#### **RECOMMENDED ACTION:**

That the Planning and Housing Commission **CONTINUE SPA2018-0001** to the Planning and Housing Commission meeting of November 26, 2018.

#### **PROJECT SUMMARY**

SPA2018-0001 is a proposed amendment to the Arantine Hills Specific Plan (SP09-001) to add 31+ acres into the boundary of the master plan and shift land uses to re-distribute the same number of master-planned residential units across the revised master plan area. This application was heard at the scheduled public hearing of the Planning and Housing Commission meeting on October 22, 2018. The Planning and Housing Commission voted to continue the application to the November 13, 2018, meeting after hearing public testimony regarding concerns on some of the changes in the land use designations already approved within the Arantine Hills Specific Plan. The Commission also had specific concern with the Low Density Residential designation being entirely removed within one planning area.

Since the meeting, the applicant has revised the land use plan, but the technical studies that accompany the land use changes were not able to be revised within the limited timeframe before the November 13, 2018 meeting. City staff also needs time to review the revised technical studies and implement those changes into the Addendum to the EIR while at the same time meet published deadlines for the Planning and Housing Commission meeting agenda. Therefore, the applicant is requesting that the Commission continue SPA2018-0001 to the Planning and Housing Commission meeting on November 26, 2018
