are available for review by any person after award of a contract resulting from a NIB, the City shall not in any way be held responsible for disclosure of any "Confidential," Proprietary," or "Trade Secret" documents that are not uploaded as separate files and include "Confidential", "Proprietary" or "Trade Secret" as part of the file name.

Bid prices should be based on bulk tanker truck load deliveries. For the purpose of attaining better pricing, the City reserves the right to combine multiple facility requirements into a single order to meet the minimum 2,000 gallon order requirement. Bidders would then be required to split deliveries among any combination of the nine (9) delivery point locations stated in these specifications for that order.

Bid prices shall remain effective and in force for the entire Initial Purchase Order Period, and Bidders must consider any anticipated cost fluctuations when preparing their bid.

The successful Bidder shall not invoice for any costs not included on the Bid/Price Form, including but not limited to fuel surcharges or other transportation costs between the supplier and the final delivery points; therefore, Bidders must insure that all costs and/or surcharges are included in their unit bid price even though the Bid/Price Form may not specifically list them.

### **Taxes:**

Bid prices are to be quoted exclusive of California sales tax. Pursuant to Sales and Use Tax Law, water treatment facilities are entitled to submit Resale Certificates to the California State Board of Equalization which exempt the City's utility from paying sales tax on any chemical purchased for the expressed use of producing a consumable water product. City will provide the successful Bidder with the appropriate documentation. Shipments to the City's water reclamation facilities will be subject to California Sales Tax.

### **Bid Samples**

770 Public Safety Way

Prior to award, the City shall verify, by means satisfactory to itself, bid samples submitted conform to these specifications. Failure of the samples to meet any one of the required specifications provided herein shall be sufficient grounds for rejection of the bid.

**LOCAL BIDDER PREFERENCE PROGRAM STATEMENT**  
**To Be Submitted with Bid**

This bid shall be subject to the City of Corona local bidder preference program. To qualify, bidders must be a “local business” with: (i) fixed facilities with one or more employees, which may include a sole proprietor, located at an address within City limits (a post office box alone is insufficient); and (ii) an appropriate City business license/permit. Bidders seeking to qualify for this local program shall provide supporting information and certify in writing that they meet the above requirements as part of the bid submittal.

A qualifying local business shall be entitled to a reduction of five percent (5%) in the tabulation of its bid for purposes of determining the lowest responsible bidder, unless otherwise prohibited by law.

The Local Program shall be applicable to only purchases of materials, supplies, and equipment as well as contracts for maintenance work and other general services projects, which are competitively bid and which involve an expenditure of two-hundred thousand dollars (\$200,000) or less. For recurring purchases, the Local Program shall be applicable only to the City’s first two- hundred thousand dollars (\$200,000) worth of such purchases for any fiscal year, as determined by city staff in its sole discretion.

The Local Program shall also establish a preference for the purchase of materials, supplies, and equipment, as well as contracts for maintenance work and other general services, which are competitively bid and which involve an expenditure of more than two-hundred thousand dollars (\$200,000). Such preference shall allow the City to take into consideration the net sales tax to be returned to the City as a result of an award to a qualifying Local Business in determining the lowest responsive and responsible bidder. The net sales tax shall be calculated based on the applicable bid price provided by the bidder in accordance with the City’s purchasing policy.

Response: No

1.41 Question: “Are PET jars with Polypropylene caps acceptable for submitting polymer samples? We transitioned from glass approximately two years ago and would have to order glass containers?”

Response: Yes, PET jars with Polypropylene caps are acceptable.

1.42 Question: “Who is the current supplier of the Liquid Aluminum Sulfate 48.5%?”

Response: Thatcher

1.43 Question: “Who is the current supplier of the 10% Acid Aluminum Sulfate?”

- Response: Yes
- 1.47 Question: “Is the estimated volume of 15,000 gallons for Aluminum Sulfate 48.5% used year round or just in the summer months?”
- Response: Year round
- 1.48 Question: “On page 6 of 10 in Section V - Price Form, a Dose rate is requested as \_\_\_\_\_ ml/m\_\_\_\_\_. What are the units requested? If the units are milliliter per minute, what is the flow rate, since the amount of water being treated per minute would need to be known? A flow rate is also needed for determination of Dose rate for the wastewater treatment polymers as well.”
- Response: Water Reclamation and Potable Water Treatment should both read:  
\_\_\_\_\_ mg/l \_\_\_\_\_.
- Water Reclamation:  
Flows vary. Average centrifuge flow = 70 GPM  
Average flow to GBT = 350 GPM  
Primary influent flow through plant 1A = 5.5 MGD
- 1.49 Question: “Can the third party certificate of analysis be removed from the bid, as it does not change product dosage or performance?”
- Response: No

- 1.50 Question: “Can bulk delivery time be extended from 10 days to 15 days to deliver for Cationic Polymer for Potable Water Treatment?”
- Response: No
- 1.51 Question: “If a bidder is not located in the City of Corona, should we just indicate that the Local Bidder Preference Program Statement is not applicable and submit with bid or sign it in addition to indicating that it is not applicable?”
- Response: The Local Bidder Preference form is only applicable to bidders that are “local businesses” with fixed facilities with one or more employees which may include a sole proprietor, located at an address within City limits (post office box alone is insufficient); and (ii) an appropriate City business license. - Potable Water Treatment:  
No minimum, however on multiple stop deliveries, City will keep the loads 4000-5000 gallons.
- 1.53 Question: “There is a conflict in accounting for sales tax in the bid. One section says bid pricing should “exclude sales taxes”. The pricing sheets say, “all costs including sales tax” shall be in unit pricing. Which should it be?”
- Response: Chemicals that remain in the water (sodium hypochlorite, ammonium hydroxide, corrosion inhibitor (polyphosphate) are non taxable, all the rest are taxable.
- 1.54 Question: “For the polymer products, including the cationic polymer for potable water treatment, is the manufacturer's certificate of analysis acceptable for the bid submittal in addition to accompanying

deliveries? Third party labs that do not work with polymers do not have the equipment to conduct the necessary tests.”

Response: Yes, as long as a sample is provided.

1.55 Question: “As your incumbent supplier (JCI) for Sodium Hydroxide 25%, do we still need to submit a sample?”

**SUBJECT: Notice Inviting Bids No. 21-082CA**

**Addendum No. 3  
Potable Water & Wastewater Treatment Chemicals**

This Addendum No. 3 to the subject Notice Inviting Bids provides answers to questions received and revised bid forms. Please note the bid due date and time have not changed.

All provisions of this Addendum No. 3 are hereby incorporated by reference into the subject NIB. Bidders shall account for all provisions pursuant to this Addendum No. 3 in submitting their bids. Each bidder shall acknowledge receipt of this Addendum in their Bid in the spaces provided therein.

**1. Questions & Answers:**

1.52 Question: “Annual Renewal Pricing; Annual industrial bulk chemical costs of bleach have little to do with the CPI index. The Producer Price index actually has an index WUP0 for chlorine and alkali chemicals. Would you consider using this for annual cost reviews for hypo? If not, then annual renewal options should be upon mutual agreement of both parties.”

Response: The CPI index will be utilized as the base from which negotiations will take place to determine a mutually agreed upon renewal price for option years.

1.53 Question: “Insurance; Contractor’s Pollution coverage is typically for building/construction/maintenance contractors, not chemical deliveries. Requiring contractors’ pollution coverage will add much higher costs to bid selling prices and is not necessary for this type service. Will transportation pollution liability coverage (sudden and accidental liability) covering transportation and offloading safely into customer storage tanks suffice? Will taking exception to Contractor’s Pollution coverage deem bids non-responsive?”

Response: The City is removing the Contractor’s Pollution Liability insurance requirement from the bid. The Pollution Transportation Liability insurance remains a bid requirement.

- 1.56 Question: “Would you please clarify once again the trade name for the Corrosion Scale Inhibitor and who your current supplier is? Also, can you provide product specs required? Thank you.”
- Response: Aquapure 3655 provided by Brenntag. Please refer to Exhibit “A” attached hereto for the product spec.
- 1.59 Question: “Does California Mill Assessment need to be included in the bid price?”
- Response: Bidders are to include all applicable fees and assessments in their unit cost bid price and exclude California Sales Tax.
- 1.60 Question: “Are renewals upon mutual agreement? Are there any price adjustment rules?”
- Response: The CPI index will be utilized as the base from which negotiations will take place to determine a mutually agreed upon renewal price for option years.

### BACKGROUND & HISTORY:

The Department of Water and Power maintains and operates multiple facilities with various metal structures or supports which protect, shade, and support critical equipment. Occasionally, there are required repairs due to age, failure, or vandalism. Metal structures consist of architectural details to multiple buildings throughout the Department of Water and Power, protective screens associated with heating, ventilation and air conditioning systems and protective cages for facility equipment. At various facilities, machinery and equipment are supported by metal frames and brackets that require repairs due to age and failure.

### ANALYSIS:

On March 3, 2021, the Purchasing Division issued Request for Proposals (RFP) No. 21-056RH essential fabrication services through the City's PlanetBids portal pursuant to Corona Municipal Code (CMC) [3.08.110](#) non-public projects formal bidding procedure requirements. The City received two (2) proposals by the submission date of March 24, 2021.

The scope of work consists of:

- On-call 24/7 essential fabrication services for sunscreens, perforated screens, protection plates, brackets, canopies, shim plates, steel pipe bollards, awnings, steel framing, fan guards, ventilation panels, any repairs due to vandalism, supports welding, and custom items.

Staff performed evaluations of the proposals from both firms. The evaluations were based on the following criteria:

Criteria	Max Points
Completeness of Response	0
Qualification of Firm	10
Qualification of Personnel	40
Work Plan / Project Understanding and Approach	40
Value	10
Total	100

After careful review of the two proposals, the panel evaluated the firms. The table below shows the

final rank for each firm:

<b>Firm</b>	<b>Score</b>	<b>Ranking</b>
Baghouse & Industrial Sheet Metal Services, Inc., Corona, CA	85	1
Deemed nonresponsive:		
Power Brothers Machine, Montebello, CA	84	2

The final evaluation scores were very close, the firms' pricing structures had slight differences, and their technician's qualifications ranked very closely to each other. However, Power Brothers Machine was deemed nonresponsive due to the fact they were not able to meet the City's insurance requirements as stated in their proposal documents.

Based on staffs' evaluation of the proposals, staff recommends that the City Council award the RFP in the amount of \$200,000 to Baghouse & Industrial Sheet Metal Services, Inc. to respond to DWP requests and emergencies. All licenses and references have been reviewed and verified by City staff.

**FINANCIAL IMPACT:**

Funding for the recommended action is available in the Fiscal Year 2022 Department of Water and Power Operating Budget. Funding in future fiscal years will be recommended through the budget process.

**\*\*\*MODEL - REMOVE THIS TITLE WHEN USED\*\*\***

**CITY OF CORONA  
MAINTENANCE/GENERAL SERVICES AGREEMENT  
WITH \*\*\*INSERT NAME\*\*\*  
(ESSENTIAL FABRICATION SERVICES FOR DWP)**

**1. PARTIES AND DATE.**

This Agreement is made and entered into this \*\*\*INSERT DAY\*\*\* day of \*\*\*INSERT MONTH\*\*\*, \*\*\*INSERT YEAR\*\*\* ("Effective Date") by and between the City of Corona, a municipal corporation organized under the laws of the State of California with its principal place of business at 400 South Vicentia Avenue, Corona, California 92882 ("City") and \*\*\*INSERT NAME\*\*\*, a \*\*\*[INSERT TYPE OF ENTITY - CORPORATION, PARTNERSHIP, SOLE PROPRIETORSHIP OR OTHER LEGAL ENTITY]\*\*\* with its principal place of business at \*\*\*INSERT ADDRESS\*\*\* ("Contractor"). **2. RECITALS.**

**2.1 Contractor.**

Contractor desires to perform and assume responsibility for the provision of certain maintenance or other general services required by the City on the terms and conditions set forth in this Agreement. Contractor represents that it is experienced in providing Essential Fabrication services to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the Services in the State of California, and that is familiar with the plans of City. Contractor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

**2.2 Project.**

City desires to engage Contractor to render such services for the Essential Fabrication Services for DWP, **RFP No. 21-056RH** project ("Project") as set forth in this Agreement.

**2.3 Corona Utility Authority.**

Contractor understands that the City has entered into a Water Enterprise Management Agreement and a Wastewater Enterprise Management Agreement, both dated as of February 6, 2002, with the Corona Utility Authority ("CUA") for the maintenance, management and operation of those utility systems (collectively, the "CUA Management Agreements"). To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, City enters into this Agreement on behalf of the CUA and subject to the terms of the applicable CUA Management Agreement(s).

**3. TERMS.**

**3.1 Scope of Services and Term.**

**3.1.1 General Scope of Services.** Contractor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the

professional Essential Fabrication maintenance or other general services necessary for the Project (“Services”). The Services are more particularly described in Exhibit “A” attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from [\*\*\*INSERT START DATE\*\*\*] to [\*\*\*INSERT ENDING DATE\*\*\*] (“Term”), unless earlier terminated as provided herein. Contractor shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the Term of this Agreement one or more times by executing a written amendment pursuant to Section 3.5.8 below (each a “Renewal Term”). The terms “Term” and “Renewal Term” may sometimes be generally and collectively referred to as “Term” in this Agreement.

### **3.2 Responsibilities of Contractor.**

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Contractor or under its supervision. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the Term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor’s exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers’ compensation insurance.

3.2.2 Schedule of Services. Contractor shall perform the Services within the Term of this Agreement, in accordance with the Schedule of Services set forth in Exhibit “B” attached hereto and incorporated herein by reference, and in accordance with any other completion schedule or milestones which may be separately agreed upon in writing by the Parties. Contractor represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Contractor’s conformance with the Schedule, City shall respond to Contractor’s submittals in a timely manner. Upon request of City, Contractor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.2.3 Conformance to Applicable Requirements. All Services performed by Contractor shall be subject to the approval of City.

3.2.4 City’s Representative. The City hereby designates Tom Moody, or his or her designee, to act as its representative for the performance of this Agreement (“City’s Representative”). City’s Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Contractor shall not accept direction or orders from any person other than the City’s Representative or his or her designee.

3.2.5 Contractor’s Representative. Contractor hereby designates [\*\*\*INSERT NAME OR TITLE\*\*\*], or his or her designee, to act as its representative for the performance of this Agreement (“Contractor’s Representative”). Contractor’s Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. The Contractor’s Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.2.6 Coordination of Services. Contractor agrees to work closely with City staff in the performance of Services and shall be available to City’s staff, contractors and other staff at all reasonable times.

3.2.7 Standard of Care; Performance of Employees. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being

employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Contractor agrees that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Finally, Contractor represents that it, its employees and subcontractors shall have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the Term of this Agreement. As provided for in the indemnification provisions of this Agreement, Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Contract, Contractor shall continue to perform the Work while said dispute is decided by the City. If Contractor disputes the City's decision, Contractor shall have such remedies as may be provided by law.

3.2.9 Laws and Regulations; Employee/Labor Certifications. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services. If the Contractor performs any work or Services knowing them to be contrary to such laws, rules and regulations and without giving written notice to the City, Contractor shall be solely responsible for all costs arising therefrom. City is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Contract to the same extent as though set forth herein and will be complied with. These include but are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Contractor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.2.9.1 Employment Eligibility; Contractor. By executing this Agreement, Contractor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the Term of the Agreement. Contractor shall avoid any violation of any such law during the Term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

3.2.9.2 Employment Eligibility; Subcontractors, Sub-subcontractors and Contractors. To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and contractors performing any work or Services relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.9.1.

3.2.9.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Contractor verifies that they are a duly authorized officer of Contractor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Contractor or its subcontractors, sub-subcontractors or contractors to meet any of the requirements provided for in Sections 3.2.9.1 or 3.2.9.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Contractor under Section 3.2.9.2); or (3) failure to immediately remove from the Project any person found not to be in compliance with such requirements.

3.2.9.4 Labor Certification. By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.2.9.5 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subcontractor, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Contractor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.2.9.6 Air Quality. Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

Contractor shall either: (1) require its insurer to provide thirty (30) days prior written notice to the City before coverage is suspended, voided, or canceled; or (2) notify City in writing that such notice is not available and forward any notice of such actions to the City within two (2) business days from date of receipt by Contractor. Contractor understands, acknowledges and agrees that this provision is in full force and effect even if the City does not receive a waiver of subrogation endorsement from the insurer.

3.2.10.5 Claims Made Policies. The following provisions shall apply to all policies that provide coverage on a claims-made basis: (A) the retroactive date must be shown and must be before the date on which any Services under this Agreement commence; (B) the insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Project; and (C) if coverage is canceled or not renewed and is not replaced with another claims-made policy with a retroactive date prior to the date on which any Services under this Agreement commence, Contractor must purchase “extended reporting” coverage for a minimum of five (5) years after completion of Project.

3.2.10.6 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. The City may require the Contractor to provide proof of ability to pay losses and related investigation, claims administration and defense expenses within the deductible or self-insured retention. The deductible or self-insured retention may be satisfied by either the named insured or the City.

3.2.10.7 Acceptability of Insurers. Unless under the circumstances a different rating is otherwise acceptable to the City in its sole and absolute discretion, insurance is to be placed with insurers which are satisfactory to the City and which meet either of the following criteria : (1) an insurer with a current A.M. Best’s rating no less than A-:VII and licensed as an admitted insurance carrier in California; or (2) an insurer with a current A.M. Best’s rating no less than A-:X and authorized to issue the required policies in California.

3.2.10.8 Verification of Coverage. Contractor shall furnish City with original certificates of insurance, as well as amendatory endorsements or copies of the applicable policy language effecting coverage required by this Agreement. All documents must be received and approved by the City before any Services commence; provided, however, that failure to obtain the required documents prior to the commencement of Services shall not waive Contractor’s obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.2.10.9 Reporting of Claims. Contractor shall report to the City, in addition to Contractor’s insurer, any and all insurance claims submitted by Contractor in connection with the Services under this Agreement.

3.2.10.10 Sub-Contractors. All subcontractors shall comply with each and every insurance provision of this Section 3.2.10. Contractor shall therefore not allow any subcontractor to commence work on any subcontract to perform any part of the Services until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Agreement.

3.2.10.11 Special Risk or Circumstances. The City reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 3.2.10, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

3.2.11 Safety. Contractor shall execute and maintain its work and Services so as to avoid injury or damage to any person or property. In carrying out its Services, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Services and the conditions under which the Services are to be performed.

### 3.2.12 Bonds.

3.2.12.1 Performance Bond. If required by law or otherwise specifically requested by City in Exhibit “C” attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Performance Bond in the amount of the Total Compensation indicated in this

Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.2 Payment Bond. If required by law or otherwise specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.3 Bond Provisions. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.12.4 Surety Qualifications. The bonds must be provided by a surety which is satisfactory to the City and which meets either of the following criteria: (1) a surety with a current A.M. Best's rating no less than A-:VII and licensed as an admitted surety insurer in California; or (2) a surety with a current A.M. Best's rating no less than A-:X and authorized to issue the required bonds in California. If a surety does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

3.2.13 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

### **3.3 Fees and Payments.**

3.3.1 Rates & Total Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed **\*\*\*INSERT WRITTEN DOLLAR AMOUNT\*\*\*** (\$**\*\*\*INSERT NUMERICAL DOLLAR AMOUNT\*\*\***) ("Total Compensation") without written approval of City's Representative. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.3.5 Prevailing Wages. Contractor is aware of the requirements of Chapter 1 (beginning at Section 1720 et seq.) of Part 7 of Division 2 of the California Labor Code, as well as Title 8, Section 16000 et seq. of the California Code of Regulations ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the Total Compensation is \$1,000 or more, Contractor and its subcontractors shall fully comply with the Prevailing Wage Laws for their employees and any others to whom such laws are applicable. Contractor and its subcontractors shall also be responsible for any and all violations and fines imposed on them pursuant to the Prevailing Wage Laws. Pursuant to SB 854, which amended the Prevailing Wage Laws, this Agreement would also be subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"). Beginning April 1, 2015, no contractor or subcontractor may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. It is most efficient for the Contractor to obtain a copy of the prevailing wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, Contractor may obtain a copy of the prevailing wages from the City's Representative. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.3.6 Apprenticeable Crafts. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, Contractor shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Contractor employs workmen in an apprenticeable craft or trade. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor.

### **3.4 Termination of Agreement.**

3.4.1 Grounds for Termination. City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those Services which have been adequately rendered to City, as well as any authorized reimbursable expenses, and Contractor shall be entitled to no further compensation. Contractor may not terminate this Agreement except for cause.

3.4.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Contractor to provide all finished or unfinished Documents and Data and other information of any kind prepared by Contractor in connection with the performance of Services under this Agreement. Contractor shall be required to provide such document and other information within fifteen (15) days of the request.

3.4.3 Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

### **3.5 General Provisions.**

3.5.1 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective Parties at the following address, or at such other address as the respective Parties may provide in writing for this purpose:

**Contractor:**

\*\*\*INSERT NAME, ADDRESS & CONTACT PERSON\*\*\*

**City:**

City of Corona  
400 South Vicentia Avenue  
Corona, CA 92882  
Attn: General Manager, Department of Water and Power or their authorized designee

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the Party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.5.2 Indemnification. To the fullest extent permitted by law, Contractor shall defend (with counsel of City's choosing), indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, to the extent arising out of, pertaining to, or incident to any alleged willful misconduct or negligent acts, errors or omissions of Contractor, its officials, officers, employees, subcontractors, contractors or agents in connection with the performance of the Contractor's Services, the Project or this Agreement, including without limitation the payment of all settlement amounts, expert witness fees and attorneys fees and other related costs and expenses. Notwithstanding the foregoing, to the extent Contractor's Services are subject to Civil Code Section 2782.8, the above indemnity shall be limited, to the extent required by Civil Code Section 2782.8, to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Contractor. Contractor's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its directors, officials officers, employees, agents, or volunteers.

3.5.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Contractor must comply with the claim procedures set forth in Government Code Sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Contractor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Contractor shall be barred from bringing and maintaining a valid lawsuit against the City.

3.5.4 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.5.5 City's Right to Employ Other Contractors. City reserves right to employ other contractors in connection with this Project.

3.5.6 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.5.6.1 Subcontractors; Assignment or Transfer. Contractor shall not subcontract any portion of the Services required under this Agreement, except as expressly authorized herein, without the prior written

approval of the City. Subcontracts, if any, shall include a provision making them subject to all provisions of this Agreement. Contractor shall also not assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to subcontract or take any other action not authorized herein shall be null and void, and any subcontractors, assignees, hypothecates or transferees shall acquire no right or interest by reason of such action.

3.5.6.2 Corona Utility Authority. To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, Contractor has no right to terminate this Agreement, either with or without cause, based upon the existence or non-existence of either or both of the CUA Management Agreements. Therefore, if an applicable CUA Management Agreement expires or terminates for any reason, Contractor shall remain fully obligated to perform under this Agreement with the CUA or another third party contracted by the CUA for the maintenance, management and operation of the applicable utility system.

3.5.7 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

3.5.8 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.5.9 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

3.5.10 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 3.5.6, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.5.11 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5.12 Prohibited Interests. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Contractor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the Term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.5.13 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.5.14 Attorney's Fees. If either Party commences an action against the other Party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing Party in such litigation shall be entitled to have and recover from the losing Party reasonable attorney's fees and all other costs of such action.

3.5.15 Authority to Enter Agreement. Contractor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.5.16 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.5.17 Entire Agreement. This Agreement contains the entire Agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both Parties.

**2.1 Contractor.**

Contractor desires to perform and assume responsibility for the provision of certain maintenance or other general services required by the City on the terms and conditions set forth in this Agreement. Contractor represents that it is experienced in providing essential fabrication services to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the Services in the State of California, and that is familiar with the plans of City. Contractor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

**2.2 Project.**

City desires to engage Contractor to render such services for the Essential Fabrication Services for DWP, RFP No. 21-056RH project ("Project") as set forth in this Agreement.

**2.3 Corona Utility Authority.**

To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, City enters into this Agreement on behalf of the CUA and subject to the terms of the applicable CUA Management Agreement(s).

**3. TERMS.**

### **3.1 Scope of Services and Term.**

3.1.1 General Scope of Services. Contractor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional essential fabrication maintenance or other general services necessary for the Project (“Services”). The Services are more particularly described in Exhibit “A” attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from June 16, 2021 to June 30, 2023 (“Term”), unless earlier terminated as provided herein. Contractor shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the Term of this Agreement one or more times by executing a written amendment pursuant to Section 3.5.8 below (each a “Renewal Term”). The terms “Term” and “Renewal Term” may sometimes be generally and collectively referred to as “Term” in this Agreement.

### **3.2 Responsibilities of Contractor.**

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Contractor or under its supervision. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the Term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor’s exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers’ compensation insurance.

3.2.2 Schedule of Services. Contractor shall perform the Services within the Term of this Agreement, in accordance with the Schedule of Services set forth in Exhibit “B” attached hereto and incorporated herein by reference, and in accordance with any other completion schedule or milestones which may be separately agreed upon in writing by the Parties. Contractor represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Contractor’s conformance with the Schedule, City shall respond to Contractor’s submittals in a timely manner. Upon request of City, Contractor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.2.3 Conformance to Applicable Requirements. All Services performed by Contractor shall be subject to the approval of City.

3.2.4 City's Representative. The City hereby designates Tom Moody, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). Contractor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

3.2.5 Contractor's Representative. Contractor hereby designates Denise M Fonté, or his or her designee, to act as its representative for the performance of this Agreement ("Contractor's Representative"). Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. The Contractor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.2.6 Coordination of Services. Contractor agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.2.7 Standard of Care; Performance of Employees. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Contractor agrees that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Finally, Contractor represents that it, its employees and subcontractors shall have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the Term of this Agreement. As provided for in the indemnification provisions of this Agreement, Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Contract, Contractor shall continue to perform the Work while said dispute is decided by the City. If

Contractor disputes the City's decision, Contractor shall have such remedies as may be provided by law.

**3.2.9 Laws and Regulations; Employee/Labor Certifications.** Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services. If the Contractor performs any work or Services knowing them to be contrary to such laws, rules and regulations and without giving written notice to the City, Contractor shall be solely responsible for all costs arising therefrom. City is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Contract to the same extent as though set forth herein and will be complied with. These include but are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the Term of the Agreement. Contractor shall avoid any violation of any such law during the Term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

**3.2.9.2 Employment Eligibility; Subcontractors, Sub-subcontractors and Consultants.** To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and consultants performing any work or

Services relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.9.1.

3.2.9.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Contractor verifies that they are a duly authorized officer of Contractor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Contractor or its subcontractors, sub-subcontractors or consultants to meet any of the requirements provided for in Sections 3.2.9.1 or 3.2.9.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Contractor under Section 3.2.9.2); or (3) failure to immediately remove from the Project any person found not to be in compliance with such requirements.

3.2.9.5 Equal Opportunity Employment. Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

Thus, any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

3.2.10.4 Other Provisions; Endorsements Preferred. Contractor shall endeavor to provide endorsements regarding the following provisions, but nonetheless understands, acknowledges and agrees that the following provisions shall apply and that failure to comply shall be considered to be a breach of this Agreement by Contractor:

The deductible or self-insured retention may be satisfied by either the named insured or the City.

