AGENDA REPORT REQUEST FOR CITY COUNCIL ACTION

DATE: 3/7/2018

TO: Honorable Mayor and City Council Members

FROM: Administrative Services Department

SUBJECT:

City Council consideration to adopt Resolution No. 2018-010 authorizing the issuance of bonds of Community Facilities District No. 2016-2 (Terrassa) designated 2018 Special Tax Bonds, appointing fiscal agent, approving Fiscal Agent Agreement and Purchase Contract and authorizing negotiation of terms of the sale of said bonds, approving Preliminary Official Statement and authorizing preparation of Final Official Statement and approving Continuing Disclosure Certificate.

RECOMMENDED ACTION:

That the City Council:

1. Adopt Resolution No. 2018-010 authorizing the issuance of bonds of Community Facilities District No. 2016-2 (Terrassa) designated 2018 Special Tax Bonds (the "Bonds"), appointing fiscal agent, approving Fiscal Agent Agreement and Purchase Contract and authorizing negotiation of terms of the sale of said bonds, approving Preliminary Official Statement and authorizing preparation of Final Official Statement and approving Continuing Disclosure

Certificate.

2. Authorize the City Manager and the Assistant City Manager/Administrative Services Director to execute all related service agreements and purchase orders for the financing team.

ANALYSIS:

On March 2, 2016, Community Facilities District No. 2016-2 (Terrassa) (the “District”) was established by resolution by the City Council; on the same date the City Council adopted a Resolution Determining the Necessity for the District to incur bonded indebtedness in an aggregate principal amount not to exceed \$7,000,000. Subsequently on March 22, 2016, consolidated elections were held on the proposition of whether a bonded indebtedness in an aggregate principal amount of not to exceed \$7,000,000 should be incurred by and for the District for the purpose of financing certain public facilities for the benefit of the District, as a result of which the District was authorized to issue bonds in an aggregate principal amount not to exceed \$7,000,000 for the purpose of financing certain public facilities for the District.

At the March 7, 2018 meeting the City Council will consider the adoption of a resolution authorizing the issuance and sale of the Bonds of the District in an aggregate principal amount not to exceed \$6,000,000. These bonds will be sold to finance certain public facilities, including street and traffic signals, law enforcement facilities, fire protection facilities, library facilities, public meeting facilities, aquatic center facilities, park facilities, radio communication facilities as well as an 8-inch sewer line running from the shared access driveway to the El Cerrito Sports Park, as well as other capital facilities of the City (the “Facilities”).

Pursuant to Government Code Section 53345.8, the City Council, as the legislative body of the District, may sell bonds of the District only if it determines prior to the sale of such bonds that the value of the real property that would be subject to the special tax to pay debt service on the bonds will be at least three (3) times the principal amount of the bonds to be sold and the principal amount of all other bonds outstanding that are secured by a special tax levied pursuant to the Mello-Roos Community Facilities Act of 1982 on property within the District or a special assessment levied on property within the District.

The fair market value of the taxable property within the District, based on the appraisal as determined Kitty Siino & Associates, Inc., the appraiser hired by the City, is \$51,541,910 as of January 2, 2018. If the Bonds are issued in an aggregate principal amount that does not exceed \$6,000,000, then the appraised value of the taxable property in the District, as set forth in the Appraisal, will be more than three (3) times such principal amount of the bonds.

Resolution No. 2018-010 authorizes the Mayor, the City Manager and the Assistant City Manager/Administrative Services to proceed with the issuance of the Bonds and to execute and deliver the final form of the Purchase Contract between the City on behalf of the District and Stifel, Nicolaus & Company, Incorporated (the “Underwriter”) within certain parameters, which are (a) the true interest cost on the Bonds shall not exceed six percent (6%), (b) the purchase price to be paid by the Underwriter for the purchase of the Bonds shall not be more than an amount equal to one and a half percent (1.5%) (exclusive of original issue discount) of the aggregate principal amount of the Bonds, and (c) the last maturity of the Bonds shall be paid and redeemed no later than September 1, 2048.

Other documents relate to the issuance of the Bonds include a Fiscal Agent Agreement, a Preliminary Official Statement, a Purchase Contract, and a Continuing Disclosure Certificate.

The Fiscal Agent Agreement provides for the terms of the Bonds to be issued and provides for certain funds and accounts into which proceeds of the Bonds will be deposited and invested until spent on the Facilities. Additionally, the Fiscal Agent Agreement creates certain other funds and accounts which provide for the payment of principal of and interest on the Bonds, including the redemption of the Bonds.

The Purchase Contract provides the conditions which must be met in order to successfully deliver the Bonds to the Underwriter, and the price to be paid for the Bonds.

