ENVIRONMENTAL ANALYSIS:

Per Section 15268 of the Guidelines for implementing the California Environmental Quality Act (CEQA), and Section 3.02 of the City's Local CEQA Guidelines, infill single family residential development on a single lot in the SF Zone is not subject to discretionary review and is therefore defined as a ministerial project and exempt from CEQA. Additionally, this action is exempt pursuant to Section 15061(b)(3) of CEQA Guidelines, which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action merely approves agreements that provide security to guarantee completion of improvements that are required in connection with a ministerial permit, and there is no possibility that approving these agreements will have a significant effect on the environment. Therefore, no environmental analysis is required.