Contractor shall therefore not allow any subcontractor to commence work on any subcontract to perform any part of the Services until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Agreement.

3.2.10.11 Special Risk or Circumstances. The City reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 3.2.10, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.12.4 Surety Qualifications. The bonds must be provided by a surety which is satisfactory to the City and which meets either of the following criteria: (1) a surety with a current A.M. 3.2.13 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. The total compensation, including authorized reimbursements, shall not exceed Three Hundred Thousand Dollars (\$300,000) ("Total Compensation") per fiscal year without written approval of City's Representative. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

Beginning April 1, 2015, no contractor or subcontractor may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. It is most efficient for the Contractor to obtain a copy of the prevailing wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, Contractor may obtain a copy of the prevailing wages from the City's Representative. Contractor shall defend,

All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

**REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Maintenance Services Department

**SUBJECT:**

Authorize a Second Amendment to the Maintenance/General Services Agreement with Genuine Parts Company.

**EXECUTIVE SUMMARY:**

The City of Corona Fleet Services Division has used Genuine Parts Company (NAPA Auto Parts) to provide vendor-managed parts for Fleet since 2017. The original contract was awarded to Genuine Parts Company based on a cooperative bid conducted by Sourcewell (formerly National Joint Powers Alliance). The prior bid expired, and Sourcewell issued a new bid. Genuine Parts Company was one of the awardees for the Sourcewell bid. Staff is recommending a second amendment to the Genuine Parts Company agreement to extend the terms to be consistent with the new Sourcewell bid award.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Authorize the City Manager, or his designee, to execute the Second Amendment to the Maintenance/General Services Agreement with Genuine Parts Company (doing business as NAPA Auto Parts) for \$575,000 per year for the initial contract term ending December 29, 2024.
- b. Authorize the City Manager, or his designee, to negotiate and execute non-substantive extensions, change orders, and amendments up to 10% or \$57,500 as authorized in Corona Municipal Code Section [3.08.060\(J\)](#).
- c. Make a determination under Corona Municipal Code Section [3.08.140\(C\)](#) that competitive bidding has been satisfied for this purchase based upon the reasons provided in this agenda report.

- d. Authorize the Purchasing Manager to issue a purchase order to Genuine Parts Company (doing business as NAPA Auto Parts) for \$575,000 per year through December 29, 2024

**BACKGROUND & HISTORY:**

The Maintenance Services Department operates the City's Fleet division and conducts maintenance and repair on City-owned vehicles. As part of this operation, the Fleet division maintained an inventory of automotive parts for use on various City vehicles. The maintenance of Fleet parts inventory, which included the ordering, receiving, and issuing of parts, was done by a Fleet employee. It was a cumbersome process. Staff looked at other options available to provide these services cost-effectively and more efficiently. On July 19, 2017, the City Council authorized an award of a Maintenance/General Services Agreement with Genuine Parts Company (doing business as NAPA Auto Parts) of Atlanta, GA, for \$575,000 per year through a competitive bidding process completed through the national bidding consortium Sourcewell (formerly National Joint Powers Alliance). Sourcewell's original contract expired July 21, 2020, but Sourcewell approved an amendment through July 21, 2021. On June 3, 2020, the City Council approved the First Amendment to the Maintenance/General Services Agreement with Genuine Parts Company to extend the contract through July 21, 2021.

NAPA Auto Parts has been providing parts ordering, receiving, and inventory management solutions to the City's Fleet division in a satisfactory manner since the award of the Maintenance/General Services Agreement. NAPA Auto Part's software, known as TAMS, syncs with the AssetWorks software that Fleet utilizes for vehicle life-cycle management, work orders, purchasing and parts inventory management, and to help streamline the parts and supplies ordering process. When conducting a repair or routine maintenance, the Fleet Technician requests parts through Assetworks, automatically sending the request to NAPA Auto Part's system. NAPA Auto Parts then issues the parts from their software, and they post as charges in the Assetworks software for the appropriate work order. NAPA Auto Parts can source parts nationwide as a national company and draw on resources from other NAPA Auto Parts stores to provide the product. Staff has worked closely with NAPA Auto Parts personnel to ensure appropriate parts are always on hand.

**ANALYSIS:**

On September 17, 2020, Sourcewell issued Request for Proposals (RFP) #110520 for Fleet and Facility Related Vendor Managed Inventory and Logistics Management Solutions. Proposals were due November 5, 2020. On December 23, 2020, Sourcewell executed a contract with Genuine Parts Company (GPC), doing business as NAPA Integrated Business Solutions to provide vendor-managed inventory. The contract is valid through December 29, 2024. The City has an existing Maintenance/General Services Agreement (MGSA) with GPC and recommends executing a Second Amendment to extend the terms of the agreement through December 29, 2024, to be consistent with the Sourcewell contract. The terms of the original agreement are still valid under the new Sourcewell contract.

The City's agreement with GPC utilizes pricing Option 2A as outlined in Exhibit 2. Under this pricing option, the City receives pricing as follows:

- Goods are sold to the City at a 10% gross margin over NAPA's acquisition cost
- Operating expenses are billed to the City at actual cost with no markup
- NAPA's return is built into the price of the part, so no separate fee is billed

The City spends \$29,210 per month on parts and \$4,868 per month on the management fee.

#### **BASIS FOR DETERMINATION OF COMPETITIVE BIDDING**

Staff believes that competitive bidding has already been completed for this purchase pursuant to Corona Municipal Code ("CMC") Section [3.08.140\(C\)](#), which states as follows:

**"Competitive bidding already completed.** When the purchasing agent and the authorized contracting party, with the approval of the City Manager, determines that:

- (1) Another public agency has conducted a competitive bid procedure including, but not limited to, another local agency, the state through the California Multiple Award Schedule (CMAS), the federal government through the General Services Administration (GSA), the U.S. Communities Government Purchasing Alliance, or the Western States Contracting Alliance (WSCA); and
- (2) The price to the City is equal to or better than the price to that public agency."

Staff believes awarding this contract is in the City's best interest because the City receives competitive pricing consistent with Sourcewell's contract, and there would be no competitive advantage gained from conducting a bid in-house. NAPA's vendor-managed inventory system has been very successful for the City and eliminates the need for City staff to use time and resources to find and obtain necessary parts. Further, NAPA can leverage their nationwide buying power to obtain parts that are priced better than those available to the City because they are buying in much larger quantities. Additionally, the management fee is reasonable and covers the cost of the NAPA staff person managing the program. If the City were to hire a City-employee in such a position, the price would be double based on salary and benefits.

#### **FINANCIAL IMPACT:**

Funding for the recommended action is available in the Fiscal Year 2022 Maintenance Services' operating budget. Funding for future fiscal years will be requested through the budget process.

#### **ENVIRONMENTAL ANALYSIS:**

This action is categorically exempt pursuant to Section 15301 of the Guidelines for the California Environmental Quality Act (CEQA), which states that operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the CEQA determination is exempt from CEQA. This action consists of a contract award for the purchase of vehicle parts. Therefore, no environmental analysis is required.

Cooperative contracting provides participating entities and vendors increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted vendors' potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

## **II. EQUIPMENT, PRODUCTS, AND SERVICES**

### **A. SOLUTIONS-BASED SOLICITATION**

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

### **B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES**

It is expected that Proposers will offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

1. Sourcewell is seeking proposals for Fleet and Facility Related Vendor Managed Inventory and Logistics Management Solutions, including, but not to be limited to:

a. Vendor Managed Inventory solutions, such as:

1. Parts, fluids, equipment, and supplies for vehicle, truck, fleet, and warehouse operations;
  2. On and off-site storage, service, and parts room operation, management, and staffing;
  3. Performance reporting, and data and technology analysis;
  4. Fleet and facility software integration and data exchange;
  5. Emergency response services;
  6. Parts replacement and warranty management;
  7. National distribution system services;
  8. Stock and non-stock parts sourcing of original equipment and aftermarket parts, fluids, equipment, and supplies; and,
  9. Parts research, acquisition, and delivery.
- b. Logistics Management Solutions, such as:
1. Warehouse management services;
  2. Warehouse and transportation coordination for in and outbound supplies;
  3. Shipment optimization;
  4. Freight management;
  5. Load scheduling and delivery confirmation;
  6. Customs management for international shipments;
  7. Coordination of just-in-time replenishment of parts; and,
  8. Web-based solutions and knowledge-based professional services.
- c. Training, consultative, and administrative or technical support services related to the delivery of the solutions offered under Section 1. a. or b. above.
2. The primary focus of this solicitation is on Fleet and Facility Related Vendor Managed Inventory and Logistics Management Solutions. This solicitation should NOT be construed to include:
- a. Inventory Software System-only solutions;
  - b. Vehicle Parts-only solutions;
  - c. Public Safety Consultancy-only solutions.
3. This solicitation does not include those equipment, products, or services covered under categories included in contracts currently maintained by Sourcewell:
- a. RFP #022217 Fleet Management and Related Technology Solutions
  - b. RFP #060618 Fleet Management Services

Proposers may include related equipment, accessories, and services to the extent that these solutions are complementary to the equipment, products, or service(s) being proposed.

Generally, the solutions for Participating Entities are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment or products only solutions may be appropriate for situations where Participating Entities possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation the equipment or products being proposed.

Sourcewell prefers vendors that provide a sole source of responsibility for the products and services provided under a resulting contract. If Proposer requires the use of dealers, resellers, or subcontractors to provide the products or services, the Proposal should address how the products or services will be provided to Participating Entities and describe the network of dealers, resellers, and/or subcontractors that will be available to serve Participating Entities under a resulting contract.

Sourcewell desires the broadest possible selection of equipment, products, and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and future Participating Entities.

#### C. REQUIREMENTS

It is expected that Proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Participating Entities.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.
3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, Proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the Proposal, equipment and products must be delivered to the Participating Entity as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

#### D. ANTICIPATED CONTRACT TERM

Sourcewell anticipates that the term of any resulting contract(s) will be four (4) years. Up to two one-year extensions may be offered based on the best interests of Sourcewell and its Participating Entities.

#### E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD \$100 Million; therefore, proposers are expected to propose volume pricing. Sourcewell anticipates considerable activity under the contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

#### F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Participating Entities. The Proposer's Marketing Plan should demonstrate Proposer's ability to deploy a sales force or dealer network to Participating Entities, as well as Proposer's sales and service capabilities. It is expected that Proposer will promote and market any contract award.

#### G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to Proposers able to best meet the need of Participating Entities. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. Proposers should include all relevant information in its proposal, since Sourcewell cannot consider information that is not included in the Proposal. Sourcewell reserves the right to verify Proposer's information and may request clarification from a Proposer, including samples of the proposed equipment or products.
3. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Participating Entities. Awards may be based on a subcategory.
4. A Proposer's documented negative past performance with Sourcewell or its Participating Entities occurring under a previously awarded Sourcewell contract may be considered in the evaluation of a proposal.

### III. PRICING

#### A. REQUIREMENTS

All proposed pricing must be:

1. Line-Item Pricing, Percentage Discount from Catalog Pricing, Cost-Plus Pricing, or a combination of these:
  - a. **Line-item Pricing** is pricing based on each individual product or services. Each line must indicate the Vendor's published "List Price," as well as the "Contract Price."
  - b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price

(MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.

- c. **Cost-Plus Pricing** is pricing based on the actual cost incurred by the Vendor in performance of the contract, or a stated price for equipment or products supplied by Vendor, plus a specified amount of fee or profit.
2. The Proposer's ceiling price (Ceiling price means that the proposed pricing will be considered as the highest price for which equipment, products, or services may be billed to a Participating Entity). However, it is permissible for vendors to sell at a price that is lower than the contracted price;
3. Stated in U.S. and Canadian dollars (as applicable); and
4. Clearly understood, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Participating Entity's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the Proposer. Additionally, Proposers should clearly describe any unique distribution and/or delivery methods or options offered in the Proposal.

#### B. ADMINISTRATIVE FEES

Proposers are expected to pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage of the total sales to Participating Entities for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

### IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcewell (see attached template). Only those modifications the Proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in the Proposal being disqualified from further review and evaluation.

To request a modification to the Contract terms, conditions, or specifications, a Proposer must complete and submit the Exceptions to Terms, Conditions, or Specifications table, with all requested modifications, through the Sourcewell Procurement Portal at the time of submitting the Proposer's Proposal. Exceptions must:

1. Clearly identify the affected article and section, and
2. Clearly note what language is requested to be modified.

Unclear requests will be automatically denied.

Only those exceptions that have been accepted by Sourcewell will be included in the contract document provided to the awarded vendor for signature.

If a Proposer receives a contract award resulting from this solicitation it will have up to 30 days to sign and return the contract. After that time, at Sourcewell's sole discretion, the contract award may be revoked.

## **V. RFP PROCESS**

### **A. PRE-PROPOSAL CONFERENCE**

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted on page one of this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential Proposers to ask questions regarding this RFP and Sourcewell's competitive contracting process. Information about the webcast will be sent to all entities that have registered for this solicitation opportunity through their Sourcewell Procurement Portal Vendor Account. Pre-proposal conference attendance is optional.

### **B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION**

Questions regarding this RFP must be submitted through the Sourcewell Procurement Portal. The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a Proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the Proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

### **C. ADDENDA**

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential Proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the Proposer by checking the box for each addendum. It is the

responsibility of the Proposer to check for any addenda that may have been issued up to the solicitation due date and time.

If an addendum is issued after a Proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the Proposer's proposal status to INCOMPLETE. The Proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account. The Proposer is solely responsible to check the "MY BIDS" section of the Sourcewell Procurement Portal Vendor Account periodically after submitting its Proposal (and up to the Proposal due date). **Question 3:**

Did you have demonstrations of solutions that meet your requirements before posting the RFP? Will proposers be allowed to demonstrate a proposed solution?

**Answer 3:**

Refer to RFP Section V. – RFP Process for an overview of Sourcewell’s solicitation process. No proposer demonstrations have occurred, been planned or anticipated.

Each proposer, in its discretion, will determine the method it deems best suited to convey the relevant information through the Sourcewell Procurement Portal. **Question 5:**

Are there any requirements for a native mobile app or a native web app?

**Answer 5:**

Sourcewell utilizes a competitive, solutions-based solicitation approach that is not based on detailed specifications or finite quantities. A proposer can propose its entire line of equipment, products, and services falling within the requested equipment, products, and services as described in the RFP.

As stated in RFP Section I. A., "At times, Sourcewell also partners with other purchasing cooperatives...expanding the reach of contracted vendors' potential pool of end users." However, regarding this RFP, Sourcewell has not partnered with another purchasing cooperative to co-solicit this opportunity. Each RFP is an opportunity independent of any other prior, current or future RFPs.

Will you provide a list of plan takers?

**Answer 8:**

A list of plan takers will not be provided as part of the solicitation process.

**Question 9:**

Section III. A. 3. instructs pricing needs to be "Stated in US and Canadian dollars". Did you mean stated in US or Canadian Dollars? If you meant "and," how do you expect the exchange rate to be applied?

**Answer 9:**

RFP Section III. A. 3. states that pricing is to be "Stated in U.S. and Canadian dollars (as applicable)." Each proposer will use its discretion in addressing the exchange rate fluctuation challenge, as applicable. Without limiting the available alternatives, reference to applicable indexes, rates, or metrics, is allowable in a proposal. Refer to Sourcewell contract template Section 6. B. – Additional Terms and Conditions/Participating Addendum. “Additional terms and conditions to a purchase order may be negotiated between a Participating Entity and Vendor, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. ... **Question 1:**

If there is an “addendum” or “additional terms” entered into directly with a Participating Entity, does that become a separate standalone and distinct agreement, such that the Sourcewell agreement only governs the contractual relationship between the vendor and Sourcewell?

No. The Sourcewell contract is a necessary element of a Participating Entity purchase under the contract. Refer also to Sourcewell contract template Section 6. D. – Specialized Service Requirements, related to extra-contractual services or requirements.

**Question 2:**

Would the agreement that we enter into with a Participating Entity for specific services be required to be made public?

**Answer 2:**

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** All products supplied to a Participating Entity under the Contract are subject to the terms of written warranties provided by the manufacturer of each product, and Vendor shall use reasonable commercial efforts to assist the Participating Entity in processing all warranty claims that the Participating Entity may have against a manufacturer. The manufacturer's warranty will be the sole and exclusive remedy of the Participating Entity in connection with any claims concerning the products supplied under the Contract. Copies of the manufacturers' warranties will be made available to the Participating Entity upon request. Vendor will pass through all available warranty benefits from the applicable manufacturer to the Participating Entity to the extent permitted by contract or law.

### **3. PRICING**

All Equipment, Products, or Services under this Contract will be priced as stated in Vendor's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Vendor must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable

time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery.

Vendor must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcwell may declare the Vendor in breach of this Contract if the Vendor intentionally delivers substandard or inferior Equipment or Products. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Vendor as soon as possible and the Vendor will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

#### **4. PRODUCT AND PRICING CHANGE REQUESTS**

Vendor may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcwell Price and Product Change Request Form to the assigned Sourcwell Contract Administrator. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Vendor that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Vendor. Typically, a Participating Entity will issue an order directly to Vendor. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration of this Contract; however, Vendor performance, Participating Entity payment, and any applicable warranty periods or other Vendor or Participating Entity obligations may extend beyond the term of this Contract.

Vendor's acceptable forms of payment are included in Attachment A. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order may be negotiated between a Participating Entity and Vendor, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). 7	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	<p>Genuine Parts Company, founded in 1928, is a Fortune 200 (NYSE: GPC) service organization engaged in the distribution of automotive replacement parts, industrial replacement parts and electrical/electronic materials.</p> <p>In 1928, Carlyle Fraser founded GPC with the purchase of Motor Parts Depot in Atlanta, Georgia for \$40,000. He then renamed the parts store Genuine Parts Company. The original GPC store had annual sales of \$75,000 and had only six employees.</p> <p>Over the last 92 years, GPC, in relationship with NAPA, has grown rapidly as the number of independent car repair garage shops has increased. From the beginning, GPC stressed swift, reliable service as a way to outflank the competition.</p> <p>GPC has continued to grow through the acquisition of other companies in the automotive and industrial industries. Today, the Company serves tens of thousands of customers from more than 3,600 operations in the United States, Canada, Mexico, Australia, New Zealand, Indonesia, Singapore, France, the U.K., Germany, Poland, the Netherlands, Belgium and China and has approximately 50,000 employees and annual revenues exceeding \$19 billion.</p> <p>In 1994, NAPA instituted a vendor managed inventory program called NAPA Integrated Business Solutions (NAPA IBS), bringing fleet inventory management solutions to government customers across the US and Canada. Today, NAPA IBS supports more than 400 fleet garages across the public and private sectors.</p> <p>With more than 92 years of distribution expertise, GPC's commitment and reputation for just-in-time service position us as a critical partner in our customers' success.</p>
8	What are your company's expectations in the event of an award?	<p>Our first order of business, if awarded, will be to renew/extend each of our 50+ current Sourcewell IBS contracts to the allowable timeframe.</p> <p>In 2015 when Genuine Parts Company responded to the RFP for the current Sourcewell contract #061015, we had 17 IBS operations using the contract. In the past five years, we have worked tirelessly to grow the contract and today have more than 50 IBS customers using it. Our current customers have seen the benefits and are eager to continue the completely integrated programs we have begun over the last decade. We are already working on providing our team of 15 IBS sales and marketing specialists in the US and Canada with initiatives to reach out to these customers in anticipation of an award.</p> <p>Our next order of business upon award would be a large-scale campaign to recruit new government agencies to our contract. We currently have 20+ new agencies awaiting award to begin using a new Sourcewell contract term. We already have specific digital tracking of Sourcewell contract opportunities through Salesforce.com and customized pipeline reporting and will be creating a Sourcewell customer testimonial and promotional video series and more that we will discuss in greater depth in our Marketing Plan responses. We will present the new contract to these 20+ agencies within the first 45 days after award.</p> <p>When looking at the government fleet sector, we have identified more than \$500 million in potential new sales opportunity through NAPA IBS VMI services. With a new Sourcewell contract award, we estimate that we can achieve double the sales volume that we are doing today through new government contracts.</p> <p>Finally, we have more than 100 current IBS government customers in the US and Canada that are not currently using the Sourcewell cooperative for our contract. In the light of our current pandemic, we feel there will be many of these agencies who will be looking for contract solutions to keep our partnerships going with minimal effort and interruption. Our number one priority for these customers is to promote the Sourcewell contract as a vehicle to forego the RFP process when our current contracts come up for rebid. We feel good about our opportunities to convert many of these to Sourcewell contracts upon award.</p> <p>On another note, we are also currently working to drive Sourcewell revenues through our other related Sourcewell contracts, including MRO management and fleet auto parts, further strengthening our relationship with Sourcewell and our mutual business impact.</p> <p>All in, the opportunity to more than double our existing contract base using Sourcewell is our main objective with a new award.</p>

9	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. This strength brings confidence to Sourcewell members who want to know they are doing business with a company that is here to support them long term.</p> <p>Today, GPC is a leading global distributor with scale and brand strength. We continuously optimize our portfolio and organizational structure for profitable growth and year over year maintain a strong balance sheet, cash flow, disciplined capital allocation and history of consistent dividends.</p> <p>In 2019, we continued to grow through several strategic transactions designed to optimize our portfolio and create value for our stakeholders. All in, 2019 was a record sales year and we provided our shareholders with a 14.0% total return. Our financial results in 2019 reflect the positive impact of our strategic growth initiatives and continued focus on improving our operating performance, maintaining a strong balance sheet, driving meaningful cash flows and effective capital allocation.</p> <p>In 2020, the COVID-19 crisis has affected business and governments across the world and GPC has felt some of these effects as well. However, by focusing on the health and safety of our people and supporting agility in our operations, we have come through this stronger than ever and continue to grow.</p> <p>Overall, GPC has a strong history of sales and profit growth, increasing sales in 87 consecutive years and profits in 75. 10	What is your US market share for the solutions that you are proposing?	With more than 400 IBS locations across the US, GPC/NAPA has an estimated 80 percent market share in the scope of the government vendor managed inventory services outlined in this RFP.	*
11	What is your Canadian market share for the solutions that you are proposing?	Within current government agencies that are doing vendor managed inventory programs in Canada, NAPA IBS has an estimated 90 percent market share. With 22 IBS sites across the country, including our cornerstone Sourcewell contract with the City of Toronto and eight other government IBS contract, our Canada operations are experienced and ready to grow their Sourcewell IBS footprint.	*
12	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No, Genuine Parts Company has never petitioned for bankruptcy protection in our 92-year history.	*
13	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	<p>Our company is both a distributor/dealer/reseller and a service provider with respect to this contract and is authorized to act as such for the products and services proposed in this RFP.</p> <p>Distributor/Dealer/Reseller: GPC/NAPA has an internal supply chain of NAPA branded aftermarket parts and supplies that we distribute through our 52 distribution centers and 6,000+ retail stores in the US and eight distribution centers and 600+ retail locations in Canada. These stores are a mix of company-owned and independent locations that exclusively are authorized to distribute aftermarket NAPA branded parts. In addition, NAPA Integrated Business Solutions (NAPA IBS) is a separate service offering that is made available through both our company-owned and independent operations. NAPA IBS is a trademarked, licensed brand exclusive to the NAPA family of stores. Through contractual assignment language, we are able to authorize our independent locations to perform the exact same services proposed within our response and have done so multiple times under our current contract.</p> <p>Additionally, in order to best serve our Sourcewell customers, we have a vast network of more than 1,400 outside suppliers available exclusively through our NAPA IBS network, that we partner with to be a full service, turnkey sourcing solution for government fleets that require more product than the NAPA system alone can provide. In these cases, we act as a service provider in procuring parts and managing those vendor relationships. All functions of this work are done by GPC employees or independent store employees. Typically, we do not hire third-party employees on any contracts unless specifically asked for by a government agency.</p>	*
14	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	Genuine Parts Company holds current business licenses to operate, as well as brick-and-mortar infrastructure, in each of the 50 states as well as Canada. With our company and independent store network, it is important to note that NAPA has current business licenses to do business in more than 6,000 markets with existing Sourcewell members today. What this means to the members is that there are local businesses with tax paying citizens working in those markets ready to serve them today.	*

15	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	Genuine Parts Company has not had any suspension or debarment action applied to our organization in the past ten years.	*

16	Describe any relevant industry awards or recognition that your company has received in the past five years	<p>In 2019, Jett Kuntz, Vice President of NAPA IBS, was awarded the Sourcewell Pioneer award at Sourcewell's H20 conference for his vision, commitment and drive to grow the current Sourcewell VMI contract. In the last five years, the contract has grown exponentially through Jett's and the IBS team's commitment to cooperative purchasing. In their press release announcing the award, Sourcewell stated:</p> <p>"Jett has supported Sourcewell's mission beyond cooperative purchasing. He shows great respect for other people in a manner that is rarely as authentic and genuine. He is committed to the cause, confident in supporting what they commit to, and willing to go where others cannot see a way. And like the other Sourcewell Pioneers, he has always been willing to share information and ideas with fellow vendors to help them grow their contracts. He was part of our 1st Vendor Advisory Committee and remains an active committee member helping guide our growth and represent the vendor voice as we plan for Sourcewell's future."</p> <p>Our vendor managed inventory services with IBS are also awarded with the successes of our customers. Over the past 26 years our NAPA IBS customers have received hundreds of local and national awards. In Government Fleet Magazine's 2019 Leading Fleet Awards, the following fleet organizations received awards of operational excellence and have attributed part of their success to NAPA IBS. These awards are given to the best fleets, all of the below being current NAPA IBS customers and many of which being Sourcewell members, for their use of industry best practices, forward-thinking initiatives and in many cases revolutionary contracting solutions. This is one of the highest honors in government fleet business.</p> <p>Current NAPA IBS Customers Awarded as Leading Fleets in 2019 (in alphabetical order):</p> <ul style="list-style-type: none"> <li>• City of Cape Coral, Fla.</li> <li>• City of Denton, Texas</li> <li>• City of Dublin, Ohio</li> <li>• City of Fort Worth, Texas</li> <li>• City of Greenville, S.C.</li> <li>• City of Lakeland Fleet Management, Fla.</li> <li>• City of Sacramento, Calif.</li> <li>• City of Tempe, Ariz.</li> <li>• City of Ventura, Calif.</li> <li>• County of San Diego</li> <li>• County of San Luis Obispo, Calif.</li> <li>• County of Sonoma, Calif.</li> <li>• Hillsborough County, Fla., Fleet Management Department</li> <li>• New York City Fleet</li> <li>• Ventura County, Calif., GSA Fleet Services</li> </ul> <p>Current NAPA IBS Customers Mentioned as Notable Fleets in 2019 (in alphabetical order):</p> <ul style="list-style-type: none"> <li>• Broward County Sheriff's Office, Fla.</li> <li>• City of Grand Prairie, Texas</li> <li>• City of Marietta, Ga.</li> <li>• City of West Jordan, Utah</li> <li>• Cobb County Fleet Management, Ga.</li> <li>• New York City Department of Transportation</li> <li>• New York City Police Department</li> <li>• Pasco County, Fla.</li> <li>• Sarasota County Government, Fla.</li> </ul>	*
17	What percentage of your sales are to the governmental sector in the past three years	<p>Of our 400+ IBS locations, Government (City, County, State, DOT, Government Utility) and Education (Higher Ed/K-12) comprise about 60 percent of our overall purchase volume in vendor managed inventory services. Of that government market, approximately 80 percent is traditional government and 20 percent is education.</p> <p>We also have very large customers in the private sector (airlines, construction, utility, private fleets) that are a significant portion of our IBS services. It is a tremendous value to our government customers that we have information on vendors from our private sector business as it broadens the scope of availability on OE and MRO supplies for our government and education fleet customers.</p>	*