The Preliminary Official Statement describes the terms of the Bonds and describes the security for payment of the Bonds. Once the terms of the Bonds are set (*i.e.* price, interest rate and maturity), that information is included in a final Official Statement which is used by the Underwriter to provide to the investing public.

The Continuing Disclosure Certificate, which is included as an exhibit to the Preliminary Official Statement, requires that the City provide certain information regarding the development and the special taxes on a regular basis to the secondary market place.

Should the bond resolution be approved, the bond sale will proceed according to a schedule which calls for the Bonds being delivered to the Underwriter in April, 2018 in exchange for the purchase price that will be received on the date of closing.

The good faith estimates set forth herein are provided with respect to the Bonds in accordance with California Government Code Section 5852.1. Such good faith estimates have been provided to the City by CSG Advisors Incorporated, the City's municipal advisor (the "Municipal Advisor") in consultation with the Underwriter:

Principal Amount. The Municipal Advisor has informed the City that, based on the financing plan and current market conditions, its good faith estimate of the aggregate principal amount of the Bonds to be sold is **\$5,330,000** (the "Estimated Principal Amount").

True Interest Cost of the Bonds. The Municipal Advisor has informed the City that, assuming that the Estimated Principal Amount of the Bonds is sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the true interest cost of the Bonds, which means the rate necessary to discount the amounts payable on the respective principal and interest payment dates to the purchase price received for the Bonds, is **4.37%**.

Finance Charge of the Bonds. The Municipal Advisor has informed the City that, assuming that the Estimated Principal Amount of the Bonds is sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the finance charge for the Bonds, which means the sum of all fees and charges paid to third parties (or costs associated with the Bonds), is **\$330,000**.

Amount of Proceeds to be Received. The Municipal Advisor has informed the City that, assuming that the Estimated Principal Amount of the Bonds is sold, and based on market interest rates prevailing at the time of preparation of such estimate, its good faith estimate of the amount of proceeds expected to be received by the City, on behalf of the District, for the sale of the Bonds, less the finance charge of the Bonds, as estimated above, and any reserves or capitalized interest paid or funded with proceeds of the Bonds, is **\$4,610,809**.

Total Payment Amount. The Municipal Advisor has informed the City that, assuming that the Estimated Principal Amount of the Bonds is sold, and based on market interest rates prevailing at the

time of preparation of such estimate, its good faith estimate of the total payment amount, which means the sum total of all payments the District will make to pay debt service on the Bonds, plus the finance charge for the Bonds, as described above, not paid with the proceeds of the Bonds, calculated to the final maturity of the Bonds, is **\$9,433,386 (excluding any offsets from reserves or capitalized interest)** .

The foregoing estimates constitute good faith estimates only. The actual principal amount of the Bonds issued and sold, the true interest cost thereof, the finance charges thereof, the amount of proceeds received therefrom and total payment amount with respect thereto may differ from such good faith estimates due to (a) the actual date of the sale of the Bonds being different than the date assumed for purposes of such estimates, (b) the actual principal amount of Bonds sold being different from the Estimated Principal Amount, (c) the actual amortization of the Bonds being different than the amortization assumed for purposes of such estimates, (d) the actual market interest rates at the time of sale of the Bonds being different than those estimated for purposes of such estimates, (e) other market conditions, or (f) alterations in the financing plan or finance charges, or a combination of such factors. The actual date of sale of the Bonds and the actual principal amount of Bonds sold will be determined by the City, on behalf of the District, based on the timing of the need for proceeds of the Bonds and other factors. The actual interest rates borne by the Bonds will depend on market interest rates at the time of sale thereof. The actual amortization of the Bonds will also depend, in part, on market interest rates at the time of sale thereof. Market interest rates are affected by economic and other factors beyond the control of the City.

COMMITTEE ACTION:

Not applicable.

STRATEGIC PLAN:

This item supports the City's Strategic Plan Goal 6: Improve Communications with Our Community; Objective a: Commit to transparency in all City actions.

FISCAL IMPACT:

The sale of the Bonds has no direct fiscal impact to the City of Corona. The Bonds to be issued by the District will be the sole responsibility of the property owners through a levy of special taxes on property within the District; the City has no responsibility for the debt service associated with these bonds. Cost of issuance will be borne by the bond proceeds as well. Staff's time administering the bonds will be built into the annual levy process and reimbursed by the special taxes collected.

ENVIRONMENTAL ANALYSIS:

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the action is not subject to CEQA. This action merely adopts the resolutions and authorizes the approval of other documents necessary to issue the Bonds, and there is no possibility that adopting the resolution will have a significant effect on the environment.
