**AGENDA REPORT
REQUEST FOR CITY COUNCIL ACTION**

DATE: 07/01/2020

TO: Honorable Mayor and City Council Members

FROM: Administrative Services Department

SUBJECT:

City Council consideration of Resolution No. 2020-087, declaring intention to levy and collect assessments within Zones 1, 2, 4, 7, 10, 14, 15, 17, 18, and 20 of the Landscape Maintenance District No. 84-2 for Fiscal Year 2021, approving preliminary Engineer's Report, and providing notice of public hearing on proposed assessments.

RECOMMENDED ACTION:

That the City Council adopt Resolution No. 2020-087, declaring intention to levy and collect assessments within Zones 1, 2, 4, 7, 10, 14, 15, 17, 18, and 20 of the Landscape Maintenance District No. 84-2 for Fiscal Year 2021, approving preliminary Engineer's Report, and providing notice of public hearing on proposed assessments.

ANALYSIS:

Zones 1, 2, 4, 7, 10, 14, 15, 17, 18, and 20 of the Landscape Maintenance District No. 84-2 (the "District") was established in accordance with the provisions of the Landscaping and Lighting Act of 1972 (the "1972 Act") in 1986. The purpose of the District is to provide landscape maintenance and operating services for the public landscaping and appurtenant facilities within the District's boundaries.

Each zone imposes a different assessment levy based on the benefit areas associated with that zone. The annual assessments proposed to be levied within the District will pay for the maintenance of parks, slopes, parkways, and open spaces during Fiscal Year 2021. Services provided include all necessary operations, administration, capital replacements, and maintenance required to keep the above-mentioned improvements in a healthy and satisfactory working condition.

The State of California Street and Highways Code Section 22500 requires an annual review of the assessments levied by the assessment districts formed under the 1972 Act. In order to levy and

collect special assessments within the districts, an Engineer's Reports must be prepared, which provide details on the improvements that are maintained and the estimated budgets for the District.

Attached to this report is the preliminary Engineer's Report (the "Report") as it pertains to the District, which includes a detailed description of the existing improvements within the District, the estimated maintenance costs, the methods of assessment apportionment, and diagrams showing the boundaries. The report also provides analyses of the District's financial status.

On May 6, 2020, the City Council adopted Resolutions No. 2020-027, to initiate the proceedings to levy and collect assessments for the District for Fiscal Year 2021, appointed Spicer Consulting Group, LLC as the engineer of record, and ordered the preparation of an Engineer's Report for the District.

On May 20, 2020, the City Council adopted Resolution No. 2020-033 (the "Resolution") declaring intention to levy and collect assessments within the District for Fiscal Year 2021, approving preliminary Engineer's Report, providing notice of public hearing on proposed assessments. The Resolution gave notice that a public hearing would be held on July 1, 2020. The City's public notices are published in the Sentinel and Sentinel has limited publications once per week. Due to the limited publications, the Resolution providing the public notice was not published.

Adoption of the recommended Resolution No. 2020-087 will declare the City's intent to levy and collect Fiscal Year 2021 assessments, approve the Report, repeal the Resolution and set a public hearing for August 5, 2020, at which time the City Council may approve the annual assessments and order the levy of assessments within the District.

COMMITTEE ACTION:

Not applicable.

STRATEGIC PLAN:

This item supports the City's Strategic Plan Goal 6: Improve Communications with Our Community; Objective a: Commit to transparency in all City actions. The recommended action will help achieve these goals by providing concise, forthright information regarding the annual levy proceedings for the District.

FISCAL IMPACT:

The cost of operation, servicing and maintenance of the District will be funded by the assessments levied and collected within the District. For Fiscal Year 2021, it is projected that the current year assessment revenues will be sufficient to cover the operating costs for Zones 4, 7, 10, 14, 15, and 20 within the District during the same fiscal period. It is also projected that the current year assessment revenues will be insufficient to cover the operating costs for Zones 1, 2, 17, and 18 during the same fiscal period, which will be covered by a one-time contribution from each respective zone's reserves.

Below is an overview each zone within the District's estimated assessment revenues and proposed expenditures for Fiscal Year 2021. Detailed information per zone can be found in the attached Report.

District	Estimated Costs	Estimated Assessment Revenue	General Benefit Contribution ⁽¹⁾	Estimated Excess/(Deficit)	Contribution (To)/From Operating Reserve	Contribution (To)/From Capital Reserve	Operating Reserve ⁽²⁾	Capital Reserve ⁽³⁾

1) Benefit received by non-residents of the District for the landscape improvements. This amount is contributed by the City's General Fund.

2) The Operating Reserve fund may equal up to 50% of the estimated annual cost of providing services.

3) The Capital Replacement Reserve fund will be used for capital improvement projects. All existing improvement in the District have finite life expectancies and will require replacement at some point in the future. On an annual basis, any non- expended assessment monies, in excess of Operating Reserve contribution, will be transferred to the Capital Replacement Reserve fund until such time as there are sufficient funds to pay for the needed replacement, or respond to unforeseen capital improvement needs.

ENVIRONMENTAL ANALYSIS:

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the general rule that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the action is not subject to CEQA. This action merely declares the City's intent to levy and collect assessments within the District for Fiscal Year 2021, and there is no possibility that adopting the resolution will have a significant effect on the environment.