18	What percentage of your sales are to the education sector in the past three years	Our education customers can be divided into K-12 bus fleets and higher education fleets. Traditional K-12 fleets have been the majority of purchases for us in the last three years. However, we have seen a significant uptick in Sourcewell members in the higher education category contracting with us. Of our total government volume, education is roughly 20 percent of our sales.	*
19	List any state, provincial, or cooperative purchasing contracts that you hold. What is the annual sales volume for each of these contracts over the past three years?	<p>NAPA has a mix of state, provincial and cooperative purchasing contracts that make up our government business segment. We have 40 standalone and cooperative state contracts for traditional automotive parts. Within the scope of vendor managed inventory services, we also have state and cooperative contracts that provide the specifications required by this RFP. A summary of each type of contract we currently hold is below.</p> <p>Traditional Parts Business:</p> <p>Direct Contracts with States (no coop): Total average annual contract value past 3 years = \$36.5 million</p> <p>State of Delaware State of Georgia State of Idaho State of Iowa State of Massachusetts State of Mississippi State of New Jersey State of Utah State of Virginia State of W. 24	Dealer network or other distribution methods.	<p>NAPA IBS promotes the Sourcewell vendor managed inventory contract to all of our 6,000+ stores nationwide. Our dealer network is broken out into 5,000 small business independent stores and 1,000 company-owned NAPA stores. These stores and our 400 unique vendor-managed locations are supported by our 52 master distribution centers that contain more than \$1 billion of fleet parts and other replenishment inventory for our network.</p> <p>The value of this network to Sourcewell members lies in our ability to provide inventory, distribution and local support in any area of the US or Canada without having to incur excessive mobilization or freight times or charges. If a member wants to implement our services, chances are we already have boots on the ground in their location who are trained and ready to support them right away. Our network is available 365 days each year to get our customers the parts they need in the most efficient way possible.</p> <p>Our network starts with the 5,000 local, small business NAPA stores that support Sourcewell in the areas where they operate. Many municipalities, such as the City of Tuscaloosa, Ala., place a strong emphasis on supporting local businesses and our local NAPA network in the City helped them do just that. When they had a need for fleet parts support, they were able to use our Sourcewell VMI contract to not only capture the benefits of the IBS program, but also support our local NAPA store owner, Joseph Roberto, and his operation that consisted of employees who lived and worked in the City in which they were serving.</p> <p>Our internal independent NAPA network supports local, small business across the US and Canada, but that's just one way we do that. We also have dedicated efforts across our local operations and our corporate footprint as a whole to support minority-, women- and veteran-owned and disadvantaged businesses in all of our sourcing activity. Whether a contractual obligation or a good-faith effort, this is an important cornerstone of our community support policy for IBS.</p> <p>In addition to our 5,000 local small business independent NAPA stores, we have the strength of our corporate-owned distribution network backing up the IBS program across the country. These stores have the financial support of NAPA headquarters and are key hubs in providing reliable staffing and distribution to our Sourcewell member customers. They also take advantage of our sister companies like Motion Industries, all under the Genuine Parts Company organization, that provide non-fleet distribution across the US and Canada, including industrial supplies, office products, MRO products, equipment and more.</p> <p>Furthermore, NAPA Auto Parts partners with over 14,000 independent automotive repair shops to provide high quality automotive repair and maintenance parts to ASE service professionals. NAPA AutoCare is the largest network of independent mechanics in North America. So, if it is time for routine maintenance or if a Sourcewell member needs major repairs, there is a NAPA AutoCare ASE Certified mechanic nearby. NAPA is highly motivated in partnering Sourcewell members contracted with IBS with our independent network of repair facilities to increase their technician productivity and reduce asset downtime by contracting out certain jobs to local small business NAPA AutoCare facilities. Ensuring the same quality parts are being used on all Sourcewell members equipment and possibly reducing costs by reducing the need of overtime contract mechanics for automotive work.</p> <p>All of our stores, whether under corporate or independent ownership, have the ability to source and stock the products that our customers need, whether NAPA branded or sourced from our outside network. This provides members the choice of what fits their fleet and facilities operations best while still having the power of our network to provide it. We currently work with more than 1,300 outside vendors in the IBS program that supply a wide variety of product categories and provide a basis for comparison for our customers on price, quality and service so they know they are getting what they want for their dollars.</p>

25	Service force.	<p>NAPA employs thousands of store, area, district, divisional and national sales and operations professionals to help execute our IBS programs and put boots on the ground in all areas across the US and Canada.</p> <p>The dedicated sales and operations team outlined in question #23 are solely focused on business development, compliance, and operation in all IBS contract engagements in the US and Canada. In addition, they do offer road service and manage the contract process throughout the life of the contract for our company and dealer network for IBS services. They are involved in contract selling, contract negotiation, mobilization, initial vendor management, and project implementation.</p> <p>After the launch of our IBS locations, the IBS sales representative remains involved with the contract to ensure we are meeting benchmarking and key performance indicators for the customer. They are a vital part in bringing outside of market information to the fleets and maintenance facilities we service. Our IBS contract sales force are a mobile field-driven sales team and are available to service the customers at their locations and to assist our existing on-site parts management team in any endeavor.</p> <p>The following is a look at the overall process flow for selling and managing Sourcwell contracts, along with which teams are involved at each stage:</p> <ol style="list-style-type: none"> <li>1. NAPA IBS HQ team sets standard operating procedures.</li> <li>2. Sales force promotes the contract to customers.</li> <li>3. Service force executes contracts and opens and manages sites.</li> <li>4. Marketing team conducts regular business reviews to promote contract retention.</li> <li>5. HQ team ensures compliance, reporting and overall growth.</li> </ol>
26	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	<p>Our customer service process and procedure support breaks into three categories: Sourcwell Contract Sales Process (Pre-Contract), Sourcwell Contract Implementation/Project Startup Process (Post Contract), and Sourcwell "Live Project" Process (Continuous Improvement Process)</p> <p><b>**Note**</b> All resources listed in this section are already in place and immediately available to respond to the award and commitments of a Sourcwell contract and subsequent contract marketing, mobilization and implementation.</p> <p>Sourcwell Contract Sales Process – Pre Contract</p> <p>Our NAPA IBS Vice President – Jett Kuntz – and the team of 10 dedicated Sourcwell IBS contract sellers are responsible for selling and promoting Sourcwell IBS contracts to our thousands of prospective candidates to use the Sourcwell contract for our services. This team will promote the contract using the marketing tools listed in our RFP response. Their responsibility will be to work with fleet management, procurement, finance, accounting and administration to build the best-in-class total IBS solution customized for their specific contract. They will coordinate the contract details, work with local NAPA management teams on personnel, inventory and implementation. This team will do the hard core analytics with fleet and warehouse management to determine the best solution for the customer. NAPA IBS believes in face-to-face customer service – so our teams are dedicated to work directly with customers in their shops to help them build the best vendor managed strategy for their operation.</p> <p>In conjunction with our sales effort – GPC provides NAPA IBS with dedicated legal resources to expedite the contract negotiation and finalization process. Our legal contact – Collin Garner – is available as an immediate resource to Sourcwell, our sales team, and our Sourcwell contract members to answer questions and expedite documents for contracts. This has been a huge benefit for our Sourcwell customers because of the speed of response on contract questions and finalizations.</p> <p>Sourcwell Contract Implementation/Project Startup Process – Post Contract</p> <p>After a contract has been finalized – our entire IBS operations organization immediately kicks into gear as we mobilize the vendor managed on-site location. Our headquarters support team listed in question #23 of this response is in charge of implementing the new project and performs the following mobilization support tasks:</p> <ol style="list-style-type: none"> <li>1) Databases Sourcwell contract in our in-house contract managing database</li> <li>2) Establishes contract pricing in the new site</li> <li>3) Coordinates IT efforts to support on-site point of sale and any special IT initiatives</li> <li>4) Verifies reporting systems for Sourcwell contract reporting</li> <li>5) Initializes our in-house on-line project management tools for the field</li> <li>6) Reviews internal business plan proposal to ensure contract compliance</li> <li>7) Finalizes specific key performance indicators and baseline benchmarks for our customer</li> </ol>

Next – our local field teams that will operate the day-to-day operations are mobilized according to the launch time-line of the project. The power of NAPA IBS is our phenomenal local support teams that execute the terms of our agreements. The support team that will work with our NAPA IBS sales team to mobilize the project include:

Local mobilization teams are comprised of members of our company that execute an IBS contract site implementation that includes initial inventory of customer's fleet parts and supplies, staffing, training, reporting, vendor initialization, billing services, IT connection, and site planning.

On company-owned locations, these efforts are led by our GPC District Manager and District Operations Manager for the particular market. NAPA has 50+ District Managers and District Ops Managers in place to mobilize any new IBS efforts. On the independent store side, we have GPC support resources to help our small business owners implement the same structure within their IBS location. These efforts are led by our GPC Distribution Center (DC) Management Team and their support staff. New independent Sourcewell IBS contracts will be led by a team of DC General Managers/ DC Operations Managers and the local market Commercial Sales Manager for that store's market.

All IBS new store installations are also aided by a vital added-value part of our effort: the NAPA Systems Selling Group team. This is a dedicated group of NAPA product managers that will assist in a mobilization through inventory efforts, product identification, and product cross-over databasing and fleet surveys to assist any operation in finding the correct stocking level for their products. This exclusive NAPA team includes:

- Filtration/Heavy Duty Product Support
- Undercar (Brakes/Chassis) Product Support
- Electrical/Underhood (Batteries, Rotating Electrical, Engine Management) Product Support
- Heating and Cooling Product Support
- Paint and Body Product Support
- Tools and Equipment Product Support

A final, important part of our site mobilization team is our IT team – every market has dedicated IT members who install our point-of-sale systems in IBS locations. In addition, our HQ IT team will work with this TAMS team and the customer to make sure any software integrations, billing procedures, and invoicing requirements are met.

#### Sourcewell "Live Project" Process (Continuous Improvement Process)

Once our site is live and the local operations have begun executing the services outlined in our contract, we feel a major part of our process and procedures include continuous improvement processes and continuous communication steps with our Sourcewell contract customers.

Each contract should have well-defined key performance objectives. Typical objectives include daily service rate, special order tracking, core and return tracking, daily parts fill-rate goals, down vehicle reports, inventory effectiveness, and parts cost comparisons. NAPA IBS has developed exclusive tools to measure these types of KPI's included in our contract.

The baseline of our continuous improvement program includes regular reviews of the business processes, inventory baselines, vendor management, and store operations. NAPA IBS has developed a solid regular business review process that we make a mandatory part of our offering. The Sourcewell contract customer will work with NAPA IBS on specific reporting and service measurables within our contract, and these will be reported during our regular business reviews. Usually these reviews are weekly in the first 90 days, monthly in the next 90 days, and quarterly after the first 6 months of operation.

These business reviews are conducted using a proprietary digital business review tool that streamlines and regulates the review process and includes customer input, feedback and scoring to ensure we are delivering above expectations. We have included a sample business review document as an attachment. Bottom-line, the only way we deliver continuous improvement is to communicate with ALL LEVELS of our contract customers to ensure the on-site location is performing to the expectations of our customer.

The last step of process and procedure accountability for our process after we go live is our Divisional and Headquarters quarterly review of all Sourcewell contracts. Our Division Vice Presidents and NAPA Headquarters operational staff outlined in this response review the Sourcewell contract and subsequent business review reports produced by our local operations to ensure contract compliance.

		NAPA IBS/Genuine Parts Company has countless dedicated resources to ensure a great Sourcewell contract experience for Sourcewell members when they engage in an IBS contract.	
27	Identify your ability and willingness to provide your products and services to Sourcewell participating entities in the United States.	<p>NAPA IBS is superiorly able and willing to provide all products and services in this RFP to Sourcewell participating entities in the United States.</p> <p>NAPA IBS has the unparalleled ability to provide our services to Sourcewell participating entities across the United States and we are already doing so today. We are currently actively under more than 50 contracts using Sourcewell with cities, counties, states, DOTs, K-12 and higher education institutions in the United States.</p> <p>We are able to accomplish this through our vast network of 55,000+ employees, our database of hundreds of fleet professionals that we work with every day to develop innovations and best practices, the support of NAPA headquarters to invest in programs and solutions that will benefit our customers, and our extensive distribution infrastructure. 6,000 NAPA stores and 52 large distribution centers nationwide make it really easy to get customers what they need, whether from our internal supply chain or by sourcing from supplier partners that we have spent decades building great relationships with.</p> <p>In sum, we have more than \$1 billion in NAPA inventory across our distribution network, \$175 million of which is dedicated specifically to IBS VMI parts rooms. Out of our 55,000 employees, nearly 5,000 of them have hands in the selling and operating processes that aide this contract development and execution and 1,100 of them are solely focused on NAPA IBS customers. Long story short, whatever the product is, we have the people and resources to get it.</p> <p>We have an incredible existing relationship with Sourcewell that demonstrates, year over year, our willingness to participate fully in this program. Sourcewell is the only cooperative contract that IBS holds in the US and it is an integral part of our selling and marketing fabric. Our national sales team and local support teams are well versed in presenting the Sourcewell solution to existing members and non-members and it is one of the first points raised when discussing simplifying VMI contract processes for governments.</p> <p>Beyond our current contract performance, we have further invested in our Sourcewell relationship through the other contracts we hold with Sourcewell, including Fleet Parts, MRO VMI, and Lifts &amp; Equipment contracts. We also partner with Government Sourcing Solutions, a procurement consulting organization closely tied to Sourcewell, to help us seek out existing members and non-members to approach about the Sourcewell opportunity.</p> <p>Our plan is to expand upon our success with the current Sourcewell contract to grow into new business areas and solutions for many Sourcewell members.</p>	*
28	Identify your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	<p>NAPA IBS is superiorly able and willing to provide all products and services in this RFP to Sourcewell participating entities in Canada.</p> <p>NAPA IBS in the US and Canada work as one and we are excited about the possibility of expanding use of the Sourcewell contract in Canada. They have existing IBS vendor managed sites within government operations, including a Sourcewell contract with the City of Toronto, today. We have a dedicated sales staff in place today that is trained and ready to execute a similar marketing plan that we are using in the US to further grow our Canadian footprint with Sourcewell.</p> <p>NAPA has a strong presence in every region and is fully capable of serving the Canadian geographical locations described in this RFP of current and future Sourcewell members and represented associations. NAPA has a national presence from coast to coast across Canada. Thanks to our 600-store network and our strategic distribution centers locations, we can meet all members' needs in a short amount of time, wherever they are operating.</p> <p>In addition, NAPA IBS Canada is already engaged in fleet related trade organizations, including NAFA, RMA and Kinetic GPO, where we have easy access to promote and market the Sourcewell message. Our team is in place, the training is ready to go, and our NAPA Canada team would be ready to promote day one of an award.</p> <p>Finally, Genuine Parts Company and NAPA IBS can provide Sourcewell with future international expansion of the co-operative contract solution for what we do. GPC owns operations in Australia, New Zealand and Mexico as well. Our IBS efforts in those markets are just underway and could prove to be an excellent opportunity to help promote co-op solutions internationally.</p>	*

29	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed contract.	Our NAPA IBS is available in all 50 states and every Canadian province. We have a unique capability of having ready-to-go staffing and brick and mortar support as well as nightly parts and supply distribution into all 50 states. With over 6,000 stores across all 50 states (and many US Territories) and 52 master warehouses we offer a unique way for our locations to get parts and supplies delivered at extremely low costs to our customers. In addition, our IBS services are available to all government (city, county, state, utility, transit, airports, etc.) and education (state universities and school bus garages) institutions. Non-profits can also be serviced under our IBS program if the program fits their needs.	*
30	Identify any Sourcwell participating entity sectors (i.e., government, education, not-for-profit) that you will NOT be fully serving through the proposed contract. Explain in detail. For example, does your company have only a regional presence, or do other cooperative purchasing contracts limit your ability to promote another contract?	<p>NAPA IBS can service every vertical listed in the RFP: Government, Education and Non-Profit. If there is a fleet or warehousing service need with a Sourcwell member, NAPA IBS can customize our solution for that customer. For example, today the IBS program currently operates parts rooms in all of the following verticals and more:</p> <ul style="list-style-type: none"> <li>• Municipal, State and Federal Fleets</li> <li>• Facilities Management</li> <li>• General Services Warehousing</li> <li>• Public Transit</li> <li>• Education</li> <li>• Aviation Management</li> <li>• Public Works</li> <li>• Sanitation</li> <li>• Transportation</li> <li>• Police</li> <li>• Fire</li> <li>• Utility</li> <li>• Parks &amp; Recreation</li> <li>• Golf Courses</li> <li>• Forestry</li> <li>• More</li> </ul> <p>NAPA operates in all 50 states and all Canadian provinces and has no geographical limitation on providing VMI services to Sourcwell members. We even have distribution centers and current NAPA IBS operations in Alaska and Hawaii that increase our service ability and reduce freight concerns for those regions.</p> <p>One area where we feel we can improve our footprint with Sourcwell is in the non-profit sector, including hospitals, charity and other organizations. Regardless of the size of their fleets, these organizations have ways that we can help them manage their inventory better, and our MRO and warehousing management capabilities can be a good way to grow our Sourcwell business in that sector.</p>	*
31	Define any specific contract requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	<p>We have no requirements or restrictions for Alaska or Hawaii within the services in our RFP. NAPA IBS has brick and mortar warehouse locations and employees in both Honolulu and Anchorage as well as multiple company and independent NAPA dealers in multiple markets in both states that can and currently provide the services outlined in this RFP.</p> <p>The only US territory that we do not service is Puerto Rico.</p>	*

33	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	<p>Our primary use of technology in promoting our Sourcewell contract is through the NAPA IBS website. Our website is a public-facing lead generation site that explicitly displays our Sourcewell partnership to prospective customers. The site also drives visitors to a contact page where we can collect fleet data and automatically pass it on to our local sales representative who is a trained expert on selling our Sourcewell option. When a prospect fills out the contact form, an email is automatically generated and sent to not only the local sales representative, but also to NAPA IBS executive and sales leadership to ensure prompt follow-up. We track all of this activity to measure our success rates and Sourcewell contract growth.</p> <p>The IBS website also contains digital tools and materials to help our team sell the Sourcewell VMI contract. It has a suite of presentation elements, which we use digitally these days to connect with prospects remotely and safely, as well as embedded testimonial videos that discuss how Sourcewell has helped real customers. These materials are also available to our entire NAPA store network to help them identify and educate potential Sourcewell customers that they already work with.</p> <p>Additionally, we use Salesforce.com, our customer relationship management system, to automatically track communication with Sourcewell customers and prospects through an integration with our Outlook email system. This allows our sales team to communicate more effectively with prospects and allows management to track pipeline movement and help drive results.</p> <p>Social media, such as LinkedIn, is an avenue we use to both network with fleet decision makers who we can educate about Sourcewell and promote events that we will be participating in. We further participate on event websites, in digital newsletters and email blasts and mobile apps. We also promote customer and vendor awards that tie into our Sourcewell offering to grow awareness and interest in the contract. All social media efforts are tracked so we can optimize our performance with respect to driving interest in this contract.</p> <p>While we are proud of the digital efforts we make, we can always do more. Moving forward, we are considering ideas such as adding a specific Sourcewell information section to our web contact form on <a href="http://www.NAPA-IBS.com">www.NAPA-IBS.com</a>. We are also interested in adding a Sourcewell link into applicable government email communications from our sales team to increase exposure and drive Sourcewell conversations.</p>
34	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	<p>We feel it is our job to educate our sales team on Sourcewell and make it an integral part of the way they sell the IBS solution to governments. The materials and tools we provide to our team have been developed specifically to this end and every applicable customer we meet with is presented the Sourcewell contract option. While we will continue to drive the success of this partnership, there are clearly defined ways in which Sourcewell can help the marketing effort:</p> <ul style="list-style-type: none"> <li>• Marketing Materials – Sourcewell can provide materials that help train our specialists and educate our customers on the benefits and procurement process of using Sourcewell contracts.</li> <li>• Continuing Education – provide our team with access to Sourcewell knowledge through online training, live and digital seminars, trade show involvement and personal consulting via phone calls with your team.</li> <li>• Government Contacts – supply direct access to government fleet and procurement decisionmakers who have expressed interest to you in the Sourcewell IBS contract.</li> <li>• Legislation – continue to drive legislative approval across the US and Canada for the ability to adopt Sourcewell contracts.</li> </ul>

35	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	<p>Yes, our products are available through e-procurement and other digital platforms and we have a large number of government customers using these ordering vehicles today. The following are a few of the most common digital methods used to order from us:</p> <ul style="list-style-type: none"> <li>• <b>NAPA ProLink:</b> NAPA ProLink is an exclusive online ordering and messaging system for customer shops to order NAPA branded parts from our stores or IBS locations. It gives the customer direct digital access to our catalog of more than 465,000 SKUs, all available on this contract.</li> <li>• <b>Fleet Software Integrations:</b> Our IBS sites offer a more in-depth digital solution to on- and off-site customers who want to order from us electronically. Integrating a shop's fleet software system into our inventory management and point-of-sale platform allows work order, parts order, vehicle status, billing, reporting and other data to pass automatically between the two. This increases technician productivity and data accuracy by letting the customer know exactly where their parts are and attaching every part ordered to a specific unit and work order. Some of our integrations even perform automated invoice reconciliation, extending the benefits beyond the shop and into customer administrative and accounting departments. Some examples of our most successful integrations with third-party software systems available today include AssetWorks (FA, M5), Faster, RTA, Dossier, Chevin and many more.</li> <li>• <b>Enterprise E-Procurement:</b> NAPA IBS has the capability to provide digital cataloging through punchouts and EDI interfaces placed directly within a customer's enterprise procurement system. On our e-commerce website, <a href="http://www.NAPAIBIZ.com">www.NAPAIBIZ.com</a>, we show companies that use large eProcurement programs how to register with NAPA to access our NAPA catalog. Platforms supported include Ariba, SAP, Oracle, Epicor, Ketera, Jaggaer, Proactis/Perfect Commerce, Coupa and more. We also offer digital warehousing solutions with JD Edwards and Manhattan products.</li> </ul>

36	Describe any product, equipment, maintenance, or operator training programs that you offer to Sourcwell participating entities. Include details, such as whether training is standard or optional, who provides training, and any costs that apply.	<p>NAPA IBS has a unique position in fleet related services as we are the only company in this space that houses our own internal technician training on-site, on-line, and manufacturer based shop training – all in one package. Genuine Parts Company has made the investment to have our own certified technician training in-house – all with the purpose to help our fleet customers drive efficiency in their operations and to ensure their technicians receive the most up-to-date training to keep their fleet vehicles on the road.</p> <p>A sample of our NAPA IBS exclusive Autotech training course offerings is included in the supplemental uploads.</p> <p>Our customer needs for training vary, so we have a mix of free training – offered by dedicated NAPA Product Support teams – as an added value to our customers, in categories including: Filtration/Heavy Duty, Undercar (Brakes/Chassis), Electrical/Underhood (Batteries, Rotating Electrical, Engine Management), Heating and Cooling, Paint and Body, Tools and Equipment. This training is part of the fabric of any customer that has a NAPA IBS contract and will be available to Sourcwell members. In addition, Autotech has online and on-site training courses available for an additional fee.</p> <p>NAPA also works with a select group of non-NAPA suppliers that are able to provide resources and customer product training upon request. The size and scope of any requested training will determine any fees associated with these opportunities. All fees would be passed through to the customer at our cost with no markup.</p> <p>All onsite and online training can be bundled and easily tracked by a government agency through our <a href="http://www.NAPATraining.com">www.NAPATraining.com</a> website. This is a one-stop location for government fleet professionals to track and manage all training activities within their operations.</p>
37	Describe any technological advances that your proposed products or services offer.	<p>The IBS HUB, a NAPA IBS exclusive technology platform, revolutionizes the way that NAPA conducts business with government fleet customers and is available to all Sourcwell members at zero cost to them. The IBS HUB replaces typical invoicing/point-of-sale technology and replaces it with a work order and inventory management tool that has point-of-sale functionality built into it. All functionality inside of the IBS HUB was designed to make our NAPA IBS team members more efficient in routine processes so that they can focus on the important task of procuring parts to help keep our customers' fleets up and running.</p> <p>The IBS HUB directly impacts how an IBS operates, removing inefficient time-consuming activities and replacing them with intuitive interactive processes. Improvements that your Sourcwell members gain through the IBS HUB include, but are not limited to:</p> <ul style="list-style-type: none"> <li>• Order Management (Work Orders)</li> <li>• Inventory Management</li> <li>• Local Supplier Management</li> </ul>

- Inventory Barcoding
- Inventory Receiving and Reconciliation
- Automated, Accurate and Consistent Reporting.
- Ease of Integration
- IBS Network Wide Supply Chain Visibility

NAPA IBS has a dedicated team that works exclusively on enhancements to the IBS HUB system that will continue to add value to all IBS customers. One of our most recent value add additions is our IBS HUB Remote Consignment module.

The IBS HUB Remote Consignment Module adds functionality to the IBS HUB to facilitate offsite remote inventories that are not directly managed by on-site NAPA staff. These consignment inventories are supported by an on-site NAPA IBS location which provides stocking levels, tracking of used inventory, replenishment, and allocation of the inventory onto work orders.

#### Consignment Inventory Work Order and Replenishment Features:

- Source parts from Consignment Inventory during parts issuance to work orders
- Ad-hoc/Scheduled Replenishment from on-site NAPA IBS location
- Parts will be controlled by specific Shop location or Garage
- Provides a static inventory listing for each location
- Stores bin locations for each consignment location
- Ability to conduct physical inventory sessions as often as needed, but required quarterly
- Ability to replenish Consignments via Supplier Orders, Interstore Orders and/or DC Orders
- Ability to aggregate inventory across multiple Consignments
- Ability to calculate and recommend MIN/MAX levels for Consignments based on specific location parts usage
- Tracking of inventory in Consignments that has been re-numbered or superseded to new product

#### Benefits for IBS Customers and Sourcewell Members:

Consignments offer our IBS clients the ability to have smaller inventories in their remote service facilities that would not have the need for a staffed parts room. These inventories are provided on consignment so that the parts are not paid for until consumed on a work order, PO, or similar billing. The IBS HUB consignment module then provided automated tracking to ensure proper and timely replenishment from your IBS location ensuring the needed parts are always available.

The recommended stocking quantity feature of the IBS HUB ensures the right parts are stocked in these locations in which space is normally limited. By tracking usage by the specific shop, the IBS HUB ensures only the parts used at each consignment most frequently is stocked. The Pending and Pull List functionality of the IBS HUB works to track each stocked part used at the location until it has been confirmed to be replenished. These functions make sure that the agreed upon stocking parts will be there when the technician needs them.

The physical inventory sessions for each consignment in the IBS HUB make sure that the inventory in the offsite locations stay true to their expected stocking levels. Quarterly counts are required, but they can be run more frequently as needed. Ultimately the IBS HUB Consignment Module provides IBS clients with offsite inventory so that remote technicians have a consistent organized inventory to support their work.

NAPA Canada has recently invested in new warehouse automation technology that will improve our efficiencies and add the ability to increase our inventory at our DC in Cambridge, ON. Our Cambridge DC has collaborated with KNAPP, a global leader in industrial automation solutions, to integrate KNAPP's AG - OSR Shuttle, a high-performance, reliable semi-automatic picking and storage system.

Furthermore, NAPA, the Federal Government and Drone Delivery Canada (DDC) are participating in "The Moosonee & Moose Factory Pilot Program" to deliver NAPA Auto Parts to rural locations across Canada. Today the drones are carrying approximately 25 lbs, but DDC is working on those that could handle 100-400 lbs.

NAPA vendor managed IBS sites in the US and Canada are also using a new proactive inventory management program called Pulse. The system uses predictive analytics to determine what factors drive categorical sales, including vehicle registrations, part failure rates, market demographics, climate and geography. Pulse also has the ability to customize inventory assortments for specific fleets by uploading a VIN list into the system, which creates an inventory list with the product categories of choice.

38	Describe any "green" initiatives that relate to your company or to your products or services, and include a list of the certifying agency for each.	<p>At NAPA IBS, we share our customers' and their communities' commitments to sustainable practices in procurement and fleet operations. Below are some of the benefits members will realize from working with NAPA IBS:</p> <ul style="list-style-type: none"> <li>• Many chemicals that are offered are non-detergent/green products</li> <li>• We recycle oil at our stores and can recycle oil for any customer</li> <li>• We advocate the use of the used oil filter crusher to extract environmentally hazardous chemicals from landfills</li> <li>• We recycle all plastic, paper, cardboard and wooden pallets at our DCs and HQ offices</li> <li>• GPC supports paperless systems initiatives within all business segments</li> <li>• GPC promotes the use of fuel-friendly delivery fleet vehicles</li> <li>• Many of our IBS customers have received Clean Cities Green Fleet of the Year awards in past years</li> <li>• GPC corporate has established a sustainability roadmap that is available for our customers to review on our corporate website</li> <li>• Upon customer requests, we can employ electric vehicles in certain of our operations</li> </ul> <p>In addition to our green fleet initiatives, NAPA IBS markets and sells many green Initiative products, including:</p> <ul style="list-style-type: none"> <li>• Smart Washers</li> <li>• Challenger Water In-Ground Lifts</li> <li>• 3M lead free wheel weight system</li> <li>• Schumacher solar battery charger/maintainers</li> <li>• Energy Logic - waste oil burners</li> <li>• Vortex waterborne auto paint - no solvents</li> <li>• Valvoline Next Gen oil - made with recycled oil</li> <li>• Recycled Batteries</li> <li>• Nature's Broom absorbent - eats shop floor oil and lubricants and is environmentally disposable</li> <li>• Micro Green - Lifetime Fleet Filtration Products</li> </ul> <p>Finally, NAPA IBS implements a strict environmental and spill policy:</p> <ul style="list-style-type: none"> <li>• All chemical products issued by NAPA will have a corresponding Material Safety Data Sheet or MSDS report. The MSDS sheet lists on-site potential hazards of the product. NAPA maintains a computer cataloged MSDS library that will be on the premises of our IBS Fleet locations.</li> <li>• NAPA IBS will produce a MSDS (and soon will make the move to new SDS) hard copy of all chemicals that will be stocked on the premises and update an OSHA approved MSDS book in the event of an emergency.</li> <li>• NAPA maintains a store policy mandating key emergency contacts be clearly posted in the event of an emergency. 39	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	<p>NAPA IBS is not a manufacturer of the products we manage for our VMI customers, but we make a concerted effort to source sustainable products from eco-conscious suppliers whenever possible.</p> <p>NAPA also has a detailed sustainability plan that is monitored and reported on annually. One of the three pillars of this plan is environmental sustainability and some of the results we have achieved are as follow:</p> <p>NAPA Fleet Management</p> <ul style="list-style-type: none"> <li>• Recycles more than 20 tons of tires annually</li> <li>• Recycles more than 3,500 gallons of oil annually</li> </ul> <p>General Recycling</p> <ul style="list-style-type: none"> <li>• More than 7,800 lbs. of cardboard annually</li> <li>• More than 6,400 lbs. of other waste annually</li> </ul> <p>Energy Efficiency</p> <ul style="list-style-type: none"> <li>• More than 750 lighting retrofits completed that reduced more than 52 million lbs. of CO2</li> </ul>

40	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	<p>Many of our current IBS government and education customers require our IBS sites to work with procurement to achieve specific MWBE goals within our contracts. NAPA IBS has a policy to help our IBS partners exceed diverse spend goals when present in their procurement plan. We do this by helping our government customers recruit new vendors, provide due diligence support on these vendors, and provide regular reporting on our progress on the organizational MWBE goal vs. our actual performance.</p> <p>SBE Efforts - Genuine Parts Company and NAPA IBS has extensive experience working with more than 5,200 SBE/MWBE supply partners in our many operations across the country. Our goal with our proposal is to not only give a "good faith" effort – but to meet and exceed the stated goals of our customers.</p> <p>NAPA's action plan includes using a mix of service vendors and local businesses to work toward the procurement goal of compliance. NAPA IBS has a tremendous track record of accountability and exceeding SBE/WMBE goals in our operations.</p> <p>NAPA IBS' real world track record speaks for itself. In three major municipal contracts currently in place, we show historical success in meeting and exceeding SBE, MWBE goals set forth in the RFPs:</p> <table border="1"> <thead> <tr> <th>IBS</th><th>Requirement</th><th>Actual Results</th></tr> </thead> <tbody> <tr> <td>City of Chicago</td><td>25% MBE / 5% WBE</td><td>37% MBE / 5.5% WBE</td></tr> <tr> <td>City of Sacramento</td><td>10% SBE</td><td>28% SBE</td></tr> <tr> <td>City of Cincinnati</td><td>15% SBE</td><td>17% SBE</td></tr> </tbody> </table>	IBS	Requirement	Actual Results	City of Chicago	25% MBE / 5% WBE	37% MBE / 5.5% WBE	City of Sacramento	10% SBE	28% SBE	City of Cincinnati	15% SBE	17% SBE

City of Sacramento	10% SBE	28% SBE												
City of Cincinnati	15% SBE	17% SBE												
41	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	<p>NAPA IBS has unique, custom attributes that separate us from the competition:</p> <p>a) Current network of over 400 contracts – we offer a unique opportunity for Sourcewell to market to hundreds of existing contracts to use the Sourcewell contract as a vehicle to extend current services. No other vendor managed inventory fleet solution has the opportunity to expand use of the Sourcewell contract like NAPA IBS.</p> <p>b) Dedicated IBS project staff of 11 sales representatives and 22 field operators that do nothing but selling and managing the vendor managed inventory solution presented in this RFP.</p> <p>c) A 26+ year network of over 1,400 OE, aftermarket, supplies, MRO and parts related vendors to support ANY operation that wishes to use the Sourcewell contract. Our services go well beyond NAPA branded parts and include many OE and alternative brands to give our Sourcewell customers a broad range of choice on the products they wish to use in their fleet and warehouse operations. No other vendor of these services can provide the choice and leverage that our 1,400 non-NAPA branded parts and supplies vendor network and experience can bring. NAPA IBS has exclusive vendor arrangements with key fleet parts and supplies-related vendors that are exclusive to NAPA IBS customers and are unavailable to any other supplier of these services.</p> <p>d) The IBS HUB is NAPA IBS's exclusive technology platform that was built specifically for the IBS program and providing vendor managed inventory services. It is a technology that is exclusive to NAPA and is available to all Sourcewell members at zero cost to them. The IBS HUB replaces typical invoicing/point-of-sale technology and replaces it with a work order and inventory management tool that has point-of-sale functionality built into it. All functionality inside of the IBS HUB was designed to make our NAPA IBS team members more efficient in routine processes so that they can focus on the important task of procuring parts to help keep our customers' fleets up and running. It also contains detailed reporting that is available on demand or at scheduled intervals to customers' management teams so they always know exactly how we are performing and when their work orders will be complete.</p> <p>As mentioned, one of the most unique features of our service is the ability to integrate a customer's fleet software/work order management system into our inventory platform, the IBS HUB. This kind of integration seamlessly shares data between the two interfaces and allows work order, parts order, vehicle status, billing, reporting and other data to pass automatically between the two. This increases technician productivity and data accuracy by letting the customer know exactly where their parts are and attaching every part ordered to a specific unit and work order. Some of our integrations even perform automated invoice reconciliation, extending the benefits beyond the shop and into customer administrative and accounting departments. Some examples of our most successful integrations with third-party software systems available today include AssetWorks (FA, M5), Faster, RTA, Dossier, Chevin and many more.</p>												

**Table 9: Warranty (Performance Standards or Guarantees)**

**Describe in detail your performance standards or guarantees, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your performance materials (if applicable) in the document upload section of your response in addition to responding to the questions below.**

Line Item	Question	Response *
42	Describe any performance standards or guarantees that apply to your services (customer service response times, processing time frames, stock and non-stock fill rates, etc.).	<p>Our performance standards can vary largely depending on the size, scope, complexity and sometimes geography of the VMI operation we are managing. We work hard to customize a solution that works for each individual customer, but the following is a list of some of the most common standards and guarantees that we implement and track:</p> <ul style="list-style-type: none"> <li>• Many of the important performance standards, goals and KPIs of operating IBS parts rooms are tracked and can be reported through our IBS HUB system, which is an exclusive capability of NAPA IBS. The system provides regular and on-demand reporting on the following to communicate our operation successes and areas of improvement to customer management: <ul style="list-style-type: none"> <li>o Parts Fill Rates</li> <li>o Daily Service Metrics</li> <li>o Inventory Special Order Tracking</li> <li>o Down Vehicle Time &amp; Percentage</li> <li>o Inventory Readiness</li> <li>o Parts Cost Comparison</li> </ul> </li> </ul> <p>We will go into greater detail on the aforementioned IBS HUB reporting capabilities in question #68, but have included an upload of sample IBS HUB KPI reports in this section of the supplemental document upload portal.</p> <ul style="list-style-type: none"> <li>• Regular contract compliance audits will be conducted to ensure operational accuracy.</li> <li>• We have invested in a digital business review portal that schedules, tracks and stores business reviews with every IBS customer on a monthly or quarterly basis. It also communicates results to the customer and solicits feedback and ratings from them so we can measure our performance from the customer's perspective.</li> <li>• We provide product choices for our customers. Whether NAPA parts or parts sourced from other suppliers, we will stock the parts that fit the customer's operation and preferences best.</li> <li>• We possess a local footprint in any area we operate. This allows us to provide backup inventory, staffing and distribution support in any situation without long wait times, expensive freight or mobilization charges.</li> <li>• We have industry leading technology capabilities to support our Sourcewell member partners that we can customize to meet their ordering, billing, payment and reporting needs.</li> <li>• Orders placed manually or directly with our parts staff will be addressed immediately upon request.</li> <li>• Orders placed electronically will be acknowledged in our system immediately and will be addressed by our parts staff within 30-60 minutes.</li> <li>• Where applicable and/or required, our parts staff and management will be ASE trained and/or certified.</li> <li>• All parts sold to customers will meet or exceed OE or equivalent specifications or will satisfy the required specifications of the individual Sourcewell member customers</li> <li>• Warranty eligible products will be identified, tracked, processed and credited through our IBS HUB inventory management system. When a technician brings a warranty product to our parts counter, we will know on the spot if it is eligible and will issue credit as appropriate, then work with the supplier to resolve the warranty.</li> <li>• All staff involved in IBS operations will be fully trained and knowledgeable on required parts, vendors and technology required to excel at the position.</li> <li>• Our contracts have the ability to be terminated by our customers if we are ever not meeting expectations. Most contracts have mutual 60-day termination clauses and language pertaining to our failure to meet obligations is negotiated on each individual contract.</li> </ul>

43	Describe any service standards or guarantees that apply to your services (policies, metrics, KPIs, etc.).	<p>Our service standards can vary largely depending on the size, scope, complexity and sometimes geography of the VMI operation we are managing. Depending on customer needs and priorities, the KPIs we track can be customized to give them the insight desired into our performance levels and theirs. However, the following are a few of the general aspects of our service that we track and maintain:</p> <ul style="list-style-type: none"> <li>• Under normal operating conditions, we generally target a KPI of 85-90 percent fill rate after an acceptable ramp-up/grace period following initial implementation of the IBS site. Many agencies that we work with do not have clear historical data so we will work with them to build forward-looking KPIs based on actual purchase history after we go to contract.</li> <li>• One of the key benefits of our program is the tracking and processing of parts manufacturer warranties for our government agencies. Our NAPA IBS service guarantees that we will replace any alleged warranty item immediately for our government fleets. Then, our onsite personnel have the responsibility to submit warranties to specific product manufacturers and track that item from the moment it is returned through the discovery phase to conclusion. NAPA IBS outlines our warranty policy in each contract and has the responsibility to track and report on this for hundreds of suppliers that we procure parts from for our agency customers.</li> <li>• Non-stock orders rely on third-party vendor performance and availability, but acknowledgment times can be measured to ensure our parts staff act quickly on such orders.</li> <li>• NAPA IBS will comply with all customer expectations and processes regarding work order information, data communication, safety procedures and others.</li> <li>• NAPA IBS will adhere to customer, local, state and federal regulations as they apply in the location of the operation, including allowable stocking restrictions on chemicals and other items.</li> <li>• While our IBS staff are employees of ours, they are still working in our customers' environments. It is our corporate policy that all of our IBS employees are background checked through E-Verify. At the same time, we respect the safety and security policies of our customers as well. All NAPA employees that work on site are required to follow the procedures and policies of our customers.</li> <li>• Because NAPA IBS is providing an inventory management service for customers, one of the strengths of the warranty of service that we provide is the mutual ability to end an IBS contract in the case where services standards are not being met.</li> </ul>
----	---	--

44	Describe any service contract options for the items included in your proposal.	<p>The services we provide remain fairly consistent as we work with different agencies in our contracts. We are contracted to maintain and manage parts and supplies inventory for fleets in many verticals. For the purposes of this RFP – those verticals include – but are not limited to – government fleets and warehousing, education fleets and warehousing, non-profit fleets and warehousing. Each customer has unique needs within their operation, so we provide the flexibility within the scope of our services to accommodate customers in the projects we are contracted to perform.</p> <p>The basic offering we propose is to manage fleet-related supplies and parts. This can be accomplished either in an on-site dedicated operation or off-site dedicated operation. Space considerations, labor considerations, work schedule considerations, and inventory needs considerations are all variables for our fleet customers that require customization in each contract. In addition, we are asked to handle MRO skus as part of an overall operation.</p> <p>For example, in the City of Sacramento fleet operations, we have held a fleet contract for over five years. Recently, their warehousing operations has been looking for a solution to help them manage skus for their maintenance operations. We have responded to and have been awarded a contract to handle these materials as well as fleet related services and will use some of the same resources we currently have on-site within the fleet operation to manage the warehouse contract as well. Both facilities are on the same lot in the same area – and we can bring efficiency through our services by managing both.</p> <p>Another service function that NAPA IBS has the technology and experience to perform is that of managing remote and/or consignment inventories. Customers with satellite locations that don't carry enough inventory to justify onsite staffing can have their inventory managed, replenished and billed through our IBS HUB system. This requires either electronic submission of all parts removed from the parts room, or a periodic physical inventory count by NAPA IBS staff to determine parts usage and proper billing.</p> <p>Third-party services, such as outside repairs, can also be sourced and managed by NAPA IBS for Sourcewell customers. Such needs have specific line codes programmed into our IBS HUB system that can track and invoice according to our contractual pricing model.</p> <p>Finally, running multi-location fleet operations often means crossing jurisdictional lines that can affect tax rates and other regulations. NAPA IBS has the ability to manage these logistics digitally so Sourcewell members know they are paying the right prices and following all guidelines without having to do the work themselves.</p>	*

**Table 10: Payment Terms and Financing Options**

Line Item	Question	Response *	
45	What are your payment terms (e.g., net 10, net 30)?	Our contract payment terms for parts purchases and operational expenses as part of our IBS services are Net 30th. On a monthly basis, we deliver parts billing and operational cost billing as part of our services to our IBS contract customers.	*
46	Describe available payment options (e.g., frequency, method, platform, etc.)	<p>NAPA IBS is highly flexible in accepting payment options. We are able to integrate with most enterprise billing systems through our industry-exclusive IBIZ custom billing platform. NAPA is able to bill according to customer specifications, but at a minimum of monthly for both parts and operational expenses. The standard policy for all of our customers, and in the industry, is to accept payment via one of the following methods:</p> <ul style="list-style-type: none"> <li>• Check payment</li> <li>• ACH</li> <li>• Wire transfer</li> </ul> <p>Specific payment options are one of the core points that are detailed in our individual contracts with Sourcewell members.</p>	*

47	<p>Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders.</p>	<p>Our order process for Sourcewell members requesting IBS services is as follows:</p> <p>Step One – Discover the need with fleet operations and management on outsourcing parts and service needs this will require analysis of current staffing, inventory, hours of operation, fleet needs, software adoption, billing processes, paperwork flow, audit procedures, and approvals.</p> <p>Step Two – Introduce co-operative contract solution as a means to contract during the early phase of our analysis. If customer is not an Sourcewell member, we use this time to present the easy steps to become a member. If they already are an Sourcewell member, we present our contract opportunity with IBS along with documentation on the solicitation. At this point we have added a step in our process to verify documentation of Sourcewell membership with our Sourcewell contract manager.</p> <p>Step Three – Complete financial and staffing analysis to determine needs of customer.</p> <p>Step Four – Once customer has agreed to proceed to contract, our GPC legal and NAPA IBS representative present our Sourcewell IBS contract terms to the customer for their legal review.</p> <p>Step Five – Customer builds business exceptions as part of our master IBS Sourcewell contract. NAPA IBS will negotiate specific terms for the customer based on their hours of operation, staffing needs, inventory needs, etc.</p> <p>Step Six – NAPA IBS and Customer come to terms on Sourcewell contract.</p> <p>Step Seven – NAPA IBS will inform Sourcewell when a contract has been agreed to between NAPA and customer. NAPA sets the commencement date with customer and ensures all operational systems are in place during mobilization. For Sourcewell, this is the window where we turn flags on in our system to accurately report sales per our Sourcewell contract agreement.</p> <p>Step Eight – Contract tracking and reporting will be communicated to Sourcewell on a quarterly basis along with announcements of all new contracts.</p> <p>a) Yes – Our independent dealer network will be part of this proposal. Genuine Parts Company controls the process much like was outlined above for our independent dealer network. The dealer is responsible during the analysis phase to provide staffing, inventory and operational documentation. The dealer must agree to all of the terms of the Sourcewell IBS contract as well as the customization for a Sourcewell contract holder in the final agreement. To ensure these steps are made and done in our dealer network, Genuine Parts Company has provided an assignment document as part of the Sourcewell contract that must be signed by the customer, Genuine Parts Company, Sourcewell (if required), and the independent dealer as part of the contract process. The dealer is required to abide by the terms of the contract or will need to assign the business back to Genuine Parts Company.</p> <p>In order to maintain consistency and accuracy in reporting and contract fee payments, our NAPA headquarters team tracks and consolidates all company- and independently owned Sourcewell contract sales and reports them to Sourcewell directly.</p>	
48	<p>Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?</p>	<p>Our NAPA IBS operations typically do not accept p-cards for payment on our monthly parts statement or monthly operations charges statement. We do make exceptions where customers are required to pay us via p-cards. However, since our NAPA IBS operations bill customers for all operating costs incurred in our services, we will be required to bill back any p-card service charges incurred by our IBS store operations on the monthly operating statement bill. For this reason, most NAPA IBS customers do not use their p-cards for our monthly billing – as we would bill them back any service charges.</p>	

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *
49	Describe your pricing model (e.g., line-item discounts, product-category discounts or cost plus). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items and services that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	<p>Cost Methodology Reasoning &amp; Explanation:</p> <p>NAPA IBS has 26 years of best practice contract and pricing experience providing customized VMI solutions for government fleets. Our existing 50+ Sourcwell vendor managed inventory contracts and hundreds of government contracts are already on one of the pricing options listed below and their guidance has given us tremendous insights on how government agencies wish to have pricing outlined in these agreements.</p> <p>Our customers have made it very clear: Our government agencies want options when it comes to how goods and services are priced in VMI contracts. We have worked with hundreds of government finance, purchasing and operations teams to build three best practice pricing options that are universally used in fleet VMI parts and service contracts:</p> <p>NAPA IBS Option 1: No Markup Goods Pricing / Management Fee  NAPA IBS Option 2a: Not-to-Exceed 10% Margin Model  NAPA IBS Option 2b: Not-to-Exceed Pricing Profile 9074 / 25% Margin Model</p> <p>Currently NAPA contracts with hundreds of government agencies on this program. Currently we have 33% that use the option 1 price option, 55% using the Option 2a and 12% using Option 2b.</p> <p>In our agreement/contracts with our government agencies, the customer is allowed to select the pricing option that best fits their finance and business rules. All three pricing options are outlined below and are also supported with an explanation grid in our attached documents in this section.</p> <p>In each of these options there are two basic pricing components:</p> <ol style="list-style-type: none"> <li>1. Pricing of Goods</li> <li>2. Pricing of Monthly Operating Costs</li> </ol> <p>The mix of these two components deliver transparent billing for total cost of contract and also deliver the contractual ROI for NAPA making it a win-win public/private contract relationship.</p> <p>Our government customers feel these options provide the perfect balance of transparent costs of goods/services.</p> <p>Pricing Options:</p> <p>Each Sourcwell member contracting with NAPA IBS will have the choice of which of the following two model options suits their operation best. Both are negotiable within the framework of the model, include not-to-exceed pricing structures, and are proven concepts in use by government IBS customers today.</p> <p>Pricing Option 1) No Markup Goods Pricing / Management Fee</p> <p>Cost of Goods:  All goods are sold to customer with no markup.  Cost is determined by current product acquisition cost on sourced, non-NAPA branded goods. If the customer elects to use NAPA branded goods, they will be priced at the current NAPA jobber acquisition cost.</p> <p>Example: NAPA procures a Ford OE part at \$100. NAPA IBS sells that part to Sourcwell customer for \$100 with no markup.</p> <p>Operating Expenses:  The monthly operating expenses of the store, or cost of services, are billed separately to the customer at actual cost. No operating expenses are built into the price of goods. Operating costs are determined and outlined in contract – agreed to by the Sourcwell</p>

customer.

#### NAPA Management Fee:

A monthly management fee is also billed to the customer at a not to exceed 10% of their total cost of goods purchases for that month. This allows NAPA to realize contractual ROI.

#### Options:

For customers who prefer, we can combine the operating costs and ROI management fee into one fee and calculate a balanced budget monthly total fee. Some customers have even asked us to combine the operating costs and management fee into an hourly total fee that can be billed across actual hours of service for our on-site operation. Each customer operates differently, has different hours of operation and different staffing level needs. We have flexibility within this option to fit the needs of the customer.

#### Customer Benefits:

No markups are shown on goods purchases, creating a less impactful goods line item on budgets. Separate billing for true monthly operating costs and easy to calculate NAPA management fee (See option 1 sample operating cost model in attachment within this section)

#### Pricing Option 2) Not-to-Exceed 10% Margin on Goods/Monthly Operating Costs

Customers have two options in this model: a consistent not to exceed 10% percent margin on goods or a pricing profile option as described below.

#### Pricing Option 2a) Not-to-Exceed 10% Margin Model

##### Cost of Goods:

All goods are sold to customer at cost plus designated gross margin not to exceed 10% gross margin, defined as cost of good divided by .90 = selling price of good. This is a not-to exceed pricing structure.

Example: NAPA procures a Ford OE part at \$100. NAPA IBS sells that part to Sourcewell customer at \$100 divided by 0.90 = \$111. This is the formula to sell the product to the Sourcewell customer at 10% margin.

##### Operating Costs:

The operating expenses of the store, or cost of services, are billed to the agency separately to the customer at actual cost. Operating costs are determined and outlined in contract – agreed to by the Sourcewell customer.

##### NAPA ROI:

NAPA's ROI is built into the price of the good to arrive at a final net margin of no greater than 10% of total customer purchases.

##### Customer Benefits:

All NAPA ROI is built into the price of the good for simplicity of billing. All monthly operating expenses are billed at cost and no separate management fee is billed (See option 2a sample operating cost model in attachment within this section).

#### Pricing Option 2b) Not-to-Exceed Pricing Profile 9074/25% Margin Model

##### Cost of Goods:

NAPA-branded goods are sold to customer on our NAPA Sourcewell Government Pricing Profile 9074. NAPA branded goods are sold to the customer at a higher margin on our not-to-exceed list less pricing outlined in detail in the attachment within this section. Non-NAPA (sourced) goods are sold to customer at a not-to-exceed 25% gross margin, defined as cost of goods divided by 0.75 = selling price. This is a not-to exceed pricing structure.

Example: NAPA procures a Ford OE part at \$100. NAPA IBS sells that part to Sourcewell customer at \$100 divided by 0.75 = \$133. This is the formula to sell the product to the Sourcewell customer at 25% margin.

		<p><b>Operating Costs:</b> The operating expenses of the store, or cost of services, are paid entirely by NAPA and not charged to the customer as they are built into the price of the good.</p> <p><b>NAPA ROI:</b> NAPA's ROI is contractually built into the price of the good to arrive at a final net margin of no greater than 10% of total customer purchases.</p> <p><b>Customer Benefits:</b> All NAPA ROI and operating expenses are built into the price of the good for simplicity of billing. No separate management fee or operating expenses are billed. This is a popular option for customers that do not want a separate operating fee and wish to bill the cost of operating and NAPA's ROI out as part of the price of goods so they can share the expense across the departments proportionately by the departments that buy the most goods (See option 2b sample operating cost model in attachment within this section).</p> <p><b>Acquisition Cost Definitions</b></p> <p>Because all of our parts pricing is based directly on acquisition costs, the following is an explanation of how we arrive at our acquisition costs:</p> <ol style="list-style-type: none"> <li>1. For Non-NAPA, or sourced, goods – i.e. OE parts, tires, bulk fluids, proprietary parts, outside services, etc. – the pricing passed on to our customer is our current acquisition cost plus whatever our contracted margin is for that good. We provide transparent documentation of all supplier invoices, so the customer knows exactly what they are paying for each part.</li> <li>2. For NAPA branded products that we source internally, customer pricing is based on our current NAPA jobber acquisition cost plus whatever our contracted margin is for that good. This can be a significant savings for our customers if they choose for us to provide our own NAPA-branded goods.</li> </ol> <p>In our attached documents, we have provided a sample agreement and sample monthly operating expense examples that demonstrate each pricing model proposed. Our customers appreciate the transparency in our operating cost models when they are not surprised with unknown mobilization costs, startup costs or incremental costs throughout the term of a contract. As a publicly traded company, our transparent operating statements are held to a high standard. When we engage with customers on contract options, customers are allowed to add specific terms and conditions to customize their contract and select the pricing option and business model that best fits their operation.</p>
50	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	<p>NAPA IBS is a VMI service program so the products we issue are a function of the services we provide. One of the top priorities of the program and most impactful services we conduct is to facilitate and negotiate ways to reduce the acquisition cost of our products, which in turn represents the discount our customers receive. Competitors who offer specific discounts often do so with no mention of the original cost of the part, resulting in higher prices that appear to be a good deal. Because parts in the IBS model are priced based on acquisition cost, all discounts we negotiate with our vendors are automatically passed on to our customers and we don't have to incur markups on products that are sourced internally.</p> <p>Here is how we arrive at our acquisition costs:</p> <ol style="list-style-type: none"> <li>1. For Non-NAPA, or sourced, products (non-NAPA branded goods – i.e. OE parts, tires, bulk fluids, proprietary parts, outside services, etc.), the pricing passed on to our customer is our current acquisition cost plus whatever our contracted margin is for that good. We provide transparent documentation of all supplier invoices, so the customer knows exactly what they are paying for each part. NAPA IBS currently works with thousands of national brands and holds a national database of pricing for our customers as a comparison of the pricing offered by local, regional and national vendors to their project.</li> </ol>

2. For NAPA branded products that we source internally, customer pricing is based on our current NAPA jobber acquisition cost plus whatever our contracted margin is for that good. This can be a significant savings for our customers if they choose for us to provide our own NAPA-branded goods.

The way we arrive at discount rates differs depending on the pricing model a customer selects. The following is a general breakdown of the estimated discounts received in each model:

Pricing Option 1: No Markup Goods Pricing/Management Fee

- Non-NAPA Branded Goods – NAPA IBS sources non-NAPA branded goods from thousands of local, regional and national suppliers. Depending on the products our customers ask us to source, we have seen realized discounts of up to 40% off certain published List pricing, where published List pricing is available.
- NAPA Branded Goods – NAPA-branded products have varying discounts off of list price in this option. Customers that elect to use NAPA products in their contracts may realize discounts of up to 84% off certain NAPA List pricing.
  - o Note: This model realizes no gross margin at the point of sale and a management fee is collected in order to obtain part margin and the operational cost reimbursement

Pricing Option 2a: Not-to-Exceed 10% Margin Model

- Non-NAPA Branded Goods – NAPA IBS sources non-NAPA branded goods from thousands of local, regional and national suppliers. Depending on the products our customers ask us to source, we have seen realized discounts of up to 30% off certain published List pricing, where published List pricing is available.
- NAPA Branded Goods – NAPA-branded products have varying discounts off of list price in this option. Customers that elect to use NAPA products in their contracts may realize discounts of up to 82% off certain NAPA List pricing.
  - o Note: This model realizes 10% gross margin at the point of sale and a management fee is applied to obtain the operational cost reimbursement

Pricing Option 2b: Not-to-Exceed Pricing Profile 9074/25% Margin Model

- Non-NAPA Branded Goods – NAPA IBS sources non-NAPA branded goods from thousands of local, regional and national suppliers. Depending on the products our customers ask us to source, we have seen realized discounts of up to 15% off certain published List pricing, where published List pricing is available.
- NAPA Branded Goods – NAPA-branded products have varying discounts off of list price in this option. Customers that elect to use NAPA products in their contracts may realize discounts of up to 70% off certain NAPA List pricing.
  - o Note: This model realizes approximately 25% gross margin, based on product mix, at the point of sale and a no management fee is collected in order to obtain part margin and the operational cost reimbursement

Each pricing option, regardless of the gross margin realized at the point of sale, results in very similar net results for the Sourcewell member and NAPA IBS. These options are provided to showcase NAPA's flexibility to work with a Sourcewell member inside of their control environment. The NAPA IBS program affords all Sourcewell members the opportunity to take advantage of NAPA's local, regional, national and global purchasing power. This includes negotiated discounts on certain goods. From time to time at a supplier's sole discretion additional discounts may also be offered outside of the typical discount off List price as well. NAPA IBS delivers all available discounts to Sourcewell members at the point of sale. It is important to note that discounts and the listed percentages are subject to change and or vary due to local regulations, supplier program changes and other events.

51	Describe any quantity or volume discounts or rebate programs that you offer.	Based on our cost-based model, we do not provide rebates as part of a volume program with our IBS customers. We are an aggressive advocate for cost reduction on parts for our vendor managed customers. Any negotiated discounts are included at the invoice level and realized at the point of sale. Parts are sold to our customers based on acquisition cost and the pricing model selected at contract. The true cost savings for the customer is encumbered in the total solution of NAPA IBS – cost savings come from buying parts and supplies at the “after discount” price net acquisition cost on parts, inventory reduction and/or acquisition, transaction cost reductions, and shop productivity.	*
52	Propose a method of facilitating “sourced” products or related services, which may be referred to as “open market” items or “nonstandard options”. For example, you may supply such items “at cost” or “at cost plus a percentage,” or you may supply a quote for each such request.	<p>The NAPA IBS program offers a brand-agnostic approach to stocking parts rooms that gives each customer the choice of what combination of OE and aftermarket brands and product lines they want us to stock. Aftermarket parts have become a crucial savings vehicle for many Sourcewell members so our Sourcewell customers benefit because we are a direct supplier of these items that comprise a significant portion of their spend.</p> <p>For products that are outside of our supply chain or that are simply preferred by fleet or facilities management, we have a large automotive and non-fleet vendor network that we can turn to. We regularly source PPE products, outside repair work and other non-traditional inventory requests for Sourcewell customers across the US and Canada and we don't add any additional markups for doing so. The pricing model that we have in place applies to any part we stock regardless of the source. With NAPA IBS, the goal is to build an inventory that fits the customer, not one based on our preferences or agenda. Furthermore, we provide transparent invoices from all suppliers so our customer can see acquisition costs and make smart purchasing decisions.</p> <p>Due to our affiliation with NAPA, we do have the important ability to source a vast selection of parts from our internal supply chain, saving the customer significant dollars when they choose to go that direction. We work with 1,300+ outside vendors to source parts for our Sourcewell customers today, but the cost savings offered by supplying NAPA parts makes NAPA the number one stocked brand across our IBS parts rooms. Stocking NAPA parts offers a dramatically reduced acquisition cost versus what our competitors pay for the same parts. Vendors without this internal supply chain pay and pass on to the customer multiple markups on aftermarket parts.</p> <p>Finally, our national footprint creates buying power with our suppliers that reduces overall acquisition costs, and therefore final pricing, but it also guarantees one more thing: The potential loss of a large customer in the IBS world would not have an impact on our ability to achieve the best pricing and service from our suppliers, adding stability to our service that not all competitors who rely on just a few large accounts can provide.</p>	*
53	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	<p>The only additions to total cost outside of our acquisition costs may be special request projects like IT projects, special freight requests, customer equipment purchases, third-party involvement agreed to by the customer, or overtime charges that come up as part of our agreement. Those expenses are 100% verified and agreed to by a customer before they are ever billed or charged as part of our services.</p> <p>We have seen several cases where competitors charge additional fees that raise the overall cost of services, but we do not charge any of the following through the NAPA IBS program:</p> <ul style="list-style-type: none"> <li>• Standard mobilization or installation costs</li> <li>• Internal freight</li> <li>• Technology integration costs on solutions we already provide</li> <li>• Markups on operating expenses</li> </ul> <p>We provide transparent and accurate costs of our program up front and throughout our contracts. Our pricing model stays consistent throughout the contract and can be easily amended for the changing needs and scope changes from any Sourcewell members.</p>	*

54	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	<p>As part of our IBS services, the only freight or shipping costs come in the form of special order parts and supplies as requested by the customer.</p> <p>For example, if we have a specific application part that is an emergency and the only supply for that particular part is from a vendor in another state we provide the customer with a freight approval for and will only ship upon approval from authorized Sourcewell IBS customer approver. Freight and shipping on special order items is billed to customer on the itemized operating statement on a monthly basis and is billed at cost with no markup. In addition, freight for these special order items is included on our invoice along with the part for auditing and tracking.</p> <p>NAPA branded parts are primarily supplied from our closest NAPA Distribution Center at no freight charge to the customer. Our NAPA Distribution Centers are available for parts supply 7 days per week for our On-site NAPA IBS stores. Nightly freight deliveries to IBS locations are available on Monday-Friday with special pickups and deliveries on weekend.</p> <p>We also handle a huge array of local, regional and national non-NAPA vendors. Our goal is to have a vast majority of stock on hand to avoid freight charges. We work with all vendors to deliver us parts at cost – with no separate delivery charges.</p>	*
55	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	<p>We have no requirements or restrictions for Alaska, Hawaii or Canada within the services in our RFP response. NAPA IBS has brick and mortar warehouse locations and employees in Anchorage, Honolulu and throughout Canada, as well as multiple company and independent NAPA dealers in multiple markets in both states that can and currently do provide services outlined in this RFP.</p> <p>NAPA also has export distribution centers on the West Coast (Sacramento) and East Coast (Miami) that already have international channels of distribution in place that can expand our services proposed in this agreement to the Caribbean, Central America, South America, and the South Pacific (including Guam).</p> <p>Since we have brick and mortar store and warehouse operations in Alaska, Hawaii and Canada, they will have the exact same benefits as all other 48 states. Since they are part of the Genuine Parts Company family and NAPA network – NAPA branded products are delivered at the same cost as the mainland US. Freight and shipping for special order parts and parts not available through local and regional vendors would be vetted the same as in the 48 mainland states. Freight charges would be on an approval basis from customer on special order and national vendors.</p> <p>Genuine Parts Company owns our own private fleet company in Rayloc Merchandise Distribution Services (RMDS). RMDS provides transportation solutions for all of GPC's U.S. based companies. RMDS is often called upon to deliver weather related emergency relief supplies and provide solutions for any other special projects the GPC family orchestrates. RMDS is headquartered in Atlanta, GA and has cross-dock facilities in Atlanta, GA, Cedar Rapids, IA, Charlotte, NC, Hagerstown, MD, Indianapolis, IN and Memphis, TN. RMDS logistical services are available to Sourcewell Members and upon request we can get our logistics professionals to review opportunities and work towards value add solutions. Because we have our own distribution network, we are able to significantly lower the cost of freight for our Sourcewell member customers.</p>	*
56	Describe any unique distribution and/or delivery methods or options offered in your proposal.	<p>NAPA IBS has several unique offerings within our contracts that provide solutions to our customers, including:</p> <p>Brick-&amp;-Mortar Infrastructure – We have an unparalleled existing infrastructure of distribution and current VMI solutions across the US and Canada. With more than 6,000 retail stores, 52 major distribution centers, 55,000 employees and 400+ current IBS VMI operations active today, our ability to provide these services quickly, effectively and on budget is unmatched.</p> <p>Product Diversity – our distribution network includes the largest and most diverse product catalog of any service provider in the VMI world, including:</p>	

- 465,000 SKUs of NAPA branded parts
- 4 Million SKUs of MRO, Industrial, Office and other products through Motion Industries
- Millions more through our network of 1,300+ external supplier partners

Off-site inventory services – Sometimes space, location or labor issues may require us to provide an off-site dedicated warehousing or parts supply operation for our customers. We have multiple examples where customers have asked us for an off-site solution. In these cases, we are able to manage inventories remotely through our IBS HUB consignment program. Having consignment or off-site inventory loaded into our technology allows us to monitor what has been used, what needs replenishment and what to bill the customer for. Periodic manual counts will be conducted by NAPA IBS personnel to reconcile all unmanned satellite locations and consignment inventories. This offsite inventory management also applies to customer mobile units and service vehicles that carry emergency inventory that is not held at a specific brick-and-mortar location.

Hub and spoke services – In some cases we have customers that have multiple sites but do not require staffing at all locations. In these cases, we can model a hub and spoke inventory management system using people, technology, bar coding and standard operating procedures to accomplish the parts management goals of our customers. The unique nature of NAPA's brick and mortar operations – 52 master distribution centers and 6,000 retail outlets – gives us a unique footprint on the ability to source both NAPA and non-NAPA parts and supplies for our fleet customers...as well as deliver those products in an expedited manner leveraging our dedicated brick and mortar assets and logistics. This allows us to keep staffing costs in check and provide manned and unmanned services to fleets that are mobile or geographically broad in nature. The fact that we have so many brick and mortar sites and daily delivery to these sites...along with 400+ dedicated vendor managed inventory sites (NAPA IBS) allows us to give our government/education customers unparalleled service and availability.

Virtual Inventory Exchange Warehouse (VIEW) – IBS VIEW is a module within the IBS HUB system that facilitates the exchange of inventory between IBS sites, whether within the same organization or outside of it. This reduces obsolescence, shares outside pricing levels that can help us negotiate better deals and helps find hard-to-source parts. It also integrates with UPS labeling and shipping modules to make a one-stop-shop for moving parts.

Electronic vending machine/RFID solutions: We work with multiple suppliers of vending technology – including vending machines and RFID solutions to address specific non-manned solutions. In these cases, we build the standard operating procedures and cost/benefit analysis for customers to use this technology to decide if it is the proper fit.

MRO warehouse supply management – In addition to fleet supplies, many of our municipal customers ask us to use the same technology, staffing, and inventory tools we do in fleet-related operations. We have the capabilities and vendor relationships to add this as an added value service to our IBS operations. We currently hold Sourcwell contract #121218 for MRO inventory management.

Technology Solutions – With our dedicated IBS headquarters team we also have the ability to partner with the billing, finance, and management of fleet and government/education fleet operations to work on custom integration solutions for their fleet or enterprise procurement platforms – all meant to drive transactional efficiency and cost reduction in the day to day process of ordering parts and supplies.

Custom technician training solutions – We are dedicated to helping productivity in the shop through shop training – paced at the speed of the shop. Whether it is on-line, on-site or classroom study, NAPA IBS has tools to keep the government/education fleet technicians and fleet managers on the cutting edge. [www.NAPATraining.com](http://www.NAPATraining.com)

	<p>Warranty Tracking – Our IBS HUB system identifies, tracks and facilitates warranty, core and return processes to make them as automated and easy for the customer as possible. Over time, we can identify common product issues and work with suppliers to resolve them without the customer having to do any work.</p> <p>Financial Investments – As a Fortune 200 organization, our parent company Genuine Parts Company has the unique ability to make financial investments in Sourcewell members to make sure they have the parts they need on the shelves. Other providers shy away from investing in proper inventory levels, resulting in longer wait times, expedited freight costs and low fill rates.</p>

**Table 13: Audit and Administrative Fee**

58	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	<p>NAPA IBS employs an in-depth, multitiered audit system that extends from self-audits to third-party corporate governance.</p> <p>Self-audit process/program: NAPA IBS manages a similar process with audits on all 400+ IBS contracts nationally.</p> <p>Corporate auditing and governance: As a publicly traded company, Genuine Parts Company is guided by Sarbanes-Oxley corporate governance and auditors as part of our public responsibility. Our business units in all company operations – including IBS - are audited on a regular basis.</p> <p>IBS Corporate Auditing: Genuine Parts Company supplies each of our IBS locations with 3rd party inventory auditing through 3rd party contract inventory teams – per Sarbanes Oxley regulations. Each Sourcewell/NAPA IBS customer agreement will include monthly monitored electronic tracking of all customer purchases handled through our NAPA Headquarters in Atlanta, GA. The contracts will be subject to a quarterly compliance business review with involvement from the contract owner (GPC or independent dealer) and the customer and will be signed off and logged at NAPA Headquarters) for compliance.</p> <p>NAPA Internal Audits: NAPA internal audits occur at a minimum twice a year before and after our interim write off period. Stores scoring less than 85% will get re-audited to ensure the non-compliance items are corrected. GPC Internal Audit and NAPA team members use the national “APG Store Loss Prevention Review” guidelines to randomly select and audit stores and to discuss results in detail with management and senior leadership. Due to the random nature of these audits we are unable identify the frequency. The regular NAPA audit is used to ensure a location is ready for GPC internal Audit.</p> <p>NAPA external audit is conducted by EY and assisted by Moore Colson. These audits require quarterly, interim and annual support and are reviewed by GPC Sr. Leadership and used to sign off on the company financials and 10K documentation.</p> <p>Parts Pricing and Operations Statements Compliance: Our HQ's IBS operations department listed in this response produces and reviews month end contract compliance reporting to ensure each customer's prices match their specific agreements and with any deviation reported to the operations for corrections. This team performs quarterly</p>

		<p>pricing reviews along with our local operations to ensure our customers receive contract pricing per our agreed Sourcwell contract. Our on-site point of sale system will be the system of record for all transactions – and we have dozens of daily, weekly and monthly reporting available to any IBS customer for contract compliance. In many of our IBS sites, we are very familiar with contract compliance and audit measures, so our team is seasoned to report and audit our operations. This transparency is reflected in our IBS Sourcwell contract agreement attached. As a rule, in many of our IBS contracts, we provide a specific market basket of products to our customer with specific margins and costs to ensure compliance – typically on a quarterly basis. Our customers may pick the parts from parts acquired in the contract and may ask us to do an analysis on our contract price vs. the price charged. We then produce specific reports and billing showing specific contract price to ensure compliance. The audit needs of our Sourcwell contract customers may differ so we write the information requirements specifically in our contract language. NAPA IBS lives in a transparent government and education fleet environment every day and takes price compliance very seriously.</p> <p>One additional note: All IBS customer purchases are stored and protected in our GPC secured network daily. Purchases are held in two separate secure corporate servers/data warehouses and preserved for the term of the contract for internal and external audit purposes.</p> <p>Sourcwell Marketing Requirements: In regard to marketing and advertising requirements, our VP of IBS will assign the designated IBS Marketing Coordinator to ensure the IBS website has the most current Sourcwell marketing materials posted and maintained monthly.</p> <p>Reporting Compliance: Our IBS Operations Department will be notified of all new members and will ensure that the locations purchases are properly tracked to insure accurate quarterly reporting to the designated Sourcwell representative. Under our current contract, we have customized reporting on our Sourcwell contract for the co-op. We can deliver SKU-level data and overall program progress to Sourcwell on quarterly basis.</p>	
59	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	<p>NAPA IBS proposes a 1% fixed percentage fee paid to Sourcwell based on monthly total net sales of the IBS to the Sourcwell contract customer – on all IBS contracts using the Sourcwell contract as vehicle. This fee would be payable to Sourcwell on a quarterly basis directly from NAPA headquarters – regardless if the Sourcwell IBS contract was through a company or independent location. NAPA HQ will handle the sales tracking, reporting, audits, and fee disbursement. The 1% fee will be paid by NAPA Headquarters directly to Sourcwell – none of these fees will have an economic impact on the actual end user IBS Sourcwell customer. These payments to Sourcwell will not reflect in the price of the parts or services paid by the IBS contract customer.</p>	*

**Table 14A: Depth and Breadth of Offered Equipment Products and Services**

Line Item	Question	Response *
60	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	<p>NAPA Integrated Business Solutions (IBS) is a customized on-site (or off-site) vendor managed parts and supplies inventory management program offered by NAPA Auto Parts under the trademark name Integrated Business Solutions. Genuine Parts Company/NAPA has engaged in this specific service offering for more than 26 years.</p> <p>In the simplest form NAPA IBS is a service for fleet customers in any government segment (State, DOT, City, County, Utility, etc.) or education segment (Higher Education and K-12) where the customer has a need to more effectively manage the parts, supplies and materials it takes to maintain their fleet vehicles. NAPA's on-site store program provides the following benefits:</p> <ul style="list-style-type: none"> <li>On-site, vendor managed, inventory consisting of commonly used items. These</li> </ul>

items are purchased and held at NAPA's expense and are charged to the customer only when used for a given maintenance or repair.

- Dedicated staff providing on-site parts related services.
- Procuring, stocking, and issuing of automotive parts including both NAPA branded and non-branded items.
- Work order system integration to ensure parts and equipment are timely and accurately charged to vehicle maintenance and cost records.

These services greatly reduce the involvement of agency personnel in the acquisition and administration of parts enabling improved departmental focus on core functions and responsibilities.

Today, NAPA IBS operates over 400 on-site locations for multiple government and private fleet and warehousing operations in the US and over 20 sites in Canada.

Each IBS contract is unique because each fleet we service has different hours of operation, different vehicles, varying ages of vehicles, and unique staffing situations... no two fleets are the same. Each IBS location is customized for the government/education customers business. We start with a fresh scope of work and use industry best practices as benchmarks, then build a customized service and store structure around the government agency's needs (people, vendors, services, hours, space, and inventory).

NAPA IBS works with government administrations, procurement and fleet operations to develop a custom contract and scope of work. Once contract terms are agreed to, we mobilize staffing, inventory, standard operating procedures, billing processes and regular contract compliance reporting. When onsite, NAPA IBS manages any product our customers need us to handle (NAPA and Non-NAPA Automotive/Truck/GSE Parts, OE parts, office supplies, safety material, tires, bulk fluids, and more).

Under the Sourcwell agreement, the NAPA IBS store will be physically located within the customer's fleet shop or facility. NAPA will staff the location with full-time employees dedicated to that customer. NAPA will work with the customer's personnel to identify existing inventory with low utilization and will provide management with recommendations for disposition. NAPA will then procure commonly used items and supplies used by the agency, at its own cost, to stock the On-Site Store. NAPA's assigned resource will be responsible to procure all automotive and heavy truck related items, whether or not these are available through NAPA or through any other source. All items, whether issued through the On-Site Store, or procured by NAPA on the agency's behalf will be entered into the agency's work order management system.

Our current Sourcwell customers have experienced immediate benefits leveraging a cooperative contract to employ our onsite location service. Some key benefits include:

- Contracting Speed and Simplicity – Every government entity wants to be able to build contracts and solutions that meet their specific needs and working through Sourcwell and NAPA IBS they have been able to do that while avoiding a laborious and expensive RFP process. Especially in a year of pronounced operational difficulties and global crisis, solutions like this one have helped governments get the help they need more quickly and efficiently.
- Immediate Inventory Reduction – NAPA IBS owns the parts supply and inventory. In many cases, we buy the existing non-obsolete parts the customer stocked prior to IBS, relieving them of the inventory investment. Then we add additional inventory on NAPA's investment to support the fleet and improve fill rates. NAPA IBS stores sell our contract customers parts and supplies as they need them – on-demand... dramatically reducing the expensive world of owning and managing inventory. The customer only pays for the part when they use it.
- Staffing – NAPA IBS provides the staff to run the parts operation during the hours the customer needs us. This staff is 100% dedicated to their contract customer and will also be available to cover the parts operation after hours and in emergency situations if needed).
- Transaction Cost Reduction – NAPA IBS works with fleet departments and procurement departments to reduce the number of transactions by reducing paperwork and reducing the vast number of vendors usually servicing a fleet. We source from all vendors NAPA and non-NAPA and provide our customers with one bill at the end of the month. By consolidating the monthly parts bill into one statement, our customers experience a big transactional cost savings reduction by paying one bill versus hundreds.
- Technology Advances - NAPA IBS also works to reduce transactional time and cost by integrating our exclusive IBS HUB point of sale system with existing fleet and warehousing software systems. By integrating with a fleets existing software platform,

we help them leverage a major investment they have made in their fleet software and fully utilize the billing, reconciliation, work orders, and reporting available in their software. Most importantly, it ensures that all parts and supplies used in the shop get billed to a proper work order – allowing our customers the auditability of what they do in their fleet operations. NAPA seamlessly integrates with dozens of the most popular systems on the market (including Assetworks – Fleet Focus, FA, M5, Faster, RTA, Dossier, Chevin).

- Shop Productivity Improvement -- NAPA IBS on-site store handles the day-to-day productivity killers (parts management, paperwork, cores, defects, warranties, new part returns). A very important part of our service is providing regular reporting of on-demand fill rates. Between inventory management, customized min-max services and our nationwide vendor network, NAPA IBS builds a transparent, auditable inventory plan with our customers that builds in specific KPI's and benchmarks for on-time parts delivery to the technicians. Our goal with this is to eliminate the expensive downtime in a shop spent waiting for parts delivery in the traditional parts procurement system. Our goal is to help the government/educational customer by keeping technicians turning wrenches through having the proper inventory on hand and taking the ball on parts pickup and service to ensure the shop gets their parts on time – by dealing with hundreds of vendors.

Within the scope of these services, we are able to source, manage and provide a vast array of product categories from our internal and external supply chains to be a single-source supplier for Sourcewell customers. Some of the products we regularly supply include:

- OE & Aftermarket Automotive Parts
- Light, Medium & Heavy Duty Truck Parts
- Off-Road & Construction Equipment
- Marine Parts & Equipment
- Transit-Specific Parts
- Agriculture Parts
- Tires
- Fluids & Chemicals
- Shop Supplies
- MRO Products
- Chains
- Tools & Equipment
- Lifts & Jacks
- Vehicles
- Hydraulics
- Janitorial Supplies
- Office Products
- Paint
- and more...

We offer such a breadth of sourced and internal NAPA goods to provide our government customers a perfect mix of OE and aftermarket options. Our role is to provide fleets with options that allow them to select the products they want that meet their quality, warranty, price and availability criteria, regardless of brand. The choice is theirs.

While we work with more than 4,000 manufacturers and distributors, we have included a sample line card of the top sourced suppliers as well as NAPA-branded light, medium and heavy duty products in the supplemental uploads section.

63	Logistics Management Solutions	<input checked="" type="radio"/> Yes <input type="radio"/> No	<input checked="" type="radio"/> Yes <input type="radio"/> No	<p>In addition to our core function of sourcing and managing Sourcewell customer inventory, we provide a long list of logistics services that make their overall fleet operations run more effectively. What this does is creates a menu of service options for each customer that allows them to customize exactly what we do for them so we know their needs are met. The following are several examples, but not an all-encompassing list, of store and warehouse logistics we manage in the IBS program:</p> <ul style="list-style-type: none"> <li>• IBS HUB – our proprietary inventory and order management system controls all aspects of analyzing inventory status, placing and tracking orders and deliveries, managing pricing and more so the parts operation is predictable for the customer and runs efficiently.</li> <li>• Barcoding – NAPA IBS barcodes and location codes every item in the parts room, whether NAPA product or sourced product, so we can tell the customer exactly what is on the shelf, where it is, and can get it to them quickly when needed.</li> <li>• Cores/Warranty&gt;Returns Tracking – We track all core and warranty eligible items in IBS HUB as soon as they are issued to the customer. This way, when a</li> </ul>

				<p>product is returned to the parts room, we can identify what the appropriate way to process it is. We also handle all claims with the manufacturers/suppliers for the customer.</p> <ul style="list-style-type: none"> <li>• Delivery Tracking – IBS HUB provides reporting that shows all orders that have been placed, when they are scheduled to arrive, and what units and work orders are waiting on these parts. This helps the customer know when their units will be back in service and eliminates time spent trying to track down orders.</li> <li>• Off-Site Inventory Management – NAPA IBS can manage remote and/or consignment inventories. Unmanned location inventory is managed, replenished and billed through our IBS HUB system. The technology reduces the required headcount to run a customer's parts operation, saving them dollars.</li> <li>• JOEI/NAPA Express – These proprietary sourcing systems allow our IBS store personnel access to our nationwide distribution network to find the parts they need easily. We are also tied into our outside suppliers' inventories so NAPA and non-NAPA parts can be acquired in the best way possible every time.</li> <li>• Virtual Inventory Exchange Warehouse (VIEW) – IBS VIEW is a module within the IBS HUB system that facilitates the exchange of inventory between IBS sites, whether within the same organization or outside of it. This reduces obsolescence, shares outside pricing levels that can help us negotiate better deals and helps find hard-to-source parts. 				<p>IBS employs digital warehousing solutions, when beneficial to a fleet operation, through JD Edwards and Manhattan IO platforms.</p> <ul style="list-style-type: none"><li>• Shuttle System – NAPA IBS uses innovative shuttle systems to streamline parts supply to our customers by utilizing routes that strategically connect our distribution centers, retail stores and IBS shops.</li><li>• NAPA AutoCare Centers - NAPA Auto Parts partners with over 14,000 independent automotive repair shops to provide high quality automotive repair and maintenance parts to ASE service professionals. NAPA AutoCare is the largest network of independent mechanics in North America. So, if it is time for routine maintenance or if a Sourcewell member needs major repairs, there is a NAPA AutoCare ASE Certified mechanic nearby. NAPA is highly motivated in partnering Sourcewell members contracted with IBS with our independent network of repair facilities to increase their technician productivity and reduce asset downtime by contracting out certain jobs to local small business NAPA AutoCare facilities. Ensuring the same quality parts are being used on all Sourcewell members equipment and possibly reducing costs by reducing the need of overtime contract mechanics for automotive work.</li></ul>

64	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	<p>The following items are specific, trackable metrics that, if awarded this contract, we will use to measure our success in growing our Sourcewell footprint through the IBS program:</p> <ol style="list-style-type: none"> <li>1. Contract Renewals: The ability to renew our existing 50+ Sourcewell IBS contracts through the term of the new contract means customers are happy with the program and partnership we have built and guarantees future revenue for NAPA and Sourcewell.</li> <li>2. Existing IBS Contract Conversion: We make a concerted effort to promote the Sourcewell contract to our existing standalone customers as a way to continue their service with us without having to issue an RFP. Converting non-cooperative contracts to Sourcewell is a great way to grow our success.</li> <li>3. New Sourcewell Contracts: Acquiring new government fleet customers through the implementation of the Sourcewell IBS contract is the most impactful way to grow NAPA's and Sourcewell's business simultaneously.</li> <li>4. Customer Satisfaction Surveys: Every quarter, our local management teams meet with every IBS customer to discuss key wins, opportunities for improvement, and the state of the relationships. Following each of these reviews, the customer submits a satisfaction score that is tracked by NAPA Headquarters. The scores our Sourcewell customers give us are a strong indicator of our ability to deliver on the promise of what we offer.</li> </ol>	*
65	Describe your strategy regarding the disposition of existing and remaining inventory at the start of and conclusion of a Participating Entity utilizing your services.	<p>As part of taking over the stockroom NAPA IBS understands the desire of Sourcewell members for NAPA to purchase the existing inventory that is currently on hand at the Sourcewell members location. NAPA's financial requirements can allow, upon review and approval, for NAPA to purchase inventory from a Sourcewell member that is in new, sellable condition, fits the current fleet and has verified issuance history in the most recent 12-month period immediately before the purchase. In addition to the sales justification inventory purchase standard NAPA is also required to complete a full wall to wall inventory to validate the purchase.</p> <p>Another option, if preferred by the customer, is for NAPA to manage existing parts room inventory for Sourcewell members utilizing NAPA's inventory management systems and issuing the inventory at \$0.00 to Sourcewell members until the inventory is depleted and replaced with NAPA owned and managed inventory.</p> <p>At the conclusion of a contract - defined as termination, expiration, or non-renewal of the contract -NAPA shall require the Sourcewell member to purchase all non-NAPA branded inventory owned by NAPA and located in the on-site store(s) at NAPA's most recent acquisition cost. Additionally, the Sourcewell member shall have the option to purchase all NAPA branded inventory, owned by NAPA and located in the on-site store(s) at NAPA's current jobber net acquisition cost. This will help any Sourcewell member in their transition period if they choose to separate from NAPA.</p>	*
66	Describe how inventory owned by a Participating Entity is managed.	<p>As mentioned in Question #65, NAPA has the ability to enter customer-owned inventory into our inventory management system and manage it for them. When requested by a technician, we can then issue the parts to them at a cost of \$0.00. This allows the customer to still realize the benefits of our inventory management best practices, technology and reporting, without having to conduct a financial transaction on either end of the process.</p> <p>In this system, their inventory would gradually be depleted as requested and would generally be replenished as NAPA IBS-owned inventory after that. Customers often ask us to show them regular status updates on their inventory position and depletion and managing it this way allows us to easily provide them with that information. Certain items, however, such as rare-use parts, critical spares or customer rebuilds, may be replenished and billed to the customer upon receipt but still managed by NAPA in the same way as described above.</p>	*
67	Describe your ability to integrate fleet software into your inventory management program.	<p>NAPA IBS offers exclusive fleet software integration capabilities for on-site and off-site vendor managed services. We also offer more in-depth integration capabilities within our IBS operations where customers may wish to have their current fleet software system integrate with our NAPA IBS point of sale system. This allows electronic transfer of work order parts orders, consolidated billing, data transfer, reporting, and down vehicle reporting to be integrated within our electronic point of sale system, improving shop productivity and ensuring all parts get placed on work orders and are billed correctly. Some of these integrations also allow for invoice reconciliation to happen electronically, dramatically improving productivity time for fleet and accounting departments.</p> <p>NAPA IBS is the only vendor submitting a response to this RFP with the full capability to provide these types of integrations. Others claim to integrate technologies but only offer a mass data dump at the end of each day. What we offer Sourcewell members means real-time data and reporting available to them on demand, a true view of where their shop or facility stands at any moment, and a</p>	

customizable experience for their users that ensures their operational needs are met.

Successful examples of NAPA IBS integrations to third-party fleet and facilities software systems include Assetworks FA and M5, Faster, RTA, Dossier, Chevin, and many more.

In Gwinnett County, Ga., an IBS customer for more than 10 years that adopted the Sourcewell IBS contract in 2020, their fleet management division utilizes AssetWorks software as the driver behind its entire fleet operation. NAPA worked with the County to build a custom integration between our IBS HUB system and their AssetWorks interface to create a more efficient way of doing this and the results were immediate. The County has reduced approximately eight to 10 man hours per day by reducing redundant parts keying and work order reconciliation, saving them valuable time and real dollars. Previously, a daily reconciliation report took four or more hours to compile and review, but today it has been automated and can be audited in under five minutes.

NAPA IBS also has the capability to provide digital cataloging through punchouts and EDI interfaces placed directly within a customer's enterprise procurement system. On our e-commerce website, [www.NAPAIBIZ.com](http://www.NAPAIBIZ.com), we show companies that use large eProcurement programs how to register with NAPA to access our NAPA catalog. Platforms supported include Ariba, SAP, Oracle, Epicor, Katera, Jaggaer, Proactis/Perfect Commerce, Coupa and more. We also offer digital warehousing solutions with JD Edwards and Manhattan products.

Developing and managing this important technology requires time, financial investment and considerable manpower, so NAPA has invested heavily in a dedicated IT team that can support our operations and our customers throughout the life of our contract:

Donna Wright Walsh	Director, IT & Integrations
Jim Welch	Sr. Business Analyst
Kevin Osborn	Sr. Analyst

In addition to direct integrations, we also offer unique specialized technology and internet tools that are built into the IBS system, including:

**PULSE – Market Inventory Classification System** – This tool is used by NAPA to list most vehicles in a fleet and find/stock all applicable replacement parts. This tool will aid NAPA in maintaining the right mix of inventory for our customers.

**ProLink Connectivity** – NAPA can provide any PC located in our customers facility access to NAPA ProLink. This is an internet-based tool to check inventory levels, costs, etc. on parts stocked in the Full-Service Shop and Self-Service Shop ([www.napaprolink.com](http://www.napaprolink.com)).

**FleetCross – Medium/Heavy Duty OE/Aftermarket E- Catalogs** – NAPA can provide our customers facility with access to FleetCross on the web ([www.fleetcross.com](http://www.fleetcross.com)). NAPA will utilize its contract with FleetCross to provide IBS stores customized parts and service referencing systems for many OE vehicles, equipment, and parts.

68	Describe your reporting and data analysis capabilities and the frequency with which it is provided.	<p>NAPA IBS delivers on-demand, daily, weekly, monthly, quarterly and annual reporting across many metrics for our customers. With the vast amount of data we have nationwide, we also have the capability to deliver ad hoc category-specific reporting. With the diverse array of fleets we handle in our 400+ IBS sites, we have unparalleled access to specific data that can be used to improve cost and efficiency within a government agency. We accomplish this through our exclusive IBS HUB system, which networks all of our company-owned sites nationwide.</p> <p>IBS HUB also allows real-time KPI tracking on certain contract performance metrics with IBS fleet operations: parts fill rates, daily service metrics, inventory special order tracking, down vehicle reporting, inventory readiness, and parts cost comparison reporting. This is exclusive to NAPA IBS company operations and our customers have found it an invaluable technology tool for contract tracking, metric reporting and cost savings tracking. Independent IBS operations have access to a Microsoft Access based program that delivers similar fleet metrics.</p> <p>A sample of the IBS HUB reporting available is included in our supplemental document upload for Warranty &amp; Performance Standards Table: Question #42.</p>
69	Describe any emergency response services and support included in your proposal.	<p>In the event that a disaster or emergency strikes a Sourcewell customer location, our local management teams are prepared to meet the challenges associated with this type of situation and have lived through them with your members over the history of the IBS program. The following are a few examples of real emergency situations we have handled recently:</p> <p>Hurricane Laura – Louisiana</p> <ul style="list-style-type: none"> <li>• Category 4 storm in August 2020 that destroyed all local merchant channels, including area NAPA stores, across a large geography.</li> <li>• Large utility fleet and IBS customer designated as first responder and tasked with restoring the local electric utility infrastructure after the storm.</li> <li>• Parts/equipment support needed for thousands of dispatched employees.</li> <li>• NAPA provided personnel support within 24 hours, sourced from our surrounding distribution centers and stores that were still operational.</li> <li>• Within 48 hours, NAPA had implemented tractor trailers as mobile parts and supplies vehicles that provided on-site support throughout the impacted area.</li> <li>• NAPA remained involved on-site with our IBS customer to support their efforts until the restoration of the local infrastructure was completed.</li> </ul> <p>COVID-19 Pandemic – Atlanta, GA</p> <ul style="list-style-type: none"> <li>• Global pandemic arising in the US in Spring 2020 and continuing today.</li> <li>• Several IBS customers in the area are government fleets and Sourcewell users designated as first responders and needing emergency backup staffing and parts support while maintaining operational safety.</li> <li>• Fleet and safety/PPE products were sourced and available for use by all first responders and all on-site personnel safety measures were strictly followed.</li> <li>• K-12 school district customers were shut down completely, leaving staff at potential risk of unemployment. NAPA IBS redistributed their talent to working operations in our retail and IBS network and provided consulting for fleets on how to retain their staff in other functions.</li> </ul> <p>COVID-19 Pandemic – Ventura, CA</p> <ul style="list-style-type: none"> <li>• PPE supplies unavailable throughout the state during initial spread in March 2020.</li> <li>• NAPA IBS sourced supplies from outside sources for the City of Ventura, a Sourcewell member customer, including 110 gallons of hand sanitizer and disinfectant.</li> <li>• At the City, 95 percent of all parts requests are supplied within 24 hours of request, and 85 percent are issued on demand.</li> </ul> <p>In all emergency cases, it is our job to provide backup or increased staffing, after-hours support and on-demand distribution for governments across the US and Canada. Early on in the COVID-19 pandemic NAPA was identified as an essential business in support of first responders and emergency operations and it has been our brick-and-mortar distribution infrastructure that has allowed us to serve them as well as we have.</p> <p>When an emergency hits, we stock up on the products that we know our customers will need, whether tires, snow removal equipment, light bulbs, PPE supplies or anything else, so they won't run out when it matters most. Also, because of our national footprint and distribution foundation, we can promise that no individual emergency will take away our ability to support Sourcewell members. We always have the capability to source from somewhere else if any particular location is affected.</p> <p>While we will always respect and defer to the customer's emergency policies, GPC has a detailed Emergency Plan in place that establishes procedures to mitigate the effects of a disaster in an effective and efficient manner. Our staff is fully trained and have experience serving our customers, managing media and training others in the</p>

		<p>following cases and more:</p> <ul style="list-style-type: none"> <li>• Flooding</li> <li>• Hurricanes</li> <li>• Fires</li> <li>• HAZMATs</li> <li>• Power Outages</li> <li>• Snow/Ice</li> <li>• Tornado</li> <li>• Pandemic Outbreak</li> </ul> <p>Upon opening a new IBS location, our management team will work with our customers to define the critical processes and the minimum staffing levels required to maintain the business operation for a period of weeks following a disaster situation. We will ensure our initiatives are in line with current customer procedures and that they will protect both our and the customer's employees and facilities. In the case of an after-hours emergency that requires additional parts service at an IBS location, we have flexible options for how to manage the situation to accommodate the customer's needs in the best way possible. Some options that we have found to be efficient and successful are below, but we will work with the customer to arrange a plan that fits their protocol and desires.</p> <ul style="list-style-type: none"> <li>• For large enough government operations, our IBS Site Managers, Area Managers and Project Managers will be available "on call" to assist on-site in an emergency situation where parts service is required. In this situation, all transactions would be approached as normal.</li> <li>• In some cases, we will arrange for a parts allotment to be available to customer staff outside of our parts room operating hours based on proven models in other IBS locations. The IBS Manager will then reconcile the inventory each morning.</li> </ul> <p>In any case, it is important to know that our team will be fully trained in our procedures and the customer's and that IBS will always be there to support their fleet in any situation. Additionally, all of our distribution centers and stores stock up on emergency equipment and supplies from NAPA, our other subsidiaries and outside vendors, during high risk periods to make sure we have the customer's needs covered.</p> <p>In addition to the physical needs of a shop during emergency situations, we also have data security practices in place to protect our information and our customers' in the case of instances where data could be affected. We have existing Sourcewell IBS customers who have gone through hurricanes, power outages and more and our data has always been secured and maintained through our backup servers located in Atlanta and Dallas.</p>
70	Describe any training, consultative, and administrative or technical support services that you offer related to your Vendor Managed Inventory or Logistics Management services.	<p>We are dedicated to helping productivity in the shop through shop training, IT support and other consulting efforts. NAPA will provide a list of personnel, including telephone numbers, who will respond to emergency service requests.

**5. DUTIES AND RESPONSIBILITIES OF CUSTOMER.** CUSTOMER shall have the following duties and responsibilities during the term of this Agreement:

(a) CUSTOMER shall provide, at its sole expense, usable space for NAPA's On Site Store(s) and the Inventory. CUSTOMER shall provide access to restroom facilities for NAPA employees. Further, CUSTOMER shall furnish, at its sole expense, all utilities for the On Site Store(s) including: water, sanitation, sewer, light, telephone, heat, gas, electricity, power, fuel, janitorial and all other utilities and services rendered or delivered to the On Site Store(s) whatsoever. CUSTOMER shall provide NAPA a safe work environment that is free from hostility, violence, or discrimination. NAPA reserves the right to terminate the contract immediately should NAPA encounter a hostile, violent, discriminatory, or unsafe work environment.

(b) CUSTOMER shall use NAPA as its Primary Supplier of the Inventory under this Agreement. CUSTOMER reserves the right to purchase any item outside this Agreement where it is determined to be more economical or timely so long as the purchase of aforesaid part or parts does not result in NAPA no longer being CUSTOMER's Primary Supplier in which case NAPA may terminate this Agreement.

(c) Each On Site Store location shall be appropriately secured or otherwise maintained separate and apart from the business of CUSTOMER. There shall be no intermingling of CUSTOMER's parts or other inventory with NAPA's parts or inventory. Access to the secured On Site Store(s) shall be restricted to NAPA employees and authorized NAPA representatives only. CUSTOMER'S employees, contractors or agents shall not be permitted to enter the secured On-Site Store area unless accompanied by a NAPA employee or other authorized NAPA representative. CUSTOMER hereby assumes and shall bear any and all risk of loss or damage from any cause to the Inventory and other personal property located in the On Site Store(s), except for loss or damage arising out of the acts, errors or omissions of NAPA. NAPA shall invoice CUSTOMER for any such loss of or damage to the Inventory and/or other personal property located in the On Site Store(s), and CUSTOMER shall pay such invoiced amount to NAPA in accordance with the payment terms set forth in Section 7 below.

(d) CUSTOMER shall, at all times during the term of this Agreement, at CUSTOMER'S sole expense, maintain in good condition and repair (so as to prevent any damage or injury to NAPA's employees, the Inventory or other personal property located in the On Site Store(s)) the roof, exterior walls, foundation, and structural portions of the On Site Store(s) and all portions of the electrical and plumbing systems lying outside of the On Site Store(s) but serving the On Site Store(s).

(e) CUSTOMER shall provide information regarding fleet changes to NAPA as soon as possible. Fleet changes include but are not limited to the removal of types of vehicles from the fleet and the addition of new vehicles to the fleet.

**6. ALTERNATIVE SUPPLIERS.** Each On Site Store may be serviced by a NAPA Owned Store or a NAPA Jobber. CUSTOMER acknowledges that whether it will be serviced by a NAPA Owned Store or a NAPA Jobber will be determined by NAPA, in its sole discretion, and that if CUSTOMER is to be serviced by a NAPA Jobber, then such NAPA Jobber must evidence its desire to abide by the terms of this Agreement by entering into an Assignment in the form of Exhibit A hereto.

**7. PAYMENT TERMS/PRICING.** NAPA shall invoice the CUSTOMER for all Inventory purchased pursuant to this Agreement on a monthly basis according to the pricing plan below. CUSTOMER agrees to pay the entire amount of all statements received from NAPA by the 25<sup>th</sup> day of the month following receipt of any such statement. If CUSTOMER has not paid the entire amount of all statements received from NAPA within 10 days of the 25<sup>th</sup> day of the month following receipt of such invoice, CUSTOMER shall be put on COD until such amount is paid in full. No prompt pay discount is available under this Agreement.

There are three pricing options available to CUSTOMER. Those pricing options are Pricing Option #1 (Management Fee), Pricing Option #2a (10% Gross Profit on Products/Monthly Operating Expenses), and Pricing Option #2b (Higher Gross Profit on Products/No Monthly Operating Expenses). The pricing option for *this* Agreement must be indicated by CUSTOMER initials, below.

**PRICING OPTION #1 (NO MARKUP GOODS PRICING/MANAGEMENT FEE)**

**CUSTOMER INITIALS:** \_\_\_\_\_

The overall objective of CUSTOMER's pricing plan is for: (i) NAPA to provide Products in accordance with the Pricing Plan Summary set forth below, (ii) NAPA to provide Outside Services in accordance with the Pricing Plan Summary set forth below, (iii) reimbursement by CUSTOMER of each On Site Store's operating expenses, and (iv) payment by CUSTOMER of the Management Fee (as defined below). By billing CUSTOMER for these four categories, NAPA's On Site Store(s) will achieve its target ten percent (10%) net profit for the Agreement (the "Net Profit Target"). These categories are defined as follows:

- (a) **Product Price.** The pricing of the Products to be supplied to CUSTOMER by NAPA pursuant to this Agreement shall be divided into: 1) "**NAPA Product Price**," which is the pricing of NAPA branded or NAPA cataloged supplier manufactured products; and 2) "**Non-NAPA Product Price**," which is the pricing of products which have not been manufactured by NAPA suppliers or do not exist in NAPA's proprietary catalog system but which have been acquired for CUSTOMER by NAPA pursuant to this Agreement. The pricing of NAPA Product and Non-NAPA Product shall be billed in accordance with the Pricing Plan Summary defined below.
- (b) **Outside Services Price.** Outside Services are those services not traditionally performed by NAPA. The pricing of Outside Services shall be billed in accordance with the Pricing Plan Summary defined below.
- (c) **Operational Expenses.** Any and all costs and expenses associated with the operation of the On Site Store(s), including, but not limited to, vehicle gas and maintenance costs, salary and benefits payable to NAPA employees at the On Site Store(s), worker's compensation benefits and insurance, unemployment insurance, personal property insurance for the On Site Store(s) and Inventory, any deductible for losses covered under the personal property, automobile liability, or general liability insurance policies of NAPA, all equipment supplied by NAPA, Corporate Allocation Expenses (as defined below), inventory investment expense, obsolescence expense, pension funding costs, accounting fees, general office expenses,

and shared service expenses. An example of a profit and loss statement reflecting such costs and expenses is attached hereto as Exhibit B. CUSTOMER acknowledges and agrees that the costs and expenses reflected on the profit and loss statement set forth on Exhibit B are subject to change based on actual monthly costs, expenses or Corporate Allocation Expenses incurred relative to the operation of the On Site Store(s). To achieve economies of scale, NAPA utilizes certain headquarter and corporate personnel to assist in the performance of this Agreement. As a result, each On Site Store location is charged certain corporate allocation expenses for various line items shown on Exhibit B (“Corporate Allocation Expenses”) which are calculated as a percentage of total Product sales for each month. As such, there is not a supportive invoice for such expenses other than a monthly allocation rate statement. These Corporate Allocation Expenses allow NAPA to have fewer employees performing routine general administrative tasks such as paper work and filing at the On Site Store(s), allowing NAPA counter personnel to focus more attention on serving the On-Site Store operations, and maximizing on-site cost efficiency.

- (d) **Management Fee.** CUSTOMER shall be billed a Management Fee (as defined below) on a monthly basis in accordance with the terms below.

#### **PRICING PLAN SUMMARY**

**TO:** Honorable Mayor and City Council Members  
Honorable President and Board Members

**FROM:** Department of Water and Power

**SUBJECT:**  
Award of contract for on-call essential machine & pump services for the Department of Water and Power.

**EXECUTIVE SUMMARY:**

The City issued Request for Proposals 21-055RH for on-call essential machine and pump services for the Department of Water and Power to ensure reliability and redundancy for the utility's 24-hour operation.

**RECOMMENDED ACTION:**

- c. City Council authorize the City Manager, or his designee, to negotiate and execute non-substantive extensions, change orders, and amendments up to \$30,000 each or 10% of the original contract amount as authorized in Corona Municipal Code Section [3.08.060\(J\)](#).

**BACKGROUND & HISTORY:**

The Department of Water and Power operates and maintains four water treatment plants, twenty-one active well sites, eighteen potable water booster stations, eighteen reservoirs, three water reclamation facilities, fourteen sewer lift stations, and three reclaimed water booster stations with over 200 pumps and gearboxes ranging in many different sizes that are essential to ensure the supply of potable water, reclaimed water and pumping and treatment of raw sewage. Despite having a robust preventative maintenance program, gearboxes and pumps fail due to harsh environments and continuous operations. Therefore, immediate attention is required to address gearboxes and pumps that fail to provide constant, uninterrupted services.

**ANALYSIS:**

On March 3, 2021, the City issued a Request for Proposals (RFP) 21-055RH for on-call essential machine & pump services for the Department of Water and Power (DWP) to prospective firms through the City's PlanetBids portal. The RFP was advertised according to Public Contract Code formal bidding procedures and the Corona Municipal Code (CMC) [3.08.110](#) non-public projects formal bidding procedure requirements. The City received two (2) proposals by the submission date of April 5, 2021.

The scope of work consists of:

- On-call on-site or off-site Machining & Pump Repair Services for DWP

**Evaluation Criteria**

The proposal evaluations were based on the following:

1. Qualifications of the Firm (20 points): strength and stability of the firm; firm demonstrated an overall knowledge of the scope of work required and the availability of adequate staff to perform the scope of work.
2. Qualifications and experience of Personnel (20 points): qualifications, education, technical experience and competence of staff, project appropriate team organization, geographic location of the firm, experience and qualifications of team members identifying critical areas of expertise.
3. Completeness and Timeliness of Response (10 points): completeness of response in accordance with RFP instructions that the proposer has not taken exceptions to or deviations from the RFP requirements; Inclusion of required licenses and certifications of the firm and key personnel performing the project. It also included depth of thoroughness of Proposer's understanding of the Project and the City's needs, understanding of the project potential issues and challenges, quality and depth of work plan, firm's logic for the Project's organization with appropriate resources to perform the scope of work.

4. Competitive Cost and Price (25 points): the appropriate number of hours budgeted to the Project tasks and reasonableness of the respondent's rates and competitiveness of quoted firm-fixed prices with other proposals received; adequacy of the data supporting figures quotes; basis on which prices are quoted.
5. Project Plan and Completion (25 points) Approach and methodology; Data requirements needed from the City and how the data would be submitted; Identification of activities required to complete tasks; Schedule for project completion

Staff performed evaluations of the proposals from both firms. The evaluations were based on the presented qualifications, technician qualifications, understanding and approach of the City's work plan, and value-based hourly rates and fees to perform the work required. The final evaluation scores were very close. Although the firms pricing structures had slight differences, their technician's qualifications ranked very close to each other. The table below shows the final rank for each firm:

<b>Firm</b>	<b>Score</b>	<b>Ranking</b>
Bender CCP, Inc.	74	1
Deemed nonresponsive:		
Power Brothers Machine	70	2

Staff intended to award the RFP to both companies; however, after a thorough document review by the Purchasing Division, Power Brothers Machine was deemed nonresponsive. They could not meet the City's insurance requirements as stated in their proposal documents. Therefore, staff recommends that the City Council award the RFP in the amount of \$300,000 to Bender CCP Inc. of Vernon, CA. Additionally, all licenses have been reviewed and verified by City staff.

#### **FINANCIAL IMPACT:**

Funding for the recommended action is included in the Fiscal Year 2022 Water, Reclaimed Water, and Water Reclamation Operating Budgets. In addition, funding in future fiscal years will be recommended through the budget process.

#### **ENVIRONMENTAL ANALYSIS:**

This action is categorically exempt pursuant to Section 15301 of the Guidelines for the California Environmental Quality Action (CEQA), which states that operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the CEQA determination is exempt from CEQA. This action involves repairs/rehabilitation to existing infrastructure to maintain public health and safety and therefore is exempt from the requirements of CEQA. Therefore, no environmental analysis is required.

Consultant shall exercise due and particular caution to determine that all parts of his work are made quickly and easily accessible.
2. Authority of the City of Corona. Subject to the power and authority of the City of Corona as provided by law in this contract, the City of Corona shall in all cases determine the quantity, quality, and acceptability of the work, materials and supplies for which payment is to be made under this contract. The City shall decide questions that may arise relative to the fulfillment of the contract or the obligations of the contractor hereunder.
3. Changes in Work. The City may, at any time work is in progress, by written order and without notice to the sureties, make alterations in the terms of work as shown in the specifications, require the performance of extra work, decrease the quantity of work, or make such other changes as the City may find necessary or desirable. The consultant shall not claim forfeiture of contract by reasons of such changes by the City. Changes in work and the amount of compensation to be paid to the consultant for any extra work as so ordered shall be determined in accordance with the unit prices quoted.

The parties shall not be bound by or be liable for any statement, representation, promise, inducement or understanding of any kind or nature not set forth herein. No changes, amendments, or modifications of any of the terms or conditions of the contract shall be valid unless reduced to writing and signed by both parties. The complete contract shall include the entire contents of the RFP solicitation, all addenda, all of consultant's successful submittal, supplemental agreements, change orders, performance bond(s), and any and all written agreements which alter, amend or extend the contract.
5. Rejection of Work. Consultant agrees that the City has the right to make all final determinations as to whether the work has been satisfactorily completed.

**O. Public Records**

Responses (proposals) to this Request for Proposal (RFP) and the documents constituting any contract entered into thereafter become the exclusive property of the City of Corona and shall be subject to the California Public Records Act (Government Code Section 6250 et seq.). The City of Corona's use and disclosure of its records are governed by this Act.

Those elements in each proposal which proposer considers to be trade secrets, as that term is defined in Civil Code Section 3426.1(d), or otherwise exempt by law from disclosure, should be prominently marked as "TRADE SECRET", "CONFIDENTIAL", or "PROPRIETARY" by proposer. The City of Corona will use its best efforts to inform proposer of any request for disclosure of any such document. The City of Corona shall not in any way be liable or responsible for the disclosure of any such records including, without

limitation those so marked if disclosure is deemed to be required by law or by an order of the Court.

In the event of litigation concerning disclosure of information the proposer considers exempt from disclosure, the City of Corona will act as a stakeholder only, holding the information until otherwise ordered by a court or other legal process. If the City of Corona is required to defend an action arising out of a Public Records Act request for any of the contents of a proposer's proposal marked "Confidential", "Proprietary", or "Trade Secret", proposer shall defend and indemnify the City of Corona from all liability, damages, costs, and expense, including attorneys' fees, in any action or proceeding arising under the Public Records Act.

To ensure confidentiality, proposers are instructed to enter all "Confidential", "Proprietary," or "Trade Secret" data by posting it on Planet Bids with your proposal documents. Because the proposal documents are available for review by any person after award of a contract resulting from an RFP, the City of Corona shall not in any way be held responsible for disclosure of any "Confidential," Proprietary," or "Trade Secret" documents.

**P. Negative History**

Consultant must include in its Proposal a complete disclosure of any alleged significant prior or on-going contract failures, any civil or criminal litigation or investigation pending which involves the firm or in which the firm has been judged guilty or liable within the last five (5) years.

City of Corona DWP has a requirement for a reliable shop that can handle requests for on-call custom fabrication, repairs and rebuilding of pumps (centrifugal, rotary lobe, positive displacement, piston, screw ,progressive cavity, diaphragm, and hydraulic), thermal spray, machine and grind shafts, repair bearing housings, rebuild valves, certified welding, restore and refurbish products, and certify custom pressure parts.

Contractors must identify the number of OSHA violations on the CONTRACTOR'S INDUSTRIAL SAFETY RECORD form. Any serious or willful violation falling within the timeframes noted above may render a proposal as non-responsive. We strongly encourage full disclosure, since failure to identify all violations on the CONTRACTOR'S INDUSTRIAL SAFETY RECORD form may result in rejection of the proposal as non-responsive or the Contractor non-responsible following a hearing.

A citation properly appealed through OSHA is not considered to be a violation until the matter is closed and considered final by OSHA. The City still expects this information to be disclosed by the Contractor with an explanation and documentation showing that the matter is properly under

appeal with OSHA and not considered closed or final. Failure to be forthcoming with this information may result in rejection of the proposal as non-responsive. Notwithstanding the preceding, the City may waive this criterion in its sole and absolute discretion.

The consultant shall have experience in water/wastewater distribution systems. The consultant must have the necessary equipment and technology to evaluate pump equipment conditions to analyze and evaluate the data. 3.2.10.3 Insurance Endorsements. The insurance policies shall contain or be endorsed (amended) to include the following provisions:

(A) General Liability. The general liability policy shall state that: (1) the City, its directors, officials, officers, employees, agents, and volunteers shall be covered as additional insured with respect to liability arising out of work or operations performed by or on behalf of the Contractor, including materials, parts or equipment furnished in connection therewith (the endorsement form shall be at least as broad as ISO Form CG 20 10 11 85 or both CG 20 37 and one of the following: CG 20 10, CG 20 26, CG 20 33 or CG 20 38); and (2) the insurance coverage shall be primary insurance coverage as respects the City, its directors, officials, officers, employees, agents, and volunteers (the endorsement form shall be at least as broad as ISO CG 20 01 04 13). Any insurance or self-insurance maintained by the City,

its directors, officials, officers, employees, agents, and volunteers shall be excess of the Contractor's insurance and shall not be called upon to contribute with it in any way.

(B) Waiver of Subrogation – Workers' Compensation and Employer's Liability Coverage. The insurer shall agree to waive all rights of subrogation against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of the insurance policy which arise from work or Services performed by the Contractor.

(C) All Coverages. If Contractor maintains broader coverage and/or higher limits than the minimums shown above, the City is entitled to the broader coverage and/or higher limits maintained by Contractor. Thus, any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

3.2.10.4 Other Provisions; Endorsements Preferred. Contractor shall endeavor to provide endorsements regarding the following provisions, but nonetheless understands, acknowledges and agrees that the following provisions shall apply and that failure to comply shall be considered to be a breach of this Agreement by Contractor:

(A) Waiver of Subrogation – All Other Policies. Contractor hereby waives all rights of subrogation any insurer of Contractor's may acquire against the City, its directors, officials, officers, employees, agents, and volunteers for losses paid under the terms of any insurance policy which arise from work or Services performed by the Contractor. Contractor understands, acknowledges and agrees that this provision is in full force and effect even if the City does not receive a waiver of subrogation endorsement from the insurer.

(B) Notice. Contractor shall either: (1) require its insurer to provide thirty (30) days prior written notice to the City before coverage is suspended, voided, or canceled; or (2) notify City in writing that such notice is not available and forward any notice of such actions to the City within two (2) business days from date of receipt by Contractor. Contractor understands, acknowledges and agrees that this provision is in full force and effect even if the City does not receive a waiver of subrogation endorsement from the insurer.

3.2.10.5 Claims Made Policies. The following provisions shall apply to all policies that provide coverage on a claims-made basis: (A) the retroactive date must be shown and must be before the date on which any Services under this Agreement commence; (B) the insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Project; and (C) if coverage is canceled or not renewed and is not replaced with another claims-made policy with a retroactive date prior to the date on which any Services under this Agreement commence, Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of Project.

3.2.10.6 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. The City may require the Contractor to provide proof of ability to pay losses and related investigation,

claims administration and defense expenses within the deductible or self-insured retention. The deductible or self-insured retention may be satisfied by either the named insured or the City.

3.2.10.7 Acceptability of Insurers. Unless under the circumstances a different rating is otherwise acceptable to the City in its sole and absolute discretion, insurance is to be placed with insurers which are satisfactory to the City and which meet either of the following criteria : (1) an insurer with a current A.M. Best's rating no less than A-:VII and licensed as an admitted insurance carrier in California; or (2) an insurer with a current A.M. Best's rating no less than A-:X and authorized to issue the required policies in California.

3.2.10.8 Verification of Coverage. Contractor shall furnish City with original certificates of insurance, as well as amendatory endorsements or copies of the applicable policy language effecting coverage required by this Agreement. All documents must be received and approved by the City before any Services commence; provided, however, that failure to obtain the required documents prior to the commencement of Services shall not waive Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.2.10.9 Reporting of Claims. Contractor shall report to the City, in addition to Contractor's insurer, any and all insurance claims submitted by Contractor in connection with the Services under this Agreement.

3.2.10.10 Sub-Contractors. All subcontractors shall comply with each and every insurance provision of this Section 3.2.10. Contractor shall therefore not allow any subcontractor to commence work on any subcontract to perform any part of the Services until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Agreement.

3.2.10.11 Special Risk or Circumstances. The City reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 3.2.10, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

3.2.11 Safety. Contractor shall execute and maintain its work and Services so as to avoid injury or damage to any person or property. In carrying out its Services, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Services and the conditions under which the Services are to be performed.

### 3.2.12 Bonds.

3.2.12.1 Performance Bond. If required by law or otherwise specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a

Performance Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.2 Payment Bond. If required by law or otherwise specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.3 Bond Provisions. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.12.4 Surety Qualifications. The bonds must be provided by a surety which is satisfactory to the City and which meets either of the following criteria: (1) a surety with a current A.M. Best's rating no less than A-:VII and licensed as an admitted surety insurer in California; or (2) a surety with a current A.M. Best's rating no less than A-:X and authorized to issue the required bonds in California. If a surety does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

3.2.13 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

### **3.3 Fees and Payments.**

3.3.1 Rates & Total Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed Three Hundred Thousand Dollars (\$300,000.00) ("Total Compensation") per fiscal year without written approval of City's Representative. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.3.5 Prevailing Wages. Contractor is aware of the requirements of Chapter 1 (beginning at Section 1720 et seq.) of Part 7 of Division 2 of the California Labor Code, as well as Title 8, Section 16000 et seq. of the California Code of Regulations ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the Total Compensation is \$1,000 or more, Contractor and its subcontractors shall fully comply with the Prevailing Wage Laws for their employees and any others to whom such laws are applicable. Contractor and its subcontractors shall also be responsible for any and all violations and fines imposed on them pursuant to the Prevailing Wage Laws. Pursuant to SB 854, which amended the Prevailing Wage Laws, this Agreement would also be subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"). Beginning April 1, 2015, no contractor or subcontractor may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. It is most efficient for the Contractor to obtain a copy of the prevailing wages in effect at the

commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, Contractor may obtain a copy of the prevailing wages from the City's Representative. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

3.3.6 Apprenticeable Crafts. If the services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, Contractor shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Contractor employs workmen in an apprenticeable craft or trade. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor.

### **3.4 Termination of Agreement.**

3.4.1 Grounds for Termination. City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those Services which have been adequately rendered to City, as well as any authorized reimbursable expenses, and Contractor shall be entitled to no further compensation. Contractor may not terminate this Agreement except for cause.

3.4.2 Effect of Termination. If this Agreement is terminated as provided herein, City may require Contractor to provide all finished or unfinished Documents and Data and other information of any kind prepared by Contractor in connection with the performance of Services under this Agreement. Contractor shall be required to provide such document and other information within fifteen (15) days of the request.

### BACKGROUND & HISTORY:

The Department of Water and Power operates and maintains four water treatment plants, twenty-one active wells, eighteen potable water booster stations, eighteen reservoirs, three water reclamation facilities, fourteen sewer lift stations, and three reclaimed water booster stations to reliably serve the residents and businesses of the City of Corona and its service area. These facilities have 200 various-sized motors ranging from 7 horsepower to 400 horsepower. These motors are in service twenty-four (24) hours a day, seven (7) days a week (continuous duty with lead and lag pumps). Maintenance staff performs regular inspections, preventive maintenance, and repair services to all these facilities and heavily relies on on-call, as-needed, time-and-materials basis repairs for these motors to reliably provide high-quality services to the community.

### ANALYSIS:

On February 10, 2021, the Purchasing Division issued Request for Proposals (RFP) No. 21-050RH pursuant to Corona Municipal Code (CMC) [3.08.110](#) non-public projects formal bidding procedure requirements. The proposal closing date was March 24, 2021. The City received two (2) proposals by the submission date of March 24, 2021.

The scope of work consists of:

- On-call on-site or off-site repairs of electrical motors ranging in size from 7 to 400 horsepower.

Staff performed evaluations of the proposals from both firms. The evaluations were based on the following criteria:

Criteria	Max Points
Qualifications of Firm	10
Qualifications of Personnel	40
Work Plan/Project Understanding and Approach	40
Value	10
Total	100

After careful review of the two proposals, the panel evaluated the firms. The table below shows the final rank for each firm:

<b>Firm</b>	<b>Score</b>	<b>Ranking</b>
Energy Management Corporation	84.33	1
Superior Electric Motor Service Inc.	77	2

The final evaluation scores were very close, 84.3 and 77 for Energy Management Corporation and Superior Electric Motor Service, Inc., respectively. In addition, their pricing structures had slight differences while their technicians' qualifications ranked very close to each other. However, after a thorough document review by the Purchasing Division, Superior Electric Motor Service, Inc. was deemed non-responsive due to not being registered with the California Department of Industrial Relations (DIR) as stipulated in bid documents and California Labor Code 1725.5.

Based on the staffs' evaluation of the proposals, staff recommends that the City Council award the RFP in the amount of \$200,000 to Energy Management Electric Corp dba GP Electric Motor of Pomona, CA. All licenses have been reviewed and verified by City staff.

**FINANCIAL IMPACT:**

Funding for the recommended action is included in the Fiscal Year 2022 Water, Water Reclamation, and Reclaimed Water Operating Budgets. In addition, funding in future fiscal years will be recommended through the budget process.

**ENVIRONMENTAL ANALYSIS:**

This action is categorically exempt pursuant to Section 15301 of the Guidelines for the California Environmental Quality Act (CEQA), which states that operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the CEQA determination is exempt from CEQA. This action consists of the repair of existing motors within the existing water and water reclamation systems. Therefore, no environmental analysis is required.

The City will use its best efforts to inform proposer of any request for disclosure of any such document. The City shall not in any way be liable or responsible for the disclosure of any such records including, without limitation; those so marked if disclosure is deemed to be required by law or by an order of the Court.

In the event of litigation concerning disclosure of information the proposer considers exempt from disclosure, the City will act as a stakeholder only, holding the information until otherwise ordered by a court or other legal process. **WITH [\*\*\*INSERT NAME\*\*\*]**  
**ON-CALL, IN-FIELD, IN-SHOP, ELECTRIC MOTOR REPAIR SERVICES**

**1. PARTIES AND DATE.**

This Agreement is made and entered into this [\*\*\*INSERT DAY\*\*\*] day of [\*\*\*INSERT MONTH\*\*\*], [\*\*\*INSERT YEAR\*\*\*] (“Effective Date”) by and between the City of Corona, a municipal corporation organized under the laws of the State of California with its principal place of business at 400 South Vicentia Avenue, Corona, California 92882 (“City”) and [\*\*\*INSERT NAME\*\*\*], a [\*\*\*[INSERT TYPE OF ENTITY - CORPORATION, PARTNERSHIP, SOLE PROPRIETORSHIP OR OTHER LEGAL ENTITY]\*\*\*] with its principal place of business at [\*\*\*INSERT ADDRESS\*\*\*] (“Contractor”). **2. Recitals.**

**2.1 Contractor.**

Contractor desires to perform and assume responsibility for the provision of certain maintenance or other general services required by the City on the terms and conditions set forth in this Agreement. ### **3. Terms.**

#### **3.1 Scope of Services and Term.**

3.1.1 General Scope of Services. Contractor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional [\*\*\*INSERT TYPE OF SERVICES\*\*\*] maintenance or other general services necessary for the Project ("Services"). The Services are more particularly described in Exhibit "A" attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from [\*\*\*INSERT START DATE\*\*\*] to [\*\*\*INSERT ENDING DATE\*\*\*] ("Term"), unless earlier terminated as provided herein. Contractor shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the Term of this Agreement one or more times by executing a written amendment pursuant to Section 3.5.8 below (each a "Renewal Term"). The terms "Term" and "Renewal Term" may sometimes be generally and collectively referred to as "Term" in this Agreement.

#### **3.2 Responsibilities of Contractor.**

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Contractor or under its supervision. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the Term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor's exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

3.2.2 Schedule of Services. Contractor shall perform the Services within the Term of this Agreement, in accordance with the Schedule of Services set forth in Exhibit "B" attached hereto and incorporated herein by reference, and in accordance with any other completion schedule or milestones which may be separately agreed upon in writing by the Parties. Contractor represents

that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Contractor's conformance with the Schedule, City shall respond to Contractor's submittals in a timely manner. Upon request of City, Contractor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.2.3 Conformance to Applicable Requirements. All Services performed by Contractor shall be subject to the approval of City.

3.2.4 City's Representative. The City hereby designates Tom Moody, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). Contractor hereby designates [\*\*\*INSERT NAME OR TITLE\*\*\*], or his or her designee, to act as its representative for the performance of this Agreement ("Contractor's Representative"). Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. The Contractor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.2.6 Coordination of Services. Contractor agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.2.7 Standard of Care; Performance of Employees. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Finally, Contractor represents that it, its employees and subcontractors shall have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the Term of this Agreement. As provided for in the indemnification provisions of this Agreement, Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Contract, Contractor shall continue to perform the Work while said dispute is decided by the City. If Contractor disputes the City's decision, Contractor shall have such remedies as may be provided by law.

3.2.9 Laws and Regulations; Employee/Labor Certifications. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services. If the Contractor performs any work or Services knowing them to be contrary to such laws, rules and regulations and without giving written notice to the City, Contractor shall be solely responsible for all costs arising therefrom. City is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. These include but are not limited to the payment of prevailing wages, the stipulation that eight (8) hours' labor shall constitute a legal day's work and that no worker shall be permitted to work in excess of eight (8) hours during any one calendar day except as permitted by law. Contractor shall defend, indemnify and hold City, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.2.9.1 Employment Eligibility; Contractor. By executing this Agreement, Contractor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the Term of the Agreement. Contractor shall avoid any violation of any such law during the Term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.9 or any of its subsections.

3.2.9.2 Employment Eligibility; Subcontractors, Sub-subcontractors and Consultants. To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and consultants performing any work or Services relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.9.1.

By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

3.2.9.5 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and it shall not discriminate against any subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination. Contractor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.2.9.6 Air Quality. Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

Contractor understands, acknowledges and agrees that this provision is in full force and effect even if the City does not receive a waiver of subrogation endorsement from the insurer.

3.2.10.5 Claims Made Policies. The following provisions shall apply to all policies that provide coverage on a claims-made basis: (A) the retroactive date must be shown and must be before the date on which any Services under this Agreement commence; (B) the insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Project; and (C) if coverage is canceled or not renewed and is not replaced with another claims-made policy with a retroactive date prior to the date on which any Services under this Agreement commence, Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of Project.

3.2.10.6 Deductibles and Self-Insurance Retentions. Any deductibles or self-insured retentions must be declared to and approved by the City. The City may require the Contractor to provide proof of ability to pay losses and related investigation, claims administration and defense

expenses within the deductible or self-insured retention. The deductible or self-insured retention may be satisfied by either the named insured or the City.

3.2.10.7 Acceptability of Insurers. Unless under the circumstances a different rating is otherwise acceptable to the City in its sole and absolute discretion, insurance is to be placed with insurers which are satisfactory to the City and which meet either of the following criteria : (1) an insurer with a current A.M. Best's rating no less than A-:VII and licensed as an admitted insurance carrier in California; or (2) an insurer with a current A.M. Best's rating no less than A-:X and authorized to issue the required policies in California.

3.2.10.8 Verification of Coverage. Contractor shall furnish City with original certificates of insurance, as well as amendatory endorsements or copies of the applicable policy language effecting coverage required by this Agreement. All documents must be received and approved by the City before any Services commence; provided, however, that failure to obtain the required documents prior to the commencement of Services shall not waive Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

3.2.10.9 Reporting of Claims. Contractor shall report to the City, in addition to Contractor's insurer, any and all insurance claims submitted by Contractor in connection with the Services under this Agreement.

3.2.10.10 Sub-Contractors. All subcontractors shall comply with each and every insurance provision of this Section 3.2.10. Contractor shall therefore not allow any subcontractor to commence work on any subcontract to perform any part of the Services until it has provided evidence satisfactory to the City that the subcontractor has secured all insurance required under this Agreement.

3.2.10.11 Special Risk or Circumstances. The City reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 3.2.10, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

3.2.11 Safety. Contractor shall execute and maintain its work and Services so as to avoid injury or damage to any person or property. In carrying out its Services, the Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Services and the conditions under which the Services are to be performed.

### 3.2.12 Bonds.

3.2.12.1 Performance Bond. If required by law or otherwise specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall

execute and provide to City concurrently with this Agreement a Performance Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.2 Payment Bond. If required by law or otherwise specifically requested by City in Exhibit "C" attached hereto and incorporated herein by reference, Contractor shall execute and provide to City concurrently with this Agreement a Payment Bond in the amount of the Total Compensation indicated in this Agreement, and in a form provided or approved by the City. If such bond is required, no payment will be made to Contractor until it has been received and approved by the City.

3.2.12.3 Bond Provisions. Should, in City's sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the affected bond within 10 days of receiving notice from City. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the City, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.12.4 Surety Qualifications. The bonds must be provided by a surety which is satisfactory to the City and which meets either of the following criteria: (1) a surety with a current A.M. Best's rating no less than A-:VII and licensed as an admitted surety insurer in California; or (2) a surety with a current A.M. Best's rating no less than A-:X and authorized to issue the required bonds in California. If a surety does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the City.

3.2.13 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Contractor shall allow inspection of all work, data, documents, proceedings, and activities related to the Agreement for a period of three (3) years from the date of final payment under this Agreement.

### **3.3 Fees and Payments.**

3.3.1 Rates & Total Compensation. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit "C" attached hereto and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed [\*\*\*INSERT WRITTEN DOLLAR AMOUNT\*\*\*] (\$[\*\*\*INSERT NUMERICAL DOLLAR AMOUNT\*\*\*]) ("Total Compensation") without written approval of City's Representative. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. The statement shall describe the amount of Services and supplies provided since the initial commencement date, or since the start of the subsequent billing periods, as appropriate, through the date of the statement. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Contractor perform Extra Work. As used herein, "Extra Work" means any work which is determined by City to be necessary for the proper completion of the Project, but which the Parties did not reasonably anticipate would be necessary at the execution of this Agreement. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City's Representative.

3.3.5 Prevailing Wages. Contractor is aware of the requirements of Chapter 1 (beginning at Section 1720 et seq.) of Part 7 of Division 2 of the California Labor Code, as well as Title 8, Section 16000 et seq. of the California Code of Regulations ("Prevailing Wage Laws"), which require the payment of prevailing wage rates and the performance of other requirements on "public works" and "maintenance" projects. If the Services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the Total Compensation is \$1,000 or more, Contractor and its subcontractors shall fully comply with the Prevailing Wage Laws for their employees and any others to whom such laws are applicable. Contractor and its subcontractors shall also be responsible for any and all violations and fines imposed on them pursuant to the Prevailing Wage Laws. Pursuant to SB 854, which amended the Prevailing Wage Laws, this Agreement would also be subject to compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR"). Beginning April 1, 2015, no contractor or subcontractor may be awarded this Agreement unless registered with the DIR pursuant to Labor Code Section 1725.5. The City will report all necessary agreements to the DIR as required by the Prevailing Wage Laws. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker

needed to execute the Services available to interested parties upon request, and shall post copies at the Contractor's principal place of business and at the Project site. It is most efficient for the Contractor to obtain a copy of the prevailing wages in effect at the commencement of this Agreement from the website of the Division of Labor Statistics and Research of the DIR located at [www.dir.ca.gov/dlsr/](http://www.dir.ca.gov/dlsr/). In the alternative, Contractor may obtain a copy of the prevailing wages from the City's Representative. Contractor shall defend, indemnify and hold the City, its elected officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws.

**3.3.6 Apprenticeable Crafts.** If the services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, Contractor shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works when Contractor employs workmen in an apprenticeable craft or trade. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor.

### **3.4 Termination of Agreement.**

**3.4.1 Grounds for Termination.** City may, by written notice to Contractor, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Contractor of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Contractor shall be compensated only for those Services which have been adequately rendered to City, as well as any authorized reimbursable expenses, and Contractor shall be entitled to no further compensation. Contractor may not terminate this Agreement except for cause.

**3.4.2 Effect of Termination.** If this Agreement is terminated as provided herein, City may require Contractor to provide all finished or unfinished Documents and Data and other information of any kind prepared by Contractor in connection with the performance of Services under this Agreement. Contractor shall be required to provide such document and other information within fifteen (15) days of the request.

**3.4.3 Additional Services.** In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

### **3.5 General Provisions.**

**3.5.1 Delivery of Notices.** All notices permitted or required under this Agreement shall be given to the respective Parties at the following address, or at such other address as the respective Parties may provide in writing for this purpose:

3.5.2 Indemnification. To the fullest extent permitted by law, Contractor shall defend (with counsel of City's choosing), indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, to the extent arising out of, pertaining to, or incident to any alleged willful misconduct or negligent acts, errors or omissions of Contractor, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Contractor's Services, the Project or this Agreement, including without limitation the payment of all settlement amounts, expert witness fees and attorneys fees and other related costs and expenses. Notwithstanding the foregoing, to the extent Contractor's Services are subject to Civil Code Section 2782.8, the above indemnity shall be limited, to the extent required by Civil Code Section 2782.8, to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Contractor. Contractor's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its directors, officials officers, employees, agents, or volunteers.

3.5.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Contractor must comply with the claim procedures set forth in Government Code Sections 900 et seq. prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Contractor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Contractor shall be barred from bringing and maintaining a valid lawsuit against the City.

3.5.4 Time of Essence. Time is of the essence for each and every provision of this Agreement.

3.5.5 City's Right to Employ Other Contractors. City reserves right to employ other contractors in connection with this Project.

3.5.6 Successors and Assigns. This Agreement shall be binding on the successors and assigns of the parties.

3.5.6.1 Subcontractors; Assignment or Transfer. Contractor shall not subcontract any portion of the Services required under this Agreement, except as expressly authorized herein, without the prior written approval of the City. Subcontracts, if any, shall include a provision making them subject to all provisions of this Agreement. Contractor shall also not assign, hypothecate or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, Contractor has no right to terminate this Agreement, either with or without cause, based upon the existence or non-existence of either or both of the CUA Management Agreements. Therefore, if an applicable CUA Management Agreement expires or terminates for any reason, Contractor shall remain fully obligated to perform under this Agreement with the CUA or another third party contracted by the CUA for the maintenance, management and operation of the applicable utility system. .

3.5.7 Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Contractor include all personnel, employees, agents, and subcontractors of Contractor, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

3.5.8 Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

3.5.9 Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

3.5.10 No Third Party Beneficiaries. Except to the extent expressly provided for in Section 3.5.6, there are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.5.11 Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

3.5.12 Prohibited Interests. Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Contractor further agrees to file, or shall cause its employees or subcontractors to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the Term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.5.13 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

3.5.14 Attorney's Fees. If either Party commences an action against the other Party, either legal, administrative or otherwise, arising out of or in connection with this Agreement, the prevailing Party in such litigation shall be entitled to have and recover from the losing Party reasonable attorney's fees and all other costs of such action.

3.5.15 Authority to Enter Agreement. Contractor has all requisite power and authority to conduct its business and to execute, deliver, and perform the Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

3.5.16 Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original.

3.5.17 Entire Agreement. This Agreement contains the entire Agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Agreement may only be modified by a writing signed by both Parties.

MAINTENANCE/GENERAL SERVICES AGREEMENT  
WITH ENERGY MANAGEMENT CORPORATION  
(ON-CALL, IN-FIELD, IN-SHOP, ELECTRIC MOTOR REPAIR SERVICES – RFP 21-050RH)**

**1. PARTIES AND DATE.**

This Agreement is made and entered into this 7th day of July, 2021 (“Effective Date”) by and between the City of Corona, a municipal corporation organized under the laws of the State of California with its principal place of business at 400 South Vicentia Avenue, Corona, California 92882 (“City”) and Energy Management Corporation, Inc., a Utah Corporation with its principal place of business at 501 West 700 South, Salt Lake City, UT 84101 (“Contractor”). City and Contractor are sometimes individually referred to as “Party” and collectively as “Parties” in this Agreement.

**2. RECITALS.**

**2.1 Contractor.**

Contractor desires to perform and assume responsibility for the provision of certain maintenance or other general services required by the City on the terms and conditions set forth in this Agreement. Contractor represents that it is experienced in providing Electric Motor Repair services to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the Services in the State of California, and that is familiar with the plans of City. Contractor shall not subcontract any portion of the work required by this Agreement, except as expressly stated herein, without prior written approval of City. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement.

**2.2 Project.**

City desires to engage Contractor to render such services for the **ON-CALL, IN-FIELD, IN-SHOP, ELECTRIC MOTOR REPAIR SERVICES – RFP 21-050RH** project (“Project”) as set forth in this Agreement.

**2.3 Corona Utility Authority.**

Contractor understands that the City has entered into a Water Enterprise Management Agreement and a Wastewater Enterprise Management Agreement, both dated as of February 6, 2002, with the Corona Utility Authority (“CUA”) for the maintenance, management and operation of those utility systems (collectively, the “CUA Management Agreements”). To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, City enters into this Agreement on behalf of the CUA and subject to the terms of the applicable CUA Management Agreement(s).

### **3. TERMS.**

#### **3.1 Scope of Services and Term.**

3.1.1 General Scope of Services. Contractor promises and agrees to furnish to the City all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately supply the professional Electric Motor Repair services necessary for the Project (“Services”). The Services are more particularly described in Exhibit “A” attached hereto and incorporated herein by reference. All Services shall be subject to, and performed in accordance with, this Agreement, the exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations.

3.1.2 Term. The term of this Agreement shall be from July 7, 2021 to June 30, 2022 (“Term”), unless earlier terminated as provided herein. Contractor shall complete the Services within the Term of this Agreement, and shall meet any other established schedules and deadlines. The Parties may, by mutual, written consent, extend the Term of this Agreement one or more times by executing a written amendment pursuant to Section 3.5.8 below (each a “Renewal Term”). The terms “Term” and “Renewal Term” may sometimes be generally and collectively referred to as “Term” in this Agreement.

#### **3.2 Responsibilities of Contractor.**

3.2.1 Control and Payment of Subordinates; Independent Contractor. The Services shall be performed by Contractor or under its supervision. Contractor will determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Contractor on an independent contractor basis and not as an employee. Contractor retains the right to perform similar or different services for others during the Term of this Agreement. Any additional personnel performing the Services under this Agreement on behalf of Contractor shall also not be employees of City and shall at all times be under Contractor’s exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services under this Agreement and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers’ compensation insurance.

3.2.2 Schedule of Services. Contractor shall perform the Services within the Term of this Agreement, in accordance with the Schedule of Services set forth in Exhibit “B” attached hereto and incorporated herein by reference, and in accordance with any other completion schedule or milestones which may be separately agreed upon in writing by the Parties. Contractor represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Contractor’s conformance with the Schedule, City shall respond to Contractor’s submittals in a timely

manner. Upon request of City, Contractor shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

3.2.3 Conformance to Applicable Requirements. All Services performed by Contractor shall be subject to the approval of City.

3.2.4 City's Representative. The City hereby designates Tom Moody, or his or her designee, to act as its representative for the performance of this Agreement ("City's Representative"). Contractor shall not accept direction or orders from any person other than the City's Representative or his or her designee.

3.2.5 Contractor's Representative. Contractor hereby designates Henry Stimson, or his or her designee, to act as its representative for the performance of this Agreement ("Contractor's Representative"). Contractor's Representative shall have full authority to represent and act on behalf of the Contractor for all purposes under this Agreement. The Contractor's Representative shall supervise and direct the Services, using his best skill and attention, and shall be responsible for all means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Services under this Agreement.

3.2.6 Coordination of Services. Contractor agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

3.2.7 Standard of Care; Performance of Employees. Contractor shall perform all Services under this Agreement in a skillful and competent manner, consistent with the standards generally recognized as being employed by professionals in the same discipline in the State of California. Contractor represents and maintains that it is skilled in the professional calling necessary to perform the Services. Contractor agrees that all employees and subcontractors shall have sufficient skill and experience to perform the Services assigned to them. Finally, Contractor represents that it, its employees and subcontractors shall have all licenses, permits, qualifications and approvals of whatever nature that are legally required to perform the Services, including a City Business License, and that such licenses and approvals shall be maintained throughout the Term of this Agreement. As provided for in the indemnification provisions of this Agreement, Contractor shall perform, at its own cost and expense and without reimbursement from the City, any services necessary to correct errors or omissions which are caused by the Contractor's failure to comply with the standard of care provided for herein. Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Contract, Contractor shall continue to perform the Work while said dispute is decided by the City. If Contractor disputes the City's decision, Contractor shall have such remedies as may be provided by law.

3.2.9 Laws and Regulations; Employee/Labor Certifications. Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Services. If the Contractor performs any work or Services knowing them to be contrary to such laws, rules and regulations and without giving written notice to the City, Contractor shall be solely responsible for all costs arising therefrom. Such requirements and restrictions include, but are not limited to, examination and retention of documentation confirming the identity and immigration status of each employee of the Contractor. Contractor also verifies that it has not committed a violation of any such law within the five (5) years immediately preceding the date of execution of this Agreement, and shall not violate any such law at any time during the Term of the Agreement. Contractor shall avoid any violation of any such law during the Term of this Agreement by participating in an electronic verification of work authorization program operated by the United States Department of Homeland Security, by participating in an equivalent federal work authorization program operated by the United States Department of Homeland Security to verify information of newly hired employees, or by some other legally acceptable method. Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Contractor's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

3.2.9.2 Employment Eligibility; Subcontractors, Sub-subcontractors and Consultants. To the same extent and under the same conditions as Contractor, Contractor shall require all of its subcontractors, sub-subcontractors and consultants performing any work or Services relating to the Project or this Agreement to make the same verifications and comply with all requirements and restrictions provided for in Section 3.2.9.1.

3.2.9.3 Employment Eligibility; Failure to Comply. Each person executing this Agreement on behalf of Contractor verifies that they are a duly authorized officer of Contractor, and understands that any of the following shall be grounds for the City to terminate the Agreement for cause: (1) failure of Contractor or its subcontractors, sub-subcontractors or consultants to meet any of the requirements provided for in Sections 3.2.9.1 or 3.2.9.2; (2) any misrepresentation or material omission concerning compliance with such requirements (including in those verifications provided to the Contractor under Section 3.2.9.2); or (3) failure to immediately remove from the Project any person found not to be in compliance with such requirements.

3.2.9.4 Labor Certification. By its signature hereunder, Contractor certifies that it is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Workers' Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Services.

Contractor shall also comply with all relevant provisions of City's Minority Business Enterprise program, Affirmative Action Plan or other related programs or guidelines currently in effect or hereinafter enacted.

3.2.9.6 Air Quality. Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the South Coast Air Quality Management District (SCAQMD) and/or California Air Resources Board (CARB). Although the SCAQMD and CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by SCAQMD and CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify City against any fines or penalties imposed by SCAQMD, CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

If Contractor maintains broader coverage and/or higher limits than the minimums shown above, the City is entitled to the broader coverage and/or higher limits maintained by Contractor. Thus, any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

3.2.10.4 Other Provisions; Endorsements Preferred. Contractor shall endeavor to provide endorsements regarding the following provisions, but nonetheless understands, acknowledges and agrees that the following provisions shall apply and that failure to comply shall be considered to be a breach of this Agreement by Contractor:

3.2.10.11 Special Risk or Circumstances. The City reserves the right, in its sole and absolute discretion, to modify the requirements of this Section 3.2.10, including limits, based on any of the following: (A) the nature of the risk of the Services; (B) the prior experience of the insured; (C) the rating or other quality or characteristic of the insurer; (D) any special or unique coverage issues; and (E) any other special or unique circumstances.

No further payments shall be deemed due or will be made under this Agreement until any replacement bonds required by this section are accepted by the City. To the extent, if any, that the Total Compensation is increased in accordance with the Agreement, the Contractor shall, upon request of the City, cause the amount of the bonds to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the City. To the extent available, the bonds shall further provide that no change or alteration of the Agreement (including, without limitation, an increase in the Total Compensation, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor, will release the surety. If the Contractor fails to furnish any required bond, the City may terminate this Agreement for cause.

3.2.13 Accounting Records. Contractor shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Contractor shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. **REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Public Works Department

**SUBJECT:**

Second Amendment to the Maintenance/General Services Agreement with Chrisp Company for street striping and pavement marking and maintenance repair services.

**EXECUTIVE SUMMARY:**

The Public Works Department utilizes contractors to provide pavement marking services to maintain roadway markings on public streets. These services include refreshing existing markings, the removal of markings, and the installation of new markings.

**RECOMMENDED ACTION:**

**That the City Council:**

- a. Approve the Second Amendment to the Maintenance/General Services Agreement with Chrisp Company to increase the total compensation by \$201,000 to provide street striping and pavement marking maintenance repair services.
- b. Authorize the City Manager, or his designee, to execute the Second Amendment to the Maintenance/General Services Agreement with Chrisp Company for a total contract amount of \$201,000.
- c. Authorize the Purchasing Manager to issue Change Order No. 2 to Purchase Order B210513 to Chrisp Company, in the amount of \$101,000.

**BACKGROUND & HISTORY:**

On June 20, 2018, the City Council approved Request for Proposal (RFP) 18-005SB to Chrisp Company for street striping and pavement marking maintenance repair services.

During Fiscal Year 2021, the Public Works Department received many requests for roadway striping. These requests come from an assortment of channels: email requests, SeeClickFix reports, phone calls, requests from local schools, Corona Police Department, and staff observations. After receiving a request, staff evaluates the concern and will issue a work order to refresh or replace necessary pavement markings. City staff looks for opportunities to replace what is necessary and improve the area by updating the size/type of striping to better comply with current standards issued by federal and state guidelines.

**ANALYSIS:**

This request to increase the total compensation for the contractor to provide street striping and pavement marking repair services from \$100,000 to \$201,000 includes the installation of forty-four (44) crosswalks, which follow the City Standard for ladder-type crosswalks. These are mainly installed near schools and areas of high pedestrian volume. Aside from the additional cross-sectional striping that runs along the entire crosswalk, the supplemental paint brings more attention and awareness to the crossing. These crosswalks require more material and are more expensive than the typical crosswalk with just an outline for the pedestrian path of travel. The cost varies per crosswalk as the length is a function of the total cost. The total costs for these crosswalks is approximately \$35,500.

Along with the crosswalks, the additional work includes the restriping of Railroad Street between Auto Center Drive and Lincoln Avenue. This length of roadway measuring approximately 2.15 miles had deteriorated striping and pavement markings. With the heavy use of large trucks and a posted speed limit of 40 MPH, a full restripe of the entire segment was necessary. This work effort was about \$65,500 to complete.

Additionally, any striping which includes a full street segment or block to be replaced, the latest striping standards are followed per the Caltrans Standard Plans. The most recent changes have been an increase in striping width from 4 inches to 6 inches. This additional change produced an increase in cost to most striping work orders.

The pavement marking services provided by Chrisp Company plays an important role in maintaining a safe environment for vehicles, bicycles, and pedestrians as they use City roadways. Maintaining visible reflective pavement markings is essential in providing clear instruction to roadway users and ensures the City keeps the roads safe and updated with the latest striping delineation and pavement markings per the Caltrans Standard Plans, Manual on Uniform Traffic Control Devices, and City Standards.

**FINANCIAL IMPACT:**

With the approval of the recommended actions, funding for the change order is available in the Capital Improvement Project Budget as follows:

Account Name	Fund	Account	Amount
Striping Rehabilitation available FY20/21	227	72920	\$359,533.30
Striping Rehabilitation available FY20/21	222	72920	\$79,727.13
Striping Rehabilitation available FY21/22	227	72920	\$325,000.00
Total available for Striping Rehabilitation			\$764,260.43

**ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action approves an agreement to provide maintenance services. Since there is no possibility that adopting this action will have a significant effect on the environment, no environmental analysis is required.

**REQUEST FOR CITY COUNCIL ACTION**

**DATE:** 07/07/2021

**TO:** Honorable Mayor and City Council Members

**FROM:** Community Services Department

**SUBJECT:**

Deed Restrictions for Tehachapi and Cresta Verde Parks for Proposition 68 Per Capita Grant Requirements.

**EXECUTIVE SUMMARY:**

The City of Corona filed two grant applications for the replacement of playground equipment at Tehachapi and Cresta Verde Parks for the California Department of Parks and Recreation Proposition 68 Per Capita Grant Program. To fulfill the grant requirements, the City must record Deed Restrictions on each property ensuring their continued use as recreation assets.

**RECOMMENDED ACTION:**

**That the City Council** authorize recording deed restrictions for Tehachapi and Cresta Verde Parks.

**BACKGROUND & HISTORY:**

The Proposition 68 Per Capita Program (Program) authorized \$185 million of funding statewide for cities, counties and districts based upon population for the acquisition of open space, park development, and improvements to local parks. The total funds that the City can receive for this Program is \$280,981. On October 16, 2019, the City Council adopted Resolution No. 2019-089, approving the submittal of applications to the California Department of Parks for the Proposition 68 Per Capita Grant Program for Cresta Verde and Tehachapi Park Playground Replacements. Funding will be used to remove the existing playgrounds at Cresta Verde and Tehachapi Parks, which are past their useful life and do not have replacement parts available. The grant monies will fund the purchase and installation of new playground equipment and install rubberized surfacing at these parks.

As a condition of receiving Program funds, a 20 percent match is required for projects that do not serve a severely disadvantaged community. A severely disadvantaged community as defined by Public Resources Code §80061(c) as having a median household income less than 60% of the

statewide average. Cresta Verde Park does not require a 20% match as the area around it meets the requirements, however, Tehachapi Park does require a match. Funding for the 20% match for Tehachapi Park will come from the General Fund and is already appropriated in the budget.

**ANALYSIS:**

The Program Procedural Guidelines require that the Grantee record a Deed Restriction on the property title. The Deed Restriction restricts the title to the property and safeguards the property for purposes consistent with the Program grant for the duration of the grant performance period. The purpose of the Program is to encourage the rehabilitation of existing infrastructure and to address deficiencies in neighborhoods lacking access to the outdoors. The primary purpose of any project must be public recreation. As per the grant terms and agreement, the Deed Restriction indicates that the City of Corona agrees to operate and maintain the property for the duration of the grant performance period for the purposes of the grant; that is, the City will maintain the parks as recreation assets and that no other use, sale, or other disposition or change of the use of the property to one not consistent with its purpose shall be permitted. The property may only be transferred to another entity if the successor entity assumes the obligations imposed under the grant agreement and with the approval of the State. The property may not be used as security for any debt or mitigation, without the written approval of the State, provided that such approval shall not be unreasonably withheld as long as the purposes for which the grant was awarded are maintained. All facilities shall be open to members of the public generally, except as noted under the special provisions of this project contract or under provisions of the enabling legislation and/or grant program. Payments will not be made under the Program until a Deed Restriction has been filed on the properties. The Deed Restrictions shall be in effect until June 30, 2048.

**COMMITTEE ACTION:**

The original projects for playground replacements at Tehachapi and Cresta Verde Parks utilizing Proposition 68 Per Capita funding were taken to the Public Services Committee on October 2, 2019, and the Parks and Recreation Commission on October 9, 2019, and received recommendations to proceed.

**FINANCIAL IMPACT:**

The grant has already been accepted and will be reimbursed after expenses are invoices. The recording of the deed restrictions will satisfy the grant requirements and maintain the City's eligibility for the grant, otherwise funds will not be reimbursable.

**ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the commonsense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action simply authorizes the recording of two Deed Restrictions against City owned property at Cresta Verde and Tehachapi Parks, and there is no possibility that adopting this resolution will have a significant effect on the environment. Therefore, no

environmental analysis is required. Staff previously filed Notices of Exemption with the County of Riverside for these two projects.

The GRANTEE agrees to submit any change or alteration from the original GRANT SCOPE(S) in writing to the STATE for prior approval. This applies to any and all changes that occur after STATE has approved the APPLICATION. Changes in the GRANT SCOPE(S) must be approved in writing by the STATE.

2. The GRANTEE shall complete the GRANT SCOPE(S) in accordance with the time of the Performance Period set forth in Section I of this CONTRACT, and under the terms and conditions of this CONTRACT.
3. The GRANTEE shall comply with the California Environmental Quality Act (Public Resources Code, Section 21000, et seq., Title 14, California Code of Regulations, Section 15000 et seq.).
4. The GRANTEE shall comply with all applicable current laws and regulations affecting DEVELOPMENT projects, including, but not limited to, legal requirements for construction contracts, building codes, health and safety codes, and laws and codes pertaining to individuals with disabilities, including but not limited to the Americans With Disabilities Act of 1990 (42 U.S.C. §12101 et seq.) and the California Unruh Act (California Civil Code §51 et seq.).

## **C. Project Costs**

1. GRANTEE agrees to abide by the PROCEDURAL GUIDE.
2. GRANTEE acknowledges that STATE may make reasonable changes to its procedures as set forth in the PROCEDURAL GUIDE. If STATE makes any changes to its procedures and guidelines, STATE agrees to notify GRANTEE within a reasonable time.

## **D. Project Administration**

1. If GRANT MONIES are advanced for DEVELOPMENT projects, the advanced funds shall be placed in an interest bearing account until expended. Interest earned on the advanced funds shall be used on the project as approved by the STATE. If grant monies are advanced and not expended, the unused portion of the

grant and any interest earned shall be returned to the STATE within 60 days after project completion or end of the Grant Performance Period, whichever is earlier.

2. The GRANTEE shall submit written project status reports within 30 calendar days after the STATE has made such a request. In any event, the GRANTEE shall provide the STATE a report showing total final project expenditures within 60 days of project completion or the end of the grant performance period, whichever is earlier. The Grant Performance Period is identified in Section I of this CONTRACT.
3. The GRANTEE shall make property or facilities acquired and/or developed pursuant to this contract available for inspection upon request by the STATE.

#### **E. Project Termination**

1. Project Termination refers to the non-completion of a GRANT SCOPE. Any grant funds that have not been expended by the GRANTEE shall revert to the STATE.
2. The GRANTEE may unilaterally rescind this CONTRACT at any time prior to the commencement of the project. The commencement of the project means the date of the letter notifying GRANTEE of the award or when the funds are appropriated, whichever is later. After project commencement, this CONTRACT may be rescinded, modified or amended only by mutual agreement in writing between the GRANTEE and the STATE, unless the provisions of this CONTRACT provide that mutual agreement is not required.
3. Failure by the GRANTEE to comply with the terms of the (a) PROCEDURAL GUIDE, (b) any legislation applicable to the ACT, (c) this CONTRACT as well as any other grant contracts, specified or general, that GRANTEE has entered into with STATE, may be cause for suspension of all obligations of the STATE unless the STATE determines that such failure was due to no fault of the GRANTEE. In such case, STATE may reimburse GRANTEE for eligible costs properly incurred in performance of this CONTRACT despite non-performance of the GRANTEE. To qualify for such reimbursement, GRANTEE agrees to mitigate its losses to the best of its ability.
4. Any breach of any term, provision, obligation or requirement of this CONTRACT by the GRANTEE shall be a default of this CONTRACT. In the case of any default by GRANTEE, STATE shall be entitled to all remedies available under law and equity, including but not limited to: a) Specific Performance; b) Return of all GRANT MONIES; c) Payment to the STATE of the fair market value of the project property or the actual sales price, whichever is higher; and d) Payment to the STATE of the costs of enforcement of this CONTRACT, including but not limited to court and arbitration costs, fees, expenses of litigation, and reasonable attorney fees.
5. The GRANTEE and the STATE agree that if the GRANT SCOPE includes DEVELOPMENT, final payment may not be made until the work described in the GRANT SCOPE is complete and the GRANT PROJECT is open to the public.

#### **F. Budget Contingency Clause**

If funding for any fiscal year is reduced or deleted by the budget act for purposes of this program, the STATE shall have the option to either cancel this contract with no liability occurring to the STATE, or offer a CONTRACT amendment to GRANTEE to reflect the reduced grant amount. This Paragraph shall not require the mutual agreement as addressed in Paragraph E, provision 2, of this CONTRACT.

## **G. Hold Harmless**

1. The GRANTEE shall waive all claims and recourse against the STATE including the right to contribution for loss or damage to persons or property arising from, growing out of or in any way connected with or incident to this CONTRACT except claims arising from the concurrent or sole negligence of the STATE, its officers, agents, and employees.
2. The GRANTEE shall indemnify, hold harmless and defend the STATE, its officers, agents and employees against any and all claims, demands, damages, costs, expenses or liability costs arising out of the ACQUISITION, DEVELOPMENT, construction, operation or maintenance of the property described as the project which claims, demands or causes of action arise under California Government Code Section 895.2 or otherwise except for liability arising out of the concurrent or sole negligence of the STATE, its officers, agents, or employees.
3. The GRANTEE agrees that in the event the STATE is named as codefendant under the provisions of California Government Code Section 895 et seq., the GRANTEE shall notify the STATE of such fact and shall represent the STATE in the legal action unless the STATE undertakes to represent itself as codefendant in such legal action in which event the GRANTEE agrees to pay the STATE's litigation costs, expenses, and reasonable attorney fees.
4. The GRANTEE and the STATE agree that in the event of judgment entered against the STATE and the GRANTEE because of the concurrent negligence of the STATE and the GRANTEE, their officers, agents, or employees, an apportionment of liability to pay such judgment shall be made by a court of competent jurisdiction. Neither party shall request a jury apportionment.
5. The GRANTEE shall indemnify, hold harmless and defend the STATE, its officers, agents and employees against any and all claims, demands, costs, expenses or liability costs arising out of legal actions pursuant to items to which the GRANTEE has certified. The GRANTEE acknowledges that it is solely responsible for compliance with items to which it has certified.

## **H. Financial Records**

1. The GRANTEE shall maintain satisfactory financial accounts, documents, including loan documents, and all other records for the project and to make them available to the STATE for auditing at reasonable times. The GRANTEE also agrees to retain such financial accounts, documents and records for five years following project

termination or issuance of final payment, whichever is later.

2. The GRANTEE shall keep such records as the STATE shall prescribe, including records which fully disclose (a) the disposition of the proceeds of STATE funding assistance, (b) the total cost of the project in connection with such assistance that is given or used, (c) the amount and nature of that portion of the project cost supplied by other sources, and (d) any other such records that will facilitate an effective audit.
3. The GRANTEE agrees that the STATE shall have the right to inspect and make copies of any books, records or reports pertaining to this contract or matters related thereto during regular office hours. The GRANTEE shall maintain and make available for inspection by the STATE accurate records of all of its costs, disbursements and receipts with respect to its activities under this contract. Such accounts, documents, and records shall be retained by the GRANTEE for at least five years following project termination or issuance of final payment, whichever is later.
4. The GRANTEE shall use a generally accepted accounting system.

#### **I. Use of Facilities**

1. The GRANTEE agrees that the GRANTEE shall operate and maintain the property acquired or developed with the GRANT MONIES, for the duration of the Contract Performance Period.
2. The GRANTEE agrees that, during the Contract Performance Period, the GRANTEE shall use the property acquired or developed with GRANT MONIES under this contract only for the purposes of this grant and no other use, sale, or other disposition or change of the use of the property to one not consistent with its purpose shall be permitted except as authorized by the STATE and the property shall be replaced with property of equivalent value and usefulness as determined by the STATE.
3. The property acquired or developed may be transferred to another entity if the successor entity assumes the obligations imposed under this CONTRACT and with the approval of STATE.
4. Any real Property (including any portion of it or any interest in it) may not be used as security for any debt or mitigation, without the written approval of the STATE provided that such approval shall not be unreasonably withheld as long as the purposes for which the Grant was awarded are maintained. Any such permission that is granted does not make the STATE a guarantor or a surety for any debt or mitigation, nor does it waive the STATE'S rights to enforce performance under the Grant CONTRACT.

5. All real property, or rights thereto, acquired with GRANT MONIES shall be subject to an appropriate form of restrictive title, rights, or covenants approved by the STATE. If the project property is taken by use of eminent domain, GRANTEE shall reimburse STATE an amount at least equal to the amount of GRANT MONIES received from STATE or the pro-rated full market value of the real property, including improvements, at the time of sale, whichever is higher.
6. If eminent domain proceedings are initiated against GRANTEE, GRANTEE shall notify STATE within 10 days of receiving the complaint.

#### **J. Nondiscrimination**

1. The GRANTEE shall not discriminate against any person on the basis of sex, race, color, national origin, age, religion, ancestry, sexual orientation, or disability in the use of any property or facility developed pursuant to this contract.
2. The GRANTEE shall not discriminate against any person on the basis of residence except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence and pursuant to law.
3. All facilities shall be open to members of the public generally, except as noted under the special provisions of this project contract or under provisions of the enabling legislation and/or grant program.

#### **K. Severability**

If any provision of this CONTRACT or the application thereof is held invalid, that invalidity shall not affect other provisions or applications of the CONTRACT which can be given effect without the invalid provision or application, and to this end the provisions of this CONTRACT are severable.

#### **L. Liability**

1. STATE assumes no responsibility for assuring the safety or standards of construction, site improvements or programs related to the GRANT SCOPE. The STATE'S rights under this CONTRACT to review, inspect and approve the GRANT SCOPE and any final plans of implementation shall not give rise to any warranty or representation that the GRANT SCOPE and any plans or improvements are free from hazards or defects.
2. GRANTEE will secure adequate liability insurance, performance bond, and/or other security necessary to protect the GRANTEE'S and STATE'S interest against poor workmanship, fraud, or other potential loss associated with completion of the grant project.

#### **M. Assignability**

Without the written consent of the STATE, the GRANTEE'S interest in and responsibilities under this CONTRACT shall not be assignable by the GRANTEE either in whole or in part.

#### N. Use of Grant Monies

GRANTEE shall not use any grant funds (including any portion thereof) for the purpose of making any leverage loan, pledge, promissory note or similar financial device or transaction, without: 1) the prior written approval of the STATE; and 2) any financial or legal interests created by any such leverage loan, pledge, promissory note or similar financial device or transaction in the project property shall be completely subordinated to this CONTRACT through a Subordination Agreement provided and approved by the STATE, signed by all parties involved in the transaction, and recorded in the County Records against the fee title of the project property.

#### O. Section Headings

The headings and captions of the various sections of this CONTRACT have been inserted only for the purpose of convenience and are not a part of this CONTRACT and shall not be deemed in any manner to modify, explain, or restrict any of the provisions of this CONTRACT.

#### P. Waiver

Any failure by a party to enforce its rights under this CONTRACT, in the event of a breach, shall *not* be construed as a waiver of said rights; and the waiver of any breach under this CONTRACT shall *not* be construed as a waiver of any subsequent breach.
